

The Idaho Argonaut

VOL. 58, NO 31

THE IDAHO ARGONAUT, Official Publication of the ASUI

FRIDAY, FEBRUARY 5, 1954

This is an architect's sketch of the proposed new University of Idaho Library building, estimated to cost \$1,850,000. Funds were requested for this structure at the last session of the state legislature, but were not approved. They will be requested again at the next session. The library has been "temporarily" housed in the Administration building since 1909.

Changes Sought For Banddress Scholarships Awarded To Students

The time: last year. The place: SUB bookstore. The cast: a book buyer, a pile of books and us. Our scene opens as the book buyer casts a sneering glance at the hoard of bound knowledge we sought to peddle. We shuffled uneasily as he sneered again and began chanting in the manner of a tobacco auctioneer.

When he got up to three bucks he seemed to feel he had said something profane and he stopped. We urged him to continue, but to no avail. The man was smitten dumb. We must have smitten likewise because we gave him \$23 worth of educational matter and pocketed our three quid.

We remember kicking an old lady and stepping on some Ad Building flora in our anger. We philosophized on the sudden deprecation of text books. It is sad, indeed, to be booted so roundly in the purse.

That is why we were glad to see the IKS in action during the past few days with their student book exchange. They deserve no bouquet because they are listed as a "service honorary" and they were performing a service.

We understand they handled something like \$800 during their brief fling in the book mart. Our only suggestion is that the IKS start earlier and quit later next year so that more students can take advantage of the service.

About the coming ASUI elections: we understand that our neutrality has been questioned in some quarters.

Say it isn't so . . . please. As we have said before, the Argonaut is a student paper and should reflect the feelings of the student body. We think it does.

This may be a bit premature, but we want to clear up any misunderstandings before election time.

If either of the two (or three) parties want any questions answered, we'd be glad to attend any caucus meeting, meet all campaign managers and answer any queries and/or remarks presented by anyone so long as they pertain to the Argonaut's position.

We know the Fleece is a reflection of the editor's PERSONAL opinions, but we intend to keep hands off during the spring election campaign.

We rather encourage these proposed question sessions and we hope that advantage will be taken of them.

Two Scholarships Are Announced

Creation of two \$125 scholarships to be awarded sons and daughters of University of Idaho alumni has been announced by James Lyle, secretary of the Alumni Association.

The scholarships, granted by the association through the Alumni Scholarship and Endowment Fund, will be made available to entering freshmen next fall. Lyle said the awards will be based on scholastic ability and need. Sons and daughters of alumni may obtain additional information on the awards by contacting the Alumni Office at the University.

Warren T. Bellis, director of bands of the University of Idaho, urged that new uniforms be bought for the marching and concert bands, and Rich Orme declared that his position on the board was vacant at the Executive Board meeting February 2.

The Board also appointed Joyce Kiilgaard as chairman of the Recreation Committee, and submitted names of students to Dr. H. Walter Steffens, Executive Dean, for recommendations to take part in forums at the Pacific Northwest Conference which will be held on the campus March 18 and 19. This conference is jointly sponsored by the Borah Foundation.

Bill Parsons also announced that living groups are to remember that they are limited to only two Saturday night dances per year.

Color Scheme Suggested
Bellis suggested the color scheme for the uniforms that could be obtained for the entire band for the cost of \$8,000. The coat would be dark blue and double breasted with straight cut trousers with no stripes.

Gold trim would consist of buttons and small emblems on the sleeve. The marching band would have removable shoulder knots, gold web waistbelt, brass buckle, brilliant blue cape lined with gold silk or satin, military cap, gold plume, and spats.

Alternate Plan Offered
Bellis also suggested an alternate plan for reworking the band's present uniforms. He stated that this could be done for approximately \$1,800.

A motion to allot \$50 from the band budget for awards within the regulations as specified by the ASUI Constitution and by Laws was discussed. The motion was tabled pending further investigation into the band budget and expenditures by the budget committee.

Board Thanks Orme
The Board thanked Rich Orme for the job that he had done as a member of the Executive Board. Orme was graduated and has received his commission of 2nd Lieutenant in the Air Force. He has received orders to report to San Antonio, Texas, February 7. A new member will be appointed by the board to fill the vacancy.

Liz Winegar, Lee Anderson, Jack MacAvoy, Robert Bakes, John Bengston, Fred Kopke, Charles Oldham, Roger McPike and Jim Kruger were recommended to Dr. Walter H. Steffens as students to take part in the Pacific Northwest conference forums.

The board also announced that the picture of Dean H. E. Lattig is finished. The engraving plaque is being sent to Lewiston.

Idaho Professor Named Secretary

First secretary of the Northwest Wood Products Clinic under the new college rotational plan will be Professor Everett L. Ellis of the University of Idaho college of forestry.

Ellis is professor of wood utilization and will serve during 1954-55. He will arrange the annual meeting, act as a central clearing agent and treasurer and edit the annual proceedings following the Spokane session in April. The clinic brings together foresters and research men interested in all phases of wood utilization.

SQUARE DANCES BEGIN
Square dance sessions for beginners will begin next Tuesday night at 8 p.m. at the Russel School gym. The price is 75c per lesson or \$8.00 for eight. Phone Mr. Bill Loney, 7562, for additional information.

Nine additional scholarships totaling \$1,605 have been awarded to University of Idaho students for the second semester of the current school year, according to Charles O. Decker, acting director of student affairs and dean of men.

Five of the scholarships, totaling \$1,250, were granted by the Potlatch Forests Foundation, Inc. Recipients are LaVerne Eaton, Charles Sutherland, Burton Luvaas, Judith Flomer and Deane Jolstead. The \$1,250 is in addition to \$3,050 awarded by the foundation to 11 Idaho students at the beginning of the school year.

Roger Lillibridge, a senior in geological engineering, is the 1954 winner of the A. E. Larson Scholarship Award. He will receive \$100 from the foundation, which was established by the Sunshine Mining company in 1962 in honor of the late A. E. Larson, former president of the company.

Three students have received awards totaling \$255 from the Elementary Teaching Scholarship Fund which was established by the University's Board of Regents in 1951. Recipients are Albert Roscoe Larkin, Mary Ann Holmes and Freda Payne. The total is in addition to \$1,772.50 granted to 10 students at the beginning of the school year.

Radio Station Schedules Full Program

Broadcasts of the Vandal boxing matches and Engineer's ball will resume programming for campus radio station KUOI for the second semester, the radio executive staff announced today.

The boxing remote program will be heard Saturday night at 8 with a special covering of the dance following immediately.

Handling the first broadcast will be sportcasters Steve Emerine and John Hughes. Emerine, station sports director, will be commentator while Hughes will describe action.

