VOL. 58, NO. 23

THE IDAHO ARGONAUT, Official Publication of the ASUI

TUESDAY, DECEMBER 8, 1953

## Passing Gift Hints

Jane Remsburg, DG, whispers sweet things to Santa Claus when that worthy fellow visited a local store recently. What Janie said will be heard over KRPL at 8:30 Tuesday when the "Palouse Party" program is aired.

Also on the program are interviews with a Chamber of Commerce official, another with Hartley Kruger, frosh basketball coach, and another with Gerry Leigh, chairman of the Sweetheart of Sigma Chi contest. Interview will be conducted by Ken Dick, Jim Kruger and John Sandberg. Anne Carson will also give the dope on Holly Week.

## Vandaleers To Present Annual Christmas Concert

The annual pre-Christmas concert by the Idaho Vandaleers, conducted by Glen R. Lockery, is scheduled for Memorial gymnasium at 8 p.m. on Wednesday, December 16.

For many years the event, known as the Candlelight Concert because of the adherence to the ancient tradition of the candle-lighting ceremony and procession, was given in the University auditorium.

Because of the increasing popularity of the concert and the ever-increasing crowds in attendance, repeat performances on consecutive nights were scheduled. Last year, because of the large number of persons turned away in past years, the Candlelight Concert was held for the first time in Memorial gymnasium. An audience of about 4,000 persons were in attendance.

Carols Came from Tower  
This year the concert will again be given in the gymnasium. Preceded by Christmas carols played from the tower by a brass choir made up of members of the University Concert band, directed by Warren Bellis, the traditional candle-lighting procession will begin at 8 p.m.

Assisting artists for the Vandaleers will be Ruth Krieger, cellist, and Hall M. Macklin, organist. Featured soloists include Leah Jensen, contralto, Margaret Fox, Phyllis Ralstin Goecke and Caroleigh Gittins, sopranos and Giles Godfrey.

Gym Decorated  
The gymnasium is being decorated in keeping with the Christmas season. Large pine trees, holly wreaths, and special lighting effects will contribute to the colorful performance. Robert Huntley is in charge of decorations.

The Vandaleers will open their portion of the first part of the program with a group of 15th, 16th and 17th century chorals numbers. Following will be a group of songs by modern composers. Interspersed with solos, successive groups will be sung in the carol style, closing with a number of the carols most familiar to American audiences.

We are happily plagued with beautiful pictures. No less than three contests have been or are being run off.

These contests are all for women: Guardian Angel of the AF-ROTC, Holly Queen and Sweetheart of Sigma Chi.

Why not sponsor an Ugly Man contest sometime during the year? If beauty gets attention, why shouldn't the beasts get some too?

We see where we are stuck in NSA for another year. We have, always questioned the usefulness of this unit. Oh well, Christmas is near, and a couple hundred clams really isn't much.

## Holly Serenade AFROTC Initiates Week

"Winter Wonderland" is the theme chosen by the sophomores for their annual Holly week, which will be climaxed by a semi-formal dance in the SUB ballrooms at 9 p.m. Saturday, December 12. Ralph Dickenson will furnish the music for the annual all-campus affair.

Five Holly queen finalists will be publicly announced today at 4 p.m. at a style show to be held in Davids' store window. All eleven candidates will model David's apparel from ski togs to formals.

A rally and serenade Wednesday night will start the sophomore schedule. The group will serenade the campus, led by chairman Dave Cripe and Kenny Wright. Finalists will be introduced at the rally where the sophomores will practice their serenade songs and will dance.

Committees Named  
In charge of publicity for Holly Week is Donna Thompson. Her assistants are Wally Johnson, Brent Aldamo, Jo Ann Brown, Shirley Lent and Ieta Sabin.

Walt Bratton and Jean Weston head the decoration committee, assistants are Wally Johnson, Farmer, Stan Rupert and Joe Jessep.

The Holly queen campaign arrangements were handled by Fritz Hoover, Nancy Beigert, Colin Campbell, Pat Jones and Pat George.

Winter Decorations  
The decoration committee, following the theme, are using snowballs, Christmas greens, and snow scenes to decorate the SUB ballrooms. The programs are in the shape of snowballs.

"We hope the dance will be bigger and better than ever," expressed the chairman of the event. Six over-all chairmen, Donna Thompson, Fritz Hoover, Dave Cripe, Kenny Wright, Jean Weston and Walt Bratton are being supervised by the sophomore class officers.

## Sigma Chi Select Five

Five coeds were given the traditional serenade Saturday night after they were picked as finalists in the Sweetheart of Sigma Chi contest by men of that house.

The finalists are Freda Payne, Hays; Lou Ann Olson, Kappa; Sonja Henriksson, Pi Phi; Barbara Simons, Alpha Chi, and Anne Carson, Theta.

Dinner engagements at the house are planned for each finalist on Monday, Tuesday and Thursday. Crowning of the sweetheart will take place at the formal dance Friday, December 11, in the American Legion cabin.

The dance will be preceded by a formal dinner at the Ad club. A coronation ceremony will find Nancy Lyle, last year's sweetheart, presenting the crown to President Buchanan who will crown the new sweetheart.

## COMING EVENTS

- TUESDAY:**  
Phi Chi Theta, 6:45 p.m., Conference room A. Important.  
AICHE, Engineering 104, 7 p.m. This is an open meeting and all engineers are invited. W. W. Bolton of Food Machinery and Chemical company will show a film and give a short talk.  
Alpha Lambda Delta, 6:30 p.m., Women's lounge. Important.  
IK, 9:30 p.m., Conference room A.
- WEDNESDAY:**  
Junior class representatives, 7 p.m., Conference room A.  
Vandal Riders, 6:45 p.m., Conference room B. Films will be shown.  
Blue Key, 12:30, SUB.  
Spurs, 5 p.m., Syringa room.
- THURSDAY:**  
Campus chest, 7 p.m., Conference room C.  
Sigma Tau, 4:30 p.m., Engineering 131.  
Ski club, 6:45, business meeting.

## Student Wounded By Accidental Gunshot

Keith Smith, Lindley Hall, was wounded Sunday when he was shot accidentally with a .38 calibre revolver. He and some other students from Lindley had been target practicing southeast of Moscow.

Smith was sitting in the front seat of a parked automobile when the gun discharged from the back seat, passed through the front seat of the auto, and hit him below the ribs on his left side.

According to Dr. Ralph Alley, University physician, Smith is in good condition and will be dismissed from Gritman hospital in a few days.

## Game To Be Over KUOI

Station KUOI will broadcast its second basketball game of the year tonight at 7:30 bringing to the campus a complete play by play account of the game between the Idaho Vandals and the University of Hawaii.

With sportscaster Steve Emerine and commentator Paul Cooper at the reins, the sports staff of KUOI opened complete basketball coverage last Friday night when the Vandals met Gonzaga university.

Emerine announced plans for exclusive coverage of all Idaho freshmen games which start in January and said KUOI will cover their eight home games as well as broadcasting the varsity home titles.

Three Campus radio listeners correctly guessed the names of the KUOI quiz program mystery tune last Thursday night and received a free carton of cigarettes. Quiz winners were Linda Reed, Chuck Alford and Don Westfall.

The KUOI quiz program will be heard each Thursday evening from 8 until 9. Three mystery tunes will be played on each program. Listeners may win by recognizing the tune and phoning 2225 and giving their answer to the emcees of the show.

The executive staff of KUOI announced this week that the station planned to go off the air for the holidays on the night of December 16. On that night the entire evening will be dedicated to Christmas music.

Recent additions to the announcing staff include Bruce Wendle, Duane Greer, Ron Kloefer and Jim Chandler. They have been undergoing a two week's training period.

