THE IDAHO ARGONAUT, UNIVERSITY OF IDAHO

FRIDAY, FEBRUARY 4, 1955

## REGISTRATION FIGURES HIT 3000 MARK

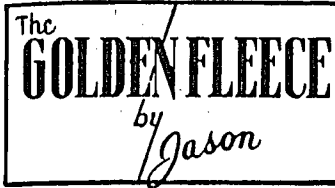

### Drop The Rule Grab The Shoe

Students don't need slide rules. Not tomorrow night anyway. All they need are those "shoes that set your feet a-dancing," and dates to the Engineer's ball.

An all-campus annual event, the Ball will be held from 9-12 p.m. in the SUB ballrooms, with music being furnished by WSC's Eddie Alverti and his band.

Sparking intermission entertainment will be the presentation of an engraved plaque to the engineering department with the most outstanding of the displays decorating the ballrooms.

The plaque will be presented by

It's funny how things end up. Last spring only one woman was elected to serve on the ASUI Executive Board. Patti Gustafson, an independent from Hays Hall, only served for one meeting. After that the co-ed side of the Idaho campus had no voting representation on the Executive Board.

With the ASUI bungling preferential system of elections nobody knew for sure who was or who wasn't on the new Executive Board last spring.

In preferential voting the voter lists the Board members he wants elected in preferential order. When the ballots are counted certain candidates with a questionable number of votes are dropped from the running.

In last spring's fiasco a member of the Independent party claimed that a candidate had been dropped from the running too soon. The whole business had to be counted over again. And much to the Independent party's sorrow they lost a seat on the Board in the recount.

Anyway Patti is now back on the Board. Lee Anderson who did a creditable job during the first semester took a long hop to Vienna to study for a semester. The Board filled the vacancy last Tuesday by appointing Patti.

It all boils down to one solid gripe. When elections come around this spring, put all the candidates on the ballot and have voters put an "X" after the nine of their choice.

Shortly after last year's election the Argonaut took a poll asking Idaho students if they wanted a new voting system. Over 69 percent were in favor of a change. How about it Executive Board?

Under a simple system like this we might be sure who's elected.

We've got a prize in the Arg office for some engineer. You see, the engineer's ball committee has a publicity agent, or had one. We never saw him, the chairman never saw him. And the first engineer we questioned about the dance chewed his slide rule case a moment and replied that the dance was next spring.

He told us not to miss it.

Today's page two is heaping with letters about Universal Military Training. You sign 'um and we'll print 'um. Ought to turn over all the advocate's names to the draft board.

### Cosmo Cookers Fix Foreign Food

Cosmopolitan Club will present a buffet dinner sponsored by the Clarkston PTA in Clarkston Sunday, February 13. Foreign dishes cooked by Cosmo Club members will highlight the menu.

A number of tickets for the dinner are available from Thane Johnson or Olaf Stavik, club president.

Jaget Singh, Abdul Kamal, Stewart Ailor, Stavik and Johnson spoke at the Clarkston Lion's Club meeting Wednesday night and made further plans for the February 13 dinner with the PTA there.

the Idaho Society of Professional Engineers. Winning exhibits in the past have been model farms, showing mechanized farming and the process of making plastic.

Unimaginable  
According to Jerald Gentry, co-chairman of the dance, the different departmental displays will include everything unimaginable and imaginable. But the actual display plans from the different departments are top secret.

Students may see them for \$1.50—the price of a ticket to the semi-formal dance! Tickets are purchasable at the door.

Chem E's will take part in the entertainment too, Gentry said, with a short program and musical entertainment during intermission.

Imaginable  
Chairman of this straight line and curved circle affair is Judd Rogstad. Assisting with the drawing boards in planning were Charles DePalmo and Bill Cameron, publicity; Bob Owsley and Ralph Clements, orchestra; Don Eddy and Don Olsen, program and Bill Lawr, judging.

"Put on your shoesies, dear, and take me to the dance! We'll have time to dance a dance and see a see!"

"Mmmmmmm . . ."

### Foresters To Advertise Annual Ball

The Associated Foresters will launch their 1955 Foresters Ball publicity campaign at the basketball game tonight between the Idaho Vandals and the OSC Beavers, it was announced today by Jack Olson, chairman of the Foresters' dance committee.

"A halftone pantomime of the doin'-in of Dangerous Dan McGrew will be the main stunt of the evening," Olson said. He added that members of the Associated Foresters, about 150-strong, will be in the stands to help advertise the annual "back-woods stomp" to be held at the SUB, February 19.

Bill Wallace, publicity chairman, said that those participating in the Dangerous Dan skit will be Spencer Miller as Dan; Bob Playfair as the lovelorn miner; Jack Helle, "the lady known as Lou"; Pat Clason, bartender; Rod Holoos, an inebriated barfly; Bob Carlman, cardsharp; and Bill Wallace, rinky-tink piano player. Carl Goebel will read the script, and John Sandmeyer will manage the music for the publicity stunt.

Posters Made  
Wallace said that posters have been made by Foresters, their girl friends, and their wives, and that basketball fans will be "hit from every angle" with Forester's Ball publicity.

"Tickets will go on sale next week at a buck and a half a throw," Olson said, "and every attempt will be made to give all potential dance customers an opportunity to buy a ticket." Olson added that a special try will be made to interest WSC students in the dance.

Pat Clason, ticket-sales manager for the affair, said that a member of every men's living group will be contacted to sell tickets in exchange for a free pass. Clason also said that any member of the Associated Foresters may be contacted for a ticket.

KUOI RESUMES  
KUOI will resume regular broadcasts Monday, February 7, at 12:30 p.m. Anybody interested in learning radio work is invited to come up to KUOI, on the third floor of the SUB, to arrange for an audition.

### The Best Deal We've Had Yet

Here's a good turn. The IK book exchange did a land office business this last semester, according to Dewey Newman, chairman. Selling the books are IK's Dennis Thompson, Bud Duffy, Allen Reeb and Ken Krueger. In line for some good book deals are Art Misner, Dewey Newman (the chairman), Dale Hansen and Nan Nelson.

### R. E. Week Plans Made

Plans are now underway for the Religious Emphasis Week to be held on campus February 20 to 23. Principle speaker this year will be Monsignor David B. Harrington of Helena, Mont., reports Dr. Lowell Weiss, head of the Christian Institute.

Monsignor Harrington will deliver the main address to the Students Monday, February 21, in the Auditorium.

Other speakers this year will include Dr. Myron C. Cole of Portland, Ore.; Dr. John E. Riley of Nampa; Rev. Earl Anderson of Veridale, Wash., and Dr. Wendell Rich of Logan, Utah. A Jewish Rabi, yet to be named, will also be present.

Rebecca Ruby is chairman of R.E. Week this year.

### Illness Due To Fatigue

Are you getting enough rest? Dr. Alley, University physician, said that the failure of students to get enough rest and sleep is the main reason for the large number of patients who come to the infirmary each spring.

Dr. Alley also stated that the number of patients receiving treatment in the infirmary this year has been around 1200 students per month, as compared to 1500-1900 in former years.

Because of the decrease of 500 cases per month so far this year, Dr. Alley said that he thought the heavy month of March would not be as busy as before. In 1954 the highest number of cases ever received in the infirmary was 2246. The increase in March was contributed to an increase in cases of influenza.

