

Vandal Journalists In Action

The news room of the Idaho Falls Post-Register looked like this Saturday morning as Professor Wayne Young and an even dozen upperclass journalists helped produce an issue of the paper. Students worked with the various editors and reporters during the stay in Idaho Falls. The trip was financed by the Post-Register.

Journalists Work With Daily

Twelve journalism students and Professor of journalism Wayne F. Young returned Sunday from Idaho Falls after assisting the staff of the Idaho Falls Post-Register in a day's publication.

"The experience of one day on an actual newspaper gave an excellent opportunity for them to sum up all their journalism knowledge and apply it," said Professor Young.

Student-Directed Plays To Be April 29, 30

Four student directed one-act plays will be presented at the U-Hut studio theatre at 7:30 p.m., Thursday and Friday. Noel Coward's "Fumed Oak" and "Ways and Means," W. H. Hamell's "Letter of Introduction," and Thornton Wilder's "Happy Journey" will make up the program.

Kind of good to get back after a 1300-mile trip to Idaho Falls where we allegedly aided in producing an issue of the Post-Register. After sitting on the seat of our trousers for 13 hours each way, we were ready to start the Moscow branch of the Order of Corrugated Bottoms.

Seriously though, we loved every minute of the deal. We were treated like the royal family and managed to rip out about a million dollars worth of good old publicity for the U of I. The journalistic-minded Vandals came home with the feeling that the University will always be able to find a friend in Idaho Falls.

Stopped by to see Nancy Benfer while we were in Idaho Falls. She's looking a lot better and still has that "I'll lick it yet" attitude. Nan wants all the students to know how grateful she is for the help given her by them. Latest report is that she's walking all over the house now and she'll probably be back in school in September.

We were particularly impressed with her mental attitude toward her accident and its results. Frankly, we doubt if many of us (Jason included) would have had guts enough to pull through. When we write a book someday, Nancy Benfer is going to have a big place in it.

On the same subject, Nancy told us that she hasn't been without fresh flowers in her room since she was burned. Seems like everytime the flowers start getting withered, someone shows up with more. And quite a few times these people have been students.

If any of you ROTC men get near Taipei, Formosa, during the next few years, drop in and ask for Wesley Perkins, former ROTC staff member here.

We had a letter from "Perk" yesterday and the old boy is doing OK. He's in the G-2 office in the Pentagon right now. Probably learning a few jokes in the language of Formosa.

Keith Is Chosen President Of Idaho Sigma Xi

Dr. T. B. Keith, professor of animal husbandry, was chosen as president of the Idaho Chapter of Sigma Xi, Science honorary at recent elections. Dr. William H. Baker, associate professor of botany, was elected vice president of the national honorary. Dr. William P. Lehrer, Jr., associate professor of animal husbandry, is the new treasurer. Shirley V. Bring is a two year secretary.

Dr. Lawrence H. Snyder, dean of the University of Oklahoma's graduate college, will address Sigma Xi Wednesday. Dr. Snyder is the director of the American Association of the Advancement of Science. He will speak on "Human Heredity and Its Modern Applications" at a 6:30 to a WSC-Idaho joint dinner meeting at the SUB. Snyder is on a two-month tour of Sigma Xi chapters at universities and colleges throughout the mid-west and west coast.

Anderson Places In Speech Tourney

Lee Anderson took first place in the after-dinner speaking contest at the 31st annual Pacific Forensic League tournament held at Corvallis, Oregon, April 20-23. He received both a personal trophy and an additional trophy for the University.

Charles Oldham and Jim Kruger who also participated in the tourney took third in extemporaneous and oratory speaking respectively.

Dr. A. E. Whitehead, Idaho debate coach, was elected vice-president of the Pacific Forensic League for the coming year and it was also voted that the tourney be held on the University of Idaho campus the next year. The last Pacific Forensic League Tournament held at Idaho was in 1944.

Lee Anderson and Jim Kruger also made up a debate team and entered into discussion. Charles Oldham was also entered in this discussion of the subject of "Improving congressional hearing and committee investigations."

Ten schools represented in the tournament included Arizona, Stanford, California, University of Southern California, Nevada, Oregon, Oregon State, Washington, Whitman and Willamette.

Saturday evening the students were guests of the Post-Register at a banquet. Speaking to the students at the banquet was E. F. McDermott, General Manager of the Post-Register, and father of John McDermott, Arg sports editor.

McDermott said, "We have had journalism students work on our paper before in a situation similar to this one, but today's operation was the most successful thus far. We were really amazed by the efficiency of you students and caliber of work you put out."

The students met Don Hardy, Arg editor in 1952. Hardy is now a member of the Post-Register staff.

Fred Williams and Ray Sipes worked with Hardy on a few assignments.

Other members of the Post-Register staff were assisted by John McDermott in the sports department, Barbara Hering in the Valley News department, and Al Diefenbach with the wire editor.

Parents of Moscow area children may be wearing puzzled expressions on their faces by July 30, mainly due to an innovation which will be introduced in the University's summer elementary school.

Following a nationwide movement which has engulfed 684 elementary schools in 34 states, the University is planning to conduct a class in oral French for second and third grade pupils. Teaching the youngsters will be Mrs. Christiane Rozier Wolfe, a native of France and wife of Warren J. Wolfe, acting chairman of languages at the University.

Forestry and Dr. J. L. Botsford, mathematics. The initiation banquet and ceremonies will be next Monday at 6:30 p.m. in the North Ballroom of the SUB.

Dr. Lawrence H. Snyder, dean of the University of Oklahoma's graduate college, will address Sigma Xi Wednesday. Dr. Snyder is the director of the American Association of the Advancement of Science. He will speak on "Human Heredity and Its Modern Applications" at a 6:30 to a WSC-Idaho joint dinner meeting at the SUB. Snyder is on a two-month tour of Sigma Xi chapters at universities and colleges throughout the mid-west and west coast.

Madrigal Singers To Present Program

The University of Idaho Madrigal Singers, directed by Prof. S. Keith Forney, will present their annual spring concert at 8 p.m. tonight in Recital Hall of the Music Building.

McCarthy-Army Tiff On Television

The current McCarthy-Army hearings can be viewed on the television set in the SUB lounge, according to Jim Bowby, SUB manager. Bowby said that he will have the set turned on for students desiring to watch. Times for the hearings are indefinite, however, and Bowby advised checking a newspaper for program times.

Anderson Places In Speech Tourney

Lee Anderson took first place in the after-dinner speaking contest at the 31st annual Pacific Forensic League tournament held at Corvallis, Oregon, April 20-23. He received both a personal trophy and an additional trophy for the University.

Charles Oldham and Jim Kruger who also participated in the tourney took third in extemporaneous and oratory speaking respectively.

Dr. A. E. Whitehead, Idaho debate coach, was elected vice-president of the Pacific Forensic League for the coming year and it was also voted that the tourney be held on the University of Idaho campus the next year. The last Pacific Forensic League Tournament held at Idaho was in 1944.

Lee Anderson and Jim Kruger also made up a debate team and entered into discussion. Charles Oldham was also entered in this discussion of the subject of "Improving congressional hearing and committee investigations."

Teaching the youngsters will be Mrs. Christiane Rozier Wolfe, a native of France and wife of Warren J. Wolfe, acting chairman of languages at the University.

Forestry and Dr. J. L. Botsford, mathematics. The initiation banquet and ceremonies will be next Monday at 6:30 p.m. in the North Ballroom of the SUB.

Idaho "Queens" Win In State Contests

Idaho students are not the only ones who hold queen contests. Two University coeds have captured titles in recent contests elsewhere in the state.

Patty Parsons, Delta Gamma freshman from Weiser, was named "Miss Payette County" in a contest held there Saturday.

The win will entitle Patty to the privilege of competing in the Miss Idaho contest, whose winner competes in the Miss America contest. Jean Luedke, Alpha Phi sophomore, will reign as queen of the annual Lewiston Round-up to be held next September. Jean is an education major from Genesee.

Saad Elected Veep of Board

Jim Saad was elected vice-president and Terrill Davis was chosen secretary of the new Executive Board at the regular meeting last night. Lee Anderson will be the Public Events representative and SUB committee delegate.

A conference has been arranged with Dr. Boyd A. Martin to study the present ASUI voting system in order to determine whether the preferential system is adequate.

Members of the old Executive Board were present to offer any assistance.

Terrill Davis was delegated to contact the Moscow representative to Spokane's annual Lilac Festival. The city of Moscow intends to have a float in the parade and has asked ASUI to suggest the names of two coeds to ride on the float.

The recruitment program was discussed briefly. Idaho's Pep Band is scheduled to take a trip to Districts 4 and 5 on May 2. Kenny Wright and John Payne will make speeches on athletics and activities and show films on the subject.

Two to attend meet. Dr. William Greever and Dr. Siegfried Rolland will be gone to Helena, Montana May 7, 8, 9, for a Pacific Northwest History Conference.

They will participate in a panel "Responsibility of Historical Research to the Public, to His Schools, to His Colleges, and to Himself."

Change In Voting Wanted At Idaho

The majority of Idaho students polled yesterday were highly dissatisfied with the preferential voting system used in ASUI elections.

When asked whether they wanted a change in ASUI voting procedures, 69 per cent were in favor of a change and only 31 per cent were opposed to any change which might be made.

Most students polled seem to prefer the "X" system of voting, that is, placing an "X" beside the nine favorite candidates.

