

STUDENT FACILITIES QUESTIONNAIRES NOW READY

ASUI Will Soon Know What Students Want

The Idaho Argonaut

VOL. 58, NO. 16 THE IDAHO ARGONAUT, Official Publication of the ASUI TUESDAY, NOVEMBER 10, 1953

We got a letter from a student this issue. You'll find it on page 2. Kind of a funny letter it was, too.

The feller calls growing beards "a college fad." We agree. But he seems to be sarcastic about it. We wonder why he wears a crew cut.

He calls 'em "itchy beards." Ours doesn't itch.

He says you get to know people from all the living groups when you play intramurals with an ROTC team. In our experience, the players for living group teams meet just as many people.

We'd like to see you, Sonny, if the Navy ever decided that growing beards was THE thing instead of playing intramurals.

Dads Day Prizes To End Beards

Campus beard-scratchers have only four more days before they can kiss their girls again and go to the Pop's Hop. The Saturday night dress dance will conclude, for some, a week of preparation for beards and doormats, and for one, a Willis Sweet beard grower, four months of effort.

The beards will be judged at dinner in all men's living groups Thursday night. Finalists will be asked to go to the South ballroom of the SUB at 7:30 p.m. along with veterans and other off-campus students for final judging.

The awards for the beards, the dad coming the farthest, the living group with the most dads represented, the rally banner and the doormats, will be presented at the Pop's Hop at the 10:30 intermission.

Beard finalists must be fully bearded and at the dance to qualify. Beards that will be counted will include those on the chin and cheek only. Hashers and Navy students will not be counted against the living group percentage.

The rally banners will be judged during the 6:30 p.m. rally Friday. The winner will be announced at the dance.

A \$15 limit has been set on living group doormats which must be finished by 10 a.m. Saturday to qualify.

Dad's Day committee chairman is Eddie Hudson. His assistant is Reed Lau. Vonda Jackson is secretary; Ruth Brede and Sallie Krehbell, dance co-chairmen; Pat George and Gordon McLeod, publicity co-chairmen; Clyde Hawley and Phil Shafer, rally co-chairmen; Connie Webb and Carol Rojan, awards, and Nancy Jutila is in charge of registration which will be handled by the Spurs.

In charge of posters for Dad's Day are LouAnn Olson, Harriet Houghton, Marilyn Nasseeth and Judy Flomer. In charge of posters for the dance are Karen Parkerson and Jerry Scheidemann.

On the dance clean-up committee are Jerry Hill, Shirley Maynard and the dance co-chairmen. Working on decorations will be Barbara Higgins, Harriet Houghton, Fitz Holz, Pat Long and Clara Armstrong.

Patrons and patrons for the dance will be Dr. and Mrs. John E. Tsouderos, Dr. and Mrs. William H. Boyer, Dr. and Mrs. William H. Tenney, Dr. and Mrs. Ralph M. Alley and Mr. and Mrs. Albert E. Whitehead.

All Idaho Represented

All 44 counties of the state are again represented by students at the University of Idaho, a survey released today by Registrar D. D. DuSault showed.

The county with the biggest increase in University students is Twin Falls, with its representation of 144 compared with 109 last year. Second is Canyon with 139 this year, and 121 last year; third, Bingham, 50 this year, and 39 last year.

Other counties showing significant increases are Washington, Payette, Owyhee, Oneida, Lincoln, Kootenai, Idaho, Gooding, Clearwater, Caribou, Butte, Bonner, Boise and Benewah.

Last year, all 48 states in the nation were represented, but this year seven are missing. Foreign countries, however, jumped from 10 to 19, and U. S. territories and protectorates from three to five.

Cash Award Of \$500 For Contest

The J. B. Matthews Testimonial Dinner committee announces a cash award of \$500 for the best essay on "Communism and Academic Freedom," written by an undergraduate student of an American college or university.

Essays must be limited to two thousand words or less and submitted not later than February 1, 1954. All manuscripts must be typewritten. Only original essays will be considered.

The winner of the award will be announced on March 1, 1954. Judges of the award will be George E. Sokolsky, Eugene Lyons, Ralph de Toledano, and E. Merrill Root.

Manuscripts should be mailed to the Matthews Award Editor, The American Mercury, 11 East 36th Street, New York 16, New York.

Stop Thief

The picture of this year's Sweetheart of Sigma Chi has not been returned. It is believed to have been taken during trophy stealing this fall. Would anyone knowing the whereabouts of this picture please call the Sigma Chi house at 2441.

American and foreign students are invited to attend the Ceylon Independence Day celebrations at Common's hall, WSC, at 7:30 p.m.

Vandal Program Dedicated To Dads

This week's program for "Here We Have Idaho" over KRPL on Thursday at 8 p.m. will be dedicated to Dad's Day and include the following program: "My Best to You," played on the guitar by Tom Bullock; a talk by Dr. H. C. Harmsworth on his recent study of alcohol and narcotics in the state of Idaho, and Edith Betts and Margaret Coffey talking on WRA activities and women's physical education.

Student Flees European Home; Now Prepares For Citizenship

By Ruth Brede

Frantisek Libersky left his post as student body president of the Czechoslovakian university at Prague in 1948 to go to friends in Switzerland.

Then he applied for visas to leave Europe. The United States visa was granted.

Frank, as he likes to be called at Campus club where he lives, is studying dairy husbandry and plans to do research work when he graduates in 1955. He is not an exchange student. Frank is working, studying government and history besides his regular courses, to gain enough knowledge of the United States to become a citizen when he has been here five years.

Asked about the difference between European and American students, Frank said "It doesn't take as long to get to know people here as at the University back there. People do not think so much here about the class system. There are three classes in Europe. Here there are no classes. Everybody likes you because of your—how you say—personal traits, instead of because they have so much money."

