

Review Of School Year Shows Successful Team

A glance over the shoulder seems to be in order before the mad rush of finals, and as usual such a look backward brings with it the inevitable memories of the past school year. While the 1952 crop of freshmen were growing up, Idaho's campus buzzed with activity and touched the lives of most students.

To The Students We Never Met.
We never met you, friend, in our walks across the Idaho campus, but we've seen you many times. We've watched you drinking coffee in the Bucket, and hurrying to class, and we've seen you strolling arm in arm with your girl across the Ad lawns.

We've seen you at ball games and rallies and dances; and we've always wanted to meet you, but somehow you always seemed to elude us.

You're the student we never had a chance to talk with, the student we almost but never quite met, and we'll miss you after we've gone.

You're the noise and shouting and fun and study and learning of college life; and we may have smiled at you vaguely as we passed you on Hello Walk; we felt the spirit that warmed us both, but there was that wall of strangeness between us.

Although we talked to those we knew best and discussed the things that one always discusses, we think we should have liked to meet you, the part of the student body we never knew.

It seems too bad that one person could spend so much time at college and feel that as he moves on, he's leaving some wonderful people that might have had a story to tell; and we feel badly that we didn't talk it over with you.

But even as we walked the campus many times and always felt that bond between us, we remained apart. And now that it's almost all behind us, we look back and are just a little sad.

But perhaps you are leaving with us. Perhaps you are climbing that last little hill as we are, and as we climb towards the twilight, we can look back upon that which was part of us. And maybe, you, too, can see the outstretched hand that should be clasped but never was.

And as the clock on the Ad tower moves unrelentingly onward, the outstretched hand is taken further and further away, and through the dusk you can hear music, as of a candlelight concert, and singing, and the murmur of voices, and then the shadows settle around us and we're alone.

Move To Steel Rumor Spiked

The rumor circulating that Ridenbaugh girls must move into Ethel Steel house this week is entirely baseless, according to R. F. Green, director of dormitories.

Girls from Ridenbaugh, Hays, and Forney who plan to live in the new dormitory next year, may leave their trunks and boxes in Ethel Steel house.

The boxes, either cardboard or wooden, must be securely tied and addressed with the home address of the owner so the cartons may be mailed to her in case she does not return to the University.

THAT'S ALL FOLKS

June Sixth Designated Grads Day

It's old grads day at the University June 6. Especially honored alumni will be those of the class of 1903 and 1928. Attending the alum banquet and special get-togethers at this 6th annual Alum day will be all classes whose graduating years end in three or eight.

Representing the class of 1903 will be 11 of the 17 members. They will be entertained Friday night by a special dinner at the home of Mr. and Mrs. Harry Sampson, Moscow. The hostess will be Miss Myra Moody.

Saturday or Sunday morning the 1903 grads will breakfast at the home of William Lee. They will be special guests at the Regents Luncheon and will have a special reserved section in the gymnasium at Commencement exercises.

Sunday evening, they will be hosted at a reception at the home of Mr. and Mrs. Hal Orland.

The class of 1928, sharing the alum honors of the day, have a special section reserved for them at the alumni banquet in the Moscow hotel.

Of the 250 members of the class, 25 of the relatively "new" alumni are expected to participate in these and other alumni gatherings which will be planned after their arrival.

Journalist Is Honored

Sheila Janssen, University senior, has been chosen by Idaho Press Women as the outstanding Idaho woman graduate in journalism.

The Idaho Press Women's award is based on competition between outstanding women graduates of the University of Idaho and Idaho State college. Maribel Schupfer, 1952 University graduate who is presently employed by The Daily Idahoian, Moscow, took top honors in the state last year.

Miss Janssen is editor of the Gem, University yearbook, and is active in campus activities. A Phi Beta Kappa, she is also a member of Mortar Board, senior women's honorary, and has served as president of Kappa Kappa Gamma sorority.

She will receive a pin and membership in the Idaho Press Women's organization. Recognition will be given her at Commencement exercises June 7.

The award is the second received by the journalism student this year. She was earlier presented the Sigma Delta Chi (national journalism fraternity) scholarship award, which is given to the journalism graduate with the highest scholastic standing in the class.

