

LATTIG MEMORIAL SERVICES TOMORROW

Music Staff Organist To Present 2nd Concert

The second in the dedication series concerts for the Margaret Weyerhaeuser Jewett memorial pipe organ will be given Monday, December 7 at 8 p.m. in Recital hall at the Music building. Featured performer will be Marian Frykman, organist on the staff of the Department of Music.

Marian Frykman, also known throughout the Northwest as a concert pianist, has studied organ with Arthur Jennings of the University, Ernest White and Carl Weirich of the Organ institute staff.

The Jewett organ was presented to the University of Idaho in 1952-53 by Mr. and Mrs. George Frederick Jewett of Spokane. Designed and built by leading organ manufacturing company during the winter and spring of 1953, the three-manual instrument was installed in Idaho's new Music building during the late summer. The first concert in the dedication series took place on October 29.

Marian Frykman will be heard in organ compositions by 17th and 18th century composers Pachelbel, Buxtehude and J. S. Bach, as well as major works by Cesar Franck, Arthur Honegger and Jean Langlais. For the final portion of her program she will be joined by the University symphony orchestra, Carl Claus conducting, in a performance of Handel's Fifth Concerto for Organ and Orchestra.

The concert, which is open to the public without admission fee, honors members of the Moscow Fine Arts club, who will be special guests.

Applications Due Soon

Applications for the Ford Foundation fellowships for study or research concerning Asia, the Near and Middle East must be sent to New York by January 8, 1954, according to W. T. Brockelbank of the foreign scholarship committee.

Awards will be made for periods of from one to three years. Amount of awards are determined by applicants' qualifications and experience and the individual program of study and research.

Eligibility requirements are: seniors (men or women) completing the bachelor's degree in June, 1954; person now engaged in business, government, education or other fields; graduate students who are doing or have done work relating to these areas or whose work have specific application to these areas.

Additional information may be obtained from the Rhodes, Fulbright and Foreign scholarship committee, Professors Cook, Wolfe and Brockelbank, or the Ford Foundation Board of Overseas Training and Research, 57 Madison Ave., New York 22, New York.

It is easy to utter condolences, so we won't. Let us reflect that the history of every great institution contains a list of men who dedicated their lives to that institution.

Let us just write Dean Lattig's name in to the long list of men who built the University of Idaho. Let us add a special note of thanks from the students. He was their friend.

Sophomores Begin Big Week

The sophomore-sponsored Holly Week has started with the announcement of the Holly Queen candidates, chosen by their respective living groups. One of the 11 sophomore coeds will reign over the Holly Dance festivities December 11.

The candidates are Rena Allen, Theta; Nancy Leek, Tri Delta; May Pappenhagen, Alpha Phi; Janet Campbell, Alpha Chi; Elenor Long, Kappa; Jacky Thorsen, Delta Gamma; Pat Henry, Pi Phi; Jo Ella Hamilton; Gamma Phi; Carol Rojan, Steel house; Aleanor Hathaway; Forney, and Pat Jones, Hays.

Five finalists will be chosen by the sophomore men at dinner Friday night.

Regents Accept Gifts To U of I

Additional scholarship funds have come to the University with the formal acceptance of gifts by the regents at their Boise meeting, President J. E. Buchanan said today.

The Presser Foundation of Philadelphia provided \$250 to be awarded in music, preferably to a student who will become a music teacher.

Final payments were made to the University for the Idaho Plymouth dealers Model Plane scholarships awarded to James Kelly, Coeur d'Alene, Robert Martin, Twin Falls, and Michael Weeks, Rupert. The scholarships provide \$326 for each student.

The Parma Water-Lifter company, Caldwell, has given the department of agricultural engineering a 10-horsepower pump for its irrigation laboratory.

Thirty-one volumes of fiction were presented to the library by Dr. Harold Mellvaine of biological sciences.

Veterans Under New Regulation

A new regulation concerning change of curriculum for PL 550 veterans has been received.

Under the new regulation the University may permit Korean veterans to change from one college to another so long as no extension of time is required to complete the degree.

The University must certify to the Veterans Administration for record purposes that the change does not involve any such extension in point of time and the designation of the revised degree objective of which the veteran has charge.

If any extension of time is necessary, the veteran must receive permission from the VA regional office before the change is made.

This does not apply to the veterans under World War II benefits, as they are not permitted to change courses without prior approval of the VA.

"Figaro" Tickets Sell

Tickets are now on sale for the December 4 and 5 performances of "The Marriage of Figaro," Mozart's four-act comic opera. Reserved seats may be obtained either at Hodgins Drug store or at the Student Union bookstore.

Students may get tickets by presenting their ASUI cards, but it is necessary to get a ticket. Admission is sixty cents for non-ASUI members.

Final rehearsals are being held this week, with dress rehearsals scheduled for Wednesday and Thursday nights. The sets have been completed under the direction of Edmund Chavez. The music, directed by S. Keith Forney, is reaching the performance level.

Tickets may also be obtained at the auditorium door the nights of the performances.

Harvey Hoff To Attend Congress

Harvey H. Hoff of Caldwell, a junior in business administration at the University, has been selected to represent the State of Idaho at the 58th annual Congress of American Industry of the National Association of Manufacturers.

This was announced today by F. N. Youngman of Portland, vice president of Crown Zellerbach corporation and NAM regional vice president.

The congress will be held December 2, 3 and 4 at New York city. Expense-paid trips will be provided all students attending the affair.

Selection of Hoff was based on scholarship, personality and leadership qualities. Along with students from each of the 48 states, Hoff will attend all business sessions of the congress as well as the wind-up banquet December 4.

He will hear nationally-known speakers from among American and European industrial leaders, governmental officials and educators from schools and colleges in various parts of the country.

Some 3,000 industrialists from all parts of the United States, Europe and South America will attend.

Audio-Visual Center Previews Material

"Preview Time," a review of all new materials received at the Audio-Visual Center, is presented every Monday afternoon at 3 p.m.

The schedule for December 7 includes News Magazine of the Screen, Menacing Shadows and American square dance.

This is open to all persons interested in new material at the center.

Dean Lattig Is Victim Of Leukemia

Memorial services will be held 4:00 p. m. Wednesday in Recital hall of the Music building for Dean Herbert E. Lattig, who died of leukemia at Gritman hospital 9:30 p. m. Thursday evening. He was 61.

Dean Lattig was born in Anita, Idaho, January 28, 1892. His family later moved to Payette in 1906. His parents, Elmer Fritchle and Bartha Korkham Lattig, were descendants of ancestors who came to Penn colony in 1708.

