

First TV Production To Roll Soon

Members of the Radio-TV workshop run through production techniques at the University's spanking new TV Center. Completion of the building's interior is next on the staff's agenda. Members of the staff include: Scott Peters, lighting; Marilyn Zigler, Don Bundy, lighting; Jerry Buchard, Jolene Williams, Elaine Hyland, Katja Bildt, Ralph Provençal and Ricker Jones, cameramen. In the announcer's booth are John Mix, Judith Grimm and Jim Sanberg.

Wind, Vandals Vex Campus

Widespread vandalism, unusually strong winds and an attempted theft combined forces to cause heavy property damages on campus during Christmas vacation.

Many student-owned automobiles were among the total of sixty-two cars in the Moscow area which suffered smashed windows and dented fenders by unidentified vandals late Tuesday night, December 20 and early Wednesday morning. The Fiji flag pole was chopped down by an unknown woodsman one of the first days of the vacation. The SUB was broken into on Thursday night, Dec. 29, and three big trees were blown down in front of the TKE house by winds reaching up to sixty miles an hour on Thursday, Dec. 22.

The automobiles damaged suffered smashed windows and dented fenders inflicted by some blunt instrument, according to police. After all reports were made both from the town and the campus, damage caused by the malicious

outbreak of vandalism was estimated at \$5,000. The scale was somewhat similar to the outbreak of wanton destruction in Idaho Falls early last fall, and also to those in Boise and Nampa.

The Fijis are planning to replace their flag pole as soon as possible. No damage was caused when the pole fell, and whoever it was "knew what he was doing," said a Fijil representative. It was felled just as though it had been a growing tree.

An unidentified person broke one of the windows in the Middle Ballroom of the SUB and gained access to the ballroom floor, but this was as far as the prowler was able to get. All the doors on the second floor were locked confining him to the limits of the dance floor.

Icy Highways Foul Returning Vacationers

Tricky roads combined forces with ice last week and chalked up ten car accidents among returning Vandals and WSC students. No serious injuries were reported, however.

Two University of Idaho students, Larry Scrivner and Jerry Brubaker sustained facial lacerations when Scrivner's car was involved in a smash-up Jan. 4. The car slid out of control in the Blue mountains of Oregon and collided head-on with an oncoming pickup. The driver and a passenger in the pickup were reported to have received facial cuts. Two other passengers in the Scrivner vehicle, Mary Gildroy and Mike Patton were unhurt.

Another car driven by Ralph Hale hit snow on the shoulder of a road near St. Regis, Mont. and injured one person when it rolled over.

Bob Benjamin sustained a sprained shoulder while Forrest Hanson, another passenger broke his glasses. The driver and Merlin Barritt, also a passenger were unhurt.

Montana Bump
An automobile driven by Bob Ellsworth crashed into the back of a car in a town in Montana Jan. 4, but only minor damage was reported. In the Ellsworth car were Kenneth Hahn, Sharon Schulberg and Theres Rover.

Washington State College, currently in competition for the award as the "safest" school, fared even worse with seven accidents to add to its total.

A Northern Pacific passenger train plowed into a car in Pullman Dec. 31, injuring four persons and damaging the car extensively. Injured were Robert Johnson, 22, a post-graduate student, his wife and mother and father.

Walks Out
Pullman's "death curve" was the scene of another accident Christmas day when an automobile driven by a WSC student crashed through the guard rail. The driver walked away unhurt.

A driverless WSC farm truck rolled 300 feet downhill Dec. 30, before it crashed into a greenhouse on campus and came to a halt.

Four other accidents resulted from slick roads during the holidays. No one was injured seriously.

Complete Staff Picked For 'Finan's Rainbow'

Cast and production staff members for "Finian's Rainbow" have been selected. The musical comedy will be presented in the University Auditorium March 15, 16, and 17.

Lead roles in the show will be taken by Dale Carlisle as Finian; Maxine Fletcher as Sharon; Brenda Lister; as Susan; Laried Montgomery as Woody; and Graham Knox as Og.

Other parts will be taken by Sandy Downing, Tim Kime, John Davis, Boyd Terry, Dick Day, John Wood, Walt Clemons, Fred O'Brien and Neal Powell. Also appearing will be Bill Herr, John Herrett, Allyn Dingel, Marigay Nelson, Alice Sweeney, Helen Snell, Karen Taylor and Jim Bennett.

Students Tryout New T-V Workshop

Idaho will enter the relatively new field of television this spring with the completion of a completely modern TV center for student video training.

Robert Tracy, director of TV and radio for the university said the center will probably be completed in March and go into full operations soon after that. At the present, he said, work has already begun on an agricultural program and film of a geology field trip.

These films, along with others, will provide a constant flow of informational material for stations in the state.

The building, constructed of concrete and completely sound-proofed, is located adjoining the radio center. Tracy said the most modern video equipment including a rear-screen still projector, one of the newest inventions in the field, are being installed in the center. This equipment, plus special lighting required in television production, will give students practical experience in the field.

Extensive air conditioning, necessary to reduce high interior temperatures caused by the heavy lighting equipment, is also being installed. Even winter weather will not reduce studio temperatures to a comfortable level and the air

conditioning will be in use the year around, Tracy said. Included in the center is a main studio, control room, workshop area and announcing booth. In the studio are set arrangements, lighting equipment and sound equipment.

Filmed material will comprise most of the programs from the center during the first two years, but student shows and educational television programs will be produced later, Tracy said.

Thursday's Presentation Is Realistic 'Snake Pit'

The quiet of the theatre is suddenly broken by the screams of a lovely young lady. The location is behind the barred and netted windows of a state mental institution. It isn't a thrill shot that movie-goers call a "cliff-hanger," but rather a breathtaking glimpse of an abyss in the infinite mountains of the mind. The title, "Snake Pit."

The film will be the last presentation of the ASUI film committee for the Fall semester. It will be approximately two hours long and will therefore necessitate a change in the regular schedule time. The showings will be at 4, 6:30 and 8:30, in the Borah Theatre. Admission will be thirty-five cents for this presentation which will be shown on Thursday, January 12.

Yell Leaders For Freshmen To Be Chosen

The freshman class aims to get behind its basketball team this season, president Jimmy Kay, said today. The class officers will hold tryouts for cheerleaders from the frosh class to conduct the yelling at Vandal preliminary games.

Kay said "it's our team and we should give them support."

