Bond Issue Suspended On New Student Dorm

Because of the defaulting on bonds for a dormitory at the closed Northern Idaho College of Education at Lewiston, the University of Idaho was advised in a telegram today by the U. S. Housing and Home Finance agency that all further action with respect to a \$1,150,000 bond issue to finance a new men's dormitory at the University had been suspended for further study.

Its raining. Ordinarily, a nice spring rain is the ideal prescription for sagging morale, but not tonight. In the first place, our slacks are soaked. In the second place, the cheeseburgers we just choked down feel like they don't want to take the ten cent. Even the TV antennas across the street look like they're carrying programs they're not too proud of.

It's a great night to get in a mood. And when we get in a mood we think of things that are sombre... like people getting killed after a Friday night blast. We feel sorry for the other people in that car. We feel sorry for their relatives.

Defaulting on the NICE bonds occurred when the last state legislature failed to appropriate funds to pay off the bonds or to meet current interest and principal costs.

The telegram received today from Washington, D.C., by President Buchanan from B. T. Fitzpatrick, acting administrator of the Housing and Home Finance agency, stated:

"Prior to his leaving the city on a field trip, there was brought to Administrator Cole's attention the situation with respect to the default on bonds issued for the closed Northern Idaho College of Education. The administrator asked that I notify you of his decision to suspend all further action with respect to your loan pending his further study and inquiry into the situation upon his return."

So slow it down, friend. We all got a right to live.

Last year they had a panty raid to take some of the muggy routine out of college. People were kinda proud of us for that. This year we have a first class row over the dormitory co-op system. We're not sure what people will think of that.

One thing is sure. The students must have their reasons for their grudge. And the administration must have had reasons for its actions to which the students so violently reacted. And how they reacted!

But the protests have been made and they've been listened to. Action is being taken. So let's everybody cool down a little while a satisfactory solution is ironed out. We blame no one. We are concerned. But we doubt very gravely that anyone on the University of Idaho campus is being oppressed. Ignoring the fact that we still have a few senior finals to sweat through.

Outlook For Graduate Employment Is Excellent

"The employment outlook for college graduates this year is excellent," reported Martin Durkin, secretary of labor, in a news letter to the seniors which described job opportunities in different fields.

Opportunities in engineering are excellent for both new graduates and experienced men and women. An average of 30,000 new engineers per year will be needed during the country's gradual defense build-up period. The number of new engineering graduates has been declining since 1950 and will drop to about 19,000 by 1954.

Demand for 'natural scientists has increased sharply in the past two years. The need is strongest for persons with graduate training, but persons with bachelor's degrees are also in demand.

Teacher Demand Up
The demand for elementary school teachers is greater for 1953-54 than for 1952-53. Over a million additional children will enter the elementary schools and add to the already swollen enrollment. The supply of new teachers to meet this great demand is slightly lower than it was last year.

At the high school level, vacancies exist in such fields as home economics, physical education, agriculture, industrial arts and the physical sciences. Salaries for teachers, while not exceptional, continue to increase.

There is a critical civilian need for more nurses. Hospital construction is expected to add about 200,000 beds in 1954. Thousands of

"This comes as a severe blow to our plans to replace costly-to-operate Pine hall, a shipyard war surplus building," said President J. E. Buchanan. "We will make every effort to unsnarl the present road-block to progress on the new dormitory project."

Defaulting on the NICE bonds occurred when the last state legislature failed to appropriate funds to pay off the bonds or to meet current interest and principal costs.

The telegram received today from Washington, D.C., by President Buchanan from B. T. Fitzpatrick, acting administrator of the Housing and Home Finance agency, stated:

"Prior to his leaving the city on a field trip, there was brought to Administrator Cole's attention the situation with respect to the default on bonds issued for the closed Northern Idaho College of Education. The administrator asked that I notify you of his decision to suspend all further action with respect to your loan pending his further study and inquiry into the situation upon his return."

So slow it down, friend. We all got a right to live.

Last year they had a panty raid to take some of the muggy routine out of college. People were kinda proud of us for that. This year we have a first class row over the dormitory co-op system. We're not sure what people will think of that.

One thing is sure. The students must have their reasons for their grudge. And the administration must have had reasons for its actions to which the students so violently reacted. And how they reacted!

But the protests have been made and they've been listened to. Action is being taken. So let's everybody cool down a little while a satisfactory solution is ironed out. We blame no one. We are concerned. But we doubt very gravely that anyone on the University of Idaho campus is being oppressed. Ignoring the fact that we still have a few senior finals to sweat through.

Industry Recruits
Industry is actively recruiting college graduates trained in business administration. Those specialized in management and in such business techniques as accounting, advertising copywriting, market research, sales, statistics, insurance underwriting, and personnel management are particularly sought.

The demand for lawyers is greatest for those who have specialized, for example, in tax, patent, administrative, admiralty, or international law. Opportunities for women in this field have improved in recent years.

A shortage of trained qualified workers in the field of social work is expected to continue for several years. There is a great need for trained personnel to handle case work, group activities, and work connected with community organization for social welfare. The average salary in this field for 1950 was about \$3,300.

AROTC Test
The last test of the Air Force ROTC officers qualifying battery will be given Thursday, May 21, at 11 a.m. in Ag Science 106. Cadets taking the battery are asked to be present.

Choir Practice
All members of the Air Force Choir report to the Borah theatre Tuesday, May 19, at 7 p.m. This meeting is important. Everyone be there.

The Stuff Of Dreams

Jerry Emison, chosen Dream Girl of Delta Sigma fraternity, is flanked by attendants after her selection at the Carnation Ball, May 16. Pictured are Marcia Jensch, Marlene Hopkins, Queen Jerry, Daydra Phillips and Jody Keith.

4-Year Radio-TV Course Is Offered To Students

A full, four-year radio course, providing a major in the subject, will now be available to University of Idaho students, President J. E. Buchanan said today. The new course has been approved by the Academic Council.

The radio curriculum, which will include some aspects of television, will be introduced to Idaho students this fall. Radio will parallel other majors in humanities, and it will be comparable to subject fields in dramatics, speech and journalism, said Professor Kenneth Hoag, head of humanities.

The radio curriculum was drawn up following a complete study of radio courses and curricula offered by other universities and colleges. High interest expressed by a considerable number of students, and job opportunities available in this field prompted the new course of study, Professor Hoag said.

Courses will include radio-television broadcasting, recording, announcing, program planning and station (script) writing. Radio majors completing the University's general graduation requirements will receive a B.A. degree.

The University of Idaho has offered radio courses in related fields for several years, but without the attainment of a degree in radio. The B.A. degree was made possible by the addition of courses to the curriculum in the past two years.