A revision of programming for the year 1954 will be announced next week, it was reported by the program department.

## 'Figaro' Receives Five Curtain Calls

Campus opera lovers had their heyday last Friday and Saturday nights when the ASUI presented their production of Mozart's "Marriage of Figaro." The majority of the combined audiences numbering over a thousand agreed that the opera was an "outstanding production for a college group."

With the combined talents of Norman Logan as Figaro, Margaret Fox as Susanna, Phyllis Ralstin Goecke as the Countess and Gary Leaverton as the Count, the University Music department proved that opera can be entertaining. Besides being backed by a competent supporting cast including Leah Jensen, William Herr, Caroleigh Gittins, John Thornock, John Herrett, Donna Bray and John Eikum, the usual outstanding sets of Edmund Chavez added the extra touch to the production.

The make-up and costumes along with the performance of the duo pianists and chorus, all added up to explain the five curtain calls. According to many in the field of music-drama the "Marriage of Figaro" is among the most difficult to produce and it was evident that at the beginning of the year many thought the Music department had jumped off the deep end. But the crowds that passed up dances and a basketball game to witness the efforts were rewarded and they showed it with their applause.

## AFROTC Announces Angel

Clara Armstrong, Forney Hall, was chosen Saturday by the Air Force ROTC drill team to serve as "Guardian Angel" of the group. She succeeds Pat Miller Domke, last year's Angel.

In a two-week contest in which all seven candidates were entertained by the drill team members Clara a 5' 5" brunette from Lapwal, was voted to the honor position.

Cadet Capt. Ray Behrman and cadet 2nd Lt. Bill Brockman, team drill masters, and Capt. Malcolm Stewart, team adviser, were in charge of the program for the queen's selection. The guardian angel attends all drill team competition meets to offer moral support to the cadets.

Last year's Guardian Angel Pat Domke was present at all the drill team meets as well as being on hand when the Air Force drill team captured the Inland Empire drill competition meet.

Other candidates in the race for the Angel's position were Kappa Parkinson, DG; Jo Ella Hamilton, Gamma Phi; Sonja Henriksson, Pi Phi; Jo Carol Fouch, Kappa; Mary Dunn, DG and Sharon Stump, Alpha Phi.

## Reginald Reeves Receives Prize For Best Essay

Reginald R. Reeves, University of Idaho law graduate of 1952 who is now practicing in Idaho Falls, has won the national Nathan Burkan memorial prize of \$500 for an essay he wrote as a senior here, it was learned here today by Dean Edward S. Stimson of the College of Law.

Reeves' essay, titled "Loss of Literary Property in Comic Strips," originally won a \$150 prize in University of Idaho competition sponsored by the American Society of Composers, Authors and Publishers. The society then selected the essay as best in the nation.

Judged for the contest were Chief Judge Leon R. Yankwich of the U.S. District Court for the Southern District of California, and Judge Stanley H. Fuld of the New York Court of Appeals. The contest is held annually in honor of the late Nathan Burkan, considered one of the nation's outstanding copyright attorneys and a leading trial lawyer of the Thirties.

Reeves came to the University of Idaho to study law from Greensboro, N. C.

## Ride Sharing Illegal

A recent issue of the Minnesota Daily contains these statements about car pools.

Paul A. Rasmussen, commission chairman of the State Railroad and Warehouse commission, St. Paul, Minn., has announced that pools are illegal if the students pay for their transportation.

However, it was doubted that such a law could be enforced. The system is convenient and cheap.

The production brought opera back to the campus after a three year lapse. Three years ago the ASUI gave "Cavalleria Rusticana" and "Pagliacci." Bizet's "Carmen" was started two years ago but never was performed due to financial and cast difficulties.

## Better Than A Parachute

Clara Armstrong, 5'5" brunette from Forney Hall, seated center of the front row, was selected as the Guardian Angel to the AFROTC Drill team Saturday. Seated with her are other candidates chosen for Guardian Angel. Front row, left to right: Karen Parkinson, Delta Gamma; Jo Ella Hamilton, Gamma Phi Beta; Sonja Henriksson, Pi Beta Phi; Guardian Angel Clara Armstrong, Forney Hall; Jo Carol Fouch, Kappa Kappa Gamma; Mary Dunn, Delta Gamma; and Sharon Stump, Alpha Phi. In the back row standing left to right are: Capt. Malcolm Stewart, drill team adviser; Cadet Capt. Ray Behrman, drill team leader; Pat Miller Domke, last year's Guardian Angel; and Cadet Lt. Bill Brockman.

## Violinist To Present Concert Thursday Night

### Not A Quack Was Heard

Second prize, a duck, was awarded to Bob McMullan, a San Jose State Turkey Trot runner. However, McMullan did not receive the duck. The duck escaped in early morning before the award was to be made, and disappeared. Seems kind of quacky.

### Two Legal Movies Shown Thursday

Two legal movies will be shown in Ad 338 Thursday morning at 11. The first movie is "Basic Court Procedures." It shows how a criminal case is tried in court. The second, "State Legislation," shows how the needs arises for a law; how hearings and studies are made; the writing of the law; deliberations by the House of Representatives; amending procedures; passage by the House; Senate action; approval by the Governor; hearing before the Supreme court, and its ultimate approval.

### ROTC Grads Are Now Eligible

Graduates of the Army's advanced ROTC program are now eligible for commissions in the regular U. S. Marine corps, it was revealed today by Lieut. Colonel James A. Moore, Idaho professor of military science.

Applications will be accepted immediately, Moore said, from army ROTC senior cadets who are interested in a Marine corps career. If accepted, cadets will be commissioned as Marine second lieutenants upon graduation.

### Five Vie For Sigma Chi

Here's two columns worth of curves in the persons of five coeds chosen by the men of Sigma Chi as finalists for the Sweetheart title. Shown seated, left to right, are Anne Carson, Sonja Henriksson and Freda Payne. Standing in the rear, left to right, are Lou Ann Olson and Barbara Simons.

### Idaho Debate Team Ties for Second In Debate Tourney

University of Idaho tied for second place in the Tri-State Debate Tournament held on the University of Montana campus last weekend.

Attending the tournament from the University were Lee Anderson, Jim Kruger, Hugh Burgess and Fred Williams. They were accompanied by Dr. A. E. Whitehead.

### Inter-Fraternity Council Elected

Officers elected for Inter Fraternity council for the coming year at a recent election were Doug O'Brien, president; Park Campau, vice-president; John Tall treasurer and Al Johnson, secretary.

Dave Porter was last year's president, Doug O'Brien served as vice-president, Ed Johnson as treasurer and Parker Campau as secretary.

O'Brien said that a review of rush rules will be held to improve the centralized housing type of men's rush for the coming year. It was tentatively proposed at the last meeting that the Inter Fraternity council provide each member or pledge with an ID card.

### During the war he performed for the armed forces more often than any other concert artist. After the war he became the first western concert artist to reopen the Japanese concert series after a thirteen year standstill, and was the first concert star to play in India at the invitation of Prime Minister Nehru.

Mehulin has premiered numerous compositions of the modern repertory and has also rediscovered several works of the famous classical composers. Among these have been newly found concertos of Vivaldi, Schumann, Mozart and Mendelssohn.

Showered by Royalty  
He is the youngest person ever to be made Chevalier of the Legion of Honor. Royalty and other heads of governments all over the world have showered him with honors and decorations for his high artistic achievements and for the humanity he has shown by giving so much time and energy to worthwhile causes of all nations.

Mehulin, who has appeared with every great orchestra and every conductor of consequence in our time, is a man who believes that artistry must be more than mere entertainment and has proven that it can serve to make ours a better world.

