

Twelve Jump Ahead In Calendar Contest

First results of the Calendar Girl contest were announced today as the competition moved into its final days. Ahead in the contest at midweek were Shirley Henriksson, Joan Ramstedt, Anne Copthorne, Karen Warner, Joanne Cowles, Joy Groscost, Lois Wilson, Clara Armstrong, Carol Wachal, Barbara Warner, Diane Kail and Georgia Carrico.

Is the music department taking full advantage of its resources? This is a question that Jason and other students over the campus would like to have answers in the light of a statement made by music department officials recently. "There is not time to organize nor sufficient talent on this campus for a Pep Band tour."

A check of the membership of the present Pep Band shows that the personnel are either music majors or are currently enrolled in either the Marching or Concert Band. If the Pep Band lacks talent, this could be why grumbling arose from the student body this fall in regards to the Marching Band.

Jason agrees that the present Pep Band has labored under an uncertain future. Responsibility over the past two years has been juggled between the ASUI and the music department.

This summer Chuck McDevitt, ASUI president, succeeded in having the Pep Band moved under the auspices of the ASUI. This was done in an effort to stabilize the organization.

Now that the band is back on its feet, actions from music department officials seem to suggest that they are trying to put them down again—this time for the count of ten.

Why doesn't the Pep Band have the talent? Why aren't they capable of organizing and getting a presentable show on the road by mid-March? If the members of this organization are in such sad state of affairs, musically that is, why haven't music officials done something about it. After all, as either minors or majors they are part of the department and their ability reflects upon their teachers.

This is why we ask the question—Is this department taking full advantage of its resources? The state of Idaho has over 600 high schools whose graduates may or may not be attracted to this university. Each of these high schools, with a few exceptions, has a high school band. Granted, they range in caliber and ability, but how many of these senior graduates that are band members are coming to the University of Idaho and enrolling in music courses? And if they're not enrolling, why? The figures would be interesting to note.

If Idaho musicians do not have any talent, then there are possibly one of two answers to the problem. 1. The music faculty is not adequately training its charges. 2. The inability of present recruitment tactics to entice the more talented high school graduates to enroll in the University of Idaho music program.

Again we ask the question—is the music department taking full advantage of the resources at its disposal?

Locked Out Girl Tries Window, It Locks

Another story from Asbury College tells of a girls' dormitory resident who gave her roommates quite a scare. The young lady found she had locked herself out of her room and thought she could remedy the situation by climbing over her own window.

But things didn't turn out quite the way she had planned. She got out onto the roof, but after she had closed the window behind her, she found that her own window was locked. That left her stranded on the roof and created general alarm among the other dorm residents who saw the mysterious figure moving about outside their windows.

The girls finally quieted down enough to hear her cries of help and were able to save her the questionable pleasure of spending a night in the great outdoors.

Six Cheerleaders Chosen For Frosh

Bob Mecham, Frank Allen, Marilyn Harden, Ann Holden, Aljean Higgins, Janice Henry were chosen Wednesday to be cheerleaders for the freshmen basketball team. Jim Kay, Chris Chisholm and the three University cheerleaders picked the leaders from the twelve girls and four boys that turned out. The frosh cheerleaders, according to Jimmy Kay, frosh class president, will not appear tonight at the frosh game but will be at the eight remaining home games and one away game at Pullman. Dale Carlisle, leader of varsity cheerleaders said, "The frosh have a very good unit and I hope they receive real good support."

Tour Talent Is Subject Of Exec. Board Meeting

The Idaho Executive Board Tuesday decided tentatively to replace a proposed pep band recruitment tour with a group of more "talented" students. The Board was advised by the Music department that "there was not the time to organize nor sufficient talent on this campus for a Pep Band tour."

Registrar Expects 4% Enrollment Dip

Enrollment at the University of Idaho will drop about four per cent at the beginning of the next semester, Registrar D. D. DuSault estimated today. DuSault said the student population at Idaho would decrease from the present 9480 to between 3350 and 3400 when registration is completed early next month. The decrease of four to five per cent is general at all colleges throughout the United States, he said. Idaho has experienced such a dip every year in its history with the exception of the spring of 1946.

Navy ROTC Unit Gains Lieutenant

Lt. Harry Fox Sullivan, a five term student, reported to the U. S. Naval ROTC Unit last week as its most recent addition. He was last stationed with the Commander-in-Chief of the Atlantic Fleet attached to Naval Security Group. Lt. Sullivan is scheduled to take regular University courses in five semesters of work to complete his degree. Captain T. C. Thomas, Professor of Naval Science and Tactics, will be Lt. Sullivan's commanding officer while stationed here.

Educator Re-(Hot)-Seated Hutchins Defends Fund's Ideals For Fourth Year

(Ed. Note: The first of two articles about Dr. Robert Hutchins, educator and president of the Fund for the Republic, who will speak at the University Thursday morning at a public events assembly.) By JOHN B. HUGHES Dr. Robert Hutchins, perhaps one of the most controversial educators in America completed his third year as the president of the Fund for the Republic in 1955 and was recently reelected at its head. Perhaps 1956 will be Dr. Hutchins' fourth year of defending the actions and ideals of the Fund.

