Top Music To Flow For Prom

Hotshot Harry James and his star studded troupe will entertain an expected 700 couples tonight in Memorial Gym at the Junior-Senior Prom. Tickets are still available from Gordon McLeod, Jack Knodle, Hodgins Drug and the ASUI General Manager's office. The tickets are \$3.50 a couple and \$1 for spectator seats in the balcony.

Dean of Women Louise Carter has granted coeds 2 a.m. permission and the dancing will last from 9 to 1 a.m. It was noted that the one-act plays will be over in time for those wishing to attend the dance as well.

Dress for the Prom is semi-formal and corsages have been voted out by the committee. Harry James, on a comeback swing through the West, has recently appeared on various western college campuses and in Spokane. He brings with him Buddy Rich, a dream beat drummer, and Paula Gilbert, an eye-filling ballad singer. Paula is from Nebraska and Rich was formerly with Artie Shaw and Tommy Dorsey.

A musical theme is woven into the decorations for the Prom. McLeod, senior class president, and Knodle, junior class president, worked with a volunteer crew in setting up decorations.

Shown here are Harry James and two of his star performers, who will appear in Memorial Gym this evening to play for the Junior-Senior Prom. James is currently touring the Northwest. Tickets are still available. They may be had from Gordon McLeod, Jack Knodle, Hodgins Drug, and the ASUI office.

To Get Honorary Doctor's Degree

W. L. Ziegler Raymond L. Givens McKinley Helm

Three Awards Will Be Given

Three leaders in the fields of literature, mining and law will be awarded honorary doctorate degrees by the University of Idaho at commencement exercises June 6, University President J. E. Buchanan announced today.

The honorary degree recipients will be McKinley Helm, author of Brookline, Mass., and Santa Barbara, Calif., who will be given a doctor of literature degree; W. L. Ziegler, general manager of the Pend Oreille Mines & Metal Company at Metaline Falls, Wash., doctor of science, and Justice Raymond L. Givens of the Supreme Court of Idaho, Boise, doctor of laws.

Is Author

Helm, author of eight books and a regular contributor to the Atlantic Monthly, is also noted as the author of the University's alma mater song, "Here We Have Idaho," which has recently become the state song. He wrote the words for the song in 1927 while a student at the University.

A native of Duluth, Minn., who attended Lewiston High School in Idaho, Helm received his B.A. degree in 1927 from the University, where he was also elected to Phi Beta Kappa, national scholastic honorary. He holds a doctor of theology degree from Harvard.

Idaho Grad

Zeigler, also a University of Idaho graduate who received a degree in mining engineering in 1910, has brought his knowledge of mining technology to many parts of the world. In North Africa, he aided in the installation of a flotation plant at Zeldija Mines; in Bolivia, he served as a design consultant for construction of a 4,000-ton plant for Patino Mines; in Alaska, he built a flotation mill for the Ladysmith Smelting Corp.; in Canada, he participated in the installation of a number of flotation and cyanide plants.

Born in Moscow, Zeigler received all his educational training in the town, from grade school through the University. In 1951, the Engineering and Mining Journal honored him with its "salute for outstanding service in the mining field."

Justice Givens has devoted almost a half-century to the law in Idaho as attorney and judge. Born in Salem, Ore., he attended Colorado College from 1902 to 1906, and received his LL.B. degree from the University of Denver in 1909.

Admitted to the Idaho bar in 1909, he began the practice of law in Boise. From 1911 to 1917, he was prosecuting attorney of Ada County. He served a term in the Idaho House of Representatives in 1919.

Tri-Delts Offer \$200

A \$200 scholarship for any girl on campus is being offered this year by Delta Delta Delta as part of its national service project.

Applicants will be judged solely on the basis of need and potentialities in school and need not be connected with the sorority in any way.

Application blanks are available in Dean Carter's office for the award. Anyone interested should complete the form by May 15.

Nancy-Leek, chapter president, said that the scholarship is open to any girl, Greek or Independent, with the exception of members of Delta Delta Delta.

