

# THREE CO-EDS FIND RUSH ATTRIBUTES HARD

## Rush Story Comes To Light, 'Queen' Threatens House

A trio of hopefuls assails the Quadruple Eta house while sisters of the sorority wait breathlessly just behind the door to see what this flock of potential pledges will be.

The darling at the right is the girl in the story which is rejected by the sorority and is forced to go barking down the street.

(Editor's note: this is the first of a one-part series in the "Scribe in the Life of a Co-ed" or "The Haze and Daze of College Ways" (Oh, the Fuss Our Parents Raise). The scene is the Quadruple Eta house. The sisters are deeply involved in rush functions and have put their best party manners forward to impress (or depress, as the case may be) the rushees.

They could see them coming up the sidewalk. There was one wearing gold epaulettes and a champagne shantung afternoon dress, gathered sort of at one side with seed pearls and a yellow lawn border printed with sanskrit characters. Another, ten feet tall, was wearing her high school letterman's sweater. And there was another with heels so high that she slanted forward at about a 45-degree angle. From behind the curtains, the sisters gulped nervously.

The rushing chairman tapped one fingernail imperiously against the ritual tambourine and the door of the Quadruple Eta house opened upon the rushees. Or rather, the rushees opened the door because it gave in with a crash just before the rushing chairman finished her business with the tambourine.

**Rushee Grabbed**  
The house president lurched forward, giggling insanely. She grabbed the first rushee. "I'm so happy to meet you, er, er, whatever the hell your name is: I keep trying to remember the names but all week it's just names, names, names—you know."

"You must be real clever, being house president and everything," said the rushee, scratching herself.

"It was nothing," said the president. "I was third vice president in charge of date nights and I said, just casually, 'Probably you girls will want to vote for me, or nobody is going out for the rest of the year, of course.'" She laughed charmingly.

"You have such a real good personality," said the rushee. "I've found that that's the thing I like about this house, everybody has

such real good personalities." "We have no choice," the house president explained. "We have this rule—either you're good looking or you have to have personality. It's the sorority motto—Enos Chi Suromomom Blurbim Chugger (dazzle them with your personality and maybe they won't look at your legs)."

"Such a really lovely motto," said the rushee.

**Signal Given**  
Suddenly the song leader threw a brick through the window and that was the signal for the sisters to spring (or in the case of the house president, hoist herself slowly) to their feet. "One," the song leader shouted. At once, everyone spread her mouth into a natural smile. "Two," the song leader rasped. At two, everyone inhaled deeply. "And three," and at this they began singing "Anchored in Quadruple Eta," which was a very sad song about how one of the founders had fallen into an old abandoned quarry one night after a house dance at Alpha chapter and had been lifted out the following morning by a derrick. Everyone was crying by the time the song ended.

"Beautiful," the rushee sighed. The house president collapsed back into a chair. A young woman was passing among the multitude and she stopped before the house president.

"Hold that stomach in," she snarled.

**Posture Stressed**  
"The rushing posture chairman," the house president explained. "She's really—uh—lovely—but she gets this way during rush week from having to hold everything in all the time."

"What I like about this house is," said the rushee, "that I really feel at home here."

"Say," said the house president, her eyes narrowing, "aren't you the one, we dropped yesterday?"

Are you sure you're supposed to be here? I thought the standards chairman dinged you because of the funny way your ears hang down."

"I could have them lifted," said the rushee hopefully.

"An imposter!" sputtered the house president. "Girls, hustle this wench out of here."

Several brawny sisters approached ominously.

"Don't drop me!" sobbed the rushee. "I want to be one of you—I want to be anchored in Quadruple Eta. I want to shimmy up the ramp into the sleeping porch. I want to feel the ritualistic incense in my nostrils. I want—"

But she was out on the sidewalk. On the outside-looking in.

