VOL. 60. NO. 13

THE IDAHO ARGONAUT, UNIVERSITY OF IDAHO

FRIDAY, NOVEMBER 4, 1955

## Dean Of Men C. O. Decker Restates Liquor Policy In Letter To Students

The GOLDEN FLEECE by Jason

The University of Idaho Marching Band has two problems, practice time and money, Warren Bellis, Idaho bandmaster, revealed Wednesday afternoon in a conference with interested students.

Questioned by a committee composed of Chuck McDevitt, ASUI president, John Thornock, ASUI vice president, and Gary Pietsch, Jason, Bellis explained that the band was limited to its activities due to these two problems.

He stated that in regard to the practice time, to be effective the band should meet at least one hour every day. The band now meets one hour on Monday, Wednesday and Friday. In asking for more practice time or a change in the schedule, conflicts develop with other music organizations such as Vandaleers and orchestra. Bellis asserted that the music department had been wrestling with the problem for years to no avail.

Pertaining to fund, Bellis explained that although the band was getting its fair share in appropriations, the operating money advanced to that department is just too small to allow any extensive operations.

Reviewing the uniform situation, Bellis quoted that it would cost approximately \$100 per uniform to equip the band members the way they should be. He said that no less than 100 uniforms would be needed to outfit the present group in a variety of sizes composed of 60 to 70 people. He stated that the Music department had no such fund to invest in a uniform buying program. He hinted that help would have to come from outside sources, as the department's hands were tied.

Questioned on morale factors of the band, Bellis stated that the band was aware of the problems but due to the lack of cooperation of the student body and other organizations over the past few weeks, morale was at a low ebb. Explaining his own views, the band master said that he was glad to see that their problems were being made known to the student body.

Bellis stated that had the Argonaut discussed their problems before last month's editorial, the people concerned might have realized the uselessness of pursuing it any further. Instead the Arg threw light on the problem and got the student body interested in the situation, said Bellis.

The next question is—what can the student body do to alleviate the situation?

The committee came up with some ideas that will be presented to the ASUI Executive Board. They may work or they may not. The thing about it is that we are trying to do something about it. It is just another facet of building a better University of Idaho and therefore worthy of student backing.

Due to unforeseen circumstances, the Arg flubbed on the drama story last issue. We said that only drama students could try out for the new ASUI play "The House of Bernarda Alba." As it turned out, anyone could have tried out provided that they were of the feminine gender. With the all girl cast it offers swell opportunities for male property men.

### State PTA Veep Speaks On Radio

Dr. Herson Snyder, state vice-president of the PTA, will speak on education on the next Here We Have Idaho program.

Also on the same program will be Archie Harney speaking on improved agricultural methods and answering questions on farming problems, and Regent John Remsburg speaking at the dedication of Gault-Upham dorm. There will be music by the Vandaleers and the University Concert band, and a discussion on football by Bob Tracy and Gene Stauber.

### Atomic Speaker

Dr. Ralph E. Lapp, director of Nuclear Research, will speak on "The World of Tomorrow" at 11:00 o'clock, November 11, in Memorial gymnasium. Dr. Lapp is a noted atomic energy researcher and scientist.

## Bushy Men Are Ready For Dad

Beards began sprouting all over campus this week as Vandal men prepared for Idaho's annual Dad's Day Nov. 19th.

Meanwhile, the Dad's Day committee headed by Frank Nosek announced other major activities for the week end. Nosek said the Pop's Hop open house following the Idaho-Montana football clash Saturday afternoon and house decoration competition will highlight the activities.

Other committee members will be appointed next week. Nosek said that letters and schedule cards especially for the honored Dads will be distributed to living groups soon. Registration procedures will also be completed next week, the chairman said.

## Men And Women Debate Teams Being Organized

The annual intramural debate tournament will begin Saturday as teams from men's living groups clash on the subject, "Resolved, that the non-agricultural industries should guarantee their employees an annual wage." The tournament is sponsored by Delta Sigma Rho, national speech honorary.

## Students Are Safe? More Men Than Women Have Cars

Debates will begin Saturday morning at 9 o'clock in conference rooms A, B and C and the executive board room of the SUB. Girls' debates will begin Saturday, November 12. The winning men's team will compete with the winning women's duo to determine the winner of the Dean Holyoke Memorial trophy.

Men's groups that have announced the intention of entering teams are SAE, Willis Sweet, Phi Tau, Sigma Chi, Beta, Delta Sigma Phi and Delta Tau Delta, according to Charles Oldham, tournament chairman.