The dancecast will be directed from the ballroom by Charles White, Bob McBirney and Donald Bundy with S. R. Jerry Chandler and Jim Foley working controls at the studios.

Several revisions in engineering and programming have been done between semesters to enable the station to resume broadcasting for the second half of the year.

Engineer McBirney and crew put in a third turntable and made minor repairs on studio broadcasting equipment.

A meeting of all announcers, old and new, has been scheduled for Saturday, February 13 at 1 p.m. All announcers having air time will be required to attend.

Wiring of KUOI's frequency into living groups on the campus is slated for this month as wire to begin work has been obtained from the engineering department. This method of improving coverage for the station has been under consideration for some months and the project has now been validated by the ASUI.

Pat Harrington has been appointed office supervisor, it was announced by the program department recently. She will be in charge of all women working on general office work for KUOI.

Engineers To Present Annual Ball Tomorrow

Students Got It Good

(ACP)—News item—from The Stute, Stevens Institute of Technology, Hoboken, N. J. "Tau Beta Pi has again prepared exam problems from previous years to help the student body get ready for the term's shakers. An important new addition will be the insertion of answers, a feature which will make the old exam copies even more popular. These review exams will go on sale for ten cents per copy."

Hart To Speak In Southern Idaho

Dr. Donald J. Hart, dean of the University of Idaho's college of business, has been scheduled to address three chambers of commerce in southern Idaho.

On February 6, he will speak at the 50th anniversary banquet of the Idaho Falls chamber of Commerce on "The Next Fifty Years." On February 9, he goes to Blackfoot where he will address the annual banquet meeting of the chamber there, speaking on "Men Must Work." The following day he will talk on "Research for Business and Industrial Development" at the Boise Chamber of Commerce meeting.

New NROTC Prof Hopes To Be Shuffled Up

A Marine Corps captain hopes a letter now being shuffled around in Korea gets forwarded to the right Moscow. The letter contains his promotion to major. Meanwhile, still a captain is Roy J. Leite, who reported from Korea for duty here this week as assistant professor of naval science. He replaces Major J. R. Jones of the Marines, who is being transferred to San Francisco.

Capt. Leite was graduated from the University of Florida in May 1943. He was commissioned from a boot camp officers class in September of 1943. Since that time he has served in various places throughout the world.

During World War II Captain Leite was awarded the Purple Heart for wounds received in Iwo Jima. After the war he served at the Marine Corps schools, and in 1948 to 1949 he was with a guard detachment in the Panama Canal Zone. During the recent Korean conflict Captain Leite served with the 7th Marines and was decorated with the Bronze Star. For the three months preceding his assignment to Idaho, Captain Leite was a G-3 advisor to the Korean Marine Corps.

SAY, COED . . .
(ACP)—From the Sophian, Smith College: "Is a liberal arts education preparation for motherhood? Frankly we don't know."

Mines Dean To Retire In September After 21 Years On University Staff

Dean A. W. Fahrenwald, head of the college of mines at the University for 21 years, revealed recently that he would retire September 1 to do consulting work and engage in the manufacture of mineral processing equipment developed by him.

"There are many opportunities in the mineral industry to improve the economy of ore processing, and it has long been my desire to devote more time to this work development," said Fahrenwald. "No less vital to the industry is the training of youth, so the decision to leave the deanship at this time was a difficult one."

Regents Voice Regrets quest for retirement, the Regents and President J. E. Buchanan of the University stated that "it is with regret we do so," but "it is hoped that he will with favor upon returning to the University staff at some future date in a capacity that would enable him to carry on the outstanding research work he

The annual Engineers Ball will be held in the SUB tomorrow night from 9 to 12 p.m. Eddie Aliverti and his band will provide the music. Everyone is invited.

Highlighting the evening will be the presentation of the Sigma Tau engineering honorary award by Bryce Johnson, Sigma Tau chairman.

All engineering societies on campus are participating in making displays for the dance. As an added feature, there will be judging of displays and presentation of an award to the society which makes the best exhibit for the ball. They will be rated on originality, work involved, crowd appeal, presentation and clarity, arrangement and attractiveness, and general impression. These exhibits will be located in the south ball room. Judges will be A. E. Halleman, E. E. Spiker, and E. B. Kirkland.

"We would like to stress that this dance is not for engineering students only," says Harry Ehoodin, dance chairman. "Much work and planning has gone into the designing of displays, and we would like to see a crowd there to enjoy them."

The price is \$1.50 per couple. Tickets may be purchased at the dance. Members of the Associated Engineers will be allowed a 25 cent reduction, but tickets must be purchased before the dance. Advance sales will be held in the dean's office in the Engineering classroom building today and tomorrow.

Patrons and patronesses include: Dean and Mrs. Allen S. Janssen, Dean and Mrs. A. W. Fahrenwald, Mr. and Mrs. J. W. Martin, Mr. and Mrs. E. F. Cook, Mr. and Mrs. C. A. Moore, Mr. and Mrs. M. L. Jackson, Mr. and Mrs. J. H. Johnson, Mr. and Mrs. H. E. Hatrup, and Mr. and Mrs. N. F. Hindle.

Honorary Hears Foreign Students

An anniversary dinner meeting of Phi Delta Kappa, educational honorary for men, was held January 21 at Johnnie's Cafe. The after-dinner program was put on by foreign students who gave talks on the educational systems in their respective countries.

Guest speakers included Constantinos Laskaris, Greece; Frank Muller-Karger, Venezuela; Po Ping Wong, Hong Kong; and Toni Durnham, Germany.

The next meeting is set for Thursday at 6:30 p.m. in the Synagogue room at the SUB. Members of the State Board of Education will be guest speakers.

NOTICE

Will the house presidents who have not gotten their information blanks into the GEM office do so by this week end.

House group snap shots must also be handed in immediately or they will be left out.

New Term Enrollment Increases Six Per Cent

Chest Drive Approved

Institutions to be benefited in the March 8 to 12 Campus Chest drive have recently been approved by the Executive Board. Drive Chairman Delores Anderson lists the benefactors as: World University Fund, 20 per cent; Elks Convalescence Home for polio at Boise, 15 per cent; Crippled Children's Society of Idaho at Boise, 15 per cent; North Idaho Children's Home at Lewiston, 15 per cent; National Scholarship Service Fund for Negro Students, 5 per cent; American Heart Association, 10 per cent; Religious Emphasis Week, 15 per cent. Five per cent of the solicitations for the drive will be held in a continuing unit or next year's drive. Other committee chairmen for the drive are Harry Brenn, dance-carnival; Carol Rojan, solicitations, and Ruth Brede, publicity.

Scholarships Awarded

Four members of Kappa Sigma fraternity at the University of Idaho have been awarded scholarships totaling \$475.

The recipients are James Peterson, David Crosby, John Armitage and Delbert Naser.

