

# Cartier Presents "Figures Of Fire"

With almost unbelievable precision, Lazarus unwound the bindings from his body without using his hands. He opened his eyes, walked, and danced around the stage, overjoyed to be alive again. With this startling beginning, Jacques Cartier held over 750 people under his spell for the entire performance of his "Figures of Fire" in the University auditorium Wednesday night. A heavy cold hampered Cartier somewhat, and he was unable to sing certain parts of his act as he usually does. His brilliant costumes and his mobile face and body helped to put over his ideas. Cartier was backed up by a cleverly written monologue and the use of percussion instruments and records by his stage manager. During the evening Cartier did impressions from the lives of Lazarus, Cotal the Aztec high priest, King Louis XIV, Josef Cardinal Mindszenty, Joeselton the Gypsy matador, Ivan V of Russia, and Cochise the Apache.

Particularly enjoyed by the audience were the scenes with Louis the XIV of France, and Ivan V. Both showed some of the probable antics of each of these monarchs when old age sapped their senses. The hypochondriac Louis spent some time figuring out his bills for pills and enemas while Ivan caught flies and pulled their wings off. Cartier designed and wrote the production which has been playing for the last 11 years. The bit of color. The costume used in portraying Joeselton, the arrogant matador, was bought in Spain by Cartier's father and was once used by Rudolph Valentino. The audience "delighted" Mr. Cartier with their reactions. He said he was surprised to see how beautiful the state of Idaho is, and expressed regret that people know of Idaho only in connection with the potato. Cartier, a former Broadway figure who was once offered a job with Ziegfeld's Follies, was scheduled to play at WSC last night. His appearance here was sponsored by the Public Events committee. Cartier's use of feathers for the Indian costumes provided an added

## The Bucket; Built For Students' Use

Students Selected As Representatives

Arline Snyder and Harvey E. Pate have been selected as representatives for Lucky Strike cigarettes on the Idaho campus. As representatives, these students will be participating in a professional, national campaign in which they will "earn while they learn" practical techniques of business to supplement theory learned in the classroom. In addition to gaining valuable experience, the students will receive "Certificates of Commendation," signed by the faculty supervisor and a Student Marketing Institute executive.

Col. Brinkley Addresses Army Cadets

Colonel Thomas M. Brinkley, senior army officer in the state of Idaho, told over 500 Army ROTC cadets yesterday that from their ranks would come the future leaders necessary to the country's security. Brinkley, who is chief of the Idaho military district, addressed the individual ROTC classes during his annual inspection of Idaho's army unit. The colonel, a highly decorated veteran of 36 years of regular army service cited a number of Idaho ROTC graduates who distinguished themselves in both World War II and Korea. "Training received in the ROTC program," Brinkley pointed out, "qualifies young officers to perform the most important duty the army and community requires, that of leadership."

Small Trees Get Ax For Storage

The University Clark-McNary nursery is busily cutting down trees for winter storage. Twenty different species of trees from one to four years old are cut down from the forest and put in the nursery's cold-storage building. In the spring these trees are sold to Idaho farmers for wind-breaking or other farming purposes. This year there are already one-fourth million trees in storage. Cutting will be continued as long as the weather permits. The nursery raises 35 different species of conifers and hardwoods. The trees are then sold to the farmers at a discount, evergreens at \$16 per thousand, and hardwoods at \$15 per thousand. Farmers may obtain trees in the spring and summer from their county agents who have received the trees from the Clark-McNary nursery.

Students' Art Works Will Be Auctioned

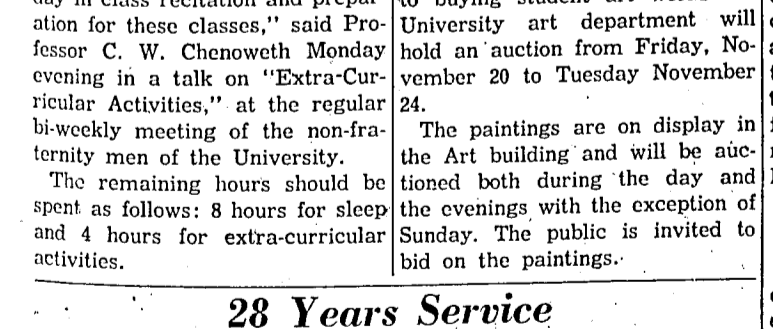

In answer to many inquiries as to buying student art works the University art department will hold an auction from Friday, November 20 to Tuesday November 24. The paintings are on display in the Art building and will be auctioned both during the day and the evenings with the exception of Sunday. The public is invited to bid on the paintings.

Extra-Curricular Activities - 1952

From the November 22, 1922 issue of the Argonaut: "Every individual who attends the University of Idaho is obligated to so divide his time as to be able to spend at least 12 hours a day in class recitation and preparation for these classes," said Professor C. W. Chenoweth Monday evening in a talk on "Extra-Curricular Activities," at the regular bi-weekly meeting of the non-fraternity men of the University. The remaining hours should be spent as follows: 8 hours for sleep and 4 hours for extra-curricular activities.