The women's competition will be run off in round robin style. Delta Sigma Rho members will serve as judges. Women's groups which have entered teams are Alpha Phi, Delta Gamma, Kappa, Pi Phi, Ethel Steele, and Theta. Any other group interested in participating should contact Joy Chilcott, Alpha Phi, phone 2135.

Delta Tau Delta took the trophy last year with a team composed of Don Lawrence and Allen Comp-ton.

The increase in cars has made the parking problem an extensive one. Local gendarme Fred Pennell, has asked that students help in alleviating the problem by observing parking and traffic regulations. He said that too many students drive cars to class, bottlenecking intersections between class periods, and causing authorized personnel to park in illegal spots.

### IKS, SPURS DANCE

The first IK-Spur exchange of the year was held Wednesday night in the SUB Dipper.

## Campus Anti-Liquor Rules To Be Strictly Enforced

Drinking has been, and still is, a serious problem on the University of Idaho campus, according to Charles O. Decker, director of Student Affairs. Due to the increasing number of violations, the administration has restated and tightened the regulations regarding the use of alcoholic beverages.

Dean Decker issued a policy concerning drinking on campus. The use or possession of beer, wine, or any other form of alcohol is forbidden in any sorority, fraternity, or other recognized living group, as well as in all University buildings, the statement said.

The use of alcoholic beverages at dances or other functions is taboo. This includes dances sponsored by clubs and other recognized groups as well as living groups. Functions held off campus are covered by all regulations in this new policy.

The policy places responsibility jointly on the president and social chairman of the organization concerned for seeing that all members of the group understand and follow the regulations. Dean Decker urges that the new policy be taken into consideration when planning social events.

Students who violate the rules set up by the Office of Student Affairs will of course, be subject to disciplinary action. An offending student can be suspended or expelled from the University.

Living groups and other organizations are likewise eligible for disciplinary action if they are caught violating the new policy. The penalties can include social probation, and suspension or revocation of their charter.

When administering penalties, the University Discipline Committees will be guided by the terms of the new policy, said Decker. Students and living groups are also urged to have knowledge of the state and local laws regarding alcohol and minors.

A copy of the new rules and regulations will be sent to all living groups, said Decker.

## Food Reveals Personal Type

MANHATTAN, Kansas (AP)—The Kansas State Collegian observes that psychologists have discovered a new and fertile field... one centering around the knife and fork.

An assistant professor of home economics at Wayne University claims she can tell what kind of person you are by what and how you eat.

"Substitute eaters" who like pie for breakfast, and dessert before the main course, show they have grown up feeling insecure and unloved, she claims. They let food take the place of affection. So does the anxious eater, who has a long list of foods that upset him.

Then there's the "ritualistic eater" who must always eat on time and was "probably always" protected from drafts and made to wear his rubbers. The "spoiled darling," often considered frail and pampered, gets a kick out of food fad cults.

The "indifferent eater's" parents made him eat what he served. Now he pays no attention to food, preferring drink.

While a child, the "irrational eater" rebelled against authority. Now he would rather disobey his doctor and suffer from ulcers than go on a diet.

Recognize anyone you know?

### Positions Announced

The Placement Bureau has announced interviews for seniors interested in positions with large companies.

Interviews on Nov. 7 will be with Carter Oil Co. for geologists, geological engineers, electrical engineers and physicists.

On Nov. 8 Carter Oil Co. will again interview along with Convair Representatives in the Engineering building.

Nov. 9 the Trane Co. will be at the Engineering building to see mechanical engineers; San Francisco Naval Ship Yard will be there also to see engineers.

Nov. 10 Post and Geodetic will be at the Engineering building; Crown Zellerbach will be at the placement office to see chemical engineers, mechanical engineers, industrial engineers, chemists, salesmen, and accountants.

Nov. 11 the Texas Co. will see engineers at the Engineering building; Boeing representatives at the placement office will interview accountants, statisticians, production managers, cost estimation and analysis students.

On Nov. 14 North American Aviation Inc. will interview engineers at the placement office; General Electric will also be at the Engineering building to see engineers and in the placement office to talk to chemists, physicists and metallurgists; Equitable Life of Iowa will be in the placement office from 9 to 12 a.m. to talk to salesmen from north Idaho or eastern Washington. Touche, Bailey, Niven and Smart Accountants will interview accountants at the placement office from 1 to 5 p.m.

### PERFECT HUSBAND

From the Colorado School of Mines comes this thought: to a woman the perfect husband is one who thinks he has the perfect wife.

## Campaigns Readied By Campus Politicos

All three campus political parties moved their campaign machinery into high gear in preparation for the election of class officers, which is only one week away. Group visits to living groups will continue through this week and will wind up next Wednesday.