Since its banner has flown high from the top of a New York skyscraper, a storm threat has constantly kept the Fund on its guard. It has undergone several attacks from the American Legion, an organization devoted to protecting civil liberties, and was brought before a Congressional investigation regarding its validity as a tax-exempt organization. The Fund for the Republic was established by the Ford Foundation, first getting a million dollars in 1951 and later \$14 million in 1953. The board of directors "bill" resembles a Hollywood preview: including Paul G. Hoffman, James D. Zellerbach, Arthur H. Dean, public opinion analyst Elmo Roper and others, these men have decided upon five areas of study for Fund projects.

We know this girl and can she ski. When she whirls So do well!

The Idaho calendar, a sample page of December, depicts that 12-month publication being prepared for Idaho students, with the proceeds designed for charity. Votes for girls to head each month of the calendar are being sold by various house representatives of the activity. The calendar page will include important events, a picture of the girl of the month and the month's calendar.

ASCE To Elect Officers Monday

The student chapter of ASCE will hold its annual election of officers at the Syringa room in the Student Union Building Monday at 7 p.m. All civil engineering students are urged to attend as there are officers to be filled from each class. Other business to be discussed will be the display for the Engineer's Ball and the annual report. Coffee and doughnuts will be served after the meeting.

Deliverers Needed

ASUI General Manager Gale Mix said today that two delivery men with a car are needed to circulate the Idaho Argonaut to living groups and administration buildings. Interested persons are asked to contact Mix at the ASUI office.

Communism never has been and is not now a serious threat to this country.

"Sinister forces under the pretext of fighting Communism are the real danger, and threaten the civil liberties of all Americans." "Security measures are un-American and are being used to harass and persecute innocent people." "Intelligent and educated people are aware of these things but are opposed by the ignorant who are being misled by evil demagogues." These points sound similar to a freshmen American Government exam.

The actions and distribution of Fund money for various projects and causes are also under strict surveillance by the Legion, including giving to a Quaker library in Pennsylvania \$5,000 for hiring Mrs. Mary Knowles, even though she had invoked the Fifth Amendment. But the Fund's planners have been in fights before; indeed Dr. Hutchins has the reputation of seeking them out. Only one morale-boosting trophy hangs in his new office on 42nd St. It reads: "Chicago Post No. 170, the American Legion, gratefully awards this Certificate of Appreciation to Robert Hutchins in recognition of distinguished service..." Next issue—Dr. Hutchins, the educator and his theory.

Water Still Safe But Iron Ratio Up 600%

The problem of iron content in the University of Idaho's water supply is as old as the institution, but it has been accentuated recently. Within the last year, the iron content in the water has increased 600 per cent. The situation is undesirable, but not unhealthy. Continuing studies are being made to find a corrective system that is both effective and financially feasible.

Dance Is Given By TMA, Dames

Town Men's Association and the Dames club have teamed to produce "January Jubilee," theme of TMA's annual dance. Scheduled for the North Ballroom in the SUB, the affair will be given atmosphere by the day and night dance, Friday, 13. Starting time is 9 p.m.

Wally Johnson's band will play for the spectacular, and intermission entertainment will include Arney Thune and his accordion and some important talent from Pullman, a hula dancer. Also scheduled is an act from Johnson's orchestra.

The Dames have taken over decorations and intermission entertainment, while TMA is taking care of orchestra and programs. Don Hazard is TMA committee chairman and Joan Chase heads Dames committee, announced Marjella Oneida, prexy of Dames.

Halftime Dancing Is First Program Slated For Game

The halftime entertainment committee met Tuesday to round out plans for programs for the intermissions at Idaho's basketball games. An interpretative dance by Fred Schiebe and Shirley Turner will be presented at the halftime of the Idaho-Oregon game next Friday.

Other programs planned for the year include the annual Spur Waddle, football awards, I club initiation, a skit by the Forester's Ball dance committee and a gymnastics program.

Chairman John Hughes said that the members of Orchesis will be approached this week to see if the group could work up a number with the popular Turner-Schiebe team, Friday. Members at the meeting included Bev Burwell, Sonja Hoisath and Dick Newell.

NOTICE

Get individual picture proofs from fraternities are due Jan. 18 and Hall pictures are due Feb. 27.

ASUI Schedule Lists Comedies, Dickens, Hart

The ASUI movie schedule for the second semester was released today. Included in the film fare for 1956 were "You Can't Take It With You," an academy award comedy adapted from the Pulitzer prize play by Moss Hart about an eccentric family who does everything. The movie is scheduled for Feb. 8.

"Father's Dilemma" is an Italian comedy of a prosperous father who causes confusion at his daughter's first Communion will be shown Feb. 23.

A Czechoslovakian production, "Krankatit" slated for March 22, concerns a scientist who discovers the explosive Krankatit and his attempt to find the same way from the dangers inherited from it.

Dickens' novel, "The Pickwick Papers" is the offering April 5. It is a humorous story, adapted from the famous book.

Italy's contribution to the schedule is "Tomorrow Is Too Late" on April 19. The film is concerned with the awakening of young people to the sex instinct amidst confusion and ignorance and is intelligently and sensitively treated. Pier Angeli stars.

"Days and Nights" is a Russian production adopted from the Konstantin Simonov book telling a stirring story of the Red's defense of Stalingrad in 1942. It will be shown May 3.

Last of the series May 17 is "Destination Moon," the first great science fiction film produced. It relates the reaction and difficulties of man on his first trip to the moon.

All movies will be shown in the Borah theater of the SUB at 4, 7 and 8:30 p.m. Admission is 35 cents.