Some of the selections that will highlight the program are: La Folia by Corelli, five movements from the Partita in E Major by Bach, Sonata in F Major by Mendelssohn and Concerto No. 22 in A Minor by Viotti.

### Filing Date Nears For Applications

The Oregon State Civil Service commission is accepting applications for an aquatic biologist I examination. Last filing date for applications is December 21.

Students taking an approved course of study who will graduate by spring or summer of 1954 are eligible to take the examination.

With a salary range of \$296 to \$364 a month, positions in this classification are located with the Oregon State Fish and Game commission. Applicants must have graduated from a four-year college or university with major course work in sciences relating to fisheries or ecology before appointment can be made.

Further information can be obtained by contacting the State Civil Service commission, 102 Public Service building, Salem, Oregon.

## Executive . . . Board

- Wednesday, December 9, 1953  
Agenda:  
Student Recruitment  
Student Union Discussion  
Income Tax Change for Educational Expenses  
Committee Reports  
Open

## Whoops! Look Out!

Look out! Whoops, slipped. Well, another bruise, another broken arm. At least it feels like it's broken. Perhaps lately you've heard or muttered those comments while treading where angels fear to tread—the icy sidewalks and street crossings of our campus.

We certainly realize that nothing, as the hackneyed expression goes, can be done about the weather or the icy condition on our sidewalks. When the sun comes out, or at least the air warms up, and the melted snow runs over cleared sidewalks and streets, it freezes to form a thin sheet of mischievously slippery ice. Still, nothing can be done.

However, we feel that something should be done to alleviate the slippery condition of walkways. Particularly are we susceptible to its slick caprices when we are only half awake in the morning. So, please, do something about the stuff.

What to do? Perhaps in some of the worst areas, such as street crossings and in front of buildings, some salt might be sprinkled to melt the ice. On some of the other long stretches, sand, gravel, or clinkers would help to provide traction.

Just an incidental word about the faculty parking lot—having a class in UCB 102 most mornings, we notice the poor faculty members slipping and sliding into parking places. How about a little sanding there, too?

Sure hope that something gets done about those icy sidewalks cause we can't afford to buy ice skates. J.C.

## Christmas Starts Rolling

Remember last week's editorial on the articles that appeared in the Ubysses (student publication of the University of British Columbia) concerning the burning in effigy of publisher McCormick and Senator McCarthy? Well, they've got something new this week. You see, since Christmas is on its way they gave it some local publicity.

We don't know how true the articles are but they are most enlightening. Here they are from the Saturday, December 26th??, issue, also their December 4 issue of the Ubysses: "37-Year-Old Body Bruised"

A 37-year-old Santa Claus suffered head lacerations early Christmas morning during a fight with a Powell street roominghouse operator.

Police said the injured man, dressed in a red suit and toque, attempted to enter the roominghouse shortly after midnight, but was stopped by the landlord, who slugged the intruder with a whisky bottle to knock him down a flight of stairs.

Officers quoted the landlord as saying: "No visitors allowed after 11 p. m. I keep a respectable house."

That was nothing—check this! "It was the night afore xmas when Rudolph was arrested." Police arrested a five-year-old reindeer last night for impaired driving, after the beast allegedly raced down the wrong side of Powell street in a low slung sleigh and committed eleven traffic violations.

Officers said the beast, who gave his name as Rudolph, startled a pedestrian with his antlers while singing, "To hell with jingle bells" and backfired at a street corner Santa Claus, shattering store windows and blinding shoppers.

"Merry Christmas" Ubysses F.D.W.

## Plant Specimens Are Given To Idaho By SCS Director

Five thousand more Idaho plant specimens have been added to the University of Idaho's fast-growing herbarium by J. H. (Heinie) Christ, Pacific Coast regional director for the Soil Conservation Service.

This brings to 13,000 the number of plant specimens he has given the University. His previous gift was 8,000 plants, collected while he was at Sandpoint.

Largely due to the generosity of this enthusiastic plant collector, the University of Idaho herbarium is now well on its way toward becoming the largest collection of Idaho plants in existence anywhere," says Dr. W. H. Baker, acting chairman of botany, in making the announcement.

Dr. Baker estimates the University herbarium now contains approximately 35,000 specimens.

For more than 30 years, collecting Idaho plants has been a hobby with Christ. His interest in this field began while he was a student in botany here. It continued after graduation, when he became superintendent of the branch agricultural experiment station at Sandpoint.

When Christ joined the Soil Conservation Service his plant collecting was curtailed but did not stop. For the past 10 years he has been doing it on summer vacation trips to Idaho. This interest in Idaho plants has taken him into practically every valley and watershed in the entire state of Idaho.

During his vacation time collecting, Christ has made it a practice to bring in duplicate specimens—one for his personal collection and the duplicate for the University. Christ's personal plant collection—all from Idaho—is believed to be one of the largest personal herbarium in the United States. It contains more than 20,000 specimens.

About 1,400 specimens were added to the herbarium the past fall by Dr. Baker, who collected in southwestern and south-central Idaho.

In his travels he secured plant specimens from the Craters of the Moon, the Trinity Lakes region of Elmore county, Stanley basin, the Payette lakes-Burgdorf district, the Hailey-Ketchum section, and the range area around Weiser.

Although Baker's field work this summer has added 1,400 specimens to the herbarium he secured many times that number for exchange. Baker brought back 8 to 10 specimens of each plant, the extras for trading with other herbaria.

"We now have around 50,000 duplicate specimens for this trading," he reports. "We are about ready to make them up into sets and start trading. That way we hope to secure specimens we do not now have in our herbarium."

When a three pointer by Pat Shires defeated Florida this season, it marked the first time the Tennessee football team won a game on a field goal since 1932, when Breezy Wynne kicked one to defeat Duke.

## Gift Suggestions from the Mezzanine Music Shop

- ★ Christmas in the Air by Walter Schuman
- ★ Robert Shaw Chorals Long Play 45
- ★ Merry Christmas Bing Crosby and Andrews Sisters
- ★ Christmas with Julius LaRosa

## Give the Perfect Christmas Gift

Call 2-7011 for APPOINTMENTS TO HAVE YOUR PICTURE TAKEN FOR CHRISTMAS AT RUDY'S STUDIO

## Traffic Director Urges Motorists To Drive Carefully

"Christmas is the season of good cheer during which every motorist can help build Christmas spirit by paying close attention to highway 'courtesy,'" reminds the state traffic safety education department.

"On today's overcrowded streets and highways the need is greater than ever for all motorists to exercise greater courtesy and restraint with respect to other drivers and to pedestrians," the Traffic Safety director, Harold Davis, stated.

He urges that all motorists heed the increased number of pedestrians who will be on the streets during the Christmas rush. In the great majority of cases, the pedestrian has the right of way.

"Downtown districts will be crowded worse than ever, the next few weeks. Be alert for pedestrians taking short cuts in the middle of blocks. They are the ones who will be loaded down with packages, and minds will be far from traffic."

Then, too, if the streets are icy, it will take shoppers longer to cross the streets. It will take you longer to stop, too."

"Remember," the Traffic Safety Director concludes, "one courteous driver can often prevent a traffic jam or an accident."

## DEAR JASON

Dear Jason, We wonder if this year the "annual Candlelight Christmas Concert" by the Vandaleers will really be by candlelight, as it was not last year.

The effect was beautiful a couple of years ago, and if this tradition is going to be sacked, why?

Also in passing, whatever happened to the movement to put all professors' quizzes in the library? Since finals are coming, any hurrying-up of this idea might do some of us poor "B" students some good. (My profs will really laugh at that one!)