It has been mentioned to us several times since the ASUI election that women should be represented by one (or more) of their own sex on the Executive Board. A good idea, we think, since the Board is supposed to represent all students. Added weight is given this argument when most of the opinions and ideas are expressed by Board members in their own living groups. Obviously, no male Board member would be seen lolly-gagging around a women's living group just to pick up ideas and opinions.

And just a year ago we were in the midst of some super-gigantic preparation for May Day, Moscow, U.S.A. Floats were being launched, blood was being readied for donation, and two Hollywood stars were on their astral way here.

That was a real good celebration all the way. Wonder why the Moscow Chamber of Commerce decided to "give it back to the Russians" this year.

Speaking of Moscow, reminds us of something. Several universities and large industries are attempting to prove their value to a community in spending power. The employees are paid in \$2 bills. When merchants know that all the \$2 bills spent that day came from the employees of that university or industry, they take a better view of the outfit.

We're not saying the Moscow merchants are not cognizant of the dollar value of having a university nearby, but why not make sure?

From an issue of "New Republic" magazine comes this interesting little item:

"During his tour of the Far East last winter, Vice President Nixon had occasion to drive through a part of Lower Cambodia, Indo China.

"Each time that he spoke the name 'Dwight Eisenhower' the natives roared in approval.

"We have just learned, however, that Dwight sounds very much like the Lower Cambodian 'dwaik-ite'—free. And 'Eisenhower' is quite close to the native 'ieken-dawah'—the local beer."

Kappler Granted Fulbright Award

Richard Kappler, instructor in French and Russian, has been granted a Fulbright Award for advanced study abroad for the year 1954-55. He plans to leave for Paris this fall, where he will carry on research for his doctoral dissertation at the University of Paris.

Kappler, a graduate of Cornell and Columbia Universities is completing his work for the Ph.D. degree at Columbia. He is currently teaching French and Russian here at the University and will return after his leave of absence.

The Sigma Xi initiation and banquet will be held Monday, May 10, not May 3 as announced in a previous Argonaut article.

One-Fifth Males Now ROTC Men

By JANE QUERNS
"More than at any time in the United States peace-time history, the armed forces depend for their career officers not primarily on West Point and Annapolis, but on 350 civilian colleges and universities," reported Time Magazine in this week's issue.
"This June some 30,700 ROTC seniors will get commissions and fulfilled their service obligations by going on active duty for at least two years," says Time.
Since the start of the Korean War, 70 colleges have obtained ROTC units. Some 140 colleges and universities now require two years of military training. ROTC courses "fit the bill."
To attract career men and train reservists, each service has added considerable brass to the campus ivy. The Army runs the largest program with 151,000 students in 250 colleges and 1,500 officer-instructors at a cost of \$22 million a year.
Low Budget
The Air Force operates on a relatively low budget—\$13 million—and includes 125,000 students in 188 colleges and 1,400 officer-instructors.
Although small, the Navy program is expensive, spending \$11.0 million per year. Its 15,400 students are found in 52 different colleges.

Red China Aired In IRC Discussion

William Chang, foreign student from Hong Kong, favored recognition of Red China during an International Relations Club debate on the topic "Should the United States recognize Red China?"
The meeting was conducted in conference room A of the SUB, and was moderated by Dennis Thompson, vice president of the IRC. Panel members included William Chang and Po Ping Wong, Hong Kong; Joris Rosse, Holland; R. E. Hosack, professor of political science, and John Larson, former music staff member who has served in the Far East.
Chang stated that the Communist government of Red China is the true representative of the people.
Chang pointed out that many advances have been made by the Red government in China.
"More Chinese have the chance for a better education than before" he continued. "Education makes the nation strong."
Larson pointed out some facts why we should not recognize Red China. He stated that we are still technically at war with Red China, and any recognition would endanger our Far Eastern policy.
"As long as we support Chiang Kai-Shek," said Jarson, "We cannot afford to recognize Red China."
Po Ping Wong did not think that the Red Chinese government was a true government of the people.
"If we recognize Red China," said Wong, "we stand to lose prestige and faith in the Far East. Recognition would have an important psychological effect on Southeast Asia, and Communists would win a victory in global propaganda."
"By recognizing Red China, we would have to return Formosa to them," continued Wong. "Where will the people go?"
Joris Rosse was in favor of accepting the Red government. "China has what we want," stated Rosse. "If we recognize the Red, we may be able to have Korea unified under Rhee, and also have the trouble in Indo-China cleared up."
"However, we should get something in return for the recognition," he said. "We should use the recognition proposal as a bargaining power to the limit."
Dr. R. E. Hosack stressed the consequences of recognition. "When recognition of Red China is made, it is irrevocable," said Hosack.