Univ. Symphony Concert Sunday

The University of Idaho Music Department will present the University Symphony Orchestra conducted by Carl Claus on Sunday at 4 p.m. in the University Auditorium.

Warren T. Bellis, assistant professor of music at the University, will appear as featured clarinet soloist in Mozart's Concerto in A Major for Clarinet and Orchestra K.622.

Other numbers include in the program will be "Concerto Grosso No. 3" by Corelli, "Symphony No. 5 in C Minor" by Beethoven, "Marche Militaire Française" by Saint-Saens, "Thornrose Waltz" by Tschalkovsky, "The Moldau" by Smetana. The Idaho symphony is one of the oldest University orchestras in the northwest, having been founded in 1922 by Claus.

Gem Photographer, Snapshots Needed

Anyone having pictures appropriate for publication in the Gem please bring pictures to the Gem Office any day between 3 and 4 p.m. If pictures are used the owner of the picture and negative will receive two free 5x7 prints of the picture and the negative will be returned. Please bring negative and a print of the picture.

There is an opening for a Gem photographer, reports Jamie Steele. Anyone interested contact the Gem office this week. The staff photographer George Fowler yesterday took shots of the Argonaut editorial staff.

50-MEMBER WOMEN'S DRILL TEAM CHOSEN

Fifty new members of the University women's drill team, the Vandalettes, were selected last night in tryouts before charter members of the organization. Names were not immediately available.

The group, when completed, will execute coordinated drills at basketball games and at parades during the year.

PETERS ON KRPL RADIO
A new campus radio show will be heard over station KRPL at 10:55 p.m. every Tuesday night with Scott Peters, U. of I. junior, conducting interviews.

Athlete Makes A Mistake

The school has lost an athlete with potential comparable to other basketball greats, Fred Quinn, Al Fox, Bob Wheeler, Red Morrison and others, simply because he made a mistake. Basketball coach Harlan Hodges' firm stand on the Bob Goold issue, will not be reverted. Goold was dropped from the basketball team because of a flare of bad temper uncomplimentary to the school, a disheartening reflection on the Vandal players and coach.

Meanwhile rumors fly that Goold, a natural athlete with a good deal of poise and experience, (he is a Navy veteran) is going to transfer somewhere else and come back to haunt Idaho. Bob has made it plain that he wants to continue on with his studies at Idaho and be with his new-found Idaho friends.

The minute or so of mental anguish which Goold suffered when he was having a bad night against a national power, Kentucky, cost him a college athletic career. Apparently it has been a lesson earned, yet with personal gain. Goold's loss is a blow to Hodges' future dreams, but has been agreed best under the circumstances for the team.—JBH.

VETS MAIL BAG

More than 66,400 GI home loans totalling over \$755,000,000 were guaranteed by the Veterans Administration during November, the second consecutive month that a new record was set for the 11-year-old GI loan program, VA reports.

In addition, GI home loan applications received in November continued at a record rate while the number of homes for which VA received appraisal requests showed a decrease.

During November, VA received 55,174 GI home loan applications from private lenders on behalf of veterans.

However, VA received appraisal requests for 53,416 proposed and existing homes, 25 per cent under the October figure of 71,241 homes.

Of the 53,416 homes for which VA received appraisal requests, 30,397 were proposed houses and 23,019 were existing homes.

The 66,400 loans guaranteed during November was three per cent more than was guaranteed in October, and brought the year's total to \$6.5 billion.

VA reported the volume of loans repaid in full has been increasing in 1955. During the first 11 months of this year, about 190,000 home loans were reported repaid in full bringing the total since the begin-

Foreign Forum An Alive Grave

Two years ago, when I was going to the railway station in a town in northern India, I met a friend with some seedlings in his hands. He was going to his village. "Hello Dalip Singh?" He replied pleasantly and asked me questions about my going to the United States. In the meantime I changed the subject and asked about the seedling he had in his hands. He sighed and said to me, "I don't think you have time to listen to the reason why I am carrying these seedlings." "No, Dalip Singh, I have time. I would like to listen to your story."

About 15 years ago, when I was in Berlin, Germany, I met a German young lady. She was genuinely friendly and time had given us a chance to be with each other up to this day. (Tears came to his eyes.)

Sometime later we got married and stayed in Berlin for about four years according to my earlier plan. We traveled around the world and finally decided to settle in India.

When we landed at New Delhi, she fell sick due to the sudden change of climate and food. I spent all my money for her recovery but death seemed nearer than life. Her health was going down day by day. Her hands were bloodless and pale.

I said to her one day that perhaps God wouldn't let us fulfill our plans to live in the village where I was born. She said, "we cannot walk even one step without His permission." I was looking at her angelic face which was fading with time, but plimmering with spiritual delight and understanding.

She was full of life but without any movement. I was seeing in her face all the dreams of the green fields of northern India, where she could spend long sunny days in the summer and the warm days of winter.

She was dying with all the flowers of the land and was mixing with the cool breezes of the evenings and mornings. She was dissolving into eternity. I was told by the nurse that visiting hours were over. I left her going, going somewhere; I was helpless to stay.

The next sun rose with a great and powerful message for me. Henrietta was dead. I sighed. I wept, but I saw her solid memory laugh at me and I felt shame and at last I got courage.

After settling with the airlines, I brought her body to the place where she wanted me to bury her.

