PICNIC TIME??

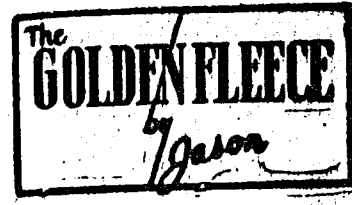

The Idaho Argonaut

FINAL TIME!!

VOL. 57, NO. 57

THE IDAHO ARGONAUT, Official Publication of the ASUI

Friday, May 15, 1953

I was sitting there in the office trying to decide what to say in my bi-weekly jewel when this sultry brunette shifted in through the door. She switched herself naughtily before me and said "Hi" in a throaty voice.

I supposed I should have answered her but apparently had someone who lost my ability to speak. Too many sample cigarettes.

Anyway, my eyes must have done the talking for me because she reached out and batted them back in. One at a time.

I reached out and tried to bat her back. Unfortunately, her back wasn't turned toward me. I batted her anyway. After wrenching at my throat vigorously for a few minutes, I managed to croak, "What can I do for you?"

She wanted to know what I was doing and I said I was trying to put out a newspaper. I asked her to leave. We both knew I was kidding.

After some gay banter the talk got around to spring and picnics and such. Apparently she thought it would be nice if we went on a picnic. I thought so too but was far too clever to say so. I'm the crafty type.

Shortly after and with the help of some skillful maneuvering by both of us, we were on the highway merrily rolling along in the Green Hornet. (That's the ASUI car in case you didn't know).

We didn't talk much but somehow managed to convince each other that I was a pretty shrewd operator. It's not everybody that can drive a car with his feet.

She said she thought I was out of gas but I pointed to the gas gauge. It read half full. She told me to stop the car anyway. Luckily we were right near some picnic grounds. By this time I was feeling pretty pleased with myself. Being the big hearted type, I gave half my attention to a mouth full of ham sandwich and half to her. She didn't look too pleased so I leaned over and leered at her. "Don't you like me?" I purred.

"Why, yes, I think you're fine." By this time she was whispering and giving me that low-lidded, smouldering glance.

"Aha, I thought to myself. I leaned over closer and said, "You know, I could sort of go overboard for you."

She smiled shyly at me. I looked at the green trees, the warm sun, felt the soft breeze, ruffled my hair, took a deep breath and murmured past the tight feeling in my chest, "If you were coming back to school next year, I could persuade the new editor to give you a job proof-reading."

I dunno. I just can't figure women. And if you think I used my feet driving out, you should have seen how I used them walking back.

Groups Revive Matrix Table

Invitations have been mailed to 150 students, faculty members and Moscow civic leaders to the first revived Matrix Table banquet sponsored by Theta Sigma and Sigma Delta Chi, campus journalism honoraries, on Friday, May 22.

In addition to honoring these outstanding campus and community leaders, the journalism groups have invited persons connected with journalism, radio, and advertising.

Miss Margaret Bean, columnist and feature writer from the Spokesman-Review, will be featured speaker of the evening. Her talk, "Celebrities", is a humorous sketch of her experiences in interviewing famous people in the United States and Europe.

The first Matrix Table was held in 1929 and continued to be an annual event for several years.

Theta Sigma, women's local journalism honorary, was founded in 1923 and has functioned since that time to increase the interest in campus and professional journalism.

Sigma Delta Chi, men's national group, received its charter in 1949 after eleven years functioning as a local group. Both are made up of journalism majors and minors and students actively participating in campus publications.

The informal banquet is scheduled for 6:30 p.m. in the North ballroom of the SUB.

ROTC Cadets Parade In Review Wednesday

ROTC cadets numbering 450 paraded Wednesday afternoon before representatives of Lt. Gen. Joseph L. Swing, Sixth Army commander. The corps was checked on its military proficiency. Also checked was the entire operation of the Army unit at the University.

Scholarship Received

Prof. William Brockelbank of the law school today announced another recipient of a Fulbright scholarship. Winner of the scholarship is Betty Peters who will spend a year at the University of Paris studying the French language.