Reading Trouble

The 36-year-old Czech is attending the evening English reading class taught by Edward A. Cebull, assistant professor of English, who happens to speak Slovakian. The class will help him, Frank thinks, because he had trouble studying when he first came here. "I had to look up practically every word that I used. It took me 20 minutes to read a page. By the time I had finished, I had forgotten what I had read first."

Frank knew only how to say "thank you, how are you, and goodnight or goodbye," when he came to New York a year ago. He had a little trouble in New York, too. Couldn't seem to pronounce "Hoboken and Lincoln tunnel" right.

Frank has learned not to trust "the boys" at Campus club when they give him a new word. Now he looks it up in his Czech-English dictionary. "If the word is not there, I don't use it," he says and smiles.

Can Never Return

Frank has not seen his native country since 1948. He has no relatives there. The only friends he has left were in Switzerland. And he could not return to Czechoslovakia if he wanted.

He says the minimum penalty for him there would be 20 years in a concentration camp, for he left the Czechoslovakian university in Prague without the consent of the government.

But there is no reason for this friendly European to go home. "I applied for a visa to Brazil, Canada, Australia and the United States." The United States was the only country that granted the request.

"I can never say how happy I am now, that I am here in America, and that I was—how you say—allowed to come. I am just so happy."

Mens Honorary Elects Fifteen Committeemen

Plans for the twenty-fourth biennial council of Phi Delta Kappa, Men's national education honorary, were discussed at the meeting held November 5. The session will be held December 28 to 31, in Chicago, Illinois.

Harold Soeters, president, is the official delegate for the University of Idaho Beta Omega chapter of Phi Delta Kappa. Ken Puckett, vice president, is first alternate.

At the meeting, Robert Tracy of the radio center, presented to educators material and information for teaching publicity purposes. Radio and television media was considered.

Named by Soeters were committees for membership, Ralph Lehman, Ken Puckett, Warren Winslow; program, Bill Exworthy, Dr. Albert Sitlinger, Leon Lind; ethics, Dr. Ray Berry, Dean J. F. Weltzin, Harold Soeters; constitution and by-laws, George Frye and George Radcliffe; radio-television, Dr. Bruce I. Blackstone, Dr. Eugene Giles, Robert Tracy, Ralph Lehman and Dr. Melvin Farley.

Another group meeting is temporarily scheduled for November 19.

Farmers Should Test Soil Before Buy Fertilizers

The farmer and the manufacturer have one thing in common, according to G. O. Baker, soil technologist here.

Each will know more of what he can turn out and how much he can produce if he knows the amounts of raw materials on hand when he starts producing, Baker says. "The farmer who plants his crops without having ample amounts of nitrogen, organic matter and phosphorus can easily run into problems of short supplies and come out with half production that would result in the ill-supplied factory."

"But there's another side to the story, too," the soils man points out. "We now and then find the farmer who is putting on expensive fertilizers when he already has more of them than his crops can make use of in their production. Such applications are costly and wasteful, almost as bad as running short on some of the plant nutrients."

Baker points to the soil test as the surest method of knowing true soil conditions for crop production. Most county agents are equipped for making the tests for farmers of their counties and will supply envelopes and directions for taking the soil samples.

Old Highway Rules Reviewed In Article

The following rules for motorists were drawn up in the early days of motoring by the Farmer's Anti-Automobile Society of Pennsylvania:

1. Automobiles traveling on county roads at night must sound up a rocket every mile, then wait ten minutes for the road to clear. The driver must then proceed, with caution, blowing his horn and shooting off roman candles, as before.
2. If the driver of an automobile sees a team of horses approaching, he is to stop, pull to one side of the road, and cover the machine with a blanket or dust cover which is painted or colored to blend with the scenery, and thus render the machine less noticeable.
3. In case a horse is unwilling to pass an automobile on the road, the driver of the car must take the machine apart as rapidly as possible and conceal the parts in the bushes.

Official Notice

All AFROTC graduates scheduled to graduate in June, 1954 and who desire flying training are to report to M-Sgt. Garland, room 106. Gym annex as soon as possible 'and in no event later than 1200 hours, 13 November, 1953.

The University Station post office will be closed tomorrow in observance of Armistice day.

Dad's Day Program

Thursday
In men's living groups at dinner, judging of beards. At 7:30 p. m., beard finalists meet with Dad's Day committee in South ballroom. Also veterans and other off campus beard growers meet in South ballroom at 7:30.

Friday
The rally at 6:30 will follow the usual course. Banners will be judged.

Saturday
Dad's registration in Moscow hotel and SUB from 9 to 12 a. m. and at Neale stadium from 1 to 2:15 p. m.

10 a. m., doormat judging.

1:30, University of Idaho-College of Pacific game.

4 to 6 p. m., Open House.

9 to 12 p. m., Pop's Hop, SUB, all ballrooms. Tickets at the door.

10:30 p. m. at dance in SUB, awards will be presented for the most novel beard, the healthiest beard, the Pop who came the farthest, the living group with the most Dads here, the winning banner, and men's and women's doormat.

Nat'l Student Association Is Explained To Students

(This is the first in a series of articles explaining what NSA is and its future both nationally and locally.)

By KEITH JERGENSEN

Perhaps one of the most controversial committees of our present ASUI organization is the one representing our association with the U S National Student Association. With an annual appropriation of some \$750, there has come a question in the minds of many students if we should continue such an affiliation or not.

NSA is student government on the campus and national levels. At Idaho, we have a special non-elected committee to take care of NSA activities. This is not in agreement with the national policy, but this specific problem will be discussed at a later date.