Lattig graduated from Payette high school in 1911. He attained a B.S. degree in agriculture in 1915 and an M.S. degree in education in 1925 from the University of Idaho.

After serving in World War I, Lattig held a job as superintendent of a large wheat ranch near Strathmore, Alberta.

In 1926, Lattig joined the University of Idaho staff as a professor of agricultural education. He became assistant dean of the College of Agriculture in 1935.

During World War II, Dean Lattig served as coordinator of programs set up by the University of Idaho in cooperation with the army.

Lattig served as coordinator of programs set up by the University of Idaho in cooperation with the army.

Director S. Keith Forney, right, reviews the script for the December 4 and 5 University of Idaho production of "The Marriage of Figaro" with Norman Logan, University faculty member, who will play the lead in the comic opera. Looking on are three students with prominent roles in the production, left to right, Margaret Fox, Gary Leaverton and Phyllis Goecke.

KUOI Adds Programs

Campus radio station KUOI announces the addition of a series of half-hour shows to be heard on the 600 spot on campus radios every night at 7:30 p.m.

Parade of Pops, The People Act, Here We Have Idaho, Proudly We Hail and Friday Varieties will be heard at 7:30 respectively Monday through Friday evenings, according to an announcement made recently by the KUOI program department.

Parade of Pops will feature the music of top recording artists and will have the top three popular and novelty tunes of the week plus the best in western record music. The People Act features Robert Trout, famous newspaper correspondent and radio commentator with a feature series depicting how people work together in America.

Here We Have Idaho, produced by the Radio center of the University, will be aired Wednesday nights. It is a program of special interest to all students, in that it features life here at Idaho.

Proudly We Hail, a US Army presentation, will feature famous movie and radio stars in popular radio plays.

On Friday Varieties, a program of novelty, featuring the Mystery DJ, will be featured on Friday evenings at 7:30.

Program Director John Hughes announced yesterday that the Vandal-Gonzaga basketball game will be broadcast Friday night at 7:20 with Steve Emerine as sportscaster.

Another new addition to the KUOI program schedule will begin Thursday night at 8 with the return to the air of the "KUOI Quiz Show."

Using the same format as last year, the quiz show will be on the air from 8 to 9 every Thursday night with the lucky mystery tune guessers to receive a free carton of Lucky Strike cigarettes.

The show will feature the top tunes of the week across the nation with old time mystery tunes interspersed into the format. The persons identifying the mystery tunes first and calling KUOI at 2225 will be awarded the cigarettes.

Plans are being made to add other awards to the show for the guessing of the tunes.

Young Moore's Scoutmaster Is Slayer

Sergeant Maurice L. Schick, 29, of Canonsburg, Pa., murderer of 9-year-old Susan Rothschild in Tokyo, was the former scoutmaster of Dick Moore, 13, son of Lt. Col. James A. Moore of the army ROTC staff here.

The slaying took place near the Sagamiara housing area, 30 miles south of Tokyo. Colonel Moore was stationed in this area while serving overseas. Young Dick Moore still rides a Japanese bicycle which was purchased from Schick.

The ROTC professor stated that Schick was responsible for the creation of a Boy Scout troop. Boy scouts were chosen from among sons of army personnel stationed nearby. Young Dick Moore was the leader of a troop.

When asked how Schick got along with the boys, Moore replied, "the Scouts were just crazy over him." Moore described Schick as being very intelligent, good looking, well liked by everyone who knew him.

Music Of France To Be Featured

"Music of France" will be featured at the December meeting of French club. Herbert Pendergast, French club president, will discuss modern French music and will illustrate his talk with examples from his record collection.

The meeting will be held in the Borah theater December 2 at 7:30 p.m. Composers whose music will be discussed include Ravel, Satie, Honegger, Milhaud, Ibert, Francaix and others.

The program also includes group singing of selected French songs. The group will receive copies of the songs.

A short film in color entitled "Le Haut de Cagnes" which deals with life in a province in southern France will complete the program.

Everyone interested in the French language and culture is invited to attend.

Idaho ROTC Rated As Outstanding

Idaho's Army ROTC unit was rated "outstanding" for the second consecutive year as a result of an inspection held on November 19, it was revealed today by Lt. Col. James A. Moore, Idaho professor of military science.

Col. Thomas M. Brinkley, who as Idaho's highest ranking military officer, made the inspection, was particularly impressed by the "superior" interest of the cadets.

"The support by the school authorities and the efficient performance of all ROTC instructor personnel," Brinkley said, "is reflected in the enthusiasm of the members of the ROTC unit and the high standard of proficiency obtained."

During his recent inspection, Brinkley spoke to each cadet class and reviewed administrative procedures of the program.

The "outstanding" rating, according to Moore, is the highest one possible for an ROTC unit.

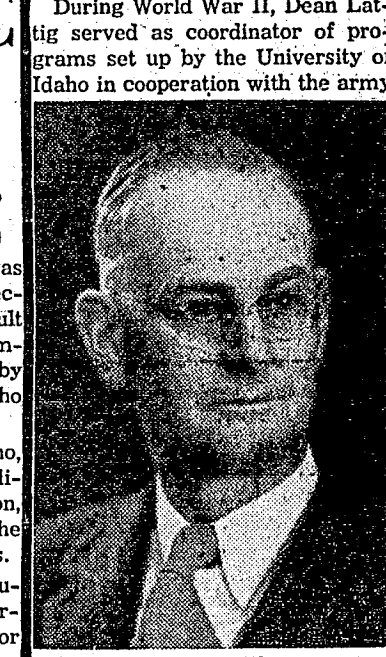

Among the survivors are his wife, the former Vaughn Emerson Prater, whom he married on November 10, 1928; his mother, Mrs. E. F. Lattig of Emmett; his two sisters, Miss Marian Lattig of Emmett, and Mrs. Jesse Newton of Ontario, Oregon; and one brother, Harry F. Lattig of Payette. His two brothers that are deceased were Dr. Max Lattig and George W. Lattig.

Honorary Pallbearers The body was sent to Boise where private funeral services were held at 3:30 p.m. Saturday afternoon. Honorary pallbearers were Dr. Ralph Alley, Charles H. Bond, J. E. Buchanan, C. D. Decker, K. A. Dick, D. D. DuSault, C. W. Hickman, Glen C. Holm, J. M. Raeder, Guy P. Wicks, G. W. Woodbury, and V. A. Cherrington.