Money for the scholarship is provided under the Fulbright Act which specifies that money obtained from the sale of overseas war surplus equipment was to be used for scholarships to further international understandings. Miss Peters' scholarship provides for transportation, tuition, books and maintenance of 490,000 francs which is roughly equivalent to \$1,500.

Previous scholarships have been announced for Samuel Treves to go to New Zealand for the study of geology and to Willy Irritani who travels to Japan to study horticulture.

Magazine Asks on Effects Of Investigations

Time magazine last week asked U. S. educators across the nation, "What overall effect are the congressional investigations having on the nation's colleges and universities? Here are some of Time's conclusions:

On campus after campus, the danger flags are out. At Michigan State, department heads have for the first time been asking their deans how far they should go in expressing their own political opinions. At the University of Pennsylvania, a young instructor said the only reason he would not join the liberal, non-Communist American Civil Liberties Union was that "I don't want ACUL membership on my record."

How significant are these danger signals? No one can accurately say, but some U. S. educators have begun to wonder whether education is not losing its boldness.

"I confess," says Robert Lowell, professor of American literature at George Washington university, "That after finishing a lecture, I sometimes wonder if somebody is going to take it to Papa or to some reporter. One lecture could damn anybody."

For students, the situation is just as serious. "When I was an undergraduate 35 years ago," says one California college professor, "I enjoyed one luxury students don't have now—the luxury of making a mistake."

Hazard Of Today's College Life Told

ACP — (From the Daily Bruin, UCLA)—Every once in a while we hear some patriarch of the past tell us how fortunate we are to be living in the 1950's where all the potential of the world has been molded to bring us the finest educational facilities.