Book Need Recognized

The need of a scholar for always handy reference books in his field has been recognized by the University of Idaho chapter of Phi Beta Kappa, national scholastic honorary.

Professor Earl J. Larrison, president of the local chapter of Phi Beta Kappa, announced that the following members of the chapter had been named to select the book award winners:
Professors William C. Banks, J. Lawrence Botsford, Mabel W. Renfro, D. A. Gustafson, Ralph W. Farmer and Larrison, ex-officio.

A CAMPUS-TO-CAREER CASE HISTORY

"There wasn't a dull minute!"

DICK WALLNER, '52, left a trail of work as he whirled through a year of telephone training. Here he recalls the variety of his training jobs. (Reading time: 36 seconds)

"Training can really be interesting. I found that out when I joined A. T. & T.'s Long Lines Department after getting my B.A. at Cincinnati and my M.A. at Michigan in '52. Long Lines is the organization specializing in Long Distance communications. I was put in the training program, and there wasn't a dull minute.

"For instance, one of my jobs in the Traffic Department was estimating the exact number of calls that would be placed in a city on Christmas Day. My estimate was off by only 63 calls!

"Then in the Plant Department, I made a study of damage done to a certain cable. Found out that the most damage occurred in an area used by hunters. Some special public relations work among hunters helped improve that situation.

"And in the Commercial Department, I helped analyze the communication problems of one of the largest textile companies—it had widespread offices and plants. The recommendations made are now in use.

"The variety in my training has carried over to my regular job here in Cincinnati. My job is to see that good service is maintained for private line customers—pipeline and power companies, theater TV and the like. Every day is different.

"As far as I am concerned, I've found my career."

Like so many college people who have joined the Bell System, Dick has a job he enjoys. There are also job opportunities with other Bell Telephone Companies, the Bell Telephone Laboratories, Western Electric and Sandia Corporation. This is a good time to see your Placement Officer for full details.

Phi Delts Plan On Cruise;
 "Trip" Is Tri Delts Fun

Spring has danced its way into the social whirl, as several groups report their recognition of the season with annual spring formal. "That's My Desire" was the Alpha Chi and "Once Upon A Tune" the Ethel Steel theme, and along a somewhat different vein was the Alpha Phi "Colonial Ball."

The Phi Delts, establishing a new precedent for their group, are replacing their spring formal with a Couer d'Alene cruise for their annual spring event.

On the Tri Delt agenda for May 15 is the annual sunrise dance and breakfast.

More proof that spring has finally come was furnished when one of the brothers returned last Friday night sans pin. A neat, but not gaudy, tubbing took place Wednesday afternoon. Congratulations to you, Jane Blomquist and Windy Hymas.

Another interesting incident was the visit of Juan Pedro Fernando Alfredo Gonzales de Sillex Howard.

After a phone call Wednesday afternoon, Harlene Ahartz made a fast trip down to the ATO house to rescue Doug Ripley from the mud-slinging pledges. She did a good job; but it seems she didn't leave all the mud on Doug. That's the way those tubbings go!

ATO
 The wonderful weather has seemed to bring on the tubbing bug once again at the chapter house. Last Saturday noon Ken Slusser and Hip Stein were put to the test. It is a house custom to tub the president and manager, so the boys paid the consequences.

Hope To Figure In Weekend Meet

Lou Gourley, (left), Gary Dixon and Emerson Clark will be three of Idaho's mainstays this weekend when the Vandal thinclads meet with Northern Division favorites, University of Oregon. The three are all past lettermen and have been top contenders in competition so far this year.

Oregon Favored In Cinder Meet Here Saturday

Northern Division track favorite, University of Oregon, comes to the Idaho campus tomorrow afternoon to compete in dual competition with Idaho Coach Stan Hiserman's track squad. The meet starts at 1 p.m.

