# The Idaho Argonaut

NEXT ARGONAUT  
FEB. 1

VOL. 59, NO. 30

THE IDAHO ARGONAUT, UNIVERSITY OF IDAHO

FRIDAY, JANUARY 21, 1955

## Skating Rink Is Favored Now

A \$50,000 skating rink similar to one recently built by Montana State University looks like the best deal for the University of Idaho, said Lee Anderson, independent member of the Executive Board.

Anderson was appointed by the Board to investigate various ways of spending the student facilities fee.

Anderson also officially resigned his position on the Board. He plans to study in Europe next semester and will leave the University following final exams.

Besides the skating rink Anderson listed some other projects that could be undertaken with the fee. They are:

- 1) A new ski area.
- 2) Possible improvements in the Student Union Building such as air conditioning equipment in the ballrooms and installing booths in the Bucket.

He explained that the fee is built upon a \$10 levy per student each semester. The fee will be collected as long as the University is in debt, although the money backs University debts it is to be

## Corporations To Interview Eligible Men

Representatives of the General Petroleum Corporation and Equitable Life Assurance Society are scheduled to visit the campus in the near future for interviews with graduating seniors.

General Petroleum will interview men for their Sales Trainee program Thursday, January 27.

Equitable Life representatives will talk to men interested in their Administrative Training course and for the Career Life Underwriting Friday, February 4. Students interested in an interview appointment with either firm are asked to contact the Placement Service office in the Administrative Offices building immediately.

General Petroleum specifies that men must be graduates who are veterans or who are exempt from military service, to be employed now or in June.

## The GOLDEN FLEECE by Jason

It's a fine time to talk about ice skating when you can't make it between classes without snowshoes.

Anyway, the ASUI Executive Board heard a full report on rinks, pools and air conditioning at Tuesday's meeting. Lee Anderson did the reporting. He was appointed to look into the facilities fee situation last fall after someone discovered we were well on the way to getting a \$150,000 chunk of ice.

Anderson told us that Montana University built a rink a little smaller than the one Idaho planned and they did it for around \$70,000. Anderson recommended that we keep an eye on the success of Montana's rink and if it cuts the mustard, we ought to build one like it.

We were pleased with the response to Argonaut talk on Universal Military Training. Sometime when finals are a thing of the past and we have spent the customary 96 hours in registration line, we will attempt a campus fall on UMT.

The poll will be in the form of a detailed questionnaire passed out to around 300 students or about ten percent of the enrollment.

With this issue it makes 31 to 30, or one semester's worth of Argonauts. This semester gave us lots to talk about. We even got a chance to pull out and dust the 6-inch headline type when Idaho beat WSC.

Can't say what's in store for the spring semester, but we're itching to use that 6 inch headline type again. Oh well, here's wishing you a bloody 3 point (excepting lawyers). See you next semester.

## Coeds Chalk Up Credits... Are Champs

Chalk up ten more points for the female half of the human race, the campus debate champs are a couple of gals from the Alpha Chi house.

Cherie Bacon and Claudette Kerns took top honors in a debate with Don Lawrence and Allen Compton who represented Delta Tau Delta. The two teams were winners in the intramural debate tournament held here last fall.

The Alpha Chi team debated the negative side of the current debate topic "Resolved that the United States should extend diplomatic recognition to Communist China."

Both the intramural debate tournament held in the fall and this campus championship match were sponsored by Delta Sigma Rho, national forensic honorary.

Judges in the debate were Charles Oldham, Pat Barlett and Dr. A. E. Whitehead. The winning team will have the name of their living group engraved on a Holy-oak Memorial Trophy.

## Ridenbaugh Renovation Bids Taken

A Spokane firm entered the low bid for the first phase of renovation work on historic Ridenbaugh Hall at the University of Idaho, business manager Kenneth A. Dick said today.

Hansen & Parr Construction Company, Spokane, submitted a bid of \$28,100 for the work on the half-century-old building which served for many years as a dormitory and is now utilized for music practice rooms. Commercial Builders, Inc., Moscow, submitted the next low bid of \$29,485.

Improvements will include a new front door and renovation of the present entry and stairs. Most of the improvements will be on the second floor and part of the third floor.

The practice rooms in this area will be plastered, and the floor will be recovered. A new convecter and a new light fixture in each room will complete the work covered in the contract.

The rooms will not be sound-proofed as rumored.

No date for the work to commence has been set, because the contract has not yet been approved by the Board of Regents.

## WSC Plays Host To Mortar Board

The University of Idaho chapter of Mortar Board were the guests of the WSC chapter for dessert Tuesday at the Alpha Chi House.

The joint group watched the WSC-Idaho game following the dessert.

## Facilities Fee Skates Through Committee

The student facilities fee question is in the wind again. Here are some facts and findings our Executive Board committee came across.