"Probably no man had the interests of the students more at heart than Dean Lattig," commented President J. E. Buchanan. "His understanding of student problems, and kindly and capable handling of them will be remembered by thousands for many years to come."

It was asked that no flowers be sent but people wishing to contribute to the Dean Herbert E. Lattig Memorial fund may send their contributions to the University Business office. This memorial will probably be placed in the Student Union building.

The rifle range will be open from 6 to 8:30 p.m. every Tuesday instead of Thursday, according to the AFROTC staff.

H. E. Lattig

Official Notice

All veterans under public law 550 must make out a certification to the Veterans Administration at the end of every calendar month stating that they were in training that month.

Football Queries Answered

Regarding the crossfire of varying opinions being expressed in editorials and sports columns on the University of Idaho's football fortunes—and particularly those of head coach Babe Curfman, President J. E. Buchanan, queried today, stated:

"We are not going to be stamped in to any hasty or ill-considered action. Our athletic situation, both policy and personnel, will be reviewed in due course and in the normal academic manner."

The president explained "due course" and "normal academic manner" as meaning orderly consideration by the University athletic committee including ASUI student representation, and subsequent conference by University administration with the regents or the executive committee of the regents for the University.

Buchanan said that any action to be taken must come from regents' authority, and that it would probably be mid-December before anything official develops.

year December 6 to 10, will take from the campus Dean T. S. Kerr, who is chairman of the University athletic committee and president this year of the Pacific Coast conference.

Meanwhile, editorial and sports column comments have varied from "I'll go to bat for Babe" to "what ailed Idaho was something more than injuries." The University of Idaho lost eight of its nine football games this year. Regarding another aspect of the football situation, one columnist commented that "it wouldn't hurt Idaho as far as its schedule is concerned if it sought a new alliance (other than the Pacific Coast conference) in football."

President Buchanan had this to say: "In any other conference our football schedule would probably remain about the same as it now is, but the radio and television financial dividends from the Pacific Coast conference, which go a long way to help support our entire program, would be lost. Also, were we in some other conference; our basketball program would probably be a failure, financially and interest-wise. Also to be considered in the overall program are such spring sports as track, baseball and tennis."

Students Feel Strong Need For National Governing Body

By Keith Jergensen
(Ed Note: Another in a series of articles on NSA.)

NSA is here to stay, whether we're a part of it or not. Subsequent to World War II, little thought had been given to national organization of student governments. That is, until an invitation was extended to the U.S. students to participate in the organization of the international Union of Students (IUS) at Prague in the summer of 1946.

Twenty-five delegates were selected at random to attend, coming back with the determination to set up a representative system among the colleges of this country similar to those they had observed in Europe.

As a result, some 300 colleges attended the constitutional convention of USNSA at the University of Wisconsin, August, 1947.

It was at this time that the communistic idealists tried to dominate the making of the constitution and the policies that were to govern the future of the organization. In fact it was the same procedure, the communists had used so successfully in accomplishing domination of the IUS.

However, there were enough present who knew that only a representative form of government would serve their needs and that they did not want NSA to become a springboard for the dissemination of communistic propaganda.

Never having joined IUS (not even observers were sent to their conference this year), NSA has taken an active part in organizing a broad, loose-knit grouping of 35 student groups which don't quite accept IUS as a truly representative organization.

At present, NSA's problems can be defined as growth problems, which in fact show signs of a healthy organization. Some schools are very enthusiastic about the program, some have been forced to drop out because the necessary dues to run such a program were prohibitive.

This brings to point the fact that NSA's financial structure has been a little shaky but looks like it will straighten-up with many new colleges joining this year. Stanford is the first new one to take the step.

Although firmly accepted by academic and educational groups of the nation, NSA has crossed wires with national Pan Hellenic by its anti-discrimination policy. This seems to be in direct contrast to the satisfactory relationship with the National Intrafraternity council.

In this writer's opinion, NSA will survive any of the existing areas of difficulty and come out stronger than ever. With an expanding program on the campus, regional, and national level, NSA will become the leading proponent of better and more effective student governments across the nation.

IRC Will Hear Address Thursday

Dr. John Tsouderos will address the International Relations club on the topic "Rescue this world from the reign of the dead; a critical evaluation of western diplomacy today." The club will meet in SUB conference room A at 4:10 p.m. Thursday.

Following the speech the meeting will be opened for questioning from the group.

Students To Take Field Trip Thurs.

Forestry 3 and Zoology 3 ichthyology students under Dr. Virgil Pratt will take a field trip to Pend Oreille lake Thursday.

They will observe Fish and Game department personnel "strip" fish, the process of taking eggs out of Kokanee, or blue-back salmon.

The eggs of these striped salmon are being raised in hatcheries in the state, and will later be planted in lakes throughout the state.

Those students attending will be Osborne Casey, Bill Luscher, Mel Dyer, Jim Keating, Dave Parsons and Al Douglas.

Highway Engineer Positions Open With Civil Service

The United States Civil Service Commission has announced an examination for highway engineer trainee positions paying \$3,175 and \$3,410 a year with the Bureau of Public Roads in Washington, D. C., and throughout the United States. Some positions abroad may also be filled.

To qualify, applicants must pass a written test and must have completed appropriate college study or expect to complete their study not later than September 30, 1954. Progressive experience in civil engineering may also be qualifying for jobs paying \$3,410 a year. The maximum age limit, waived for persons entitled to veteran preference, is 35 years.

Further information and application forms may be secured at many post offices throughout the country, or from the U. S. Civil Service Commission, Washington 25, D. C. Applications will be accepted by the Executive Secretary, Board of U. S. Civil Service Examiners, Bureau of Public Roads, Department of Commerce, Washington 25, D. C., until February 9, 1954.

Elec. Engineers To Hold Meeting

The student branch of the American Institute of Electrical Engineers will meet at 7 p.m. Thursday in Kirtley Lab 221 to hear two speakers from the Spokane section of American Institute of Electrical Engineers.

J. R. Angell, chairman of the education AIEE committee will present an illustrated talk on the organization and operation of AIEE. Charles Uhden, chairman of AIEE, will cover the engineer's responsibility to society and how the engineer can best equip himself for that responsibility.

The combined talks will last less than 45 minutes. Angell is employed by the Kaiser Aluminum company at Trentwood, Washington. N. H. Meyers, who will also speak, is employed by the General Electric company.

Interviewer: "And to what do you attribute your success in life?"
Soap Magnate: "To clean living."