Her grave is in my village in the middle of my farm. She is with her dreams, but her grave is alone in the green fields and her soul is pleased. I know that (there was light in his eyes at this moment) I will always carry there seedlings for planting around the grave. When I go to the village I see her grave laughing from a distance, as white as she was, just waiting as she had waited in Berlin every evening for me to come home.

When he finished the story he looked at me and noticing my tears he embraced me like his own son.

The people of India usually burn their dead, but this is the only grave we have in the country side.

—Sulakham Singh Dhillon

Hause To Lead European Tour

Dr. E. Malcolm Hause, associate professor of history and political science at the University of Idaho, has been selected to lead a student tour in Europe during the summer.

Hause, who was awarded his doctorate degree from Northwestern University for his studies on modern European history, has been named tour leader by the Association for Academic Travel Abroad, a non-profit educational organization. Two groups of students will sail for Europe—one from Montreal July 6 and the other from Quebec July 18. They will join at Southampton, England, July 24, with both groups then being under Hause's leadership.

The tour, continuing to September 10, will include travel and study in England, Holland, Belgium, Germany, France, Switzerland and Italy. Hause will give lectures designed to provide his-

torical and political background on the places visited.

He: Here's how!
She: Say when—I know how.

Official Notice

Examinations will be given Saturday, January 14, in the Forestry Building at 9 a.m. for the office of ASUI secretary. The exam is a secretarial exam on typing and shorthand. Person with the highest score on the test will be selected.

Foreign Student Program Applications Available Now

PHILADELPHIA, Pa. — Applications from USNSA colleges and universities wishing to participate in the Foreign Student Leadership Program will be considered at the spring meeting of the Advisory Board of the project. The four-year program is being supported by a \$128,000 grant from the Ford Foundation.

The Project Director, Ted Harris, will make a personal survey of prospective colleges and universities beginning in January.

Institutions will be considered on the basis of the following criteria:

1—The general interest expressed in the program by students, faculty and administration.

2—The quality and extent of on-going programs for or including foreign students.

3—The nature of the administrative facilities for foreign students, the foreign student advisor or counselor, housing and recreational facilities, curricular adjustments possible for foreign students, possibilities for tuition and/or tuition and subsistence scholarships for FSLS students.

4—The quality of the student activities' program with special reference to:

a. the range of activities and effectiveness of the student governing body

b. the relative emphasis of activities, i.e. discipline, social student welfare, leadership trend, community affairs, international relations, etc.

c. the degree of cooperation between student governing organizations and faculty and administrative groups

d. the function and effectiveness of student organizations primarily concerned with foreign students or international affairs.

5—Possibilities for full or partial grants of one year for the housing and feeding of a student selected for FSLS.

The judgment of USNSA officers, the Advisory Board, and the Project Director will be affected by the rapidity with which member schools survey their resources and communicate their findings to the Project Director, since the first foreign students will arrive during the summer of 1956 and their programs must be completed well in advance.

In this announcement, Stan Glass, USNSA President, pointed out the difficulty of making final choice of universities, stating, "the exciting possibilities of this Project will appeal to so many of our 275 member schools that it is unfortunate that only 40 or 50 can be

selected during the life of the Project."

Representatives of several east coast and midwestern colleges and universities have already approached the Project Director and informally submitted bids for their schools.

Glass expressed the belief that the opportunity for student governments to help the Project Director plan, in cooperation with faculty and administrative personnel, a year's program for a foreign student leader, would be one of the richest experiences that USNSA could provide. He emphasized the fact that the Project might provide a valuable opportunity for "both learning and service, not only for the student governing organizations, professional graduate groups and university schools or departments."

This was illustrated by the example of a medical or agricultural student from India, who, housed in a fraternity, taking meals at a cooperative, serving as chairman of the student government student-faculty relations committee, and member of the visiting lecturers committee, also takes courses in the school of medicine or agriculture. Since academic achievement is not the primary function of the Project, this kind of program or some variation of it could make for a singularly meaningful mutual experience—for the student and his hosts.

All communications should be addressed to the Project Director, 142 Mount Auburn Street, Cambridge, Massachusetts.

Textbooks Right: Democracy Is Expensive

WILMORE, Ky. — (ACP)—A student at Asbury College was recently arrested by a traffic officer for speeding. He decided to uphold his democratic rights and carry his case to a trial by jury.

As the Asbury Collegian remarks, perhaps we need more people with such resoluteness. But they aren't sure just what he gained. The usual fine for speeding is \$13.50. The student's fine after the trial, \$65.50.

"What a splendid fit," said the tailor as he carried another epileptic out of his shop.

Dear Jason!

Dear Jason: In his column Jason said of the window breaking problem "Let the police investigate." It is quite possible that these offences were committed by juveniles. If so, then are virtually helpless. The present Idaho Code, which came out last summer, specifically provides that whenever a juvenile is picked up, his parents or guardians must be notified as soon as possible.