Naser received \$200 from the Viola Vestal Coulter Scholarship fund, while the other three students received awards from the national fraternity.

A senior engineering student, Naser received the Viola Vestal Coulter Scholarship on the basis of his scholarship, participation in activities and need. Peterson, who posted the highest scholastic average at the local chapter, received a \$100 check, certifications of merit and a tie class. Crosby's award of \$125 was based on the second highest scholastic average and outstanding grades in three years of college work. Armitage received \$50 as the junior candidate for scholastic honors.

Arthur S. Hillman Retires From Staff

The retirement February 1 of Arthur S. Hillman, University of Idaho service employee for the past 14 years, was announced by President J. E. Buchanan following formal approval by the Board of Regents.

Reaching the statutory retirement age of 70, Hillman has been awarded a certificate of merit for his service with the University. He plans to stay in Moscow as three of his five children live in this area.

Fountain Gurgles Cold

(ACP)—You think you've got problems. Consider the case of the decorative water fountain at Southern Methodist University. It isn't run in the winter—because it might freeze. And it isn't run in the summer—because there is a water shortage in town that time of year. Last week the SMU student council voted unanimously to try to get the fountain flowing. How are they going to do it? Easy. Use anti-freeze, and let it bubble all winter.

Dr. Hansen Favored For Post

Dr. Henry C. Hansen, assistant professor of dairying at the University and a former mayor of Moscow has been recommended for postmaster by the Latah county Republican central committee.

Hansen was mayor from May, 1939 through 1940. He served one three-year term on the city school board, from September, 1937 to September, 1940. It was during

this brings to 401 the total number of veterans registered for the spring term. Of this total, 31 students qualify under the disability provisions of the training law.

Approximately 90 Korean veterans enrolled at the University for the first time, according to H. C. Bond, veteran's counselor.

This brings to 401 the total number of veterans registered for the spring term. Of this total, 31 students qualify under the disability provisions of the training law.

Warner Cornish, director of family housing, reported that West Sixth Vets Village is entirely filled due to the influx of new students. About 15 families have been placed in University housing units during the past few days.

More families are now living in the villages than at any time since the 1952 spring term, according to Cornish.

He added that a few units are still available in North Main Village.

Korean vets and their families constitute the bulk of new occupants in the villages, according to latest figures.

German Students Slight Elections

(ACP)—Students of the Mozartium, the Salzburg Academy of Music and Dramatic Art, showed slight enthusiasm when they went to the polls for the first time this year to elect their student government. Of an electorate of 182, only 41 voted. Nine ballots were termed invalid, and the remaining 32 votes went to the unitary list of candidates—who had been put up unopposed.

Official Notice

All applications for BA degrees who expect to graduate in June 1954, must be filed by February 20. There will be penalty fee for any filed after this date.

The last day for removal of incompletes made up by this date or receive a failing grade.

February 13, 1954, is the last day that students may change their study list without penalty for failing work.

Friday
Sigma Delta Chi meets in the Argonaut office at 4 p.m. Members only.

Monday
Heldivers will meet at 7:30 in Memorial Gym. All active and inactive members are urged to attend.

Preview Time will be presented at 3 p.m. Films will be shown on Ecuador and Haiti.

Tuesday
Theta Sigma meeting at 6:45 in Town Women's Lounge.

World Peace To Be Topic Of Discussion

A fireside discussion of the peace proposal offered by Cecil Hinshaw, the Quaker who spoke on our campus January 21, will be held Sunday evening at the Campus Christian Center beginning at 8 p.m.

All who are interested in the issue of world peace are invited to attend for an informal discussion.

It is intended that this program should begin after the regular Sunday evening meetings of the denominational student groups so as not to interfere with them.

The program is completely informal, so anyone interested should feel free to drop in anytime after eight.

VOLUNTEERS NEEDED

(ACP)—A new society has been formed at Cambridge University—dedicated to the advancement and promotion of knife throwing at the institution.

Undergraduate members of the Cambridge Knife Throwing Club are now in the process of hunting up targets.

DR. HENRY C. HANSEN his membership on the board that the present High School was erected.

In addition Hansen has been commander of the American Legion post and commander of the Veterans of Foreign Wars. He is a veteran of the first World War.

Hansen graduated from the University in 1925 and earned his master's degree two years later. He obtained his doctorate at Iowa State college in 1936.

The Idaho Argonaut

Official publication of the Associated Students of the University of Idaho. Issued every Tuesday and Friday of the college year. Entered as second class matter at the post office at Moscow, Idaho.

DEAR JASON

Dear Jason,

I will wager that while all the fuss was going on about what to do with the \$10 every student pays into the slush fund, no one gave a thought to the need for expenditures on Memorial gym. The last two basketball games played there have proven beyond a doubt that the place needs a roof which will keep water on the outside where it belongs. Since the State of Idaho is afraid it might get hopelessly in debt if it spends a little money on this University, the slush fund might well be spent for a new roof.

I might add that a lot of things like that would not go unnoticed if the Argonaut had an editor with guts enough to do something besides cower about how clean and pure his journalism (?) was. Pardon the filthy reference to intestinal fortitude. I hope it doesn't shock some innocent parent.

Very sincerely,
William B. Wallace

DEAR WILLO

My, my, but you're behind the times. The University Buildings and Grounds staff has been working on the Gym roof problem for five years already. Seems like you lost a bet five years before you made it.

One or two phone calls would have straightened you out on the entire question, if you had sense enough to look around. We don't need a roof that will keep the water OUTSIDE, what we need is a system that will keep people from perspiring. As you probably know, most people perspire. As you should have known, this perspiration rises in the warm air of the Gym. It hits the cold glass roof and condenses. That's what you think is a hole in the roof, bud.

About the State of Idaho not providing sufficient funds, we have no comment except that the situation can be remedied surely by a new roof — estimated cost \$50,000. Incidentally, you were the only one to even think of using the student facilities fee for a new roof. But, after listening to you blow off here, why, man, didn't you open your obviously well-equipped mouth when the questionnaires were going 'round? Didn't think of it then, did you?

As far as our journalism goes, we're proud of it. If you want to get on record as being in favor of the other type, go ahead, and we might send you a subscription to some foul magazine which would delight your little self.

Getting to the matter of gits, we got 'em. But we're not silly enough to scream that something has been done about a situation which

Job Interviews Announced For Fishermen

Job interviews for next week have been announced. On Monday, February 8, a representative from the General Telephone Company of the Northwest, Spokane Branch, will be at the Engineering Building to interview engineers.

On February 10 and 11, the Carnation Company will interview men from the Ag School for Field Sales, Dairy Manufacture, Salesmen and Feed Store Managers, and Salesmen for their evaporated and fresh milk division.

There will be a representative from the school system of Portland, Oregon, on February 9, to interview all levels of teachers. The interviews will be at the Placement Center.