Dr. Alley said the infirmary appeared to be very busy the first semester because he was required to see most of the patients himself, but he felt the rush would be relieved this next semester with the addition of Dr. File to the full time staff.

### IKs Sell Over 1000 Books At Exchange

Over 1000 books and \$550 passed over the counter of the SUB cloak room in conjunction with the book exchange sponsored by the University of Idaho chapter of Inter-Collegiate Knights, according to chairman Dewey Newman.

The nonprofit operation accommodated students wishing to sell used text books or buy them. At the completion of the exchange, students either get money or their books back. The book counter will be open this afternoon from 3 to 5 p.m. for this purpose.

According to Newman, books not collected by students after February 18 will be sold next year to representatives of publishing companies. This money, together with all unclaimed refunds from this year's sales, will be turned over to the Campus Chest.

Next year the IKs are planning a bigger and better book exchange said Newman. The sales have been a service project of the IKs for many years.

### AWS Sets Voting Dates

AWS Council set March 16 and 23 as dates for the Associated Women Students primary and general elections at its Wednesday meeting.

Officers will be elected for the next two semesters. The nominating assembly will be held Monday, March 14, when all women students will be presented the candidates chosen by the nominating board. Nominations will be allowed at the assembly, President Karen Hinckley said.

Other business at the meeting was setting the February and March 8 dates for coed dinner exchanges and the welcoming of June Buchholz, who replaces Nadine Stanley as representative from Steel House.

Dean of Women Louise Carter was present at the meeting.

### Drive Booster

Joyce Molstead (right), a former student here, was the first contributor during a March of Dimes promotion campaign held between Coeur d'Alene and Spokane last week. Joyce was stricken with polio two years ago. She now attends North Idaho Junior College in Coeur d'Alene. With Joyce is Winnie Lou Puls, herself a former polio victim, who staged a drive for the March of dimes by walking the 35 miles between Coeur d'Alene and Spokane.

MARTIN WILL SPEAK  
A speech on the United Nations' by Dr. Boyd A. Martin will commence the Cosmopolitan Club activities this weekend. He will speak at the International House at 8 p.m. tonight. The public is invited.

### Motor Club Organized

About 30 interested students showed up at the first meeting of the newly organized Hot Rod and Cycle Club February 1 in a SUB conference room, said the new club presy.

Newly elected officers were: Bob Merritt, president; Bill Hall, vice president; Jim Briffitts, secretary; Howard Faust, treasurer; Vance Briffitts, sergeant at arms, and Burt Luvaas, publicity agent.

The club was formed to give those interested in hot rods and motorcycles a chance to get together in an organized group, according to Bob Merritt, president.

The next meeting is scheduled for 7 p.m. Tuesday in conference room B at the SUB.

### More Students Are Expected

Enrollment for the 1954-55 academic year at the University of Idaho has hit the 3000 figure, as late registrations continued. This is the first time that second-semester enrollment has reached this figure since 1951. One year ago the figure was only 2674 compared to the 1953 figure of 2509, reported the University Press Service.

Adding the new students registering this semester, the total number of students served during the year will be close to 3,500. As of Tuesday, 309 more students registered for the second semester this year than were registered at this time last year.

First-semester enrollments are usually quite a bit higher than second-semester enrollments, but this year there is expected to be little difference, according to Registrar D. D. DuSault. The all time high for the total number of students served by Idaho was in 1949 with a total of 3846.

It is hoped that grades will be out by the first of the week, probably Tuesday, but nothing definite can be promised, DuSault said. Grades will be sent to the parents of first semester freshmen. "We have been busy all of the time and we are still snowed under with registration," said DuSault. All schedule changes must be made by February 26 if credit is going to be received, he commented.

About Placement  
All education majors who wish to be placed in teaching positions this fall should fill out placement forms at the Placement Office as (Continued on Page 3, Col. 3)

Opening the concert with works by George Frederick Handel, the Boston organist also presented selections from several other composers, Louis Claude Daquin, Wolfgang Mozart, Johann Sebastian Bach, Richard Strauss, Cesar Frank, Robert Schumann and Jean Alain. The latter was a young French composer who was killed in World War II.

Biggs, who is heard regularly over the CBS radio network on Sunday mornings, has been acclaimed as the creator of a modern renaissance of the organ. "He has personally built up a wide audience of organ enthusiasts," said Hall Macklin, Music Department head.

Biggs expressed enthusiasm for the opportunity to play the new organ that is especially built for the Recital hall.

Winner of first place among organists in every one of Musical America's Annual Polls on the Air, Biggs has appeared as a soloist with the Boston, Cincinnati and Chicago symphony orchestras and the London BBC orchestra. He has appeared at many of the leading universities in the east, and has performed in the great churches and cathedrals of Europe.

### Dance Class Is In Need Of Women

Been to a basketball game? Taken in a dance? Or have you walked to class and noticed that the 3 to 1 ratio of men to women is showing in more ways than one.

At glance it looks as if more than 3 men for every woman turn out for the campus social functions. The proof is obvious at the dance classes offered weekly by a dance instruction committee especially appointed for the benefit of Idaho students.

The men realize the bargain they can get by just exerting enough energy to take them to the SUB central ballroom—free dancing lessons and a chance to meet new girls. Maybe that is why they outnumber the girls 10 to 1 at the free dancing instruction classes.

"AWS is behind a plea to girls to turn out for the class," said Dean Louise Carter. By working through the living groups AWS hopes to encourage more girls to attend the classes, making the instruction more successful.

Rumba, samba and mambo lessons will be given at the meeting February 11 from 7-8:30 p.m., reported Jan Avery, publicity chairman. All instruction is free, so students should note the schedule for classes.

"Remember," said Jan, "that if you want to learn the new dance trends, free of charge, and have fun besides, come to the central ballroom each week at the following times:"  
Afternoon classes: February 25 4:00-5:15.  
Evening classes: February 11—7:00-8:30; February 18—7:00-8:30; March 4—7:00-8:30; March 11—7:00-7:30.

### Lucy Law To Address IRC Club

Lucy Law, a recent graduate of Wellesley College and active in international student groups, will be the guest speaker of the International Relations Club. IRC will meet in the Vandal Room of the SUB Monday, February 7 for the program and coffee hour. The program will begin at 4:10.

Miss Law has been active in numerous international student movements including past secretary-general of the Young World Federalist International Secretariat in Amsterdam, Holland; secretary of the Young Adult Council of the National Social Welfare Assembly and director of a special project of the Institute on International Order.

Her most recent work has been as one of six U.S. delegates to the World Assembly of Youth in Singapore. WAY is one of the world-wide non-Communist organizations actively working to counter the influence of Communist agitators among youth in the world.

### Patti Gustafson Now On Executive Board

Patti Gustafson, Hayes Hall, has been appointed to replace Lee Anderson on the ASUI Executive Board. Anderson recently left the University to study in Vienna, Austria. The motion to accept the new member was brought before the Board by Bob Bakes.

Dean Holt, president of the Independent Caucus, had submitted a possible list of replacements for Anderson's seat on the Board. The list named Gene Lofdah, Clara Armstrong and Dick Gaskins as possible replacements.

The Board passed over the list since none of those named had run in the last year's elections.

Patti Gustafson ran on the Independent ticket last spring and was actually elected to the Board. However, following the election a petition for re-count was filed. In the re-count Jack Knodle gained enough votes to replace Patti's place on the Board.