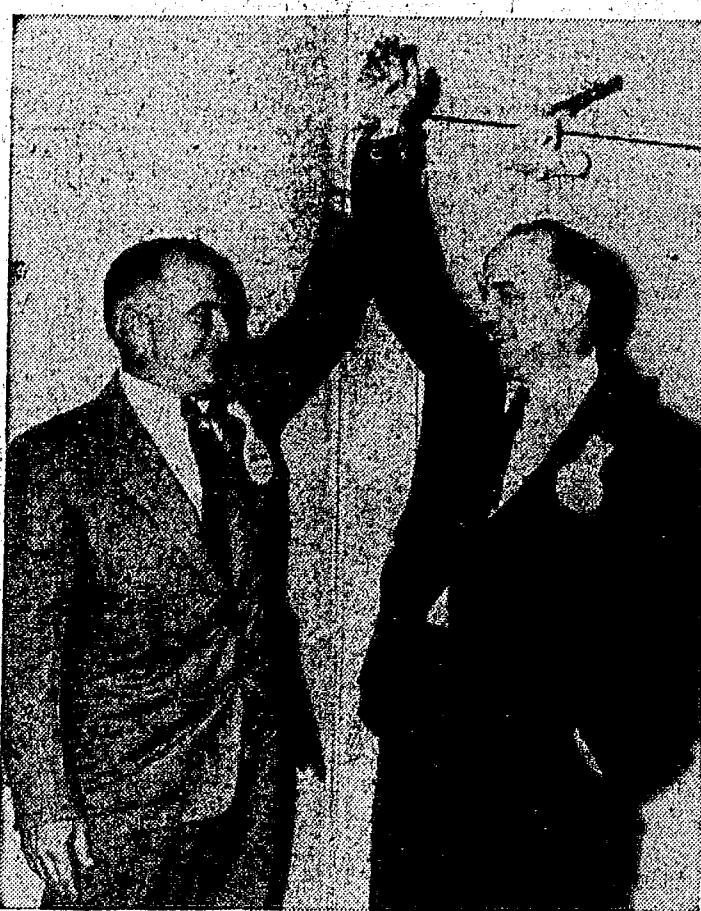

As you know, the facilities fee was levied by the Board of Regents to cover the bond issues for the dormitories now under construction. The fee was assessed for an indefinite length of time. It will be definitely levied during the next 40 years.

Contrary to some opinion, the proposed ice skating rink was never a cut and dried proposition. The money is to be spent as the students desire for "capital improvements" as long as the projects are "reasonable."

The Regents do require that some unanimity of opinion among the students must be reached before the final go-ahead on any project is given.

Last spring, student questionnaires indicated that the majority of students favored the construction of an ice skating rink. When a few more facts became available this fall, there was serious doubt as to the validity of last year's poll. It was decided that further consideration of the

## Still 10-0

Idaho Senator Herman Welker makes the victory sign with Skip Stahley, Idaho's football coach. Stahley was guest of honor at an Alumni Association banquet held in Washington, D. C.

## Most Students Favor Long Spring Vacation

In a poll taken of 40 students on campus, nine out of ten were in favor of having only one day of vacation for Thanksgiving and a week for Easter, instead of the present system of four days for each.

Some of the reasons for wishing to change over were:

1. Thanksgiving vacation comes so close to Christmas that it breaks up the semester too much.

2. A vacation in the "spring" would be beneficial because it would serve as a resting spell to students who are tired and tense from studying.

3. Both vacations are now so short that students who have any great distance to travel cannot, at the present time, go home on either vacation.

4. Vacations are too short to enable students to do anything.

5. Weather is nicer in the spring, permitting easier travelling, and more to do.

6. As Reid Lau said, "At Thanksgiving you're so tired from traveling you can't enjoy the dinner."

Agin It

The people who were against the vacation, generally voiced these opinions:

1. Thanksgiving is a tradition to be shared with the family.

2. People would skip school the Friday following Thanksgiving to go home, anyway.

3. They like a lot of vacations.

Two people with similar problems, Dave Rowland from Hawaii and Pedro Echeverria from Mexico City, stated different opinions. Both said that they couldn't go

## You've Had It Brother! Finals Start Tomorrow

Today is the last day of grace for approximately 3250 students at the University of Idaho until 8 a.m. tomorrow morning when the six days of final exams will begin.

Permits to register for second semester are now available at the Registrar's office in the Administration Office building, directly west of the Administration Building.

Exams will be given on a three-exams-per-day schedule beginning at 8 a.m., 12 noon and 3 p.m. at regular or specially scheduled classrooms.

Meals in dormitories and houses will be arranged so they will not conflict with the testing schedule.

Grades

Grades for the final exams should be ready at the Registrar's office February 16, according to D. D. DuSault, registrar. Grades of first semester freshmen will be sent to the students' parents or guardians, DuSault said.

Registration for second semester

## Top Pictures To Receive Cash Prizes

Students interested in photography may make some money if they enter the photo contest sponsored by the SUB committee.

They may . . .

But they must win first, second or third places.

The contest will be held February 1-15, with a first prize of \$15, second of \$10 and third of \$5.

Theme of the contest is "Campus Life," in black and white, 8 by 10 prints. Entries must have a three-inch border of matting on all sides to make an 11 by 13-inch finished product, according to Jane Remsburg, chairman of the contest.

Names should not be visible on the picture or mat. Entries may be turned in at Jim Bowlby's General Manager's office in the SUB.