Summer work opportunities include the Boeing Airplane Company at Seattle, which would like juniors in engineering.

The Washington State Department of Fisheries is offering summer work for men in Science fields and men in fisheries or fish and game management. It is also open to underclassmen.

For further information concerning these jobs, contact the Placement Office in the Ad Annex.

Arizona Senator To Give Address

Barry M. Goldwater, U. S. Senator from Arizona, will address the annual Lincoln Day banquet Tuesday, February 9, at the Moscow Grange hall. Goldwater is a member of the Senate Banking and Currency committee and the Labor and Public Welfare committee.

Tickets for the banquet may be purchased from Bill Nixon, telephone 2-8425. Nixon stated today that arrangements are being made for a student interview with the Senator.

WRA NEWS

The beginning of the second semester marks the start of a new WRA year. Starting off the activities is the election of a new WRA Board from the following candidates:

President—Pauline Peterson, Denise Darwin and Margaret Teare; secretary-treasurer—Phyllis Roff and Marcis Jensch; recording secretary—Darlene Frost and Karen Parkinson; intramural chairman—Jo Ella Hamilton and Joan Dittmer. The balloting will start next Tuesday at 8 a.m. and will end at 5 p.m. To be eligible to vote the student must have two participation points. House representatives have the list of eligible voters.

Several new tournaments will begin next week. Basketball teams participating must be turned into Bess Vance or Edith Betts, advisor, by 4 p.m. Monday. The gym will be open for house basketball practice this afternoon and Wednesday afternoon. The tournament will begin on Thursday.

The bowling tournament will begin in two weeks. SUB alleys will be open for WRA practice on Monday and Tuesday from 4 to 5 p.m. at 25 cents per line. Names for the co-recreational volleyball tournament are due February 10. Each house is limited to two teams with four boys and four girls on each team. The games will be played on Monday and Tuesday nights of the non-church night weeks. House representatives may be contacted for further information.

All girls who are interested in trying out for the second semester women's rifle team are urged to practice during the next two weeks. The team is planning to have some traveling matches this semester.

Also, free WRA skiing lessons are starting on Monday at 4 p.m.

Why can't we have an ice skating rink here on the Idaho campus? I paid ten bucks this fall for something and will probably pay it again this winter.

The football team gets about \$85,000 and the basketball men get almost as much. And who pays for it—yes, me and about 2500 other students. How about something for us?

Ski Retreat To Be Held At Field Springs

Members of Wesley Foundation will leave today for their annual mid-winter Ski Retreat to be held at Field Springs, Washington from Friday through Sunday afternoon.

Bob Huntley, president, wishes to announce that any Wesleyite who wants to attend should be at the Campus Christian Center as soon as he is free this afternoon. Cars will be leaving there for the retreat all afternoon. The \$3.50 fee includes transportation, food and lodging.

Besides worship, the retreat will feature recreation and group discussion.

"For recreation bring your skis, toboggans, sleds and snowshoes," says Stan Thomas, W. F. Director. "The snow is two feet deep and just right for skiing and sledding." The topic for discussion will be "Christ Transforming Culture," which was the theme for the national Methodist Student Movement Conference held at the University of Kansas during Christmas vacation.

Five delegates attended the conference from W. F. and will be on hand to lead the discussion. For more information, phone Stan Thomas at his home. In regular mid-year elections, Arthur Dalke was elected to the Presidency of Wesley Foundation. Others elected to the new 1954 cabinet include: Frank Muller-Karger, first vice president; Wesley Allen, second vice president; Mary Lou Gill, secretary, and Billie Rowe, treasurer.

Professor Returns From Convention

E. W. Tisdale, Professor of Range Management and Assistant Director of the Forest Wildlife and Experiment station, attended the annual convention of the American Society of Range Management at Omaha, Nebraska, January 26 through 29.

This society was founded in 1948 to further the interest of range management and is open to stockmen as well as range scientists. Although the majority of the membership is from the United States, the society is becoming an international one. It contains members from Canada, Mexico, Australia, Egypt, and many other countries. Among the many papers presented was a series dealing with range problems in Mexico, Australia, New Zealand and Turkey. These papers were given by men who had gone overseas on foreign relation programs, such as point four, EAO and Fulbright.

Her senior recital is presented by the Music Department as partial fulfillment of requirements for her Bachelor of Arts degree, which she will receive in June, 1954.

Seniors To Sing In First Recital Of This Semester

The first senior recital of the second semester will be sung by Phyllis Ralstin Goecke Tuesday, February 9, at 8 p.m. in the recital hall of the Music building.

Mrs. Goecke, daughter of Mr. and Mrs. Bert W. Ralstin of Nez-Perce, Idaho, was "Miss Idaho" of 1951. She is a member of Sigma Alpha Iota, national honorary music fraternity for women, and Alpha Phi sorority. She sang the lead romantic soprano role of Judy Singleton, in "Sing, Senator, Sing," and the role of the Countess Alamavivi in the recent opera, "The Marriage of Figaro." She is a member of the Vandaleers singing group and has sung with the Madrigal Singers.

Her senior recital is presented by the Music Department as partial fulfillment of requirements for her Bachelor of Arts degree, which she will receive in June, 1954.

Medical Students Advised To Take May Examinations

Princeton, N. J. — Candidates for admission to medical school in the fall of 1955 are advised to take the Medical College Admission test in May. It was announced today by Education Testing Service, which prepares and administers the test for the Association of American Medical Colleges.

These tests, required of applicants by almost every medical college throughout the country, will be given twice during the current calendar year.

Candidates taking the May test, however, will be able to furnish scores to institutions in early fall, when many medical colleges begin the selection of their next entering class.

Candidates may take the MCAT on Saturday, May 8, or on Monday, November 1, at administrations to be held at more than 300 local centers in all parts of the country. The Association of American Medical Colleges recommends that candidates for admission to classes starting in the fall of 1955 take

the May test.
*Application forms and a Bulletin of Information, which gives details of registration and administration, as well as sample questions, are available from pre-medical advisers or directly from Education Testing Service, Box 592, Princeton, N. J.
Completed applications must reach the ETS office by April 24 and October 18, respectively, for the May 8 and November 1 administrations.

A CAMPUS-TO-CAREER CASE HISTORY

He had a head start

It took a class reunion to show Ed Mahler, '50, that all first jobs are not alike. He tells us why. (Reading time: 33 seconds)

The class reunion at his alma mater, Swarthmore College, was an eye-opener for Ed Mahler. The talk among the Class of '50 switched to jobs. Ed had taken it for granted that everybody was happy with his work.

Then he found that some of his classmates had had two or three jobs since leaving school. Others had kept the same one but weren't satisfied. By sticking with his first job and intending to make it a lifetime career, Ed suddenly discovered he had a head start.