Basically, NSA is a service organization formed by the confederation of some 300 colleges throughout the nation. It directs its efforts along three main lines: student government, national affairs and international affairs.

In the field of student government, NSA serves as a clearinghouse for gathering and publishing studies of various campus problems. Virtually a library of information is at the disposal of the member school.

Nationally NSA is being recognized as the most effective countrywide college program. It is the only student organization to be represented on the US Commission of UNESCO, as well as gaining the same recognition from the National Education association and the American Council of Education.

On the international scene NSA has built one of its more developed programs... in fact becoming the voice of the American student to the world. As a leading member in the coordinating secretariat of the National union of Students, the USNA is one of 35 national unions from the western world that are meeting the communist threat of the "red" dominated International Union of Students.

Another aspect of international activity is the USNSA Travel, incorporated, with the cooperation of European student unions, offers the most economical tour available to the college student.

We at Idaho have never heard of many of the aspects of NSA, much less taken advantage of the organization. It's time we either got in or out!

Morale Is Cited As High

Esprit-de-Corps of the Army ROTC cadet organization has been termed "exceptional" by an inspection team of high-ranking officers as a result of the annual inspection of the Idaho unit last spring, it was revealed today by Lt. Col. James A. Moore, professor of military science.

The report of inspection which was received recently lauded the instructor group and the cadets for their "enthusiasm, smartness of appearance and attitude."

Colonel Moore said he was "highly pleased" by the results of the inspection, particularly the "exceptional" rating on the morale of the unit.

"It is extremely gratifying," Moore said, "to learn that this team of officers, which had covered all institutions in the Pacific Northwest, found the Idaho Army ROTC unit an exceptional one."

"Morale is a relative thing," Moore continued, "and cannot be statistically measured. Obviously, what would be considered high morale in a regular army company would not be applied to an ROTC unit. Our army cadets are college students primarily and military students secondarily."

"The fact that their group 'esprit-de-corps' was considered exceptional is a tribute to the University and to the cadet officers within the program."

Looking to the future, the military science professor cited the present freshman class in Army ROTC as the "finest to come along in years." "The enthusiasm and adaptability evidenced by these incoming students," Moore concluded, "coupled with the leadership of cadet officers in the upper classes, virtually assures the continuance of Idaho's position as one of the top Army ROTC units in the country."

Radio Show To Have Interviews

Marilyn Monroe will interview the director of the forthcoming opera, Marriage of Figaro, on the radio show "Palouse Party," Tuesday night.

This program broadcasts affairs of campus and community interest. The program is heard every Tuesday night at 8:30 p.m. over KRPL.

This week's show, directed by Jim Kruger will also feature an interview with Dr. A. E. Whitehead's grade school son, Eddie. Tom Warner will report on the Moscow J.C's. An interview by Warren Peterson on Careers in the Army will be given. Ann Carson will report on the coming attractions in Moscow sponsored by different city groups.

Canada Already Has Undie Raids

A hot item gleaned from the Vancouver, B.C., Umyessey says that an estimated \$50 in undies was removed from a girls' dormitory at the University of Saskatchewan about 4 a.m. Sunday, November 1.

Most of the loot was reported to have been left hanging in trees outside the residence. Police made plaster casts of footprints found in the area. Bras, panties and slips were taken to the police station for identification.

The raid was reportedly conducted by six university students. Police were called from a neighboring phone as wires in the residence had been disconnected.

Painting Is Chosen

A painting entitled "Light and Shadow" by Professor Mary Kirkwood of the University of Idaho's art and architecture department has been selected by the Seattle Art museum to be included in its circuit exhibition, it was learned here today.

"We are pleased that the work of one of our staff members has been included in the exhibition, because competition has become keen in recent years," said Prof. Theodore Prichard, head of the art and architecture department.

"The Northwest Annual of the Seattle Art museum has become the largest show of its kind in the Northwest, and has had to limit its entries drastically. The paintings which go on tour are in turn selected from this show."

Her painting, treated in an abstract manner, is a mood portrait of her mother, who is seated in shadow with light coming from behind.

HE'S GOT BUSINESS

A student at New York university has discovered a new way to work his way through school. Standing about in Washington Square, he realized he was averaging 80 cents an hour — handling.

COMING EVENTS

- Today**
Radio-TV guild, 7:15 p.m., Radio center. Hopkin's show tonight. Afternoon guild, 4:15, Radio center.
- Dad's Day committee, 7:30 p.m., coffee in SUB.
- Sigma Tau pledge meeting, 4:30 p.m., Engineering 131.
- Pershing Rifles, 7 p.m., Armory.
- IK's, 9:30 p.m., conference room B.
- Services Board, 7 p.m., conference room C.
- Blue Key, 12:30 p.m., SUB.
- Theta Sigma, 7 p.m., Pine room.
- Independent caucus, 7:15 p.m., Town Women's lounge.
- Alpha Phi Omega, 7 p.m., conference room mB.
- Wednesday**
United Party caucus, 7:30 p.m., conference room B.
- Sigma Delta Chi, 4 p.m., UCB 103.
- University Dames, handicraft meeting, Faculty club, 8 p.m.
- Thursday**
Sigma Tau, 4:30 p.m., Engineering 131.
- Dad's Day committee, 5 p.m.; SUB, and in Pine room at 7 p.m.
- SUB committee, 6:30 p.m., Vandal room.
- Friday**
Dad's Day committee, LDS corner before rally and in Pine room after rally.

NOTICE

Thanksgiving vacation will be from noon November 25, until 8 a.m. November 30. Students will be expected to attend classes until noon on Wednesday and should not take unexcused absences. There will be no let-up on class work because of the vacation, and instructors are not required to provide make-up work.