Many feel that this would alleviate confusion on the part of the students and also by election board members.

Some would rather have the current system changed to the weighted preferential system. Any candidate for the Executive Board receiving the first vote would be granted nine votes, anyone receiving the second vote would receive eight votes, and so on.

Students who want the present system to remain feel that it is the best system yet devised and feel that it is the fairest system that could be introduced to campus elections.

A number of students in favor of change feel that the present system is too complicated for the average student to grasp. Consensus of opinions seems to be that very few of the students actually understood the system when they voted.

Top Man

Joe Helle was chosen outstanding senior in Forestry, it was announced during the Forestry banquet Saturday night. He will receive a year's subscription to the Journal of Range Management.

Grahn Will Present Lecture Thursday

The fourth in a series of five public lectures sponsored by the American Association of University Professors will be given by Professor Edgar H. Grahn Thursday, at 8 p.m. in room 6, Home Ec Building.

Subject of the lecture is "The Fundamental Structure of Matter." These lectures are open to the entire faculty of the University and students.

Idaho "Queens" Win In State Contests

Idaho students are not the only ones who hold queen contests. Two University coeds have captured titles in recent contests elsewhere in the state.

Patty Parsons, Delta Gamma freshman from Weiser, was named "Miss Payette County" in a contest held there Saturday.

The win will entitle Patty to the privilege of competing in the Miss Idaho contest, whose winner competes in the Miss America contest. Jean Luedke, Alpha Phi sophomore, will reign as queen of the annual Lewiston Round-up to be held next September. Jean is an education major from Genesee.

Subject of the lecture is "The Fundamental Structure of Matter." These lectures are open to the entire faculty of the University and students.

Tooting His Own Horn

Harry James digs out some sweet ones in a tune up for Friday's Junior-Senior Prom date here. James will be accompanied by his star-studded troupe. Coeds have 2 a.m. permission and spectator seats in the balcony of the gym are available for \$1.

Junior-Senior Prom Is Friday

Dancing in the Memorial Gym to the tunes of Harry James and his orchestra will commence 9 p. m. Friday at the 1954 Junior-Senior Prom.

Louise Carter, dean of women, has granted co-eds a special 2 a.m. permission/Late permission for WSC-women will be at the discretion of the house mothers.

Dress for the dance will be semi-formal and no corsages. Admission price for the dance is \$3.50 per couple and \$1 for spectators who merely wish to come and listen to the music.

Spectators are asked to pick up their tickets at the door.

Featured on Drums. Buddy Rich, featured on the drums, started drumming in yau-deville while only five years old. He got his big start with Artie Shaw and later played for some time with Tommy Dorsey. He was a Judo instructor for the U. S. Marines during the war.

After the war Buddy organized his own band, but he soon decided to start out on his own. He toured the country until going on the road with Harry James.

Ballad singer Paula Gilbert was born on a farm in Nebraska. It was on a vacation in Washington, D.C., that Paula attracted the attention of a booking agency. She first sang in the east and later won a place on a Radio-Television show in Chicago.

Branching out on her own, Paula appeared in engagements across the country, playing in the BOF in Spokane. She then sang with Bob Armstrong on a radio network program. One of her recordings was submitted to Harry James who then signed her as featured vocalist with his orchestra.

"Big name bands in the future at Idaho will depend on the success of this dance," said Jack Knodle, Junior Class President and one of the dance committee heads.

Alums To Get Recordings

James M. Lyle, alumni secretary, has recorded several voices that will be familiar to many of Idaho's alums. The voices are those of several "long-time" faculty members and other people familiar to the students of a few years past.

On the recordings can be heard the voices of Fred Skogg, head janitor, emeritus; Professor Axtell, Dr. Erwin Graue, professor of economics; Dr. Frederic C. Church, professor and chairman of history, President Buchanan, and many others.

The recordings give these people an opportunity to say "Hello" to some of their former students. They can be obtained for any meeting upon request.

Margaret Teare Elected Prexy

Margaret Teare, Forney Hall junior, was elected president of the Women's I Club, Thursday night at the annual election.

Other officers for the coming year are Bess Vance, vice president; Darlene Frost, secretary, and Pauline Peterson, treasurer.

Phyllis Roff was appointed as chairman of pop sales committee which will be selling soft drinks at all home baseball games this year.

Lumbermen Told Value Of Forests

Lumbermen, unlike the early pioneers who squandered timber resources, are today taking pride in forest conservation practices.

This was told to 125 foresters, professors, alums and guests at Saturday night's Associated Foresters banquet by Charles S. Cowan, manager of the Washington Forest Fire Association. He spoke on "Our Changing Lumber Industry."

"Pioneers were primarily interested in agriculture and cared little for timberland. They frequently set fire to vast timber stands in order to clear land for the plow," the Oxford University graduate asserted.

By 1928, conservationists finally got the point across to timber owners that operations on a sustained

yield basis would improve the forests and add value to land.

Cowan, inventor of several pieces of fire-control equipment, told the group that hemlock has "finally come into its own." That particular species, once considered worthless, is today used even to make weiner skins.

Fishing equipment was presented to Art Hillman, 70-year-old retiring forestry building custodian, for his services to foresters over the past years. Ernest Wohletz, dean of the College of Forestry, gave the award on behalf of the faculty.

Joe Helle, President of the Idaho Forester, received a year's subscription to the Journal of Range Management. He was declared outstanding senior in Forestry for accomplishments such as scholastic

standings, participation in outside activities and contributions to the Forestry Club.

Art Andraitis, president of Xi Sigma Pi, forestry honorary, presented the award to Helle.

Helle gave an account of that organization's activities for the past year.

Lawrence Smith, chairman of Forestry Week, gave a resume of events of the past week.

Sowan was introduced by Ed Rettig, assistant general manager of Potlatch Forests, Inc.

Entertainment, in the form of a humorous dissertation by "Tuff-Chance" Halback, vice president of Junior Gyppos of America, was provided by Merle Craner. He pleaded the merits of his organization before the audience and asked for recruits.

# IDAHO HAS 0-6 ROAD RECORD Oregon Takes Second Tilt 4-1

The University of Idaho Vandals suffered their fifth straight Northern Division baseball loss at the hands of the Oregon Ducks at Eugene Wednesday afternoon. Idaho's poor showing on the road trip places them deep in the ND standings cellar.

Oregon's Ducks did the trick for the second time in a row yesterday by defeating Idaho's Vandals 4-1. Patsider Trent Halls sent 15 Vandals down swinging and offered up only six safeties in giving Idaho its sixth straight defeat in conference play.

Dick Dodel, righthander, was on the mound for Idaho, and although he gave up only seven hits during the contest, he walked five Ducks.

Washington's Huskies downed Idaho 10-3 and 9-4, Oregon State was victorious 11-3 and 8-7 and the Oregon Ducks won Wednesday 7-2. The Huskies and Beavers share the top spot in the Northern Division standings with 4 wins, 0 loss records.

**Vandal-Husky Series**  
Fancy base running and solid hitting was the margin of victory in both of the Husky games as the unobliging hosts stole a total of 17 bases and collected 22 base hits.

Ken Hallett and Dave Cripe, Vandal southpaws were the victims in the season opener Friday as they gave up 10 hits while their teammates committed 4 miscues in the field. Washington right fielder Rolan Halle beat out an infield hit and stole his way around the bases and made the feat complete with a theft of home.

Bob Haines got Idaho's only extra baser in the first game, a double to score an Idaho run. In the second game the Washington sluggers jumped on starter Gary Barton for four runs in the second inning to clinch the win. Five bases were swiped in the second game.

**OSC Gap Closed**  
After losing 11-3 to Oregon State, the Vandals bounced back in the second game to pressure the Beavers into a ninth inning rally which netted them an 8-7 decision, but not before the scrappy Idahoans had given them a scare.

The visitors led 7-6 going into Idaho's fresh baseball squad dropped their first contest of the season yesterday, falling 10-4 at the hands of the Washington State College first year crew. Top Vopat started the mound duties for Idaho.

The ninth when starter Ken Hallett walked two runners and then gave up a devastating triple to outfielder Jerry Exley. Flip Kleffner, first baseman, Frank Teverbaugh, right fielder, and centerfielder Bob Falash, were the big stickers for Idaho in those games. Falash collected four for five, Teverbaugh had a homer

among three hits and Kleffner led a four run outburst in the Vandal fourth. Falash continued his sparkling hitting in the first game when he had three for five backed up by second sacker Mike Cygler's two for three. Gary Barton was again the victim on some potent plate work as he was driven from the box in the second inning. Jay Dean, former Nampa High School athlete, was the OSC power in the first game with three hits in four plate trips.

The line scores:  
Idaho 000 100 001—3 7 4  
Washington 010 100 44x—10 10 2  
Hallett, Cripe (7) and Quane; Reams, Gorohoff (4), Reams (4) and Sprague.

Idaho 100 100 020—4 5 5  
Washington 140 200 02x—9 12 4  
Barton, Dodel (2) and Quane; Velling and Ballard.

Idaho 200 010 000—3 7 5  
Barton, Young (2), Stephens (8) and Quane; Wellman and Stephenson.

Idaho 000 042 010—7 13 1  
OSC 033 003 002—8 8 2  
Hallett and Quane; Guidotti, Wilson (6), Nierman (6), DeHass (8) and Stephenson.