28 Years Service

President J. E. Buchanan presents a certificate of merit to University maintenance employe Peter T. Gormsen who has retired after 28 years of service. Shown left to right are George Gagon, University engineer; Gormsen, Buchanan and Kenneth A. Dick, University business manager.

Censorship

A photograph showing crowded dormitory conditions prompted the dean of men at the University of Maryland to confiscate several thousand copies of the Diamond-back, student newspaper. When Dean Geary Eppley objected to a picture of basement living quarters for 24 women students, he decided to make off with the papers so nobody else could see it. It wasn't the first censorship attempt at Maryland. According to Elin Lake, Diamondback editor, the administration tried earlier this year to keep the public from knowing that the dean of women received a summons for failing to stop for a school bus that was loading and unloading passengers. When a reporter from the Baltimore Sun was sent to the Maryland campus to cover the University's censorship activities, he was arrested by a campus policeman and momentarily kept from phoning the story to his paper.

## The Idaho Argonaut

VOL. 58, NO. 19 THE IDAHO ARGONAUT, Official Publication of the ASUI FRIDAY, NOVEMBER 20, 1953

Fifteen For . . . . .!

There are two Fellows and only one Angel at the University, one Alley and one Brook(s). Idaho claims one Harp to four Horns, two Wolves and two Crows. This information comes from the 1953-54 Kampus Key, a directory of students and faculty at the University of Idaho. Publishers of this directory are the members of Blue Key, national men's honor service organization. The Kampus Key, sold in all living groups, is 50c and lists alphabetically full names, addresses and phone numbers of all students enrolled this semester in the University. It also includes each student's major, year in school and home town. Living group president, social chairmen, intramural managers, and officers of the student government and editors of student publications can also be found in this blue book, along with faculty and employees' names, addresses and phone numbers.

Groups Receive New Activities Eligibility Clause Is Recommended

Men's Intramural Debate Contest Won by Sigma Chi

Chuck Degler and Paul Schultz, Sigma Chi, clinched the Men's Intramural Debate tournament Wednesday evening by winning over runner-ups Jim McCord and Bill Olstrander, Beta. The debates were judged by Fred Williams, Delta Sigma Rho president, and Jim Kruger and Lee Anderson, winners of last year's tournament. After the debates Dr. A. E. Whitehead, the debate coach, gave constructive criticism on the men's speaking style. The Northwest Regional Debate tournament will begin this afternoon and continue Saturday morning on the WSC campus. Eighty-two teams from Idaho, Oregon, Washington, and Montana are entered in the tournament. There will be six rounds of debate in the men's and women's division. Members of the Idaho Intercollegiate debate team traveling to WSC are Leen Anderson, Jim Kruger, Paul Schultz, Charles Oldham, Stanton Tate, Andrew Field, Hugh Burgess, Fred Williams, Bernard Henderson, Roger McPike, Sally Landers, Pat Bartlett, Earlene Chilcott, Jody Keith, Dorothy Carter and Kay Kreizenbeck.

Costumes Displayed

Mary Jean Waterpau from Baghdad, Iraq, has brought with her to the University of Idaho an interesting collection of Arabian costumes which are now on display on the third floor of the Home Ec building. A few of those on display are a Bedouin woman's dress from Shammar — given by the Sheik of the Bedouin tribe; a town costume of a Bagdad woman; several Kurdes royalty costumes — one given by the princess of the Kurdish Jaff tribe. Also included are several very decorative Arabian horse halters. Mary Jean, a freshman in Home Ec and her brother, Lee, an Ag major, are both students of the University. The Waterpau family have been residents of Iraq for a year. Mr. Waterpau is an agronomist with the Point Four program.

Extension Of Street Is Planned

Field surveys are being held by the University engineering department to determine the cost of extending Rayburn street from Sixth street to the Moscow-Pullman highway. The proposed street is part of a long-range campus traffic improvement program. George Gagon, University engineer, said that the extension has been under consideration for some time. He added that no construction date has been set. Rayburn is the main north-south street into Neale stadium. The proposed extension from Sixth street will bisect West Sixth Vets village and enter the main highway one block west of Line street. Buildings 7, 8, 18, 19, and 24 in West Sixth Vets village will be torn down if the University administration authorizes construction of the Rayburn extension. Warner Cornish, director of family housing, said that families now living in the buildings involved should not be unduly concerned. He said, "In the past, we have always been able to provide housing for families forced to vacate." Cornish added that the number of families required to move will be cut to a minimum by his policy of restricting re-entry into units scheduled to be dismantled.

Large Elk Bagged By Roy Wood

Roy Wood, field superintendent in agronomy, bagged a 500 pound bull elk Sunday within 40 yards of the road seven miles north of Deary. Wood was with John Ikeda, University accountant, and Paul Torrell, Latah county weed supervisor. The men were hunting on Mica mountain. They were returning to the car after a morning of fighting heavy underbrush when the five-pointer was driven into their path by other hunters.

Work on Dormitory Will Be Curtailed

George Gagon, University engineer, said that construction of the new University men's dormitory will be curtailed as soon as cold weather sets in. Cement and brick work will be halted. A few workmen will be kept busy throughout most of the winter constructing forms and doing mechanical work, he said.