The aim of the law is clear and honorable. It is designed to prevent bullying of the juvenile. The practical result of the law, however, is almost to prohibit investigation. If information comes in that so-and-so was bragging about how many windows he broke, the peace officer might wish to question the lad. But to do so, he must also bring in the parent. The typical result is antagonism and bitterness. Indeed some parents, human-

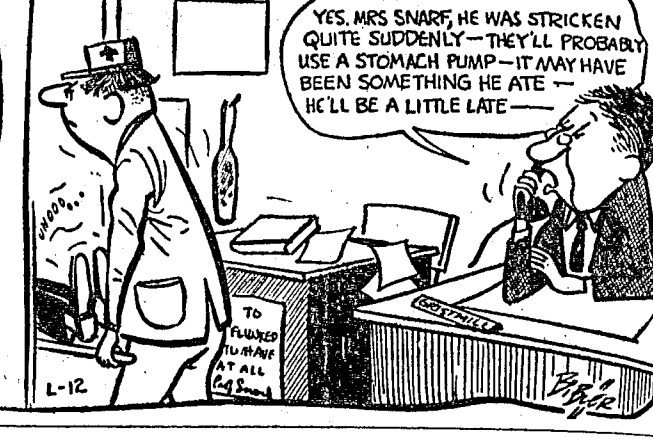

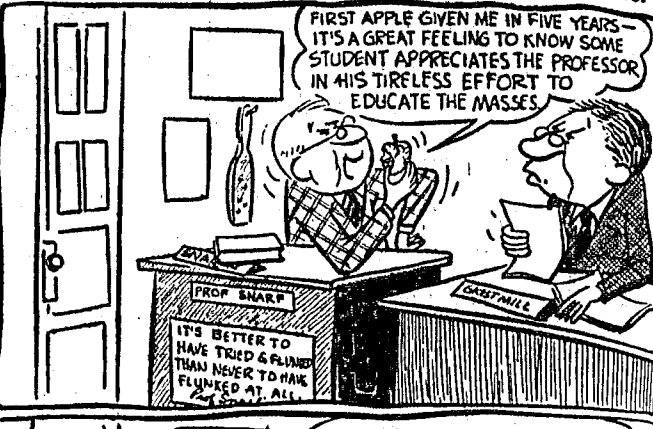

ly enough, say they will fight the law whether their "child" is guilty or not.

Of course the peace officer can approach a juvenile in a friendly manner and ask questions. In the case of an innocent child, there is no trouble. But the delinquent, however, secure in the knowledge of his immunity, will simply tell the officer to go somewhere and stay there. Actually then unless the delinquent is caught in the act, he knows he is, for all practical purposes, safe.

A Campus-to-Career Case History

"One open door after another"

"That's how I feel about the telephone company," says Walter D. Walker, B.E.E., University of Minnesota, '51. "When I joined the company I felt that I could go in any direction. And that's the way it's been."

"For the first six months I was given on-the-job training in the fundamentals of the telephone business—how lines are put up and equipment installed. Learning those fundamentals has really paid off for me."

"Then I had the opportunity to go to the Bell Laboratories in New Jersey. I worked on memory crystals—ferroelectric crystals—for use in digital computers. I learned how important research is to the telephone business."

"After two years I came back to Minnesota, to St. Cloud, to work in the

District Plant Engineer's Office. There I made field studies of proposed construction projects and drew up plans to guide the construction crews. This combination of inside and outside work gave me invaluable experience."

"In July, 1955, I came to Minneapolis as an Engineer in the Exchange Plant Extension-Engineer's Office. We do forecasting—not of the weather, but of future service needs. Using estimates of growth and economic studies, we make our plans for the years ahead. We figure out where and when new facilities will be needed to meet future growth."

"All this has been preparing me for a real future. You see, the telephone company is expanding by leaps and bounds. That's why it offers a young man so many open doors."

Wally Walker's career is with Northwestern Bell Telephone Company. Similar career opportunities exist in other Bell Telephone Companies, and in Bell Telephone Laboratories, Western Electric and Sandia Corporation. Your placement officer has more information regarding Bell System companies.

DELTA SIGMA PHI
Dwaine Griffith was elected president of the Gamma Iota chapter of Delta Sigma Phi. He succeeds Jim Koehner.

The house selected Lee Kime, veep; Robert Hillyer, secretary; and Bud Ashworth, sergeant-at-arms. Don Shannon remains as house treasurer.

SIGMA ALPHA EPSILON
Congratulations to Art Misner and Charlotte Ruckman, Hays Hall on their pinning.

Dean and Mrs. Donald J. Hart and Shirley Henriksson were entertained at dinner Sunday.

SAEs send best wishes to Marilyn Jones and Connie McKenzie who announced their engagement over vacation.

DELTA GAMMA
DGs congratulate and extend best wishes to Arma Huschke and Larry Looney who were married during the past holidays.

BETA THETA PI
Bad roads put three men from the Beta house in the infirmary when one car overturned and another slid. Larry Scrivner, Jerry Brubaker and Mike Patton are still recuperating along with Bob Benjamin who had a back injury.

GAMMA PHI BETA
Pledges thank the K Sig pledges for an enjoyable Wednesday exchange.

PHI DELTA THETA
The sword and shield of Phi Delta Theta changed hands three times over the holidays. Pinned are: Dick Klason to Jo Haight, Alpha Phi; Steve Emerine to Marilyn Matthews, Pi Phi, and Gary Kenworthy to Carol Jean Hansen.

ALPHA PHI
Alums were entertained at a dinner Sunday in honor of Mrs. Grace Wicks, who is leaving.

DELTA TAU DELTA
Pin-passers hit an all time high in the Delt Shelter with the passing of four badges. Pinned are: Bryce Rappleye to Kay Swainston, a Utah State coed; George Beer to Helen Donnelly, Twin Falls; Dick Parsell to Ann Popma, Tri-Delt, and Tom MacGregor to Liz Cleveland, Alpha Phi. Congratulations to all these brothers.