The tryouts will be held tomorrow afternoon at 4:30 in the Main ballroom of the Student Union with both women and men eligible.

The varsity yell team of Dale Carlisle, Phil Davis and Jim Snarr will select the three leaders, Kay said. The president added that the yell team will be put to work this Friday when the Vandal Babes meet Gonzaga freshmen at Memorial gym. This game is not a preliminary, as the varsity plays at Stanford.

February 6-7 Is Panhellenic Rush

Mid-semester rush will be February 6-7 with Kappa, Pi-Phi, Alpha Phi and Tri Delta participating, a Panhellenic representative disclosed.

Women interested in going through rush should register with Dean Carter preferably by Friday, January 13 and not later than January 30.

STORK VISITS CAMPUS

An 8 pound one ounce boy was born to Mr. and Mrs. William Nixon on Friday at 12:37. Young William Grant Nixon is the son of Bill Nixon, a Law student at the U of I.

RADIO-TV GUILD TO MEET

Radio-TV guild will meet tonight at 7 p.m. in the Radio Center to continue work on Fred Scheiber's production "The Daffy Dude."

TODAY
Ag Engineering meeting, 7 p.m., Ag Eng. Bldg.
Radio-TV Guild, 7 p.m., Radio Center.
Meeting of Calendar Contest Living Group Representatives, 7 p.m., Gem Office.
Half-time Entertainment Committee, 4:15 p.m., Conference Room C.

WEDNESDAY
Spurs, 5 p.m., Conference Room B.
R. E. Week committee heads, 9 p.m., Campus Christian Center.
Frosh Cheerleader Tryouts, 4:30 p.m., SUB Main Ballroom.

THURSDAY
BETA Epsilon Chi, 4 p.m., Syringa Room.
Vandal Flying club, 7 p.m. AF-ROTC Detachment.
Young Republicans, 7 p.m. Mid-del Ballroom.

Hutchins Seated At Fund's Helm

NEW YORK — Controversial educator Dr. Robert M. Hutchins has been re-elected president of the Fund for the Republic, sponsored by the Ford Foundation.

Claus To Conduct Winter Symphony

The University Symphony Orchestra under the conduction of Carl Claus, will present its annual winter concert at 4 p.m. Sunday, January 15, in the University Auditorium.

Founded by Professor Claus in 1922, the symphony is one of the oldest college orchestras in the Northwest. Professor Claus, who received his musical training at the Belgian Conservatory in Boston and in Chicago, later studied conducting in Europe at the famous Mozarteum, where he was associated with Bruno Walter and Herbert von Karajan, renowned conductors.

The orchestra will be heard in a varied program of classical and modern works for symphonic instrumental groups. The concert is open to the public without admission charge.

FRATERNITY BANS BOA

SPRINGFIELD, Mo. (ACP)—The members of Sigma Nu at Drury College may be feeling a little low these days. They're going to get rid of their house pet and mascot. The "pet," a seven-foot boa constrictor, is being donated to a local zoo.

DELIVERERS NEEDED

ASUI General manager Gale Mix said today that two delivery men with a car are needed to circulate the Idaho Argonaut to living groups and administration buildings. Interested persons are asked to contact Mix at the ASUI Office.

(Continued on Page 2, Col. 6)

The Idaho Argonaut

Member Associated Collegiate Press

Official publication of the Associated Students of the University of Idaho, issued every Tuesday and Friday of the college year. Entered as second class matter at the post office at Moscow, Idaho.

College Eds Fight Control

A disheartening report on college journalism—editorial suppression—was brought out into the open in Detroit where about 800 delegates representing college and university newspapers and yearbooks met for the annual Associated Collegiate Press (ACP) conference.

Suppression of the right of the editor to speak freely came from at least half a dozen persons who complained that there is pressure being exerted on them not to print certain things or that college officials are allowing themselves the privilege of reading stories before printed.

One editor said that all material for his paper had to be read and approved by the college president before it could be published.

The reason given for this practice is that some administrative officials are sensitive about public relations and don't want anything they consider derogatory published which could damage the school in the eyes of the state legislature which holds the purse strings.

To this comment came the reply that college and university president and their associates realize the long-range possibilities and goals of their schools while some of the editors seem to be shortsighted in their editorializing.

There is a clear danger in the type of editorial which attacks the college without a realization of possible undeserved damage or is written from a perverted sense of power. But any newspaper—college or other—which is controlled soon becomes nothing more than a bulletin board with no strength to improve the community.

With this inability to show need for improvement is the development of a cloak of secrecy where only the "right" people know what is going on. A college official who suppresses a campus newspaper is suppressing freedom and admitting he's afraid of something—himself.

Survey Says Greeks Threat To Basic Democracy

Although restrictive membership clauses are disappearing from constitutions, America's college fraternities are still choosing their members on the basis of "Aryanism," it is charged in a survey conducted by the National Committee on Fraternities in Education (NCFE).

Written by Dr. Alfred McClung Lee, president of the NCFE and chairman of the Department of Anthropology and Sociology at Brooklyn College, the survey, "Fraternities Without Brotherhood," discloses that most college fraternities—and sororities—continue to accept and reject applicants on grounds of race, religion, and national origin. The survey encompassed 125 leading colleges which have twelve or more fraternities on their campuses.

"Although it is disappearing from formal documents," Dr. Lee reports, "Aryanism has not died out; in most cases it is very much alive even though underground. To the extent that Aryanism persists in them, social fraternities represent a basic threat to democracy in the United States and to

the effectiveness of American leadership in world affairs. If men's and women's fraternities will rid themselves of this disastrous theory and practice, they will contribute to the development of democratic leadership."

Pointing out that fraternities have developed a variety of subterfuges for barring undesired applicants, Dr. Lee blames "fraternity professionals" and alumni for preventing chapters from pledging members of minority groups.

The NCFE, which includes prominent educators throughout the United States, finds only 10 of the 61 leading national men's fraternities and only one of the 32 leading women's sororities continue to racial restriction.

"Very quietly—and, in all but one case, without written statements of policy—sororities segregate themselves even more effectively than fraternities do," Dr. Lee asserts.

Based on the trend revealed in the survey, only two or three national fraternities will still have discriminatory clauses by 1960, according to Dr. Lee, who expresses

satisfaction that "among the 61 men's national fraternities in the National Interfraternity Con-Constitutional clauses fell from 25 to 10 between 1949 and 1954."