"The Marriage Of Figaro" To Be Presented Soon

The techniques of staging and directing in the coming opera, "The Marriage of Figaro," are somewhat like that of drama, but differ in some respects, according to Edmund Chavez, drama faculty member in charge of staging and technical production. The opera is being presented by ASUI and the Music department Opera Workshop, December 4 and 5, in the University auditorium. In opera the play of spoken and sung words is important to carry out the idea of the play and characterization. Chavez says that "The Marriage of Figaro" is comparatively easy to direct on stage, not because it is an easy opera, but because the genius of Mozart provides dramatic situations and the appropriate music, they fit together naturally and easily. "Figaro" Easy In the staging of an opera, the motivation of movement has to be watched, for some solo numbers are difficult enough musically that

If you can't recognize these people, you haven't been going to the games this year. Forming an "I" are the six women pom-pom shakers and the three male yell leaders. The picture was snapped just before their last home performance of the year.

Benson's New Ag Plan To Affect University

The University extension service staff may be increased in order to cope with new developments in Secretary of Agriculture Ezra Taft Benson's reorganization plan. This was revealed by D. R. Theophilus, dean of the college of agriculture. He added that no immediate changes are indicated. It is expected that congress will increase appropriations at the next session to provide for staff additions and an accelerated research program. "Most of the publicity of the USDA changes has dealt with a minor phase of the entire thing — elimination of Soil Conservation regional offices," Theophilus said. He told the Arg reporter, "The over-all plan is to develop a sound, permanent profitable farm policy." Benson's new plan throws an increased load on agriculture departments of Land-Grant colleges. Emphasis throughout the nation is being placed on research, extension, marketing, and a balanced farm and public policy, according to the dean. "Farmers are being squeezed between high prices for the things they must buy and their falling income from farm products," Theophilus claimed. He said surpluses are great and new marketing methods must be found to dispose of these crop surpluses. Dean Theophilus revealed that the extension service is presently re-evaluating its methods and personnel so that the expected expansion of the service will be accomplished smoothly. Increased efficiency is the main object of the re-evaluation, declared the dean. The entire reorganization program is being made up in conjunction with the Agricultural Consultant council, a group of 10 men and one woman representing the agricultural service on a state-wide basis. Dean Theophilus said, "We have every reason to believe that the administration will attempt to get more funds for research and personnel, and that chances are good for success of the attempt."

PUBLIC OR PRIVATE?

For the second straight year the inter-fraternity council at Augustana college, Illinois, has refused to permit a reporter from the Observer to attend its meetings.

Air Society Selects Squadron Name

"Eugene Beebe" was selected as the squadron name of Idaho's Arnold Air society at its regular meeting Tuesday night. In the past Idaho's Arnold Air society was known only as the C-1 squadron. Eugene Beebe was a 1928 graduate of the University of Idaho and received a degree in mechanical engineering. While in the University he attained the rank of Cadet Colonel in the Army ROTC. As a pilot later he attained the rank of Brigadier General. A dedication ceremony with General Beebe in attendance will be held.

TV Guild To Produce First Show

The first television show of the year by the Radio-TV guild will be seen this Saturday at 6 p.m. over KXLY-TV. It will feature demonstrations concerning the Thanksgiving holidays. Lampman head of the poultry husbandry department, will demonstrate how to carve a turkey. New from the horticulture department, and Helen Sheve, of the Home Ec department, will show how to make table decorations for the Thanksgiving holidays. Also in the video cast are Jean Moran, Rickey Jones, Barbara Pearce, Jan Morgan and Marg Hatten. Don Vandevort is art director; Jim Sanberg and Marilyn Monroe, sets; Don Bundy and Mary Jean Waterpau, props; Rita Schroeder and Jane Remsburg, makeup; Sally Landers, costumes; Tom Warner and Chuck White, floor manager; Jim Kruger and Warren Peterson, technical; Jim New, announcer.

WEED CONTROL State Personnel Attend Sessions

Lecture and laboratory sessions of the second biennial weed control short course to develop weed control programs and the application of the materials involved are being attended by county, state, federal, and commercial personnel from all over the state. Some of the subjects that are covered in the morning lectures are European weed problems as compared to the United States, water weeds, cultivation and cropping of weeds; and the weed problem as a whole in Idaho and Washington. Weed and seed identification takes place during the afternoon laboratory sessions. The overall recommendation for weed control in the state is the subject of the Friday morning lecture. Speakers at the general sessions are Dr. D. R. Theophilus, Dr. James E. Kraus, Dr. William E. Foltz, Dr. K. H. Klages, Dr. Boyd I. A. Martin, Clarence I. Seely, Cecil Hagen and H. Walter Steffens.

COMING EVENTS

Saturday: New KUOI announcers meeting in studio, 10:30 a.m. Meeting of all KUOI staff members, office workers and announcers, 1:30 p.m. Important that all personnel attend. Monday: Helldivers, 7:30 p.m. in the gym.