Idaho 000 011 000—2 7 3  
Oregon 011 031 01x—7 9 2

## Brone Busters Travel To Pomeroy Saturday, Sunday

Vandal Riders cowboys, underterred by their sixth place score at last weekend's collegiate rodeo at Milton-Freewater, Ore., will enter the second of the spring series' shows Saturday and Sunday at Pomeroy, Washington.

Team members attending the Pomeroy rodeo will be Howard Harris, captain, Darrell Schnitker, Tommy Eitners, Mickey McCarty, Freeland Thorson, Ken Connell, Ray Westfall, Lee Rigby, and Jim Gerard. Virginia Johnston will enter the girls' barrel race.

The same college rodeo teams that competed last weekend will again be in the arena at Pomeroy. Pierce Ag College cowboys from California stayed over this week for the show, and the Colorado A & M team will make the long trip a second time. Other competing teams will be Cal Poly, WSC, Cheney, Montana State College, Brigham Young University, and the Vandal Riders.

Vandal Riders who placed in last weekend's rodeo at Milton-Freewater were Howard Harris, 2nd in bareback riding, 2nd in saddle bronc riding, 4th in bulldogging, and Darrell Schnitker, who split 5th and 6th place in the bareback riding with Bob Schild, Colorado A & M.

## INTRAMURALS

Larry Golding, intramural director, announced yesterday that the plans for the intramural golf tourney are underway with the playing date set for May 8.

Golding said that four entries from each living group will be entered in the 18 hole tourney and each group should submit the names of those entering by no later than Friday, April 30.

Softball continued through the week with the regular schedule ending yesterday, but, Golding said a new schedule has been made out to enable teams that were rained out, to make up the games they didn't play. A new schedule was sent out last week, but because of difficulties in obtaining the stadium for intramural use, the old schedule had to be reverted to using the five original fields.

Playoffs will begin Monday, May 3 and intramural managers should check at the intramural office for the playoff schedule.

Softball results:  
**Tuesday, April 20**  
15 DTD vs. ATO 0  
2 BTP vs. SN 6  
6 DC vs. KS 13  
for DSP vs SC wbf

**Wednesday, April 21**  
wbf TKE vs. LCA for 1 PPT vs. PGD 0  
for ATO vs. SN wbf 7 SAE vs. KS 6.  
Softball schedule for rained out games:

**Monday, April 26 at 4:00**  
CH2 vs. CC2, Field 1  
2WSH2 vs. LH2, Field 2  
IC2 vs. VV2, Field 3  
DTD vs. KS, Field 4  
SN vs. DC, Field 5

**Tuesday, April 27 at 4:00**  
ATO vs. SAE, Field 1  
DSP vs. PGD, Field 2  
SC vs. TKE, Field 3  
WSH2 vs. IC 2, Field 4  
DTD vs. DC, Field 5

**Wednesday, April 28 at 4:00**  
DSP vs. PPT, Field 1  
LCA vs. SC, Field 2  
CH1 vs. VV1, Field 3  
LH1 vs. IC1, Field 4

**Thursday, April 29 at 4:00**  
PGD vs. SC, Field 1  
CH1 vs. IC1, Field 2  
VV1 vs. WSH1, Field 3  
LH1 vs. CC1, Field 4  
CH2 vs. IC2, Field 5

## Cindermen To Corvallis For Opening Meet Today

Idaho invades the cinder paths tomorrow at Corvallis, Oregon in their opening dual meet of the 1954 Northern Division season. Oregon State's Beavers afford the competition.

The 18 man squad left this morning by bus accompanied by Head Coach Stan Hiserman and manager Dave O'Harrow. The Vandals have one indoor meet behind them and have a little less than a week of actual outdoor work as a season's conditioner.

Two veterans back in the distance events make the Idaho team probably the strongest in that division but Hiserman is unsure of his wealth of material in the hurdles, sprints and field events. In the mile and two mile races are Emerson Clark and Lou Gourley. Gourley ran fourth in the NCAA championships last year as a sophomore and is expected to show his best time of 9:18.6 as the season progresses. Clark, one of the top milers in the Northern Division, turned his best time of 4:14.3 last season.

Coach Hiserman announced the 18 man traveling team yesterday: sprints—Bill Bauscher, Dick Cooke and Bob Acorde; 440 yard dash—Gary Dixon, Tom Cromwell; 880 yard run—Henning Olsen, Larry McDonald; mile—Em Clark, Bob Thornton; two mile—Lou Gourley, Bob Rackham; high and low hurdles—Larry Church.

Broad jump—Bauscher, Church; pole vault—Jerry Duffy; high jump—Church, Duffy; shotput—Blair Harrington; discus—Ed Barton, Gene White; javelin—Bruce West and Buzz Hanson.

Idaho meets WSC here at Neale Stadium. Wednesday in a dual meet. The event had been postponed form last Saturday since Idaho had insufficient time to prepare for the outdoor meet.

## Washington Comes For Tennis, Golf Matches Here

The University of Washington golf and tennis squads will meet similar squads of the University of Idaho here Friday morning and afternoon. These will be Northern Division matches with Washington the defending champions in each sport. The Washington tennis team will be after their 60th consecutive dual meet victory and are ruled as heavy favorites. In the golf both Washington and Idaho have competed this year with Washington tying Oregon State at Seattle 13½ to 13½ and Idaho ekking out a 14 to 13 win over Washington State here last week.

Coach Dick Snyder said the Vandals would use Phil Weitz, Bob Campbell, Tom Miller and Dave Powell, lettermen, and Wendell Combs and Harlan Melton in the matches. The best ball event will start at 9 o'clock with the singles slated for about 2 p.m.

The tennis matches will be both morning and afternoon in the courts across from Memorial gymnasium although Captain H. H. Burnett, tennis coach, had not named as yet the Vandal players.

## Maybe They Should, Quit Teaching

Champion bowlers — all members of the winning team in faculty and staff bowling leagues proudly display their wares for the photographer. Seated left to right are: W. H. Boyer, Harold Soeters, Larry Golding, Dick Smith and Stanley Hiserman.

## Swim Group Sets Date For Show

Plans for the annual aquatic show, sponsored by the Hell Divisions, swimming honorary, are well underway, according to John Gillis, president of the organization and director of the annual production.

The show, which will be presented May 9, in conjunction with Mother's Day, will feature synchronized swimming, as well as individual talent.

Performances will be given May 6, 7 and 8 at 8 p.m.

The theme of this year's show is "Collegiate" and working with Gillis on the production are Kathy Fitzgerald, general act director; Sally Holz, staging effects; Jerry Jones, back drops; Susie Oberly, costumes; Kathy Davis, publicity, and Eric Kirkland, supervisor. Individual act directors are Sylvia Moore, Bill Buckley, Jessie DeH. Burnett, tennis coach, had not named as yet the Vandal players.

## Mississippi Bound

Chuck Finley, Idaho's former basketball coach waves a last farewell before departing for Hattiesburg, Miss., where he will assume similar duties to the ones he had at the University. Finley left last week for his new assignment, leaving a still unfilled hole in the athletic department.

# NATION-WIDE DEMAND FOR L&M DROPS PRICE!

You Save Up to 4¢ a pack—40¢ a Carton...

Now Every Smoker can afford L&M—America's highest quality and best Filter Tip Cigarette—

In less than 4 months since L&M Filters were put on sale across the country they have gained a nation-wide demand never before equalled by any other cigarette in so short a time.

So naturally... down goes the price to you of L&Ms—America's

highest quality and best filter tip cigarette.

Thousands of dealers in America's leading cities—in signed statements report L&Ms their largest selling filter tip cigarette.

Why have L&M Filters rolled up sales records like this? For the

first time filter tip smokers are getting what they want... much more flavor and aroma... with much less nicotine. After the first few puffs from an L&M, most smokers sum it up this way, "THIS IS IT—JUST WHAT THE DOCTOR ORDERED."

## FROM L&M TO YOU... JUST WHAT THE DOCTOR ORDERED

- 1. THE MIRACLE TIP... for most effective filtration. Selects and removes the heavy particles, leaving you a Light and Mild smoke.
- 2. PUREST AND BEST filter made. Exclusive with L&M. Result of 3 years of scientific research... 3 years rejecting other filters. This is it!
- 3. MUCH MORE FLAVOR... MUCH LESS NICOTINE. L&M Filters are the first filter cigarette to taste the way a cigarette should. The premium quality tobaccos... and the miracle filter work together... to give you plenty of good taste.

Exclusive L&M miracle filter tip contains Alpha Cellulose, for most effective filtration.

The news room of the Idaho Falls Post-Register looked like this Saturday morning as Professor Wayne Young and an even dozen upperclass journalists helped produce an issue of the paper.

Journalists Work With Daily

Twelve journalism students and Professor of journalism Wayne F. Young returned Sunday from Idaho Falls after assisting the staff of the Idaho Falls Post-Register in a day's publication.

Student-Directed Plays To Be April 29, 30

Four student directed one-act plays will be presented at the U-Hut studio theatre at 7:30 p.m., Thursday and Friday.

Directing Coward's two plays are Maizie Collett and Betty Smithers. "Letter of Introduction" will be directed by Larry Hyer, assisted by Jim Hargis.

Kind of good to get back after a 1300-mile trip to Idaho Falls where we allegedly aided in producing an issue of the Post-Register.

Geneva Sarvis, Carl Gotsch, Connie Brookins, Bryan Lambert, Glenmar Hoke and Don Hindorf will appear in "Happy Journey."