Patti will now serve as a permanent member of the Board until elections this spring.

Also on the agenda of Tuesday's Board meeting was the approval of athletic awards. Letter awards were approved for George Eidam, Wilbur Gary, Mel Schmidt, Bill Lawr, Cal Hilgenberg, Bill Baxter, Ted Frosten-

son, Gary Cozian, Ray Bittner, Ralph Ron Braden, Burdette Hess, Gerry Leigh, Marsh Jones, John Payne, Edwin Resa, Dick Foster, Mike Hepler, John Armistage, Charles Fries, Burch Rorark, Paul Giles, Frank Tevrbough, Pete Gerpheide, Ed Hilder, John Sullivan, Ed Barton, James Kaulkner, Don Leppke and Colin S. Campbell, team manager.

Freshman awards went to Larry Aldrich, Dennis Ambrose, Arthur Anderson, John Cranston, Dan Davis, James Green, Jerry Haller, Carl Hogberg, Gary Kenworthy, Larry Kline, Gerald Gramer, Larry McCulloch, James Muhds, Richard Nearents,

Wade Patterson, Bob Prestel, George Pugh, Jerome Ross, William Skinner, Jerry Smythe, Kay Vinson, Richard Wisdom and Sherm Snow, team manager.

The Board also heard a recommendation from Coach Stahley that the sweater and jacket awards be changed from red to a black sweater with a gold "I" on a silver background. He suggested this so the sweaters would be more in line with the school colors.

The Board decided that the tradition behind "Idaho Red" should not be destroyed by changing the colors of the sweaters and jackets.

MONDAY  
Independent Caucus, SUB Conference Room A, 7:15 p.m.  
TUESDAY  
Radio TV Guild, Radio Center, 7:30 p.m.  
WEDNESDAY  
Math Club, Ad building room 305A at 4:00 p.m. Anyone interested may attend.

Official publication of the Associated Students of the University of Idaho issued every Tuesday and Friday of the college year. Entered as second class matter at the post office at Moscow, Idaho.

## In The Future As In The Past?

Some people are unhappy with the fact that the pattern of the past is the prediction of the future. Is this true, then, in applying past dangers in the history of militarism as a present argument against UMT?

One reader points to a lack of adequate armies rather than internal collapse as the reason for the collapse of Rome—thus, a good reason for UMT. However, despite the efforts of the brilliant general, Stilicho, under Theodosius the Great, the powerful Roman legions could not withstand the onslaught of the barbarians. And why?

The Roman army had placed despotic "barracks emperors" on the throne created by Caesar. There ensued much fighting among rival factions in the armies, another carry-over from Caesar. Then came internal "chaos and almost anarchy," reports World Book Encyclopedia.

Historians Robinson, Smith and Breasted list the following reasons for the decline and fall of the Roman Empire: varied population with only the government in common was a contributing factor. Politically they point to the crude barbarous soldiers controlling the government and heavy government controls. Economically Rome collapsed because of inflation, unemployment, heavy taxation and the concentration of wealth in the hands of the few, say the historians. No mention is made of barbaric armies in this list as being the major cause of Rome's downfall.

Rome collapsed internally so that it fell victim to any horde. According to world Communism, internal collapse is the desired goal of their world revolution. Russia with their hordes would then easily sweep over the United States and the free world.

"The notion," comments Charles A. Quattlebaum, education expert of the Library of Congress, "that Russia and China, with their overwhelming manpower, would be deterred by UMT in the United States is ludicrous. Our only means of defeating these countries in a war would be the use of a combination of air power, sea power, and atomic bomb power." He adds that we must preserve our treasured atmosphere of freedom to continue to provide the technological superiority which can be our only deterrent to Russian aggression.

## DEAR JASON

Dear Jason: I am attempting in this short letter to voice some of my disagreements with the statements and general tenor of the letter by "J. C." in the February 1st Argonaut blasting UMT.

I served two years in the Navy. I have some slight fear of a military conquest of the political government of the U. S. But this is far outweighed by greater fears. The first is that we shall not be prepared either to avoid war by maintenance of a position of strength, nor to withstand the initial blow should it fall.

The second is the extreme distaste with the present system—namely, allowing the draft to fluctuate with the times, and then when the chips are down, recalling those who had served before, and were useful and needed, and again passing over those who had missed their "greetings."

The third, and worst fear, is that military weakness will breed the very emergency from which dictatorship can emerge. That is, whether the military or political sphere be dominant, still there is an almost unlimited opportunity for either to achieve totalitarian control over our country. If this raises some eyebrows, let those thus affected scan the history of Art. I, sec. 8, cl. 10-16, of the Federal Constitution, embracing the so-called "war powers." When the President is exercising those powers (and they are broader than the words of those clauses would indicate), Congress and the Supreme Court often become mere rubber stamps.

So, let us follow the democratic Swiss in their quest for continued security through UMT. Let us avoid the overweening emergencies, let us avoid the opportunistic for dictatorship, whether military or political.

Sincerely,  
Tom Miller

Dear Tom,  
In the event of a surprise atomic attack by Russia as outlined by Philip Wylie, civil defense expert and noted author, in "Tomorrow," this country would be unable to mobilize its reserve in time. An invading army would probably come by air as was shown in a recent Civilian Defense-approved Hollywood film. According to Field Marshal Montgomery, to meet this crisis we need "smaller and more immediately ready regular armies with great strategic and tactical mobility."

We are not familiar with any veterans other than officers and men in the reserves WHO KNEW THAT BY JOINING THE RESERVES THEY WOULD BE SUBJECT TO RECALL who have been drafted again.

The much-abused and debated "necessary and proper" clause, the implied powers of the Constitution, Article I, Sec. 8, clause 18 provides the machinery for an unscrupulous, militaristic government. We could destroy ourselves.

Joe Corless

Dear Jason:  
Corless is doing a fine job of referring to history in regard to a strong military nation. He is absolutely right, as far as he goes, but let's go back a little further

## Three Idaho Coeds Chosen For Board

NEW YORK, N. Y. — The University of Idaho will be represented this year on Mademoiselle's national College Board by Ruth Irene Brede, Lou Ann Olson and Jane McClaren Querna. They are among the 700 students who competed with applicants from colleges all over the country to win places on the Board.

As College Board members, they will represent their campuses and report on college life and the college scene.

In history to the Greeks. You know at one time they were a pretty powerful people when the Romans were a bunch of punks. But the Greeks got soft, real soft. They became so engrossed in literature, philosophy, arts, music, and love thy neighbor, that they soon became the slaves of the Romans—remember your sixth grade history? God grant history doesn't repeat itself to our civilization.

What's wrong with UMT? Are we afraid the pack straps might radden the little boys' shoulders? Or are they afraid the big bad sergeants might help make men of boys? Why should some serve part of the time and some of the others serve no time whatsoever? In a democracy there is no room for shirkers and no excuse for weakness. The Swiss are democratic—they also have UMT.

We were caught with our batteries down in World War I and II. When the Korean War began we went in with poorly trained troops. The weak soldiers died like flies in DDT. From now on we better keep our left out and our belly protected.