DELTA SIGMA PHI
Tuesday evening the pledges were guests of the Kappa pledges at a western exchange which everyone seemed to enjoy.

DELTA TAU DELTA
Tonight is the Delts' annual Odd-Ball dance to be at the Legion Cabin.

DELTA SIGMA PHI
Dwaine Griffith was elected president of the Gamma Iota chapter of Delta Sigma Phi. He succeeds Jim Koehner.

Gamma Phi 'Finds' Ring In Stocking

HAIHT-KLASON
At a candlelight dinner Wednesday night Jo Haight, Alpha Phi, announced her engagement to Dick Klason, Phi Delta Theta.

The ring was displayed in a heart shaped frame of red net with a center of white roses.

Individual favors were small red cupid's with the theme, "The arrow found its mark, Dick and Jo." The table centerpiece was red carnations with white chrysanthemums adorned with tiny red cupid's.

Guests were Mrs. I. C. Watson of Spalding, Idaho, Mrs. John Faulkner and Miss Jan Jolly of Moscow.

SINNEMAKI-MILES
"Look what I found in my stocking" was the theme of the engagement of Joyce Sinnemaki, Gamma Phi and Dick Miles, Chrisman Hall, at dinner January 8.

The centerpiece was a red felt stocking supported by holly boughs. The ring was displayed on a candy cane with holly and was placed in the stocking. Individual place cards were miniature felt stockings, a replica of the centerpiece with the theme and names of the engaged couple. Poinsettias were also displayed on the other tables.

Honored guests were Mr. and Mrs. John Sinnemaki and son, Johnny, and Mrs. F. C. Miles.

No definite wedding plans have been made.

KUOI ADDS BOARD MEMBER AND QUIZ
KUOI has announced the addition of two new programs to its schedule. The first is to the new KUOI QUIZ, which is presented from 7 to 7:30 every Wednesday night. The program is being presented in connection with the Radio-TV Guild and features a talk to be given every Tuesday at 10:30 p.m. by a member of the Executive Board.

This program is being presented as a further effort to keep the student body informed of the happenings of the ASUI Exec board.

In addition, KUOI will cover the public events assembly which is to be held January 19 at 11 a.m.

TRI-US
The last house meeting brought up the disciplinary problems confronting the fellows in order to save the reputation of the house and it was decided, after much debate, that there was nothing to save the members so the matter was dropped with a stern reprimand to one of the men for opprobrious and scurrilous conduct.

Plans were made for a dinner to be held this Sunday.

At last the news which the campus has been waiting for with bated breath can be disclosed. Elected for the spring semester are: Starvin Marvin, prexy; Rotten Harry, veep; P. J., secretary; and the office of treasurer has become dormant because of insufficient funds. Also elected was Nick, social chairman; Big Pot, sergeant-at-arms; Tex, Dean of Men; Bald

Eagle Chauncey, janitor and scholastic chairman and Roundhead Holt, house boy.

That list concludes the official election results, but Chub Cleverly was selected "Keeper of Charlemagne's Sword," which is the only house trophy.

Our cleaning keeps you looking your best.

All that Heaven Allows

Appearing in Recital hall of the University of Idaho's Music building at 8 p.m. Thursday, January 19, will be Carl Weinrich, said to be one of the three greatest living interpreters of the organ music of Bach. Weinrich has concertized extensively in Europe and the United States.

Bach Artist To Play Organ Concert Here

An organist described as one of the three greatest interpreters of the organ compositions of Bach is scheduled to appear on the University of Idaho campus Jan. 19.

Carl Weinrich, nationally-known artist, will be featured in Recital Hall of the Music Building at 8 p.m.

Weinrich is a graduate of New York University and completed his studies at Curtis Institute. He has taught at various colleges including Wellesley, Vasar, Columbia and Michigan. In 1950 he was invited to Harvard University to give eight recitals as a visiting lecturer, the first time this lectureship has been awarded to a performer.

Weinrich recently recorded in Sweden Bach's Orgelbuchlein, the Toccata and Fuge, part three of the Klavierbung, and the Passacaglia and Fuge, as an artist for Westminster Records.

Weinrich was one of the advisers in the reconstruction of the old Boston Music Hall organ. He also supervised the rebuilding of the organ in the Princeton University chapel, one of the largest organs of the 1920's.

Biology Technician Exam Announced; Top Salary \$4525

A civil service examination for Medical Biology Technician has been announced for filling positions paying from \$2,960 to \$4,525 a year in various Federal agencies in Washington, D.C., and vicinity.

The examination includes specialized fields in animal anatomy, bacteriology, cytology, general biology, hematology, parasitology, pharmacology, physiology, serology and virus and rickettsia.

Full details concerning the requirements are given in the examination announcement which may be obtained from college placement offices or from the U.S. Civil Service Commission, Washington, D.C.

Applications for this examination will be accepted from students who expect to complete the courses necessary for qualifications within 6 months of the date of filing applications.

GRADS LEARN TO FLY
Two University of Idaho graduates have qualified and graduated from major training in the Naval Aviation Cadet Corps. They are Milford D. Vaughn who graduated from the U. S. Naval Pre-Flight School and Heber V. Hymas who qualified as a carrier pilot.