Twelve specified credit hours must be taken in drama, speech, etc. A radio degree also requires 16 hours of radio courses numbered above 100.

Officers Elected

New officers for the campus Society of Automotive Engineers were elected last week. Dick Williams will fill the position of chairman; Larry Drexler, vice-chairman, and Bill Parsons, secretary-treasurer.

Nationally Famous Talent To Attend Music Sessions

Visiting professors of music from six different states across the nation will give a national range to the music program of the University of Idaho's Summer School, opening June 15.

Frank Piersol, who is associate professor of music and director of bands at Iowa State college, will be on the Idaho campus June 22-July 3. He has attracted national attention with his college marching and concert bands.

In addition to teaching courses in band organization and operation here, Piersol will conduct the summer band. He will also serve as co-director of the Summer Music Camp band, composed of high school students registered in a three week special program.

Pianist To Be Featured
Edward Mattos, who is a concert pianist and assistant professor of music at Oberlin college, Ohio, will be featured in a summer recital. He is familiar to the University of Idaho campus, having served as visiting faculty member during the summer terms of 1949 and 1950.

Polly Gibbs will serve as visiting professor of music during the week of July 6-10. A professor of music at Louisiana State university, she will be a specialist in the Piano Teaching workshop here. Also joining the summer school

Co-op Changes Fought By Campus Club Men

Delta Sig Dream Girl Crowned

Jerry Emison, Tri-Delta, was crowned Dream Girl of Delta Sigma Phi Saturday night by Theodore Prichard, charter member of Gamma Iota chapter and president of the Alumni Board of Control.

The crowning took place at the annual Carnation ball. Miss Emison was seated at her throne with members of her court around her when the Dream Girl trophy and bouquet of white carnations were presented.

Members of the court were Marcia Jensch, Delta Gamma; Jody Keith, Alpha Phi; Daydra Phillips, Gamma Phi, and Marlene Hopkins, Delta Gamma. Each of the members of the court was presented with a miniature of the Dream Girl's loving cup.

Jerry Emison is now Gamma Iota's entry to the national Dream Girl contest which will be held in the early part of September at the Delta Sigma Phi national convention.

Alpha Phi Omega Is Reorganized On Idaho Campus

Alpha Phi Omega, national Boy Scout honorary, has been reorganized on the Idaho campus. The members of this service fraternity are former scouts who are interested in service to scouting and the campus.

Idaho's chapter is helping the scouting movement in this locality by assisting at courts of honor and camporees, and by supplying merit badge counselors. A service program for the campus is being formulated.

Fifteen new members were recently initiated in a joint ceremony with the WSC chapter.

Any qualified person is invited to the meeting tonight in the SUB, Town Women's lounge at 7:30. For further information contact Jim Ballantyne at 29624.

Near-Riot Staged

Spring madness continued to pop along the nation's campuses last week as the University of Washington was the latest to report a near riot. Students began with a water fight along Greek Row. The excitement ended some two hours later after the revelers had tossed a model A car on a huge bonfire, doused policemen with water, and watered down several sorority houses.

At the height of the festivities, three patrol cars, a fire truck and two tow trucks were in attendance. One police officer was heard reporting to headquarters, "The mobsters are at it again."

Matrix Table Dinner Set

Miss Margaret Bean, dramatic critic and columnist of the Spokesman-Review, will be the featured speaker at Matrix Table in the SUB Friday night. The Matrix table is sponsored by Theta Sigma and Sigma Delta Chi, journalism honoraries, in honor of outstanding college students and town-people.

Miss Bean has interviewed many of the great people of the world, including Queen Marie of Romania, many of the Metropolitan stars, concert artists, and two Presidents.

Last summer she was the guest of the major Hollywood studios and met 25 stars, visited some in their homes and watched them work on studio sets. She was educated at Smith college and is a native of Spokane.

Invitations for the banquet have been sent out to about 300 guests. Time for the affair is 6:30.

VA Announces Current Rulings Regarding Loans

Veterans who plan to seek GI loans from private lenders for homes, farms, or businesses should apply to the Veterans Administration in advance for certificates of eligibility, the VA has announced.

This will reduce delays in processing the loan applications later, when the veteran is awaiting completion of the deal or is pressed for time to close the loan.

Obtaining a certificate of eligibility ahead of time will help to speed up loan processing, the VA said.

Certificates of eligibility are proof for lenders that the VA will guarantee or insure a loan if the veteran meets other usual loan requirements.

Since the passage of the Korean GI Bill, the VA must have information not previously needed to establish eligibility. To pass on a veteran's eligibility, the VA must know whether the veteran served in World War II or since the start of the Korean conflict, or both; what prior use of his loan guaranty benefits, if any, has been made; the status of any prior GI loans; and whether the veteran still owns real estate purchased with any such loans.

Most World War II veterans have until July 25, 1957, in which to apply for GI loans under the original Bill, but veterans with service since June 27, 1950, the beginning of the Korean conflict, have until 10 years from the end of the current emergency in which to apply.

Symbol Destroyed

University of Oregon had a large concrete "O" atop a hill called Skinners Butte right near the campus at Eugene. At 3:12 a.m. Friday, a blast was set off and the once-proud "O" is now shaped more like an inverted U.

The culprits escaped, and suspicion is that they were students from Oregon State college. Police found some unexploded dynamite near the scene. The "O" had just been repaired a week ago from a blast last spring which had changed its shape to a C.

Recitals Scheduled For Two Seniors

Two senior recitals have been announced by the University music department. Marlene Hopkins, assisted by Rex Eikum, will be presented in recital June 2 instead of May 21 as originally announced.

Kathy Grey's recital has been announced for Tuesday, May 26.

Coming Events Page 2

Requiescat In Pace

Doleful decorations on the front entrance to the Campus club indicate the grief of the residents over the Administration's decision for a policy change. Members of the co-operative went into mourning, some of them even wore black arm bands as a mark of protest.

DEAR JASON

Open letter to the President and the board of regents of the University of Idaho:

Since its creation in 1889 one of the main functions of the University of Idaho has been "to train the State's future citizens to their greatest usefulness in private life and public service." The training in the academic fields is only a part of the student's education. The other parts, his handling of responsibility and leadership, are now being endangered.

The elimination of student managed co-operatives on this campus is an attempt by the administration to control student affairs. It is our belief that if this movement is successful it will lead to further restrictions in all other living groups and student organizations.