G. F.

Dear G. F.,  
Our sixth grade history text shows that the period of the decline of Greece began when militaristic Sparta defeated Athens, the center of "literature, philosophy, arts, music, and love thy neighbor bunk." Rome conquered Greece immediately after the death of Alexander the Great, one of the greatest soldier-statesmen of all time. The Greeks were unable to resist because of an internal struggle for power according to The World Book Encyclopedia. Greece became an intellectual and cultural center of the Roman Empire.

"After that love thy neighbor bunk" we certainly feel sorry for your next door neighbor.

Joe Corless  
I see in the paper where nine professors and one student were killed in that wreck.  
Poor guy.

## Student Acts Presented On KREM

It's KREM, Spokane, the "Service Hour," on Fridays at 5 p.m. once a month, when Idaho Radio-TV Guild members present talent from the University of Idaho.

The last half hour show was on January 28, with tap dancing, singing and stunt acts. Students interested in displaying their talents may contact Warren Peterson at the Phi Tau house to audition for future shows.

The next show will be February 25th. Dick Erhardt, Graham Knox, Cliff Scharf, Kay Fleming, Bill Exworthy, Gertrude Garter, Marigay Nelson, Judy Crookham and Jerry Chandler appeared on the last show. Peterson was master of ceremonies.

Peterson reminds students, also, that they may listen to the Idaho Stars Talent show Tuesday evenings at 7 on KUOI and Friday evenings at 6:30 on KRPL.

Club officers elected for the coming year were Don Bundy, president; Nancy Short, vice president; Maxine Fletcher, corresponding secretary and Warren Peterson, treasurer. Peterson retired from the presidency.

## Shutterbugs To Compete

Dust off your camera and win \$15. The winning pictures of the "Campus Life" photo contest, sponsored by the SUB Committee will be framed and hung in the Student Union Building. The contest began February 1 and continues to the 15th.

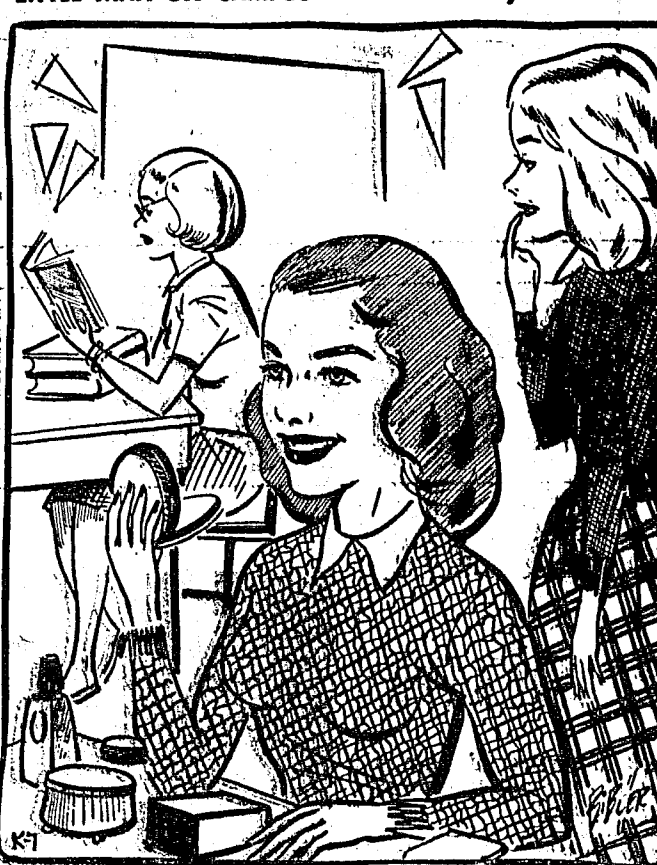

Judges Professor Roy A. Bell, Assistant Professor Darwin Mayfield and Karl Gotch will award \$15 first place, \$10 second place, and \$5 third place to the winners, February 18.

Any number of pictures may be turned in by one contestant as long as all photos are black and white, 8" x 10", and placed on a matting 11" x 13". Names are not to be visible.

The pictures are to be handed in to SUB manager, Jim Bowly before 5 p.m. February 15. Full details of the contest rules were published in the February 1 Argonaut.

## LITTLE MAN ON CAMPUS

by Dick Bibler

"Her system is to study books—I study the professors."

## Mineral Samples To Be Distributed By Mines Bureau

Idahoans will now have a new opportunity to learn why their state is known as the "Gem State." Suites or boxed compartments containing samples of 25 Idaho minerals are being prepared by the Idaho Bureau of Mines and Geology for distribution throughout the state to high schools, civic groups and other organizations, it was announced today by Dr. J. D. Forrester, director of the bureau and dean of the University's College of Mines.

They are to be ready for sending as soon as the containers and packing materials are received.

Geologist Harold A. Powers is preparing the specimens. They will be made available to any group upon request, Forrester said. He pointed out that the main purpose of the suites is to acquaint the people of Idaho with the mineral industry and its significance to the state. Each suite will be accompanied by a brief paper prepared by powers describing the nature of the various minerals.

Clubs or other organizations interested in obtaining a suite are urged to contact the Bureau of

Mines and Geology at the University of Idaho. Priority in sending out these collections of minerals will be given to requests from grade and high schools so that Idahoans can get an early start in life learning about their state's mineral resources.

Daughter: "I know we should have been home earlier from the dance Dad, but Jim knew some new steps."

Dad: "Well, even so, you didn't have to sit on them until 1 a.m."

### ALTERATIONS of All Kinds! Spic N Span Cleaners

## CLASSIFIED

LOST—In front of the Sigma Chi House on January 20, a Benrus self-winding wrist watch. Please contact LeRoy Clausen at 2441.

Lost—A book entitled "Principles of Metallurgical Practice" by Louie Hayward. Misplaced a week before the semester finals. Like new—hardly used. "It has a high sentimental value," said owner Hap Ferree, Campus Club.

"I had to change my seat several times at the movies."  
"Heavens, did a man get fresh?"  
"Well, finally."

## THE TREEHOUSE OF THE AUGUST MOON

Spring is just around the corner, and with spring, as always, will come tree-sitting contests. This I applaud. Tree-sitting is healthful and jolly and as American as apple pie. Also it keeps you off the streets.

Tree-sitting is not, however, without its hazards, as you will presently see when I tell you the dread and chilling tale of Manuel Sigafos and Ed Pancreas.

Manuel and Ed, friends and room-mates, were walking one day past the folk music room in the School of Dentistry and Fine Arts. Suddenly they stopped, for coming through the door of the folk music room was a clear and thrilling alto voice singing the lovely folk tune, *I Strangled My True Love with Her Own Yellow Braids, and I'll Never Eat Her Sorghum Any More*.

When the last shimmering notes of the ballad had died away, Manuel and Ed rushed into the room, and there they thought their swelling hearts must burst asunder. For the singer was as beautiful as the song! Fair as the moon she was, doe-eyed and curvilinear.

"My name is Manuel Sigafos," cried Manuel Sigafos, "and I love you madly, wildly, tempestuously!"

"My name is Ed Pancreas," cried Ed Pancreas, "and I love you more than Manuel Sigafos."

"My name is Ursula Thing," cried the girl, "and I've got a jim-dandy idea. Why don't you two have a contest, and I will go trophy with the winner?"

"What kind of contest?" cried Manuel and Ed.

"A tree-sitting contest," cried Ursula Thing. "Natch!"