In meetings held this week, the United Party has mapped out its platform. The platform contains the following as the main points (1) The class should be a more integrated unit—it should be organized early in the year so as to plan for successful traditional events and so the class can better know itself and the others in it; (2) The class activities should be re-vitalized. Certain old traditions such as Frosh Week, Holly Week and Junior-Senior Ball should be continued, but new ideas can be brought in. In addition to these, there are unlimited fields of new things to do in the way of spontaneous activities; (3) Class projects for the good of the University and/or the ASUI should be revised.

Ray Wilke, United campaign

chairman, stated, "If class officers want to do more work, then they should work for their classes," in reference to the United Platform.

United Caucus president, Roger McPike added, "We do not feel that campus committees should become a political issue in class elections and if the class officers have an interest in these committees, he will participate through the regular channels."

United Schedule

The United Party has started tours with its candidates and the schedule for visits that remain is as follows:

Friday, November 4: Sophomore and senior: noon, Chrisman Hall and Willis Sweet Hall; SAE, Phi Kappa Tau and Delta Sig at dinner. Freshmen and junior: Alpha Chi and Sigma Nu at noon; Alpha Phi, Tri-Delta and Lambda Chi for dinner.

Monday, November 7: Sophomore and senior: Pi Phi and ATO at noon; Kappa Kappa Gamma, Phi Delta Theta and Phi Gamma Delta at dinner. Freshmen and junior: Forney, Hays and Ethel Steel at Lunch, and Campus Club at dinner.

Tuesday, November 8: Sophomore and senior: Lindley and Delta Tau Delta at noon; Sigma Chi, Beta Theta Pi and Delta Gamma at dinner. Freshmen and junior: Tau Kappa Epsilon and Gamma Phi Beta at noon; Kappa Sigma, Delta Chi and Kappa Alpha Theta at dinner.

Wednesday, November 9: Sophomore and senior: Alpha Chi and Sigma Nu at noon; Alpha Phi, Tri Delta and Lambda Chi at dinner. The freshmen and juniors visit Chrisman and Willis Sweet at noon, and wind up at SAE, Phi Kappa Tau and Delta Sig at dinner.

SG Changes

Changes in the schedule of visits for the Student Government party are: Juniors and sophomores will visit Upham Hall at noon today instead of the Pi Phi and Gault on Saturday noon instead of ATO. ATO will have a visit scheduled at noon Wednesday instead. Night appearances at Gault and Upham are cut out. Freshmen and seniors will visit the Sig Chi house at noon Wednesday.

Bob Ridener, SG campaign chairman, stated, "For the past several years the students have expressed the idea that the class officers, who as a rule are qualified and capable people, should have responsibilities to utilize their abilities. The SG party believes that its platform forms a solid basis for the adoption of this idea."

Independent Schedule

The Independent House introduction schedule is as follows:

Friday, November 4: Sophomore and junior: lunch, Pi Phi and ATO; dinner, Kappa Kappa Gamma, Phi Delta Theta and Phi Gamma Delta. Freshmen and senior: lunch, Forney and Hays; dinner, Ethel Steel and Campus Club.

Monday, November 7: Sophomore and junior: lunch, Lindley and Delta Tau Delta; dinner, Sigma Chi, Beta Theta Pi and Delta Gamma. Freshmen and senior: noon, TKE and Gamma Phi Beta; dinner, Kappa Sigs, Delta Chi and Kappa Alpha Theta.

Tuesday, November 8: Sophomore and junior: lunch, Alpha Chi and Sigma Nu; dinner, Alpha Phi, Tri-Delta and Lambda Chi. Freshmen and senior: lunch, Chrisman and Willis Sweet; dinner, SAE, Phi Kappa Tau and Delta Sigs.

All visits will wind up by Wednesday night and the election will be Thursday, November 10.

## Oregon 'Pantyrail' Brings Punishment Upon Participants

Four freshman men involved in Thursday night's "pantyrail" at the University of Oregon were suspended for the remainder of the winter term, announced Ray Hawk, associate director of student affairs.

Some punishment was given to women of the various living groups involved. This consisted mostly of restrictions and loss of weekend privileges.

The four suspended men have no privilege of appeal as far as this term is concerned, Hawk emphasized. However they may register for the spring term. No names were disclosed.

## Executive Council Selects Delegates

Class representatives to the Cadet Executive Council of the University of Idaho AFROTC were elected last Thursday at a meeting held in the Ag Science building.

Those elected to the council were: Seniors, Lisle Hicks and Bill Carson; juniors, Jim Buckley and Bob Koontz; sophomores, Knute Westergren and Dan Davis; freshman, J. T. Owens and Dale Williams.

## U. Thanked For Aiding Celebration

The Lewiston Chamber of Commerce has thanked the University for its part in the three-day Lewis-Clark Sesquicentennial celebration early in October.