COMING EVENTS (continued)

## Sign Up

The campus 'Share the Ride' program so far has fallen flat on its face if student response to date is any indication. So far, about six individuals have indicated that they need transportation. Some eight drivers have thus far registered their desirability for passengers.

Maybe only a few of you guys and gals plan to go home for Thanksgiving. Or, maybe arrangements are being made between riders and drivers without benefit of the 'Share the Ride' program.

Riders have indicated their desire for transportation to the following cities: Wallace, Twin Falls, Pocatello, Billings, Jerome and Boise.

Drivers with space available will go to Weiser, Twin Falls, Sandpoint, Portland, Midvale, Caldwell and Boise.

The wholesale emigration from campus to home town is only five days away. That doesn't give much time for everyone to get squared away without undue confusion. Success of the program depends on each one of you.

If successful, this same method of 'Share the Ride' will be used Christmas vacation.

—H. A. S.

## Eight Attending PE Conference In Idaho Falls

Four University students and four physical education instructors are attending a regional physical education association conference in Idaho Falls this weekend.

Blanche Pelleberg, Joy Kern, Wanda Gray and Edward Williams are the students representing the University.

Mabel Locke, chairman of the PE department for women, Edith Betts, PE instructor, Leon G. Green, head of the PE department and Eric B. Kirkland, instructor, are the four instructors making the trip.

Last weekend the girls' hockey team whizzed through the Northwest hockey conference at Seattle without a single defeat. They won two games and tied one.

Their first game was with the University of Washington immediately after they arrived Friday afternoon. This game ended in a 1-1 tie. On Saturday Idaho defeated Clark college 2-1, and the College of Puget Sound, 5-0.

It was reported that the team members played well together and each of the girls was outstanding in her respective position.

While staying in Seattle they were guests of the University of Washington and were housed at the Wilsonian hotel. They also attended a hockey banquet Saturday evening.

Next year's hockey conference will be held at Corvallis, Oregon.

## WRA NEWS

There will be open volleyball practice this afternoon. All volleyball enthusiasts are urged to come to the gym.

The badminton doubles tournament has been divided into two parts, the regular section and the consolation section for those who were defeated in the opening match. Tournament points will be awarded to the winners in both divisions. Members of each team are responsible for finding out the date and time of their own matches.

The race for the WRA tournament cup can be won by one of several houses. The two badminton and volleyball tournaments are all that are left before the cup is awarded.

House standings are as follows:

Hays hall	\$80
Gamma Phi Beta	\$70
Forney hall	\$10
Kappa Kappa Gamma	\$40
Steel house	\$40
Kappa Alpha Theta	\$20
Pi Beta Phi	\$20
Alpha Phi	\$10
Delta Gamma	\$0
Delta Delta Delta	\$0
Alpha Chi Omega	\$0

## Engineers Hold Annual Smoker

More than 150 engineering students and faculty members attended the annual engineers smoker held in the Memorial gym on November 18.

Ralph Townsend acted as master of ceremonies. Included on the program were a novelty act by the Small Sisters (Lucy Spencer and Shirley Lent), a fencing exhibition, a skit by Bryce Johnson and Ed Schmidt, and Pipe Line to the Clouds, produced by General Electric.

Department heads and faculty members were then introduced by Dean Allen Jensen of the college of engineering.

Refreshments were served at the close of the evening.

## Weather Class Takes Field Trip

Dr. H. H. Caldwell's weather and climate class took a field trip Thursday to Spokane to observe the operation of two first-class weather stations—the city weather bureau and the Army weather station at Geiger field.

The high point of the trip was the visit to the Air Force weather station, where students saw how a forecast is prepared.

The weather bureau at Geiger field has complete coverage of new developments made since World War II in the line of equipment for studying meteorology, including radar tracking of balloons

## DEAR JASON

Dear Jason,

It is unfortunate that the students of the University of Idaho have been exposed to such poor reasoning as appeared in the Argonaut, volume 58, number 18, Tuesday, November 18.

The article referred to is the unjust criticism of the Idaho football team. Truly, they don't shine over Notre Dame—but how can they give their all when they receive the "splendid support" we read about in the Argonaut several times in the past week?

Remember, Jason, these boys are only human and like all humans they have feelings.

Maybe some of our armchair athletes could do as well.

Marie, Joyce and Betti

If our criticism is "unjust" we apologize. But we'd still like to know where the performance against COP could be considered acceptable. Incidentally, you're going to have to prove it to a good portion of the students, too.

About the splendid support we can only point out that an official source figured the approximate and the determination of cloud layers through the use of radar.

## ROTC Instructor Gets Promotion

John R. Grandon, instructor in the Army's ROTC department at the University of Idaho, was promoted yesterday to the rank of master sergeant.

The six stripes of his new rank were presented to Grandon by Colonel Thomas M. Brinkley, chief of the Idaho military district, in a brief ceremony in the office of Lt. Col. James A. Moore, Idaho professor of military science.