"Done and done," cried Manuel and Ed, and they clambered up adjoining aspens, taking with them the following necessities: food, water, clothing, medicaments, bedding, reading matter, and—most essential of all—plenty of Philip Morris cigarettes.

We who live on the ground, with all the attendant advantages, know how important Philip Morris cigarettes are. Think, then, how much more important they must be to the lonely tree dweller—how much more welcome their vintage tobaccos, how much more soothing their mild pure flavor, how much more comforting to know as one sits in leafy solitude that come wind or weather, come light or dark, Philip Morris will always remain the same dependable, reliable, flavorful friend.

Well supplied with Philip Morris, our heroes began their contest—Manuel with good heart, Ed with evil cunning. (The shocking fact is that Ed intended to win the contest with a Machiavellian ruse. It seems that Ed, quite unbeknownst to Manuel, was one of three identical triplets. Each night while Manuel dozed on his bough, one of Ed's brothers—Fred or Jed—would sneak up the tree and replace him. Thus Ed was spending only one-third as much time in the tree as Manuel. "How can I lose?" said Ed with a crafty giggle to his brother Fred or Jed.

But Ed had a surprise coming. For Manuel, though he did not know it himself, was a 'druid.' He had been abandoned as an infant at the hut of a poor and humble woodcutter named Winthrop Mayhew Sigafos, who had raised the child as his own. So when Manuel got into the tree, he found to his surprise that he'd never felt so at home and happy in his life, and he had absolutely no intention of ever leaving.

After four or five years Ed and his brothers wearied of the contest and conceded. Ursula Thing came to Manuel's tree and called him to come down and pin her. He declined. Instead he asked her to join him in the tree. This she could not do, being subject to acromegaly (a morbid allergy to woodpeckers) so she ended up with Ed after all.

Only she made a mistake—a very natural mistake. It was Jed she ended up with, not Ed.

Ed, heartbroken at being tricked by his own brother, took up metallurgy to forget. Crime does not pay.

This column is brought to you by the makers of PHILIP MORRIS cigarettes, who suggest that if you are ever up a tree when trying to find a gift, give PHILIP MORRIS. They're sure to please.

## DEAR JASON

Dear Jason, (and J.C.)

I suppose you were trying to editorialize on the UMT controversy thru your article in Tuesday's issue of the Idaho Argonaut. You achieved a masterpiece... of contradictions. The title of your "editorial" is exasperating. "Try and Preach Peace With UMT!" means to me you are against UMT in that many words. But you also say: "It is obvious for most of us that this country's need for large standing active military forces... is quite great in the present world situation."

Then you elaborate upon past history: My dear J.C., contrary to your impression, history has not necessarily shown that the military will take over the state if it's supposed to serve. Please, tell me, why did the sacking of Rome occur? Why, for that matter, has any war been lost? Lack of proper defense, lack of an efficient army.

The joint Chiefs of Staff and top civilian leaders have emphasized that, no matter what weapons we have, battles will be won or lost on the field, AS HISTORY HAS SHOWN US ALL ALONG. You gave the impression that military strength is expandable. How naive!

Your final question: "How can America preach peace, then, when she would mold her future citizens into a militaristic generation thru UMT?"

J.C. do you know that in our present generation there are 28 million veterans already? Has that made any difference in the U.S.? Yes, it has. If you had been overseas under the UMT you would have realized the minute you set foot in foreign lands, what America really is, because you would be able to compare.

You know that instant how lucky you are to be an American. All those things that are commonplace back home, you find them as luxuries. Values are different. You realize why you are there, why there is UMT. Why you have to fight at times.

Then your military views would go out the window and you would think for yourself: There is no price high enough for what is the essence of America: Freedom and justice.

A Veteran.

Dear "Veteran,"  
We are the first to agree and stand behind the need for a strong right arm in dealing with the Russians. However, UMT is not the best answer.

The Russians cry that we are

## DEAR JASON

the aggressors, the war-makers, who put youth into uniform at the age of eight.

The "youth"—the Boy Scouts. Imagine the screaming Russian propaganda. How, then, can we answer to their usual lies and distorted haltruths. With UMT Communists can point to the actual fact of our preparing ALL of our citizens to be soldiers. We preach peace to the world but with UMT become the aggressor in their eyes.

Our nation has become the greatest in the world because she believed in the sacredness of peace. We have built our lives around it—our economy, everything. Freedom and justice are too high prices to pay for peace.

As Teddy Roosevelt put it, we must "walk softly and carry a big stick." The big stick, as Field Marshall Montgomery says, should be a well-trained professional army with the best and most powerful weapons technology can give it.

Joe Corless

"Sir, may I have your daughter for my wife?"  
"Bring your wife around and we'll see."

Dear Jason:  
Corless is doing a fine job of referring to history in regard to a strong military nation. He is absolutely right, as far as he goes, but let's go back a little further

Social Notes

# Officers Elected By More Campus Groups

Living groups are still electing their new officers. Forney, Willis Sweet and Alpha Chi Omega have now elected their new presiding officers. The ATO's now have five new pledges to add to the merriment in the house. Sigma Chi's have started making plans for their annual Upperclassman's Dinner Dance to be held February 19.

We are happy to welcome five new pledges into our house. They are Gary Cozian, Warren Hawley, Gary Jones, Ken Brown and Tom Walker.

Gary Cuthbert and Tom Turpin have returned to school for the second semester.

The pledges are looking forward to a tobogganing party and wiener roast to be held with the Phi Psi a week from Saturday.

**WILLIS SWEET**  
Smoke filled rooms and eloquent oratory were in evidence at Willis Sweet recently when officers were chosen for the second semester.

Those selected were: Terrell Davis, president; Dick Denny, vice president; Roger Thleme, social chairman; Ed Schmith, secretary; Gerald Coulston, treasurer; Larry Harrop, sergeant-at-arms; and Corky Vaught, intramural manager. Sweet wishes them success in their new responsibilities.

Sweet's three "old men" finished up at the semester. After many doubts and apprehensions, Jim Harding Dennis, Goddard and Mel Dyer finally made it. A party was held in their honor Friday night.

Sweet's roses this week go to the fresh basketball team for their sterling performances.

**ALPHA CHI OMEGA**  
Mrs. John Reed, Sao Paulo, Brazil, was a house guest last weekend. Kay Reed left with her Tuesday to return to Brazil.

A fireside was held Monday evening in honor of Bette Field, outgoing house president.

Installation of major officers was held Monday. Other officers include Sandy Slavin, scholarship chairman; Trea Knudsen, social chairman; Ro Jeanne Coyle, activities chairman; Barbara Keller, Layre editor; Carole Gudeman, chaplain and Betsy Scudder, historian. Pledge officers will be announced after their initiation.

**ETHEL STEEL**  
Spring fever must be here since Steel House residents have been cleaning up their rooms. Probably, however, the reason lies in the fact that repairmen have been working on minor room repairs.

Marvel Grasser, a freshman from Orofino, moved to Steel House between semesters. Carol Dragseth, who has been doing practice teaching in Lewiston, has also returned. A Wednesday night exchange with the ATO's was the week's social highlight and proved to be very enjoyable.

**KAPPA KAPPA GAMMA**  
Kappa would like to welcome Ruth Wierman, Iowa province field secretary, who will be here through Saturday. Tuesday, an informal fireside was held in her honor.

Wednesday night, Flo Carroll announced that the Kappas will be awarded the WRA participation trophy.