Chamber President A. L. Barnes wrote President D. R. Theophilus concerning the school's good will gesture in connecting the Homecoming activities with those at Lewiston, and also reported on Lewiston's feelings about the cooperation between the University and the newly opened Lewis-Clark Normal School.

Barnes said in the letter that "So outstanding has been the exchange of good will gestures from the student body at the University, and the Moscow citizens in recent local events, that we as a Chamber, feel that some public mention should be made of the fact. During the Sesquicentennial Celebration that cooperation was most appreciable."

"It appears to us here in Lewiston that your entire staff under Dean H. Walter Steffens is doing an outstanding job of the entire operation."

"This mutual display of interest, cooperation and respect, we feel, is appropriate and we know that your faculty and student body can count on that continued support from this area."

## Grads May Teach In Colombia; Two Jobs Are Open

A chance to teach and study in Colombia is open to U. S. college graduates, announced Kenneth Holland, president of the Institute of International Education, 1 East 67th Street, New York City.

The University of Caldas in Manizales, Colombia, offers two teaching assistantships to American graduate students for the 1956 academic year. December 1, 1955, is the closing date for application.

Eligibility requirements are: U. S. citizenship, a bachelor's degree by date of departure; the maturity, articulateness and initiative necessary for teaching; good moral character, personality and adaptability; proficiency in Spanish, and good health. Both men and women are eligible for the awards.

The assistantships include a month, room, and tuition in any faculty of the University.

## IRC Appoints Two To Posts At Meet

Discussion of future programs and appointment of two program chairmen for the coming year took place at a business-meeting of the International Relations club Wednesday in the Pine Room.

Waino Peterson and Arlie Caudle were appointed to the program posts, according to club President Richard A. Cook.

Germany's problems today, including unification and the Saar region, will be the topic of Dr. Ehrhroth Beringer, a member of the University staff, for a speech and informal discussion.

## Coming Atomic Scientist Would Reduce Secrecy

An atomic scientist who recently asserted that the U. S. government is withholding vital information about nuclear weapons from the public is slated to speak at Memorial Gymnasium Nov. 11 at 11 a.m.

Dr. Ralph E. Lapp, director of the Nuclear Science service and well-known writer on the atomic age will be the second in a series of speakers in the public events series and will talk on "The World of Tomorrow."

Lapp, who served as division director of the famous Manhattan project during World War II and led the scientific group at Bikini, said in Bridgeport, Conn., recently the United States government is too secretive about atomic research and progress. He asserted that the Russians had "touched off" an atomic explosion in the past month and that the American public should know about it.

In an article in a leading national publication this week he also advocated an exchange of ideas between scientists all over the world.

Pointing out that atomic bombs are inexpensive, Lapp has said the temptation will be irresistible to rely upon atomic weapons for security—with the result that eventually no nation will be in a position to wage a major war in any other way.

Lapp this summer attended the first International Conference on the Peaceful Uses of Atomic Energy, under the sponsorship of the United Nations. Seventy-two countries participated.

"One thing seems clear," Lapp told a recent audience; "never before has the final outcome of a war been so predictable—there will be no winner even though one may emerge under the assumption he is the victor."

### COMING EVENTS

SUNDAY  
Lutheran Student Association  
Coffee Hour, 4:5 p.m.

MONDAY  
Blue Key, 12:30 p.m., SUB  
Lounge 2nd floor.  
ASCE, 7 p.m., Borah Theatre,  
Speaker will be G. A. Riedesel.

## Dear Jason

Open letter to the Student Body  
 We feel that the emphasis on class officers should be along the lines of improving, bolstering, and revitalizing the various class organizations and their activities. This task is the primary one for the class officer whose main purpose is to make the class an outstanding unit and a well integrated group to which one belongs with pride. The main function of the class is to operate smoothly as a group so as to better accomplish its traditional activity, the class week, with efficiency and success.

This traditional class activity is not the limit of possibility, but rather it is a foundation from which a set of officers with initiative and imagination can branch out with new activities and ideas—all designed to bind the class more closely together and provide the maximum of enjoyment out of our years at college.

We are not interested in electing committee chairmen, because these committees have in the past and will continue to operate successfully under the present system of selection and appointment of persons interested primarily in the success of these committees. Rather, we are interested in restoring the class as an organization—revitalizing and re-emphasizing it so it may be something you enjoy.

## Thometz Honored Cleveland To Give Report On Dairy Pasture Research

Joe Thometz, Lewiston, may have retired September 30 after 34 years of University of Idaho service as an agricultural extension representative, but he was back with his colleagues for new tribute.