After being graduated with a B.A. in Economics, he went to work for Bell Telephone Company of Pennsylvania in 1950. He reports he chose the Telephone Company because it seemed to offer the best chance for a career.

After a year of training in which he worked in each of the departments — installing telephones, handling business contacts with customers — Ed felt he had a good look at the entire company.

He was assigned to the Traffic Department, which has the responsibility for seeing that customers' calls are handled efficiently. The job included personnel work in addition to developing better operating methods and practices. He was quickly put on his own.

Now Ed has been transferred to the job of estimating the amount and type of new equipment which will be needed in central offices as their customers increase.

Ed points out that projecting himself into the future isn't anything new. That's precisely what he attempted to do when he chose his first—and only—job.

Ed Mahler's job is with an operating company of the Bell System. But there are also jobs for engineers, arts and science and business administration graduates with Western Electric, Sandia Corporation, and Bell Telephone Laboratories.

BELL TELEPHONE SYSTEM

More Living Groups Elect, ATOs To Pick Esquire Girl

Ballots have once again been flying in several living groups and we find Maggie Teare, Ernie Bedke, Bette Field, Joyce Lytle, and Harvey Hoff now occupying top place in official rank.

Beauty is re-entering the social scheme as the ATO's Esquire Girl Contest makes its yearly appearance. March 16 is the date for the announcement and crowning of the winner.

ETHEL STEEL HOUSE

Steel House for this semester has a new housemother who is very well-known on campus. She is Mrs. Herbert E. Lattig, wife of the late Dean of Men H. E. Lattig. A graduate of the university, she taught Spanish and accounting here.

Steel House has six new freshmen girls this semester. They are Donna Goldsmith, Betty Huber, Helen Empey, Myrna Shaver, Iris Hallaway and Lynn Mills.

GAMMA PHI BETA

Last Thursday evening at dinner Shirley Smith surprised us with the announcement of her forthcoming marriage, February 14, to Frank Emerson, Delta Chi, who is now a second lieutenant in the U. S. Army.

We now have a new girl, Nancy Lee, who transferred from Denver University. Her home is in Washington, D. C.

PHI DELTA THETA

New chapter officers include Harvey Hoff, president; Ken Brown, vice president and reporter; Norman Geertsen, warden; Jim Howard, secretary; Jim Stanton, treasurer; Joe McDonald, house manager; Dave Cripe, historian; John Turner, chorister; Reggie Frazier, alum secretary; Gary Hudson, rush chairman; Jerry Casey, scholarship chairman.

Harvey Hoff, Norm Geertsen, and "Ottis" Ullevaalstern are currently enjoying themselves skiing for the Vandal Ski team in Banff, Canada.

Ex-prexy Lloyd Horn was tubbed by the pledges in recognition of his recent pinning to Kay Morse, Kappa.

Several of the brothers left Thursday for an extended basketball tour to Seattle.

FORNEY HALL

All but about 20 of the girls deserted the hall for the semester weekend.

Newly elected officers were installed Wednesday night with the traditional candlelight ceremony. President is Maggie Teare; vice president, Karen Hinckley; secretary, Mary Jean Schmid; social chairman, Dorothy Warren; assistant social chairman, Clara Armstrong; song leader, Margaret Johnson; assistant song leader, Janice Radovich; culture chairman, Jeanne Bradley; scholarship chairman, Louie Vance; WRA representative, Darlene "Frosty" Frost.

The class representatives are Blanche Pelleburg, Ruth Johannessen, Julie Lightner and Janice Archibald. The out-going vice president, Joyce Kilgusgaard, officiated because Linda Archibald, past president, came down with the chicken pox Tuesday morning.

Elfried Garvens was given a surprise birthday party Monday night in the smoker. SAE

Idaho Alpha chapter of Sigma Alpha Epsilon installed new officers for the second semester of the 1954 school year. They are Ernest Bedke, eminent archon; Marv Michels, eminent deputy archon; Ron Perez, eminent warden; Monte Keneston, eminent herald; Gary Pietsch, eminent chronicler; John McKenzie, eminent recorder; Charles Manning, eminent correspondent; and Rich Bunger, eminent chaplain.

New second semester pledges that have moved into the house are Jim Kruger, Bob Wells, Dewey Newman and Wayne Humphreys.

HAYS HALL

Sunday, January 24, 25 fellows from different living groups were entertained at the Swetheart Dinner at Hays.

Joyce Lytle was elected president of Hays Hall and Sid Curtis was elected vice president on January 25. Other officers are: Pat Jones, secretary; Shirley Bosting-broke, treasurer; Pattie Gustafson, social chairman; Mary Ellen Allred, health captain.

ATO

This year's Esquire Dance will be held on March 13 at the chapter house and will feature the crowning of Esquire Girl for 1954.

This year's candidates are: Shirley Henry and Martha Lee Dunn, Kappa Alpha Theta; Sonia Hendrickson and Jody Baldwin, Pi Phi; Patty Gustafson and Mary McLeod, Hays hall; Dorothy Warren and Jan Radovich, Forney hall; Ethel Pearson and Donna Officer, Ethel Steel House; Nancy Gordon and Susie Oberg, Kappa Kappa Gamma; Carolyn Randall and Karen Parkinson, Delta Gamma; Betty Scudder and Sharon Harp, Alpha Chi; Dona Bailey and Sharon Stump, Alpha Phi; Ellen Herlin and Gerri Privett, Gamma Phi.

Five finalists will be chosen and their pictures sent to Esquire Magazine, whose editors will select the winner. The winner will be crowned and presented with a trophy on the night of the dance.

Dinner guests Wednesday night were the candidates for Esquire Girl from Forney, Hays, Ethel Steel, Tri Delt, Alpha Chi, and Gamma Phi Beta. Also present for dinner were Mr. and Mrs. Gary Heyer, Mrs. Heyer, the former Betty Hall, was last year's Esquire Girl.

Five finalists will be chosen and their pictures sent to Esquire Magazine, whose editors will select the winner. The winner will be crowned and presented with a trophy on the night of the dance.

WESTMINSTER FORUM

Westminster Forum will not meet this Sunday because of the retreat at Lutherhaven on Friday, Saturday and Sunday. Anyone who wants to go, please sign up in the Ad Building or Bucket.

LSA

Come to the CCC Friday afternoon at 4 p.m. coffee and cookies. Enjoy a pleasant hour of Christian fellowship. The LSA Founder's Day banquet at WSC will be held this Sunday at 6 p.m. For rides students should meet at 5:15 at the CCC for a ride. Tickets are \$1 each.

Bible study will be held in the basement of the CCC Tuesday evenings at 7 p.m. Any questions about the Bible are welcome.