Last night Bev Greggerson was presented with a selenite by the Delta Chis in honor of her recent pinning to Lauren Hicks.

A mock personnel fireside was put on last night for the chapter by the pledges to remind everyone of her manners(?).

**KAPPA SIGMA**  
Now that finals are over we have returned to our usual Friday afternoon relaxation.

The brothers are still pleased and talking about last week's announcement of the pinning of Duke Clark and Jerry Marshall. It was announced during a formal dinner Wednesday evening, as the pin was displayed on a silver platter surrounded by Budweiser bottles.

Plans are now beginning to form for our annual spring formal and second annual spring cruise.

**FORNEY**  
Second semester has started off with a "whoop and a holler." There was a slight change in personnel—

Try Our Combination Chinese and American Dinners on Sunday only! **The Grill** Across from the Savings Bank

## Leaves Are Approved

Three sabbatical leaves under the University of Idaho's extended plan have been approved by the Board of Regents for the 1955-56 academic year, Acting President D. R. Theophilus announced.

The extended plan provides opportunities for advancement of knowledge to persons not covered under the regular professional sabbatical leave program.

R. H. Seal, assistant professor of forestry, will do advanced studies at the college of forestry in the State University of New York. Guy P. Wicks, associate director of student affairs for men and field agent, will do advanced study and work in the student personnel field at an institution yet to be determined, and Scott A. Walker, assistant agricultural economist, will do his advanced study at Iowa State college.

## Gibbs Will Speak On Idaho Program

Heading the "Here We Have Idaho" program next Monday night at 6:30 will be the Vandaleers, followed by University of Idaho's Athletic Director, Bob Gibbs, who will discuss the new basketball schedule.

Marigay Nelson will sing "One Fine Day" from "Madame Butterfly" and Art Moore, who recently discovered a new type of carnation, will give a talk.

A recorded interview with Margaret Webster by Chuck White will be given. Miss Webster, well-known Shakespearean actress, appeared in the University public events assembly this fall.

but we're still full to capacity. Five girls left and five moved in. Jean Weston returned; she couldn't stay away. The new girls are Brenda Lister, Maxine Parks, Charlotte Walker, and Mary Jo Snieder.

New officers were elected as follows: Joanne Bradley, president; Clara Armstrong, vice president; Darlene Kilborn, secretary; Beverly Newberry, scholarship; Mary Lin Meek, culture chairman; Barbara Warner, social chairman; Gertie Carder, assistant social chairman and Beth Sims, WRA representative. Others are Barbara Tibbitts, senior representative; Mary Lou Junge, junior representative; Mary Verberg, sophomore representative and Theressa Mathieson, freshman representative.

And of course there's the "glitter that is not gold"—but diamond, Denise Jones very casually showed up with a ring Sunday from Warren Peterson, Phi Tau.

**SIGMA CHI**  
Marilyn Stewart was a dinner guest Wednesday night. She was presented with the Sweetheart trophy. Other dinner guests last week were Don Neilson and Launy Fitzgerald.

Rex Hayter has returned to school this semester. Plans are being made for the Upperclassman's Dinner Dance to be held February 19.

Farewell and good luck to the two graduating seniors, Harvey Bickett and Vic Ransom.

When the doctor returned to the examining room, he found the patient screaming wildly, apparently in great pain. One look sufficed. He turned to his newly hired nurse and roared, "No, No, nurse, I said remove his spectacles."

## Club Kitchen Open For Use Of Students

Church groups now have newly elected officers to head the second semester's activities. "Moralistic Fallacies" will be the topic of the speech to be presented at Wesley Foundation Sunday. The Canterbury House and kitchen will be open for the students' use.

**LDS INSTITUTE**  
Lambda Delta Sigma will hold a social after the ball game on Friday night at the LDS Institute. Refreshments will be served.

Formal pledging ceremonies for Lambda Delta Sigma will be held Sunday night at the church. Pledges should be present at 5:54 p.m.

Sunday School is scheduled for 9:15 a.m. and Sacrament Meeting will be 7:30 on Sunday. Mutual will be held at 7:30 on Tuesday.

**WESTMINSTER FORUM**  
There will be no meeting this Sunday because of the winter treat which will be held from the 4th through 6th.

We would like to see more students at the coffee hour that is to be held at the CCC from 4 to 5:30 p.m. every Tuesday afternoon.

**DISCIPLES STUDENT FELLOWSHIP**  
The regular meeting will be held from 5 to 7:20 p.m. Sunday at the First Christian Church. There will be fun, recreation, supper, and devotions. All students are invited to attend and to participate in the fun, fellowship, and devotions.

Newly-elected officers will be installed during the morning church services. Anyone desiring transportation to Bible School at 9:45 a.m., church services at 11 a.m., or Disciples Student Fellowship at 5 p.m., call either Mrs. Harold Thorson, 4471; Jim Nakano, 2-8951; or Marion Fisk, 2-5031.

**NEWMAN CLUB**  
Elections were held recently with the following officers elected: Paul Moore, president; Bob Prestell, vice president; Bobbie Hassler,

soon as possible. The Placement Office is the central office for placement on the campus and is coordinated with all University departments. Majors in other fields should contact their dean to obtain placement forms.

Students who wish to be placed in jobs this year should fill out forms immediately. Even students who do not intend to go immediately into employment should fill out placement forms so that they will be on file when they are wanted at a future date.

Students going into the service should also fill out the forms, according to the Placement Office. If further information is wanted students should contact the Placement Office which is located in the Ad Annex.

**Engagement Announced By Mader And Willson**  
MADER-WILLSON  
Pink hearts and roses announced the engagement of Lorraine Willson, Kappa, to Frank Mader, Wednesday night. Frank attended WSC and was a member of Alpha Gamma Rho fraternity; he is now stationed at Fort Carson in Colorado.

Mrs. W. S. Willson, Mrs. L. F. Mader and daughter, Miriam, and Mrs. Warren Huntley were guests for the announcement dinner. Also present were Velma Wilson, Jan Jolly, and Cherie Wood. Wedding plans are indefinite.

day. The house and kitchen will be open for the students' use. First come, first serve.

Episcopal students are reminded to keep in touch with the club for further information concerning this semester's program.

"What is an Episcopalian?" will be the subject on Sunday evenings. The Tuesday programs will continue with the coffee hour which was started last Tuesday. Dr. Agatin Abbot led the group in a discussion of "Dr. William Pollard's pamphlet, "Cosmic Drama." Dr. Pollard is head physicist of the Oak Ridge Atomic Project.

All students are urged to use the house. That is what it is there for. **ROGER WILLIAMS**

The Baptist College youth will meet at the Baptist Church at 5:30 Sunday evening. Margaret Cook and Larry Wing are the chefs for the evening supper, and Ruth Sersane is in charge of the devotional.

Officers for this semester are as follows: Willard Wilson and Deana Hansen, co-presidents; Don Leppke, treasurer; Ruth Sersane, secretary; Jim Eggleston, food chairman; Charles Starr, enlistment chairman; Margaret Cook, publicity chairman; and Jeri Kuka, social chairman.

An executive meeting was called to plan for future meetings and projects of Roger Williams. One of our new activities will be a coffee hour every Monday at 4 p.m. in the CCC. This Monday will be our first coffee hour and everyone is invited.