We, the undersigned students living off-campus, protest this action by the University and request that this matter be given further consideration:

Lawrence C. Johnson, Howbert W. Bonnett, William R. Marr, Herbert A. Schroeder, Chas. R. LaFollette, Knox H. Culley, Raymond G. Stross, Charles Hodges, H. Hironaka, Howard Stolaas, William B. Wallace, Eugene Pickett, Donald A. Andrews, Art Froerer, Louis W. Oblock.

Carmon Esthemeimer, E. Del Mar Jacquish, Ralph E. Erlanson, Dallas Fuller, Mitchell Stephenson, Phillip Menges, Richard Parker, Art A. Andraitis, Ward T. Brookwell, S. M. Jepsen, Donald S. Balsler, James Keating, Bill Stephani, Alfred K. Larsen, Howard L. Williams, Gerald D. Ames.

Jack D. Olson, Jerrold Coolidge, James R. Rogers, Gerald B. Neely, D. R. McManamon, Richard S. Gregory, Ralph C. Little, Lida Little, David Burgess, Hugh Burgess, William R. Schreck, G. Vance Plymale.

The above letter was presented to President Buchanan yesterday afternoon by two of the signees, Lawrence C. Johnson and Howbert W. Bonnett. President Buchanan, in response to a request from the Argonaut, submitted the following statement:

"I have asked the operations council to review this entire situation at their meeting tomorrow.

"Because I must be present at a speaking engagement in Southern Idaho and will not be able to attend the council meeting, the matter may be carried over until a week from tomorrow if necessary.

"I told them (the two students who submitted the letter) that I would have photostatic copies made of the open letter complete with signatures and would forward it to the board of regents so the regents would not have to depend on the newspaper for their information."

Questioned on the University's policy and attitude towards the future of cooperative dormitories, the President replied, "Very definitely and unequivocally we are committed to, and want to continue, the cooperative dormitory system."

Dear Jason,

The undersigned students who don't live in the Campus club believe that the situation revolving about the closing of the Campus clubs as a student managed co-operative is detrimental to the good feelings which previously have existed between the students and the administration.

We believe and fondly hope that a satisfactory solution be found which will enable students of limited means to continue or begin their college education at the University of Idaho.

Hugh Burgess, Joe Corless, David Burgess, Blair Allen, Jim Costley, Sally Landers, Jack Milton, Harvey Scott, Julia Bauer, Shirley Lent, Larry Simpson.

Feeling that we have adequate grounds for complaint and having received no consideration through proper channels, we are forced to take this method of being heard.

Respectfully yours,
Members of Campus club
Lestie J. Matthews, Jr.,
President

(This letter was signed by all members of the Campus club.—Ed.)

Dear Jason,

There seems to be quite an uproar concerning this stoppage of student management in University co-ops. I suggest that both sides call in some unbiased party to investigate. The publicity is unfavorable to the reputation of our University.

Fred Williams

Prospectors Still Search In Idaho's Mountains

Although prospected steadily since the gold rush days, Idaho's mountains still lure the part-time mineral hunter, reports A. W. Fahrenwald, Dean of the University college of mines and director of the Idaho State Bureau of Mines and Geology.

During 1952, Dean Fahrenwald reports, nearly 800 mineral specimens came to the bureau from part-time prospectors in all parts of the state. Mostly they came from men and women who thought perhaps they had struck something in uranium or one of the rare earth metals.

"The number of mineral samples coming in for identification has been running between 700 and 800 every year, since the depression," he notes. "While the number has been fairly stationary there certainly has been a change in the kind of samples and the questions asked."

During the depression, when the current part-time prospector rush had its birth, most of the mineral hunting was being done by men who were only interested in finding enough gold to get them four squares a day until some job opened. During the war years the prospectors turned to the strategic metals needed for the war economy. Today most of them have visions of cashing in on the \$10,000 bonus pushed by the Atomic Energy Commission for a uranium deposit meeting its standards.

Corless Reviews "Angelo"; Fine Italian Tear-Jerker

Rather a small crowd saw the ASUI movie "Angelo" last Thursday. This picture was a typical example of Italian emotionalism in movie art with simplicity of plot to the point of absence of plot.

The story of Angelo, a little mulatto boy, did have a plot, though, which saw the husband of the woman who bore little Angelo by a Negro soldier attempting to accept the color of his legal but not spurious son.

When the father fell in love with the likeable little Angelo (and who in the audience didn't think that he was kinda cute?), I sat back in my retrospective seat expecting the end of the cinema. But, no, a new dilemma with one horn being a woman and the other a Negro from America rose to shake its ugly head. And I was on the edge of my mental folding chair.

The honest charm of the American Negro who was the brother of the real father of Angelo attracted the little boy like flies to honey, and did the same to me. That actor did what we like to call a piece of real wholesome acting.

And the director and writer were able to duck out of the problems which would have faced the Italian, who had finally grown to love Angelo, if he'd kept the boy. Not only that but the dame (in my opinion) who could not marry him because of Angelo probably did about a reel after the end of the picture.

Shedding a tear or two I managed to batter my way through the empty seats crowding the theater and return to my bowl of chili where I contemplated the whole ASUI movie schedule for the last year.

Really, the films were quite good, considering the conditions the film committee must operate under. And from an advance look at part of next year's program of films I think that (to use a Hollywood cliché) "movies are better than ever" despite the TV set in the lobby of the SUB.

J. C.

Music And Drama To Be Offered As Select Courses

Three weeks of specialized training in drama and music will be given high school students of the state of Idaho at the University summer school, opening June 15.

Running simultaneously from June 15 to July 3, the drama workshop and summer music camp courses are designed especially for high school students. Drama pupils will study all phases of the theatre, including play production. Climax of the workshop will be a series of one-act plays with every student taking part.

Miss Jean Collette, chairman of University dramatics, will direct the workshop. Visiting faculty members are Harry O. Dalva and Norman W. Green, graduates of the University of Idaho. Green is now speech instructor and director of radio activities at Denison University, Granville, Ohio.

Professor Hall Macklin, head of the department of music, is returning from leave in Europe to direct the summer school music program.

Frank Piersol, director of bands at Iowa State college, and Professor Elwyn Schwartz of the University of Idaho will serve as co-directors of the music camp band. S. Keith Forney will direct the camp chorus, and Carl Claus will conduct the orchestra.

FINAL EXAMINATION SCHEDULE

Second Semester 1952-53

(Two and one-half hour examinations—three examination periods per day)

March 4, 1953

Regular classrooms will be used for the examinations unless instructors make special arrangements through the Registrar's office. Examinations in courses not included in the schedule will be arranged by the individual instructors during scheduled examination week. Examinations in courses comprised of lectures and laboratory periods may in most instances be scheduled according to the sequence of either. Announcement of time and room should be made by the instructor. Rooms should be reserved in the Registrar's office for "arranged" examinations in order to avoid conflicts with scheduled examinations. For those courses in which a two and one-half hour examination period is not considered adequate, the final class hour or laboratory period could be used for additional examination purposes.