Other members of the production staff include James Sandberg, Dixie Kroush, Shirley Lent and Sue McMahon.

Parents of Moscow area children may be wearing puzzled expressions on their faces by July 30, mainly due to an innovation which will be introduced in the University's summer elementary school.

Following a nationwide movement which has engulfed 684 elementary schools in 34 states, the University is planning to conduct a class in oral French for second and third grade pupils.

Dr. T. B. Keith, professor of animal husbandry, was chosen as president of the Idaho Chapter of Sigma Xi, Science honorary at recent elections.

Dr. Lawrence H. Snyder, dean of the University of Oklahoma's graduate college, will address Sigma Xi Wednesday.

Dr. William H. Baker, associate professor of botany, was elected vice president of the national honorary.

Dr. T. B. Keith, professor of animal husbandry, was chosen as president of the Idaho Chapter of Sigma Xi, Science honorary at recent elections.

Dr. Lawrence H. Snyder, dean of the University of Oklahoma's graduate college, will address Sigma Xi Wednesday.

Dr. William H. Baker, associate professor of botany, was elected vice president of the national honorary.

VOL. 58, NO. 53 THE IDAHO ARGONAUT, Official Publication of the ASUI TUESDAY, APRIL 27, 1954

Madrigal Singers To Present Program

The University of Idaho Madrigal Singers, directed by Prof. S. Keith Forney, will present their annual spring concert at 8 p.m. tonight in Recital Hall of the Music Building.

The Singers, composed of Caroline Bailey, Joan Jabbara, Katherine Scott, sopranos; Karen Hurdstrom, Leah Jensen, LaVonne Willson, altos; John Eikum, Richard Martin, tenors, and John Herrett, Gary Leaverton, basses, will sing traditional Madrigals and motets of the 15th and 17th centuries.

All numbers will be sung without accompaniment, and the Singers will be seated around the traditional table in the same spirit in which the songs were sung as the popular family music of their day.

The program is composed of "Sing We and Chant it," "April Is in My Mistress' Face," "Now is the Month of Maying," by Thomas Morley; "Adieu," "Sweet Amarillis," and "Sweet Honey Sucking Bee," by John Wilbye; "Dancing" and "Springing" by Hans Leo Hassler; "See O Mine Eyes" by John Bennet; "Which Is The Properest Day To Sing" by Thomas Arne; "The Silver Swan" by Orlando Gibbons, and "Begone!" "Dull Care," 17th Century English.

Charles Oldham and Jim Kruger who also participated in the tourney took third in extemporaneous and oratory speaking respectively.

Dr. A. E. Whitehead, Idaho debate coach, was elected vice-president of the Pacific Forensic League for the coming year and it was also voted that the tourney be held on the University of Idaho campus the next year.

Lee Anderson and Jim Kruger also made up a debate team and entered into discussion. Charles Oldham was also entered in this discussion of the subject of "Improving congressional hearing and committee investigations."

Ten schools represented in the tournament included Arizona, Stanford, California, University of Southern California, Nevada, Oregon, Oregon State, Washington, Whitman and Willamette.

Like to fiddle around? This year, May 7 and 8, the Weiser Chamber of Commerce is again sponsoring the annual Northwest Mountain Fiddlers contest.

Along with the fiddler's contest a square dance festival is planned. Up to now 25 have entered the contest, leaving room for around 25 more entries, according to Blain Stubblefield, manager of the Weiser Chamber of Commerce.

Stubblefield, a one-time University of Idaho student, was a columnist for the Argonaut in 1923 and 1924. "Kiety Bill" was the title of his column.

Arrangements are being made for the annual clean-up day on Saturday morning, May 1, according to Don McCabe and Pete Snow, co-chairmen of the project.

Trucks will pick up trash between 10 a.m. and 12 noon on Saturday.

Clean-up areas will be designated in the Friday edition of the Arg.

Orland C. Mayer, who received his engineering education here, graduating with a B.S. in electrical engineering, will become the National Society of Professional Engineers Vice-President for the Western Region at the annual meeting.

He is now director of industrial development in charge of industrial engineering work for the Idaho Power Company in Boise.

Idaho "Queens" Win In State Contests

Idaho students are not the only ones who hold queen contests. Two University coeds have captured titles in recent contests elsewhere in the state.

Patty Parsons, Delta Gamma freshman from Weiser, was named "Miss Payette County" in a contest held there Saturday.

The win will entitle Patty to the privilege of competing in the Miss Idaho contest, whose winner competes in the Miss-America contest.

Jean Luedke, Alpha Phi sophomore, will reign as queen of the annual Lewiston Round-up to be held next September. Jean is an education major from Genesee.

Jim Saad was elected vice-president and Terrill Davis was chosen secretary of the new Executive Board at the regular meeting last night.

A conference has been arranged with Dr. Boyd A. Martin to study the present ASUI voting system in order to determine whether the preferential system is adequate.

Members of the old Executive Board were present to offer any assistance.

Terrill Davis was delegated to contact the Moscow representative to Spokane's annual Lilac Festival. The city of Moscow intends to have a float in the parade and has asked ASUI to suggest the names of two coeds to ride on the float.

The recruitment program was discussed briefly. Idaho's Pep Band is scheduled to take a trip to Districts 4 and 5 on May 2.

Kenny Wright and John Payne will make speeches on athletics and activities and show films on the subject.

Dr. William Greever and Dr. Siegfried Rolland will be gone to Helena, Montana May 7, 8, 9, for a Pacific Northwest History Conference.

They will participate in a panel "Responsibility of Historical Research to the Public, to His Schools, to His Colleges, and to Himself."

Joe Helle was chosen outstanding senior in Forestry, it was announced during the Forestry banquet Saturday night.

Students who want the present system to remain feel that it is the best system yet devised and feel that it is the fairest system that could be introduced to campus elections.

A number of students in favor of change feel that the present system is too complicated for the average student to grasp.

By 1928, conservationists finally got the point across to timber owners that operations on a sustained

Tooting His Own Horn

Harry James digs out some sweet ones in a tune up for Friday's Junior-Senior Prom date here. James will be accompanied by his star-studded troupe.

Junior-Senior Prom Is Friday

Dancing in the Memorial Gym to the tunes of Harry James and his orchestra will commence 9 p. m. Friday at the 1954 Junior-Senior Prom.

Louise Carter, dean of women, has granted co-eds a special 2 a.m. permission. Late permission for WSC women will be at the discretion of the house mothers.

James M. Lyle, alumni secretary, has recorded several voices that will be familiar to many of Idaho's alumni.

On the recordings can be heard the voices of Fred Skogg, head janitor, emeritus; Professor Axel, Dr. Erwin Graue, professor of economics; Dr. Frederic C. Church, professor and chairman of history, President Buchanan, and many others.

The recordings give these people an opportunity to say "Hello" to some of their former students.

Margaret Teare, Forney Hall junior, was elected president of the Women's I Club, Thursday night at the annual election.

Phyllis Roff was appointed as chairman of pop sales committee which will be selling soft drinks at all home baseball games this year.

Lumbermen, unlike the early pioneers who squandered timber resources, are today taking pride in forest conservation practices.

This was told to 125 foresters, professors, alumni and guests at Saturday night's Associated Foresters banquet by Charles S. Cowan, manager of the Washington Forest Fire Association.

Joe Helle, President of the Idaho Forester, received a year's subscription to the Journal of Range Management. He was declared outstanding senior in Forestry for accomplishments such as scholastic

Anderson Places In Speech Tourney

Lee Anderson took first place in the after-dinner speaking contest at the 31st annual Pacific Forensic League tournament held at Corvallis, Oregon, April 20-23.

Charles Oldham and Jim Kruger who also participated in the tourney took third in extemporaneous and oratory speaking respectively.

Dr. A. E. Whitehead, Idaho debate coach, was elected vice-president of the Pacific Forensic League for the coming year and it was also voted that the tourney be held on the University of Idaho campus the next year.

Lee Anderson and Jim Kruger also made up a debate team and entered into discussion. Charles Oldham was also entered in this discussion of the subject of "Improving congressional hearing and committee investigations."

Ten schools represented in the tournament included Arizona, Stanford, California, University of Southern California, Nevada, Oregon, Oregon State, Washington, Whitman and Willamette.

Change In Voting Wanted At Idaho

The majority of Idaho students polled yesterday were highly dissatisfied with the preferential voting system used in ASUI elections.

When asked whether they wanted a change in ASUI voting procedures, 69 per cent were in favor of a change and only 31 per cent were opposed to any change which might be made.

Most students polled seem to prefer the "X" system of voting, that is, placing an "X" beside the nine favorite candidates.

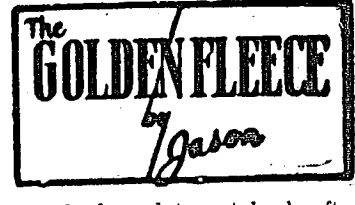

Many feel that this would alleviate confusion on the part of the students and also by election board members.

Some would rather have the current system changed to the weighted preferential system. Any candidate for the Executive Board receiving the first vote would be granted nine votes, anyone receiving the second vote would receive eight votes, and so on.

Students who want the present system to remain feel that it is the best system yet devised and feel that it is the fairest system that could be introduced to campus elections.

A number of students in favor of change feel that the present system is too complicated for the average student to grasp.

## Coed Works With FBI

Last week, a pretty 19-year-old Canadian, a former University of Michigan coed, stated in an affidavit published in the Detroit News that she had been "giving information on my fellow students to the FBI."