Special Dinner

A special commencement day dinner will be served from 11:30 a.m. to 1:00 p.m. in the SUB cafeteria. The price will be 75 cents.

The menu will include baked ham, creamed potatoes, buttered peas, molded salad, coffee or milk and bread and butter.

NOTICE!

No checks will be cashed in the Student Union Cafeteria from May 31 to June 14, 1953.

To Lead Arg Staff

Appointed to guide the Argonaut through next year are editor Al Dieffenbach (left), and sports editor John McDermott. Dieffenbach will take over from Graham McMullin and McDermott will replace Don Theophilus, outgoing editors. Barbara Pickett, who was unavailable for photographing, has been chosen for news editor to succeed Lois Bush.

Degrees To Be Granted To Six Hundred Seniors

About 600 senior students will march to the traditional "Grand March by Verdi" Sunday, June 7, to receive their graduation degrees. The procession will begin in front of the Ad building at 1:45 p.m. Estimated attendance will be 10,000.

If old man weather doesn't interfere, that is, the procession will begin in front of the Ad building. If the old man lets the rain pour down, seniors and faculty will assemble in the armory and proceed upstairs to the graduation ceremony.

Presenting the 600 bachelor's degrees, plus 92 master's degrees, will be D. D. DuSault, registrar.

On the stage also will be President Buchanan, the members of the Board of Regents, all nine college and school deans, the four graduates receiving honorary doctorate degrees, the two retiring University professors, and the three professors of Military science.

Governor Len Jordan has notified President Buchanan tentatively that he will be present for the graduation exercises.

Seniors may pick up their caps and gowns at the book-store a week from today. Rehearsal for commencement is Saturday, June 6 at 9:30 a.m.

Receiving the honorary Doctorate Degrees will be Dr. Lawrence Henry Gipson of Lehigh university, Bethlehem, Pa.; Carol Howe Foster, Washington, D. C., who served round-the-world in the U.S. consular service for more than a quarter-century; James B. Hays, Summit, N. J. engineer of the International Engineering company, a subsidiary of Morrison-Knudson company of Boise; and D. Roy Shoultz, Cincinnati, Ohio, manager of the aircraft nuclear propulsion project for General Electric.

The four degrees are being awarded these past Idaho graduates for distinguished service in historical research, foreign diplomacy, dam building and atomic energy.

Credit Where Credit Is Due

CREDIT WHERE CREDIT IS ... There's something abrupt and final about saying good-bye. It's too bad there isn't some way it could be softened or handled easy-like. But it's almost a certainty that some will leave without the hope of seeing each other again.

It's been a fast, hectic year. And before the last issue is something only to be remembered, we'd like to give a little credit where credit is due.

We'd like to offer our thanks to the people who put out this paper. And those people are the ones whose name you've seen on the masthead these last months. We're proud of them and we hope you are too.

We'd like to offer special thanks to the Tri-Delt house who came to our aid last fall. We were never so glad to see any one in our life as the day about a dozen of those girls came down

to lend a hand with the first issue. We haven't forgotten. To this year's business staff. They've been a hard working crew and a good one. Without them the year could not have been.

To the mailing staff who so faithfully mailed all those Args twice a week. To the reporters and rewriters for a job well done. We hope they'll be back next year.

To the society, feature and editorial staff. They, too, kept the copy coming. To our sports editor, Don Theophilus, for carrying the paper when we fell down on our end.

To Barbara Pickett, for the terrific job she did on the copy desk with her staff. To Lois Bush, the mainspring of the whole news staff who did a marvelous job with the reporters.

To our good right arm, Al Dieffenbach. If he does half the job as editor that he's done as managing editor, you'll soon forget your boy of this year.

To the University of Idaho Publications for the cooperation and help they have always so willingly offered us. To Wayne Young and the journalism department for constant guidance and advice.

To the back shop of the Idahoian who have pulled us out of more holes and blunders than we'd care to mention. They're a great bunch of guys. To anyone else we may have forgotten in the rush of this last issue, to the student body of the University for this opportunity of a lifetime, and last but not least, to the men of this writer's living group. A gang who can cut you down to size when you needed it most, and who offered a strong shoulder when we felt like faltering.