DSF

DSF meets Sunday evening, 5:30 to 7:15. Everyone is welcome to come and join in the fellowship, discussion period and refreshments. The discussion topic will be missions. Election of officers will be held.

LDS

The regular Lambda Delta Sigma meeting will be held tonight at 8 p.m. This is a very important meeting. All pledges and members are expected to attend.

CANTERBURY CLUB

The Canterbury program for this Sunday will be Personal Religion, "The Life of Devotion." Dave Holt will be the group leader for the discussion. Supper will be served at 5 p.m., immediately before the meeting. All people that are interested in Canterbury Club are invited to attend.

ROGER WILLIAMS FELLOWSHIP

Roger Williams Fellowship meets at the First Baptist Church at 6:30 Sunday evening. Henry Eyrich will lead the discussion on "How We

IDAHO CLUB

House officers elected at the Idaho Club during a meeting January 18 were: president, John Sheridan; vice president, George Suchan; secretary, Gordon Roberts; treasurer, Hugh Hamilton, and social chairman, John Bjorke.

(ACP)—For the first time since Idaho State college became a four-year school, a freshman has been named to an editorial position on the Idaho-Bengal student paper. He is Raymond Russell, a journalism major who will become associate editor.

Economist To Speak

Dr. Harry D. Gidson, president of Brooklyn college and one of America's foremost educators and economists, will speak at the University of Idaho auditorium at 11 a.m. Wednesday, February 10. His subject will be "What Does Education for Freedom Mean?"

Known today as one of the nation's outstanding economists, he has recently lectured at the University of Zurich in Cairo, and at the Hebrew university, as well as at colleges in Pakistan and India. His talks were under the auspices of the U. S. department of state.

Dr. Gidson served as president of Brooklyn college since 1939. Prior to that time he was on the faculty at Rutgers university, University of Chicago and Columbia university.

Dr. Gidson's writings include "The Higher Learning in a Democracy," "America in World Economy" and "The Commodity Dollar." He became known as an outstanding participant in the University of Chicago's "Round Table." He is also joint author of a study of "United States Foreign Policy — Its Organization and Control," sponsored by the Woodrow Wilson foundation.

A graduate of Columbia university, he was appointed director of international students' work at Geneva in 1926. In 1932 he received the Diplome des Hautes Internationales from the University of Geneva. A founder of Freedom House, he also served three terms as president of the Woodrow Wilson foundation.

Got Here." Everyone is invited to remain for fun, food and fellowship after the evening service.

Distant Alumnus Remembers School

Distance doesn't dim an alumnus' interest in his alma mater.

The University of Idaho's department of art and architecture has received a gift of \$50 from Edward M. Dunham Jr., who was graduated from the University in 1949 and is presently an architect in the engineering services division of the Mee Grande Oil Company, Barcelona, Venezuela.

In making the announcement today, Prof. Theodore J. Frichard, head of the department, said that Dunham's contribution was the second one he has made to the University. A native of Danbury, Conn., Dunham plans to take a state examination for architectural practice.

Women's PE Class To Host Schools

The women's PE management class is sponsoring a high school playday tomorrow for 10 of the surrounding high schools. Preliminary registration shows that 120 girls have entered.

Lewiston, Moscow, Troy, Orofino, Clarkston, Colfax, Genesee, Plummer, Lapwai and Pullman will be represented. The program will follow a winter theme and includes square dancing, volleyball, basketball and swimming.

ART AWARDS GIVEN

The Culler and Gale Prize has been offered to three winners of the sophomore architecture awards. The cash awards go to first place winner, Kenneth Hasenohrl, \$25; second place, Ronald Tan, \$15; and third place, LeRoy Anderson, \$10.

Janice Crisp Wins Elks Scholarship

Janice Crisp has been awarded scholarships totaling \$500 by the National Elks foundation and the local lodge at Sandpoint.

Sponsored by the Sandpoint lodge, she received \$400 from the national organization following her entry in a "most valuable student" contest. The scholarship was based on scholastic ability, an essay on Americanism, and upon the basis of need.

She later received \$100 from the Sandpoint lodge to further her education at the University.

HUGHES Cooperative Fellowship Program for

MASTER OF SCIENCE DEGREES

The Hughes Cooperative Fellowship Program has been established to enable outstanding graduates to pursue work for the Master of Science degree while employed in industry and making significant contributions to important military projects.

Eligible for consideration are students who will receive the B.S. degree during the coming year and members of the Armed Services being honorably separated and holding B.S. degrees. In either case the field of the B.S. degree must be: ELECTRICAL ENGINEERING, PHYSICS, OR MECHANICAL ENGINEERING. The awards will be made to applicants who have evidenced outstanding ability and some degree of creativeness. They must also possess traits enabling them to work well with others.

Applicants must be United States citizens for whom appropriate security clearance can be obtained, as their work in the Hughes Laboratories may be related to National Defense projects.

Applicants must be able to meet the requirements for admission to graduate standing at the University of California at Los Angeles or the University of Southern California.

Participants will be employed at Hughes full time in the summer and 25 hours a week during the university year while pursuing half-time graduate work.

Recipients will earn five-eighths of a normal salary each year. This salary will be determined by the individual's qualifications and experience, and will reflect current salary practices in the electronics industry. Salary growth will be on the same basis as for full-time members of the scientific-engineering staff. Recipients will also be eligible for health, accident and life insurance benefits, as well as other privileges accruing to full-time staff members.

Tuition, admission fee, and required books at either the University of California at Los Angeles or the University of Southern California, covering the number of units required to earn an M.S. degree, will be provided.

For those residing outside the Southern California area, actual travel and moving expenses to this area will be allowed up to 10 percent of the full starting annual salary.

If a sufficient number of qualified candidates present themselves, as many as 100 Fellowships will be awarded each year.

Candidates will be selected by the Committee for Graduate Study of Hughes Research and Development Laboratories.

Application forms should be obtained immediately. Completed applications must be accompanied by detailed college transcripts.

Vandals Netmen Score One Win, Two Losses

70-55 Victory Built Idaho Hopes For Flag

One big basketball victory and two losses made up the Idaho Vandal hoop activities since the last issue of the Argonaut came out prior to the beginning of test week.

A first night triumph over the Oregon State Beavers, a second night loss to them and a humiliating defeat at the hands of Washington State Friday has filled the court calendar to this date.

In a jam packed house at Memorial Gymnasium on January 23, the Vandals waxed the OSC Beavers and "Swede" Halbrook 70-55.

Getting off to a slow start, the Idaho five watched as Tony Vlastelica, junior forward for the Beavers, slapped through four long hook shots to keep his team in the game during the first quarter.

After a 2 point lead at the end of the first period, the Vandals dropped behind as the second stanza got underway, but Harlan Melton and Dwight Morrison each canned a pair to give Idaho the lead again. They kept it throughout the game.