Idaho, which has dropped meets to Oregon State and Washington State Colleges thus far in conference competition, and who are marked as underdogs for this weekend's meet, will be looking for an initial ND win.

Idaho is favored in the distance events, but without the services of sprinter Bill Bauscher, who pulled a leg muscle in the Oregon State meet, little hope is seen for many firsts in the sprints. Oregon will be relying on the services of Bruce Springbett, junior letterman, along with a promising sophomore, Dave Talbot, in these events.

Bill Bowerman, Oregon Duck coach, also has a strong contingent competing in the 440-yard run and 880-yard. Placing his hopes on Doug Clement, Bill Hall and Ted Anderson, the Oregon mentor will be seeking to upset Stan Hiserman's Lou Gourley and Gary Dixon who will carry the brunt of the Vandals' weight in these two events.

Oregon boasts a team of depth and, although they have only fair prospects for javelin, discuss and shot put, a multitude of depth should give the Ducks the edge. The Idaho crew will be placing hopes mainly on Bruce West in the javelin event.

Hiserman will probably look to Larry Church for the hurdle races. Oregon has no returning lettermen in this field and boasts very little experience. Bowerman lost Tom Swalm and Dick Zimmerman last year in these events and will be holding his hopes on a much improved non-letter winner from last year, Chan Sogge.

Loss For Idaho Gives Team 0-8

"Old Lady Misfortune" struck at the Vandals Tuesday as the Idaho entry in the Northern Division baseball race dropped number eight in a row despite a stellar pitching performance turned in by Dick Dodel. The loss was again to the coust'n Washington Staters by a narrow 3-2 margin.

Dodel, starting his second game for the Vandals, limited the Cougars to two scratch singles until the ninth. It was not pitching or lack of hitting that spelled out the difference, for the Idahoans out-hit their opponents 6-3, but it was the same thing that has plagued the squad in nearly all of their conference losses—errors.

Idaho stickers had timely long ball hitting and clutch singles in a pair of innings to command a 2-1 lead going into the ninth.

Dodel, playing percentage ball with runners crowding second and third, intentionally passed Terry Sparks, the Cougar cleanup hitter, to get to rightfielder Bob Eakin. It backfired, however, as the outfielder topped a dribbler down the third base line that allowed McIntosh to score the winning run.

The Vandals produced their runs in the second and seventh innings off Lee Dolquist, who went the route to win his first ND game. Reggie Frazier opened the second inning with a hit in the left centerfield hole good for two bases. He scored when Larry Morrison singled to straightaway centerfield.

A double by Bob Falash in the seventh backed up by a single to right by Frank Teverbaugh accounted for the Idaho run that put them in a 2-1 lead.

Then came the bottom of the ninth.

The Vandals lacked the hitting punch needed as they left nine runners on base compared to the Cougar's four.

Bob Falash was the game's leading hitter with two for four, a double and single. Bob Haines collected the other two two-baggers in the fourth frame.

Error Studded Game Sees Frosh Fall 7-3

Eight Idaho errors gave the Washington State College frosh a 7-3 win over Coach Wally Friel's Vandal Babes yesterday afternoon. Washington gathered only five hits off of the offerings of Idaho chucker, Roger Ranta. One of them was a three bagger pounded out by WSC moundman, Smith.

Three Idaho errors in the sixth frame gave the Cou-babes two runs. A free pass, two-base hit and an error gave the Washington Stater's two more in the seventh while a single, triple and an error

Golf, Tennis Men Take To Road For Meets

Fourteen men, composing the Idaho varsity golf and tennis squads, traveled to the Oregon State campus yesterday to face the Beavers in conference competition today before moving on to Eugene to meet University of Oregon golf and tennis men on Saturday.

Taking an eight-man link squad, golf coach Dick Snyder, will be looking for a second win from his squad following a win over the Washington State linksters and coming to a tie with University of Washington.

Representing Idaho on the fairways for the two meets will be Phil Weitz, Bob Campbell, Harlan Melton, Wendell Coombs, Wayne Soloman, Dave Powell, Tom Miller and Jim Steele.