The entries will be hung in the SUB from February 14-18; when they will be judged. The winning pictures will be enlarged, if possible, and left in the SUB, the chairman said.

Again, the deadline is 5 p.m., Tuesday, February 15.

## Cosmopolitan Club Plans Sleigh Ride

Cosmopolitan Club will sponsor a sleigh ride Sunday, January 30, for members.

Students wishing to go will meet at International House at 2:30 p.m. The sleigh ride will be held on the golf course, according to the president, Olaf Stavik.

If—there's snow.

Sleds and toboggans will be furnished.

A chili dinner will be held at the house following the frolic, Stavik said.

## SKIERS TO RED, MT?

At the meeting held Tuesday the Ski Club voted to spend the time between semesters at Red Mountain, Rossland, B.C. Any persons interested in going on the trip, call Daryl Betts at 2-0471 as soon as possible.

There have been a few other suggestions for use of the fee. High on student preference last spring was a developed ski area. The recreation committee has asked Dr. Kenneth Hungerford of the Forestry Department to investigate the physical possibilities of such a project in the Moscow area.

The student union committee has proposed a somewhat comprehensive plan for certain improvements in the SUB. These include additional air conditioning for the ballrooms and booths in the Bucket. It may be possible for some of the fees to be used for these purposes.

It would seem that Montana's experience with their ice skating rink would be a good test for the value of such a project. It is also advisable that further investigation of several of the other projects be conducted in cooperation with the administration. Before the annual election of new ASUI officers in the spring all available information should be made known and the final decision should come from the students via ballots.

There is some possibility that a pool could be constructed here in conjunction with a future classroom building. Under these circumstances, certain costs of a pool could be reduced.

entrance into the bookstore for the second time, according to C. R. Kerr, manager of the bookstore.

He said the cards "were eliminated successfully last year as an experiment because past experience had proved that it was impossible to gauge any given period.

Kerr asked that students fill out sales slips that they will receive in the gym before they come to the bookstore to save time.

Store hours will be 8 a.m. to 12 noon, 1 to 5 p.m.

General library hours during registration will be from 8 a.m. to 12 noon and 1-5 p.m.

As freshmen and sophomores in Letters and Science will be conferring with advisors in the library, students are asked by library officials not to interfere with registration procedure there. However, the library will be open as usual during registration.

The library will close at noon, Saturday, February 29 and will be closed Sunday.

## Can You Make It? Then Win A Prize

Don't let the white stuff get you down—do something with it.

The ASUI Executive Board will award a prize to the best snow sculpturing job done by a living group. Here's the line up:

- 1) It can be any size but must be made at no cost.
- 2) It should relate a humorous incident connected with life at the U of I. (Can include profs.)
- 3) The judging will take place Sunday afternoon.
- 4) The entry must be on the front yard of the living group.
- 5) The winning living group gets a free round of Coke or coffee at the Bucket. (Halls included).

The weatherman predicts more of the stuff, so get at it.

## Stag Dance To Follow WSC Game

An all-campus free ASUI stag or drag dance will be held in the SUB central ballroom Friday, January 28, immediately following the WSC-Idaho basketball game here.

WSC students are invited to the dance, according to Glen Hale, co-chairman of the ASUI dance committee.

John Baker's dance band will furnish the music.

Students may come stag or bring dates, Hale said.

Dress will be informal.

## Scholarship Is Memorial To Educator

The children wanted to pay tribute to the educational work of their father, John I. Hillman of Boise, so they established a scholarship in his honor at the University of Idaho.

Acting President D. R. Theophilus announced today that \$200 had been received for the Hillman scholarship to aid a student in the College of Education. Now retired, Hillman devoted his active life to teaching in Idaho. For many years, he was secretary of the Idaho Education Association.

"Mr. Hillman made a major contribution to the advancement of education in Idaho, and the scholarship in his name is a further contribution," said Theophilus.

## Foresters Fete In Northwoods

Eddie Alverti's dance band will supply music for the Foresters' Ball Saturday, February 19. Tickets for the ball, to be held in the Student Union ballrooms, will be on Gem of the Mountains should be returned to the photographer by February 11, the foresters report.

Tuesday, January 25 for fraternities and Thursday, February 10, for men living in dormitories, according to the editor.

The setting for the dance will be the north woods—an interpretation, of course, by the foresters.

## Final Date Is Set For Fellowship

January 22 is the last day students may apply for a fellowship for graduate study and research in Brazil for 1955, it was announced by the president of the Institute of International Education.

Candidates must be United States citizens, have a bachelor's degree from a recognized University of college here, have demonstrated capacity for independent study and good health.

Applicants may write to the Institute of International Education, 1 East 67th Street, New York City.

## PROOFS ARE DUE

Proofs for men's individual portraits to appear in this year's Gem of the Mountains should be returned to the photographer by February 11, the foresters report. Tuesday, January 25 for fraternities and Thursday, February 10, for men living in dormitories, according to the editor.