Thometz, who was Nez Perce county agricultural agent for 26 years, was the honored guest at a dinner held by the members of the agricultural extension service at their annual meeting here. On behalf of the extension workers, C. O. Youngstrom, Boise, associate director of the service, presented Thometz with a typewriter.

This was the second time the men and women with whom he had worked had honored him. In 1953, they selected him to receive the plaque awarded by Lederle Laboratories of Pearl River, N. Y., for the outstanding Idaho county agent of the year. The presentation was made at Boise by former Governor Len Jordan.

To do these things will require that the voter select officers for his class which have the determination to make a success of what is traditional as well as to try something new. Only this will restore the class to its original and rightful position.

We leave these considerations to the student body—which will it be? Roger McPike, Pres., United Ray Wilke, Campaign Chair.

**WINTER COMES HERE**  
 November brought its first taste of winter to Moscow, November 1 temperatures ranged from 26 to 36 with a trace of snow. The second day of the month brought temperatures ranging from 25 to 38 with 3 inches of snow covering the ground. The slippery roads have caused no accidents so far this year in the Moscow area.

**MARTIN TO SPEAK**  
 Dr. Boyd A. Martin, dean of the College of Letters and Science, will give a talk on the United Nations at the Cosmopolitan Club meeting Nov. 6, 2:30 p.m. in the South Ballroom of the Student Union Building. There will also be a business meeting to decide on activities of the Club and use of the International House. Dappling and open-house will follow the meeting.

The dairy-livestock short course is being sponsored by the departments of dairy husbandry, animal husbandry and veterinary science. Material will be presented on feeding, breeding and disease control of each major type of livestock.

The course will feature the type of information producers can take home and use. Four emphasizes: "For instance, there will be sessions on feeding, all types of livestock. These will include how to calculate rations to take advantage of low-cost feeds."

**LOSE ANYTHING?**  
 If you have lost anything please call at the Registrar's office and see if it is in the collection of articles turned in. We have at this time several men's jackets, one man's suit coat, women's scarves and gloves, jewelry, nine pair of glasses and many other items. Please come in and pick up your lost articles.  
 Bartender put two cherries in my Manhattan. My doctor told me I should eat more fruit.

## Course Sponsored By Weedfighters

Men who fight weeds will pool their ammunition for another round in the continuous battle when they come to the University of Idaho campus, November 14 to 19, for the third biennial weed-control short course. Wayne Gass, Jerome, president of the Idaho Noxious Weed Association, announced today.

The course is sponsored by the agronomy department. Specialists in weed control will review their work. Clarence Seely and Lambert Erickson agronomists, will discuss methods; and weed identification. Robert Higgins, extension agronomist, will outline crop rotation in weed control. In addition, Harold West, commissioner of agriculture, will discuss the Idaho weed, seed, and feed laws.

L. S. Rasmussen, a WSC agronomist will present a paper on the action of 2,4-D in cereal crops, and G. O. Baker U of I soil technologist will discuss weeds associated with cropping areas and systems.

## CLASSIFIED

**FOR SALE**—'42 Dodge coupe, fluid drive, radio and heater. Completely overhauled last summer; good rubber. Priced for immediate sale—\$149. Contact Tom McDevitt, 329 Upham hall.

He: Whisper those three little words that will make me walk on air.  
 She: Go hang yourself.

# Parties' Retreats Highlight Program

Retreats and parties will highlight church group meetings this week.

**WESLEY FOUNDATION.** Wesley cabinet will meet tonight at 6:45 to plan the annual fall retreat and to elect a worship chairman. Following the meeting the Foundation will leave from the CCC to WSC for a sports variety party. Transportation will be furnished.

Weather permitting, Saturday afternoon at 1 the group will leave the CCC and go to Shirley Mortenson's on a lumberjack party. Sunday evening meeting will feature a community sing and a report by the finance committee.

**NEWMAN CLUB.** Initiation will be held Sunday night in the parish hall for freshmen and new students. A supper will be held beforehand at 6 p.m. For transportation call 29454.

Anyone interested in accompanying one or more of the children from St. Joseph's Children's Home to the Dad's Day game, contact Paul Moore, Lindley Hall.

**INTER-CHURCH COUNCIL.** First in a series of firesides sponsored by the Council will be held this Sunday at 7:30 at the CCC. These firesides will be held once a month to provide fellowship among the various church groups on campus. Lutheran and LDS groups are in charge for Sunday night.

**WESTMINSTER FORUM.** The theme of the Westminster Forum retreat this weekend at Camp Lutherhaven, Coeur d'Alene, will be "Are Christians Different?"