Having quizzes in the library for the study of all might have a result unapparent now. Specifically, those profs who year to year give the same old quiz might have to prepare new ones. We're not condemning this practice, for we realize profs are busy people, but might this not be good?

Ruth Brede

## Anatomical Models To Be Purchased

The late Dr. Melvin F. Fuller, a University of Idaho graduate of 1930, who died at Aberdeen, Wash., last month, presented the department of biological sciences with funds for the purchase of two anatomical models prior to his death. It was disclosed today.

A native of Rathdrum, Dr. Fuller later lived in Orofino. After graduating from the University of Idaho he attended the University of Oregon medical school. Dr. Fuller had been practicing at Aberdeen since 1936.

Funds given the University by Dr. Fuller will be used to purchase models of the human circulatory and endocrine systems.

The doctor believed that a sound knowledge of human anatomy is essential to good medical practice, and gave these models to assist student work.

## Professors Attend State Dairy Meet

DANA — Professor D. L. Fourt and Professor J. C. Boyd of the dairy husbandry department will leave Wednesday to attend the Idaho State Dairy meeting December 11 and 12 in Pocatello.

There will be joint and separate meetings of state dairy organizations. Professor Boyd is secretary of the Milk Processors association.

Professor Fourt will meet with the Purebred Breeders association. Both are speakers at the Idaho Dairyman's association on Saturday.

## 'Romeo and Juliet' Carried Over KHQ

"Romeo and Juliet," starring Claire Bloom as Juliet and Alan Badal as Romeo, will be broadcast on the Old Vic production to be carried on KHQ, 590 on the dial, Saturday, December 12, from 1 to 3 p.m.

The radio production takes its name from the famous Old Vic theater in London where the theater's classics are presented.

This radio production holds special interest for any students interested in dramatics.

## COMMUNISTS HUNTED

(ACP)—New York law students have been offered a chance to do "volunteer laboratory work" by hunting Communists for the government. Forty-eight students, including three women, are now working part-time without pay in the offices of U.S. attorneys in Manhattan and Brooklyn.

## Summer School Held in Norway

The University of Oslo Summer School for American Students will hold its eighth Summer School from July 3 to August 14, 1954. The school is open to all English-speaking students who have completed at least one year of college.

Courses offered are a survey of Norwegian culture, humanities, social studies, and the education of Norway.

An estimated cost is \$440 for transportation and \$290 for the six weeks schooling, including board, room, books and incidentals. Some scholarships are given.

For additional information, write to: Oslo Summer school Admissions Office, in care of St. Olaf college, Northfield, Minnesota.

## High School Loses Odd Assortment

Books, notebooks, scarfs, mittens, and glasses are among the lost articles in the registrar's office. However, this is small, compared to the lost articles recently announced by the Moscow high school.

A toy hot rod, ballet slipper, a toy monkey, purses, glasses and glass cases, scarfs, thirty-five pens and pencils, buttons, combs, bracelets, keys, rings, a tie clasp, and also a bathing suit.

Many of the young males are looking for the occupant of the bathing suit.

## Home Ec Has Sale

Phi Upsilon Omicron, home economics honorary, is sponsoring its annual holly wreath sale. Deliveries will be made on December 9 and 15, and orders will be taken until December 15.

Small wreaths are \$1.50 and large wreaths will be sold for \$3. Orders will be taken by Helene Fletcher, 8045, or Frances Mathisen, 2478.

## LEARN ME BETTER!

(ACPO)—A college education is a marvelous thing. Here are some of the errors that turned up when a general information test was given at the University of Oregon:

Fjord—a Swedish automobile; Iran—Bible of the Mohammedans; Nicotine—the man who discovered cigarettes; Scotland Yard—two feet, ten inches; Concubine—when several businesses combine.

## Jean Cocteau's 'Orpheus' To Be Shown Wednesday

Coming this Wednesday in the ASUI movie series is Jean Cocteau's remarkable French fantasy film, "Orpheus." It will be shown at 4, 7, and 8:30 p. m. at the Borah theatre.

Written and directed by France's noted Jean Cocteau, the film is a modern version of the Greek legend of the poet Orpheus. Says the New York Times, "Here is a strange and fascinating film employing a camera with vaulting imagination... an arresting and evocative blend of realism and death."

"Let Jean Cocteau guide you into a dream world of sleep and death," says Commonweal. This is a story of fantasy and the neither world told with a droll tongue-in-cheek sense of humor.

Orpheus is the tale of the poet whose wife was taken before her time to die by one of Death's princesses, who had fallen in love with Orpheus. He follows them into the other world where he tries to get back his wife.

He succeeds, but with the stipulation that he not look at his wife again. Of course, that he cannot fulfill; and Orpheus and wife, Eurydice, find themselves back in the world beyond.

Use of modern dress. Rolls Royces, motorcycles on which Death's messengers ride, and a radio of death add a touch of reality to Cocteau's land of death. A trio of business suited bureaucrats make up the princess's immediate superiors.

The film features a handsome cast including Jean Marais as Orpheus, Maria Casares as the princess, Francois Perier as her chauffeur, and Maria Dea as Eurydice. The music is by Georges Auric.

There may be some question in the audience's minds about just what Cocteau had in mind for plot. He writes, "When I make a film, it is a slumber and I dream. Nothing matters but the persons of the dream, the places of the dream."

Death In Life Why does Cocteau have Death coming and going through watery-mirror like doors?—for example.