"No, Miss Goodylumps, a neckerchief is not a president of a sorority."

Semester Elections Dominate Schedule

Some groups are holding mid-semester elections and Wesley plans a ski retreat. "Martin Luther" is to be shown at Canterbury this week.

The Kappa Phi pledges will meet at the CCC Saturday at 1 p.m. They are asked to bring \$5.25 initiation fee and scrapbook pages. Initiation will be held at the church Sunday evening at 7:15. Practice for this is scheduled at 3 Saturday afternoon.

WESLEY FOUNDATION
Friday at 6:45 p.m. the Wesley Cabinet will meet at the CCC and following this meeting a fireside will be held at Stan Thomases for the showing of slide pictures by Grace Hobson.

A ski party is planned for Saturday. Go to the Wesley office for further information. College Forum will meet at 9:30 Sunday morning and discuss "What We Believe."

Interdenominational study group will hold its regular meeting Sunday afternoon at the CCC. Mid-year elections will be held.

WESTMINSTER FORUM
Seniors will meet Saturday at 8:30 a.m. at the home of Mrs. Erickson to nominate officers. At the Sunday meeting at 5 p.m., the report of this committee will be given. There will be a pot-luck dinner and the annual congregational meeting at the church at 5:30 p.m. which we have been invited to attend.

LUTHERAN STUDENT ASSN.
Coffee hour will be held this afternoon at 4 o'clock in the CCC. Sunday's meeting begins at five and will include dinner, devotions and recreation. Election of officers will be held.

CANTERBURY
This Sunday at 8 p.m. there will be election of officers. After dinner the group will go to Our Savior's Lutheran Church and see the movie "Martin Luther."

When classes are through And your girl's close to you Here's a good thing to do—have a CAMEL!

—Man, that's pure pleasure!

It's a psychological fact: Pleasure helps your disposition. If you're a smoker, remember — more people get more pure pleasure from Camels than from any other cigarette! No other cigarette is so rich-tasting, yet so mild!

KAM Sponsors Photo Contest

The Eleventh Annual Collegiate Photo Competition features such prizes as a week at LIFE—all expenses paid; sets of Encyclopaedia Britannica, plaques, trophies and certificates.

Deadline for receiving pictures is March 10, 1956, with judging taking place the following week at the School of Journalism, University of Missouri, Columbia, Mo.

The fifty best pictures selected from all of the entries will make up a traveling show, which will make its first public appearance at the KAM National Convention at the University of Oklahoma, March 29, 30 and 31. The prize-winning pictures will then be made available to other colleges and universities throughout the nation.

This picture competition—the only one exclusively for College students, was inaugurated eleven years ago by Kappa Alpha Mu, photojournalism honorary.

Valuable Prizes
Top prize in the contest, given to the photographer who turns in the best picture portfolio, is an all-expense week as guest of LIFE, and a set of Encyclopaedia Britannica. First place winners in other classifications, News, Feature, Sports, Pictorial, Portrait and/or Character Study, and Picture Series and/or Picture Sequence each shall receive a set of Encyclopaedia. Trophies, plaques and certificates also will go to other winners in the Competition, with a cup going to the girl whose picture entry is considered best. Similar awards will go to the person who submits "the best print of Show," and to the person whose print "best symbolizes some phase of College Life."

Rules, entry blanks and complete information about the competition may be procured from Vi Edom, National Secretary, Kappa Alpha Mu, 18 Walter Williams Hall, University of Missouri, Columbia, Missouri.

Federal Service Entrance Exam Applications Open

College seniors and postgraduates will have another opportunity on February 10 to try for a career in the Federal service, the Civil Service Commission announced today. The second nationwide test under the Federal-Service Entrance Examination program will be held on that date. January 18 is the deadline for filing applications.

College men and women who passed the first Federal-Service Entrance Examination last month will be eligible for job offers in many administrative, personnel, technical or professional fields by February or March, the Commission said. Similarly, those passing the February 10 examination should be eligible for a job offer by spring. It is estimated that 7,700 Federal openings at salaries ranging from \$3,670 to \$4,525 annually will be available during 1956.

Britain Offers Summer Study

Summer study at British universities is open to American students in 1956 according to an announcement made today by Kenneth Holland, President of the Institute of International Education, 1 East 67th Street, New York City.

Six-week courses will be offered at Oxford, at Stratford-on-Avon, and at the capital cities of London and Edinburgh.

British Universities have combined annually since 1948 to organize a special program of summer schools. Courses are planned to serve the needs of post-graduate students, high highly qualified undergraduates in their junior or senior years will be accepted. Many American universities allow credit for attendance at these sessions to go to graduate and undergraduate students.

Courses to be offered next summer are: Shakespeare and Elizabethan Drama, the University of Birmingham course given at Stratford; Literature and Art from the mid-17th to the mid-19th centuries, including the intellectual background to the Romantic Movement, at the University of London; Literature, Politics and the Arts in Seventeenth-Century England, at the University of Oxford; and The European Inheritance given by the Scottish Universities at the University of Edinburgh.

Award and admission application forms may be secured from the Institute of International Education in New York City or from its regional offices in Chicago, Denver, Houston, Los Angeles, San Francisco and Washington. Closing date for applications is March 26, 1956.

Radio-TV Grant Open To Juniors

Applications for the \$500 second annual American Women in Radio and Television, Inc. Scholarship for a junior woman student planning a career in radio and/or television are now open.