**LUTHERAN STUDENT ASSOCIATION.** Meeting place for Sunday has been changed to Our Savior's church, at Sixth and Jefferson. Unless further notice is given, meetings will be at Our Savior's for the rest of the year.

Sunday at 5 p.m. the fall LS Action campaign will be kicked off. Envelopes for the special offering Nov. 20 will be available. LSA and LDS are hosts for a fireside at the CCC, 7:30 p.m. Sunday. Coffee hour is today at 4.

# Hays Hall Holds 'Hicks' Hoe-Down This Weekend

Hays is having a big hoe-down this Friday—cornstalks, hay and all the trimmings that go with such functions. TKEs still have a "candy of the month" contest, but what it is, is the campus question. Delta Sigs honored all sisters Sunday.

**HAYS HALL.** A "barnish" living room is going to be found in Hays Hall Friday night as the girls hold the fall dance. Wally Johnson's band will provide "jive" for the big hoe-down.

Thanks to Gault Hall for the wonderful dinner exchange last Wednesday.

**Delta Tau Delta.** With the shelter decorated in the extremes of heaven and — its opposite, the theme of "Saints and Sinners" was aptly carried through at the pledge dance last Saturday. Pledges were found to be "saints" with pictures on stars.

**GAMMA PHI BETA.** Casual dress and funny hats were seen running around Monday night as the Phi Deltas and Gamma Phis had a Halloween exchange. Skits, dancing and the usual Halloween fun provided an enjoyable evening.

**SIGMA NU.** Nels Moller and Gary Callen were selected as co-chairmen for the annual pledge dance set for November 12. Dance theme is "Love is a Many Splendored Thing" with black, gold and white in the chapter room and shades of blue and white upstairs to decorate the house.

Congratulations to John Gillis who announced his planing to Dona Pring a DG from WSC.

**DELTA TAU DELTA.** Halloween heralded the annual Beta-DG all-house exchange Tuesday evening. Following a crazy

dinner, couples climbed to the top of the house—inside that is—where trickery was encountered. Explosions, shaving cream showers and weird screams all helped capture the traditional spirit.

**SIGMA ALPHA EPSILON.** Congratulations to the initiated: Walter Clemons, Bill Currie, Bill Toward, Bill Anderson, Russ Campbell, Bob Peterson, Tom Olson and Bob Gould.

**CAMPUS CLUB.** Theme of the annual fall dance to be held this Saturday evening will be "Love is a Many-Splendored Thing."

**FRENCH HOUSE.** French had a delightful time at the surprise birthday party which the freshmen gave for Marj Draper, the house president.

**PHI DELTA THETA.** Congratulations to Curt Bondurant and Gary Kenworthy who were initiated last week. Recently pledged was Lou Vesely, from Illinois.

is likely that the hayride will turn into a sleighride.

**KAPPA KAPPA GAMMA.** The annual Halloween exchange with SAE's was held Monday night. Crazy pranks were played on the members by the boys and after dinner there was dancing and games.

Many thanks to the Deltas for the lovely serenade honoring the pinning of Susie Oberg to Gary Dixon.

**DELTA SIGMA PHI.** The Delta Sigs entertained many sisters and daughters at the annual banquet.

The pledge dance, "The Sin-

ners Ball" was enjoyed by all who attended last Friday night.

**NEW PROGRAM.** KUOI is now airing a new campus program. Its name? "The Three Cheer Leaders." This program stars Dale Carlisle, Jim Snarr, and Phil Davis. This show is geared to the University students' listening ear. The music will be the latest "pops." News, interviews, and gab will also highlight the program.

This program will be the first of its type. It will be heard every Tuesday from 7:05 to 7:30.

**NOTICE.** Foreign students who have not done so already must report to the registrar's office immediately and fill in the forms required for the US Immigration Service. If this is not done the student's visa may be cancelled. Please take care of this at once.

D. D. DuSAULT, Registrar.

**A Campus-to-Career Case History**

**"It sounded good to me"**

Charles Poole, B.S. in Business Administration, Boston University, '52, is working for New Jersey Bell Telephone Company as a Traffic Superintendent. For a young man he has a lot of responsibility. And responsibility is what he likes. He has three New Jersey exchanges under his supervision—Dover, Madison and Washington—which total nearly 16,000 customers, and he manages a force of some 160 operators, including nine chief operators and fifteen service assistants.

"It's the type of job," says Charlie, happily, "where you can never say you're caught up. There's always something to do." Each day brings Charlie new problems, new experiences. And with every passing day his grasp of the telephone business is getting stronger, his value to the company is growing.

That spells the kind of future that Charlie wants: the opportunity to take an ever-increasing part in an ever-expanding business.

"It sounded good to me," Charlie says, remembering what he thought when the telephone interviewer had finished telling him about the company and its future. And, as you might expect, it still sounds good to him.