EXAMINATION DAY AND HOUR FOR CLASSES MEETING:

Examination Time	Thursday June 4	Friday June 5	Saturday June 6	Monday June 8	Tuesday June 9	Wednesday June 10
8:00 a.m. to 10:30 a.m.	2nd Period MTWTF	6th Period MTWTF	8rd Period TThS	1st. Period TThS	4th Period MTWTF	1st Period MTWTF
12:00 n to 2:30 p.m.	5th Period TTh	For Conflicts in Schedule	6th Period MTWThF	3rd Period MTWThF	6th Period TTh	2nd Period TThS
3:00 p.m. to 6:30 p.m.	8th Period MWF	No Exams	7th Period MTWThF	8th Period TTh	4th Period TThS	7th Period TTh

Early-Day Pictures Given To Library

Thirty-three pictures of early-day life at the University of Idaho have been given to the University library by Mrs. Fred McConnell, Caldwell, and Miss Myra Moody, Moscow.

Mrs. McConnell, whose husband was a member of the 1902 graduating class, presented the library with 26 of the photos. The selection included a group picture of the 1899 freshman class. Five miscellaneous paper items were also given the University by Mrs. McConnell.

Seven pictures dealing with early University days were presented by Miss Moody, who acquired the photos from the estate of the late Mrs. James J. Gill. Both were members of the class of 1903.

The pictures include two shots of the first Administration building, which was destroyed by fire. One photo is a scene of the blaze and the other was taken following the fire. Also included in the gift were photos of the class of 1903, the 1898 debate team and the 1899 prep school class.

It has always been our understanding that the swimming pool in Memorial gymnasium is open on Friday nights to all those who want to swim. Just recently, however, a group of students was turned away and told the pool was not open because the lifeguard was supposed to be on duty did not arrive. Efforts to find someone to do this job were not successful, and the group of very disappointed students trudged on home. Certainly, a lifeguard is a necessity; but if the people chosen for this position cannot be depended upon, then something must be changed.

Lately there have been many ideas proposed for the building of a new swimming pool. Although we all know one is needed very badly, something must first be done to arrange things so that the students can take advantage of the pool we now have.

Hopefully yours,
Three disappointed swimmers

Executive Board

The Executive Board will hold a meeting at 7 p.m. May 19. The agenda is:

- Student Events Council chairman.
- Homecoming chairman.
- Approval of Publications Board recommendations.
- NSA delegates to National convention.
- Student Services committee.
- Old and new Executive Board joint dinner Thursday, May 21, 6 p.m. in the Syringa room.

Scrimmage Session Impresses Curfman With Footballers

A one and one-half hour scrimmage ended Idaho's 20-day spring football practice Thursday afternoon with the Grays defeating the Blues three touchdowns to one.

"For the type of spring training we've had, we looked pretty good," commented Babe Curfman. He referred to rain and cold weather that hampered his players often during the training period.

Sophomore Jay Buhler of Hailey scored the first Gray touchdown on a two-yard plunge after Ted Frostenson, sophomore from Fairfield, had set up the scoring play with a nine yard jaunt.

The second Gray touchdown came on a 30-yard pass from freshman Bob Haines of Boise to sophomore Eddie Allison of Twin Falls, culminating an 80 yard drive. The Grays added their third marker on a 12-yard toss from Haines to Frostenson.

The Blues scored their only tally just before the session ended when George Eidam, Sandpoint junior, went 30 yards on a quarterback "keeper" play.

Dr. Buchanan Resigns Post

Dr. Thomas S. Buchanan, associate professor of forestry at the University of Idaho, who has been on leave in Liberia the last two years, has tendered his resignation from the University, President J. E. Buchanan announced today. The president added that the resignation would be acted upon by the regents at their next meeting.

Professor Buchanan was granted leave to serve with the U.S. Technical Cooperation administration in the African country to aid the natives in fighting tree and plant diseases. Now advanced to the position of director of research for the American mission, Buchanan said that he had decided to continue with the work in Africa. His studies at times have taken him deep into the jungles. In his letter of resignation, he stated:

"At the University of Idaho I had the feeling I was being of some benefit to mankind, but here the feeling is perhaps even more so. These people really have so little compared to what we in the United States have."

A graduate of the University of Idaho, Buchanan received his MS degree at the University of California, and his Ph.D at Yale. He joined the Idaho faculty in 1947.

Spring Formals Top List Of Activities; Forney Hosts Two Halls At Fireside

"Pagan Love Song" was the theme of the SAE formal held Friday. Ernest Bedke was elected president of the SAEs and Jan Morgan was elected president of Kappa Alpha Theta. Forney hosted Willis Sweet, Hays and Ridenbaugh during the week and Lambda Chi Alpha held a picnic this weekend at Spaulding Park.

DELTA DELTA DELTA
The annual Sunrise Dance was held Saturday morning from 5 to 8 a.m. The decorations were based on the theme, "So Tired." Breakfast was served at 7 a.m. Stan Blackwell's orchestra furnished the music. Dr. and Mrs. Alley were patron and patroness.

Weekend guests included Diana Simpson from Seattle, Bobbie Henslop from Idaho Falls and Miss Ina Warner from Howe.

Saturday guests were Tom Gooding and Bob Donnelly. They are Boise Junior college students.

Jerry Emison, Boise, was chosen as Delta Sigma Phi's "Dream Girl" at their annual Carnation Ball which was held May 16.

Mrs. Jack Hughes of Spokane has been visiting her sister, Helene Fletcher.

LAMBDA CHI ALPHA

Recent guests at Lambda Chi included Harry Bolke, a fraternity national officer; Jim Buttery and Miss Joy Puckett, Craigmont; Mr. and Mrs. Brenton Carey, Cowiche, Wash.; and Mr. and Mrs. Albert Steffen, Monroe, Wash.

Spaulding Park on the Clearwater river was the setting for a picnic yesterday. Cold water, burning hot dogs and steaks, and refreshing beverages were on the menu. Gerry Eley, a native Ohioan, was instigator for the event.

Dick Ormsby, Coeur d'Alene; Mike Crow, Idaho City; Bill Haxton, Genesee; Larry Stark, Spokane; Larry Felgemaker, Cleve-land, Ohio; Jerry Dallas, Madras, Idaho; and Don Romauik, Edmon- ton, Alberta, Canada, were formally pledged last Wednesday evening. They are studying engineering, forestry, journalism, and business, respectively.