Chuck Finley's crew then poured the fire leading 43-36 at the end of the third period. From there, they moved into a stall against the OSC squad. Halbrook, Oregon State's 7-3 giant was held relatively scoreless until Morrison and Roger Lillibridge fouled out in the fourth, when he began scoring on lay-ins.

Halbrook walked off the court with scoring honors for the night with 35 points to his credit. Melton ran up a total of 21 to head the Idaho scoring column.

Managing Editor: Let's not have any more jokes about sex, drinking or profanity.
Editor: Okay, I'm tired of putting out this paper, too."

WSC Best Vandals In 71-61 Win

Idaho's second defeat in a row came last Friday when the Washington State Cougars practically eliminated the Vandals' chances of taking Northern Division honors with a 71-61 victory at Bohler Gymnasium.

An almost lifeless Vandal crew took the floor against WSC who appeared full of spirit and fire from the opening tipoff. Coach Jack Friel employed almost the same type of zone defense that the Oregon State Beavers used in defeating the Vandal squad.

The Cougars took an early lead, but Chuck Finley's squad managed to tie it three times before the WSC squad pulled ahead to stay until Lefty Melton returned midway through the second period after getting an elbow in the eye. Melton, teaming up with Dwight Morrison, pulled the Idaho crew ahead, 26-25.

Idaho held a five point margin at the opening of the second half, but the Cougars bounced back with an assault that gave them a 41-40 lead. From there the game was on ice, for the Cougars who led at the end of the third stanza, 53-51.

Whistle Tooting, New Zone Stymies Idaho Quintet

In the final contest of the four game series with the Beavers, Slat's Gill pulled a new zone defense out of his hat that kept the Vandals baffled enough to give Halbrook and company a 69-53 win in a roughhouse game that left many of the 5200 fans wondering about the fairness of the whistle-tooting by Al Lightner and J. V. Glover.

The Vandals spent the better part of the first quarter figuring out the new strategy used by the tall Beavers, but had managed to find the solution by the middle of the second quarter when they tied the score and then pulled into the lead.

But the Vandals weren't able to hold the 19-16 lead they had racked up and it was then the OSC squad and the officials went to work. For the Vandals, it was a near impossibility to get into position under their own basket without a Beaver taking a trip to the charity line, while on the other hand, the Beavers were overly effective in keeping Idaho away from their basket without many fouls being called.

The Beavers had a 46-41 edge as the final quarter started and Halbrook started pouring in lay-ins from all around the net before he fouled out with four minutes of play left in the contest.

Ring Men Seeking Revenge Over San Jose Spartans

A rough evening of ring action is in store for nine Idaho Vandal boxers tomorrow night at 8 at Memorial Gym as San Jose State College mittmen invade the Idaho ring in the latter's first home bouts.

The visiting Spartans danced away with a 6-2 decision over Idaho on their own stamping grounds and will have somewhat the same forces on hand tomorrow night.

According to Vandal Coach Frank Young, the results will rely mainly on whether or not his improving squad, before a familiar crowd, can close the margin by which the Spartans won in California.

Three bouts loom as tops for the evening with Captain Lynn Nichols meeting Jack Montgomery, Don Anderson paired against Tom Stern and sophomore Ron Titus pitted with Allen White.

Nichols and Anderson look to repeat their unanimous decisions over the pair they face and have already setback. Titus, who dropped a split decision to White at San Jose, will be out to revenge his defeat. All three Vandal fighters are in peak condition.

Other Idaho fighters on tomorrow's card include Ray Regan at 125 pounds, Ken Connel at 132, Jerry Manderville, 156 pounds.

Hal Solinsky, veteran heavyweight, is still on the injured list and will be unavailable.

Young indicated that several of his freshman competitors will be matched in preliminary bouts.

Exhibition
Dave Fanner, San Jose vs. Mike Hepler, Idaho, Hwt.
Varsity
125—John Hernandez, San Jose, vs. Ray Ragan, Idaho,
132—Joe Rodriguez, San Jose, vs. Ralph Wadsworth, Idaho.

NOTICE

There will be a meeting for all men who are interested in turning out for freshman or varsity track at 5:00 p.m. Tuesday in room 109 of Memorial Gym, according to Stan Hiserman, track coach.

Halbrook Tops Scoring Column In ND Race

Oregon State's towering center, Wade Halbrook, who has the scoring race all to himself, also is pushing to the top of the marksmanship column, according to weekly basketball statistics released by the Pacific Coast Conference Commissioner's office.

Halbrook scored 59 field goals in his first eight Conference outings and hit 61 free throws for a total of 179 points and a 23.4 game average. Meanwhile he has closed the gap on Oregon's pace setting Ed Halberg in the percentage column. Halberg has hit 40 of 77 field goal tries for 52 per cent while Halbrook is second-ranked with 48.3 per cent on 59 goals in 122 attempts. Oregon Center Max Anderson is third, 47.5 per cent.

Melton is the No. 1 free throw shooter with 83.8 per cent on 31 points in 37 tries. Next come Barney Holland, Oregon, 82.6 per cent, and Jay Dean, Oregon State, 77.8 per cent. Halbrook leads in rebounds with 11.1 per game to 10.2 for Dean Parsons, Washington.

Oregon leads in team shooting with 38.5 per cent from the floor while Oregon State has shot 37.9 per cent. Idaho is top-ranked from the free throw line with 64.2 per cent and has the highest scoring team with 63.5 per game. Oregon State has allowed the fewest points, 54.5, and Oregon the lowest percentage on shots, 30.6 per cent.

Practice periods are available on Tuesday thru Friday nights and Sunday evening from 7 until 8:30. Women only may practice 10-12 on Saturday.

Also on the meeting agenda will be discussions of the spring water ballet and initiation of second semester joiners.

CLASSIFIEDS DO THE JOB!

Delta Chi strengthened its hold on first place in league II of the Intramural A basketball program Wednesday by downing Beta Theta Pi 50-46. Kappa Sigma kept only

Parberry Calls For Hurlers

Baseball Coach Clem Parberry today issued a call for pitchers and catchers for Monday afternoon, February 8, and said the remainder of the baseball squad would be asked to report to him for indoor workouts on Monday, February 15.

"This will be my first season with the baseball team," said Parberry. "I didn't see them play last season so the squad will be a wide-open affair. I hope all those interested in baseball, whether they have been out before or not, will report for the early season work. As far as I am concerned it is as though the University was beginning all over with baseball. Every candidate will have the same chance and same opportunity."

Last year's Vandal ball club finished in a tie for third place, winning and losing seven games for a .500 percentage. Oregon was the Northern Division champions with a won 9, lost 3 record.

one game behind the leaders by edging Alpha Tau Omega 47-56.