Regulations Set Forth For Election

Loan Fund Established

Regulations for students who plan to vote in the June 2 election on the liquor by the drink issue have been set forth by R. W. Peterson, attorney for the city of Moscow. Liquor by the drink is not now sold in Moscow.

University students who are 21 years of age and bona-fide residents of the city are eligible to vote but mere attendance at the University does not qualify the student as a legal city resident, he added.

According to the Idaho code quoted by the attorney, residence is determined as follows: "That place shall be held and considered to be the residence of a person in which his habitation is fixed, and to which, whenever he is absent, he has the intention of returning."

In most instances a person's permanent residence is not altered by his attendance at the University, Peterson said.

"When a student comes from another part of the state or nation, the presumption is that he has left his home for the time being and is in temporary residence as a student," he declared.

He said that if a student has established residence in the city in accordance with Idaho law and if that residence has been challenged during an election, the student may take an oath to the election judges and thereby clarify his status as a resident.

Registration will continue at the city hall through Sunday. Hours are at 9 a.m. to 12 noon and 1 to 5 p.m. On Thursday, Friday, and Saturday the city clerk's office will be open an additional two hours daily from 7 to 9 p.m. for the convenience of the public.

The special election on the liquor issue has been set for June 2 at the fire station from 9 a.m. to 7 p.m. Absentee ballots may be obtained at the city hall until Monday.

Phi Mu Alpha, jointly with Sigma Alpha Iota, women's music honorary, sponsors a reception for new music students in the fall, the All-America concert during the winter, and the annual song fest on Mother's Day.

The men who were formally pledged on Mother's Day and who will be initiated June 1 are: Jack Milton, Golden Arrington, John Herrett, Stanley Nealy, William Herr, Dale Brandt, Richard Mansfield, Edward Eldredge, and Charles Clauser.

Charles Decker, ASUI Executive board faculty advisor, and member of the operations council was named by President Buchanan to head a special operations council committee to investigate the campus co-op controversy.

Working with him will be Robert Greene, director of dormitories, and Kenneth Dick, University bursar. Executive board members Rich Orme and Dave Thompson were also appointed to work on the committee.

The committee will air both sides of the controversy in conjunction with committees representing both of the co-ops.

President Buchanan said that he hoped that the whole controversy could be settled before the end of the semester and that he hoped to reach a compromise so demands of both sides could be met.

The five main points brought out by the controversy were: improving sanitation, improving dietary standards, protecting the University from any liabilities that might occur through the co-ops, the University's duty in the welfare of its students, and better protection of money handled by the co-ops.

The Executive board sent the following resolution to the Operations council concerning campus co-ops:

"The ASUI Executive board, realizing that it has no direct control in the matter of student co-operatives, would like, nevertheless, to reaffirm a basic stand favoring the retention of the system with only those modifications which are necessary for the operation of a co-operative system insuring adequate sanitation and dietary supervision, sound and responsible business methods, and at the same time giving the students the advantages of low costs made possible by the co-op system.

It is recommended that as far as possible these modifications be made within the frame work of the student management scheme so as to retain what the Executive board considers to be a practical and attractive part of the dormitory system at the University of Idaho."

Music Department To Present Recital

Ensembles and groups will be featured at the Vesper Recital presented by the music department June 6 at 8:00 in the recital hall.

Dick Coulter and Michael Rosse are scheduled on the program as featured soloists playing piano concertos with the University orchestra.

Favorite selections from opera will be sung by Chuck LaFollette, Nancy Shelton, Rex Elkum and Margaret Fox.

A group of singers accompanied by Gail Graham Masters and Mary Wilkinson will sing numbers from "Brahm's Love Song Waltzes."

All students, parents and friends are invited to attend.

Part of the 1953 commencement exercises this year is the dedication of the new Home Economics building Saturday, June 6, at 3:30 p.m.

Miss Margaret Ritchie, head of the Home Ec department, extends to the graduates of 1903 a special invitation to attend the dedication ceremonies.