Captain Henry Burnett, varsity tennis head, will be relying on the efforts of Barry Rust, Jim Richardson, Larry Moss, Leroy Clemens and Sonny Long to give Idaho a pair of victories on the road trip.

Stahley Begins Speaking Tour

Starting on the second round of his spring football program, J. Neil (Skip) Stahley, along with assistant coach Jay Pattee, Alumni Secretary Jim Lyle, and assistant athletic director Frank Young, left yesterday begin an extensive tour of southern and eastern Idaho.

Making 27 major stops in the 16-day tour, Stahley will speak to alumni groups and businessmen in towns all through the southern and eastern portions of the state.

Stahley spoke last night at Payette in the first of his stops and will be in Nampa and Caldwell today. From there he will move to Boise to speak Sunday and will travel to Mountain Home from there. Other towns on the schedule include Gooding, Shoshone, Jerome, Buhl, Twin Falls, Rupert, Burley, American Falls, Aberdeen,ocatello, Balad, Preston, Montpelier, Arco, Soda Springs, Blackfoot, Idaho Falls, Rexburg, Rigby, Ashton and Salmon.

The four men are due back at Moscow May 14.

Thinclads Lose 89-41 To WSC In Windy Meet

High winds and chilly conditions prevented any meet records from being equalled or broken Wednesday as the Washington State College track team defeated the Idaho thinclads 89-41 in the Vandals opening home track meet of the season at Neale Stadium.

Paced by double sprint wins of Bob Gary, WSC had little trouble in providing 10 firsts and the needed second and third place to win easily. Idaho failed to place in the shot put or discus events.

In one of the top races of the afternoon, the WSC mile relay team swept to a three-yard win thanks to anchor man Bill Link. Idaho had led the first three laps until Link spurred ahead coming down the final stretch to nip Henning Olson, the Vandal's fourth runner.

Idaho's first place events were topped by Gary Dixon in the 440-yard run, Larry Church, broad jump; Emerson Clark, mile; Lou Gourley, two-mile, and Bruce West, javelin.

Larry Church was the top individual point getter in the meet with 11 points with his first in the broad jump and second in the low and high hurdle events.

Just Chatter

By JOHN McDERMOTT

To start off with, we'd like to repeat a little joke we heard the other day that perhaps some members of the baseball team might get a rise out of.

It seems a cool-cat was standing on the curb preparing to cross the street when a big black sedan screeched by him and dumped a body out which rolled to a stop at the feet of the cat. He then spread his hands out, palms down, and cried, "SAFE."

Just thought you might like to hear it. We thought it was better than the average cool-cat quips.

Writers down University of Washington way were chuckling in their bears and turning out masterpieces on the subject of the bases tolen by the Huskies against Idaho two weeks ago.

They referred to the fiasco as a "holdup" and termed Roland Halle, Husky outfielder, "chief,embezzler." Halle copped seven of the 19 bases in the two-game series.

Following their field day, the writers turned right around and swallowed hard after Oregon State banged out a 32-7 victory over the Washington nine. Sometimes it doesn't pay to ridicule the other fellow too soon.

1927-28 Grid Star Dies Sunday

Darwin K. Burgher, former University of Idaho football great and assistant football coach here for a year, died in Idaho Falls Sunday night after a lingering illness. He was 47.

Burgher was a star player at Idaho in 1927 and 1928, captaining the Vandals both of those years. Burgher filled an end position on the Idaho squad and captained the 1927 football squad to a Pacific Coast Conference championship as Idaho tied with Stanford and the University of Southern California.

In 1928, the last year that Burgher played for the Vandal football contingent, they fell from their previous status of conference champions, winning only two conference titles and dropping three.

Burgher was also a main stem on the Vandal basketball squad those two years.

After his graduation, Burgher took the job of assistant football coach here for a year and then moved to the prep bracket. He became high school coach at Medford, Ore., winning the Oregon State prep championship in 1933 and tying for the title in 1934. He was high school football coach at Boise from 1935 until 1942 when he moved to Idaho Falls to engage in business.

He had been ill for about four months prior to his death.