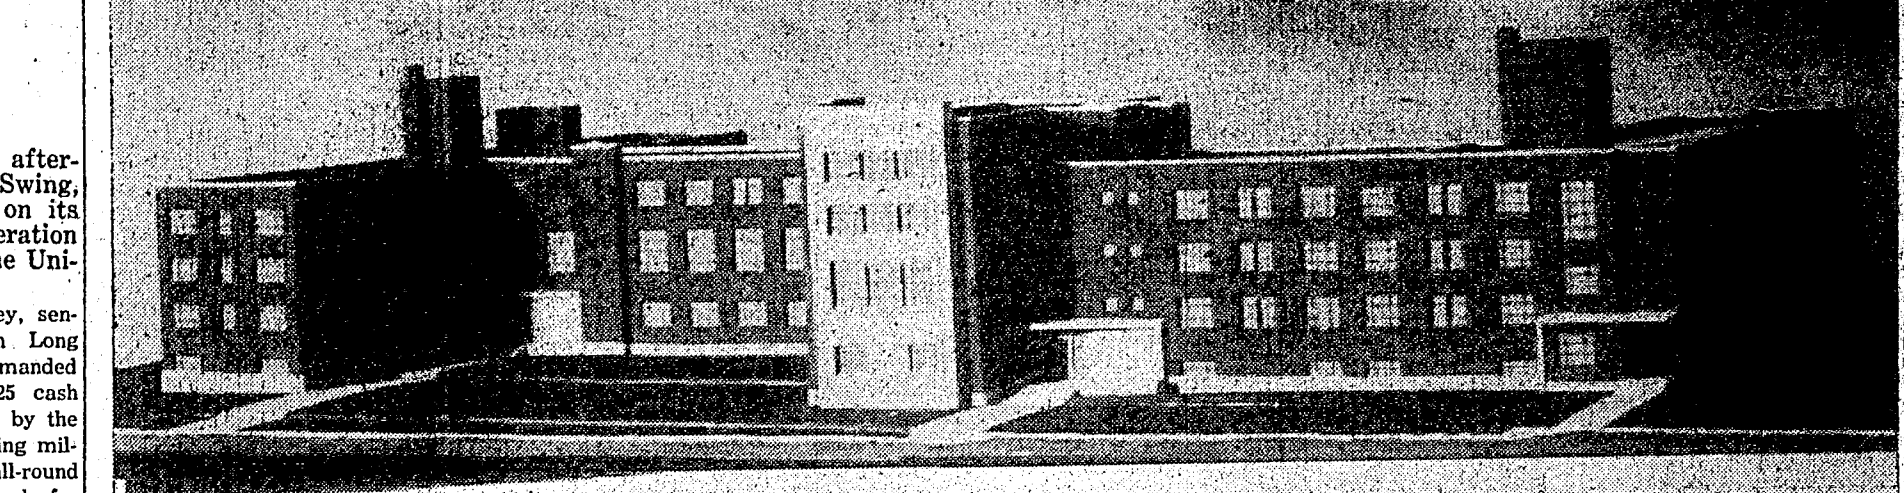

This tale invariably involves a contrast between the plush circumstances of the modern world and the rugged conditions of the days "when I was a boy."

The story pours forth in voluminous detail and each hardship is recounted at length—the two-mile trek through rugged country to a crumbling and poorly heated schoolhouse, study by candlelight and the crushing weight of countless chores.

The time has come to call a halt to such talk and to distill from loquacious nonsense the blunt facts. True, we have more comforts and more conveniences today than were available to our fathers or their fathers, but these same "higher standards" have bred a new race of hazards.

Take, as an example, television.

The Shape Of Things To Come

Shown here is an architect's drawing of the new four story men's dormitory to be constructed on the campus. Loan guarantees for the proposed \$1,150,000 building were arranged by University officials who travelled to Washington early in May. The dormitory will house 360 men and will be the largest residence hall on the campus. It is expected to replace Pine hall, war surplus building which was erected to handle the post-war overflow of veterans.

Publications Board Names Gem And Arg Editors

Al Dieffenbach was appointed by the Publications board to serve as editor of the Argonaut next year and Bob Stivers was appointed Gem editor. The appointments are subject to the approval of the Executive board.

Graduate Fills ROTC Position

Capt. Allan D. Foster, who holds two degrees from the University of Idaho, arrived in Moscow yesterday to assume duties as assistant professor of military science in the Army ROTC department.

Foster returned from Korea last month, after nearly a year of combat service.

The 33-year-old Army officer graduated with a bachelor degree in 1942, and entered active duty immediately. After combat infantry service in the Pacific during World War II, he returned to Idaho and was granted an LLB in 1948. Foster practiced law in Emmett, Idaho, until his recall to the Army in 1951.

Foster's father, Col. Albert Foster, U.S. Army retired, held the same position in Idaho's Army ROTC from 1938 to 1940 as that now being filled by his son. Col. Foster is currently living in Spokane, which is also the home of Capt. Foster.

The bachelor captain will replace Lt. Don W. Moore on the Army staff. Moore is leaving for service in Korea early next month.

Eastern College Stages Battle Of Privacy

Male students at Swarthmore college, Pa., once had the privilege of entertaining female students in their dormitory rooms. This privilege has recently been withdrawn, and the whole affair is causing a lot of trouble.

The Haverford (Pa.) News expressed great concern for the males' problem in an editorial entitled "Swarthmore's Problem."

Said the News: "Swarthmore at the present time is engaged in a battle for privacy. They are allowed practically no privileges at all in so far as the problem of women in the dorms is concerned.

"Previous to last year the men were allowed to have women in their rooms on Sunday afternoon for a short time. However, when a coed was caught in the rather daring act of rubbing a male student's back, even this privilege was suspended."

"At the present time, Swarthmore students are allowed to have one open house a year, in which the women actually may be in a man's room.

"Now it seems to us at the News that morals should be controlled, although not legislated. Swarthmore students, we feel, are entitled to at least some measure of privacy."

New Student Days Committee Meets

The New Student Days committee met yesterday with committee co-chairman Dick Rogers to hear committee reports on the orientation schedule for next year, which include a carnival dance, Spur campus tour, open house and various assemblies.