In case of rain the dedication ceremonies will be held in the large downstairs auditorium in the building.

IFC Passes Tubbing Rules

The following rule, regarding "tubbing," was passed by the Interfraternity Council tribunal Monday night.

"Any fraternity found guilty of tubbing anyone outside of the organized living groups originally involved in the tubbing shall be fined \$35.00. Any fraternity joining the tubbing planned between the original living groups shall also be subject to the above fine."

The University gave the IFC power over such cases. The foregoing rule was passed as a result of complaints to the administration that spectators, passers-by, people riding in cars and those in the general area have been forcibly submitted to a bath.

They have done much to further the activities of the ASUI and the University of Idaho. We pay special tribute to Ray Cox and the past Executive Board for a job well done.

As the summer approaches and vacation time begins, the Executive Board and the ASUI Department wish all the students a pleasant vacation and hope that you all come back with your minds full of ideas for ASUI during the 1953-54 school year.

Honorary Emeritus Ranks Go To Gail And Jeffers

Dean D. S. Jeffers of the school of forestry and Dr. Lloyd W. Gail, professor and chairman of botany, will receive the honorary professor emeritus ranks at commencement exercises June 7.

Dean Jeffers has been head of the forestry department of the University for the past 17 years. The Board of Regents gave him the honorary rank of dean of forestry emeritus at his recent retirement. Dean Jeffers, who came to the University in the fall of 1935, will be succeeded by Dr. Richard E. McArdle.

Dean Jeffers received his master's degree in forestry from Yale University in 1911. He worked with the forest service from that time until he began his teaching career in 1922 as associate professor of forestry at Iowa State college.

He received his doctor's degree from Yale shortly before he came to Idaho. He was voted into forestry's "Hall of Fame" when he was picked as a fellow in the Society of American Foresters.

Dr. Gail will retire June 30 with the honorary rank of professor of botany emeritus, conferred by the Board of Regents.

Dr. Gail came to the University in 1913 as a botany instructor.

Within four weeks he was advanced to assistant professor.

During his 40 years here Dr. Gail has added many plant specimens to the university herbarium, first starting his interest in this hobby by hiking to Paradise ridge near Moscow.

Dr. Gail even stumped Washington, D.C., experts once when he sent them a plant found on a trip up the Clearwater river. Unable to identify it, the specialists gave Dr. Gail the privilege of naming the new discovery.

Dr. Gail has written many articles on research and plant collecting which were published in such magazines as the Botanical Gazette.

The annual commencement flower show has been a hobby of Dr. Gail since 1922.

Dr. Gail visited England on sabbatical leave and was honored by Cambridge colleagues who had

Year's Social Life Ends With Dances, Dinners, Senior Fetes, And Awards

Social news today is strictly in the past tense and not the future. The column lists the events of the past week in detail. Explaining the lack of future news would be the lack of future school until next fall. Chronicled in our columns today is the Theta "Enchanted Garden" spring formal of last Saturday. Also John Burroughs was given an award as "one of the outstanding ATOs in the nation" at a recent dinner. Fetes for the seniors have also been prominent in the news, and the Sigma Nus have given a Sweetheart dinner Sunday.

TAU KAPPA EPSILON

The annual Spring Formal Dinner-Dance was held Saturday evening at the American Legion cabin.

Chaperones were Dr. and Mrs. H. H. Caldwell, Mr. and Mrs. George Radcliff and Mr. and Mrs. Stuart Knapp.

George Powell, a grad of '51, is visiting at the chapter house.

Recent dinner guests have included Professor Howe of the language department, Larry Church, Harold Brewick from the class of '46 and Dwight Croghan.

GAMMA PHI BETA

The annual DG-Gamma Phi exchange was held Sunday, May 24, at the DG house. The affair turned into an indoor picnic because of rain.

The Sigma Chis presented a serenade for Helen Gehrke in honor of her recent pinning to Rick Jones.

Guests for dinner Tuesday included Aenor Hathaway, LaVonne Wilson, Clara Armstrong, Norma Borden, Cherrise Wood, Carrie Chartrand, Marloys Kounke, Barbara Higgins and Janice Goretzney.