Grandon, a regular army man, has been on the staff of the ROTC unit since the spring of 1952. A combat infantry leader in both World War II and Korea, the new

## J. Paul Sheedy\* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

"Your hair's no yoke" bellowed Sheedy's gal. "Those cowlicks look awful. Why not take the bull by the horns and get yourself some Wildroot Cream-Oil, America's favorite hair tonic? Keeps hair combed without greasiness. Makes you look cud-dily. Removes loose, ugly dandruff. Relieves annoying dryness. Contains Lanolin. Non-alcoholic. I won't cow-tow 'til you start using it heiferly day." Paul was utterly stunned, so he bought some Wildroot Cream-Oil for just 29¢. He told his girl the good news and now they're hitched for life. So just steer yourself down to any toilet goods counter for a bottle or handy tube. And remember to ox your barber for Wildroot Cream-Oil too. You'll be the cream of the campus—and that's no bull.

# No Doorknobs For Forney Frosh; ATO Pledges Pickup Dance Cans

Only five more days (legally, that is) before the unlatching of the gates and the grand escape for turkey and relaxation. Anyone eager?

The ATOs are preparing for their famous Tin Can dance on December 11, and the Delta Chi's hoping to make their annual Pirate dance one of the year's outstanding events. A get-together has been scheduled for the Phi Deltas of WSC and Idaho.

**PHI DELTA THETA**

Plans have been made for the annual get-together with the Phi Deltas from WSC December 2. It will be an all-house affair that will feature talent from the houses. Refreshments will be served.

The Phi Delta pledges are organizing to celebrate Gerry Christensen and Diane Billings' pinning in the highest style.

Roger Simmons recently resigned as tubbing chairman after his pledge brothers betrayed him. Poor Roger was thrown into Paradise creek on a 904-Overacting.

Thursday's exchange was with Alpha Chi Omega.

**DELTA CHI**

Plans for the annual Pirate dance are shaping up to make it an outstanding function of the year.

The pledges have elected Phil Custer president.

A turkey dinner after the Dad's Day game was the main house event.

**GAMMA PHI BETA**

Founder's day was observed Thursday evening at the chapter house to celebrate the founding at Syracuse university, November 11, 1874.

Joella Hamilton has been selected as candidate for Guardian Angel by the AFROTC.

Shirley Smith has been chosen to be Julie in the one-act play, "Miss Julie."

Wednesday evening's pledge exchange was held with the ATOs.

Last weekend Marilyn Marvel and Ora West journeyed to Spokane for a tour of the casket factory.

The Afternoon club, a new bridge club, has been formed at the Perch. Those having perfect attendance are Bettye Judd, Alyce Rae DeShazer and George Powell.

**ATO**

Dads here for the Dad's Day festivities included Dick Love, By Barron, Joe Edgett, Buhl; Roy Heyer, Twin Falls; Dee White, Bovill; John Turpin, Orofino; Jack Rice and Charles Potts, Coeur d'Alene; R. D. Lane, Kellogg and Art Ackerman, Crystal Lake, Illinois.

The pledges' can collection drive is now in high gear in preparation for the annual Tin Can dance to be held Friday, December 11.

**DELTA DELTA DELTA**

Dad's Day guests were: J. R. Gooding and Fred and Butch,

James LaBarge, Mr. and Mrs. Harold Kreysler, Mr. and Mrs. Clarence Carlson and Gayle and Larry, Mr. and Mrs. Spencer Carlson, Mr. and Mrs. Matt Moslin, Cady, Mr. and Mrs. Horace W. Teutsch, Mr. and Mrs. J. B. Oud, Mr. and Mrs. Willard Waters, R. H. Oud and John, Elizabeth Wilkes, James Raymer, Cecil Hayter, Jim Richards, Iris Herrett.

Sunday evening the pledge class gave a fireside in honor of the members.

Shirley Kreysler and Val Stewart were chosen as our candidates for Sweetheart of Sigma Chi.

It was high water season for the second floor of the house Wednesday evening when Maize Collett, Nancy Leek and Jane LaBarge formed a squadron to attack the house president Nancy Livingston.

Nancy Livingston maneuvered her waste baskets full of water and proceeded to make a bath tub out of the second floor hallway, causing her to go down in defeat.

Who wants lawns raked??? — Services will be held.

**DELTA SIGMA PHI**

Wednesday dinner guests were Melvin Schmidt, Kenneth Kruger and Charles Monson.

Guests for Dad's Day were: Mr. and Mrs. Roy Bryant of Kamiah; Mr. and Mrs. Tim Lydston of Boise, Mr. and Mrs. Elton Bentley and Mr. and Mrs. Peter J. Smith of Post Falls, and Mr. and Mrs. James Aldrich and Mr. and Mrs. Daryl Winning of Bonners Ferry.

Walt Aldrich has passed his pin to Billie Vancil, Forney hall.

Pete Hamm is a recent addition to the pledge class.

**ALPHA CHI OMEGA**

Honored guests at the Dad's Day dinner Sunday were Leonard Thorp, H. W. Steffans, Germain, Edward N. Dunn, Mr. Hale, and Walt Field.

Marilyn Cossairt, Bonners Ferry, was a weekend guest.

Sophomore initiates were honored at a party Tuesday night given for them under the auspices of Solvung and Company. Honored guest was Christine Engert.