Idaho Dairymen To Speak At Pocatello Conference

R. S. Waltz of Seattle, a member of Secretary Benson's committee studying problems of dairy marketing, will address the Idaho Dairymen's association at its 30th annual convention at Banock hotel in Pocatello, December 11 and 12. W. L. Hendrix, Boise, president, announced today.

The meeting will bring together several hundred men and women responsible for Idaho's dairy industry, one of the most important in the state's economy.

At the same time the association meets there will be conventions of breed associations, milk processors, and ice cream manufacturers.

Leaves On Roads Are Dangerous To Passing Drivers

Autumn leaves are pretty on the trees, but they can be pretty dangerous on the highway, warns the Traffic Safety division.

"Fallen leaves become dangerous whether wet or dry," points out the Traffic Safety Director, Harold Davis.

"Wet leaves on the roadway can be extremely slippery, causing cars to skid. Expert drivers are alert for leaves in shaded areas along the highway. Moisture collects between leaves, rendering them insecure as a riding surface," Davis said.

"In front of homes, youngsters like to pile up leaves in large heaps, and then hide in them. When such accumulations are at the curb, children's lives are endangered by moving cars and trucks, particularly those vehicles about to park in front of the residence," he said.

"Home owners who burn leaves at the curb should guard against creating the danger of a smoke screen blinding drivers who pass by," the Safety Director emphasized. "In some communities local ordinances restrict the burning of leaves."

To Attend Conference

Dr. Boyd A. Martin, political science professor, will attend a meeting of the American Farm Policy association December 4, 5 and 6 in Monterey, California. The site of the meeting is Pacific Row on the sea coast.

This meeting is to draft a program enabling the association to carry news of American foreign policies and problems to the rural population. It is felt that the rural population, as a whole, is not receiving sufficient information.

Twenty people representing the United States will attend.

John W. Nason of New York, head of the AFPA, and Roger W. Mastrude of San Francisco, Western regional director will attend the meeting. The AFPA is financed by the Carnegie institute.

Future Farmers Will Meet Tonite

The collegiate chapter of Future Farmers of America will meet tonight at 7:30 p.m. in Ag Science 104.

The special program will be a skit demonstrating correct parliamentary procedure in chapter conducting. A special guest will be present. All Ag education majors may attend.

LATEST COLLEGE SURVEY SHOWS LUCKIES LEAD AGAIN

Last year a survey of leading colleges throughout the country showed that smokers in those colleges preferred Luckies to any other cigarette.

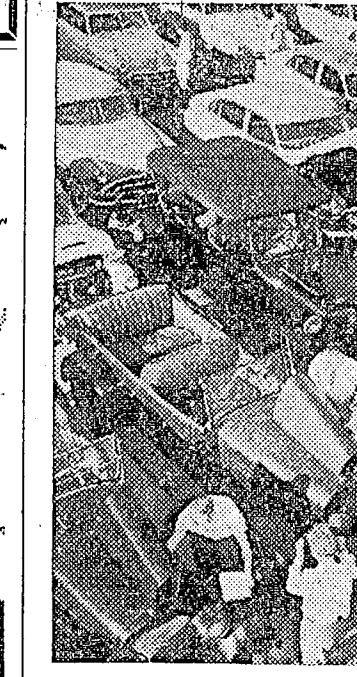

This year another nation-wide survey—based on thousands of actual student interviews, and representative of all students in regular colleges—shows that Luckies lead again over all brands, regular or king size...and by a wide margin! The No. 1 reason: Luckies taste better.

Smoking enjoyment is all a matter of taste, and the fact of the matter is Luckies taste better—for 2 reasons. L.S./M.F.T.—Lucky Strike means fine tobacco. And Luckies are made better to taste better. So, Be Happy—Go Lucky!

Luckies give you finer smokes,
So buy 'em by the carton—
And if you haven't tried 'em yet,
It's time you got a-startin'!

LUCKY STRIKE
"IT'S TOASTED"
CIGARETTES
PRODUCT OF The American Tobacco Company AMERICA'S LEADING MANUFACTURER OF CIGARETTES

Drivers find gasoline cost per mile down 20%

To compare gasoline values now with the "good old days," test drivers at Standard ran popular cars of the 1920's on 1925 gas, '53 models of the same makes on today's gas, and '53 models modified to use 1925 gas. All cars were driven over the same course, on the same amount of fuel till they ran out of gas. The results may surprise you.

Today's gasoline gives you, under comparable driving conditions, 50% more miles per gallon than in 1925! What does it mean to you? Suppose you started on a trip from San Francisco to Lake Tahoe with 12 gallons of gasoline—a route covering all kinds of driving. In the old car with 1925 gas, you'd travel about 131 miles; in the new car modified for 1925 gasoline you'd go 149 miles; but in the new car with today's gasoline, you'd go all the way to Lake

Tahoe, 196 miles. Improved auto engines explain part of this—but better gasolines made them possible. You benefit steadily from the competition in research and operating efficiency between Standard and other oil companies. Competition steps up gasoline quality, helps hold prices down. While living costs have risen 54% in the last 28 years, today's gasoline costs you only 22% more a gallon (except for taxes)... gasoline cost per mile has dropped one fifth!

STANDARD OIL COMPANY OF CALIFORNIA
plans ahead to serve you better

Hays Frosh Take Sneak; Sig Chis Honor Candidates

Welcome back to the ole camp, everybody! Nothing quite like four and one-half days of glorious vacation fill you with enthusiasm—and the desire to leave again as soon as possible—is there?

The passing of time has carried us into a new period of campus social activity... the three week pre-Christmas rush with an unceasing round of events. Among the key personalities at this time are the candidates for Sweetheart of Sigma Chi, now being honored by dinner invitations and serenades.

The Hays hall frosh recently made their annual break for freedom and carried out their own unique pranks on the upperclassmen. They were greeted upon their return with open arms... and wet water.

Willis Sweet is once again planning its annual Cabaret, with the hope that "The Glass Slipper" will be the highlight of this year's social whirl.

LAMBDA CHI ALPHA

Five anonymous Lambda Chi members enjoyed Thanksgiving dinner at the home of Mr. and Mrs. James Woods.

Douglas Aurnhammer has announced his engagement to Susu Malabi of Tahiti.

Another volleyball game was won. This resulted in a broken leg for Larry Stark, Larry and the leg are improving.

PI BETA PHI

Donna Bray announced her pinning to Ted Frostenson, Delta Tau Delta, Monday noon.

Nathelle Bales has moved to Home Management house for nine weeks.