# FINAL EXAMINATION SCHEDULE

## First Semester 1954-55

(Two and one-half hour examinations—three examination periods each day)

Regular class rooms will be used for the examinations unless instructors make special arrangements through the Registrar's Office. Examinations in courses not included in the schedule will be arranged by the individual instructors during scheduled examination week. Examinations in courses comprised of lecture and laboratory periods may in most instances be scheduled according to the sequence of either. Announcement of time and room should be made by the instructor. Rooms should be reserved in the Registrar's Office for "arranged" examinations in order to avoid conflicts with scheduled examinations. For those courses in which a two and one-half hour examination period is not considered adequate, the final class hour or laboratory period could be used for additional examination purposes.

### EXAMINATION DAY AND HOUR FOR CLASSES MEETING:

Examination Time	Saturday, January 22	Monday, January 24	Tuesday, January 25	Wednesday, January 26	Thursday, January 27	Friday, January 28
8:00 a.m.	3rd Per. MTWThF MTThF MWF MF MW	2nd Per. MTWThF MTThF MWF MF MW	5th Per. MTWThF MTThF MWF MF MW	1st Per. TThS TTh T Th S	6th Per. MTWThF MTThF MWF MF MW	1st Per. MTWThF MTThF MWF MF MW
10:30 a.m.	M W F	M W F	M W F	M W F	M W F	M W F
12:00 noon	4th Per. TThS TTh T Th S	5th Per. TTh T Th	7th Per. TTh T Th	6th Per. TTh T Th	3rd Per. TThS TTh T Th S	No Exams
2:30 p.m.						
3:00 p.m.	2nd Per. TThS TTh T Th S	For Conflicts in Schedule	4th Per. MTWThF MTThF MWF MF MW	7th Per. MTWThF MTThF MWF MF MW	8th Per. MWF TTh	No Exams
5:30 p.m.						

Classes meeting such as MTW take exams with MWF sequence at same hour.

Classes meeting such as 2nd Per. T-Th and 6th Per. F take exams with 2nd Per. TTh sequence.

## Former U Of I Graduate Visited AFROTC Classes

Lieutenant Milburn Kenworthy, class of '53, was a recent visitor to the Idaho campus. Lt. Kenworthy completed his flight training in November and received his wings at Enid, Okla. From Enid, he was assigned to Randolph, Texas, where he completed 40 hours transition in the C119G transport. In his visit to the senior and junior AFROTC classes, Lt. Kenworthy answered many questions the students asked about flight training. In his answers he pointed out that there are about three

hours' academic work for every hour of flying. He also stated that upon graduation from flight training, choice assignments are based upon class standings. When his leave is up, Lt. Kenworthy will go to Camp Kilmer for overseas assignment to the 12th Air Force, Troop Carrier command.

### A GUIDE FOR THE DATELESS

With the cost of dating rising higher and higher (seems the only pleasure that costs the same these days is Philip Morris), it is no wonder that so many of us men are turning to discuss throwing. Naturally, we would prefer nuzzling warm coeds to flinging cold discs, but who's got that kind of money? Prices being what they are, the average man today has a simple choice: dating or eating. Unless the average man happens to be Finster Sigafos.

Let me tell you how Finster Sigafos, a man no smarter, no richer, than you or I, solved his dating problem. Finster came to college with the normal ambition of any average man: he wanted to find the prettiest coed on campus and make her his. He looked long and carefully, and at last he found her—a tall job named Kretchma Inskip, with hair like beaten gold. He asked her for a date. She accepted. He appeared at her sorority house that night, smiling, eager, and carrying a bouquet of modestly priced flowers. "Now then," said Kretchma, tossing the sleazy flora to a pledge, "where are we going tonight?" Finster was a man short on cash, but long on ideas. He had prepared several attractive plans for this evening. "How would you like to go out to the Ag campus and see the milking machine?" he asked. "Ick," she replied. "Well then, how about running over to the dental school to fool with the drills?" "Bah," she replied. "Well, what would you like to do?" he asked. "Come," said she, "to a funny little place I know just outside of town." And away they went.

The place was Millionaires Roost, a simple country inn made of solid ivory. It was filled with beautiful ladies in backless gowns, handsome men in dicker. Waiters scurried about bearing costly eats on flaming swords. Original Rembrandts adorned the walls. Philip Morris trays adorned the cigarette girls. Chained to each table was a gypsy violinist. Finster and Kretchma were seated. "I," said Kretchma to the waiter, "will start with shrimps remoulade. Then I will have lobster and capon in madeira sauce with asparagus spears. For dessert I will have loads of out-of-season fruit." "And you, Sir?" said the waiter to Finster. "Just bring me a pack of Philip Morris," replied Finster, "for if ever a man needed the soothing, steady, beneficent aromas of mild vintage tobaccos, it is me now." So, smoking the best of all possible cigarettes, Finster watched Kretchma ingest her meal and calculated that every time her fetching young adam's apple rose and fell, he was out another 97¢. Then he took her home.