**FORNEY HALL**

The scoop for the week includes the frosh sneak last Monday night. It was a sad night as the frosh returned to find the door knobs gone — all gone. However, the night was saved as ol' Forney had one screwdriver for three floors. Our brave frosh took turns opening their doors and finally came the dawn and the last of the crew hit the sack. However, they were up again by 6 a.m. as they had to dress up for breakfast. Throughout the day the sops were addressed as "Madam (?) Sophomore." The night ended with a cartoon dinner.

The engagement of Charlotte Jungert to Don DeArmond was announced amid the monotone bugle call of her three room mates. She is now giving instructions on "How to snag a man" to the less fortunate.

Tuesday evening a "Bon Voyage" party was held in honor of Blanche Pelleburg, who embarked Wednesday for a physical education convention in Idaho Falls. Refreshments were served, courtesy of Jack Knodle, and the hoboree was surprised by useful gifts and a snapdragon corsage.

An impressive array of guests highlighted our weekend. Mr. and Mrs. Elmer Jungert, Ed Mielke, Charles Parks, Jim Archibald, Howard and Sandy Sims, Phil Jacobson, Frank Varsveld, Grace Siniff and Jo Ann Schaefer, Bob Campbell, Bob Farrin, Jack Knodle, Ken Hallett, Quinton Helling and Deah Louise Carter were guests for our annual Thanksgiving dinner.

Phyllis Roff, Blanche Pelleburg, Louie Vance and Maggie Teare were Forney's representatives who attended the Northwest Field Hockey conference at Seattle.

We serenaded the Campus club for a lost trophy and later "rolled up the records and put on a rug" and danced.

**DELTA GAMMA**

The girls of Delta Gamma had a wonderful Dads' Day weekend. At the Dads' banquet Saturday night, Mr. Wright from Idaho Falls, and Mr. Morey O'Donnell of Moscow, Idaho, gave us some spontaneous entertainment.

Mrs. Helmsworth of Moscow was a dinner guest Wednesday night.

Pledge exchange this week was with the Deltas.

**KAPPA ALPHA THETA**

Guests for Dad's Day at the Theta house were Mr. and Mrs. Owen Shively, Mr. and Mrs. C. R. Meils, Mr. and Mrs. J. M. Pearce, Mr. and Mrs. W. Brammer, Mr. and Mrs. W. Roden, Mr. and Mrs. W. T. Diehl, Mr. and Mrs. O. Danielson, Mr. and Mrs. R. W. Merrill, Mr. and Mrs. E. M. Dregnie, Mr. and Mrs. C. Phillips, Mr. and Mrs. C. Pennington, Mr. and Mrs. Evans, LeRoy Dixon, C. W. Duffy, D. R. Little, Paul Raivell, L. V. Morgan, Dick Clapp and Donna Knickberg.

# Norway's Customs Told To Students

"Norway" was the country described to Cosmopolitan club members and guests last Sunday. Seven Norwegian students and two students from the USA, who have traveled and studied in Norway, were introduced by Olaf Stavik, noted skier and engineering student from Molde, Norway.

Liz Winegar, who spent last summer at the University of Oslo commented on her impressions of the school systems.

Marge Hatten, Farm Youth exchanged student who worked in the farming communities of southern Norway for one semester of last year described some of her experiences in the land of her ancestors. Color slides were used in illustration.

**Talk Differently**

Sig Pettersen, from northern Norway told of the mining, fishing, and shipping industries in that area. He explained that the many physical and dialectal differences among Norwegians arise from early settlement of the country, and contact with various border peoples.

The political and social structure of Norway's three million people was outlined by Tore Kristofferson, who stated that "socialism can have a different meaning in a different country." He believes there is actually just as much freedom in Norway as in the USA, although free enterprise is still an unsettled issue. The merchant marine, third largest in the world, is Norway's one claim to the free enterprise system. Major industries are nationalized.

Although Norway has a bi-annual government, a king and a parliament, King Haakon is only a representative of the people, without actual political power. He holds a veto right which he has never exercised.

Many in Oslo

Norwegians have maintained a high standard of living since the last war. Instead of automobiles, many families have their boats. One-sixth of the entire population of Norway lives in Oslo, the largest and most metropolitan city.

Grete Henriksen of Royken, Norway, declared that most Norwegian school children learn, in

## Church News

**LSEA**

There will be a regular meeting this Sunday at 5 p.m. in the First Lutheran church.

**CANTERBURY CLUB**

Canterbury's bowling party will begin at 7 p.m. and the group will meet at the alleys. Following the bowling the group will go to Canterbury house for coffee and donuts. All members of Canterbury are urged to plan to be in attendance.

Regular Sunday meeting begins at 5 p.m. with dinner. The program for the evening discussion will be "Church Symbolism."

**ROGER WILLIAMS CLUB**

Be at the church at 6:30 Sunday evening for singing, a discussion moderated by Walt Butcher and games and supper after the evening church service.

**LDS**

There is a very important Lambda Delta Sigma meeting for all pledges and those to be pledged Friday night at 7 p.m.