SIGMA CHI

Yesterday the Sigma Chi had to lunch the following sweetheart contestants: Sonia Henriksson, Kathy Payne, Iris Holloway, Barbara Knight, Shirley Kreysler, Sharon Stump, Barbara Simmons, Kay Kreizenbeck, Ann Carson, Gayle Beck and Martha Davis.

Luncheon guests yesterday were Pat Henry, Nancy Coutre, Freida Payne, Polly Jo Frostenson, Val Stewart, Mary Ann Schultz, Janet Daigh, LouAnn Olson, Helen Ann Douglas, Janice Radovich and Sonya Davies.

Last night an all-campus serenade was given in honor of the

utes before dinner that all those who wished to enter the dining room would have to wear jeans and a funny hat. This announcement later brought much embarrassment to the unfortunate elders for gremlins locked the doors and greased the knobs of the advanced students' rooms, which caused student teachers to attend P-TA meetings in jeans and hats.

The cool reception that greeted the sneakers on their return emerged into a vigorous initiation consisting of everything from demonstrations of love-making to the eating of blue pills.

The frosh honored the hall members with a "Come As You Are" party Sunday evening. Entertainment was furnished by Shirley Allison and her harmonica, Barbara Larson featuring her secret ability of whistling, and Shirley Lent with "I Want to be Evil."

Dinner guests Sunday were Mr. and Mrs. Earl David and Mr. Thomas Burke, all from Chicago, Shirley Rae Henry, Mary Jayce Briggs and Joyce Rudolph.

Plans and decorations are under the supervision of Cabaret chairman Stan Sorensen and assistant chairman Dick Denney.

SAE P.S.O.T.W.C. was installed Tuesday evening at dinner. Pete Swanson officiated in presenting Gary Pletsch with the presidency of the week and official badge.

Saturday the SAEs enjoyed a fireside at which dancing and television were the main attractions.

Married SAEs and their wives were honored at formal dinner Sunday.

HAYS HALL A week ago Thursday, the Hays frosh took their sneak, leaving the upperclassmen to entertain the TKEs with whom an exchange had been scheduled.

The upperclassmen, getting wind of the sneak, announced five min-

utes before dinner that all those who wished to enter the dining room would have to wear jeans and a funny hat. This announcement later brought much embarrassment to the unfortunate elders for gremlins locked the doors and greased the knobs of the advanced students' rooms, which caused student teachers to attend P-TA meetings in jeans and hats.

The cool reception that greeted the sneakers on their return emerged into a vigorous initiation consisting of everything from demonstrations of love-making to the eating of blue pills.

The frosh honored the hall members with a "Come As You Are" party Sunday evening. Entertainment was furnished by Shirley Allison and her harmonica, Barbara Larson featuring her secret ability of whistling, and Shirley Lent with "I Want to be Evil."

Dinner guests Sunday were Mr. and Mrs. Earl David and Mr. Thomas Burke, all from Chicago, Shirley Rae Henry, Mary Jayce Briggs and Joyce Rudolph.

Plans and decorations are under the supervision of Cabaret chairman Stan Sorensen and assistant chairman Dick Denney.

SAE P.S.O.T.W.C. was installed Tuesday evening at dinner. Pete Swanson officiated in presenting Gary Pletsch with the presidency of the week and official badge.

Saturday the SAEs enjoyed a fireside at which dancing and television were the main attractions.

Married SAEs and their wives were honored at formal dinner Sunday.

HAYS HALL A week ago Thursday, the Hays frosh took their sneak, leaving the upperclassmen to entertain the TKEs with whom an exchange had been scheduled.

The upperclassmen, getting wind of the sneak, announced five min-

Christmas Story Considered Rare

Rated by the publishers of The Instructor magazine as "one of the most unusual Christmas stories for children they have printed" is a fiction piece in the December issue by Mrs. Nellie Beverly, a former teacher of German at the University of Idaho and now a resident of Spokane.

Titled "The Little Fir," the story tells of a tree that was too spindly to be selected for Christmas decoration in a home. The sad tree is made happy, however, when some children decide to decorate it in the forest with carrots, cabbage leaves and berries to provide a Christmas dinner for the wildlife.

A play by Mrs. Beverly, "Mary Escapes the Crosspatches," was also published in the September issue of the magazine.

The amount of Thanksgiving packages for University students increased 15 per cent over last year, according to F. C. Jones, clerk in charge. When asked if any live fowl had come through the mail, Jones replied by quoting the parcel post rule which provides that day old chicks and queen bees are the only live animals granted travel privileges in Uncle Sam's mail coaches.

10 Years Ago Dec. 2, 1943—Fraternity members have in some cases changed their abodes because of lack of personnel during the war. The Sigma Nus, Betas, TKEs and ATOs are living at the ATO house; the Phi Delt house; and the Sigma Chis, Kappa Sigs and Delta Taus are living in their respective houses.

5 Years Ago Nov. 30, 1948—Kinney Ennis, newest of the vocalist-maestros to rise on the horizon, will play for the Sophomore Holly Week dance at the University December 2.

1 Year Ago Dec. 2, 1952—December 10, according to Stan Tate, sophomore class president, is the date set for the dropping of the Sophomore "H" Bomb (H for Holly) to get things warmed up for the annual Sophomore Holly Week.

The basketball season opens tonight, with the Vandals taking on the Mountain Home Air Force team.

Being featured this year will be many tables of various kinds of suitable Christmas gifts which have been donated to the group or made by them for the bazaar. There will be tables of cooked food, Christmas decorations and various small gift suggestions.

A luncheon for townspeople will begin the bazaar. Anyone desiring tickets for the luncheon should contact a Canterbury member or Rev. Stockwell.

Canterbury house is located at 612 Elm street next to the Alpha Phi house.

"What makes you think your wife is getting tired of you?" "Every day this week she has wrapped my lunch in a road map."

Browse Problems To Be Discussed

Browse problems in northern Idaho and adjacent areas will be the subject of a conference to be held at the College of Forestry Friday, December 4.

Dean Wohletz is chairman of the conference, and other delegates to be present will represent the University's college of forestry, private forestry, and state and federal managed forestry which includes U.S. forest service and the state forester.

Topics to be discussed are the nature of the browse problems and research needed to solve these problems.

25 Years Ago Nov. 30, 1928—Rumors are flying that Idaho and Montana will be dropped from the Pacific Coast conference football league for the 1929 season.