Dean Jeffers To Receive Bronze Plaque

D. S. Jeffers, Dean Emeritus of the School of Forestry, will receive a plaque for his work in the school. Dr. E. E. Hubert, head of the pole blight research project, also reported that he and A. W. Slipp, assistant professor in research, will attend the Western Forest Disease work conference in Victoria, B. C., November 19 to 21.

Dean Ernest Wohletz, professor in the forestry school, announced that the Bronze Plaque will be given to Dean Jeffers by the alumni of forestry school for his work in that department from 1936 to 1952.

Dr. Hubert and Professor Slipp will attend the conference to discuss problems on pole blight, blister rust and slash decay.

Executive Board

- Homecoming parade pictures (Borah Room).
- KUOI Staff report.
- Election procedure.
- Election report.
- Student-Faculty report.
- Unfinished old business.
- Open.

The Idaho Argonaut

Official publication of the Associated Students of the University of Idaho...

Al Duffenbach Editor, Fred Williams Acting Managing Editor, Barbara Herling News Editor...

X Marks The Spot!

In November of 1952, we, the people of the United States, voted for a president...

Out of the 150 million people in the United States, 98 million were eligible to vote...

Last week, we the students of the University of Idaho elected class officers...

It has often been said, and it is now an accepted statement, that today's students of America's colleges and universities are the future leaders of the U S and of the world...

What have we for excuses? That's right, we do not have any excuses...

An election is not a function or a duty of a living group. It is, rather, a function and a duty of us as individuals...

Suffrage is a privilege which we, as students of the U. of I., have in selecting our leaders...

I was arodding' over . . .

Warning. The eminent neighboring state of Washington has, as of midnight last night, begun an intensive campaign against traffic violators...

According to a radio broadcast, special forces are operating in the state of Washington to catch traffic violators...

Major violations of traffic laws on the highway are speeding and reckless driving...

If your car isn't in good mechanical condition, look out. Such things as missing lights, bad brakes, and missing fenders are also traffic hazards...

As a matter of fact, Idaho has similar traffic laws. Just because Idaho isn't having an accelerated campaign to catch violators doesn't mean that you shouldn't drive carefully in Idaho, too...

Heads Up! Look Sharp!

The Idaho Traffic Safety Education Department has issued the following warning to pedestrians:

Your safety is a two-way deal. It depends on the driver, and it also depends on YOU!

- 1. Help yourself to safety. Cross streets only at intersections. Stay within crosswalks. Use marked crosswalks and safety zones when available. Obey traffic signals, signs, regulations and directions of traffic officers.

Ag Department Gives Weeds Course

Idaho's second biennial weed control short course, sponsored by the department of agronomy of the University of Idaho college of agriculture, will be held on campus November 16 to 21.

Primary object of the short course, explains Lambert C. Erickson, associate agronomist in weed research, who is directing the course, "is to provide background information for the development and conduct of sound weed control programs."

The course is held primarily for county, state, and federal weed control officials and representatives of commercial companies engaged in weed control or sales activities.

Anyone interested in the vital subject of weed control is welcome to attend, Erickson adds. Cecil Hagen, managing editor of the Idaho Farmer, will be the principal speaker at the short course banquet Wednesday night.

University's "I" Tank Has New Companion

By BRUCE JOHNSON

The next time you and your gal are out "boondocking" in the vicinity of the "I" tank and you are startled by a weird looking apparatus which rattles and clanks in the wind like a pre-war automobile...

This project is a study of the design and development of high altitude precipitation gauges for measuring winter snowfall at remote mountain locations.

It seems that wind wreaks havoc with precipitation gauges by creating updrafts which prevent the normal amount of snow from falling into the gage...

The project has been going on for about five years and is under the supervision of Calvin C. Warnick, Associate Research professor of the Civil Engineering department.

This "I" tank gage is the most recent addition to the University's collection of precipitation gage testing equipment, the most important of which is a wind tunnel located in a warehouse building at the North Main village.

The windshield showing the most promise in these tests are then tested under actual storm conditions at the Station's test plot located high above the highway summit of Lookout pass near Mullan, Idaho.

It was because of the difficulty in reaching the Lookout test plot during high winds and blizzard conditions that the gage tower was constructed, near the "I" tank.

Much of the work of this project has been done by University students working part time and during the summer months. Students working on the project last summer were David Womeldorff, Robert Scheloske, and Bryce Johnson.

According to Professor Warnick, "Considerable interest has been expressed in this work, and much improvement in the accuracy of measuring precipitation in the form of snow will result."

Charles L. Starr Wins Chicago Trip

His essay on "Marketing and Livestock Products" has won for Charles L. Starr, junior in agricultural education at the University of Idaho, an expenses-paid trip to Chicago next month.

State winners assemble at Chicago December 6 to 9, as guests of the packing company, for a special course on livestock markets and marketing practices.

Brown And Henry Win Intramural Debate Contest

Shirley Henry and Arlene Brown, representing Kappa Alpha Theta, walked off with the women's intramural debate championship in the annual tournament last Saturday.

The annual men's tournament will be held this Saturday. The first round will begin at 9 a.m.

DEAR JASON

I am answering a question you asked in the November 6 edition of the Argonaut. The question was stated: "If intramurals raise morale, wouldn't a beard for Dad's Day do as much?"

How you can compare the two "morale raisers" is humorous. If every male student on the campus raised a beard for their morale, and Dad's Day except the ROTC boys, then you might have a point.

Playing intramural athletics for a ROTC raises morale more so on a campus level than growing an itchy beard.

Another question was why the ROTC was the only ROTC unit to argue against elimination from intramurals? The answer is very obvious that the ROTC was the only unit to enter teams this year in the intramural program.