A short pledging ceremony will be held at 7:45 for those who missed the first pledging.

The regular Lambda Delta Sigma meeting will be held at 8 p.m. for members and pledges. There will be dancing and refreshments.

**DSF**

Sunday at 8 a.m. th DSF is giving a waffle breakfast at the Campus Christian center. Everyone is welcome to come and bring his friends. The price will be fifty cents. If you are coming please call Donna McKee at 8151 by Saturday afternoon.

The regular meeting will be held Sunday evening from 5 to 7:15. This includes a recreation, refreshment, and a devotional period. Also fun and fellowship for all.

A woman called the local butcher before she went out: "Send me fifty cents worth of steak and if I'm not at home just tell them to poke it through the keyhole."

It is especially important in these times to know how to get along with people, because you just have to get along without money.

# Utah State Favored in Finale; Idaho Still Looking For 2nd Win

## Black Saturday Looms For Weak Vandal Squad

Things couldn't look much darker for the University of Idaho Vandals than they will be looking tomorrow afternoon in Bronco stadium at Boise where they meet a tough Utah State Aggie crew in the Vandals last game of the season.

Being able to pull only one game out of their hat of the eight they have played, the Vandals are far from being favored over the Aggies. The Utags are looking forward to their best season on record with a six game winning streak backing them up.

Babe Curfman's squad started the season off with two losses to San Jose and University of Utah and went on to best Montana State Grizzlies in their only victory this year, 20-12. Since that game, the Idaho contingent has lost to Washington State, Oregon State, University of Oregon and college of Pacific.

Although the Utah State boys have managed to cop only two victories from the Vandals in the ten games the schools have played together they are favored easily by a pair of TD's even without the efforts of their starting quarterback, Kent Harris.

Harris, who fractured a finger in last week's Denver game will be replaced by John Karnick. Karnick will be remembered as the man who gave Idaho their only TD in the game last year when he fumbled on his own three yard line. Idaho won 6-3.

Idaho will take the field without the talents of Flip Kleffner who is recovering from a shoulder separation received in the Oregon game two weeks ago. Ted Frostenson will not see action tomorrow either as a result of a head injury also received in the Oregon tilt. Bob Lee is lost to the Vandals this week after breaking his hand in last week's COP-Idaho game. A new blow was dealt Curfman and his team early on Thursday when Dick Pickett was ruled ineligible.

### NOTICE

All those men who are interested in assisting with public address announcing at Idaho's home basketball games, please meet at the Radio center this afternoon at 1:30. If you are interested but can not make it at that time, please contact John Hughes at 2465, or Mr. Robert Tracy at the Radio center. Experience is not necessary for announcing over the public address.

## Stanford and Cal Vie for Honors In PCC Battle

LOS ANGELES — Stanford and California, who tangle on the gridiron this weekend, are waging a neck-and-neck battle for total offense honors in the Pacific Coast Conference, it was disclosed by figures from the PCC Commissioner's office.

Stanford has averaged 350.2 yards a game to 347.6 for California. UCLA ranks third at 311.4. The Indians have piled up most of their yardage through the air where they lead the PCC with a 185.1 average. California also ranks second here, 159.3, and Washington third, 132. Stanford already has cracked one PCC season record with 18 TD passes (old record: 16, UCLA, 1946, and WSC, 1951) and has a completion percentage of 58.2 pct. which exceeds the old mark of 57.3 pct. (Washington, 1950).

Leading gainer on the ground is UCLA, 247.5 yards while Southern California has 188.9 and California 188.2. UCLA also has the best punting game, 39.9 yards, to 39.5 for Southern California.

The Bruins are top ranked in total defense, having allowed foes but 198.4 yards a game. Oregon is second, 234.3, and Southern California third, 240.7. The Trojans have the best ground defense, 114.5, followed by UCLA, 188.8, and California, 155.6, while Oregon has the tightest aerial defense, 63.4 yards, to 79.6 for UCLA and 91.9 for Oregon State. Oregon has allowed but 40 completions for 571 yards and could crack the existing season marks of 53 (Montana, 1949) and 668 yards (Southern Cal, 1952).

California and Stanford have intercepted the most passes, 18 each, while Washington State leads in kick returns with a 12.4 average on punt runbacks and 21 on kickoff returns.

Games Saturday: UCLC-Southern California at Los Angeles; California-Stanford at Stanford; Oregon State-Oregon at Eugene; Washington State-Washington at Seattle, and Utah State-Idaho at Boise. Only remaining game after this weekend is Notre Dame-Southern Cal at Los Angeles November 28.

Television: A device that permits people who haven't anything to do to watch people who can't do anything, raking, leaves.

## Ski Members And Hopefuls Meet

Preparations for initial workouts for ski team candidates were announced by Capt. Henry Burnett, Vandal ski coach this week to team members and hopefuls.

Training will begin the week following Thanksgiving vacation, with three outings a week scheduled.

This year's varsity will be built around returning lettermen Norman Geertsen, Muddy Numbers, Torre Kristofferson, Olaf Stavick and Harvey Hoff.