Lambda Chi Alpha trounced the hapless LDS five 41-33 in the night's only other game. Sigma Nu and Phi Delta Theta won by forfeit from Delta Sigma Phi and Tau Kappa Epsilon.

Tank Men Whip EWCE 23-50; Await WSC Meet

Idaho's varsity swimmers rolled up a 23-50 victory in their first meet of the year last Saturday, when they swam past Eastern Washington College of Education. Bill Buckley, top backstroke, set two records at the meet, breaking the varsity mark and the meet mark for the 200 yard backstroke event. Buckley's time was 2:37.5 breaking the previous mark set by Rich Bradbury of Idaho which was 2:40. Buckley also won the individual medley.

The meet which was originally scheduled for January 22 had to be postponed until last Saturday, because of bad road conditions.

WSC Saturday
Eric Kirkland's crew will face a tough WSC squad Saturday. Kirkland stated that "chances of winning the meet are slim, but we should give them a rougher battle than we did last year."

Byron Richards, top relay swimmer will probably be lost to the team this weekend because of an ear infection, but, Kirkland said, "we will have Jerry Jones with us this time and should get some valuable help from him in the sprints."

Liggett & Myers Tobacco Co. says

FOR more than thirty years we have used research day in and day out learning about tobaccos and cigarettes in the public's interest.

Continuously we and our consultants have analyzed, experimented with and smoked all kinds of tobaccos... especially Southern Bright, Burley, Maryland and Turkish cigarette tobaccos.

Our own cigarettes and competitive brands have been submitted to the most exacting scientific scrutiny including thousands of analyses of millions of pounds of tobaccos.

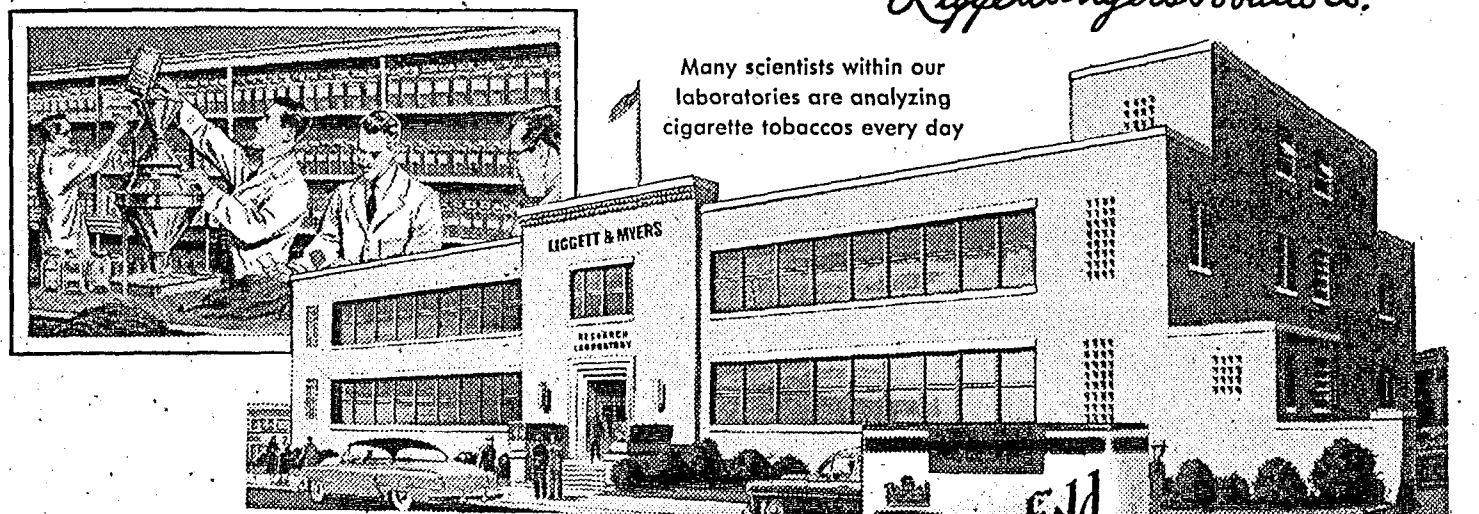

From all these thousands of analyses, and other findings reported in the leading technical journals, our Research Department has found no reason to believe that the isolation and elimination of any element native to cigarette tobaccos today would improve smoking.

For four years we have maintained in the smoker's interest an intensified larger scale diversified research program. A half-million dollar 30-ton machine, the world's most powerful source of high voltage electrons, designed solely for our use has tested tens of thousands of cigarettes. This program has already given to us direct and significant information of benefit to the smoking public.

Our consultants include Arthur D. Little, Inc. of Cambridge, Massachusetts, "one of the largest and most reputable industrial research organizations in the country" (From Business Week Magazine) and eminent scientists from leading universities.

Today the public can confidently choose from a variety of brands—by far the best cigarettes ever made by the tobacco industry.

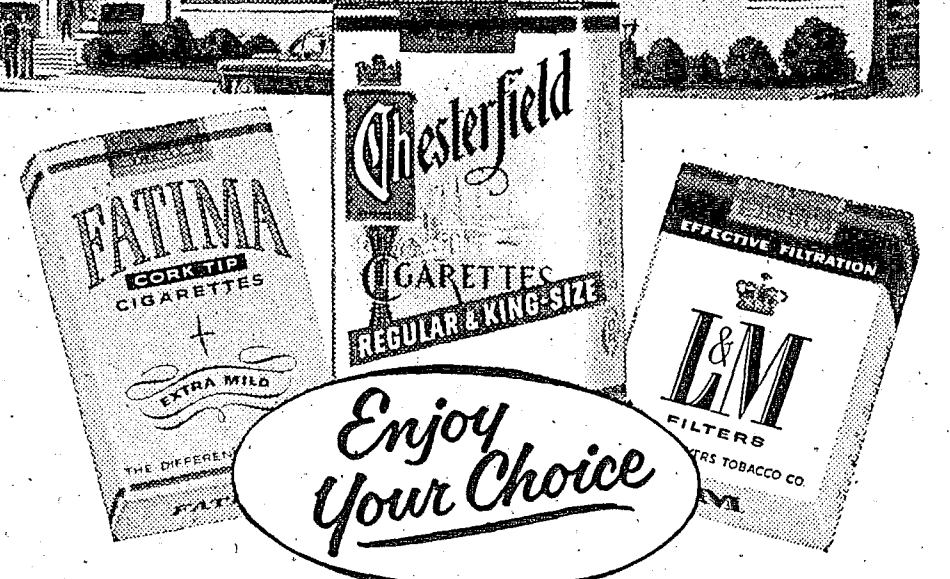

Liggett & Myers Tobacco Co.

Many scientists within our laboratories are analyzing cigarette tobaccos every day