The amount of Thanksgiving packages for University students increased 15 per cent over last year, according to F. C. Jones, clerk in charge. When asked if any live fowl had come through the mail, Jones replied by quoting the parcel post rule which provides that day old chicks and queen bees are the only live animals granted travel privileges in Uncle Sam's mail coaches.

Grau To Talk Turkey

Dr. Erwin Graue, professor of economics, will address a seminar for naval officers in the Seattle area December 2.

The topic is "Recent economic development in an underdeveloped area with special reference to Turkey."

Dr. Graue will also speak in Grangeville on December 5 at the annual Chamber of Commerce banquet.

WRA NEWS

The WRA volleyball tournament will begin this week. There will be open practice for all house teams Wednesday night followed by the first tournament games Thursday evening. Houses that are scheduled to play will be notified.

All girls who like to play volleyball are urged to come out for Wednesday night practices. There will be a "Volleyball Playday" at Pullman on December 12. The team will be picked from those who are interested and have practiced.

The badminton doubles tournament is progressing nicely. The following games are scheduled for Saturday morning from 9 to 10 a.m.:

9 a.m. — Dusault and Carter, Kappa vs. Ahartz and Gustafson, Hays; Raudall and Davidson, Gamma Phi vs. Huber and Roc, Hays; Wilkinson and Larsen, Hays vs. Roof and Archibald, Forney.

9:30 — Reynolds and Bordon, Kappa vs. Short and Tatko, Gamma Phi; Thorsau and Horn, Alpha Phi vs. Siniff and Hawkins, Forney; Payne and Driscoll, Hays vs. Dregnie and Hobbey, Theta.

10 a.m. — Moore and Johnson, Pi Phi vs. Olson and Greggerson, Kappa; Cook and Verburg, Forney vs. Valaden and De Shazer, Gamma Phi; Thorton and Davey, D.G. vs. Korvola and Robinson, Steel; Gordon and Nelson, Kappa vs. W. Gray and Crisp, Steel.

The matches scheduled for 10 to 12 Saturday morning will be published in the Argonaut Friday.

The monthly WRA intramural board meeting will be held this noon at 12:30.

There will be a WRA board meeting at 6:45 Wednesday evening in the Women's gym.

Two-thirds of America's farm families belong to one or more cooperatives.

Audio-Visual Aids Shown At Meeting

The latest in audio-visual devices—motion pictures, film strips, flannel boards, flash cards and tape recorders—were demonstrated before a district meeting of the Idaho Business Education association at the University of Idaho.

Arranged by Dr. Bruce I. Blackstone, head of secretarial studies at the University, and Allan Perry, supervisor of the University's Audio-Visual center, the meeting drew 13 representatives of the association's second Idaho district.

Some of the requirements are a BA degree with at least six semester hours of college math and at least 18 semester hours in any combination of advance surveying, forest mensuration, geodesy, geology, photo-interpretation, physical geography and other fields related to Geological Survey.

Hill will also show two films in Engineering 104 Thursday evening at 7.

The first is "The Preparation of Topographic Manuscripts for Reproduction" and the second a short film on mapping by helicopter operations. The film is open to anyone interested.

Two WAVES were being followed by a lone sailor. Finally one could stand it no longer. Turning to the sailor, she scolded, "Either quit following us or get another sailor!"

As student representatives, they will be presenting members of the student body with sample packages of Lucky Strike cigarettes throughout the school year.

Regents Approve Resignations

Retirement after engaging in a wide variety of occupations will come February 1, 1954, for Arthur S. Hillman, University buildings and grounds employee.

President J. E. Buchanan said today that the regents had authorized the retirement for Hillman, who became 70 January 22.

A native of Brookline, N. H., Hillman joined the University service staff in 1941. Previously, he had been a farmer, bookkeeper, lumber mill employe and school teacher.

Resignations approved by the regents included those of Janis Worthington Switzer, Bannock county home demonstration agent, and Major William M. Butterfield, assistant professor of air science and tactics.

Mrs. Switzer resigned because her husband has been transferred to Boise, and Major Butterfield, whose home is in Moscow, completed his tour of active duty as a reserve officer.

There will be a social meeting tonight at 8 in St. Mary's Parish hall. Transportation will be as usual. Sunday night suppers at the hall will continue as usual at 6 p.m.

Church News

There will be a social meeting tonight at 8 in St. Mary's Parish hall. Transportation will be as usual. Sunday night suppers at the hall will continue as usual at 6 p.m.

As student representatives, they will be presenting members of the student body with sample packages of Lucky Strike cigarettes throughout the school year.

Students Selected As Representatives

Donna Ashby, Alpha Chi Omega, and Harvey E. Pate, Lindley hall, have been selected by the Student Marketing institute of New York to be the Lucky Strike student representatives on the University of Idaho campus.

As student representatives, they will be presenting members of the student body with sample packages of Lucky Strike cigarettes throughout the school year.

As student representatives, they will be presenting members of the student body with sample packages of Lucky Strike cigarettes throughout the school year.

HUGHES Cooperative Fellowship Program for

MASTER OF SCIENCE DEGREES

Purpose

The Hughes Cooperative Fellowship Program has been established to enable outstanding graduates to pursue work for the Master of Science degree while employed in industry and making significant contributions to important military projects.

Eligibility

Eligible for consideration are students who will receive the B.S. degree during the coming year and members of the Armed Services being honorably separated and holding B.S. degrees. In either case the field of the B.S. degree must be:

- ELECTRICAL ENGINEERING
- PHYSICS, OR
- MECHANICAL ENGINEERING

The awards will be made to applicants who have evidenced outstanding ability and some degree of creativeness. They must also possess traits enabling them to work well with others.

Citizenship

Applicants must be United States citizens for whom appropriate security clearance can be obtained, as their work in the Hughes Laboratories may be related to National Defense projects.

Universities

Applicants must be able to meet the requirements for admission to graduate standing at the University of California at Los Angeles or the University of Southern California.

Program

Participants will be employed at Hughes full time in the summer and 25 hours a week during the university year while pursuing half-time graduate work.

Salaries

Recipients will earn five-eighths of a normal salary each year. This salary will be determined by the individual's qualifications and experience, and will reflect current salary practices in the electronics industry. Salary growth will be on the same basis as for full-time members of the scientific-engineering staff. Recipients will also be eligible for health, accident and life insurance benefits, as well as other privileges accruing to full-time staff members.

Sponsorship

Tuition, admission fee, and required books at either the University of California at Los Angeles or the University of Southern California, covering the number of units required to earn an M.S. degree, will be provided.