Charlie Poole is typical of the many young men who are building careers in telephone work. Similar opportunities exist today with other telephone companies, and also with Bell Telephone Laboratories, Western Electric and Sandia Corporation. Your placement officer has the details.

# Stahley Juggles Lineup For OSC

Still looking for their initial win of the '55 season, the Idaho Vandals left last night by train for Corvallis where they will tangle with the Oregon State Beavers tomorrow afternoon.

Coach Skip Stahley has juggled his lineup around in an attempt to plug the gaps left by key injuries, and possibly find a scoring punch. Idaho has been held scoreless in their last three appearances. On the other hand, Oregon State who wound up the 1954 season tied for the PCC basement with one lone league triumph, have thrown the experts for a loss so far this year by battling their way into a current tie for second place in the conference.

### New Look

The Beavers, under new coach Tommy Prothro and wearing jet-black jerseys to create a "new look," have posted four wins in six starts, including a 10-0 shocker over Stanford and last weeks startling upset of Washington 13 to 6.

Two Idaho backfielders will be drawing their first starting assignments of the season. Saturday, Nick Uglesich, junior quarterback from Long Beach, Cal., will replace the injured Howie Willis in the signal calling slot, and Warren Hawley has taken over the starting fullback job from Wilbur Gary. Willis sprained his ankle in last Saturday's game against Oregon and will possibly see only limited duty. Hawley drew praise from Stahley for his showing last weekend after he replaced Gary in the second half. Gary has been a great disappointment to Idaho fans this year as he was expected to carry the brunt of the Vandal's offense, but he has been unable to get untracked so far.

Halfbacks Ray Bittner and Ron Braden will complete the starting backfield for the Vandals.

### Line Shuffling

The loss of stellar guard, Eivind Resa has forced Stahley to do considerable shuffling in the line. Big Mike Hepler a 6'1" 205 pounder has been moved in to replace Resa at right guard with Chuck Fries drawing the other guard assignment.

Captain Marsh Jones and Dick "Tiny" Foster have been named as starting tackles with sophomore Tony Anderson back in action this weekend to back them up. Anderson missed the trip to Eugene to attend his father's funeral. Sophomore Jerry Kramer has been switched from tackle to guard and is expected to see a lot of action at that position.

Change At End  
Another change will be made at end, where Pete Gerpheide moves from the left to the right side of the line. Pass catching Larry Aldrich has drawn the starting berth at left end.

Rounding out the starting eleven is center, Wayne Walker, with "Deacon" Dan Davis number two at this position. Both are sophomores. Davis being switched from the backfield into the center slot this fall.

Defensively, the Vandals main task will be to stop Joe Francis and Sam Wesley, the finest Oregon State halfback punch since Don Samuels and Ken Carpenter right

# Fijis-CH 1 In Vandal Babes Look For Second Win

Phi Gamma Delta and Chrisman Hall fought their way into the intramural touch football finals yesterday afternoon with narrow victories over their opponents. The final game will be played this afternoon at 4 on the Ad Lawn.

Art Pappas scored a TD late in the game to give the Fijis a hard-fought win over Phi Delta Theta in the Fraternity finals. Phi Delta opened the scoring in the first minute of the game when Crawford pounced on a Fiji fumble in the end zone for two points.

PGD got back on even terms with the Phi Deltas when Stan Palcis recovered a bad snap from center by the PDT's. Both teams battled back and forth until Pappas's score broke up the game.

### One Penetration

Chrisman Hall took a one penetration victory over Lindley Hall 2 in the Independent. Both teams went into the game with perfect records and were evenly matched throughout the contest.

Delta Tau Delta took third place in the Fraternity Leagues with a one sided 20 to 0 win over Beta Theta Pi, Wednesday afternoon. Campus Club 1 won by forfeit from Upham Hall 2 to nail down third in Independent race.

Larry Golding, intramural director, announced last night that the tennis tournament has been postponed till further notice. However, Golding urged anyone who wishes to play their matches to contact their opponents and complete the games.

Intramural swimming gets underway Monday with preliminary events in the 50 yard free style, 50 yard back stroke and 50 yard breast stroke scheduled for the opening day.

Once there was a lady who had bought a live rabbit from a pet shop and was taking it home to the children. On the way she slipped on the ice and dropped the rabbit. Seeing that it was dead she sat down and began crying. A passing drunk stopped and tried to console her: "Don't cry lady, it would have been an idiot anyway, look at the ears on it!"

With one win under their belt, the Vandal Frosh gridmen journey to Seattle Saturday to meet the University of Washington Frosh.