Dr. Lee points out that although student and faculty opinion is resolutely against discrimination, only eight college administrations have taken positive steps against discriminatory membership practices in fraternities.

"College administrators do not, in most cases, use their institutional authority to prevent the national fraternities from perpetuating biased practices in local chapters," he explains. "They do not support the efforts of student chapters against segregation. In short, the hands-off policy of these college executives has the effect of permitting the nationals to maintain their fra-

ternal status quo."

Expressing the belief that social fraternities can be "a way to prepare young men and women for mature participation in the business and social life of a democracy," Dr. Lee poses three basic questions about the groups as they exist today:

"Are there enough men's and women's fraternities on the campus for all who might wish to join?"

"Can we, in America educational institutions, permit our students to create and maintain powerful and snobbish associations on the basis of racial, religious or similar criteria?"

"Can we overlook the possibilities for growth and social achievement of any segment of our campus?"

Foreign Forum

By Joshua B. Hughesalem

Q. What is an exchange student? Asked by Prof. Francis Seaman.

Answer—Literally this term applies only to a limited number of students who come to this country or go from this country to other countries arranged on a mutual-quota basis. But generally it has a very wide scope. Any student who is in any country from any country who has some type of scholarship studentship or fellowship or even if he is anyhow financed by some private institutions he's referred to as an exchange student.

Almost every business has rules or regulations regarding technical exchange programs to get and receive help from other countries, as the U.S. government Fulbright Act of 1948 which was passed provides.

And in this respect some organizations of the United Nations also promote and assist exchange student programs such as UNESCO, International Labor Organization and even in other ways as the Colombo plan provides through its branch of Technical Assistance among its member countries exchange of trainees June 30, 1953.

Foreign students everywhere perform the exchange of social, religious and political relations. They may be on scholarship or on their own finances.

The Cosmopolitan club held its Christmas party on Dec. 18 in the South Ballroom of the SUB. Games and Christmas carols were shared after which coffee and cookies were served. The program was

really appreciated by the members. We, the foreign students, extend our warmest greetings for all the students and faculty members of the University and their families our warmest greetings for all the and wish them a Happy New Year.

Golden Fleece

Here's More About—

With Macklin advocating that the Pep Band was not equal to the task, the specially appointed student-faculty committee on student recruitment turned to other possible solutions that might be the answer to a recruitment tour.

With this verbal roadblock, Macklin supposedly spelled the death of the University of Idaho Pep Band. The pity of the situation is that the head of the music department only spelled out, in words of one syllable, his inability to make musicians out of a pack of "root-tooters" that the University of Idaho could be proud of.

Official Notice

Examinations will be given Saturday, Jan. 14, in the Forestry Building at 9 a.m. for the office of ASUI secretary. The exam is a secretarial exam on typing and shorthand. Person with the highest score on the test will be selected.

LITTLE MAN ON CAMPUS

by Dick Bibler

"Don't worry about those chapters we skipped—I believe I've covered them adequately in the final."

Committee Meets To Begin Work

The half-time entertainment committee meets this afternoon at 4:15 in Conference room C of the SUB to formulate plans for the coming basketball season programs.

Two dates have already been announced on Jan. 21, Athletic Director Bob Gibb will present the annual football awards and present the football team with letter sweaters. Jan. 28 has been set for the annual I club initiation.

Members of the committee, named by the Exec. board recently, include John Hughes, chairman; Beverly Burwell, Sonya Hoisath, Dick Newell and Phil Davis, cheerleader representative.

A lady who weighed 500 pounds went to the doctor's office to get examined. He looked at her and didn't know whether to operate or blast.

ADVENTURES IN SOCIAL SCIENCE: NO. 2

Doff your caps and bells; there will be no fun and games this day. Today, with earnestness and sobriety, we make the second of our forays into social science. Today we take up the most basic of all the social sciences—sociology itself.

Sociology teaches us that man is a social animal. It is not his instincts or his heredity that determine his conduct; it is his environment. This fact is vividly borne out when one considers any of the several cases of children who were raised by wild animals. Take, for example, the dossier on Julio Sigafous.

Julio, abandoned as an infant in a dark wood near Cleveland, was adopted by a pack of wild dogs and reared as one of their own. When Julio was found by a hunter at the age of twelve, the poor child was more canine than human. He ran on all fours, barked and growled, ate raw meat, lapped water with his tongue, and could neither speak nor understand one single word. In short, he was a complete product of his environment.

(Julio, incidentally, was more fortunate than most wild children. They never become truly humanized, but Julio was exceptional. Bit by bit, he began to talk and walk and eat and drink as people do. His long dormant mental processes, when awakened at last, turned out to be remarkably acute. In fact, he was so bright that he learned to read and write in a month, got through grammar school in five years and high school in two. And last June, as thousands of spectators, knowing Julio's tragic background, stood and cheered, he was graduated valedictorian from Cal Tech with a degree in astrophysics!)

(Who can say to what towering heights this incredible boy would have risen had he not been killed the day after commencement while chasing a car?)

But I digress. To return to sociology, people tend to gather in groups—a tendency that began, as we all know, with the introduction of Philip Morris Cigarettes. What an aid to sociability they are! How benignly one looks upon his fellows after a puff of Philip Morris's gentle, pleasant, flavorful tobacco! How eager it makes one to share, to communicate, to extend the hand of friendship! How grateful we all are to Philip Morris for making possible this togetherness! How good not to live in the bleak pre-Philip Morris world, with every man a stranger!

The groups that people live in today (thanks to Philip Morris) vary widely in their customs. What is perfectly acceptable in one society may be outlandish in another. Take, for instance, the case of Ug Poopooomoo.

Ug, a Polynesian lad, grew up in an idyllic South Sea isle where the leading social event of the year was the feast of Max, the sun god. A quaint all-day ceremony was held, with tribal dancing, war chants, fat lady races, pie eating contests, and, for the grand finale, the sacrifice of two dozen maidens.

According to Ug's folkways, sacrificing maidens was quite acceptable, but when in his eighteenth year he was sent as an exchange student to the University of Wisconsin, he soon learned that Americans take a dim view of this practice—in Wisconsin, at any rate. The first twelve or thirteen maidens Ug sacrificed, he was let off with a warning. When, however, he persisted, drastic measures were taken—he was de-pledged by his fraternity. A broken man, Ug quit school and moved to Milwaukee where today he earns a meagre living as a stein.