**Greeks Blasted**  
"It's those dirty Greeks," she muttered. "all the time looking at your ears. If it hadn't been for that springer spaniel on mother's side . . ." and she sat down on the curb and sobbed. "They'll dearly regret this," she hissed through her teeth. "I'll be back—I'll join the National Association for the Advancement of Persons in the Improbable Predicament of Having Springer Spaniels Somewhere up Their Family Tree. I'll come back a thousand strong and break this house. They probably have a clause—I'll get their clause first and then I'll get them."

And she ran, barking, down the street while from within the Quadruple Eta house's latter-day Parthenon could be heard the house president rendering second tenor on "Anchored in Quadruple Eta," now also meaningfully scratching herself.

Antimony: Fee collected by ex-wives smart enough to leave their husbands.

## Secret Tactics Are Revealed By Spy

By MELVIN  
It's a short distance from Moscow to Pullman, but it's a long walk, as many neighboring Cougarites will verify.

However, for the Vandalizing Vandals, it looks as if the glory was short lived. Rumors, which reached the Argonaut sports desk via carrier pigeon, say that the WSC camp is loaded—with grid giants, that is.

Although Skip Stahley has a squad which he says "will equal the fame gained by last year's squad," it will be too bad that Idaho will be marching.

**Spy Speaks**  
Our stookie whispered that WSC's Al Kircher has devised a method to beat Idaho, and plans to use this plan only against the unsuspecting Vandals.

This secret Cougarville trick, and keep this under your hats, is to borrow a few bundles of bulging muscles from the Cleveland Browns. Kircher hopes to include these imports in his travelling squad when they motor over the beaten Pullman-Moscow path Oct. 15.

Using a clever disguise of a Cougars sports writer, our in-

formant arranged a special closed-door interview with last year's walk loser.

**Browns Won't Start**  
"I don't plan on starting any of the Browns, mainly because their abilities could not possibly equal any of the WSC men I have seen in spring practice this year," Kircher stated.

"However, I want them on hand just in case Idaho crosses the mid-field chalk. I like depth and I plan to sneak some of the Browns in behind my own line, giving us two teams for Idaho to crash through each play. With this plan in operation, I know I can't lose."

Our reporter questioned the legality of having more than eleven men on the field at one time, but Kircher had a quick come back.

**Plot Revealed**  
"It is only illegal if the extras are seen. With my plan, they won't be noticed at all. Our Pit Research Lab is busily develop-

ing a rugged and durable invisible paint. They reported this morning that the project is going along way ahead of schedule. So, I am not worried about this small technicality of a rule."

This bit of Cougar underhandness hit us like a bolt of lightning and we of the Argonaut staff are somewhat worried. For if this dirty Cowville trick works, we are going to have to walk.

Let's not say your staff is lazy.

A drunk was standing on the corner singing "Amapola."

An Airdale trotted up and said, "Okay bud, you asked for it."

let's just beg our friend, Skip Stahley, to do something drastic to combat our inevitable doom.

A CLASSIFIED GETS RESULTS.

## There's not enough food for you and the bugs

As any backyard gardener knows, you have a fight on your hands from the moment you turn over your first spadeful of earth. At every step, fungus growths, weeds and insects wait to destroy your lawns, trees, plants, flowers. A disheartening struggle for Greenthumbers . . . a round-the-clock fight for commercial farmers.

Other Standard research achievements have been chemicals to kill aphids, mites, thrips, and similar sucking insects . . . dusts to destroy fungus diseases like rust, blight, mildew . . . sprays and dusts custom-made to knock out such enemies as the grasshopper, boll weevil, hornworm. Other pest-killers boost milk production from our dairy herds, help beef cattle fatten faster.

One good reason you live in the world's best-fed nation is because insect invaders have been held back on our farms, ranches, and orchards, thanks in part to Standard's constant hunt for new ways to make petroleum do more things for you.

But, there's a growing list of weapons you can wield against bugs. Some of the most effective have been developed by Standard's subsidiary, California Spray-Chemical Corporation. In 1907, we brought out the first basic lead arsenate to stop the codling moth, a fruit crop destroyer; later, new-type summer and dormant oil sprays that safely checked scale and other insects.