Now the Navy is banned from further competition many people are happy. For sure, next year's intramural football champions will certainly be thankful.

RUSSIA HAS TV

Students at Tomsk Polytechnical Institute in Siberia are producing their own television programs on a transmitter they built themselves.

When you pause... make it count... have a Coke

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY Empire Coca-Cola Bottling Co., Lewiston, Idaho

New Harvester Built By Engineer

"More than a hundred potato harvesters utilizing the special rubber roller and speed control arrangement developed in research... have been produced in Idaho during the past two years," declared Dr. L. C. Cady, executive secretary of the University of Idaho Research Council...

"Idaho's potato industry has been reaping the benefits from that research," he commented. "The principal feature of the improved Idaho potato harvester, developed by Elmer N. Humphrey, special engineer on the project, is a rubber roller and controlled drive arrangement for removing dirt and clods..."

Sources Of Energy To Be Discussed

Dr. Farrington Daniels, president of the American Chemical Society for 1953, will present a talk entitled "Our Future Sources of Energy," at a meeting of the Washington-Idaho border section of the American Chemical Society Thursday, November 12.

The talk will be held at 7:45 p.m. in 214 Fulmer laboratory (Chemistry Building) on the WSC campus.

Dr. Daniels is considered a world authority on his subject and will discuss solar and atomic energy sources among other topics.

He is well known for his researches in chemical kinetics, photosynthesis, atomic power, solar energy and geochemistry of uranium and for his authorship of the outstanding text, "Outlines of Physical Chemistry."

All interested persons are invited to the talk. STUDENTS TO DRESS The dean of Princeton university's graduate school of liberal arts has ruled that all his students must wear academic gowns to dinner.

Students held a meeting and voted to have the order rescinded, but Dean Hugh Taylor said "There are certain things that votes do not decide."

Only Seven Want Back At N. Carolina

(IP)—Only seven of the 23 social fraternities on campus of the University of North Carolina dislike Greek Week enough to return to the old "Hell Week" method of initiation.

"General opinion around the house, however, is that Greek Week is all right," he added. One fraternity man said, "Greek Week is a good idea, but it is uncontrollable. It has been run into the ground. What we need is more useful work."

"The thing itself (Greek Week) is a good idea," another representative said, "but it needs more pushing. We should have more clean-up type work. It keeps the pledges busy."

Students Elect

(ACP) Two elections were held for Homecoming queen at the University of Illinois. All ballots cast in the first election were declared null and void because of a polling place mixup.

Contrary to the rules, misinformed judges allowed one vote for each identification card presented; some students presented large blocks of votes by getting several cards together.

When a man has a rip in his coat and three buttons missing, he should do one of two things, either get married or get divorced.

NOTICE

The Dad's Day committee reminds all living groups that there will be open house from 4 to 6 p.m. after the Idaho-College of Pacific game Saturday.

Also, house presidents are asked to turn in lists of Navy men and haspers not eligible for the beard-growing contest to Eddie Hudson in the Phi Tau SUB mailbox.

Men Like Service

(ACP)—American students are facing the draft and the demands of the cold war much more realistically now than they did in 1951.

"Because of the uncertainty of military service, and the generally unsettled atmosphere," the report says, morale was very low in 1951. But now a majority of students (79 per cent of those questioned) agree that "Military service probably will be good for me in some ways."

Most students will return to college if called into the service before they complete their academic work, and the prospect of going into the service seems to make getting good grades more important.

Figaro' Rehearsals Get Underway

The forthcoming production of the opera "Marriage of Figaro," went into stage rehearsal under the direction of Edmund Chavez Monday.

The cast, under the direction of S. Keith Forney, has been giving special attention to the musical development.

The comic opera, which will be sung in English, will be presented December 4 and 5 in the University auditorium.

Steel House Wants Carhood Back; Teke Members Elect; Pledges Sneak

Success marked the "Roaring Twenties" pledge dance presented by Delta Sigma Phi and the pajama dance by the Phi Deltas last weekend. The "speakeasy" atmosphere of the former was further accentuated by a "raid."

We find the Tekes have selected new leaders for the future, while the Delta Chis sponsored a hayride and the pledges of Delta Tau Delta honored their members with a party Saturday night.

LAMBDA CHI ALPHA

Six men were formally pledged Monday night. They are James Gregg, Bill Spurgeon, Eugene Cooper, Ron Kuka, Jay Nelson, and Jack Kidd.

Russ Brown was a Sunday dinner guest.

There is a rumor circulating that Claire Lieske will transfer to the U of Washington. What has Seattle to offer?

DELTA TAU DELTA

Wednesday, October 4, the pledges attended an exchange with the freshmen of Steel House.

October 7, the pledges held a work exchange with the pledges of Kappa Kappa Gamma. The hard-working Kappas proved most proficient in performing the duties of each boy.

Saturday evening the pledge class gave the annual pledge party in honor of the Delt members. During the evening Grant Gillette perfected the art of "saying 'no' to women."

A joint initiation was held Saturday with the Whitman Deltas for Ken Goodwin, Ed Allison and Clayne Chamuel of the U. of I. and for John Heacock of Whitman.

Tuesday, October 10, a dinner exchange will be held with the Gamma Phis.

PHI DELTA THETA

The annual pledge pajama dance was held at the American Legion cabin last Friday evening. The music was provided by Dale Runk. Chaperones were Margaret Ritchie, Dr. Frederic Church, and Marv Washburn.

Weekend house guests were Bill Baxter and Gordon Quigley.