This column is brought to you by the makers of Philip Morris Cigarettes, who are otherwise rational men. Ask for new Philip Morris in the smart new red, white and gold package.

VETS MAIL BAG

Despite a tightening of GI mortgage money during the latter part of 1955, Veterans Administration's analysis of savings and mortgage repayment trends indicate that sufficient funds probably will be available during 1956 to finance a high level of residential construction, including homes financed with GI loans.

VA estimates that about 650,000 veterans will bet GI home loans during 1956. This is approximately the same number as the record-breaking year of 1955.

In a year-end review of its loan guaranty operations for 1955 VA reported that approximately 650,000 World War II and Korean Conflict period veterans received GI home loans totaling over \$7 billion.

This, VA said, was 58 percent over the 1954 volume and 20 percent over the previous record year of 1947.

\$7,500 Maximum
 GI loans are made by private lenders with a portion of the loans guaranteed or insured by VA. On home loans, VA may guarantee 60 percent of the loan with a maximum guarantee of \$7,500.

By the end of 1955, eleven and a half years after the GI loan program was established, VA had un-

derwritten 4,200,000 GI home loans with an original principal amount of about \$33 billion. About \$18 billion of that amount was guaranteed by VA.

During 1955, VA was asked to appraise about 1,015,000 existing and proposed homes to be offered for sale to veterans. Of these 620,000 were proposed homes and 395,000 were existing homes.

VA also received about 675,000 GI home loan applications during 1955, an increase of nearly 28 percent over 1954.

Home loan applications usually are submitted to VA by lenders from three to eight months after appraisal requests.

Question Of The Week

Q. A couple of year ago I bought a house with a GI loan. The County has notified me that it is condemning my property because it wants to build a highway across my land. Will I be able to have my GI loan rights restored so that I can buy another home somewhere else?

A. Under the law, a veteran's GI loan rights may be restored if his property has been taken by a local government agency for public use. However, VA must be relieved from liability on the old guaranty.

Dear Jason:
 There are too many visitors per patient and too much noise and confusion during visiting hours in the University hospital. I should like to request all university students to cooperate to the fullest extent in following our liberal regulations concerning visiting hours which state: "No more than two persons may visit any one patient at any time." The visiting hours are as follows: Each day from 2:30 to 4 p.m., and from 7 to 8 p.m.

Students are admitted to the reasons. One important reason is to remove the student, who is too ill to attend classes, from his or her living quarters in order to protect others living in the same quarters.

During this school year we have handled some very ill persons. On several occasions parents of these patients have come to see them, and an almost universal complaint of these parents has been the number of visitors to the patient and the confusion and noise which occurs during visiting hours. It defeats the purpose of admitting a sick student to the hospital when large numbers come from a living group and crowd into the patient's room during visiting hours since the patient was brought to the hospital in the first place in an attempt to keep from exposing the entire living group.

It is not the intention of the health service to keep students from visiting patients in the hospital except in cases of contagious diseases; however, it will become necessary to restrict visiting patients to parents and relatives unless we get complete cooperation of our students in maintaining quiet.

J. Paul Sheedy* Kept Getting The Bird Till Wildroot Cream-Oil Gave Him Confidence

"Sheedy, you worm," chirped J. Paul's little chickadee, "your lack of confidence is driving me cuckoo. If you don't do something about that messy hair I'll never beak to you again!" So J. Paul hopped on down to his favorite toiletries counter and pecked up a bottle of Wildroot Cream-Oil. Now he has confidence in any situation because Wildroot keeps his hair handsome and healthy looking the way Nature intended... neat but not greasy. Contains heart of Lanolin, nature's finest hair and scalp conditioner. If you catch your roommate robin years, tweet him to his own bottle or tube of Wildroot Cream-Oil. Great for making your hair look good to other people!

*of 131 So. Harris Hill Rd., Williamsville, N.Y.
 Wildroot Company, Inc., Buffalo 11, N.Y.

Wildroot Cream-Oil
 gives you confidence!

Activity Is Slow, But Pinnings Many

Vacation brought many pinnings, engagements and even marriages. Activities are slow since those finals are sneaking up, except for a costume dance at the Theta house on Friday.

DELTA GAMMA

DGs are glad to see Nancy Curran and Sally Beattie in health after vacation appendectomies.

Congratulations to Twinkle Lister and Buzz Hanson who announced their engagement.

Sally Ghiglieri and Carol Jackson received achievement pins and the scholarship trophy, congratulations.

SIGMA CHI

Trophies for Sweetheart and finalists have arrived so the Sigs are planning the presentation dinner.

DELTA DELTA DELTA

Returning from Christmas vacation pinned are Jean Boyd to Jim Wilson, Sigma Chi and Ann Popma to Dick Parsell, Delta Tau Delta.

Jim Wilson was entertained at dinner on Sunday.

FORNEY HALL

Best wishes to the newly engaged, Darlene Kilbourne and Roger Sherman, Romona Denlinger and Ray Verner and Theresa Mathisen and Clyde Wilson.

KAPPA ALPHA THETA

Things are jumping around here because the Thetas are holding the "Black Kat Cabaret" on Friday, the 13th of January.

Barbara Joseph now wears the five-armed star of Sigma Nu, Jerry Kramer, congratulations!

Karen Warner wishes to personally thank the anonymous admirers for the six white roses—Sigma Nus possibly.

Marilyn Stewart and Barbara Joseph were recognized by national office of Kappa Alpha Theta for outstanding scholastic achievement.

Thetas wish to congratulate the former Linda Lou Williams on her December marriage to Walter Root of Chisman.

Congratulations to Margaret Cook and Bill Bliesner on their engagement.

PI BETA PHI

Another happy year has begun for the gals at 720 Deakin with several important events to remember.

Congratulations to Cathy Pugh who became Mrs. Orrin Lee, Pat Axtell who became Mrs. Davey Senko and to Shirley Lint who became Mrs. Dick Greif. All were married during the Christmas holidays.

Marilyn Matthews received a nice Christmas present—Steve Emerine's pin and rescued him from his plaster of Paris tubbing at the Phi Delt corner, Saturday.

Walenta Reviews Tax Consequences

Employees' trusts and pension plans were discussed by Thomas R. Walenta, professor of law at the University of Idaho, at the South-eastern Idaho Tax institute held at Idaho Falls over the week end.