**Standard plans ahead to serve you better**

Red Spider Mite	Pea Weevil	House Fly	Leafhopper	Diabrotica
Colorado Potato Beetle	Corn Ear Worm	Plant Bug	Mosquito	
Peach Tree Borer	Cabbage Worm	Aphid	Thrip	
Grasshopper	Mexican Bean Beetle	Whitefly	Cattle Grub	Tomato Hornworm

# Trackster Meet OSC Tomorrow

Coach Joe Glander's Idaho track team points toward their first dual meet victory of the season tomorrow when they tangle with Oregon State College Beavers on Neale Stadium track.

**Seek 1st Victory**  
Both clubs will be riding into the meet "winless" and both will be aiming for victory down to the wire. Tomorrow's meet may very well go right down to the mile relay for the decider.

Glander's club will attempt to bounce back from a narrow 10 point defeat from the hands of the Whitworth Pirates last Saturday. Leading the Vandal hopes will be distance ace Lou Gourley in the mile and two-mile. Gourley breezed in easily with a double victory against the Pirates. Gourley ran his all-time best last Saturday when he was clocked in 4:23.5 in the mile.

Hopes for an Idaho victory may rest on the shoulders of Wilbur Gary, the all-around Idaho speedster. If he can compete in the sprints, low hurdles and high jump the Vandals will be on their way to a victory.

Encouraging note was the fine performance of sprinter Gary Dixon. The Vandal 220 and 440 yarder scored impressive victories against Whitworth.

The visiting Beavers are having their troubles with depth and quality of personnel.

Jerry Church, one of the leading javelin throwers in the country, will cause the locals trouble in the spear event. He has a best throw well over 212 feet this year.

## ND Baseball Roundup

The 11 Northern Division rainouts this season has set a new conference record. The old mark was five during the entire season. The losing Idaho Vandals and the winning Washington Huskies have played the most games this season. Division coaches look for an interesting finish as the result of all these cancellations. The other three schools have had the most games washed out.

Washington's Huskies, off to a flying start in the rain-plagued Northern Division baseball race, move into the Willamette Valley for critical series with Oregon and Oregon State beginning today.

The Huskies play the defending champion Ducks at Eugene Friday and Saturday and move over to Corvallis for games with the Beavers on Monday and Tuesday. Despite their perfect 4-0 record at the end of last week, the Huskies need at least an even break the four-game road trip to keep their title hopes alive.

Washington has had little success in the Willamette country in recent years, but with the premium being on good pitching in a four-games-in-five-days jaunt, they have hopes of breaking the jinx.

However, Coach Bill Marx feels that his touted pitching staff hasn't lived up to expectations yet and warns that their efforts to date won't be good enough to beat the Ducks and Beavers on their home grounds.

"We haven't really had a top-drawer pitching performance yet," he says, "and we'd better have some ready this weekend."

The Husky coach doesn't have to remind his club of OSC's batting punch. Last year at Corvallis the Beavers smothered the Huskies 17-6 and 32-7.

While Marx isn't satisfied yet with his pitching, he has been surprised at the punch his club has shown at the plate on two of their four league outings. Leading the Husky hitters is sophomore Jack Brady from Bremerton.

Brady has taken over the regular catching assignments from Jack Ballard, the ND's second top hitter in 1954, and Ballard has moved down to third base. Jack Scott, the regular third sacker, has had to switch to second base, where regular Harvey Jarvis is on the shelf with a sprained ankle.

## INTRAMURALS

Phi Delta Theta became the only undefeated team in the Intramural softball league last night as they defeated the Delta Chi's 8 to 2. The Phi Deltas now hold a 4-0 record while the loss dropped the Delta Chi's down to a 2 and 1 record.

In the "closest game of the day," the Sigma Nu's outlasted the Phi Tau's 10 to 9. The Sigma Nu's opened with a four run blast in the first from which the losers never did quite recover.

Sigma Alpha Epsilon blasted their game with the Filijis wide open in the fourth inning with ten big runs to sew up the game. Beta's seven run third proved the winning margin over Kappa Sig's despite a five run fifth by the Kappa Sig's.