TEKE

Recent house elections find offices filled by president, Lefty Melton; vice president, John Echevarria; secretary, Wally Johnson; chaplain, Charles Cheney; sergeant at arms, Art Schmauder; chapter adviser, Oliver Espe; historian, Hawley.

Weekend guests were Herb Wilkins and George Poulous. Mrs. Miller, Mrs. Petersen, Mrs. Espe and Mrs. Crimmins were dinner guests.

Our exchange of Wednesday, November 4, was with Delta Gamma.

Clyde Hawley and Lloyd Marsh recently passed their pins.

A Board of Control meeting was held Thursday evening.

A small celebration was held when the pledges left on their sneak. (And when they came back?)

Frater "Pure" journeyed to Walla Walla on Tuesday to visit the TEKE chapter and friends.

STEEL HOUSE

Sunday dinner guests of Delores Mortan and Joy Smith were Jerry Reed, Emmett, and Gene Cooper, Lambda Chi.

Mrs. Collins, Betty Ruth Westberg, Peggy Webb, Billy Rowe, Lucille Palmer, Blanche Pearson, Joana Barney, Sharon Rupe and Roberta Bancroft attended the Tri Delt tea Sunday afternoon.

Our fall formal, based on a "Cinderella" theme, is scheduled for November 20 at the SUB.

Whoever owned the blue-gray car hood that adorned our front porch over the weekend... thanks. It was a good decoration. Could we maybe borrow it for a Dad's Day welcome mat?

The November 4 exchange was with Delta Tau.

DELTA CHI

Wednesday night we had an exchange with Forney Hall.

We had a hayride Friday night. Curtis Klaus, national representative, is here to visit us for several days.

Two new pledges who moved into the house during the past week were Phil Custer and Tom O'Connor. Tom is a freshman from Spokane majoring in chemical engineering. Phil is a junior from Twin Falls and majoring in civil engineering.

DELTA SIGMA PHI

Dinner guests recently were, Tuesday, Bob Ragland and Keith Smith; Wednesday, Pete Hamm and Bill Hardy; Thursday, John L. Sullivan; Sunday, Pete Hamm, Bob Ragland and Keith Smith.

Several Kappas serenaded us Sunday afternoon, announcing the forthcoming wedding of Sharon Norby and Bob Speedy. Sharon presented to Bob a floral replica of our pin. Among the flowers were two cards which read "a double

CANTERBURY CLUB

Services will be held at Canterbury house Wednesday at 7 a.m. Breakfast will be served following services and everyone will have plenty of time to make first period classes.

Sunday begins our new schedule of Sunday programs. Talking on her summer's experiences in Scandinavia will be Liz Winegar. Colored slides will be presented. The program starts at six with dinner served at five. Everyone is urged to attend and give the new program a big send off.

LDS

MIA tonight will have a special feature when one of the prominent ministers of Moscow will present some of his ideas. The meeting starts at 7:30 p.m.

Out Of The Past

25 Years Ago

November 9, 1928 — Betas took the cross-country intramural honors Wednesday afternoon, scoring 20 points. Sigma Chi came in second.

A 3000-mile barnstorming tour through the middle west was assured for the men's varsity debate team when the Executive Board granted the money. The trip will include debates with 10 universities and colleges as far east as Chicago.

10 Years Ago

November 11, 1943 — Betty Smithers was appointed to serve as co-editor of the Argonaut by the ASUI Executive Board to fill the vacancy left by Marion Franson's resignation because of illness.

Dancing classes will be held every Saturday afternoon at the USO for all servicemen who wish to attend.

The ASUI goal for the World Student Service fund is \$400. The purpose of the fund is to aid in student war relief.

5 Years Ago

November 9, 1948 — Nearly 40 people will participate in 20 different acts during the second annual Blue Key Talent show Friday night.

1 Year Ago

November 11, 1952 — A new scheme in campus social events will be tried out this Friday when the first all-campus dinner dance will be held. If successful, the event will be continued throughout the second semester.

The University of Idaho girls' rifle team scored an easy victory over their Colorado State counterparts this week by a score of 475 out of a possible 500. The opposing team's score was 457. Joann Cates and Anne Brooks led the team with 96 points each.

Dignity is one thing that cannot be preserved in alcohol.

LITTLE MAN ON CAMPUS

by Dick Biebler

Alum News

Tom Sawyer, '53, is now program director of Radio Station KABI in Ketchikan, Alaska.

Lieutenant Dwight Call, 1952, has been stationed at Fort Ord, California. He will leave early in November for overseas duty in Austria. Lieutenant Call visited in Moscow recently.

Robert W. Swanson, 1951, is in the ranching business near Pocatello, Idaho.

Philip W. Johnson, journalism graduate, '51, is associated with the United Air Lines at South San Francisco airport. His address is 825 Jefferson Court, San Mateo, California.

Sergeant Wayman F. Sinden, '52, is now stationed with the army in Korea.

Robert Nixon, '52, is now attending the Air Force school at Randolph Air Force Base, San Antonio, Texas.

Maxine Gilkey (Maxine Abbott), '52, is teaching in the elementary school system in Spokane, Washington.

Lieutenant Robert S. Parish is now in the service and has recently been transferred to a base at Hillands, New Jersey.

Lieutenant James H. Oates, '52, visited the campus at Homecoming. He has just completed training in Fort Benning, Georgia, and is being transferred to Fort Lewis, Washington.

John F. Horning, who attended here from 1948-50, is now a mechanical engineer with the North American Aviation Co. in Los Angeles, California.

Ken Kyle, '53, political science, is residing at 330 Panaramic Way, Berkeley 4, California, while pursuing graduate studies in international relations and the Asiatic area at the University of California. He is a former NROTC student and is continuing his study of naval science.