One of eight featured speakers at the two-day session, Walenta reviewed the tax consequences incident to the use of trusts and plans as a means of sharing profits and providing retirement income to employees. He pointed out that both the state and federal governments have, through helpful tax legislation, assisted private industry in establishing this method of delayed compensation to their employees as a matter of good social policy.

Group Ponders Parking Need; Car Abundance

The problem created by too many cars and too little parking space on the campus was discussed by the student-faculty council at a meeting held Friday evening in the Administration building annex. President Theophilus asked the council to conduct an extensive survey of the situation and to recommend possible solutions.

An estimate of the number of students who will be attending the University by 1960 and of the amount of parking space now available was presented. The council decided to send questionnaires prepared by Dean Decker to other western schools in order to learn what they have done about student parking on their campuses.

It was suggested that underclassmen be forbidden to have cars on the campus. However, no action will be taken until the completion of the survey.

Male Duo On Tap In Recital Tonight

Rodney Burton, saxophonist, and Charles Clauser, trombonist, will be presented by the Department of Music in a senior recital this evening at 8 in the Music building recital hall.

Burton, who will receive his B.A. degree in music in June, and Clauser, candidate for a Bachelor of Music degree in June, have both been active in instrumental music on campus. Members of the concert and pep bands and the Symphony orchestra, they have also managed their own campus dance orchestras.

Burton, whose home is Moscow, will be assisted by pianist Shirley Danielson of Genesee. Judith Crookham of Caldwell will accompany Clauser, who is from Payette. Participating in one section of the program will be Duane Forte, clarinetist from Boise.

Featured on the program will be a trio for clarinet, saxophone and piano by Mozart to be played by Forte, Burton and Miss Danielson. Burton will play selections by Handell, Whitney and Kanitz. Clauser will be heard in pieces by Geminini, Bach, Rimsky-Gorskakov, Bernstein and Hindemith.

The concert is open to the public.

Friday 13th Dance Set By TMA, Dames

The TMA and Dames Club are sponsoring a dance to be held at 9 p.m. Friday, Jan. 13 in the North Ballroom of the SUB.

Music for the dance will be furnished by Wally Johnson and his band.

The dance is being given for members of TMA, Dames Club and their guests.

BLANK EXPRESSION (ACP) — And then there's the educator who came up with this one: "I shall now illustrate what I have in mind," said the professor as he erased the blackboard.

Famous Organist To Give Concert Here January 19

Carl Weinrich, well-known organist who has concertized extensively in Europe and the United States, will be featured in Recital hall of the University of Idaho's Music building at 8 p.m. Thursday, January 19.

With Marcel Dupre and Albert Schweitzer, Weinrich has been described by Time magazine as one of the three greatest living interpreters of the organ music of Bach. Since 1943 he has been university organist and choirmaster at Princeton university.

A graduate of New York university, Weinrich was awarded a scholarship at the Curtis Institute where he completed his organ studies under Lynnwood Farnam. He has taught at various colleges including Wesleyan, Vassar, Columbia and Michigan. In 1950 he was invited by Harvard university to give eight recitals as Lamb visiting lecturer—the first time this lectureship had been awarded to a performer.

A recording artist for Westminster Records, Weinrich recently recorded in Sweden Bach's Orgelbuchlein, the Toccatas and Fugues, part three of the Klavierbung, and the Passacaglia and Fugue.

Weinrich was engaged as one of the advisors in the reconstruction of the old Boston Music hall organ. He also supervised the rebuilding of the organ in the Princeton university chapel—one of the largest organs of the 1920's

Coolie Bears 'Ring' News For Alpha Chi

MONTGOMERY-HOUGHTELIN
A Chinese theme announced the engagement of Audrey Montgomery to John Houghtelin, Sigma Nu, at a candlelight dinner at the Alpha Chi house Sunday.

Filled with red carnations, a rickshaw was pulled in the center of the table by a gaily dressed coolie bearing the ring on a red satin pillow. Individual favors were tiny rickshaws carrying Chinese fortune cookies which held the message "Audrey and John."

COOK-BLIESNER
"The Cat's Out of the Bag" and one might be in, since that was the engagement theme for Margaret Cook, Theta and Bill Bliesner, Chrisman.

A yellow kitty came out of a black net bag on a golden field of chrysanthemums and toyed with the nosegay of yellow roses bearing the ring. Another bouquet of chrysanthemums was on the head table and each person had a kitten trapped in a black net bag.

Lottie Bliesner was the honored guest at the candlelight dinner last Sunday.

FOX-SCHMAUDER
An ultra-surprise dinner December 13 at the Alpha Phi house announced the engagement of Sherie Fox to Art Schmauder, TKE.

Each guest was advised by a telegram that was read to look under her plate where a miniature "Fox Gazette" was found. Headlines read, "Sherie Wins Art Fellowship" and the story elaborated.

Both will graduate in June, but no date has been set.

MATTHIENSEN-WILSON
Theresa Matthiessen, Forney Hall, announced her engagement to '55 grad 2nd Lt. Clyde Wilson, now in primary pilot training at Hondo Air Base, Hondo, Texas.

Wilson lived at Willis Sweet and graduated in ag. education. Theresa is a sophomore majoring in home ec. education.

"As soon as you say the word,"
"Then let's go home."
"That's not the word."

LDS Holds Dance; Other Groups Elect

Church groups are busily engaged in dinners and elections. Big plans are being made for Wesley Foundation's mid-winter ski-retreat and the LDS pledge dance.

SHIP

There will be the regular coffee hour this Thursday at 4 p.m. The executive board will meet this week at the CCC at 8 p.m.

This Sunday at 5 p.m., at the Christian Church, Dr. Boyd Martin will speak on "Religion and Politics," at a regular meeting.

INTER-CHURCH COUNCIL

The two representatives from each church are urged to attend the ICC meeting this Wednesday at 9 p.m. at the CCC.

WESTMINSTER FOREM

Seniors will meet Saturday at 8:30 a.m., at the home of Mrs. Erickson to nominate officers. At the Sunday meeting at 5 p.m., the report of this committee will be given. There will be a pot-luck dinner and the annual congregational meeting at the church at 5:30 p.m.

WESLEY FOUNDATION

Wesley Foundation will sponsor a coffee hour at the CCC at 4 p.m., Wednesday. An informal discussion will be held.

February 3, 4 and 5 are the dates set for the annual mid-winter ski-retreat to be held at Field Springs, Washington State Park. Registration blanks are available at the Wesley office and at the regular Sunday meetings.