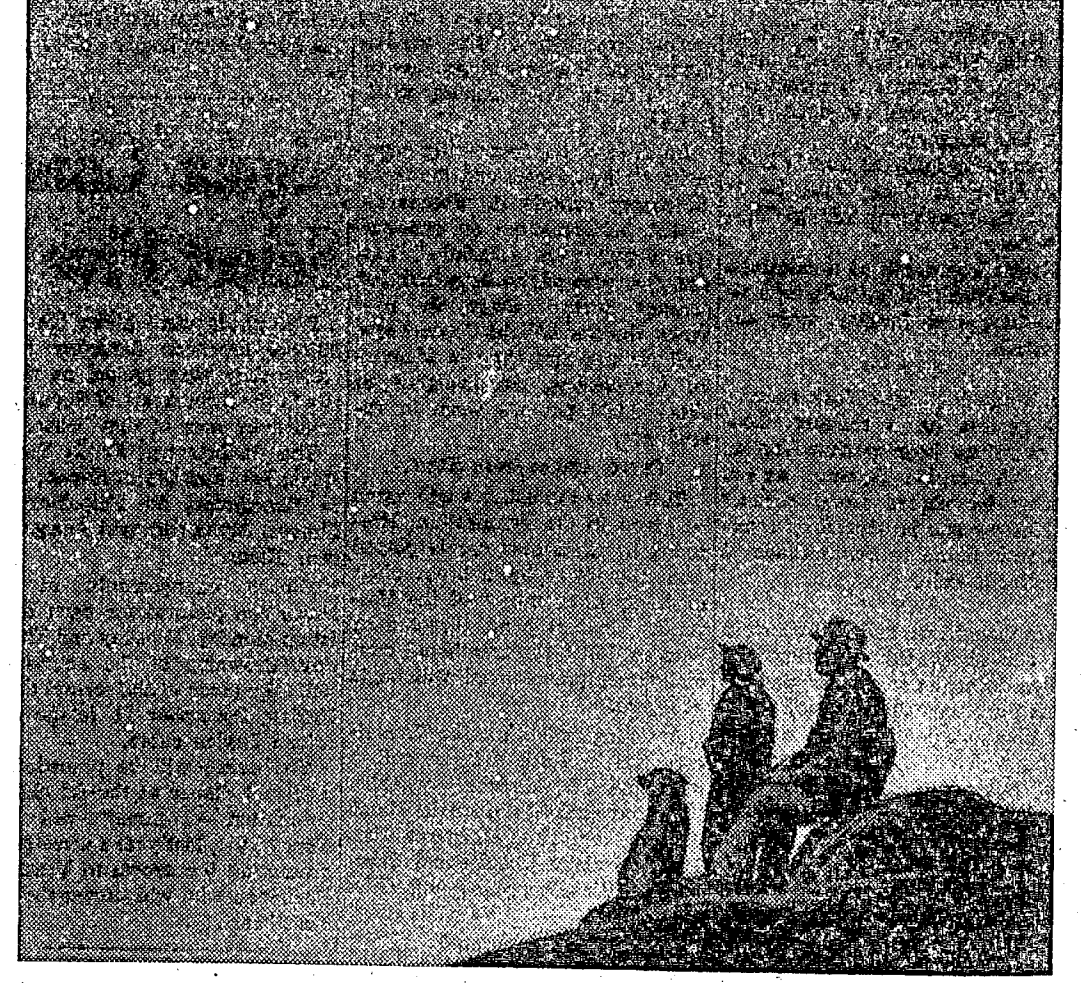

## Sigma Xi To Hear Dr. MacCready

Dr. Paul B. MacCready, Jr., consultant with Munitalpa Foundation, will speak at an open meeting of the Sigma Xi Tuesday evening, December 8.

Dr. MacCready plans to lecture on "Cloud Investigations and Weather Modification." He will demonstrate the use of technical equipment, and show slides on the subject.

The meeting will begin at 7:30 p.m. in the Borah room of the SUB.

## How silent is the night?

Watching the serenity of Christmas skies we are conscious of deep silence. Yet the stars are talking to us all the while—talking in radio waves that are full of meaning to scientists probing the depths of space.

The important discovery that some stars produce radio waves was made by a Bell Laboratories scientist while exploring atmospheric disturbances which might interfere with transoceanic telephone service. His discovery marked the birth of the fast-growing science of radio astronomy. It is telling us of mysterious lightless stars that broadcast radio waves, and it promises exciting revelations about vast regions of space concealed by clouds of cosmic dust.

And so from the probings and skills of Bell System scientists and engineers has come another tool to help man understand better the universe in which he lives. These men are a proud team—members of a still larger team engaged in research, engineering and administration and working on telephone problems in all parts of the country. We would like you to consider joining them.

There are employment opportunities with the companies that provide telephone service, with Western Electric, and with the Bell Laboratories. We need young men for the leaders in tomorrow's Bell Telephone System. Check today with your Placement Officer for details.

## School Bells Irk Colorado Student

(ACP)—Irrked by the ringing of carillon bells, a University of Colorado student sued the board of regents for \$1,000 for "mental damages."

But despite testimony of friends who said he had become "ill-tempered" since the bells began to ring and a university psychologist who said "prolonged stimulation could have such defects," student Glen Groenewold lost his case before the campus moot court.

Groenewold, business manager of the Colorado Daily, charged, "The noxious bells... distract me while I work, disturb my work schedule, and have caused me great mental and emotional damage." One day, he said, upon hearing the bells he tore up a report which had taken him several hours to compile. Perhaps his most disagreeable experience, Groenewold said, was when the bells played "Hold that Tiger."

# Kappa Sigs Have 12 Hour Party; Sweet Has Cabaret

With the approaching holiday come numerous social events bearing out the Christmas theme or recalling traditions from the past. Last weekend found the Kappa Sigs once more welcoming their dates to the annual 12-hour House Party. Next weekend Dickens' "Christmas Carol" will be portrayed in the decorations of the Phi Delta Christmas formal.

In the line of tradition will be the Pi Phi Wassail Hour and the annual Lambda Chi Tom and Jerry Party.

**ALPHA PHI**  
Caroleigh Gites, Phyllis Ralstin Goeke, and Delores Forsman Kinney had leading roles in last weekend's production of "The Marriage of Figaro."

An exchange was held with the Kappa Sigs Wednesday evening. A serenade in honor of Jean Moran was held Tuesday evening in event of her pinning to Chuck Fellows.

May Pappenhagen was chosen Holly queen candidate and Pat Farmer as chairman of the sophomore Holly dance.

A scholarship party was held Thursday evening. The entertainment was provided by Jean Luedke, Jody Keith, Pat Farmer, Jean Sanderson and Jo Haight.

An Lou Luedke Ringe was a dinner guest Wednesday. Claudia Jensen from WSC was a guest Friday evening.

**KAPPA SIGMA**  
The 34th annual house party was held by Kappa Sigma last Saturday. Glenn Holm was general chairman of the affair. Music was furnished by Ed Aliverti of Pullman. Chaperones were Capt. and Mrs. Burnett, Mr. and Mrs. Ellis, and Mr. and Mrs. Hartup.

An exchange was recently held with Alpha Phi. Don Harper is the new leader of the pledge class.

Jim Peterson announced his pinning to Helen Weisenborn, an Alpha Gamma Delta from the Cow college.

Jim (Red Dog) Lynn is planning to get married during Christmas vacation — it's official this time.

**PHI DELTA THETA**  
"Silver Bells" has been chosen as the theme of our annual Christmas formal Friday night. The decorations will center around the theme of Dickens' "Christmas Carol," with the past, present and future being represented in the three main rooms.

Our annual party with the WSC Phi Deltas was rated a grand success by all. Harvey Hoff returned Sunday from a five-day convention in New York where he represented the state of Idaho as the student guest at a convention of the National Association of Manufacturers.

**PI BETA PHI**  
Mrs. Kenneth Johnston (Lois Fougels), Spokane, was a house guest last week. Mr. and Mrs. Fred W. Kruse of Portland visited in Moscow before Thanksgiving.

Sunday dinner guests were Mr. and Mrs. F. O. Reichow of Lewiston.

The annual Wassail Hour will be held Sunday in the chapter house. Harriet Kruse is chairman.

Sonia Henriksson was serenaded Saturday night as finalist for Sweetheart of Sigma Chi.

**SIMA CHI**  
An exchange was held with Hays hall last Thursday evening. The Sig pledges stocked Cecil Hayter last Wednesday noon, on what was probably the coldest day of the school year. Cecil is pinned to Jane LaBarge of the Delta Delta Delta sorority.

Our house mother, Mrs. Edith Magnuson, held an open house for all the Sigma Chi mothers of the Moscow area last Tuesday.

The "Singing Sigs" quartette has been reactivated again this year. It is composed of Bob Campbell, Bruce Sweeney, John Herrette, and Gerry Leigh.

**WILLIS SWEET**  
Over 160 couples packed Willis Sweet's annual cabaret Saturday night. "The Glass Slipper" theme was carried out by decorations on the order of a very elegant ballroom. The color was a unique scheme ranging from a white, shaded through orchid to a deep violet.

Each candlelit table featured cheese and a loaf of French bread. Refreshments were served by a crew of white-clad waiters.

As one approached Willis Sweet he was greeted by a large flashing sign bearing a silhouette of a slipper surrounded by stars and the name, "The Glass Slipper."

Upon entering, one stood awestruck by a huge chandelier decorated in silver, glittering with tiny pieces of mirror that reflected the blue and orchid lights that were played upon it.

After descending the stairway, waiters greeted and presented the dates with orchid corsages and escorted the couple to their tables.

A striking feature of the decorations was a three-dimensional

## News Briefs

The annual Faculty Newcomer's club Christmas party will be held at 8:30 p.m. Saturday, December 12, at the Faculty club. Hundreds of members will be guests, and there is to be a gift exchange.