What prompted blue-eyed Daphne Price to "spy" upon her former friends and associates? This is a vital question which has occurred to college students who have discovered one of their own age and position involved in the none-too-clean fight against communism in the United States.

Miss Price, a political science major at Michigan for nearly three years, began this action on her own. She said that she began to associate with persons she believed to have Communist leanings last December. She discussed what she learned with the assistant counselor for foreign students, Robert Klinger, and he advised her to go to the FBI.

She got in touch with the local FBI representative and he asked her to continue what she was doing, but warned her she was an alien and should not become involved in any "political acts." She did not receive any money for the information she gave.

The role of the Ottawa-born girl on her campus came to light when Edward H. Shaffer, a graduate student whom she dated, was subpoenaed by the House un-American Activities sub-committee investigating Red infiltration of Michigan educational institutions and labor unions.

These are the facts. Some condemn this girl for the action she took to fight the Communist threat in a nation which is not her own.

Yet, can we condone a situation which is reminiscent of the Gestapo and Hitler Youth of the late thirties and early forties when children informed on parents and friends turned in friends?

Fighting, using the methods of the Communists, may as surely drive the United States into totalitarian dictatorship as all the combined efforts of American reds.

This affair of the college spy has hit home. We're scared and confused. And we haven't come up with a reasonable answer.

J.C.

## Summer School Schedules Numerous Workshops

At least five workshops covering the subjects of art, music, reading and home economics have been scheduled for the University of Idaho's summer school, June 14-August 6, it was announced by Dean J. F. Weltzin, director of summer school.

Two of the workshops are in music, with well-known music authorities conducting the sessions.

Robert Goldsband, internationally known pianist and teacher who has concentrated extensively throughout Europe, South America and the United States, will conduct a piano teaching workshop here the week of July 19-23.

On campus from July 12 to 24 will be Lilla Belle Pitts, professor of music education at New York City's Columbia University Teachers College, who will direct a music education materials clinic. The two-week workshop is part of a full-length summer school course, Music 229.

Three nationally known art instructors will each be on the campus a week this summer for a workshop in art education. Alfred Dunn of the University's resident faculty, well-known water colorist and illustrator, will conduct lectures and give demonstrations the week of July 12-18.

He will be followed the week of July 19-25 by Dale Goss of Seattle, president of the Pacific Arts Association, an eminent teacher and an illustrator and author of children's books.

Scheduled to direct the workshop from July 26-August 1 is Professor Richard Reynolds, head of the art department at College of Pacific. The workshop is part of two summer school courses, methods in elementary school art and methods in secondary school art.

Lasting the full summer session will be a special elementary reading workshop. Directed by Marietta Gordon, supervisor of the special services department of the Bremerton (Wash.) Public School System, the clinic will have available complete sets of elementary materials in reading as well as related materials in science, social science and other subjects.

Scheduled from June 14 to July 9 is the home economics education workshop. It will center its attention on ways and means of bringing the Idaho Homemaking Teachers' Guide up-to-date, particularly in the areas of child development and foods.

## DEAR JASON

Dear Jason: Last week's shuffle on the Executive Board as a result of a recount held due to an irregularity in the first counting gives adequate examples for the desirability of replacing the present preferential election procedure with a more simplified and equitable method of voting and counting.

I would like to make it clear at the outset that this letter is not intended to cast aspersions upon the Election Board nor to question the results of the recount, as I consider the action taken by the Election Board, under prevailing rules, to be both appropriate and just.

However, I do feel that the entire incident was unfortunate to say the least, and action should be taken to insure that such an occurrence does not happen again.

In commenting on this situation, it is opportune to enumerate some of the inadequacies and injustices in our present election procedures. With regard to the preferential system of electing, I believe that two important defects are immediately apparent.

First, 9 board members are chosen from a field of 18 candidates. Each member is, so to speak, a representative-at-large acting in behalf of every member of the ASUI; yet, in effect each voter casts a vote for only one candidate. The voter's ballot can help in the election of only one board member. I fail to see the justice of this system. A voter should be able to vote for nine persons and HAVE HIS NINE VOTES COUNT.

The second important defect lies in the system of tabulating the votes. When a candidate is declared elected, his excess votes (all over 159 in the recent election) are redistributed on the basis of second place choices listed on the ballots.

How is it determined which ballots are to be considered "excess"? It is purely a matter of chance and it is possible upon successive ballot tabulation and distribution of excess ballots to elect some different board members each time the ballots are completely counted, mixed up, and counted again.

This element of chance can be compounded and may become a

very influential factor in the cases of those candidates declared elected on the later ballot, i.e., 6th through 9th. Chance should never be an element in the tabulation of votes; it should not be allowed to influence the election of our executive Board members.

The above expresses two flagrant deficiencies in the preferential system. I believe, and I know I express the belief of other students on this campus, that the preferential election system should be abolished and a more equitable system adopted for ASUI elections.

This matter should receive the immediate attention and action of the Executive Board in starting the necessary proceedings to amend the ASUI Constitution. However, ultimate decision rests with the student body and it would be appropriate for the action to originate with that body if the new Executive Board should evade the issue.

Sincerely,  
Tom Warner

Dear Jason: Forestry Week was proclaimed by Governor Jordan for the period April 18-24. As in the past during this week emphasis is placed on forest, range and wildlife conservation. The exhibits, talks by students, all resulted in a better understanding of these problems. The cooperation given by the U. S. Forest Service, by the lumber industry, and the State Forestry office was well received.

Certainly this successful week sponsored by the Student Forestry Club could only be brought about because of the excellent work done by these students. They are to be commended for their enthusiasm, time and energy. All of them, however, are well paid because of the good they have done for the future of Forestry in this country.

Dear Jason: I would like to congratulate the Alpha Phi Sorority on winning the first Sig Alph Olympics Saturday afternoon.

The other women's living groups are to be congratulated for their fine support and enthusiasm in this first attempt of an event of this kind on the Idaho campus.

A lot of fun was had by all the participants and spectators, and I'm sure everyone is looking forward to the Sig Alph Olympics of 1955.

Sincerely, Ron Perez,  
Chairman, Sig Alph Olympics

## Two Towns Will Start Bridge Clubs

Because of the growing popularity of duplicate bridge, a Duplicate Bridge Club will be started in Colfax and Pullman, according to Mary Ellen Campbell, director of the Lewiston Club.

"College students seem to be quite avid bridge players," said Mrs. Campbell, "and, therefore, I thought they would be interested in duplicate bridge."

The first meeting of the Colfax-Pullman Duplicate Bridge Club will be held at the Colfax Elks Club on Thursday, May 6 at 8 p.m.

The club will meet every Thursday, alternating between Colfax and Pullman, where the sessions will be held at the Washington Hotel.

Anyone interested may play as often or as seldom as they please. "Bring your partner or come alone and we'll try to find you a partner," Mrs. Campbell asked.

For further information, call Mrs. Paul Weisman in Colfax or Mrs. Campbell at 3-1973 in Lewiston.

## Parish To Attend Teaching Seminar

W. R. Parish, assistant professor of electrical engineering at the University of Idaho, has been selected by the General Electric company to attend the American Society for Engineering Education teaching methods seminar at Schenectady, N. Y., August 30 to September 4, it was learned here today.

He is one of 25 young engineering teachers chosen from various schools in the United States to attend the seminar, and it is the second year in a row that the University of Idaho has been represented.

Last year, C. D. King, assistant professor of mechanical engineering, made the trip east.

## NOTICE

Graduation announcements are now available at the University Student Bookstore.

## Teacher Demand In Idaho Is High

By Burton Luvaa  
Throughout the United States and especially in Idaho, there exists a great demand for teachers. One of the main functions of the University of Idaho is the preparing of teachers to help alleviate this shortage.

There has always been a department at the University for teacher education. It has had several different names but now is coordinated under the College of Education.

Within the college there are three major departments: education, psychology, and physical education.

The College of Education, with its staff of 30 provides only technical teacher training sending its students to other colleges for their academic work. In turn, the College of Education provides psychology and physical education courses for the rest of the University. In this way most efficient use of the schools facilities is made.

Training is available for the 15 major types of Educational positions. Elementary, junior and senior high school, librarian and school superintendent are only a few of the fields open to an education major.

Bachelors degrees are given at the end of four years of study and the student may go an extra year to earn a master's degree in education.

Special importance is being given to practice teaching in surrounding schools and to some extent more distant schools. Many students are now devoting a full nine weeks to their practice teaching.

According to a bulletin released by the publications department of the University, the shortage of teachers that Idaho faces is due to several factors, the main one being that an unusually small birth rate of depression times is trying to provide teachers for an unprecedented high birth rate that started some 12 years ago.

Another factor in the problem is the salary and working conditions given a teacher compared to that of other professional fields. Conditions are improving and the College of Education is drawing more students than formerly. Enrollment in elementary education has risen from 16 in 1947 to

149 for the current year.

The College of Education now has a registration on campus of 800. Almost 750 were enrolled in extension courses during the year.

Another estimated 400 teachers are taking correspondence courses while doing their regular teaching job to help prepare them as better teachers. The school has graduated an average of 210 teachers since 1950. These figures do not include the many teachers that come to the campus each summer to attend summer school.

The University is doing all it can to provide the teachers needed in Idaho. It is the responsibility of all of us to see that these teachers are given consideration that will encourage them to stay here and teach the young people of our state.