LUTHERAN STUDENT ASSOCIATION

Bible study will be held at the CCC at 7 p.m. tonight. Council meeting follows at 8 p.m. The LSA will serve dinner at Our Savior's Lutheran's annual dinner at 9 p.m. Election of officers will be held next Sunday.

ROGER WILLIAMS FELLOWSHIP

This Sunday, there will be church

Science Honorary To Be Discussing Water Resources

Water resources—a high priority topic in the west today—will be discussed by a panel of federal, state and local officials and University of Idaho faculty members at a meeting of the University chapter of Sigma Xi, national scientific honorary, at 7 p.m. tonight, in the Borah theater. The meeting will be open to the public.

Topic of the panel discussion will be "The Water Resources of Idaho." Serving as moderator will be Dr. J. D. Forrester, dean of the college of mines at the University.

Discussion will follow three, addresses by topic leaders on the panel. The topic leaders are Mark R. Kulp, Boise, Idaho state reclamation engineer, who will talk on "Public Water and Water Rights;" R. L. Nace, Boise, district geologist of the water resources Geological Survey, whose topic will be "The Role of Ground Water in the Water Economy," and Victor I. Myers, assistant professor of agricultural engineering at the University, who will speak on "Practical Hydrology."

Also serving on the panel will be Dr. Harry H. Caldwell, associate professor of geography; Dr. William E. Folz, head of the department of agricultural economics; Paul Mann, associate professor of electrical engineering at the University, and Harvey J. Smith, city engineer of Moscow.

There is some cooperation between wild creatures. The stork and the wolf usually work the same neighborhood.

G. M. Researcher Schedules Lecture For Engineer Club

Dr. T. A. Boyd of the General Motors Research laboratories in Detroit will talk on the topic, "The Young Engineer in Industry," at a meeting of the Associated Engineers Thursday, January 13, 1956, at 7:30 p.m. in room 104 of the Engineering Building.

Dr. Boyd will tell just where the engineer fits into industry, into the automotive industry in particular; what activities and opportunities are available to him there; what the nature and extent of his training needs to be; and what other qualities employers look for in the young engineer.

All interested persons are invited to attend.

CONFUSED RUBE
CORVALLIS, Ore. (ACP) — A music lover was recently playing a record of Bizet's "Carmen" when a friend of his walked into the room. He paused and listened a minute... then asked if it was a foreign translation of the music from "Carmen Jones."

They say that if you don't drink, smoke, or run around with women, you'll live longer. Actually it only seems longer.

Why John Gunther reads, The Reader's Digest

"I am fond of The Reader's Digest on all sorts of scores, but mainly because it always lives up uncompromisingly to being what its name implies—a service to readers. In a dozen languages—Inside Asia, Inside Europe, Inside South America, Inside Africa—it brings readers an invaluable cargo of pleasure, information and encouragement sifted scrupulously and zealously from printed pages all over the world."
John Gunther, author of the current best-seller "Inside Africa"

In January Reader's Digest don't miss:

CONDENSATION FROM \$3.50 BEST SELLER: "A NIGHT TO REMEMBER." Hailed as "unsinkable," the Titanic proudly sailed, carrying the world's rich and famous. 5 days later—gashed by an iceberg—she sank with 1,502 souls. Here, filled with details never before published, is a gripping account of the world's most appalling sea disaster.

UNLESS YOU DENY YOURSELF. The prevailing idea of millions today is: "How can I enjoy myself?" Famed author A. J. Cronin shows why nothing of real value can be accomplished without self-discipline; and why the surest path to true success and happiness is in learning to do without.

ARE EUROPEAN STUDENTS SMARTER? In Europe, pupils learn more, work harder, and play less than in America—but fewer get to high school and college. Which system is best? Here's a chance for you to compare for yourself.

THE FEARSOME ATOMIC SUBMARINE. Here, told for the first time, are the capabilities of the Nautilus, and why atomic submarines will outmode the defense setups of all nations, including our own.

Vandals Lose Twice To UCLA As PCC Opens On Four Fronts

Taft And Naulls Lead Bruins To Walkaway

LOS ANGELES: Willie Naulls and Morris Taft scored 57 points between them Friday night as UCLA thrashed Idaho in the Pacific Coast Conference basketball opening, 92-73.

Before 1,500 fans at Pan Pacific Auditorium the UCLA quintet relied upon its veteran power to blitz Idaho's sophomore laden club.

Taft, rangy senior guard, scored 31 points, 26 on his patented floating push-shot, and Naulls, the center, 26, mostly on tip-ins before they left the game with 6 minutes, 30 seconds to play.

Early Lead

The Bruins jumped to a 6-0 lead at the start, saw the Vandals take over at 7-6 and then trade baskets until Idaho led 11-10. But that was the last Idaho lead as Naulls looped in a hooker and the Uclans were off and running, building up a 20 to 11 tally before the Vandals scored again.

After the flurry which put the Bruins in charge, the battle never changed tempo with the 10-point margin being swelled to 20 after the first half ended with UCLA holding a 41 to 33 lead.

Gary McEwen, starting at center in place of the ailing Jim Branom turned in a good performance leading the Vandals scorers with 16 points. Branom, a food-poisoning victim saw little action.

Gary Simmons, also a victim of food-poisoning followed close behind McEwen with 16 points, and Jay Buhler, after getting off to a slow start potted 12.

Coach Harlan Hodges' Idaho Vandals got off to a poor start in the young PCC race this weekend, losing a pair of tilts to the potent UCLA Bruins, at Los Angeles. The combination of Morris Taft and Willie Naulls proved to be too much for the young Vandal squad. The two teamed up for 98 points in the two games.

The Idaho-UCLA meeting was the first between the two schools since 1938. The Bruins sweep was the only twin win registered in the four opening two-game series.

Washington State fought back Saturday night to beat Oregon State 58-52 after losing the Friday opener 40-59. Washington's Huskies handed Stanford their first loss of the year Friday night, beating them 57-42. However, the Indians got back in the winning ways with a 58-46 win in Saturday's game.

California edged Southern Cal 52-51 at Berkeley Friday night with the Trojans turning the tables Saturday with a 77-64 victory.

Oregon Ducks, the ninth member of the conference, were idle.