Dr. Marshall W. Cronyn from Reed College, Portland, Oregon, will present a talk entitled "Organic Sulfur Chemistry — A Progress Report" at a meeting of the Washington-Idaho Border section, American Chemical Society, in 110 Science Hall at 7:45 p.m. on Tuesday.

All interested persons are invited to attend.

The total number of students served by the University in resident college level courses for the current year beginning June 10, is 3428, reports the registrar's office.

Shades of Santa! The SUB committee is at work. Last night a worthy Arg. reporter on his beat turned in the fact that Barbara Higgins and her side kick on the SUB committee, Betty Ruth Westberg, were glueing snowflakes one by one on the Christmas tree in the Bucket.

Leave it to an art major!

Ron Correll was selected as the outstanding agricultural engineer for this month at the student chapter meeting of the ASAE.

Business included suggestions for a booth at the annual Engineers Ball.

## WRA NEWS

There will be no volleyball tournament games played this week. All girls who are planning to attend the volleyball playday in Pullman Saturday are requested to come to practice Tuesday and Wednesday noon.

Results of last week's tournament games were: "A" league: Kappa over Gamma Phi; Steel over Theta, (44-31); Pi Phi over DG, (38-21).

B. League: Forney over Steel, (19-16); Alpha Phi over DG, (37-17); Gamma Phi over Theta, (44-17).

Badminton games scheduled for 12:30 p.m. today are Gordon and Nelson, Kappa vs. W. Gray and Crisp, Steel; Payne and Driscoll, Hays vs. Dregnie and Hobdne, Theta.

Several Idaho girls previewed the 1954 basketball season by attending the Inland Empire basketball clinic held here on Saturday.

Speakers during the day were Mary Ellen McKee, WSC; Ethel Booth, Pasco, Washington; Alice Cheska, Ellensburg, Washington; Virginia Asan, Spokane; Mabel Locke, Margaret Coffey and Edith Betts from Idaho.

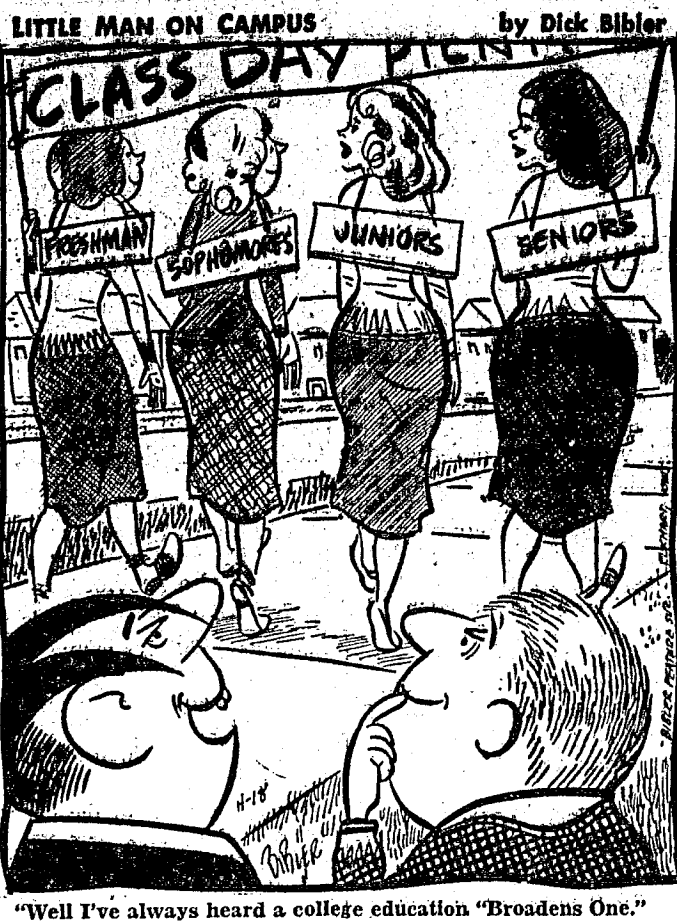

Students representing Idaho and CWCE played a demonstration game Saturday afternoon before delegates from 16 northern Idaho and eastern Washington colleges and high schools.

## J. Paul Sheedy\* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

Here's a sad cotton tale: poor Paul was in a stew about his hair until his paw wrote: "I ear you got a bun on because your girl left you. Now, letuce look at the bre's facts. To get in on the bunny huggin', smart rabbits foot it down to any toilet goods counter for Wildroot Cream-Oil, America's biggest-selling hair tonic. So fuzz thing tomorrow, invest 29c in a bottle or handy tube. Contains soothing Lanolin. Non-alcoholic. Grooms the hare. Relieves annoying dryness. Removes loose, ugly dandruff. Helps you pass the Finger-Nail Test." Sheedy tried Wildroot Cream-Oil and now he's a jump ahead of every Tom, Dick and Harvey. So what're you waiting for? Get Wildroot Cream-Oil today, and ask for Wildroot at your barber's. You're bound to like it!

\*of 131 So. Harris Hill Rd., Williamsville, N.Y. Wildroot Company, Inc., Buffalo 11, N.Y.

"Well I've always heard a college education 'Broadens One.'"

## Phone Company Gives New Campus Numbers

The General Telephone Company has announced that with the publication of the new telephone directory, December 5, several University numbers will be changed.

**RADIO COURSE OFFERED**  
Lawrence, Kans.—(IP)—A major course of study in radio is now being offered at the University of Kansas, according to a recent announcement by Chancellor Franklin D. Murphy. Students majoring in the field enroll in the William Allen White School of Journalism and Public Information and will earn the degree of bachelor of science in journalism.

To the wag who suggested this idea of heaven, we say simply, "AMEN".

1953 wages, 1926 dividends, 1932 prices, 1910 taxes.

Boss: My boy, do you believe in life after death?  
Office Boy: Yes, sir.  
Boss (tenderly): Then that makes everything all right. About an hour after you left yesterday to bury your grandfather, he came in to see you.

## College Lawyers Ask To Trade Places

(ACP)—The editors of the University Daily Kansan, University of Kansas, found themselves in a somewhat unique argument the other day, over how to put out a newspaper.

During a controversy with law students (whom the Kansan called "ambulance chasers" and "future shysters"), 50 prospective lawyers offered to trade places with the newspaper staff for a day. The idea was to show how easy it is to publish a paper, and how hard it is to attend law classes.

The Kansan board, student governing body for the paper, voted to reject the offer, 9-6. It said the Kansan should not become "a toy to be tossed around haphazardly."

**TWO FRONT PAGES**  
To celebrate national newspaper week, the Syracuse Daily Orange put out two front pages — and ran them both inside the paper.

One was a typical American page, with headlines like "Plous Work 'Stressed'" and "Magazine Prints Student's Article." The other was an example of what the same page might look like if it were Orange were printed in a totalitarian country. The headlines were changed to "Subversive Arrested" and "State Cites Alvin for 'Basis' Story." Only the temperature in the weather ear remained uncensored.

**INFIRMARY**  
Admitted to the Infirmary were Gordon Smith, Leroy Owens, Ralph Litton, Ralph Clements and Sally Newhouse.

Dismissed were Howard Jackson, Carolyn Wilson, James Rivord, William Stott, David Cummins, George Collett, Larry Davis, Ralph Litton, Gordon Smith, Carl Crisp, Leroy Owens, James Gowenlock and Warren Martin.

**Church News**  
Bible study this evening at 7 in the Christian center.

This Friday evening a roller-skating party is planned with the Lutherans from WSC. Meet at 7 at the Christian center.

Those desiring rides to the meeting on Sunday, contact Bob Uhrig at 25071.

**JUG STILL MISSING**  
A two-gallon black jug used for making coffee was borrowed from the San Jose State Coop, but it was not returned.