Travel Expenses

For those residing outside the Southern California area, actual travel and moving expenses to this area will be allowed up to 10 percent of the full starting annual salary.

Number of Awards

If a sufficient number of qualified candidates present themselves, as many as 100 Fellowships will be awarded each year.

Selection of Candidates

Candidates will be selected by the Committee for Graduate Study of Hughes Research and Development Laboratories.

Application Procedure

Application forms should be obtained immediately. Completed applications must be accompanied by detailed college transcripts.

Address correspondence to COMMITTEE FOR GRADUATE STUDY

HUGHES

RESEARCH AND DEVELOPMENT LABORATORIES

Calver City, Los Angeles County, California

Cagers Gird For Gonzaga Game

Finley Quiet On Idaho-Zag Tilt

Chuck Finley's 1953-54 basketball squad will make their debut Friday, when the Gonzaga Bulldogs invade Moscow and Memorial Gymnasium.

The Idaho squad has nine lettermen back this year and are tabbed to end up second in Northern Division as they did last year.

Finley made no comment on the outcome of the tilt with the tough Zags.

The hoop mentor made no public predictions of the starting five, but probably will include Dwight Morrison and Tommy Flynn. The other three are a guess in anyone's book. Finley has a lot of experienced men he could use.

The Bulldogs open their season tonight at Cheney, Wash., against EWCE in the "cage bowl" tilt.

Although the Gonzaga crew lost most of its power from last year, Coach Hank Anderson expects his team to be tough for all their opponents.

With Jerry Vermillion, 6-2 forward, Jerry Wells, 6-5 forward and Gar Hetherington, 6-5 center, Anderson hopes to build a top contender for the year. The "Zag" coach is also counting on Dave Tri, a freshman who was acclaimed as one of the "brightest lights" ever to enroll at Gonzaga for basketball.

Another man who will be pointing for a victory over the Vandals will be junior Jim Raddau, a Genesee, Idaho lad who was an Idaho all-star from Genesee high.

Helldiver Initiates Travel Through Davey's Locker

Seven new members were tapped for membership into the Helldivers swimming group yesterday noon. They are John Turner, Phi Delta Theta; Jan Jolly, Alpha Phi; Marilyn Meils, Kappa Alpha Theta; Shirley Lint, Pi Beta Phi; Bruce Buckman, Campus Club; Keith Winton and Gene Anderson, Alpha Tau Omega.

Helldiver president John Gillis commented the raised requirements was the reason only seven made the grade for the group this semester. The initiates were selected by means of a point system in which each swimmer was judged on his or her all around ability and performance.

President Gillis urged that those who failed to make the qualifications this fall not be discouraged, but work a little harder and brush up on a few different swimming strokes that they might attempt to gain membership later this year.

Initiation was held last night at the Memorial gym in which each new member was shown through Davy Jones' Locker and as a result met and heard many new and interesting creatures known only to veteran Helldivers.

After a trip to see Davy Jones and friends the formal initiation was held. New initiates will wear the traditional bathing cap with HELLDIVERS written on them. These will be worn today through Thursday.

Plans are currently underway for the spring water show. Practices for the show will get underway as soon as second semester tryouts are held.

PCC Leads Taken By Stanford, UCLA And Cal

LOS ANGELES — Stanford, UCLA and California dominated the Pacific Coast Conference statistics released today by the PCC Commissioner's office, with USLA on top in four of 10 departments.

Stanford and California waged the closest battle as only a yard and one-half separated the two teams in total offense. Stanford averaged 344.0 per game and California 343.4, with UCLA third, 304.3. Stanford's margin came through the air as they lead the PCC with 179.5 yards a game. Cal again was second, 162.2. Stanford also set a new PCC mark with 19 TD passes, topping the old standard of 16 (Washington State, 1951).

UCLA had an overwhelming margin in rushing as the Bruins rolled up 247.7 yards per outing to 181.2 for California. UCLA also had the best rushing defense, allowing foes only 113.4 yards to 128.8 for Southern California, and the best total defense, 188.4, with Oregon second, 224.8. Oregon's pass defense gave up but 57.8 yards and set three new PCC season records, allowing but 104 passes, 41 completions and a total of 578 yards. UCLA was second.

California intercepted the most passes, 23, while UCLA led in punting, 40 yards per punt, and Washington State in kick returns, 12.0 on punts and 20.3 on kickoffs.

Swimmers Plan Silver And Gold Intra-Squad Meet

Plans for a silver and gold intra-squad swimming meet are being laid by freshmen and varsity swimmers, according to Eric Kirkland, Vandal swimming coach.

The meet is scheduled for December 15 and will be composed of two teams drawn up from members of the two squads.

Kirkland said the contest would give the team a chance to "see what they can do in competition against each other and see how the freshmen look against some of the varsity men."

Don Medley, top back stroke man on the varsity squad was elected co-captain to replace Bob Crawford who left for the military service. Rich Bradbury is the other co-captain.

Kirkland said that several of the men are coming along "very well" and cited back stroker Bob Carlman, a University of Illinois transfer, as being a "very good" prospect for the coming season. Along with Carlman, he named Bill Buckley, individual medley swimmer, as looking good and Jerry Jones as one of the top men up from last year's frosh crew.

Fritz Holz, top 220 and 440 man is also one of Kirkland's top men. Kirkland cited Wayne Johnson as one of the most improved men on the squad and is "rounding out nicely," he said. Ted Bell, Idaho's only springboard man has shown a lot of improvement and should be in top shape when competition starts, according to the tank mentor.

No schedule has definitely been announced, said Kirkland.

A meeting of the Ski Club will be held Thursday at 6:30 p.m. in the Borah Theatre. A 30-minute film entitled "Skinfully Yours" will be shown. This film was taken by the Ford Motor Co. at Sun Valley. The showing will begin promptly at 6:45 so all members are urged to come early.

A business meeting will follow.

INTRAMURALS

The start of two sports and playoffs in a third were announced yesterday by Larry Golding, University intramural director.

Golding said that a meeting held today will decide the start of intramural basketball. He added that the date would probably be next week.

Volleyball playoffs will start Wednesday with the top teams from each league playing to determine the 1953 champion.

Sixteen teams will start bowling tonight at 4 and 7 p.m. in the opening round of IM bowling competition.