The ATO's dropped the Lambda Chi's 12 to 5 with a big five run fifth inning. TKE's took three big innings—four in the first, five in the second, and seven in the fifth—to drop the DTD, 16 to 8.

Intramural director, Larry Golding, announced that he is calling a meeting of all Intramural Managers to discuss track and golf dates. The meeting will take place Monday at 4:15 p.m. in Room 109 of Memorial Gym.

## Lewiston Star To Join Grid Team

Another member of Lewiston's outstanding 1954 high school football team has signified his intention to enroll at the university this fall.

Darrell Daubert, 5-10, 184 pounder told coach Skip Stahley of his intentions this week. Daubert will join Denny Shoemaker, star half-back of the '54 Lewiston team.

Daubert is the son of Harry (Jake) Daubert who graduated here with the class of 1931.

## Frosh Golfers To Host Lewis And Clark Linksmen

Idaho freshman golfers will play host to a four-man team from Lewis and Clark High School of Spokane Saturday afternoon in their first competition of the season. The match will be held in conjunction with Idaho's varsity match with Oregon.

Coach Tom Miller has named Dick Sheppard, Jerry Ballard and Mike Heaton to the team with a fourth man to be added for the match. Sheppard was the second ranked junior golfer in Idaho last year.

The three worked out at the University course last Saturday.

# Vandals Succumb To Crushing WSC Attack

Idaho's winless baseball Vandals took another one on the chin last Tuesday as they ran into a one-hit pitching job by WSC's Jerry Bartow and dropped their eighth straight Northern Division game, 6-1.

The Vandals collected their one hit and run in the first frame when they put together a beautiful double-steal off of Bartow. Bob Falash was hit by one of Bartow's pitches and gained first base. Mick Polillo followed with a bloop into right field for the only Vandal hit of the game.

Klofner followed with a long belt into center field to advance Falash down to third and Polillo to second. With Don Monson at the plate Falash streaked for home and scored as WSC catcher Bill Rich bobbled the ball.

That was the extent of the Idaho scoring and hitting as the clever Cougar pitcher was aided along considerably by two double plays and all around fine defense.

Washington State tied the score in the third when they capitalized on an error and a ground out and a clutch single by Terry Campbell. Idaho starter Rog "Rocket" Ranta held the Cougars at bay until the seventh inning when the hosts broke loose with four runs. The WSC uprising was highlighted by a omerun by substitute third baseman, Jack Hardman.

Dave Anderson relieved Ranta in the seventh and yielded the final tally in the eighth.

Tomorrow afternoon the Vandals face the Whitworth Pirates on McLean Field starting at 2 p.m. Previously the Idahoans dumped the Spokane nine, 6-3, at Whitworth.

## Lewiston Produces Numerous Stars

Idaho Vandal baseball coach Clem Parberry has high praise for Lewiston's baseball program — from its summer little leagues through high school. Eight Lewiston products are playing baseball this spring at the University.

No other city in the state boasts as many baseball athletes. Four of the former Lewiston High School graduates are varsity members, four are freshmen.

Leading the list on the varsity are seniors Dick Dodel, a pitcher, and Dick Riggs, reserve catcher. The pair was the leading battery for Lewiston in 1951, and paced the Legion juniors to the Northwest regionals the summer before. The other two varsity players are armed forces veterans. Ray Copeland, 1950, and Dominic Polillo, a product of Lewiston High under Roy Smith, are both starting infielders.

Holding berths on the freshmen unit are pitchers Doug Randall and Jim Branon and outfielders Duane Moore and Roger Williams. All four were mainstays with last season's high school squad.

Another Lewiston product is catcher Gener Arnone, ineligible this season as he attended school a year at Eastern Washington. Other area graduates who are currently with the Vandals are pitchers Tom Vopat of Grangeville and Roger Ranta of Kootenai.

Parberry has his eyes on another Lewiston athlete, one who is currently in high school there, Denny Shoemaker, who has made clear his intention of attending the University to play football.