James H. Costley, '53, political science, sailed from New York on October 2 for a year's study at the University of Europe at Bruges, Belgium. He received one of the very few scholarships which this university awards to students from the United States.

Students May Apply Now For Law Scholarships

Outstanding American college seniors interested in a career of legal leadership may apply now for a \$6,000, three-year Root-Tilden scholarship offered at the New York university school of law, it was recently announced.

Applications for the 20 Root-Tilden scholarships, to be awarded next year, must be made by February 15. Final selections will be announced late in April and recipients will begin their study at NYU in September.

In the tradition of the men for whom they are named, Root-Tilden scholarships are awarded on the basis of superior academic record, potential capacity for selfless public leadership, and active extra-curricular participation in college life.

A candidate must be between 20 and 30 years of age when his law training begins at NYU. He must be an unmarried male citizen of the United States.

Each of the scholarships carries an annual stipend of \$2,200 to cover tuition, books and living expenses so the student will be free to devote his time to studies. Although the award is made initially for one year, it is renewed for the second and third years if the student maintains a high standard in legal and general scholarship.

College seniors interested in the scholarships should apply immediately to the dean of the school of law, New York university law center, New York 3, N. Y.

Old Barn Will Be Replaced by New

Bids are to be called immediately for a combination machine shop and shed at the Twin Falls branch station, according to Dr. J. E. Kraus, associate director of the University Agricultural Experiment station. Plans and specifications for the addition, which will replace an old barn used for machinery storage, have been approved by the University regents.

The machinery storage part of the L-shaped structure will be 24 feet wide and 80 feet long with an open front and dirt floor. The shop wing will be 24 x 30 feet. All machinery needed in commercial bean production is used on the 80-acre branch station, center of bean research in Idaho.

BERIA GETS AROUND

A student at North Texas State Teachers college—faced with signing the eighth statement in his college career that he is not a Communist—signed the name of Lavrenty Beria, deposed Russian police boss, the other day.

A hotly public in the college administration building let it pass without question. The student said he would put the pledge in his scrapbook.

Teke: Your girl's spoiled, isn't she?
Figi: No, it's just that perfume that she is wearing.

IDAHO VANDALS LOSE KLEFFNER AND GAME

Vandals Dormant For 3 1/2 Quarters; Lose 25-6

Going nearly four full quarters without threatening, the University of Idaho Vandals managed to pull a lone tally out of their hats in the last 39 seconds of play against the University of Oregon Saturday only to go down in defeat 25-6. The game was played at Eugene.

Halfback Eddie Allison made the TD on a line buck from the four after a 67-yard march downfield into Oregon territory. Oregon, behind the brilliant playing of quarterback George Shaw went on to their third straight win with Shaw passing for two scores and setting up a third with a pass and a 19 yard run. Dick James, sophomore halfback crossed the white stripe three times for the Ducks, two in the first quarter, both of which were set up by Idaho fumbles.

Kleffner Suffers Separation

Idaho's ace fullback and third best punter in the nation, Flip Kleffner, will be lost to the Vandal forces for the rest of the year as the result of a shoulder separation suffered in the game against the University of Oregon last Saturday at Eugene.

Kleffner suffered the injury early in the game but went on to play most of the first half before the injured shoulder became useless to him.

He was flown to Boise yesterday and underwent surgery there late in the afternoon.

The Boise junior and two year letterman has sparked the Vandals in every attack this year and will be a heavy loss to Babe Curfman in his next two games against College of the Pacific this Saturday and Utah State next week.

Also out of the lineup but not seriously injured is halfback Ted Frostenson who suffered a slight concussion when he rammed head on into Chuck Laird, 212 pound tackle for the Ducks.

Frostenson was hospitalized at Eugene, but returned here last night. He will be examined on arrival here and results will determine whether he will play any more this year. Hopes have been expressed that Frostenson will be able to see action against COP this Saturday. However, nothing definite has been said concerning his playing in the Dad's Day game.

The team totals:
Sigma Chi, 525
Phi Delta Theta, 522 1/2
Lindley Hall, 515 1/2
Sigma Nu, 514
Campus Club, 510
Willis Sweet Hall, 499 1/2
Alpha Tau Omega, 475 1/2
Chrisman Hall, 445 1/2
Beta Theta Phi, 445
Tau Kappa Epsilon, 360
Delta Chi, 359 1/2
Idaho Club, 313 1/2
Delta Tau Delta, 310
Kappa Sigma, 305 1/2
Phi Gamma Delta, 300
Eagle and Anchor, 283
Sigma Alpha Epsilon, 238 1/2
Delta Sigma Phi, 235
Phi Kappa Tau, 145
Lambda Chi Alpha, 134 1/2

Three of the top four teams in the Intramural point totals opened volleyball league play last Wednesday with wins. Top-ranking Sigma Chi crushed the Betas, Phi Delta Theta trounced the Phi Taus, and Sigma Nu defeated the Tekes. Third place Lindley hall was idle.

The scores:
SN over TKE, 15-2, 15-13
KS over SAE, 15-10, 5-15, 15-12
ATO over PGD, 15-6, 15-10
SC over BTP, 15-3, 15-5
PDT over PKT, 15-4, 15-12
DSP over LDS, forfeit.

Gymnastics

There will be a gymnastics meeting in the Memorial Gymnasium gymnastics room Wednesday, Nov. 11 at 4:15 p.m. All old members or new men that plan on participating must attend this meeting. In the event attendance cannot be made to this meeting please notify Coach Smith as soon as possible.

NOTICE

There will be a short meeting for all men interested in turning out for boxing in room 109 of the Memorial Gymnasium Wednesday at 7:00 p.m. Anyone interested in trying out for the team is urged to attend, said Frank Young, Vandal boxing coach.