It was while saying goodnight that Finster got his brilliant idea. "Listen!" he cried excitedly. "I just had a wonderful notion. Next time we go out, let's go Dutch treat!" By way of reply, Kretchma slammed him across the face with her house mother and stormed into the house. "Well, the heck with her," said Finster to himself. "She is just a gold digger and I am well rid of her. I am sure there are many girls just as beautiful as Kretchma who will understand the justice of my position. For after all, girls get as much money from home as men, so what could be more fair than sharing expenses on a date?" With good heart and high hopes, Finster began a search for a girl who would appreciate the equity of Dutch treat, and you will be pleased to hear that he soon found one. Today Finster goes everywhere and shares expenses fifty-fifty with Mary Alice Hematoma, a lovely three legged girl with sideburns.

This column is brought to you for your enjoyment by the makers of PHILIP MORRIS. And speaking of enjoyment, try a pack today.

## CLASSIFIED

LOST: Pair of glasses from the Business Bulletin Board. Please return to Business Administration office.

LOST: A pair of small binoculars at the Friday Oregon basketball game. They were 3 power, in a brown leather case. Please return the glasses to or call Greg Knap, Willis Sweet, 31311, Reward.

Official publication of the Associated Students of the University of Idaho issued every Tuesday and Friday of the college year. Entered as second class matter at the post office at Moscow, Idaho.

### Byron Janis; Hot and Cold

It was a privilege for us to hear the young pianist Byron Janis late Monday night at Memorial Gym. Without doubt he is an extremely gifted artist from whom we can expect much in the future. The first part of Mr. Janis' program was a challenging one and revealed the pianist's defects as well as his extraordinary gifts. The first selection that Mr. Janis played was the Haydn Sonata in D Major. Mr. Janis played the fast movement with a steady precision that turned the wit and grace of the music into a finger exercise. He played the slow movement with contrasts in dynamics that would be excessive for an Italian tenor's rendition of "Santa Lucia," let alone the sculptured purity of Haydn's musical thought. After beautiful interpretations of several Schuman pieces, Mr. Janis played the difficult Waldstein Sonata of Beethoven. Here the pianist revealed that he possessed defects of technique as well as musical taste. Much of the passage work in the first movement was blurred. There were even some wrong notes. For the most part, however, the reading was a fine one and showed that Mr. Janis is capable of understanding the musical architecture of the Beethoven piano sonatas. If the first half of the program showed us some of the things that Mr. Janis could not do, then the second half showed us what he could do superlatively well. His exquisite performances of a group of Chopin pieces suggest that he may well become one of the truly great interpreters of this composer's music. Many of the people who heard Mr. Janis' concert probably left Memorial Gym doubting the advertisement which billed him a pianist having "the technique of a Liszt and the delicate touch of a Chopin." They did not doubt, however, that they had heard an extraordinary young artist who is not yet mid-way in his musical career. We think the musical world will learn to remember the name of Byron Janis. —Herb Pendergast.

## Steel Cops Volleyball Tournament

Ethel Steel won the finals in volleyball today trouncing the Alpha Phi B's 42-26. The two Tri-Delt teams played off the consolation game. Wednesday afternoon, the Alpha Phi A's were defeated by Ethel Steel. The game would have been closer with a possible A. Phi victory, but Steel has three good spikers to the Alpha Phi's one. Practical try-outs for the Women's Ski team will be held Tuesday, Feb. 1 on the golf course. IN ORDER TO BE ON THE TEAM THIS TRY OUT MUST BE ATTENDED.

### Scholarships Open To Senior Women

Two national scholarships for senior coeds are being offered for 1955-1956 by the Katharine Gibbs Secretarial School in New York City. Each scholarship consists of full tuition (\$620) for the secretarial training course, plus an additional cash award of \$500, totaling \$1,120. Winners may select a school at Boston, New York, Montclair or Providence. Winners are chosen on the basis of academic record, character qualifications, financial need and potentiality in business.

# More Living Groups Elect New Officers

Living group elections are still holding their own in campus living groups as the houses prepare for a new semester. Chosen for president by Delta Gamma was Martha Davis. Bill Bauscher will lead the boys from Delta Sigma Phi, and Bob Heatherly will preside over ATO activity; Bob Meichle will conduct Chrisman Hall meetings. Bob May was elected as the new consul for Sigma Chi.

Girls from Steel House entertained the Co-op Council, at dinner before the council's business meeting Tuesday evening.

The ATO Tin Can Dance has been hailed as an uncanny success, with over 10,000 cans used for decorations.

### DELTA GAMMA

Officers elected to serve for the coming year in the DG house are Martha Davis, president; Marcia Jensch, vice president; Joyce Genoway, house manager, and Nancy Moore, standards chairman. Pauline Farr will remain as treasurer. Others newly elected are Marlys Jackson, scholarship chairman; Marcia Thornton, social chairman; Nancy Backstrom, rush chairman; Sue Struck, corresponding secretary; Marilyn Monroe, recording secretary; Tina Libby, Anchora correspondent, and Jane Remsberg, activities chairman. Mary Dunn was elected as ritual chairman and Patty Parsons as historian.

The brother-son banquet was held Sunday with about twenty-five guests present. Entertainment was furnished by Sally Ghiglieri, Judy Archibald, Nancy Backstrom, Jane Remsberg and Alyce Sweeney. Recent dinner guests have been Virginia Staley, Louise Bolingbroke, Barbara Keller, Linda Lou Williams and Helen Ellsworth.