The shortage makes it inconvenient for groups needing large amounts of coffee.

Little Willie, from the mirror, Sucked the mercury all off. Thinking, in his childish error, It would cure the whooping cough. At the funeral his mother, Weeping, said to Mrs. Brown, "Twas a chilly day for Willie Went the mercury went down."

## KUOI Presents Christmas Program

The newest addition to the Here We Have Idaho program is the appearance of Hartly Kruger, freshman basketball coach.

Officers to be featured on the Thursday night program that is dedicated to the Christmas spirit, are the Vandaleers, Dr. Whitehead, and Dr. Hungerford. The Vandaleers will sing "Go Tell It on the Mountain" and "O Come, O Come Emmanuel." Dr. Whitehead will discuss the progress of the University debate team.

Training in wild-life management is Dr. Hungerford's topic. Beginning with this week's program, Here We Have Idaho can be heard over KUOI as well as KRPL.

**Alum News**  
Glen A. De Brulle was graduated from the Navy Officer Candidate school in Newport, R. I., November 13, and was commissioned as an Ensign in the Naval Reserve.

De Brulle graduated from the University of Idaho last year with a BA degree in English, and was a member of Delta Sigma Phi fraternity.

After a short leave period the new officers will report to active duty billets. A large number are ordered to service schools for further training in specialty branches.

Sharon Henderson, '53, is teaching art in the Pocatello elementary school system.

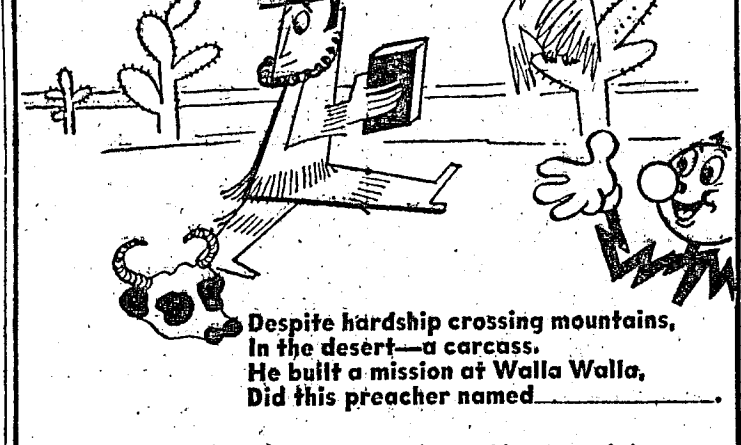

Don Dafoe, M.S. (Ed, 1948) is now Commissioner of Education for Alaska. At the time of his appointment this past summer, he was assistant superintendent of schools at Anchorage. Prior to 1951 he was superintendent of Minidoka county schools, with an office in Rupert.

Finalists for Sweetheart of Sigma Chi are Billie Jacoby, Nancy Lyle, Daydra Phillips, Janet Campbell, Eleanor Long and Jackie Thorson.

**YOU GROW IT . . . WE MOW IT!**  
Nepean's Barber Shop

Willie saw some dynamite, Couldn't understand it quite; Curiosity never pays; It rained Willie seven days.

**YOU NAME IT BY REDDY**

Despite hardship crossing mountains, In the desert—a carcass. He built a mission at Walla Walla, Did this preacher named

MARCUS WHITMAN carried on traditions of his pioneer forbears who settled Massachusetts, when he pushed his way across the country to settle Whitman Mission in 1836. The individuals who make up The Washington Water Power Company have been proud to further that pioneer spirit by helping the Inland Empire develop through low-cost electricity.

# FINLEY AND CO. TAKE HOOP OPENER 76-67

### Garrison Walked On This One

Bob Garrison makes two for the Vandals, but it was all in vain. Garrison dumped the ball in but the basket did not count when the BJC transfer was called for walking. Bob Falash can be seen behind Garrison and No. 35 Tom Mulcahy coming up. To the right are Gonzaga's Joe Murphy (32) and Gary Hetherington.

## Bulldogs Fall To Classy Looking Idaho Crew

Harlan "Lefty" Melton, junior forward, sparked the Vandals to their initial victory of the basketball season Friday night when they defeated the Gonzaga Bulldogs, 67-76, in the Idaho squad's opening game.

Melton dropped in 31 points for a new Idaho scoring record and fell only four points short of an all time court record set by Jack Orr of Fairchild Air base in a preliminary game last season. Fred (Wimpy) Quinn held the previous record for an Idaho player with 28 points, which was set in 1946.

The high leaping forward who saw limited action last year because of an injured ankle made it all up Friday by uncorking 20 points during the first half and 11 in the second up until the time he fouled out.

### Early Lead

Chuck Finley's squad took an early lead and held it all the way. The first quarter ended with the Vandals leading 20-17. Halftime saw the scoreboard reading 29-39 for the Vandals.

Bob Garrison, Idaho's transfer ace from BJC, who possesses the rare quality of split vision, kept the ball moving faster than most eyes could follow.

### Vermillion Out

Gary Hetherington, 6-5 forward for the 'Zags held the Bulldog spotlight in the absence of Jerry Vermillion who was benched with an injured back, by sinking 20 counters with many of them coming from his one hand push shots from the key.

The Gonzaga squad, who hit for 40 per cent of their shots were held back by a strong defensive crew. Most of their shots were made from outside the key with only three occasions in the game where they were able to drop the ball through from under the basket.

Idaho only hit for 28.6 per cent of their tries with Dwight Morrison, 6-8 center and Tom Flynn both having trouble lining up their sights. Flynn made eight out of eight from the free throw line.

### Idaho Offense Weak

With the Idaho offensive a little weak in their opening appearance Finley will have to improve his squad's offensive tactics.

Garrison was probably the most watched man at the game with his dazzling quick handoffs to

teammates. With his ability to see almost any man on the court he was able to go up for a lay-in and at the last second flip the ball behind him to a man who was in the clear for a shot.

A crowd pleaser at the tilt was the way Idaho took its rest periods. When the buzzer sounded, basketball managers would spread blankets on the floor for the Vandal squad to stretch out on and they did just that making themselves right at home.

There was a method in the madness though. Team members are able to get closer together and it is easier to listen to what is being said. It also gives the boys a better rest.

## Frosh Swimmers Chosen For Silver-Gold Meet

Monday and Tuesday of next week will see swimming mentor, Eric Kirkland's frosh crew in their first competition when the frosh and varsity team up in a gold and silver inter-squad meet.

Freshmen swimmers who will be seeing their first action of the year are Bruce Buckman, sprint swimmer, George Vasko in the distance events, Dale Carlisle backstroker and divers Dick Crooks and Ed Russ. These five will be competing along with varsity members on the Gold squad.

Making up the frosh half of the Silver crew are Jack Helle, breast stroke, Dennes Jensen, distance swimmer, Gene Anderson, backstroke along with Larry Haight another backstroke man and sprinter Mike McKay.

Kirkland stated yesterday that "any other frosh who are interested in turning out will be given plenty of chances to show their ability. We are still short on breast stroke men, and sprinters," he said.

## 'Zags Contribute To WSC Win

PULLMAN — Washington State college capitalized on a Gonzaga lapse of memory to defeat the Bulldog basketball team, 62-60, Saturday night.

The "lapse" was Bulldog center Jerry Wells' confusion in shooting a basket for WSC.

Wells, who led Gonzaga's scoring with 18 points, apparently became confused after the center jump at the outset of the fourth period. He broke with the ball toward the Cougar basket and his team followed him. Wells passed to a teammate who shot at the WSC hoop and missed. But Wells ran under and tipped the ball in.

Gonzaga led through most of the game until late in the third quarter when Washington State spurred to take the lead, with Ron Aiken netting the goal that put the Cougars in front 48-46.