## NOTICE

All men interested in filling out applications for Blue Key should submit applications to the General Manager's office.

Applicants should list their campus activities along with cumulative grade point and last semester's grade point.

The Air Force choir will meet today and Wednesday of this week at 7:15 p.m. in the SUB ballroom to finish preparing for the Songfest. There will be five rehearsals before the coming Mother's Day program. It is very important that all members attend every practice.

Manis will return to Moscow tomorrow with Roland W. Portman, extension entomologist, who is completing a tour of south Idaho counties.

Just because my eyes are red is no sign I'm drunk. For all you know I may be a white rabbit.

Manis To Attend Research Meeting  
Dr. H. C. Manis, head of entomology, will fly to Boise this afternoon to attend a research conference on the corn earworm.

He will meet with corn seed processors and corn seed producers.

Manis will return to Moscow tomorrow with Roland W. Portman, extension entomologist, who is completing a tour of south Idaho counties.

Just because my eyes are red is no sign I'm drunk. For all you know I may be a white rabbit.

**Mystery Contest Is Underway**

The Chesterfield "Mystery Coed" contest is running again. Displayed in the SUB, Bucket, the Perch and the Nest are posters explaining how the contest was run one month ago in each of the campus establishments.

Campus representatives are Fred Williams and Jane Querna, who will award a student guessing the identity of the mystery coed a carton of Chesterfields.

The mystery coed will also receive a carton. Last month's winner was Sally Krehbeil, DG.

Rules for the contest are:  
Write the name of the student described in the limerick on a Chesterfield wrapper and place the entry in the ballot box.

The first Chesterfield wrapper drawn a week later which bears the correct name will win.

Students must remember when entering the contest, to put their names and phone numbers on the wrapper with the limerick name. Students may enter as many times as they wish and need not be at the drawing to win.

**IT'S ALL A MATTER OF TASTE**

They're all the rage with college kids. With gals and men alike. So round, so firm, so fully packed—I speak of Lucky Strike!

When you come right down to it, you smoke for one simple reason... enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco... light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better... always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

The cigarette that really tops the campus hit parade. Is Lucky Strike. Enjoy the taste. Because it's better made!

Barbara Bennett  
Lawrence College

Celin Vaernewyk  
Boston University

When buddies ask me for a smoke, What do they get from me? "Here's finer smoking, pal," I say, "Cause I.S./M.F.T.!"

Ford R. Maddick  
Kansas University

**COLLEGE SMOKERS PREFER LUCKIES**  
A comprehensive survey—based on 31,000 student interviews and supervised by college professors—shows that smokers in colleges from coast to coast prefer Luckies to all other brands! The No. 1 reason: Luckies' better taste!

**SPALDING**  
MORE GOOD GOLFERS PLAY SPALDING THAN ANY OTHER BALL

**LUCKIES TASTE BETTER**  
CLEANER, FRESHER, SMOOTHER!

# Kappa Sigs Hold Formal; Pi Phis Renew Old West

Spring burst forth in full glory last Saturday at the Kappa Sig annual formal with decorations straight from the arms of "Mother Nature."

The Sigma Chis are turning their glances south of the border to prepare for their annual spring Mexican dance, scheduled for next Saturday.

From still another locale came the theme of the Pi Phi paddle breakfast, as the chapter house was converted into a modern wild west.

The return of spring is bringing the return of the annual Lambda Chi-Alfa Phi tug-o-war, as a result of which one of the groups is doomed to a dunking in Paradise Creek.

Next Saturday evening, the annual Sig Mexican dance is to be held. Rod Burton will provide the music and Bob May will take care of the decorations.

Last Tuesday, Harley Sanborn, Bonners' Ferry, announced his engagement to Bobby Jo White, Gamma Phi from Spokane.

Art Dalke, Moscow, passed his pin to Kathy Tarbell, Chi Omega at the University of Washington, during the Easter vacation.

Kenny Wright finally "bit the dust," when the Idaho Falls flash announced his pinning to Pat Berry, Alpha Phi from Avery.

Last Saturday evening 12 Sigs attended a mortgage-burning party at the Sig house at WSC.

Dave Youmans and Bud Dunn are intercollegiate knights.

Al Menke was voted the most inspirational student for the year 1952-53. His name will be engraved on the province plaque for the "most inspirational student in the province."

ALPHA PHI  
An exchange was held last Wednesday night with the ATOs. This Wednesday an exchange was held with Willis Sweet Hall.

Carol Lyle announced her pinning to Duane Hodgson, TKE, LAMBDA CHI ALFA

Plans are progressing for the annual tug-of-war with the Alpha Phi. The contest between the two groups will follow a picnic the first Sunday in May. Lack of water in Paradise Creek may force the aggregate to pull a rope on dry land.

Mr. and Mrs. Roger C. Howard were Sunday dinner guests.

KAPPA SIGMA  
Kappa Sigmas and their dates danced amid decorations of fir boughs and flowers at their annual spring formal, Saturday, April 24. A realistic creek and waterfall were also blended into the decorations which were under the chairmanship of Jim Peterson.

Mandius Lundal, Don Clark, Dave Porter and Del Naser were sub-chairmen for the dance.

Chaperones for the affair were Capt. and Mrs. Henry Burnett, and Mr. and Mrs. Everett Ellis.

Larry Knight was recently tapped for Phi Beta Kappa.

Intercollegiate Knights have selected Neil Andreason and Ron Manser for membership.

Bill Miller recently passed his pin to Connie Densow, Gamma Phi.

PI BETA PHI  
The Pi Phi house was turned into a modern version of the wild west by the pledges and initiates last Sunday as they presented their annual paddle breakfast.

Entertainment for the early morning event was provided by Dixie (Minnie Pearl) Kroush and Cleora (Tex) Andrews, with the aid of the B Bar B riders.

Sigma Nus from WSC crossed the border April 21 for a picnic exchange with Pi Beta Phi.

Carol Hutsell was recently elected president of the Home Economics Club. She was recently tapped by Phi Upsilon Omicron, home economics honorary.

## Engagements

GITTINS-CASEBOLT  
Using Easter as the theme, Caroleigh Gittins announced her engagement to Lt. Glenn Casebolt at the Alpha Phi house on April 13.

A large Easter bunny sat on the center table holding a rosebud.

## Tour Abroad Is Outlined

Shirley Lent and Dr. E. M. Hause, Associate Professor of history and political science, will tell about the European tour and study program that is being scheduled for this summer on this week's "Here We Have Idaho" program.

On the same show, Walt Butcher and Clyde Wilson will discuss this year's Little International show and will outline some of the highlights of the affair.

Archie Harney, the farm reporter on the KRPL farm show, will tell about the Farm Question Box.

Dr. Harry Caldwell, assistant professor of geology and geography, is scheduled to tell about conservation and the use of Idaho resources. R. H. Seale, assistant professor of forestry, will speak on the part conservation plays in forestry.

The University Concert Band, under the direction of Warren Bellis, will open this week's show playing "The Phantom Regiment."

Also on the musical agenda for the show will be Don Hannah playing "Waltz for Mippy" on the tuba and Shirley Lent playing "Ain't She Sweet" on the electric organ.

## Red China Is Topic

Because the problem will come up at the Geneva conference due to start next week the International Relations Club has chosen the topic "Should the United States recognize Red China?" for its next meeting April 29.

Thursday's meeting will be in conference room A of the SUB at 4:10 p.m. Dennis Thompson, vice president of the IRC, will moderate the session.

Po Ping Wong, Hong Kong, and Joris Rosse, Holland, are the two students on the panel with R. E. Hosack, Professor of Political Science and John Larson, former University music staff member and now owner of the Mezzanine Music shop.

Membership in the International Relations club is open to all interested students and townspeople.

## Out Of The Past

25 Years Ago  
April 26, 1929—Twenty-one junior women were bid by Mortar Board to Narthex Table last night on the basis of their scholarship and service to the University.

Narthex table is so named because it designates the ante-room in medieval churches where the uninitiated waited.

10 Years Ago  
April 27, 1944—A jitney dance, the exact reversal of the Spur Nickel Hop, and a stunt night with 10-minute skits by frosh of each living group are two of the Freshman Week activities set for the first week in May.

5 Years Ago  
April 26, 1948—"Chicken Every Sunday," a dramatics department production, will be presented April 29 and 30, under the technical direction of Edward Cebull.

1 Year Ago  
April 24, 1953—Meredith Latta, Alpha Phi; Ann Wyckoff, DG; Carolyn Gale and Velma Wilson, Kappa; and Kathy Fitzgerald, Pi Phi, are Crescent Girl finalists of Lambda Chi Alpha fraternity.

An Arg staff member has invented an 11-foot pole for use on girls who can't be reached with a 10-foot pole.

## 1954 Dream Girl

Meet Nancy Leek, the Delta Sigma Phi's selection for the Dream Girl title. She was crowned Saturday night by Jerry Emison, last year's campus and national Dream Girl. Both Nancy and Jerry are Tri-Delts.

## Nancy Leek Is Crowned Delta Sigma Dream Girl

Nancy Leek, Tri-Delt president, was crowned Delta Sigma Dream Girl by Jerry Emison, Tri Delt, Delta Sig National Dream Girl, during the intermission ceremonies at the annual Carnation Ball Saturday, at the American Legion Cabin.