DELTA DELTA DELTA

The senior tubbing occurred Wednesday evening. The honored seniors were Jerry Emison, Marge Ennis, Barb Basler, Iris Fisher, Mary Hansen, Faye Sargent, Pat Rutledge, and Kathy Gray.

Tuesday evening a reception was held at the house in honor of Kathy Gray's recital.

Wednesday dinner guests were Mr. and Mrs. Forney, Mr. and Mrs. Young, Miss Ritchie, Miss Jean Collette, Trudy Harvey, Cleora Andres, Shirley Maynard and Pat Johnson.

SIGMA CHI

Last Friday Sigma Chi and the Alpha Phis had a picnic at Robinson lake. The Alpha Phis beat the Sigs in a softball game.

During the week the formal pledging of Victor Ransom was held.

Dinner guests last Sunday were Karen Hinckley, Barbara Higgins, Leah Jensen, Colleen Hinchev, Betty Westerberg, and Clara Armstrong.

Last Wednesday the Sigs honored their sweethearts with a dinner. Among those attending were Marilyn Evans, Jo Murelaga, Jo Roulston, Dolores Anderson, Mary Brown, Helen Gehrke, Geraldine Privett, Jane LaBarge, Nancy Lyle and Madeline Melvedt.

ALPHA TAU OMEGA

Bob Curtis, the fraternity's district supervisor was a guest at dinner Wednesday night. At this time he presented John Burroughs the Clark Memorial award for being one of the outstanding ATOs in the nation.

Bill Irwin was formally pledged at this dinner also.

KAPPA ALPHA THETA

"Enchanted Garden" was the theme of the spring formal held last Saturday night. Shades of pink and dozens of roses decorated the chapter house.

Chaperones for the affair were Mr. and Mrs. Maurice Unger, Dr. and Mrs. Ralph Alley, and Mr. and Mrs. Wendell Gauger. Music was furnished by Dale Ruark and his orchestra.

A scholarship dinner was held last Wednesday evening honoring those girls who made a 3 point or over. Corsages were presented to those honored. Guests for the dinner were Dean Louise Carter and Mrs. Ola Einhouse.

Thursday the Thetas had a wieners roast in the back yard with the Fijis.

Weekend guests were Barbara Bonner, Yvonne Barmon, and Sharon Skillern, Thetas from WSC.

Pinned last Saturday night were Frances Herre, Carolyn Edmiston, Martha Mick, Sharon Roden and Darlene Duffy.

ALPHA CHI OMEGA

Naomi Neeb, former student at U. of I. and a member of Alpha Chi, was recently married to Jim Drobney of Smith's Ferry, Idaho.

Dinner guest Wednesday was Shirley Robson. Mary Gay Nelson of Orofino was a dinner guest Sunday. Week-end guest was June Albinola, Kellogg.

Elaine Dunn is entertaining the house at a supper party Friday evening.

The seniors of the house were tubbed early Friday morning at 4:30.

Last Sunday the seniors were

entertained at the annual senior breakfast.

Each graduate was presented with a bone china demitasse cup; the outgoing president, Mary Patano, was also presented with a gift. The pledges sang an original song and presented their pledge project for the year.

Barb Hale was serenaded by the Sigma Nus Tuesday. She is pinned to Bud Durkee. The SAE's serenaded in honor of the senior girls Wednesday night.

HAYS HALL

Jerry Hadsen, Marilyn Buck, Carol Jean Parsons, Carol Green, Frances Kunnecke, Eleanor Johnson were all recent guests.

The seniors held a banquet in honor of the juniors, but forgot to invite the juniors; therefore, the juniors weren't present. The house-mother reported missing for several hours but was finally located in Pullman in the custody of the juniors.

KAPPA KAPPA GAMMA

Sunday, the annual Senior Breakfast honored these girls. Entertainment was furnished by members of the sophomore class.

Tuesday evening a miscellaneous shower fireside was given for Polly Bell in connection with her forthcoming marriage to Rich Collins, Kappa Sigma. The refreshment was ice cream with a bell in the center.