The Delta Gs want to say thanks to the K Sigs for the beautiful serenade honoring Patty Parsons.

### ALPHA TAU OMEGA

ATO held semi-annual elections this week to choose Bob Heatherly as their new president. Other officers elected were Doug Ripley, vice president, and Herbert Heier, house manager. Old and new officers celebrated by washing dinner dishes when the hashers took their sneak.

The annual Tin Can Dance, held last Friday, was an uncanny success. The house was decorated with 10,000 tin cans. Chuck Clauser's Combo provided the music.

Various pledges have decided to spend their spare time more usefully. Doug Seely took up lathe operating. Kent Marboe is furthering his education by taking a high school correspondence course and Dick Sayer took up dress designing.

### SIGMA CHI

Congratulations to Bob May, the newly-elected Sigma Consul. Bes wishes also go to the other new officers: John Herrett, pro-consul; Cathern, quaestor; William Stott, assistant quaestor; Frank Muller Garger, magister; David Youmans, assistant magister; Craig Nelson, tribune; Roger Jones, associate editor; Dick Moore, historian and Pete Gerpheide, kuster. Tubblings seem to be the favorite pastime for the pledges this week. Wade Patterson, John Herrett and Paul Schulaz were among those taking snowy showers.

### PHI DELTA THETA

House guests last weekend were

ley and Joann Bozeman, were feted by a pot and pan shower Monday evening.

**FORNEY HALL**  
The junior girls bravely met a mass persecution Wednesday night. The middle of the floor was reserved for them along with tin plates and cocktail forks.

With urging from the senior girls, the juniors performed many stunts. LaVonne Schueller, while blindfolded, sewed a patch on the back of Marlene Mink's skirt; Yvonne Bently demonstrated the techniques of pool playing; Frosty did a tap dance, and Aenor Hathaway displayed the art of "picking-up-sticks."

**PI BETA PHI**  
A rip-roaring time was had by all at the Delta Sig all-house exchange last Thursday night. "Old Faithful" Loyce provided the chuckles.

Shirley Holden was appointed house manager, with Joan Schumaker as her assistant. Harriet Regan is the new standards chairman.

Deathly silence has fallen over the Poo Phoo domain as great scholars start cracking for "ye olde finals."

Warning to the wise: flying saucers (alias kitchen trays) will be "sleds for the day" on the Idaho Street hill.

**CHRISMAN HALL**  
Bob Meichle has been elected by Chrisman Hall as its new president for the forthcoming semester.

Other officers chosen by the group are Hans Gotsch, vice president; Keith MacPhee, secretary; Frank Rahr, treasurer; Elmer Neu, intramural manager; Frank Searcello, assistant; Willard Lind-

Yesterday an all-out impromptu snow ball fight was held with the Sigma Chis, (Jerry Leigh commanding firing procedure), Lindley-ites, Fiji's (from their roof), and a few infirmity inmates. Although Kappas had height advantage (they were snow balling from the new sun-porch roof) there is little question of who received the worst of the fight.

**ETHEL STEEL**  
A Co-op Council meeting Tuesday brought many guests to Steel House for dinner and a business meeting. Problems of interest to Campus Club and Steel House were discussed under the leadership of Dean C. O. Decker.

Other council representatives are Drs. Ellis, Borning and Cherrington, Robert Greene and Miss Mabel Locke. Campus Club delegates are Dave Bruising, Hap Ferrer, Bob Playfair and Jim Henderson. Midge Hobinson, Emma Radler, Carol Rojan, Eula Gray and Ruth Korvola represent Steel House.

A belated tubbing honored June Buchholz, who recently became engaged to Bob Briggs, Idaho Club. Two brides-to-be, Nadine Stan-

# Methodist Group To Hold Discussion

"Immortality" will be the topic of discussion of the College Forum of Wesley Foundation this week. Canterbury House will be open so students can study and fix snacks during final week. Roger Williams Club is having a skating party to celebrate the end of finals.

### LUTHERAN STUDENT ASSOCIATION

The Sunday meeting, set for 8 p.m. at the church, will be short. The regular program will be replaced by recreation. Supper and worship will complete the program.

The semester planning meeting for new and old officers will be January 29. Contact George Kronmiller at 5913 or Barbara Shaffer at 7823 for transportation.

A coffee hour will be held today at 4 p.m. There will be no council meeting next Tuesday because of finals.

### WESLEY FOUNDATION

This Sunday the College Forum will meet in Epworth Hall at 9:30 a.m. to discuss the subject "Immortality."

The regular Wesley Foundation meeting will be shifted this Sunday to a fireside meeting at the CCC starting at 7:00 p.m.

say, social chairman; Roger Tovey, assistant, and Jim Hargis, reporter.

Apologies to Hays Hall for the exchange fiasco of last week.

All Methodist students are invited to participate in the annual Mid-winter ski retreat of Wesley Foundation to be held at Field Springs, January 28, 29, and 30. Sign up at the Wesley Foundation office.

Students are especially invited to attend a congregation meeting of the First Methodist Church on Monday, January 24, at 8 p.m. to consider future plans of the church with respect to expansion.