# Indian Squaws In Hell Diver Show

These five Indian squaws will be seen in tonight's performance of "Over the Rainbow," the annual production of the Hell Divers to be held in Memorial Gym pool at 8 p.m. The Indian maidens are (left to right), Jan Daigh, Barbara Simons, Sharon Hays, Mary Jane Milbraith and Karen Wilson.

## Hell Divers Give 2nd Performance At Pool Tonight

Memorial gym pool will be filled with color and pageantry tonight as the Hell Divers present the second performance of their three night stand.

"Over the Rainbow" will be the theme for this year's event. Each act of the show will be represented by a color of the rainbow. Featured in the acts, which will vary from comedy acts to ballet, will be two duets, one by Mary Dunn and Julia Whitney. The other duet will find shadow swimming with Gene Anderson and Betsy Dereginec.

In another act Bryon Richards and Ralph Provençal will give fancy and comedy diving acts. Also on the program will be an Indian sun dance featuring eight lovely squaws. A French chorus line will also be presented in the act with Jan Daigh, Barbara Simons, Sharon Hays, Mary Jane Milbraith and Karen Wilson.

Salome, the first woman to discover the relation between gauze and effect.

## Evergreen Prep Stars To Enroll

Two Washington state high school football stars will enroll at the University this fall, it was announced this weekend.

Dick Moore, a three sport letterman at Kahlots, Wash., high school and Everett Cole, Jr., 6-5 end from Harrington, Wash., high school.

Moore made his college education site selection during a recent visit at the campus. Cole's father, Everett, Sr., informed the school yesterday that his son would come to Idaho to major in agriculture. Moore plans to study physical education.

Cole weighs 215 pounds, Moore 220, (the latter a fullback. Moore will play on the Washington All-State prep team this summer.

The first year Idaho competed in all Pacific Coast conference basketball, 1922, they won the title, winning eight straight games. Idaho has won 17 individual championships in NCAA competition.

### Cow College Humor

## Legislatures Face Problem Of Combining Two Schools; Assets Told

Latest proposal before the legislature of Idaho and Washington states is combining the University of Idaho and Washington State College into one happy family. It has been suggested that this new duo of the Upstate U and the State College of Dry Land Farming, be named Van-Cow Ville. All athletic teams would be the "Van-Cows" and school colors would be white and brown.

It has not been decided which school will be moved physically, or if both will be moved to a mid-way point on the highway. It might be necessary to have breaks between classes last two hours and 37 minutes, that's normal walking time between the campuses. At least 20 enterprising B.A. majors could get practical working experience by setting-up comfort or "aid" stations along the

In keeping with the progressiveness of the educational field, all vehicles other than the "two-footer" would be outlawed. Piggy-back rides of over 26 yards, parking on the same stool in the same establishment over 20 minutes and forgetfulness that "two is company" are all violations subject to be dealt with by the third party now in power.

**More Queens Seen**

Such a coalition would lead to twice as many queen contests and everyone should go for this because there would be twice as many "queens." It would be necessary to add other King and Handsome Harry contests to give all the "hoods" a chance. Mr. Universe might be a possible addition, based on tiddy-wink or aggie shooting ability.

The merger would diminish the amount of rivalry now existing between the two schools. Such questions as who lifted the TKE cannon and the football goalposts, who painted the water towers and arch, and who burned large letters in the football field would be solved. At least such things would be intra-campus affairs. Seniors of both schools who have a burning desire to leave a mark in their own school field and have it blamed on the other school could get together and leave the first "V C V" imprint.

**New League Set**

With twice the talent to draw from, all athletic teams could rightfully compete with such schools as Boise Junior College, Idaho State, and the State teacher's colleges. Idahoans now count to 10, oblivious of the fact it took them 29 years to do it. With the combined teaching experience of a prospective Idaho governor and Kircher, there wouldn't be an unconquerable team in the country.