Receive Injuries At Oregon

Flip Kleffner, right, and Ted Frostenson were both hospitalized in Eugene, Oregon, following Saturday's game. Kleffner was flown to Boise for a shoulder operation and Frostenson was released yesterday to return to the campus.

Vandal Babes Succumb To Washington Frosh 25-0

Idaho's Vandal Frosh were victims of a powerful passing attack and a rain soaked gridiron Saturday afternoon as they were shut out 25-0 by the University of Washington Frosh at Seattle.

The Husky Pup victory came on the strength of the passing of quarterback Bobby Cox, Walla Walla High School flash, who tossed for two touchdowns in spite of drenching rains which fell throughout the contest. The Washington line held the Babe to three first downs.

Cox hit for nine passes out of 14 attempts, one of which went to a former teammate at Walla Walla, Dean Derby, on a 22 yard scoring play in the first period. The other TD bound hurl went five yards to End Eed Flemings for Washington's third score. The second came on a fumble recovery in the Vandal Babe's end zone.

Idaho, hampered by not having practiced very much on a wet turf, couldn't get going until near the end of the first half when the line rose up and smeared the red hot CX for losses, twice halting a UW threat before the gun sounded.

The Babes relied on the running of Mel Schmidt, fullback, and Dwaine Hodgson, halfback, with the passing, which Coach Clem Parberry had hoped to mix in with the Idaho running game, proving unsuccessful due to the slippery field and ball.

Guard Eivind Resa and Tackles Byron Gage and Dick Foster led Idaho's defensive play.

Here once flowed a great cataract, And cold winds stirred the tulle, The lake dried up, but now it's back, It's the new reservoir at

The great, hollow basin of Grand Coulee stood arid and useless for thousands of years. But today, where once great falls plunged into the roaring cataract, there is water again, this time in a placid reservoir giving new life to agriculture in the Columbia basin. The Washington Water Power Company is proud to be among the first to advocate full development of the Columbia basin.

Trotters Keep 'Em Laughing In Game Here

Some 2500 people saw the Harlem Globetrotters go through their antics last night in Memorial Gymnasium when they played the Boston Whirlwinds. Although the Whirlwinds dropped the first counter through the hoop, that was the only time in the game they were ahead of the fabulous Trotters.

Although the famed ball players being coached by Imnun Jackson in the absence of Abe Saperstein, lead all the way, they didn't get down to funny business until the second quarter, when Robert Hall, center for the Trotters, and Leon Hillard, famed dribbler mystified the audience and the Whirlwinds with their clever ball handling.

The Harlem group led 17-12 at the end of the first quarter and by half time led 38-32.

Ed. Note: The game was not over at presstime and we had to put the paper to bed without getting the final score.

It's amazing the heights a man can attain by remaining on the level.

the nation in 1951 and was second highest last year.

Texas Christian Thumps WSC 21-7

SPOKANE -Washington State scored first, but fumbled away other opportunities and bowed 21-7 to the Horned Frogs from Texas Christian in an inter-sectional football game here Saturday.

WSC's only touchdown came early in the second quarter when Jim Hagerty intercepted a Ray McKown pass and returned the ball to the TCU 27. Wayne Berry plunged over moments later to put six points on the score board, and Mel Thompson converted.

The Horned Frogs came back with the equalizer before the quarter ended with McKown going over from the 1-yard line after a march that included a 53-yard pass from McKown to Don Hallmark.

TCU went ahead early in the fourth quarter, Mel Fowler diving over from the one foot out after speedy Ronald Clinkscales had set up the tally with runs of 14 and 32 yards in a 52-yard drive.

Berry fumbled on the first play after the kickoff and TCU recovered to pave the way for the final counter, which came on Clinkscales' 22-yard pass to Don Sanford.

WSC lost the services of Howard McCants, 6-foot-8 end, possibly for the season, as a result of a knee injury suffered in the second quarter. His knee was in a cast Saturday night and it appeared he would miss next week's game with Oregon State and the contest with Washington the following week.

Tank Men Look Good For Coming Season

With the exception of distance men, this year's varsity swimming squad looks very good, according to Eric Kirkland, swimming coach.

"We have more depth than we've had before and the fellows have a lot of spirit and determination to do well," said Kirkland of his squad, which has been working out the past week.

Fritz Holz, a sophomore swimmer who was a strong man on the frosh team last year, is Kirkland's main hope for distance events this year.

Loses Crawford Bonnet and Parker McCreary, sprints, and Fritz Holz, distance. Kirkland said he expects a strong team this year and that more men will be reporting during the week for tryouts.

The loss of Bob Crawford to the armed forces put a hole in the sprint squad, but Kirkland hopes to fill it with the talents of Wayne Johnson and Al Lewis, two remaining letter winners from last year. Bill Bonnett and Parker McCreary, two men up from last year's frosh team will also be plugging for spots in the sprint division.

Monogram winners from last year who are back with the team are Rich Bradbury, last year's captain, and ace breaststroker along with Don Medley, another breaststroke man and Jerry Light, also in the same department, will be strong figures in this year's squad. Wayne Johnson and Al Lewis, sprint men, are also bolstering Kirkland's tank crew.

University of Illinois transfer, Bob Carlman, is being counted on by Kirkland to bolster the backstroke squad, and Ted Bell will be lone man on the springboard this year.

Other hopefuls are Byron Richards, Bill Shaffer and Ron Robertson, who will be working for berths on the squad.

Kirkland has a strong group coming up from last year's freshman ranks who should give him the depth the team has lacked in the last few years.

Those men are Jerry Jones, 50 and 100 yards; Bill Buckley, backstroke and individual medley; Bill