The regular meeting of the Mertry Weds which was scheduled for Friday has been postponed until next Friday, January 28.

### CANTERBURY CLUB

There will be no meetings until after exams. Don't forget to attend church during final week, however.

### ROGER WILLIAMS

The Baptist group will meet in the church basement at 5:30 p.m. Sunday. im Hemphill is in charge this week. We hope we will have a large turnout to greet our new pastor, the Rev. Max Falahan from Austin, Texas.

Roger Williams is having a skating party on February 28. We will meet at the CCC at 6:45 p.m. Let's all turn out and celebrate the end of finals.

you will be able to attend the Winter Retreat February 4, 5 and 6.

### DISCIPLES STUDENT FELLOWSHIP

The regular meeting will be held from 5 to 7:20 p.m. Sunday at the First Christian Church, Third and Jefferson streets. There will be fun, recreation, supper and devotions. Election of new officers will be held. Plans will be made for the box social to be held February 1.

Anyone desiring transportation to the Bible School at 8:45. Church at 11 a.m., or Disciples Student Fellowship at 5 p.m., call either Mrs. Harold Thompson, 4471 Marlowe, 2-8081, or Jim Nakano, 2-8951.

**MAKE A REQUEST**  
"Night Train" is the KUOL program on Friday nights at 9:30 p.m. Students may phone or write in requests. This was announced by station manager Chuck White today. Visitors are welcome at the third floor SUB station to view the program, White said.

at 11 a.m., or Disciples Student Fellowship at 5 p.m., call either Mrs. Harold Thompson, 4471 Marlowe, 2-8081, or Jim Nakano, 2-8951.

## WHAT DID IT COST TO CREATE YOUR JOB?

If you're an average U.S. factory worker—\$12,000.  
If you're a rough carpenter, it took approximately \$350 worth of tools to set you up in your trade.  
Tools for a garage mechanic cost about \$3,000; for a Washington wheat farmer \$12,500; for a secretary \$300.  
But if you work for Union Oil, it took \$77,000 worth of tools in the form of trucks, service stations, refineries, oil wells, etc., to create your job.\* Obviously, some of our jobs require considerably less investment than \$77,000 and some considerably more. But this is the average for Union's more than 9,000 employees.  
That's big money. But it accomplishes big things.  
It brings Union's customers better products at lower costs. It enables each employee to produce more and therefore earn more. It creates better jobs and a higher standard of living.  
\*Even this figure does not include the "tools" Union rents for its employees, such as office space, tankers, telephone service, etc.

# WSC Outcontrols Vandal Five; Babes Fight To 69-67 Victory

## NORTHERN DIVISION STANDINGS

Team	W	L	Pct.
Oregon State	4	0	1.000
Oregon	5	1	.833
Wash. State	2	5	.286
Washington	1	3	.250
IDAHO	1	4	.200

PULLMAN—Washington State jumped out of the Northern Division cellar Tuesday night dropping the Idaho Vandals 53-39 in the first game of a four game series between the two rivals. The Cougars beat Idaho at a game that the Vandals had devised earlier in the season—ball control and a mean zone defense.

The key shooting of Forward Larry Beck and the ball handling of Guard Ron Bennink gave the Cougars a definite second half advantage. The Vandals could hardly get their hands on the ball in the last half and were forced to change from a zone defense to a pressing man-to-man game. Idaho made only five field goals the second half.

Bennink scored from the charity

WSC's win elevated them to third place ahead of the Vandals and fourth place Washington.

**Babes Take Prelim**

Bright spot in the evening's action came in the preliminary for Idaho as the freshman ball club fought from behind to take a 69-67 advantage over a shorter but better shooting WSC club.

The frosh were paced by Jack Mitchell, a 6-5 guard who poured a total of 26 points through the hoop in one of his best efforts of the season. The bespectacled frosh was a demon on both boards and set up several of the key Idaho scores in the late stages of the game.

The Babes lost two of their regulars early in the second half when Center Bob Gould left the contest on fouls and sharp shooting guard Gary Simmons pulled up lame with

an injured ankle ligament. His sprain has been termed only light and officials say Simmons will be ready for the freshman team's next contest a week from today.

Towering Jim Branon left the game on fouls leaving the load of comeback squarely in the hands of Mitchell, Roger Walsler, Bill Wilson and Jerry Jorgenson. The winners trailed during most of the second half until taking a slim lead with 45 seconds to go. A pair of buckets by Mitchell and Walsler clinched the game, despite a pair of closing free shots by WSC.

The game was the first loss for WSC, the win was Idaho's sixth in eight starts.

Oregon and Oregon State tangle at Eugene Friday night and Corvallis Saturday night, while Washington State entertains Washington the same nights at Pullman.

# Sweet Edges Lindley 1 On Layup; Delta Chi Bowlers Cinch League

A lay-up shot by Mel Schmidt, with 20 seconds remaining in play, gave Willis Sweet Hall 1 a hard fought 3 to 1 victory over Lindley Hall 1 in the feature game played Thursday. The win was Sweet's third straight without a loss and it knocked Lindley out of the undefeated ranks.