CHALK TALK

with Don Neville Smith

Back to the old grind, same desk, same beat. Northern Division basketball teams are playing for keeps now, swimmers are getting in shape for their upcoming opening meets and the skiers have one meet already under their belt and are ready to tackle a full schedule.

The Bowl games are over, thus putting football into the back row for awhile at least, and King Basketball steps into the picture as the big sports attraction for the remainder of the winter.

The Vandal basketballers are back home for three days before they take off again Thursday for

Vesley Beats Couababes On Free Throws

A hardhitting Vandal frosh hoop squeaked out from behind in the fourth quarter at Pullman Friday night to edge the Washington State Couababes 53-51. With the score tied 51-51 Lou Vesley sank two free throws in the final seconds of the contest to give the Vandals their first win of the scheduled four game series with the Couababes.

The contest was even all the way with the score standing at 24 all at halftime. The Couababes moved out in front early in the third period, holding an eight point lead at one point, but the Vandals battled their way back to a 45-45 tie and moved in front 49 to 45 before a last ditch Cougar rally.

Outstanding for the Vandals were John Liveious and Harold Damiano on the boards and Whaylan Coleman who has proved to be an exceptionally fine playmaker for the frosh squad. Vesley led the Vandal scoring with 14 points, and Damiano, Coleman, and Liveious had 12, 11 and 10 points respectively. Prestell was the only other scorer for the frosh with 6 points.

Said frosh coach Clem Parberry, "WSC has a fine freshmen squad and our boys had a certain amount of luck to come through on top although they played an exceptional ball game considering the three week layoff from practice. The boys worked hard to win, and they all did a good job." Parberry also stated that the squad is working hard this week to get into shape for the tilt with Gonzaga frosh this weekend which is going to be a toughie. The game will be played Friday night at 7:30 in the Memorial Gym and is the only contest scheduled for that night.

NOTICE

There will be a Vandal Ski Club meeting Thursday night at 6:30 p.m. in Conference Room A of the SUB. The showing of a ski movie will highlight this meeting.

Vandal Riders will hold a meeting tonight at 6:30 p.m. in Conference Room B of the SUB.

Idaho Drive Falls Short; Bruins Coasting

LOS ANGELES — UCLA allowed Idaho to creep to within eight points during the second half before turning on the steam and coasting to a 78-61 victory in a Pacific Coast Conference basketball game Saturday night. It was the second straight win for the Bruins.

A slim crowd of 1,800 at the Pan Pacific Auditorium watched Bruins Morris Taft and Al Herring push through 21 points each. Willie Naulls, UCLA's rangy center, hit for 20 points.

Idaho, which had its man-to-man defense punctured for 92 points Friday night, shifted to a zone defense Saturday night. But none of the Bruins seemed particularly hampered by it.

Complacent

Taft, Naulls and Herring led the way in the first half, piling up a 40-19 edge when Coach Johnny Wooden pulled them with less than three minutes to play.

The Bruins seemed complacent with their 42-23 lead at halftime. But Idaho's two peppercorn guards, Jay Buhler and Gary Simmons soon shook them out of it.

The pair led the Vandals to within eight points of UCLA—55-46—with more than nine minutes to play. But the Bruins settled down and pulled steadily away.

Buhler and Simmons shared Vandal scoring honors with 18 and 15 points respectively. Bill Bauscher had 12.

Idaho's Jorgensen, f 1 FG FT PF TP 2 0 0 2
Branom, f 1 1 1 2
McEwen, c 7 2 2-3 0 15

Cole, g 0 0 0-0 0 0
Thomson, g 0 0 0-0 0 0
Totals 18 25-33 21 61

After returning from their southeastern swing where they lost games to Dayton, Kentucky, Washington University and Missouri the Vandals had a brief holiday before returning to Moscow to prep for games with Colorado A&M.

The Vandals downed the Rams 72 to 62 in Twin Falls for their second win in eight games but were hit by food poisoning before their game in Idaho Falls with the same club and lost that one by a close margin.

VB Champ Decided Tonight

Willis Sweet Hall's intramural volleyball crown will be on the line tonight when the Independent and Fraternity Division champions clash in this year's VB finale.

Beta Theta Pi met Alpha Tau Omega in the Fraternity finals and Lindley Hall 1 met Willis Sweet Hall 2 in the Independent finals last night, but results were not available at press time.

All four teams went through their regular schedules undefeated. Betas and ATOs both won seven games with Sweet and Lindley each won six without a setback.

Playoffs Continued

Willis Sweet won the campus title last year by defeating the Fraternity titlists, Sigma Nu. The Sig Nus slipped to a tie for third in their league this season.

Playoffs for the remaining positions will be continued throughout the week.

In an intramural manager's meeting held yesterday afternoon it was decided to start the 'A' 16th and bowling Tues. Jan. 17th.

The keggers will see action every Tuesday and Thursday night until the completion of the schedule.

Basketball will be run in the same manner as football and volleyball it was announced by Intramural Director, Larry Golding, with two Fraternity and two Independent Leagues and the winners playing off for the campus championship.

Phi Delta Theta are the defending 'A' basketball champs.

Golding also announced that all men participating in 'A' basketball will be ineligible for 'B' ball which will start immediately after the 'A' division is completed.

Bowling will be run off in the same manner as other years with both Independent and Greek teams mixed together in four separate leagues. Th league champs compete against each other for the campus title. The Phi Dels will also be defending the bowling crown.

The colleges have become interested in the sport because they realize its mathematical problems. They found in the college that billiards isn't just a matter of knocking the balls around the table. It's a scientific procedure that requires a lot of geometry.

Gymnastics Team To Meet Wednesday

It is important that all members of the gymnastics team attend a meeting scheduled to be held in Room 302 of the Memorial Gymnasium (Gym Room) tomorrow afternoon at 4:10 p.m.

Future events on the gymnastics calendar will be discussed. The team will put on a display at halftime of one of the home basketball games this season.

LITTLE MAN ON CAMPUS

by Dick Bibler

"I'm surprised that his passes are lousy—after some of the 'wild ones' he made at me the other nite."

No Bed Of Roses For Rose Bowl Official

LOS ANGELES—Head linesman Carlisle Dollings, the official who called a vital penalty against UCLA in the Rose Bowl game, became the first sport's figure to be hanged in effigy here in 1956.

The hanging took place Friday night at a UCLA fraternity house. Shortly after the necktie party, school officials rode to the rescue and cut down the make-believe Dollings.