FORNEY HALL

Wednesday night Forney held a dinner exchange with Willis Sweet hall.

Tuesday evening Forney was host to Hays hall and Ridenbaugh hall for a fireside. The theme was "beach party." The entertainment was provided by Darlene Kilborn, Nancy Jutila, Denece Jones, Elaine Brandt, and Betz Hall.

KAPPA ALPHA THETA

Sunday dinner guests were Mary Kay Johnson and Joan LaLone, from the Theta group at WSC.

Weekend guests were JoAnn Pennington and Karen Becker from Sandpoint, Idaho.

Jan Morgan was elected president after Liz Eames' resignation. Liz will be married in June to Z. L. Pearson, SAE.

A tubbing was held Monday afternoon for the seniors. SIGMA ALPHA EPSILON... "Pagan Love Song" was the theme of the annual spring formal held in the chapter house Friday evening. Mrs. R. S. Snyder was hostess while Sgt. and Mrs. D. D. Radabaugh and Mr. and Mrs. Ray Barlow acted as patrons and patronesses.

New officers for the fall semester were elected and installed. Ernest Bedke was elected president while "Pete" Swanson, Dursell Moon, Dee Keicher, Gary Piet- sch, John McKenzie, Bob Bohman, and "Russ" Boor were elected to other offices.

Saturday, May 23 at 1 p.m. the SAEs make their third annual pilgrimage to the grave of Patty Murphy. Three years ago while visiting the chapter, he was stricken with a rare disease.

In commemoration as a sign of the chapter's esteem, the deceased has been raised to the exalted position of Patron Saint. Therefore, a magnificent entourage will embark for the lonely and desolate resting place of the cadaver which is entombed in an ostentatious crypt. The afternoon will be spent in a bacchanalian celebration of the catastrophic event.

ALPHA CHI OMEGA

Mothers were entertained at a buffet dinner the Saturday of Mother's Day weekend and that Sunday they were treated to a Mother's Day breakfast and dinner.

Sally Landers was chosen Carnation Girl of Alpha Chi, the outstanding girl of the month, at a ceremony Sunday.

Mrs. Lindsay Titus was a dinner guest and speaker Monday. The pledges declared May 14 as Independence Day and were free from all pledge duties.

Joanne Rausch and Elaine Hylan were tapped for Spurs.

DELTA SIGMA PHI

Delta Sigma Phi held its annual Carnation Ball on May 16 at the Legion Cabin. Social chairman Dave Armstrong was in charge of the arrangements. Ray Segger's Comb furnished the music.

Church News

LDS
Those planning to go to Chatcolet Saturday, are to give their money to Mary Schmid or Shirley Bolingbroke by this evening.

Lambda Delta Sigma is going to Pullman this Friday night for an exchange with the Pullman chapter. Transportation will be provided.

LSA
Bible study is scheduled for tonight at 7 p.m. at the Campus Christian center.

This weekend the local retreat will be held at Lutherhaven. Cars will leave Friday and Saturday noon. Dave Scott is to be contacted for further details.

M.I.A.
The regular M.I.A. meeting will be held tonight at 7:30. Glenn Vernon will be over from Pullman to give the lesson, after which there will be dancing until 9:30 p.m.

Blight Research To Be Conducted

New pole blight investigation plots will be established in the Clearwater forest area this summer by the University of Idaho in its special research seeking causes of the mystery disease that has hit middle-aged white pine stands throughout much of the Inland Empire.

"Plots are being established in the Clearwater area because to date no pole blight symptoms have been observed there," explains Ernest Wohletz, Associate Director of the Idaho Forest, Wildlife and Range Experiment station, in announcing summer plans.

"Considerable time already has been devoted to a study of root fungi and the absorption and translocation patterns of trees in pole blight areas. Now we want to study these angles in an area where there is no known pole blight. Radioactive isotopes will be used on forest trees in this phase of the project, which is cooperative with the Atomic Energy commission."

One of the main assignments facing Dr. E. E. Hubert, research forest pathologist who heads up the University's special work on pole blight, will be to check approximately 4,000 trees in the 24 pole blight plots established in previous years. Most of these plots are on the St. Joe, Coeur d'Alene and Kaniksu national forests. Dr. Hubert will check individual trees to secure data on rate and degree of spread of pole blight symptoms and on mortality rate.

How About Women In The Spring?

(ACP)—From the Record, Western Reserve university, Ohio:
... Spring, the season when according to popular legend "a young man's fancy lightly turns..."

This is unfair. Nobody ever bothers to ask what happens to a woman in spring. Does a woman's fancy turn or doesn't it? Or maybe it is turned all year long.
Nobody seems to know. "What happens to all the young men with turned fancies if all the young ladies are still as cold as winter? Let Ph.D. candidates ponder that one."

Infirmary

Those admitted to the infirmary are William Grunst, William C. Rhode, A. Ray McGraw, Robert E. Thornton, and Compau J. Parker.

Released are Wilma Hughes, Jo Ella Hamilton, Charlotte Pennington, Janice Foodish, Ted Deggen- dorfer, Rex Roper, and Parker J. Compau.

AFROTC Students Fly Over Area

About 150 AFROTC students have been scheduled by the AFROTC unit to take orientation flights over the local area yesterday, today and tomorrow.

One of the planes, a C-45 from Fairchild Air Force base near Spokane, which has a capacity of four, will be piloted by Capt. Wilson M. Talbot, Capt. Roy W. Grice, William A. Bryant, and Lt. Col. O. J. Mosman, all University Air Force personnel.

The other plane, an L-20 with a capacity of five, has been borrowed from Geiger Field and will be piloted by a Geiger pilot.

These flights are part of an Air Force program to orient AFROTC students to flying.

Leadership Contest Sponsored By NSA

The International commission of the National Student association announced last week a nation-wide competition for participation in an International Leadership Training program to take place this summer in Cambridge, Mass., and Columbus, Ohio. This program seeks to bring together a group of politically astute students from all parts of the US to study international student activities set in the context of the general international situation.

Successful candidates will have all transportation and living expenses paid by the NSA from a special grant made for this purpose by the Foundation for Youth and Student affairs.

Applications may be obtained from your student government office or by writing to the International commission, USNSA, 52 Boylston Street, Cambridge, Mass. Deadline for applications is June 5, 1953.

WRA NEWS

The softball games for this week are Gamma Phi against Pi Phi, and Delta Gamma against Forney II on Tuesday. Ridenbaugh against Pi Phi, Delta Gamma against Tri Delta, and Forney II against Alpha Phi on Wednesday.

LITTLE MAN ON CAMPUS by Dick Bibler

"Well, anyone who takes 'Modern Dance' deserves a 'Charley-Horse'."