Chairman for the carnival dance is Jim Saad, who will be assisted by Rosella Kelly, music; Dolly Fox and Gordon McCleod, booths; Dolly Fox and Frank Varsveld, entertainment; Ruth Brede and Pat Woodmore, publicity; and Verena Sattgast, concessions.

Gordon McCleod, under the direction of the committee, is investigating the possibility of making available "Idaho" buttons for all freshmen to wear during New Student Days next fall.

Chairmen for the first assembly next fall will be Dick Rogers and C. O. Decker. Rogers will be in charge of special assemblies.

Executive Board Names Student Committee Heads

Stan Tate was named chairman of the Student Activities committee at the last meeting of the Executive Board. Rosemary Bergdorf was selected to lead the Student Services committee, and Rich Orme was picked as the ASUI representative to the Student-Faculty council.

Members listed for the Student Activities committee include Karen Hinckley, Keith Jergensen, Dewey Newman, Don O'Neill, Bob Parsons, Dolores Anderson, Ernest Bedke, Carl Crisp, Gene Dickey and Reed Lau.

Bob Foley and Liz Winegar reported on the plans for the NSA conference. Plans are being considered concerning a change of the status of the ASUI in conjunction with the NSA. It was decided to vote on two delegates for the national NSA convention, however, it is not sure that the ASUI will go through with plans for the sending of the delegates.

Charles Decker will continue to serve as the faculty advisor of the ASUI.

The Executive board has asked for applications for the chairman's position for Homecoming, Student Events council and the NSA. Anyone submitting his name for a position and not getting it will be recommended for the committee. Anyone interested in these committees or chairmanships should submit their application to any Executive board member or leave it in the ASUI president's office.

ASUI president Bill Parsons said that he would like to see more independent students submit applications for these positions, since they were in the minority in the last set of applications submitted.

Glen Mortensen, Joe Helle, Lawrence Smith, Richard Kline, Walter Gish, Morgan Moore, Michael Brabb, Philip Ourada, Franklin Bahr, and William Wstergard were approved to receive Rifle Marksmen sweater awards. These awards are presented to the ten best marksmen from the military units on campus.

The Board set Thursday night, May 21 for the annual old and new Executive board dinner.

Fred Williams was approved as intercollegiate debate manager for next year.

Guild Elects Officers

Fred Williams was elected president of the Radio-TV guild for next year. Other officers are Chuck White, vice president; Joan Welsh, recording secretary and Rita Schroeder, corresponding secretary.

The Guild nominated members for the awards to be voted upon and presented at the forthcoming banquet. The awards will be in the form of small cups with the names of the winners engraved on them.

Ship's Flag Flown Here

The unusual flag flying from the front of the Navy building is called the Philippine Sea Flag. This flag was flown from the United States aircraft carrier Philippine Sea just a few weeks ago during the carrier's air assault on a large Red ammunition factory in North Korea.

Last Christmas the Philippine Sea carried to South Korea 2007 pounds of children's clothing donated by the school children of Moscow, Idaho, in a "Clothes for Korea" drive. These clothes were given to the G.I. established and maintained "Happy Mountain Orphanage and Children's Hospital" at Ami-Dong Pusan, Korea.

This flag was sent air mail special delivery to Moscow by Captain P. H. Ramsey, USN, commanding officer of the Philippine Sea, to be used as part of the Idaho club's Moscow May Day float. Rear Admiral G. C. Dyer, USN, of the training command, Pacific fleet, was instrumental in obtaining the flag for the celebration.

Farewell Scheduled

Ernie Gohrband, president of SAI, announced that the group will hold its annual Senior Farewell on Sunday, May 24. The affair will be before the Madrigal Singers concert.

Nickel Slot Taken In Campus Raid

(ACP)—Life at a North Carolina State college fraternity house changed abruptly from cherries to three straight lemons recently when police confiscated a nickel slot machine in the basement. A student operating the machine was convicted and made to pay court costs. The alumni group which owns the fraternity house was soaked \$50. Everyone else was acquitted, except the slot machine, which was junked by court order.