The league schedule:

Tuesday, Dec. 1 at 4:00	BTP vs. TKE Lane 1 & 2	CC vs. DSP Lane 3 & 4	LCA vs. DC Lane 5 & 6	PDT vs. PGD Lane 7 & 8
Thursday, Dec. 3 at 4:00	LH vs. KS Lane 1 & 2	WSH vs. SN Lane 3 & 4	SAE vs. PKT Lane 5 & 6	SC vs. CH Lane 7 & 8
Tuesday, Dec. 8 at 4:00	SN vs. CH Lane 1 & 2	SAE vs. LDS Lane 3 & 4	SC vs. ATO Lane 5 & 6	DTD vs. IC Lane 7 & 8
Thursday, Dec. 10 at 4:00	LCA vs. PDT Lane 1 & 2	WSH vs. CH Lane 3 & 4	PKT vs. LDS Lane 5 & 6	SN vs. ATO Lane 7 & 8
Tuesday, Dec. 15 at 4:00	DSP vs. LH Lane 1 & 2	TKE vs. PDT Lane 3 & 4	CC vs. LCA Lane 5 & 6	WSH vs. LDS Lane 7 & 8
Thursday, Jan. 5 at 4:00	BTP vs. KS Lane 1 & 2	PGD vs. LH Lane 3 & 4	DC vs. PDT Lane 5 & 6	DSP vs. LCA Lane 7 & 8
Thursday, Jan. 7 at 4:00	TKE vs. CC Lane 1 & 2	WSH vs. ATO Lane 3 & 4	LDS vs. IC Lane 5 & 6	CH vs. DTD Lane 7 & 8
Tuesday, Jan. 12 at 4:00	ATD vs. DTD Lane 1 & 2	LDS vs. SC Lane 3 & 4	PCH vs. SAE Lane 5 & 6	PKT vs. SN Lane 7 & 8
Thursday, Jan. 14 at 4:00	SN vs. CH Lane 1 & 2	SAE vs. LDS Lane 3 & 4	SC vs. ATO Lane 5 & 6	DTD vs. IC Lane 7 & 8
Thursday, Jan. 19 at 4:00	LH vs. TKE Lane 1 & 2	KS vs. DSP Lane 3 & 4	PGD vs. DC Lane 5 & 6	WSH vs. SC Lane 7 & 8
Thursday, Jan. 21 at 4:00	BTP vs. CC Lane 1 & 2	LCA vs. TKE Lane 3 & 4	PDT vs. DSP Lane 5 & 6	LH vs. DC Lane 7 & 8
Thursday, Feb. 4 at 4:00	IC vs. CH Lane 1 & 2	ATO vs. LDS Lane 3 & 4	SC vs. SN Lane 5 & 6	DTD vs. PKT Lane 7 & 8

Cameron, Larson, Garrett Make Up 'Big Three' In PCC

Paul Cameron, Bob Garrett and Paul Larson were the "Big Three" in the Pacific Coast Conference football statistics released by the PCC Commissioner's office. The figures included the full 1953 season for all teams.

Cameron, UCLA's brilliant tailback, tops the rushing column with 672 yards in 134 carries for an average of five yards per play. Second is Aramis Dandoy of Southern California with 561 yards and Dick James, Oregon, third, 479. Cameron also took scoring honors with 72 points scored on 11 touchdowns. Al Talley, California, had 66 and Ron Cook, Stanford, 54. Cameron also led in punting with a 41.3 yard average to 41 for Flip Kleffner, Idaho, and 40 for Dandoy; and had a good bulge in punt returns with 284 yards to 221 for Dandoy.

Garrett, Stanford's pin-point passer, won top aerial honors without being seriously challenged. He had 118 completions in 205 attempts for 1637 yards and 17 touchdowns. Ten throws were intercepted. His 17 TDs are a new PCC season mark, topping Bob Burkhardt's 15 set at Washington State in 1951. Second ranked passer was Sandy Lederman, Washington, with 92 completions and Larson was third, 85. Garrett also led in pass interceptions, picking off nine enemy aerials while Larson, and Oregon State's Ralph Carr each intercepted six.

Larson's versatile play at California won him top honors in total offense as he passed for 1141 yards and ran for 141 and a total of 1582. Garrett was second with 1502 and Lederman, third, 1133. Garrett also had the lead in touchdown responsibility with 19 to 17 for Cameron.

Sam Morley, Stanford, caught 45 passes to lead in that department with teammate John Steinberg, second, with 32. Carr had the most yards on kickoff returns, 272, to 264 for Don Marks, California.

PLAY OFFS

Just Chatter

By JOHN McDERMOTT

Thanksgiving is over and everyone is back at the books again. It sure seemed like a short vacation. I guess that's because it was short.

It was a lot of fun though and educational. We learned from some men on the sports staff at the Portland Oregonian that Wade "Swede" Holbrook, Oregon State's 7'3" giant is one of the reasons why the Beavers supposedly are going to take the PCC crown and as many others as they can lay their hands on.

Swede, who is a sophomore this year, is only one of five men who will compose the tallest basketball team ever seen in collegiate basketball. The Beavers will have a 6'8" team average.

From what we learned at the Oregonian, OSC's three top men are Holbrook, Tony Vlastelica, a 6'5" guard, and the third is a man by the name of Ron Robins who barely reaches 5'8" when he stretches.

When a little guy like that can stand the competition of men who are towering near the seven foot mark he has to be pretty good and Robins is just that. Robins is a deadeye from 30 feet out. He beat Oregon last year by scoring 18 points all 30 feet and longer. That's pretty fair in any man's book.

Chuck Finley isn't saying much these days about the outlook for the Vandals. It isn't because he is displeased with them, but we think he is just saving it all up and then letting loose in one long burst. With six or seven good men who can dunk the ball with no trouble at all, Finley should be able to floor a team that will hold its own against any team.

With a Gonzaga-Idaho game coming up Friday, the boys are getting down to brass tacks in practice and pointing for that first win of the season. The Idaho coach didn't say whether or not the Vandals could beat the men from Spokane, but he didn't indicate in any way that the Vandals would lose the game.

This year we're going to try to have an intramural all-star basketball squad picked by members of all teams and pit them against the intramural hoop champs. It should be a good game if we can work it out. Larry Golding, intramural director, hasn't heard anything about it yet, but we have been talking it up in small circles and the idea has yet to be poohed at by anyone. There is one in every crowd though and we are expecting some caustic comment any day now.

An intramural all-star team would help promote the intramural program a lot better and should tend to make the competition keener.

We're still working on the fencing situation and will be bringing it up at the next intramural managers' meeting. It should be a success and with the coming of the snow next year, we hope to see the coming of intramural fencing.