Nancy was awarded a personal Dream Girl Trophy and the Tri-Delt house received a large traveling Dream Girl trophy which was donated by Earl Dawson, Delta Sig alum.

The four finalists accompanying the new Dream Girl were Ann Carson, Theta; Madeline Meltyvedt, Gamma Phi; Jan Cole, DG; and Virginia Harris, Pi Phi.

Patrons and Patronesses for the affair were Col. and Mrs. Charles Hudson, Dean and Mrs. Ernest Wohlzet of Moscow, and Dr. and Mrs. W. B. Merriam of Pullman.

Sunday afternoon, Miss Emison was honored guest at the formal presentation banquet for the Delta Sigma Phi National Dream Girl. The banquet was given at the Ad Club by the Idaho Chapter. After dinner, national and local presentations were made.

Paul Scharpenburg, a member of the Delta Sig National Board of Governors, presented the Delta Sig "Sweetheart Pin" to Jerry on behalf of the national organization.

He then presented her with a silver platter upon which the fraternity crest was engraved. Theodore Prichard, head of the Art department, completed the ceremonies by presenting a large portrait of Jerry to Nancy Leek, who accepted on behalf of the Tri-Delt house.

Guests attending the banquet included Mrs. Dawn Magee, Mr. and Mrs. Rafe Gibbs, Col. and Mrs. Eugene Slade, Mr. and Mrs. Elmer Nelson, Mr. and Mrs. Frank Young, Mr. and Mrs. Carl Stam, Mr. and Mrs. Bob Speedy, Mr. and Mrs. Dave Womeldorff, Mr. and Mrs. Phil Meagher, Mr. and Mrs. Jim Wright, Billie Vancil, Rita Schroeder, Don Merriam and Bill Meish.

The program, to which the public is invited, is sponsored by the Moscow Wildlife Association.

Robert Tracy, campus radio director, will be moderator.

Myers and three other experts will be given 10 minutes to discuss a particular phase of pollution.

A question and answer session will conclude the evening's program.

Chemist Willis Vanhorn, who is with the Institute of Paper Chemistry, is scheduled to make a special trip to Moscow from Wisconsin to appear on the panel.

All students registered at the University for the first time under a G.I. Bill, please check at the Registrar's Office about military and P7. Important.

## Alpha Phis Capture Olympics

Alpha Phi sorority defeated 11 other women's living groups on the University of Idaho campus Saturday afternoon to win Moscow's 1954 version of the Sig Alpha Olympics.

The event was sponsored by the Sigma Alpha Epsilon fraternity.

The Alpha Phis had a total of 28 points accumulated in eight events, which included tennis ball push, tug of war, potato race, football punt, three legged race, wheel barrow race, egg throw and pie eating race.

In second place, with 22 points, was Forney Hall. Others were Alpha Chi, 21 points; Gamma Phi, 20 points; Hays Hall, 19; Kappa, 19; DG, 19; Pi Phi, 19; Tri Delta, 13, Theta, 10; and Steel House, 9.

Approximately 280 girls took part in the games before 700 spectators on the Ad lawn.

## Vassar Alums Back To Talk on Careers

Poughkeepsie, N. Y. (I.P.)—Thirty-six Vassar College alumnae recently returned to the campus at which second-year students had a chance to hear authoritative answers to the question of how liberal arts studies prepare undergraduates for lifetime careers from people in the thick of it.

The new experiment in educational guidance—a Sophomore Conference—was designed not as a vocational or job-finding service but an assortment of later careers.

hear first-hand from alumnae in many fields how a liberal arts education can offer a springboard for an assortment of later careers.

Formal speeches were dispensed with. All sessions were of the no-holds-barred, questions-and-answer discussion type, with students asking any questions they wanted.

Official Notice

All students registered at the University for the first time under a G.I. Bill, please check at the Registrar's Office about military and P7. Important.

## Eisenchimi Will Speak To Engineers

of the Scientific Oil Compounding Co., of Chicago, will give a preview of what the chemistry or chemical engineering graduate may expect in the way of monetary compensation at 4:45 this afternoon in 110 Science Hall.

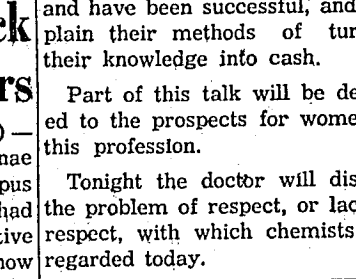

Dr. Eisenchimi, who has had 30 years of experience as a member of the chemistry profession, will also present a talk on "Present-Day Problems of the Chemistry Profession" before the Washington-Idaho Border Section of the American Chemical Society. This lecture is also scheduled for 110 Science Hall, at 7:45 tonight.

Dr. Eisenchimi will point out how the graduate may improve his chances for success in this field in his afternoon lecture, and also point out some pitfalls to avoid. He will illustrate his advice with actual cases of chemists who have followed his advice and have been successful, and explain their methods of turning their knowledge into cash.

Part of this talk will be devoted to the prospects for women in this profession.

Tonight the doctor will discuss the problem of respect, or lack of respect, with which chemists are regarded today.

## YOU NAME IT by REDDY

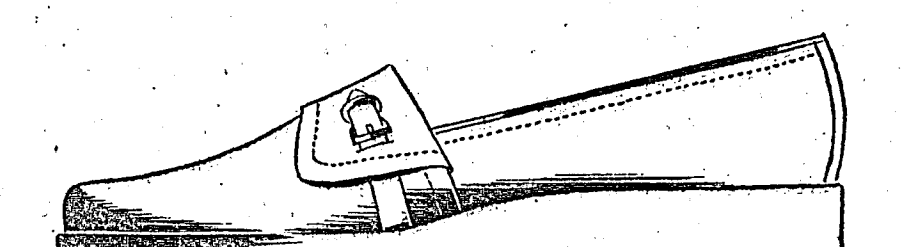

This island saved the settlers, before the days of rail. Named for a Spokane founder, it's the river isle of...

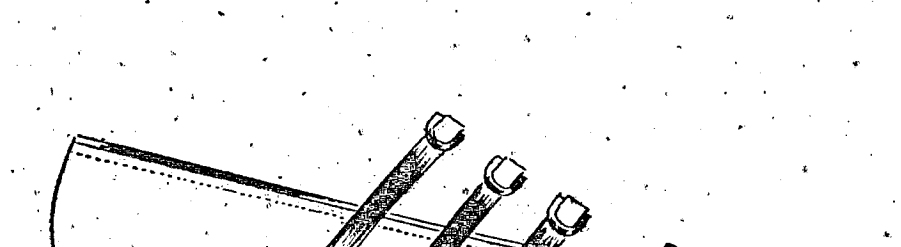

HAVERMALE Island in the Spokane River gave refuge to early Spokane settlers during the Indian raids. Ingenuity prompted its use as a "fortress" and this same foresight led the early citizens of the Washington Water Power Co. to develop the water power of the Falls below the island—further proving that free enterprise creates the best opportunities for each generation.

## White For Fashion Footwear By Joyce

Comfortable casuals with a fresh Spring look. Wonderful for Spring and Summer wear. Several other styles in whites and colors. Here are two very new styles you'll love.

# VANDAL BASEBALLERS STILL SEEKING FIRST WIN

## WSC Pulls 5-3 Win Hands Idaho Seventh In Row

NORTHERN DIVISION STANDINGS		
W	L	Pct.
Oregon State	0	1.000
Oregon	3	.750
Washington	4	.667
Wash. State	2	.528
IDAHO	7	.000

**By JOHN HUGHES**  
The road weary Idaho Vandals returned to their home grounds yesterday only to lose their seventh straight Northern Division baseball game at the hands of the Washington State College Cougars 5-3 at McLean Field.

Ken Hallett, who pitched five-hit balls for seven innings tired in the eighth and the Cougar hitters pounded him and reliefer Gary Barton for three runs and the margin of victory.

**Meet Again Toady**  
The two squads pair off at Pullman this afternoon at 3 p.m. in the second game of the two game series. WSC coach Buck Bailey is slated to start his ace, Lee Dolquist against the invading ND cellar dwellers. Clem Parberry will go with slender righthander Dick Dodel. Dodel has a 0-1 record in ND action losing to Oregon.

Hallett, junior portside, was charged with the loss, his third against no wins. Wes Stock, who relieved starter Lee Frank in the Vandal half of the sixth was credited with the victory.

**Cougars Start Fast**  
The Cougars drew first blood in the second when Catcher Red Golden pulled a long triple over the head of centerfielder Bob Falash and scored when Larry Morrison booted Gordy Hershey, second baseman, grounder. Lee Frank, Cougar pitcher then doubled to score Hershey from first.

Idaho didn't score until the fifth. Frank calmed the Vandal sticklers until Reggie Frazier, left fielder, slapped a single to left center, the first off Frank. Bob Haines followed with a line single to center. Terry Sparks, centerfielder for the WSC club, let the ball get past him and Vandal runners scooted to third and second. Larry Morrison popped out and Jerry Quane broke the Idaho scoring ice by clouting a double to left center that landed high up on the refraining embankment. Quane scored the tie breaking run when Bob Falash got a safety to left and the ball bounced to go to second.

**Pulls Pitcher**  
The Vandals started the hitting parade in the sixth again and caused Buck Bailey to pull starter Frank after he had tramped to the mound many times the inning before to console his pitcher.