It would be necessary to leave wild cow milking in the athletic curriculum to satisfy the dryland farmers still in existence. The new skating rink, costing in the neighborhood of one million dollars, would open up a new field of nine mile stretch.

entertainment for collegiates. It would be heated for the convenience of snow-bunnies that enjoy winter sports but can never quite get outside to participate. There would also be an 18 hole golf course available.

**Athletics Slated**

For all archery majors who feel they have been wasting their time shooting arrows at regular targets, the newest diversion is shooting crested arrows at car tires. Scores would run on a graduated point system, with a trophy given to each year's high hot shot.

# GRID RESULTS REVERSED; QUARTERBACK CINCHED

## Tragedy Strikes Grid Crew; Gary Goes Pro For Olympians Berth

The University of Idaho lost one of its all-time greats today, when Smedley Gary signed a \$10,000 plus contract with the San Francisco 49ers. Last fall the "Idaho Idol" broke all rushing records in the PCC.

**Loves the Game**  
When asked why he decided to make the big jump to pro football Smedley replied, "It's not that I love Idaho less, but I love money more. Frisco also has a better style of pay!"

**Rath to Idaho**  
Rumor has it, here in the sunny climes of Moscow, that the Vandals fans are taking up a collection to back their "Rath to Idaho" campaign. Rath is currently the full-back for those nasty Cougars over in the backwoods of Pullman.

**Coach Kircher of WSC commented,** "I figure if we can get a pretty good price out of Denny, we should sell him by all means. We don't have a chance in the league this season, anyhow. I'd like to sell Frank Sarno to them, too. Four of our surplus quarterbacks have already been shipped out to various conference schools. Sarno will replace Eid Georgam,

key figure in the eligibility ruling which reversed the results of last fall's Idaho-WSC contest.

### Thinclads Edged By Lewiston Tech

Lewiston Tech., after a shaky start, swept the last 14 events Saturday to edge the University of Idaho thinclads 126-5.

Idaho coach, Joe Glander, said after the meet, "We got a couple bad breaks, you can't win 'em all."  
The only Idaho score was posted in the ax-throwing event, where Humphrey Sigafos, giant lumberjack, won with a heave of 12 feet. Sigafos was suffering from an upset stomach at the time.

This was the Idaho team's second straight defeat, having previously lost a 105-20 meet to Union Gap, J.C. In this meet, Herman Atlas, Idaho's fine shot-putter, putted a tremendous 40 feet, three inches to break all existing school records.

Next on the Vandal schedule will be a triangular meet with Eastern Washington College of Education, and the Orofino Athletic Club.

### Cougars Seek Revenge, Hire Outside Help

Olympic games competitors will have a rough time of it when the 1956 Olympics take place at Melbourne, Australia. The whole Vandal track team has petitioned for entry into the games.

The petition as yet has not been accepted, but with such an outstanding array of men comprising the team, there will be no question of its acceptance.

**Garlo Wilbrey Broadjump**  
Here are just a few of the Idaho candidates for the All-University track team: Garlo Wilbrey is an outstanding sprinter and broad jumper. Just last week he set new records in all of these events with 1.3 seconds in the 100 yard dash, 3.0 seconds in the 220 yard dash, and a broad jump of 75 feet 10 1/2 inches. He stands a fair chance of bringing home points from the Olympics.

Distance events will be handled by Jim McKeown, who is going to transfer from a certain "cow college" just across the state line in Washington. Jim has run the mile and two-mile races in 1 minute and 53 seconds and our minutes and 37 seconds respectively. He's been working out for the 26-mile marathon and his best time has been one hour and 48 minutes, but he expects to get a better time after working on it for a few more weeks.

**Chimp Vaults 30 Ft.**  
All Chimp Anzee had to say about his pole vaulting was, "That Kenaston over at WSC had better watch out. Have a banana." Chimp has been consistently vaulting over 30 feet this season, but he is ineligible because of grades.

And now you have it, sports fans. After this report on the records of the Idaho track team it is quite obvious that the athletes representing the Universe will be surprised when they face this caliber of competition that we have cultivated on this campus.