A buddy picnic was held Wednesday by the members and their guests. After a picnic dinner of hot dogs and all the trimmings, softball was played.

The annual crab feed for members and their dates is scheduled for tonight. However, this year something has been added—spaghetti—in the absence of crab.

The Brains of the Team

Teamwork can work miracles. In a football game the man who sparks these miracles is the quarterback. He's the man who calls the signals. There's a man who calls the signals for an Air Force flying team, too! They call him an Aircraft Observer. Do YOU have what it takes to become an Aircraft Observer? It isn't easy. It's tough. The success or failure of a mission involving over a million dollars worth of flight equipment depends on you. THE AIRCRAFT OBSERVER IS THE SOMEBODY WHO: As Bombardment Officer, is number one man on a bombing run, the man who controls the plane in the target area! As Navigation Officer, is the pilot's guiding hand on every flight! As Radar Officer, is master of a new science and operator of the device that sees beyond human sight! As Aircraft Performance Engineer Officer, is the one who "keeps the plane flying", the man who knows his plane inside and out, who keeps it fit for the skies and sees that it stays there! If YOU can accept a challenge like this, you'll take your place beside the best—you'll find your future in the clouds! TO BE QUALIFIED you must be single, a citizen, between 19 and 26 1/2 years old, have had at least 2 years of college and be in tip top physical shape. If this describes you, then YOU, too, can qualify. Today! HERE'S WHAT YOU'LL GET! The world's best training. Good food and plenty of it. Uniforms, flight clothes, equipment, Medical and dental care. Free insurance. Flight training in Uncle Sam's greatest aircraft. AND THEN, AFTER GRADUATION, you'll win your silver wings, and earn more than \$5000 a year as an Air Force Lieutenant. You'll enjoy an adventurous, exciting career with a hand-picked crew of real men. You'll be THE BRAINS OF THE TEAM, A TRIPLE THREAT MAN... as a Bombardment Officer, as a Navigation Officer, as a Radar Officer, as an Aircraft Performance Engineer.

Track Championships For PCC Start Today

Three Idaho Men Set To Run In Two-day Meet At Stanford

Idaho's top three cindermen, Bruce Sweeney, Lou Gourley and Emerson Clark, will face the toughest competition of their respective careers today and tomorrow when they swing into action at the Pacific Coast track and field championships hosted by Stanford at Palo Alto, California.

Southern California's power packed Trojan squad rules the overwhelming favorite to take its 13th straight team title in this the 23rd running of the coast meet. The Los Angeles school will be paced by its three Olympic stars Sim Iness, Parry O'Brien and Jack Davis.

Bruce Sweeney, who has dominated the Northern Division hurdle events all season, will have to burn up the cinders to place in his specialties against the California speedsters.

Main threat will come from SC's rangy Jack Davis who is a two time PCC winner in both hurdles and a second place finisher by inches in the Olympics at Finland. Davis has clocked 13.9 and 23.3 in the 110 and 220-yard hurdles. Sweeney has times of 14.8 and 23.7 to his credit.

Sweeney has been experimenting with his start and has switched his lead foot off the blocks. He thinks it will cut two tenths of a second off his time. Bruce will also enter the broad jump where he has a chance of finishing in the first six or better.

ND Men Tops

The PCC two-mile event could well be dominated by the Northern Division this season. Washington's Denny Meyer is third in the nation with a 9:17.7. He's aiming for the coast record of 9:12.5.

Vandal Lou Gourley who finished second to Meyer at Eugene last week is confident that he'll give Denny a tough race this weekend. Best Southern Division time is around 9:32. Gourley has returned 9:26.5 which should rate him in the first three Saturday.

Emerson Clark will have to battle a whole crowd of top flight

runners when he takes to the track tomorrow. Leading the list is Stanford's Bob Simon who has returned 4:13.9 to rank him among the top ten in the nation. From the north Clark will have Bob Fornia of Washington and Al Martin of Oregon to contend with again. Both men beat Em in the tight ND race last Saturday.