Cyler opened the sixth with a line drive over second and that brought on a new chucker for WSC, Wes Stock. Stock showed a good curve ball to set out the fire by getting two hitters to fly out and striking out a third. He gave up but one hit the rest of the way.

**Wig WSC Eighth**  
The back breaking runs came in the Cougar eighth when Ron Foisy blasted a triple to center off the tiring Hallett. A single on the ground past first and second scored Foisy and Hallett retired to the showers. His successor, Gary Barton, (0-3) as a result of the road trip, gave up a base knock to rightfielder Bob Eakin. Sparks and Eakin pulled a double steal after pinchhitter Larry Aho fanned and Red Golden's foul fly behind the plate was taken nicely on a running catch by Jerry Quane, Vandal catcher.

A single by Gordy Hershey accounted for two more runs, the final and deciding of the game.

**Two DP's**  
Idaho's infield came up with a pair of fine double plays during the afternoon. With runners on first and second, thirdbaseman Flip Klefner put the stopper on a ground ball, raced over to make the force out and still had time to peg out the hitter at first. In another instance the Cougars had the sacks loaded and Lee Frank hit on the ground to Bob Haines at first. Haines reeled and threw to home to catch the runner, who in passing the plate knocked the ball from Quane mitt and the runner from Quane fired to Hallett covering to second tried to make it in but nip the runner.

Outfield errors plagued the Cougars as two hard hit Vandal singles got past them for extra bases. Idaho's infield found the going rough in the miscue department, committing three.

Frazier Gets 2 for 4  
For the losers, Reggie Frazier, was the most potent at the plate as he collected two singles in his four

times at bat and Quane hit the long ball for Idaho, a double that produced two runs.

The Cougars Golden and Foisy both had triples and the nine hits given up by Idaho pitchers were well scattered through the lineup.

### Just Chatter

By JOHN McDERMOTT

We haven't decided whether Gene Stauber, fourth and last of the football coaches, is fond of animals or heard of the Idaho football situation of the past and thought he had better bring a persuader with him. At any rate, we saw Stauber at the baseball game yesterday accompanied by what was a first mistaken for a pony, but on closer inspection turned out to be a German police dog (we think).

For a full five minutes we wondered if we had the courage to approach the animal and after a lengthy discussion with ourselves, we were finally convinced that it wouldn't bite. When we got within three feet of it, it strained at its leash and emitted a snarl that would make any football player get down and work. A few quieting words from the master settled the animal down and we were introduced to the newly arrived line coach.

Stauber is a very congenial man who seems to have the same fine spirit that Skip Stahley, Earl Klapstein and Jay Pattee have. We're quite sure he won't need that dog to persuade his charges to work for him, but there is no doubt that if he did have to call on the waist-high animal's services, the canine would do a thorough job at convincing the players they should do what his master tells them to.

We spent last weekend in the southern part of the state—Idaho Falls to be exact. We were guests of the Idaho Falls Post-Register. While we were down there we checked on feelings concerning the new football regime here and opinion seems to be on the pessimistic side.

Everyone we talked to seemed impressed with the progress made during the spring drills, but the majority didn't think building spirit, it would get the job done. They seemed to feel that enthusiasm was a minor detail with material holding the spotlight. Granted, material is needed, but often even with proper material, lack of spirit within the team can keep them from winning. Idaho doesn't have a wealth of material, but they have enough more than was displayed last season when the Vandals managed to pull only one game out of their hat. Chuck Gottfried, former coach here, once commented that the only team he ever saw in his life that was worse than last year's Vandals was Mon-

Rained out softball games are underway this week, according to Larry Golding, intramural director. If there are no more rained out contests, playoffs will start Monday and managers are urged to check the intramural office bulletin board for playoff schedules. Sigma Alpha Epsilon, Tau Kappa Epsilon, Phi Delta Theta, Vet's Village number one, Lindley Hall one and Lindley Hall two are riding the unbeaten team crest.

Intramural managers should, according to Golding, make certain all entries for the intramural golf tournament, May 8, should be turned into him by this Friday, April 29. Golding said schedules had to be made up and anyone wishing to play should sign before that date. Time schedule for those playing will appear in the Argonaut next week. The tourney will begin at 8 a.m. Saturday with foursomes teeing off every six minutes.

Men who are going into quarter final play in horseshoes are: Miller DSP vs. winner of Rushfeldt DTD vs. Emmons PGD. Hood SC vs. Wayment CH 1. Chaney BTP vs. winner of Manager SAE vs. Sweeney SC. Payne PDT vs. Durrall DTD. Final total points for bowling were released yesterday.

### Harris Cops High Honors At Rodeo

Howard Harris, University of Idaho Vandal Rider, copped all-around cowboy honors Saturday and Sunday by garnering 211 points at Pomeroy, Washington in the second of a series of spring inter-collegiate rodeos. The Vandal Riders entered the Milton-Freewater events the weekend before.

Harris was followed by Art Fulkman of Washington State who ran up a total of 142 points for runner-up. Harris now leads the national point race for steer wrestling championship.

The rodeo, which was sponsored by Washington State, featured eight schools from six states including California Poly, Idaho, Brigham Young University, Colorado A&M, WSC, Pierce Agriculture College of California, Eastern Washington College of Education and Montana State College.

Darrell Schnitzer, University of Idaho, placed first in bareback bronc riding event for Idaho and Harris took first in bulldogging to give Idaho two firsts. Other winners were Bob Schild, Colo. A&M, saddle bronc; Tony Arango, Cal Poly, bull riding; Darrel Jarvis,

### Morrison Set For Pro Ball

Dwight Morrison, 6-7 center on last season's basketball squad was picked yesterday by Boston of the National Basketball association to play professional basketball next season.

Morrison was one of two Northwest players picked in the annual draft by the professional clubs. The other was Joe Pehanick of Seattle university who was taken by Baltimore.

During three years of varsity experience at Idaho, Morrison racked up a better than 10 points per game average. He played 82 games in his varsity career collecting 884 points and 791 rebounds.

Morrison was named to the all-Northern Division team this spring.

tana State University—the team Idaho beat. Gottfried was right, we think, in one respect. Idaho's team wasn't as poor as he made it out to be — it was the lack of enthusiasm on the part of the players.

We hope that when Skip Stahley makes his trip to Idaho Falls while he is touring the southern end of the state he will change the minds of some of the people we talked with. He is gradually winning the support of the people of Northern Idaho and if he converts the South we should have enough backing behind the 1954 Vandals to make them feel like an honest-to-goodness football team once again.

"I'm a self-made man."  
"You're lucky. I'm the revised work of a wife and three daughters."

### Former Area Mentor Seeks Coaches Position

Three new names have been added to the ever growing list of basketball coach applicants to fill the vacancy left by Charles L. (Chuck) Finley recently. Elra L. Hunter, former Moscow high school coach, Vandal ace and coach at Lewis and Clark.

Hunter was on campus last week-end talking to officials along with two other interested applicants for the job.

Others seeking the post were Harlan Hodges of Murray State College, Murray, Ky., and Art Gallon, an assistant to Nibs Price last season at University of California.

There will be an important meeting of the Ski Club on Thursday, April 29, at 6:45 p.m. in Conference room B.

Business on the agenda will include plans for the end-of-season mixer, and the organization of a work party to bring the equipment in from the Viola ski hill. Also, in accordance with the club constitution, nominations for next year's president will be held.

All members are urged to attend this important meeting.

### Halls Win First WRA Softball Tilts

The WRAers produced a fall-proof sign of spring last week by digging out the softball equipment and playing the first series of the games in the softball tournament.

Steel, Forney and Hays Halls captured wins during the first week of play, while the Kappas and Tri-Delts battled to a 15-15 tie in the Women's Recreational Association tourney.

Teams scheduled to play this week are, Wednesday, Theta vs. Forney I, and Alpha Chi vs. Alpha Phi I; Thursday, Alpha Phi II vs. Tri Delta II, and DG vs. Gamma Phi.

All girls are reminded that there is open practice for softball each Friday afternoon. This is a good time for coeds to iron out the kinks in batting and fielding.

Plans are underway for contests between the Idaho and WSC softball teams and the men's faculty team. The team which will play them will be chosen from those who turn out for practice.

Thursday noon all Idaho participants in the Individual Sport-day will meet at 12:40.

A very important meeting of the WRA board will be held in the women's gym at 6:45 Wednesday evening. The final plans for the playday will be made.

### Thinclads Fall At Corvallis

Oregon State's Beavers outpointed Idaho's cindermen last Saturday at Corvallis to defeat the Vandals 76 to 55 in the Northern Division opener, taking top honors in 11 events.

Emerson Clark, Idaho stalwart, set a new mile record at the meet, crossing the line in 4:19.1, and breaking the mark set by Phil Liebowitz of Idaho in 1949. The old mark was 4:19.2.

Henning Olson of Idaho was a winner for the Vandal thinclad squad, coming in first in the 880, while Lou Gourley, junior distance runner garnered a first place in the two mile event. Idaho also won the mile relay with Gary Dixon, Clark and Olsen composing the team.

Idaho runs against Washington State tomorrow afternoon in Neale Stadium and Oregon will move to Moscow for a dual meet Saturday.

Summary:  
Shot-put—Dave Landgren, OSC. Distance—43 feet 1 inch.  
Mile—Emerson Clark, Idaho; Lou Gourley, Idaho; Bob Thornton, Idaho. Time—4:19.1. (New meet record. Old mark of 4:19.2 set by Phil Liebowitz, Idaho in 1949).