Beta: "What happened to your finger?"  
Phi Delt: "Oh, I was downtown getting some cigarettes yesterday and some clumsy fool stepped on my hand."

### Cougars Seek Revenge, Hire Outside Help

It's now official. WSC's record of 30 years of dominance over Idaho football squads is still intact.

Victor O. Schmidt, commissioner of the Pacific Coast Conference, announced in a press conference yesterday that in a meeting of the coast athletic directors, held on Wednesday, it was decided that the 1954 Idaho football victory over WSC would be reversed. This was because, said Schmidt, of an "eligibility difficulty" concerning a Vandal player.

When interviewed by Argonaut reporters Georgam broke down and wept. His only comment was, "Do this mean I have to give back me yellow shoes?"

### \$840 Investment Brings Many Wins

The Idaho Vandals with their brand new baseball uniforms have finally begun to look like a baseball team. The \$840 spent on the gray and gold outfits has been the needed incentive for the Vandals.

In eight outings thus far this season, the team has rolled over all opponents. Teams falling under the heels of the Vandals include: the University of Washington, WSC and the Brooklyn Dodgers.

The exhibition contest with the Dodgers was their closest encounter, barely winning by the score of 28-3. The games with the Washington schools had to be called off after three innings of heavy artillery barrage from the Vandal bats.

Dick Droodle, iron man of the pitching mound, has turned in six no-hitters. In the Brooklyn game, Jackie Robinson of the Dodgers walked three times, stole 9 bases, and scored Brooklyn's only three runs.

### Idaho Win Nullified By Eligibility Ruling

Winning one football game from the WSC Cougars in the last 27 years appears to have been the greatest thrill of the century for the victory-hungered students of the University of Idaho.

Now that WSC has given the Vandals renewed hopes that it is possible to win once in a while—even if they do have to wait around 27 years for a miracle to happen—the students at Vandellville can go into hibernation for another decade or two.

**Next Win in 1981**  
If the cycle runs true to form pull another nation-wide upset around the year 1981. If any students here believe in long range planning they might tell their future children that if they are hanging around the U of I about that time there is a slim possibility that lightning could strike twice.

It might be wise for the potato farmers in Idaho to scout around for a native Idahoan for president of the United States. If they play their cards right a national holiday might be granted, because it's not an every year occurrence when Idaho can defeat their cross-state rivals in football.

**Shoe Repairing Drop**  
Another item which should be brought to Vandal student attention: The local shoe repair merchants, who have built up quite a trade in the last few years, will run out of business if the Cougars do too much walking.

All in all it's going to be a long decade or more before the Cougars will feel like trudging that nine miles to Moscow.  
Those extra thick soles should be a 'must' as those Vandal 'dogs' are going to be awfully sore when the ever faithful line reaches the familiar confines of the State College of Washington campus next fall.

Hand off, Columbus. You've discovered enough.

### Clox Journeys To Vandellville

Bobby Clox, world traveler and occasional football player, was reported en route to the University of Idaho today. The Idaho coaching staff refused to comment on the journey of Clox.

**Spectacular Record**  
Clox, as the reader will recall, has attended 17 colleges and universities in his eight years as a college student. Athletically Clox has senior standing, scholastically he is a second semester freshman. The quarterback, who last year was voted all-conference in the PCC, the Skyline Conference, the

Big Seven, and the ACC, left the University of Washington in disgust a month ago after someone let the air out of his Cadillac's tires.  
Clox is expected to arrive at 7:33 Friday evening. He is flying his private plane from Notre Dame where he recently attended several classes.

### Hoopsters Vs. LaSalle In Basketball Classic

The University of Idaho Department of Athletics announced yesterday that the Vandals are scheduled to meet LaSalle in a hoop clash next January. The battle is set for Madison Square Garden.

Things began popping for Idaho after their two spectacular victories over the Cougars from WSC. Several big name colleges wired offers to coach Hubert Flimsey in hopes of matching Idaho with their schools. Offers included: LaSalle, San Francisco University, Kentucky, WASHINGTON STATE COLLEGE, U.C.L.A., New York University and Rio Grande.