Capt. Burnett stressed the fact that there are openings in all departments. "Cross country participants are badly needed," said Burnett, "and I urge any candidate who wants to train to work in this field. If we can develop cross country strength we should be able to field a good, well rounded squad."

"Possibilities of a practical ski area on Skyline Drive are great," said Burnett. The Skyline area is located about 30 miles North of Moscow and is part of a 4000 acre recreation area which has been given to the University by Virgil McCroskey.

Present construction on the facilities is the product of the combined efforts of the ski team, Ski Club and Skyline Drive association.

Television: A device that permits people who haven't anything to do to watch people who can't do anything, raking, leaves.

## Cameron Still Leads Race; Kleffner Tied

LOS ANGELES—Paul Cameron, Bob Garrett and Sam Morley have strangleholds on their respective rushing, passing and receiving crowns but every other statistical battle is wide open as Pacific Coast Conference teams head into their final weekend of play.

Figures released by the PCC Commissioner's office showed Cameron with 618 yards rushing and a lead of more than 100 yards over Aramis Dandoy, Southern California, 505, and Dick James, Oregon, 479.

Garrett has completed 106 passes for 1506 yards and but five interceptions for a commanding margin over Sandy Lederman, Washington, 80 completions, and Paul Larson, California, 72. Garrett threw three TD passes Saturday to run his total to 16, thereby smashing the old PCC season mark of 15 (Bob Burkhart, WSC, 1951). He has a completion mark of 59.6 pct. and an outside chance to crack Don Heinrich's record 60.9 pct. set at Washington in 1950.

Morley has 39 receptions for 506 yards and five touchdowns. Following him are two teammates, John Steinberg and Ron Cook, with 29 and 17 catches, respectively. The PCC record of 46 was set in 1951 by Ed Barker of Washington State. In total offense Garrett has a three-yard lead over Larson,

## INTRAMURALS

Seven teams in the intramural volleyball league are undefeated according to unofficial statistics tabulated on scores received by the Argonaut.

Willis Sweet No. 2, Lindley No. 1, Eagle and Anchor No. 1 and Chrisman No. 2 pace the independent league, while Phi Delta Theta, Sigma Chi and Sigma Nu are atop the Greek loop.

The week's results:

- PDT over DC.
- PGD over SAE.
- BQ over DTD.
- SN over KS.
- TKE over LDS.
- ATO over DSP.
- LGA over PKT.
- SN over LDS.
- PDT over LCA.
- DSP over PGD.
- DC over BTP.
- TKE over SAE.
- DTD over PKT.
- ATO over KS.
- E&A 2 over IC 2.
- CC 1 over WSH 1.
- WSH 2 over CC 2.
- LH 1 over CH 1.
- E&A 1 over IC 1.
- CH 2 over LH 2.

1371 to 1368, with Lederman third, 998. In TD responsibility, Garrett has 17 to Cameron's 16 and both have a chance to equal the record of 20 set by Russ Saunders of Southern California in 1929.

## Rose Bowl Team Picked Monday

LOS ANGELES — Formal announcement of the Pacific Coast Conference representative in the 1954 Rose Bowl game can be expected on Monday, November 23, Commissioner Victor O. Schmidt said this week.

"The Pacific Coast Conference team that plays in the annual Rose Bowl game is selected by the vote of all nine member institutions following the conclusion of the Conference football season," said the Commissioner.

"The members vote for the team they believe will best represent the Conference in the Rose Bowl, exclusive of the team last in the Bowl, which is not eligible to repeat under the present rules.

"In the cast of a tie vote for first place, the team (or teams) most recently in the Rose Bowl is (are) excluded and the other tied team is automatically selected."

The Commissioner emphasized that the rule applies to ties in the vote cast only, and not to ties in the team standings.

The Conference season will be completed this weekend with the exception of Southern California, which has a non-Conference game on November 28. Southern California, however, represented the PCC last January and, under terms of the Rose Bowl agreement, is not eligible for the 1954 game.

### ...and give thanks you live in America!

**T**HIS THANKSGIVING as you bow your head to express your gratitude for your private blessings, remember to give thanks for one you share with over 150 million other people:

- The blessing of living in America.
- Nowhere else in the world are your personal rights so well guarded, and your work so well rewarded.
- The average American wage, for instance, is \$3100 ... the Russian but \$720.
- The American gets an average of 323 pounds of meat per year... the Russian gets only 33 pounds.
- The American has an average of 38 pounds of sugar to sweeten his life yearly... the Russian just 18 pounds.
- The American spreads a minimum of 18 pounds of butter and margarine on his bread in a year. The Russian gets but 4.2 pounds.
- Authority for these Russian production figures? Georgi Malenkov, Premier of Russia. These are his own statistics in his official speech to his Deputies.

He gives no figures for the production of cars, television sets, refrigerators. Eight years after the end of World War II the Russian is apparently getting almost none of these things.

Such unwitting testimony for the free American way of life—from the one who would destroy it—should give us pause this November 26th.

Pause to express our thanks for the gift of American citizenship, and the inalienable rights this gift bestows.

Pause to determine, to protect this way of life for ourselves and our children's children... against any odds!