Aerial Tour Scheduled For Resources Workshop

A week-long aerial tour of Idaho and other Pacific Northwest areas is included on the agenda of the Idaho Resources workshop which will be held during the University of Idaho Summer School opening June 15.

Teachers selected to participate in the workshop will receive first-hand information on the resources of the state of Idaho. Following the aerial tour, they will spend the rest of the summer school session developing teaching units in conservation, atomic energy and air age education. Teachers will incorporate this background into regular public school classes such as science, social studies, etc.

Joining the University in sponsoring the workshop are the State Department of Education curriculum division, the Atomic Energy commission, the State Department of Aeronautics and the Wildlife department. Specialists from each organization will present new developments and information to workshop classes.

Serving as workshop directors will be Gordon Hockabout of the Alameda, Calif., public school system, who is visiting professor in curriculum this summer, and W. C. Sorenson, state curriculum director.

Prior to the aerial tour, workshop classes will spend a week of orientation and planning for the summer session. The workshop will constitute the entire summer program for those selected to participate. Participants receive scholarships to the University from the sponsoring organizations.

Problems Discovered

A survey recently made at the University of Wyoming's college of education has shown that the primary trouble encountered by beginning teachers is pupil control and discipline. One of the main reasons given by the student teachers was "training school does not always approach the normal situation in teaching."

Love That Lewis

The Brescia Broadcast, Brescia college, Ky., asked 20 students recently who their favorite commentator was.

Fulton Lewis came up with eight votes and John T. Flynn with six. The rest were scattered for Walter Winchell, Cecil Brown and Robert Hurley.

Said one student, "Fulton Lewis is my favorite commentator because of his fearless attacks on corrupt politicians."

Said another, "John T. Flynn. This man reports the news as it happens, and does not give implied interpretation."

Who got the most from our customer's dollar?

The employees?

NO! In wages, salaries and benefits, our employees received 14% out of every dollar paid in by Union Oil customers during 1952. Our payroll, including benefits, totaled \$504 million. Divided among our 8,756 employees, this amounted to an average of \$5,810 per person.

The shareowners?

NO! Our profits in 1952 were \$27 1/4 million, or 8 1/4% of each customer's dollar. Of this amount, our preferred and common shareowners received 3 1/4% per customer dollar. Total dividends paid to our 40,302 owners of common shares averaged \$261.34 per person.

The remaining profits of 4 1/4% per customer dollar had to be returned to the business to help pay for replacement of worn-out equipment and necessary expansion required by the West's greatly accelerated demand for petroleum products.

The tax collectors?

YES! The federal, state and local tax collectors got 18 1/4% of every dollar paid in by Union Oil customers. In other words, they got more than five times as much as the owners of the business and one quarter more than Union Oil employees.

The remaining 58 1/4% of the customer's dollar was divided among the many costs of doing business: raw materials, transportation; interest on borrowed money; and wear and tear of facilities and exhaustion of oil and gas reserves.

To sum it up—1952 was the best sales year in our 62-year history. Yet the 40,302 owners of our business received only a fraction over 3% from every customer's dollar. That's far less than many people in this country believe goes to the owners of a big business.

Veteran Gymnasts Honored

Idaho's gymnastic squad recently closed its season with a banquet and election of Al Greichus, sophomore (left) forestry major, as captain of next season's team. Two veteran gymnasts were honored at the banquet for their outstanding work throughout their varsity careers. Bill Shaw (center right), a four year man, was presented with a trophy honoring him as the most valuable member of the squad for the second straight year. Gerald Ames (center left) who captained the team this season, was presented a trophy by Gymnastic Coach Dick Smith (right) as the most improved gym man on the roster.

Huskies Here For Track; Sweeney Vs. Widenfelt

Idaho's "one-man track team," Bruce Sweeney backed up by reliable distance men Emerson Clark and Lou Gourley will have their work cut out for them tomorrow at Neale stadium when the Vandals host the Washington Huskies in the late Northern Division track and field dual meet of the season for both squads. Field events are slated for 1 p.m. and track competition at 1:30.