Gonzaga stormed back to take a 60-59 margin with less than three minutes to go, but lost it when Bob Lodge potted two free throws and Bennink one.

## Hawaiian Rainbows Who Will Be Here Tonight

Hawaiian Rainbows who will be playing the Vandals tonight, are, left to right (first row) Howard Pryor, manager; Robert Cadinha, F; Walter Taguma, G; Albert Manligus, G; Ralph Vicens, G; Allen Young, G; Tetsudo Odo, F; Joe Sirois, F; (second row) Robert Leisher, G; Truman Bruce, G; Lawrence Keolani, C; William Lee, C; Fred Furukawa, G; Harvey Lee, F; Al Saake, coach. (Photo courtesy John Uyehara.)

## Just Chatter

By JOHN McDERMOTT

### Take notice WRA!

The coeds at Hardin-Simmons College are going all out for football these days. It seems about 40 girls decided they wanted to play a football game, so they did. We never did get a score on it, but it was quite a contest from all indications.

They had a game last year too, but word on the H-SC campus is that the game was a "put up" job and unfair.

The game was approved by the student assembly and the two females teams are being coached by senior football lettermen.

They even went to the trouble of getting the band to perform at halftime and the game is being played in the Panoram Stadium, where the varsity holds its contests.

It would be something to see the WRA's going fingernail and feet against each other in Neale Stadium.

### How about it gals?

Another note from across the lands.

In California, San Jose State College, Santa Clara, San Francisco University and San Francisco State are working on a project to start an intramural all sports day to be held at a central point with intramural teams from the various schools competing against each other for points and glory.

Representatives from the four schools have been working on the project and have even worked it down to the point where they have refreshment committees for replenishing the athlete's energy for the second half.

Sounds like a good idea. We ought to promote something like that around here.

A note to the refs at last Friday's basketball game—  
PheW!!!!

If the weather keeps up like it is what with all this talk of the ski areas around here it looks like the infirmaries had better build up their stockpiles of tape and liniment.

Skyline Drive seems to be creating a lot of interest in the Palouse area. People from Moscow and students from the University have been putting in multi-hours working up there to develop the ski runs and set up a tow. They even started work on a shelter last week. Should be quite a place when they get all done.

It looks like the ski club can put a feather in their hat when they finish all the projects they have outlined for the place.

If anyone wants a wreath for their room or the front door of their house they can drop down to the old Haddock Electric build-

ing on main street and pick one up from the members of the Skyline Association who are selling them with the idea of putting the proceeds into the fund for buying rope for the tow. If you're interested in the area, it would be a good way to help support it.

We understand that Allen Young, guard on the Hawaiian basketball team is a cousin of the illustrious Mike Young, a student here last year. Mike apparently couldn't pull himself away from the sunny beaches of Waikiki at the end of

the summer. We haven't seen him around this year.

Corky Bridges' 17 yard scoring run for the Washington Huskies against the WSC Cougars was the longest touchdown gallop from a running play in two years. The closest competitor was Jack Kylesingstad's 15 yard run in the UCLA game last year.

CLASSIFIEDS DO THE JOB!

## Vandal Skiers Hold Initial Workout at Emida

Members of the Idaho Vandal ski team took advantage of heavy snows during last week and held their first group workouts Saturday and Sunday at Emida in preparation for their first meet January 2 and 3 when all northwestern interscholastic teams meet at Rossland, British Columbia.

Burnett, who is going into his second year as ski coach said Monday that the team this year should be well rounded and the only thing lacking is a third jumper

All members of the ski team should be at the SUB Saturday and Sunday at 9 a.m. to leave for Emida for workouts.

to back up Olaf Staavick and Reidar Ullevolsteetter. Burnett said that Muddy Numbers, crack downhill and slalom man is a good prospect but as yet has not made up his mind as to whether he wants to jump.

Downhill and slalom prospects for the year include Numbers, Norman Geertsen, Torre Kristoferson and Harvey Hoff who are all back from last year's crew.

Cross country men who will be pointing for victories this year are Torleiv Flatebo, Hening Olson, Staavik and Ullevolsteetter.

Burnett said there was "lots of snow" at Emida over the weekend and conditions were good.

"Hurry, dear," said the wife, "such an odd thing happened today. The clock fell off the wall, and if it had fallen a moment sooner, it would have hit mother."

"I always said that clock was slow," grunted the husband.

## Vandal Mittmen Prep For Boxing Smoker

After a month's drills under Vandal boxing coach Frank Young, several varsity prospects, including five newcomers, have caught the eye of spectators as well as the coach himself.

Coach Young, having worked out his crew for a month now mainly conditioning with a few fundamentals, is now starting those who are ready into a few sparring rounds a night just their regular work.

Young has high praise for three mittmen. They are two sophomores with frosh experience and Idaho's boxing captain of last year. Looking at a good performance level are Ron Titus, Ken Connell, and senior Lynn Nichols.

Titus fights in the 139 lb. limit while the other sophomore will box in his regular 147 lb. spot.

Young has several other mittmen vying for top men in their weight division. Tom Howard, a veteran, and Ray Ragan, a newcomer, are currently the choice for the 125 lb. weight bracket, however only one will complete in matches. Connell at the 132 lb., Titus at 139, and Nichols constitute a backbone for the boxing squad as it looks at this time, Young said.

Bob McBride and Dell, with little experience are in line for the 156 lb. division and Don Anderson and Jerry Manderville in the 165.

Dick Fray, a sophomore from Lewiston, who is turning out for the first time this year, looks like the tops in the 178 lb. weight spot. A veteran, Hal Solinsky, is looking good in the heavyweight division, the boxing mentor said.

The Vandal mittmen begin competition in January after an intra-squad smoker will be held on the night of January 8.

Young has shown some concern of the long lay off between Christmas and the smoker on Jan. 8.

"The boys will have to really whip into shape again after the holidays. However, we've had a pretty good chance to get the kinks out before the vacation, so we're not in too bad shape as it is now."

## Gymnastics

With twenty men now working out for the Gymnastics squad, Coach Dick Smith sees a well rounded squad but lacks depth.

Coach Smith reports that, Captain Al Greichus, Arlo Price, Laurel Pope, and Gerald Price have shown much improvement. Pedro Provencal, a freshman, has shown good possibilities for competition this year.

Two meets are being planned with WSC and plans for the annual exhibition in late March or early April are being made. The squad will also perform at the half-time of some basketball games during the season.

Coach Dick Smith has announced that Gerald Ames won't be eligible for competition but will be available for exhibitions. "He is a great help to me and is valuable in assisting this year's newcomers."

A lady came into the Western Union office to file a telegram in which she used a few words over the minimum. "That's \$1.64," the clerk told her. "You have three words over the ten allowed."

"Oh, that's too high" the woman exclaimed. "Besides, you owe me three words from the last telegram I sent."

**Samsonite**  
luggage  
is HIGH FASHION and  
HIGHLY FLATTERING

Samsonite adds drama to your departure, flatters you tremendously. Because Samsonite is streamlined, smartly tapered. Crafted in costume colors, with a better-than-leather finish that stays spotless with a damp cloth.

The woman-planned Samsonite interiors are a fastidious woman's dream! Elegant linings and dividers, ribbons, pockets and smooth-as-alabaster hangers.

Yet a set of TWO pieces of Samsonite costs less than you'd expect to pay for just ONE piece of such quality luggage! See it today, in our Luggage Department!

High fashion Samsonite comes in five rich finishes:  
NATURAL RAWHIDE • BERMUDA GREEN • ADMIRAL BLUE  
SADDLE TAN • COLORADO BROWN