There will be an important meeting of the Wesley Foundation Cabinet this Friday at 6:30 in the Campus Christian Center.

There will be no Merry Wed meeting this Friday evening. The first meeting of the new semester first meeting of the new semester in Epworth Hall starting at 6:30.

The College Forum, a discussion group dealing with religious topics, will meet this Sunday at 9:30 a.m. in Epworth Hall. All students invited.

Watch for news of the Wesley Foundation "Valentine Party" to be held February 13th! **CANTERBURY CLUB**

## Dance Proceeds Will Go Toward Fund For Refugee

Tickets will soon be on sale for the Cosmopolitan Club dance, Saturday, February 26. They will be sold in men's living groups for \$1.50.

Proceeds from the dance will be added to the clubs Refugee Fund which was begun this year to provide a scholarship for a refugee student to the University.

Music for the dance will be furnished by Chuck Clauer. Faculty members and foreign students will furnish during-dance and intermission entertainment.

The dance, a casual dress affair will be held in the SUB ballrooms. Sally Spence and Helge Gagnam are co-chairmen.

**Patronize Argonaut Advertisers**

## "Keys" Available At ASUI Office

There are a limited number of Kampus Keys available in the ASUI Office, selling at 50 cents each. All those who missed getting a Kampus Key earlier this fall are urged to come into the ASUI Office and get their copy.

The Kampus Key is the campus directory which lists names, campus addresses, telephone numbers, class, major and hometown of all students on the campus.

All faculty names, addresses and office and home telephone numbers are also listed.

A doctor examined a very pretty young patient carefully then beamed. "Mrs. Wilson, I've got good news for you."

The patient said, "Pardon me doctor, it's Miss Wilson." "Oh," said the doctor. "Well Miss Wilson, I've got bad news for you."

A Campus-to-Career Case History   
Manager Ray New explains the importance of good service to one of his assistants  
**His "individual training" paid off**  
When Ray New—Business Administration, Buffalo, '51—started with New York Telephone Company, he never suspected his work would face him with problems of this sort—  
"My job as business office manager is to see that the customer gets the best possible service. One of my assignments took me into a section of Manhattan that had a large Puerto Rican population. Frequently our people would get somebody on the line who couldn't speak a word of English. So I saw to it that each of my representatives learned a few standard Spanish phrases—enough to get somebody to the telephone who could speak English.  
"There are no two days alike in this work, with new problems coming up all the time. The best part of it is that the training program here is tailor-made to the job. First you get a general background in the business, then you go into what I call "individual training." That's where your own special abilities are developed and you're encouraged to think out new ways to solve everyday problems—like the one I just described.  
"Right now I'm Business Manager in charge of an office doing \$250,000 worth of business a month."  
You'll find these things true of college men, like Ray New, who go into telephone work. They've been well trained, they enjoy their present jobs, and they're headed for responsibilities and greater rewards. If you'd be interested in a similar opportunity with a Bell telephone operating company, or with Sandia Corporation, Bell Telephone Laboratories or Western Electric, see your Placement Officer for full details. **BELL TELEPHONE SYSTEM**

# Vandals Greet Towering OSC Beavers For Weekend Sereis

Towering Swede Halbrook, hooking Tony Vlastelica and the rest of the Oregon State College Beavers bring to Moscow tonight and tomorrow night an undefeated Northern Division basketball record and carry with them little intentions of letting Idaho mar that record.

Coach Harlan Hodges of the Vandals said this week he wasn't as worried about how his ball club would score—"but how do we stop those giants?"

## Reinstated

Wade (Swede) Halbrook, tallest basketball player in the Pacific Coast Conference at 7-3, will appear here tonight and tomorrow against the Idaho Vandals. Halbrook was recently reinstated twice this season at the Oregon State school—after scholastic ineligibility and a run-in with Coach Slat Gill.

## Slat Riders To Compete At Alberta

The University of Idaho ski team, headed by Coach Ron Byers, left today for the University of Alberta Intercollegiate Invitational ski tournament at Banff, starting Saturday and concluding Sunday.

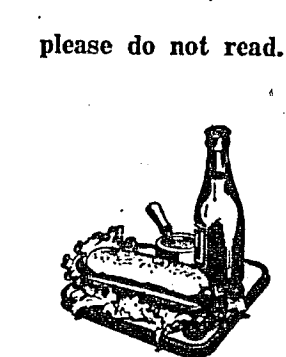

Last weekend the Vandal skiers swept the Whitman College ski tournament at Spout Springs and hope to continue their winning ways in the Canadian event.

Other entrants in the Alberta meet besides Idaho include Washington, Washington State, Whitman, Wenatchee Junior College, British Columbia, College of Puget Sound and Eastern Oregon College.

Despite the fact the Vandal's strongest event, jumping, is not on the program, the Vandals have considerable hopes on the outcome. The events will include giant slalom, slalom, downhill and cross country.

The Idaho squad is composed of Reider Ulvalseter, Helge Gagnum, Eric Berggren, Bryan Ringheim, John Harrington and Ray May. Ulvalseter was the four-way champion in the Whitman event with Berggren a close second.

## Girls, please do not read.

## WADE'S

will not only feed you but we'll fatten you.

Coach Hodges worked this week on a pressing defense and a man to man defense but was undecided upon which pattern he would employ against the towering Beavers.

Oregon State will floor two 6-5 forwards, 7-3 Halbrook, and a 6-4 guard Larry Paulus, with another seven-footer, Phil Shadoin on the bench for relief.

In contrast the tallest man Idaho can floor will be Carl Swanstrom, 6-6, who has seen practically no action this season. Jim Sather is the tallest regular at 6-4.

The State ball club is made of primarily seniors excepting Halbrook and Jay Dean. Guards Bill Toole, Ron Robins, forwards Reggie Halligan, Johnny Jarboe and Tex Whitman make up one of the finest reserve benches in the business, scouts report.

The Beavers have beaten everybody but Idaho this season, Washington four times, WSC twice and Oregon twice. Last season when these two rivals met on the court they divided their four games, with the total score advantage going to OSC by a single free throw.

Fears A Stall Slat Gill fears the Idaho stall, ball control style of play but has the men (Toole and Robins) to break it up if the Idaho team employs it.

Hodges will probably start the squad he has strung along with nearly the entire season, Harlan Melton and Jay Buhler at forwards and Bill Bauscher and Bob Falash at guards and Sather at center.

The Vandals little brothers, the Babes, travel tomorrow night to Spokane for a single game with Eastern Washington College jaycees. Coach Clem Parberry will probably go along with Jim Brannon and Jerry Jorgenson at forwards, Bob Good at center and Jack Mitchell and either Bill Wilson or Gary Sather at guards.

**THE LINEUPS**  
**Orange and Black**

No.	Pos.	Player	Ht.	Yr.
23	F	Tony Vlastelica	6-5	Sr.
26	F	Jay Dean	6-5	Jr.
36	C	Wade Halbrook	7-3	Jr.
17	G	Bill Toole	5-10	Sr.

10	G	Bill Bauscher	6	Jr.

## Lefty Edges Into Idaho Point Lead

Lefty Melton, senior forward, has wrested the scoring lead from teammate Jay Buhler scoring 90 points in seven Idaho basketball Northern Division games according to official figures released today.

Melton has averaged a little more than 12 points per contest. Buhler follows with 86 points with Guard Bill Bauscher third in scoring with 79.