Dollings, it may be recalled, came to the attention of Bruin rooters when he handed their team a 15-yard penalty back to their own five for side line coaching. It helped set up Michigan State's winning field goal in the final seven seconds.

IDAHO RUNNER LISTED

Don Hume, Vandal cross country star from Calgary, Alberta, was listed fifth in the recently announced northwest cross-country all-star list.

Bill Dellinger, University of Oregon 4.04 miler and undefeated cross-country ace topped the fourth annual poll.

FIND IT IN THE CLASSIFIEDS

Friel Ousts Reichert

Bob Reichert, speedy WSC sophomore guard, who was such a thorn in the side of the Vandal freshman last year, was dropped from the Cougar varsity squad last week by coach Jack Friel.

Last Saturday, upon returning to Pullman after their barnstorming tour the WSC players were told to report for practice Tuesday, the first day of classes after vacation.

Didn't Show

Before leaving for his home in Spokane, Reichert mentioned that he would not be in Pullman then. This led Friel to say that if he did not return, he would be finished as a WSC hoopster. At the turnout Tuesday Reichert, was the only player who failed to show up, causing him to get bounced.

Reichert, who ran afoul of school authorities twice last year, started the season at guard and ranked fourth among Cougar scorers with a 6.5 average in nine games.

Slat Riders Defend Title

The Idaho Vandals' ski team successfully defended their title again this year and took first place over five other teams at the Ninth Annual Triple I Ski Meet at Rossland, B.C., January 7 and 8.

Eirik Berggren placed first in cross country, more than a minute ahead of Mads Danielson, Washington State, and three minutes ahead of the University of Washington's Jack Haase in very slow snow.

Yelge Gagnum and Reidar Ullevaalseter placed 4th and 5th respectively in the cross country event garnering 98.4 points for Idaho.

Ullevaalseter, Gagnum, Berggren, and Per Windju out-distanced the competition by a wide margin to take the first four place in jumping event to give Idaho a score of 100 in this event.

Whitman's Billy Stevens and Dean Lodmell placed 1st and 2nd to lead the Downhill division while John Harrington, Vandal skier, placed 10th in this event.

Harrington and Ullevaalseter placed 11th and 12th in Slalom skiing to give Idaho 90.9 points while Doug Nicholson, Wenatchee, and Walt Taulbee, University of Washington, took first and second places.

Idaho took two events, jumping—651.4 points and cross country—98.4 points, while Whitman took the downhill division and Wenatchee took the slalom division with 97.9 points. The Vandals placed fifth in the slalom event with 90.9 points, and 6th in the Downhill event with 88.9 points.

The Vandals wound up with 567.3 points while the University of Washington got 556.7 and Wenatchee placed third with 530.9 points. Wenatchee placed fourth with 521.7 points and Washington State took fifth with 513.

Combined

In the Alpine Combined Idaho had 90 points to the U. of Washington's 94.3 and Wenatchee 95.9. In the Nordic Combined Idaho led with 99.2 points to U. of Washington's 90.5 points and 3rd place Wenatchee's 80.3.

Frank Comrack, 4 way specialist, 8th member of the Vandal team did not participate in the meet because of a leg injury and will

not be able to participate for at least another month.

Ski Coach, Ron Byers said, "The team performed well against good competition, in a very well organized meet at which the University of British Columbia was host."

The Vandal team travels to Spout Springs, Oregon to a Northwest Intercollegiate Ski Meet sponsored by Whitman College this weekend against the same competition as at Rossland, Canada.

Penny Peggers Cause Forfeit

The USC-California basketball game was cut short by 3 minutes 15 seconds Saturday night by Cal penny tossers when they hit referee Al Lightner twice with their coins.

Lightner will be remembered by Idaho fans for several highly controversial calls and a few mix-ups here in the past.

Lightner was first hit in the eye by a penny tossed by a California rooter. He stopped the game at that time and announced that if anything else was thrown onto the floor he would declare the forfeit.

Five minutes later Lightner was the target for another copper, which this time hit him on the back of the neck, causing him to declare the forfeit.

Lightner said safety consideration prompted his unprecedented action in forfeiting the game.

"I was thinking not only of my personal safety but also of the players on the floor who might also have been hit or might have stepped on one of these pennies, slipped and fallen and broken a leg," Lightner declared.

"I would be perfectly glad never to return to the California campus again," concluded the referee.

GARY NOMINATED

Wilbur Gary, Idaho fullback, has been nominated for the Glenn (Pop) Warner Memorial award, given annually to the west coast's most valuable senior college football player, as picked by sportswriters, broadcasters and coaches.

Silver-Gold Meet This Afternoon

Idaho's swimming teams are slated to square off in an intrasquad contest today in their last action before meeting Eastern Washington at Cheney Saturday in their first dual meet of the season.

At 4:10 this afternoon, members of the varsity and freshmen teams will compete in squads composed of men from both teams. Byron Richards will captain the Silver team and Jerry Jones the Gold squad.

Coach Eric Kirkland will pick the traveling squad for the EWCE meet following this afternoon's match.

The distance events have been bolstered by the improvement of Fritz Holz. According to Kirkland Holz is beginning to look quite good and he may take care of the varsity's weakness in the distance. Also, Art Berghold has joined the team and is expected to give help in the sprints.

Pairings for this afternoon's meet are as follows:

220—Lawr and Lund, Silver; Holz and C. Hall, Gold. 50—Roscoe and Harris (S); Crawford and Smith (G). 200 Ind.—Buckman and G. Hall (S); Jones (G). Diving—Richards (S); Edwards and Allen (G). 100—Harris and Cleveland (S); V. Davis and Lamber (G). 200 Backstroke—Belton and Lindberg (S); Carlisle and Nelson (G). 200 Breaststroke—Helle and Larsen (S); Giles and Light (G). 440—Lawr and Lund (S); Holz and C. Hall (G). 200 Relay—Roscoe, Buckman, Larson and Batey (S); Jones, Crawford, Smith and Edwards (G).

QUARTERBACK LOST

Norm Kampschror, Montana's ace passing quarterback in 1955, has withdrawn from school due to scholastic difficulties.

Kampschror, a sophomore, was the starting quarterback for the Grizzlies this season and was second in the Skyline conference in passing. He received honorable mention on the All-Skyline conference team.

Satisfy Yourself with a Milder, Better-Tasting smoke—packed for more pleasure by exclusive Accu-Ray