Coach Hec Edmundson's Seattle club has fared a lot better this year than anybody expected. They beat Oregon and OSC and lost to WSC last week only 79 1/2-51 1/2. In tomorrow's meet they appear to have only a slight edge in counting first place winners but figure to win most of the runner-up and third place spots.

Sweeney will dual for top honors with the Husky's all-around ace George Widenfelt. This 6-3 senior from Gothenburg, Sweden, completed last year in the Olympic Games for his nation and won sixth place in the decathlon. Bruce will be favored to continue unbeaten in the hurdles and broad jump although he will be pressed in each event by Huskies. Both Widenfelt and Darrold Skartved have equalled his best 1953 mark of 6-2 in the high jump and the Swedish jumper has done over 6-5 in his career.

Meet Marks Might Go Four meet records are in danger Saturday. Denny Meyer's sensational time of 9:17.7 in the two-mile is well ahead of the meet mark of 9:27.4 set last year by Vandal Lou Gourley. Washington's Duane Wardlow should crack the shot put mark and Sweeney might erase the low hurdle clocking and the broad jump mark.

Emerson Clark, double winner for Idaho in the mile and half-mile against Oregon State will meet some of his toughest competition in Bob Fornia and Field Ryan of Washington. Both men

have hit 4:20 or better in their career.

High School Meet To Be Here Today

Top high school trackmen from throughout central and northern Idaho will be on hand today at Neale stadium to compete for places in the state meet at Boise next week.

Thirty-eight central Idaho athletes, including 13 from Moscow, will serve as hosts to the first regional track and field meet. Winners, and second third place runner-ups from both the central and northern districts will be competing.

Blue ribbon takers tomorrow and second place winners will win the right to enter the state tourney.

Idaho-WSC Frosh Play Here Today

The fourth game in a skin-tight baseball series between the Idaho and WSC freshman diamond teams is on tap today at McLean field starting at 3 p.m. Starting battery for the Vandal Babes is Aubrey Stephens on the mound and Jerry Quane catching.

Coach Don Harrison's Idaho yearling were squeezed out 7-6 in a nip-and-tuck nine innings at Pullman last Friday. A scheduled Saturday tilt was postponed because of conflict with military reviews.

Leading WSC hitter and winning pitcher was Cougar Wes Stock who batted in six runs on a home run, a double and a single. Stock, who also won the first game in the series for WSC 10-9, struck out 13 and gave up 7 walks and 11 hits.

Top batsman for Idaho again was Boise freshman Bob Haines who batted in four runs on a double, single and a four circuit clout to boost his average to .480 for the season. He has three home runs to his credit.

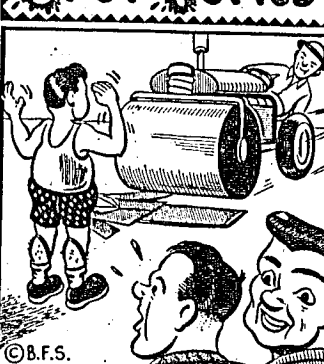

Shaping Up "Our team looks much better except the pitchers are having trouble with their control and are giving up too many walks," says mentor Harrison. Losing pitcher for Idaho Friday was Dave Cripe of Kellogg who came in as relief hurler.

Two other games are scheduled for the freshman squad, both with WSC. Saturday the Cou-babes will host their rivals at 10 a.m. and return to Moscow for the sixth game in the series Monday. Game time will be 3 p.m. Idaho has won one game from WSC 7-6.

Netters Decided By Cougars Again

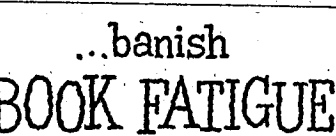

Washington State tennis players chalked up their third Northern Division victory Tuesday afternoon on the courts across from Memorial gymnasium as they outpointed Idaho's net squad 5-2. It was the Cougars' second win over Idaho this season.