The Vandals have averaged 59 points per game this season to their opponents 66, and have won two, lost five in league action.

Dean Parsons, star Washington basketball center, is from Eugene, Oregon, the home of the Oregon Ducks.

# TAKE FIVE

With John B. Hughes

Chatting with Athletic News Editor Ken Hunter yesterday, Ken told us that a Spokane newspaper was running a picture of the Idaho second-five basketball squad tomorrow (today).

"All five of them?"  
"No, just Monson."

Monson, Don that is, a four year letterman after this season, and a senior has been the Idaho second five most of the season. "Maanz," as his teammates call him, has an effective one arm set shot and can jump shoot pretty well.

In the past few games, especially against the WSC Cougars, Don, although he didn't start, showed well throughout the entire ball game. Coach Harlan Hodges ran in Monson, pulled a regular and spelled the regular for four or five minutes, then sent in the beached regular, rotating this way through both games.

## Idaho Loses Co-Captains For WS Meet

Idaho will be without its swimming co-captains tomorrow when they travel to Pullman to face WSC in its first Northern Division competition of the young 1955 season.

Lost through illness will be Jerry Jones, sprinter, and distance man Fritz Holz. Jones yesterday was suffering from a light touch of pneumonia, Holz has an infected sinus condition. Also Coach Eric Kirkland will be without the services of diver Byron Richards, who must be at his Calgary, Alta., home this weekend.

"This makes me pretty unhappy," Kirkland said. "Last season we came pretty close to beating them, and I thought this season we would probably do better."

Idaho's tankers will have a chance to make up for the misfortune on February 26 when the Cougar swimmers venture here.

Replacements Named Kirkland said Bruce Buckman will have to take over in Jones' place in the sprints and that Demes Jensen and George Vasko will have to swim the 220 and 440 distances respectively. He added that the loss of the three swimmers would cut down on the team's depth in each event.

The replacements also compete in relays and other events, so the team will be definitely short handed, the coach said.

Only one comparative score can be considered in the matching of the two ND teams. Both trounced Eastern Washington soundly and Kirkland feels that a fair comparison cannot be made out of these meets.

Definition — Some students are like tornadoes — just big drafts going around in circles.

Earlier in the season you will remember, Hodges went along with his five regulars through most of the game but has now found a valuable long shot artist, pretty fair rebounder, on the bench—in the form of Don Monson.

Dodel Back The return of Dick Dodel to school this semester makes baseball coach Clem Parberry a little more cheery. The lanky moundsman will be eligible for spring baseball although he was not in school the first semester. He is on leave from school due to illness.

"Digger" also was a reserve for Chuck Finley on the maple court last season standing just under 6-5 Coach Hodges may try and get the big fella into shape for some of the closing games.

Rumors here and there that Skip Stahley still is possibly looking around for another job certainly can't be topped by this one. Stahley was guest of honor at an Everett, Wash., Man of the Year banquet this week and among other questions he was asked—"Where does rumor have you heading this week?"

"All I know, outside of the rumors I read in the papers, is that I like the Northwest and want to stay."

"Aha," one listener said to another, "he's headed for Northwestern."

Stahley was among the first to depart from this banquet. He apologetically bowed out with the explanation "I have a few visitors waiting in a crowded office in Moscow."

Another guest there—Len Casanova, Oregon football instructor—queried, "They couldn't be a couple of tackles, halfbacks, and a stray quarterback or two? The way I get it, every youth over 170 pounds in the eight Western states is in Moscow or on the way. You are getting more transfers, they tell me, than a Seattle bus driver."

To which Stahley was unresponsive. Roger Walser will be lost to the freshman ball team the remainder of this season. He is scholastically ineligible. As his coach, Clem Parberry commented recently, "he was just beginning to find himself, too. He was improving on defense and was helping the ball club out considerably."

Fraternity and hall intramural basketball enthusiasts have been getting in shape for the B Basketball season which will start soon. The Memorial Gym floor has been packed at almost every free time. P.E. classes take up the courts until 3, then the frosh, varsity and A mural basketballers take to the maple wood until around ten. But somehow they seem to be in their practice licks.

## Leading Scorer

Hooking Tony Vlastelica of Oregon State College leads his team in scoring in the Northern Division season with 100 points in eight games. Tony will be a starting forward, stand-6-5, with running mate Jay Dean, of Nampa, Idaho, standing the same. OSC and Idaho meet at 8 tonight and tomorrow. No preliminary games are scheduled.

## Skip Stahley Given Pay Hike For Coming Season

Football coach Skip Stahley has received a substantial raise in pay and renewal of a three-year agreement, the University's Acting President D. R. Theophilus announced yesterday. President Theophilus said the action was taken before Stahley was interviewed by Oregon State College.

In a prepared statement Theophilus asserted "we are pleased that Coach Stahley continues in the services of the University. He gave us a brilliant, outstanding year in football and we are looking forward to more under his guidance."

The pay raise was not announced but the head mentor had received \$9,000 in his initial season with Idaho. Stahley asked that the three-year agreement be extended to that length even though he had served one year of a similar three-year pact.

Oregon State had shown great interest in obtaining Stahley for the head job at their school, interviewed him, but later signed Tommy Prothro of UCLA.

Stahley said upon his return that it "was a matter of ethics and \$2,000," that kept him from accepting a position at Oregon State. The school hired Prothro before Stahley informed them he planned to stay at Idaho.

Former Idaho assistant football coach, Gene Harlow, who worked under Dixie Howell here, has been named head football coach at Arkansas State College. He had been coaching at a Mobile, Ala., high school.

The Vandals will play nine home and seven road games next basketball season under a new Pacific Coast Conference schedule plan.

# Intramural Court Action Underway After Layoff

After a lay-off of two weeks, action resumed in intramural 'A' basketball, Wednesday night with six games.

In the main attraction of the night Phi Delta Theta captured undisputed possession of first place

in League 2 by downing Tau Kappa Epsilon 32 to 25. The win gave the Phi Delt a record of five wins and no losses and put them one full game in front of the second place TKE's. Jim Howard paced the Phi Delt win with 16 points while Ted Tate was high man for TKE scoring 9 points.

The top individual output for the day was Kent Church's 18 points as he led Sigma Nu to a 35 to 27 win over Sigma Alpha Epsilon. The loss was the SAE's second straight after winning their first three games.

In the only game played in the Independent Leagues, Sonny Long led Chrisman Hall 1 to a 42 to 35 victory over Vets Village 1. Long led all scorers with 17 points. Ed Hilder was tops for VV with 13 points.

Betas Move Up Beta Theta Pi moved into third place in League 1 defeating Alpha Tau Omega 41 to 22. Betas have now won three while losing one.

In other games Sigma Chi triumphed over Delta Chi 45 to 30 with Cothern scoring 16 points for SC, and LDS downed Phi Gamma Delta 28 to 20.

Wednesday's Scores  
BTP 41 ATO 22  
SN 35 SAE 27  
PDT 32 TKE 25  
SC 45 DC 30  
LDS 28 PGD 20  
CHI 42 VV 35

Monday's Schedule — 7:45  
Court 1—ATO vs DSP  
Court 2—BTP vs PKT  
Court 3—SAE vs TKE

8:40  
Court 1—DC vs SN  
Court 2—PDT vs LDS  
Court 3—SC vs PGD