It Can't Happen Here-Or Can It?

(ACP)—The Michigan Daily, University of Michigan, recently reprinted a letter received by a student at Michigan Normal college. The student had missed a meeting called by college authorities to discuss scholastic standing and behavior of residents in the men's dorms. Here's the letter:
"I am very sorry that you failed to meet your 10 a.m. appointment on Tuesday morning March 17, 1953. However, because you did miss the meeting you are required to write a 1,000 word theme on the subject, 'Ways of Improving the Men's Residence Halls.' This theme must be in President Elliott's office by Friday noon, April 3, 1953, or you will have to be dismissed from school."
Said the Michigan Daily, "Fortunately... it can't happen here—or can it?"

Berlin Magazine Gives Baby Shoes

(ACP)—Under the title "The Baby Shoes of Democracy," the Colloquium, Berlin student magazine, awards a pair of baby shoes to the member of the German parliament judged to be responsible for the year's worst oratory.

This year the contest was a two-way draw, and a shoe apiece was sent to the winners. Winners were Federal Minister of Justice Dr. Dehler (right shoe) and Bundestag representative Dr. Greve (left shoe).

Dr. Dehler sent his shoe back to the magazine, but Dr. Greve wanted to know how he could earn the entire pair.

Noted Educators Included On Summer School Staff

Noted educators from across the nation are included on the faculty staff of the University of Idaho Summer School, opening June 15.

Ernest A. Zeltot, who is recognized nationally in the field of business education, is scheduled to be guest director of the Business Education workshop during the week of July 6-10. He will devote his time to classroom presentation and conferences with business education teachers.

Zeltot has served as visiting summer session instructor in a number of leading universities, and has wide experience in business education and writing. He was editor-in-chief of the 1952 American Business Education yearbook, "Administration and Supervision of Business Education." At present he is supervisor of business education in the Des Moines, Iowa, public schools.

Simeon L. Guterman, who is professor of history at Pennsylvania State Teachers college, will come here to teach history. He earned his Ph.D. degree in history at Harvard, and has done additional graduate work at the University of Paris.

Marvin D. Hockabout, director of adult education in the Alameda, Calif., public schools, will be visiting director of the Curriculum workshop. He will also be in charge of the Idaho Resources workshop.

Visitors Listed
Visiting assistant professor of elementary education will be Esther Mae Ashley of Manchester college, North Manchester, Ind. She received her M.A. degree from the University of Denver in remedial reading and social studies.

The Child Guidance clinic staff will include two prominent Northwest women, Elsie Geddes and Helen McCoy. Miss Geddes, speech correctionist in the Boise city schools, will serve in that capacity here. Returning for her fourth University Summer School session, Miss McCoy will be visiting reading specialist. She holds that position in the Spokane Public School system.

Alums Return
Another Boise educator, Joseph Yosef, will serve as visiting part-time instructor in education law. He has had several years experience as a practicing lawyer and teacher.

Included on the staff of the three-week drama workshop, June 14-July 3, are Harry O. Dalva and Norman W. Green, University of Idaho graduates of 1950 and 1951, respectively. Dalva, who earned his M.A. degree at Ohio university, was an outstanding dramatic student at the University of Idaho.

Green, who got his M.A. in theatre and radio at Miami university, is currently working toward a Ph.D. degree at Ohio State university. During the past year he has held the position of speech instructor and director of radio activities at Denison university.

"You remind me of the ocean," she told her ardent swain.

"On account of my being so wild, magnificent and romantic?" he asked.

"No," she said tartly, "because you make me sick."

Owens Graduates From Navy School

Eden L. (Bud) Owens, who last year received his BS degree in pre-medical studies, was recently one of 837 Navy men graduating with the rank of Ensign from the Newport, Rhode Island Navy Officers' candidate school. Owens lived at the Deit house.

Offering congratulations to the newly commissioned men was Rear Admiral Charles E. Hartman, USN Commander in the Atlantic.

The men in four months of intensive study and training covered the same Naval subjects that college NROTC students do in four years. Foremost in their study was gunnery, navigation, seamanship, engineering, damage control and operations.

To Show Movies At French Club

Free movies are the feature attraction of the French club meeting this week. Three films about French painting, Medieval architecture, and French farm life will be shown to give a general picture of French art and life. Tom Hooker will present an oral commentary during the showing of the films.

Everyone is invited to attend, especially Art students and those who are interested in the life of France.

The meeting will be held in the Borah Theater at 7:30 p.m. this Thursday.

Placement Bureau Announces Jobs

Harlow H. Campbell of the Central Placement bureau asks that all graduating students that will have a teaching certificate and don't have a position for next year get in contact with him for information to the positions that are open.

Mr. Campbell also announced that the Topographic Division of the U. S. Geological Survey will be interviewing seniors in engineering May 20 in the Placement Bureau office.

Whether It's a Snack or a Full Dinner IT'S BEST AT Varsity

Home Ec Picnic Honors Emma Rice

A picnic, honoring Mrs. Emma Rice, District Counselor of Phi Upsilon Omicron, was held at the Home Ec cabin on Moscow mountain Monday evening. Mrs. Rice, who is from Laramie, Wyoming, has been having conferences with the officers of Phi Upsilon Omicron, home ec honorary. Linda Archibald, president of the group, made plans for the picnic.

DAVIDS'

Sweeney and Clark Star—Bruce Sweeney won three first places and a second Saturday afternoon for 18 points and the afternoon's scoring-honors in the University of Washington's 83 to 48 track and field win over Idaho at Neale stadium. Sweeney squeezed by Washington's Olympic decathlon place winner from Sweden, George

Widenfelt, who totaled 17 counters. (Left) Sweeney broad jumps 23 feet 2 inches for a new meet record. In the next photo he leads the field in the low hurdles which he won in 24.8 seconds. Last man on the left in the picture is Widenfelt who took third in the event. Widenfelt, however, had some measure of revenge as he beat Sweeney in the high jump for Bruce's first outdoor loss of the

year in 16 outings. Sweeney is shown in the next photo unsuccessfully trying to hook over the bar at 6 feet 2 inches, the winning height. (Right) Crackerjack miler Emerson Clark has plenty of room as he breaks the tape in front of Washington's Bob Forna. Clark has won four straight Northern Division mile races and is undefeated this season.

Gasser Gets Honors At Rodeo Show

Vern Gasser, cowboy law student, rolled up the highest number of individual points at the EWCE-sponsored college rodeo at Spokane Saturday to give the Vandal Riders rodeo team its third all-around cowboy championship title this spring.