The most points any Idaho team has racked up in the PCC meet was 17 in 1924. In 1941 it was 14 and 14½ in 1942. The Vandals under Coach Stan Hiserman scored six markers last year as Dave Martindale soared 14 feet 2¾ inches to win the pole vault. Dave was Idaho's seventh Pacific Coast crown winner.

In past years the Vandals have won the two-mile race four times, the javelin once and the mile race once. Incidentally that mile win was the great run by Phil Liebowitz in 1941 when he was timed at 4:09.3. His record still stands today.

Sweeney will run preliminaries in the low and high hurdles today. In addition to Davis, Idaho's ace will have to match speed and form with Olympic star Bob Mathias who is one of the top hurdlers in the country in his own right. On the basis of comparative times Bruce and Bob are about even in the low hurdles.

Two mile run—won by Rader, WSC, 10:32.1. High hurdles—won by Bauscher, I, Cooke, I, second; Hagerly, WSC, 1:11.8. Low hurdles—won by Bauscher, I, Cooke, I, second; Hagerly, WSC, 1:11.8. Idaho Frosh Nip WSC In Track Meet

Bill Bauscher, freshman cinderman from Jerome took top honors Wednesday at Neale stadium as Idaho's yearling track and field squad sunk the Washington State Cou-babes 81 to 48. Racking up firsts in the broad jump and 100 and 220-yard dashes, Bauscher may be a partial answer to the Vandals' coming loss of Bruce Sweeney this year.

Another Idaho mainstay in the meet was Larry Gorrell who won blue ribbons in the high jump and discus and brought in a third for his team in the javelin.

Larry Church was a double winner in the hurdles. His high hurdle time of 15.4 left Stan Hiserman, track mentor for Idaho, beaming.

Lost Before

An April 23 at Pullman the WSC frosh had won a similar dual meet 69½ to 51½. Church won both hurdles at that time too; Bauscher took the 220-yard dash and Holmes captured the high and broad jump.

"Intramural sports was just as successful as ever this past year," stated Leon Green Idaho's head of Intramural Athletics. Although no immediate figures were available concerning the actual number of students participating in the program this year, Mr. Green believed that the percentage was as high as in any previous season, he stated.

"Everyone co-operated to make the year successful, including the intramural managers, the Argonaut and especially the individual students. It's developed into a student program. They make it go."

Attesting to the interest and spirit in the intramural program this year was the increased turnout for the spring track meet. Another strong factor was the 85 different basketball squads which competed for the "A" and "B" trophies.

The cellar riding Vandals baseball squad for the last ten years completed their best season since 1934 when they ended the 1953 season last Monday in a tie with Washington State college for third place in the Northern Division standings.

Since 1934, the Vandals have either ridden in the cellar or right at its door until this year when a rained out game between the Idaho squad and University of Washington Huskies might have meant a clinched third with WSC resting fourth.

With a seven win, seven loss season, the Vandals were cheated out of their final game Tuesday by the weather who put a stop to the contest after two innings of play.

University of Oregon's Ducks came by the conference championship with the aid of the weather, also, when two games scheduled at Corvallis were called because of the rain. The Ducks flew to Palo Alto Thursday for the Annual Pacific Coast Conference championship series.

To Stanford

Don Kirch's Ducks meet Stanford, winner of the Southern Division title in a single game today.

Idaho batting power this year laid in the hands of Bruce McIntosh with a .358 average for over 14 games. Jerry Ogle, stalwart catcher for the Vandals followed him with .321 for the season and Wayne Patrick, pitcher, hit .300 with three hits in nine trips.

Idaho's main weakness showed in their defensive play with 41 errors in the field in 14 games.

Pitching staff for Coach Chuck Finley's crew was centered around left hander Ken Hallett, right handers Wayne Patrick and Dick Dodel.

A total of 14 earned runs for 38½ innings for an earned run average of 3.26 gave Hallett the best ERA of the squad. Hallett pitched to 155 batters during conference play, gave up 40 base blows. Patrick had an earned run average of 4.09 and Dodel a 5.09 in 22 innings. He also gave up the most free passes with 24 batters getting on first on walks.