Flimsey stated, "I got a couple of good frosh coming up for next season. Let's see, there's Rajah Walzer a 6' 4" flash from Smokey Valley High School in Spokane. Rajah made all-state, and we feel he is a cinch to make the All-

American team next season. We was lucky to grab him out of the mitts of old "Platoons" Friel. I guess our campus just has it."  
He added, "Jerry Chimply, a transfer from Ubangi J.C., ought to strengthen our squad. He's only 7'6"; but then again, considering he's only 5 years old, we can't expect too much.

A man was driving an auto with his wife in the back seat and stalled his car on the railroad track with the train coming. His wife screamed, "Go on! Go on!"  
Her husband replied, "You have been driving from the back seat all day. I've got my end across. See what you can do with your end."

"Are you entertaining a man in your room?" asked the house detective. "Just a moment and I'll ask him."

### 'XZ' Confessed Head Of Smuggling Ring

Now for the first time my story may be told. It makes no difference to my own personal safety for tomorrow I am leaving to go into exile in Lewiston.  
I am known as "XZ" but you are my friends so you may call me "x."

**Goodies Ring**  
For five years I smuggled beer and cigarettes and pictures of young ladies to the athletes of the University of Idaho in the catacombs beneath Memorial gym. For five long years I worked under the very noses of the Idaho coaching staff.

I can remember the poor boys, confused and tired from the rigors of giving their all for dear ole Idaho, who used to come to me for guidance. I sent them away feeling uplifted and joyous, for a small fee (they never could seem to understand that opium prices are always going up).

I was well rewarded for my five years of youth work. I bought myself 12 Cadillacs and four or five modest penthouses.

**Ship Arrives**  
Then came the revolution. Out of the midwest came that symbol of law and order, Ship Stoooley, Fresh from the Chicago Cardinals looking for a new cause to fight for. He found Idaho, sunken be-

neath the majestic Palouse hills. He found a football team that had only come in contact with the word victory from Webster (i.e.—"Victory is the state resulting from the overcoming of an opponent or opponents in any contest, or from the overcoming of difficulties, obstacles, evils, etc., considered as opponents or enemies").  
Stoooley then, of all the unheard of things, put a football team on the field that won a game. From then on he was in.

**Stoooley Crusades**  
But Stoooley was not satisfied to only win football games (imagine that—winning football games at Idaho) he also wished to crusade in other ways.

I found out just in time of his plan to raid my Boys' Fun House and Intellectual Outlet. I am packing now and shall soon leave for Lewiston and safety. I am packing my post cards (each one with a picture of a different girl, in 12 startling colors, 12 — count them.)

### Under The Water Pail

**By MUSCLES**  
Latest short shots from here to eternity and back... Fin Kleffner, that noted aquatic ace that used to wander around here, recently set a new world's record for underwater swimming by churning the Memorial gym pool for 28 laps under the surface. Too bad he drowned.

News has leaked over from that little hamlet nine to the west, that a congregation of football players that were not there last year are reported to have arrived on the COUGAR campus. Says one eye-witness, "they drove them in on trucks—with bars... that Kircher he'll do anything to win."

Hedgehead, the local basketball tutor, says that he doesn't think that Idaho's basketball schedule next year is suicidal. "Just because we're gonna play La Salle,

Kentucky, Bowling Green, Wellesley and USF, everybody's getting all shook. There are two reasons why I like our schedule; first, look at the experience our boys will be getting and secondly, I'd like to see New York myself."

**Pessimists on campus feel that intercollegiate sports at Idaho ought to be abandoned.** Said one, "Idaho might as well hang 'em up because they're always losing. Name any sport and they lose. I'll bet that they'd get beat at losing the caber." Think his name is Babe something-or-other.

She—"I feel too warm."  
He—"Take off your sweater."  
She (minus sweater)—"My, I feel thin."  
He—"Yes, you do."  
She—"What?"  
He—"I mean, do you?"