In intercollegiate competition a set number of points are given for each of four places in each contest event. At the end of the show, the points are totaled on an individual basis and on a team basis, giving a championship team and an "all-around cowboy."

The winning team was from Washington State college, with the Vandal Riders placing second.

Idaho students placing in the seven events were:

Saddle bronc riding — 1st place, Vern Gasser. Gasser was the only bronc rider to stay on his horse the required 10 seconds. Judged "as far as they went", Jim Gerard placed third and Les Matthews placed fourth.

Bareback riding — 1st place, Vern Gasser, 2nd, Jim Gerard, 3rd, Howard Harris. Bull riding — 1st place, Howard Harris.

Bulldogging — 2nd place, Vern Gasser, 3rd, Stan Potts, 4th, Howard Harris. Ribbon roping — 4th place, Howard Harris. No Idaho students placed in the calf roping event.

Bobbie Roberts, the Vandal Riders' only entrant in the coed cloverleaf barrel race, won 2nd place in the contest.

Awards Made

Gold and silver trophy buckles were awarded for 1st place in each event. Second place winners received boots, 3rd place winners received a hat, and a pair of spurs went to the 4th place winners.

Contesting teams represented Idaho, Washington State college, Eastern Washington College of Education, and Montana State college.

One Platoon Helps Idaho

By John McDermott

Commenting on the abolishment of the two platoon system Coach Babe Curfman, head mentor of the Vandal football squad said yesterday he thought the coming in of the single platoon is the "best thing that has hit Idaho in the last 20 years."

Curfman said he thinks it will help the conference as a whole to bring the single platoon system back. "It will stabilize the conference and give the smaller schools a better chance to build up their teams," he said.

The single platoon system makes a football player out of a man. "He gets a chance to play more and show his abilities. A man who plays on a single platoon team has to be an all-around player," continued the coach. People will be able to see a real ALL-American team this fall. They will still be picked the same, but the quality of the players will be much better.

"The team likes the change. It gives them a chance to play more ball and stay in the game longer than they would under the old system. If a man wants to play football, he wants to play all the time, he doesn't want to keep running in and out of the game," concluded Curfman.

Crew Racing Sweep

Washington's varsity, junior varsity and freshman crews handed visiting California shell-racers a triple defeat Saturday.

Diamondmen In Third Vandals Dump Cougars To Fourth Spot; Win Two Out Of Three Weekend Games

NORTHERN DIVISION STANDINGS

Team	Won	Lost	Pct.
Oregon	9	3	.750
Oregon State	8	3	.727
IDAHO	6	7	.461
Washington State	6	8	.428
Washington	1	9	.100

Sweeping a Saturday double-header with Coach "Buck" Bailey's Washington State diamond squad, Idaho's nine moved into undisputed possession of third spot in Northern Division standings and at the same time pushed the Cougars down to fourth place. The Vandals sneaked by WSC 4-2 in the opener at MacLean field and then crushed their rivals 8-1 in a seven-inning nightcap. The day before at Pullman things looked black for Idaho third place hopes when the Cougars laced Chuck Finley's team 12-2.

Yesterday's scheduled game between league leading Oregon and arch-rival Oregon was rained out and will be made up this weekend as a double-header at Corvallis.

At Eugene, Saturday, the Oregon Ducks moved into the top ND spot with a 2-1 win over Oregon State.

The opening victory for Idaho Saturday marked the first time since 1949 that a Silver and Gold ballclub has been able to register a win over WSC.

The winners jumped on pitcher Landy James for six hits and four runs in the first three innings and then protected their margin.

James tightened up in the fourth to shutout the Vandals with three hits in the last five frames.

Ken Hallett was the winning pitcher and allowed only six hits to the visitors. WSC scored one run in the first on two hits but went scoreless until the eighth when two more hits and a three-base error brought in a lone tally.

In the second half of the double-header the Cougars went wild, committing eight fielding errors. Leading hitter for Idaho was first baseman Bruce McIntosh who hit three for four.

At Pullman Friday, Lee Frank, strong-armed Cougar, was the big hurler all afternoon, choking the Vandals off with five hits while

Fall Gridiron Prospects Revealed As Spring Practice Is Concluded

By AL BARACKMAN
Moscow Idahonian Sports Editor

Idaho's gridiron Vandals, always weak in replacement strength, may have a little more in the way of secondary talent when the 1953 fall season comes around, according to Coach R. A. (Babe) Curfman.

The Vandals concluded their spring grid practice season Thursday with an hour and one-half scrimmage session and Curfman said he had a pair of stout forward walls and two sets of fast though not big, backfields.

This two-deep situation is uncommon in Vandal grid annals and could make for a better than average football year, although Curfman isn't one to be overly optimistic.

The scrimmage showed plenty of promise for a number of freshmen, Curfman said.

"We have always been bothered by the lack of replacements,"

New Rule Helps

"It was more apparent when our opponents were substituting by platoons. Now that rule has been abolished and I feel we will be able to substitute sensibly and without weakening the squad in two places and many places three deep."

Tackle problems faced Curfman when spring sessions began because of the loss of Don Ringe and Pete Hester by graduation. "But not any more," says the Babe. He indicated Burdette Hess, 6 foot, 220 pound junior from Shelley, would make the fans forget Ringe.

The other tackle spot will be taken care of by another junior, Roger Randolph, 6 foot, 203 pounder from Boise. Behind these two tackles are Jerry Leigh, 190, Burley and John Armitage, 210, Fairfield.

The ends who have drawn major attention saw Lou Mendiola, 5-11 192 pounds Boise junior and veteran Bruce West, 178, Idaho Falls, as the top pair. Behind them are Bill Grunst, 190, Evans, Wash., and James Hobbs, 198, Salmon.

Stellman In There

The bitter forward wall battle in the guard spots makes the Idaho coaches smile. A pair of veterans in Neil Caudill, 205, Spokane junior, and Tom Falash, 197 pound senior from Twin Falls, looked like the cream of the crop until near the end of spring work. But they will have to hustle to stay ahead of senior Ray Faraca, 205, Kellogg, Bill Stellman, 210, junior from Lewiston and Ken Emery, 190, Kimberly.

Cougar Freshmen Win Three From Idaho Ball Team

Striking out 14 batters, giving up but one earned run and walking four men, Washington State freshman pitcher Wes Stock racked up his third win of the year over Idaho's yearling ball club 11 to 1 yesterday afternoon at McLean field. It was the fifth victory in six starts for the Cougar first-year-men over their Vandal counterparts.

It was a scoreless tilt until the top of the fifth inning when WSC took the lid off the scoring column and pushed across seven runs on a trio of errors and hits.