Gene Lofdahl and Schmidt shared the scoring honors for Willis with 14 points apiece. Idaho Club kept pace with Willis Sweet in League 1 by downing Campus Club 1 39 to 29 for their third straight victory. Max Watt was again top scorer for Idaho Club scoring 17 points.

Paced by Larry Aldrich's 16 points Tau Kappa Epsilon drubbed Delta Chi 45 to 25 for their third straight win without a setback. Phi Delta Theta also captured their third straight win by edging Phi Gamma Delta 31 to 30. TKE, PDT and SAE are all deadlocked for first place in League 2.

Kent Church led Sigma Nu to their first win in basketball, scoring 1 1/2 points as the Sigs defeated LDS 39 to 27.

In the only other game played Thursday Chrisman Hall 1 won over Pine Hall 1 49 to 37 despite a 21 point effort by Pine Hall's C. Brackett.

As intramural bowling moves into its final week before playoffs the race for first place in all leagues

Golding, Wilke has an average of 180. Gerald Riggers of Tau Kappa Epsilon is in second place with a 159 average.

Idaho and Montana swimming teams meet here this afternoon for the first time in four years. The last time the two schools got together Idaho's relay team stroked to a win that gave the Vandals a slim 43-39 margin.

The two teams meet at 3:30 in the Memorial gym pool.

"Montana has a good, balanced team," Idaho Coach Eric Kirkland said yesterday. "And the meet should be a close one. I saw the Montana team at an AAU meet in Spokane last year and they had some fine men."

Last week the Idaho tankers won an easy meet from EWCE 74-18.

"Our chances will lie in the ability to get some seconds and thirds in this meet. Both of the teams are evenly matched in several of the events," the coach said.

The events and Idaho's competitors: 300 yard medley—Ted Ciesielski, Jack Helle and Dennes Jensen. 220—Fritz Holz and George Vasko. 50—Jerry Jones and Bruce Buckman. 150—Don Medley and Helle. Diving—Byron Richards, Bryant Sather. 100—Jones and Buckman.

Backstroke—Dale Carlisle, Carlann. Breaststroke—Helle and Medley. 440—Holz and Jensen. 400 yard relay—Jones, Buckman, Ciesielski and Vasko.

Montana is captained by Fred Daniels and will bring a team filled with eight lettermen and five newcomers. Daniels is a diver and backstroke competitor.

"This will be our first test to see what kind of shape our team is in," Kirkland said. "Here at Idaho we are somewhat cramped for space and adequate time for practice session with two teams to workout."

"This was displayed (the lack of conditioning) when our freshman team went to Pullman Tuesday and were beaten 62-18."

"Their boys had a lot more conditioning and previous experience."

Davis, John Bethke and Jerry Giles.

Idaho's next competition for the frosh will be a return match with WSC here Feb. 8, for the varsity a meet at WSC Feb. 5.

Diver Ron Edwards was the lone Idaho first place winner in the meet. Kirkland had praise for Dan

# Oregonians Dominate Stats

LOS ANGELES—Oregon and Oregon State, which meet in a Northern Division "showdown" series this weekend, dominated the weekly statistics released today by the Pacific Coast Commissioner's office.

Each team was atop two individual statistical departments, while Oregon State headed four team columns and Oregon one.

Heading the parade is forward-center Jim Loscutoff, whose rebounding has been one of the highlights of Oregon's play this year. He has nailed 97 rebounds for an average of 16.2 per game and also leads in scoring with 119 points and an average of 19.8. That puts him well in front of Washington's Dean Parsons, who has a 16.8 scoring average followed by Ron Bennink, Washington State, 15.3; Wade Halbrook, Oregon State, 15, and Jay Buhler, Idaho, 14. Trailing Loscutoff in rebounds are teammate Max Anderson, 11.8, and Parsons, 8.

Vandals Sharp

Halbrook is displaying the same high percentage on field goal attempts which won him the title last year and has averaged 56.1 per cent on 23 goals in 41 shots. Harlan Melton and Buhler, both of Idaho, have 50 per cent.

## A Campus-to-Career Case History

Jim O'Hara (left) works out a problem with a member of his crew

His territory: **TWO CITY BLOCKS**

James O'Hara, Stevens Institute of Technology (M.E. '51), is an installation foreman for the New York Telephone Company. His present assignment is two city blocks between 45th and 47th Streets in the middle of Manhattan.

"It doesn't measure very big horizontally," Jim says. "But vertically it makes up a lot of telephone business—7500 telephones to be exact. My eight-man crew does everything from installing a single telephone to working on complete dial intercom systems for some of the nation's biggest businesses.

You'll find that most other college men with the telephone company are just as enthusiastic about their jobs. If you'd be interested in a similar opportunity with a Bell System Telephone Company—or with Sandia Corporation, Western Electric or Bell Telephone Laboratories, see your Placement Officer for full details.

"I've got to know about each of these jobs that my men do. My training with the telephone company took me through the installation, repair and testing of the various types of telephone equipment and service for which I am responsible. I even had a chance to do a little experimenting of my own and developed a new way of preventing oil seepage on automatic switching equipment. I understand it's being written up for use throughout the Bell System.

"That's what I like about telephone work. Even two city blocks are full of opportunity."