The Husky Pups, 6-0 victors over the Washington State Couababes last weekend, showed a good defense and an increasingly good offense as that game rolled along. Both teams played their first games on muddy fields, so the indicated rain at Seattle should not prove to be too much of a hindrance.

### Showed Well

The Idaho Frosh, in their meeting last weekend with the University of Montana Frosh showed up well both offensively and defensively. Except for a rash of fumbles, which Vandal coach Clem Parberry stated he would attempt to cure, the frosh gridmen played a fast hard hitting game, running over the U. of Montana freshmen 28-6. Offensively Idaho stacks up just a little better than Washington with backs Kenny Hall and T. J. Owens and John Misetich doing the running. All three were impressive in last Saturday's battle, with Hall running for two touchdowns and Owens making one.

### Backfield Changes

Husky Pup coach, Bill Marx commented that his boys had shown quite a bit of promise in their first game, but that he would be liable to make some backfield changes for the coming meeting with the Vandals. Snider, Carr, Milich and Hanson saw most of the heavy duty in the backfield at Pullman.

### Probable Starting Lineup

White	LE

Borque	RE
Davidson	Q
Misetich	LH
Hall	RH
Owens	F

Nick Uglesich, 6'1" 182 pounder from Long Beach, Cal., was named yesterday to quarterback the Vandals in Saturday's clash with the OSC Beavers. Uglesich has shown well in the action he has seen so far, and takes over the QB slot from the injured regular Howard Willis.

Country Girl: "Paw's the best rifle shot in this country."

City Slicker: "What does that make me?"

Country Girl: "My fiance."

Faculty joke overheard in SUB: These students are a lot like mummies—pressed for time.

Beneath this stone lies Murphy. They buried him today. He lived the life of Riley, While Riley was away.

The innocent pooch looked up at the parking meter and muttered: "Everything these days is so darn commercialized."

# CHALK TALK

with Don Nevile Smith

There'll be some changes made in the PCC football coaching scene come next fall if the arm chair quarterback has anything to say about it.

Open season on Coast Conference head football coaches continued this week with the hanging in effigy of WSC head coach Al Kircher. Kircher's dummy was found hanging from a tree this week with a label attached saying, "Kircher—it's time for a change." Kircher's only comment was, "I don't care as long as they hang the dummy and not me." He has another year left on his five year contract.

Earlier in the week, Washington head coach, Johnny Cherberg was hanged in effigy and a week ago some U. of California students got the lynching bug and strung up an effigy of Lynn 'Pappy' Waldorf.

### Injuries Deplete

It doesn't seem to be in the cards for Idaho to beat OSC this Saturday, what with recent injuries depleting the already-thin ranks of the Vandals. The Idahoans are not what you would call 'up for the game' with key injuries, necessitating numerous changes in the starting lineup.

OSC has surprised everyone this season and are still very much in the running for the conference championship with a 3 and 1 record, tying them for second place with USC behind the UCLA Bruins.

We'll pick the Beavers to down the Vandals by two touchdowns, mainly on their depth, but look for Idaho to put up a real good battle till their 'lack of horses' catches up with them.

Clem Parberry's Vandal Babes travel to Seattle to meet the tough Washington Husky Pups. The Junior Vandals looked impressive in their first outing against Montana and we look for them to come through with their second win of the season by two touchdown margins.

A couple of tough games shape up in the southern end of the PCC with COP hosting UCLA and Stanford at USC. Give UCLA a two or three TD edge over the Tigers but only after a tough battle. USC should bounce back after their surprising upset at the hands of Minnesota to down Stanford's Indians.

### Other Action

In other conference action look for Washington to regain their scoring punch and roll over a weak California team by at least 3 TD's and Oregon to spoil WSC's Homecoming by knocking off the impotent Cougars.

Brigham Young, Idaho's next opponent, meets Utah State at Provo. Prediction: Utah State to win by 13 points.

Montana Grizzlies should win their third game of the season in their annual battle with Montana State College.

Michigan Wolverines, ranked number three in the nation should keep their unbeaten string intact with a win over Illinois and Michigan State, the nation's number four team to defeat a rough Purdue squad.

Until Tuesday.

## TIME OUT FOR LUCKY DROODLES!

WHAT'S THIS?  
For solution, see paragraph below.

EVERY ONE OF THE PEOPLE in the Droodle above (titled: Lucky smokers playing poker) has a good deal. Because they all smoke Luckies, they all enjoy better taste. Luckies taste better, first of all, because Lucky Strike means fine tobacco. Then that tobacco is *toasted* to taste even better... cleaner, fresher, smoother. So light up a Lucky yourself. You'll rate it *aces high* for smoking enjoyment. DROODLES, Copyright 1953 by Roger Price