There were three homers in the nine inning contest. Bob Haines hit his fifth round-tripper in nine games in the sixth frame for Idaho's only run.

Friday at the local field WSC pasted Coach Don Harrison's freshmen 16-6 and followed that one up with a 14-3 victory on Saturday at Pullman.

Webb Will Go Pro

Undefeated in his collegiate career as a boxer, Idaho State's great two-time NCAA champ and Olympic team member Ellsworth Webb is planning on turning professional as soon as he graduates.

Coach Stan Hiserman credited short, wiry-legged Emerson Clark with running the best race of Saturday's track meet with Washington. Em, who has beaten all Northern Division comers in the mile event this year will be a solid favorite to win the ND title at Eugene Saturday.

After two years of competition Washington's George Widenfelt and Bruce Sweeney are all tied up 27-27 when it comes to point making in the last two meets between the two schools. At Seattle last year Widenfelt outscored Bruce 10-9 when Sweeney had a bad leg muscle.

Too bad Sweeney isn't about four inches taller and 50 pounds heavier and he'd really make a decathlon competitor. He has the coordination, temperament and speed but lacks weight for the field events.

Joe Glanders, Idaho athletic trainer who helped condition U.S. athletes in the 1952 Olympics will teach training techniques and problems at a special coaching school for football mentors from the State of Idaho. The sessions will be August 10-14 at Boise.

Oregon last week laid claim to the mythical national intercollegiate bowling championship as a result of a close telephonic victory over the Purdue Boilermakers, the kings of the Big Ten.

The Big Ten has long been considered the hotbed of college bowling and the winner of that league has previously claimed the mythical top place in the nation.

The Phi Delt, behind the two-hit pitching of Bill Bonnett, subdued the Campus club, 8-1 yesterday afternoon to take the campus intramural softball title. Dwight Morrison was the big gun for the winners as he lashed out a home run to straightaway center field in addition to a ringing double.

Bonnett and the Campus club's pitcher, Ed Benjamin, were all locked up in a real tussle going into the sixth inning with the Phi Delt leading 2-1. Then the roof fell in on Benjamin and the victors romped six big runs across the plate before the third out. A shaky inner defense and some solid hitting contributed to the rally. A Campus club rally was snuffed out by a game-ending double play.

Back-to-back singles in the fifth inning produced the Campus club's only tally as Bonnett turned in a strong effort in hurling the Phi Delt to the championship. It was his tenth victory this season against only one defeat.

Bonnett struck out nine batters and his fast ball gave his batterymate, Reggie Frazer, a severely puffed hand.

This title is the fourth won by the Phi Delt this year as they have already grabbed the track, swimming and bowling titles.

Sweeney Beats Widenfelt; Huskies Grab Track Win Linkster Tournament

A thrilling individual scoring duel between Idaho's spring-heeled Bruce Sweeney and the University of Washington's Olympic place winner for Sweden George Widenfelt ended Saturday at Neale stadium with Sweeney edging by the Husky ace 18 points to 17. Washington won the dual meet 83-48 as both schools tuned up for the big Northern Division track and field championships at Eugene, Oregon, this Saturday.

Vandal Emerson Clark, speedy junior from Twin Falls, made it four straight wins in a row as he laced Washington's Bob Forna in the mile. Clark is undefeated in Northern Division competition this year.

Washington swept the 100-yard dash, the quarter-mile and the discus but Silver and Gold Vandal spikemen racked up seven blue ribbons to eight for Hec Edmondson's crew.

Three meet marks were shattered and another equalled under sunny skies. A stiff to moderate wind hampered many of the running times but helped in most of the field events.

Sweeney, a 5 foot 8 inch bundle of athletic dynamite, continued to make Idaho track history as he won both hurdle races and set a new dual meet record in the broad jump. In the high jump, however, Widenfelt using his unorthodox style leaped 6 feet 2 inches to hand Bruce his first outdoor loss in 16 events this season.

Entered Five Events

A man-of-all-events the 6 foot 3 inch, 190-pound senior from Gothenburg, Sweden, entered five of them. In addition to winning the high jump, he placed first in the discus, second in the pole vault and javelin and third in the low hurdles for an afternoons' total of 17 points. Widenfelt placed sixth in the decathlon in the last Olympics for Sweden.

Sweeney's record breaking broad jump was measured out at 23 feet 2 inches to break the old mark of 22 feet 11 1/2 inches, set by Don Bartholmey of Washington in 1950. Darrell Skarvedt of Washington placed a water-thin second, one-eighth of an inch behind Sweeney.

Two other standards were set down in the record books. Duane Wardlow of Washington threw the shot 48 feet 3 1/2 inches, breaking a mark of 47 feet 3, inches held by Dean Lewis of Idaho since 1947.

Idaho's Bruce West got off the best throw of his collegiate career on his sixth attempt in the javelin to win with a distance of 189 feet 1 1/2 inches. The old record was 187 feet 1 1/2 inches by Husky Carl Fennema in 1947.

In the mile run Emerson Clark took the lead from Forna just before the start of the third lap. The Husky distance ace, who has the best ND time this year for four laps at 4:19.5, took it back momentarily but Clark sped to the front

The silver and gold shone once again on the links last Saturday as the Vandals walked away with the Inland Empire Collegiate Tourney. The tournament, which was originally scheduled with five teams entering, was depleted badly as Washington State, Gonzaga, and Whitworth were unable to attend.

This left just the two teams from Idaho and Montana State University. Idaho's first team won easily with a low score of 453. MSU was second with 464 and Idaho (2) was last with 476.

Smooth sophomore Bob Campbell, was again the tournament's medalist as he fashioned 109 for the 27 hole route. He was tied however by Don Welsh from Montana and Phil Weitz of Idaho who also scored 109's.

Idaho

1. Campbell — 109
2. Miller — 111

Thursday the Vandals leave for Seattle and the Northern Division play-offs will be held Saturday. Last year Idaho was second, being beaten by Washington by only one stroke.

SD Champs Named

Stanford defeated the University of California 9-6 Friday to win the southern division baseball championship in the Pacific Coast conference.

The Indians will play the northern division winners in a three-game series for the conference title there on May 29 and 30.

BEAVER TRACKMEN LOSE

Oregon spikemen crushed Oregon State at Eugene, 88 1-6 to 52 1-6 Saturday in a Northern Division track and field meet.

The cry was Fire! in '89 And all the townfolk ran. They fought, but water soon gave out Then the fire burned down

When the water supply gave out, the Spokane fire in 1889 became a roaring inferno: but employes of the electric company — later the Washington Water Power Co. — risked their lives to save important electrical equipment that would be greatly needed in rebuilding Spokane.