Designed to encourage talented young women to enter the broadcasting industry, the scholarship, which will be awarded on a nationwide competition basis, must be used for academic studies in radio and/or television, or for necessary expenses in on-the-job training, subject to approval of the AWRT Board of Directors.

Applicants must have recommendations from the Dean of Students, two faculty members under whom she has studied, and two personal references. Judges will decide not only on scholarship, but also on character, personality, stability, cooperation and adaptability.

Application blanks may be obtained from American Women in Radio and TV, 70 East 45th St., New York 17. The deadline for scholarship entries is set for January 16, 1956.

The winner will be announced at the 1956 annual AWRT convention at the Somerset Hotel, Boston, Mass., April 28-29. She will be a guest of the convention with expenses paid by AWRT.

Service Offers Engineer Exams

The U. S. Civil Service Commission has announced examinations for engineering aides, draftsmen, and construction inspectors, grades GS-5, GS-6, and GS-7, for filling positions in the Bureau of Reclamation. Salaries for these positions are \$3,670; \$4,080; and \$4,525 a year. Vacancies exist at Bureau offices and projects in the 17 western states.

Application Form 57 and Form 5001-ABC should be sent to the Executive Secretary, Central Board of U. S. Civil Service Examiners, Bureau of Reclamation, Denver Federal Center, Denver, Colorado. Further information and application forms may be obtained at the U. S. Post Office.

FINAL EXAMINATION SCHEDULE

First Semester 1955-56

(Two and one-half hour examinations—three examination periods each day)

Regular class rooms will be used for the examinations unless instructors make special arrangements through the Registrar's office. Examinations in courses not included in the schedule will be arranged by the individual instructors during scheduled examination week. Examinations in courses comprised of lecture and laboratory periods may not in most instances be scheduled according to the sequence of either Announcement of time and room should be made by the instructor. Room should be reserved in the Registrar's Office for "arranged" examinations in order to avoid conflicts with scheduled examinations. For those courses in which a two and one-half hour examination period is not considered adequate, the final class hour or laboratory period could be used for additional purposes.

EXAMINATION DAY AND HOUR FOR CLASSES MEETING:

Non-Citizens Must Report Addresses By Month's End

Commissioner J. M. Swing reminded non-citizens today that they must report their address to the Immigration and Naturalization Service during each January under provisions of the 1952 Immigration and Nationality Act.

The Commissioner urged all aliens to go to the nearest Post Office or immigration office to fill out an address report card in compliance with the requirement.

Swing pointed out that willful violation of the Act could make an alien subject to a fine and/or deportation.

Mr. Edward Bruder of the local office of the Immigration and Naturalization Service said the address report cards are now available at 210 Hutton Building, Spokane, Washington and at your local

Mr. Bruder explained that to comply with the law the alien must fill out a card and hand it to a Post Office or immigration clerk. No alien should mail his own card.

Fahrenwald Receives '56 Miner's World 'Oscar'

Recipient of the Robert H. Richards award for 1956, one of the "Oscars" of the mining world—will be Arthur W. Fahrenwald who is the University of Idaho's dean of Mines emeritus.

The award, a silver vanning plaque, is presented annually by the American Institute of Mining & Metallurgical Engineers to a person selected from throughout the world-wide institute membership for "achievement in any form which unmistakably furthers the art of mineral beneficiation in any of its branches." The award was established in 1947 in honor of the late Dr. Richards of Massachusetts Institute of Technology, who was a former president of AIMME and for many years was recognized as the leading exponent and teacher of the art of ore dressing.

To Be Engraved
The citation to Dean Fahrenwald to be engraved on his plaque will read:

"In recognition of the increased understanding in theory and practice which has come from his studies and contributions, particularly in flotation, grinding, and classification, and which has contributed in large measure to advancement of the art of mineral beneficiation."

Presentation of the plaque will be made at the AIMME's annual banquet at the Waldorf-Astoria hotel in New York February 22. Fahrenwald will make the Richards award address at a special session of the convention.

Retiring in 1954 from the deanship of the college of mines, which he held for 21 years, Fahrenwald now devotes all his time to engineering design and research. Machines developed by him are widely used in mining district throughout the world.

Institute Offers Info On Available Overseas Grants

Opportunities for foreign study in seventeen countries are listed in Foreign Study Grants, 1956-57, pamphlet published today by the Institute of International Education, 1 East 67th Street, New York City.

Fellowships at the University of Ceylon and the Free University of Berlin, scholarships for summer study in Austria and England, study awards for artists, musicians and active labor union members are described in the 20-page booklet. Other awards administered by the Institute are offered by universities, private groups and governments in Europe, the Middle East, Asia and Latin America. More detailed information on these grants is available from the Institute in New York or from its regional offices in Chicago, Denver, Houston, Los Angeles, San Francisco and Washington.

Earliest deadline for applications is January 15 for the two awards at the University of Ceylon and for one award for advanced study in Brazil. February 1 is the closing date for the French Government awards and for the art and music fellowships offered by the Woolley Foundation. Closing dates of other competitions are in February, March, April and May.

General eligibility requirements for the fellowships and scholarships, designed mainly for graduate students, are U.S. citizenship; proof of good academic record and capacity for independent study; good character, personality, and adaptability; and good health. Ability to read, write and speak the language of the country of study is a requirement for most competitions.

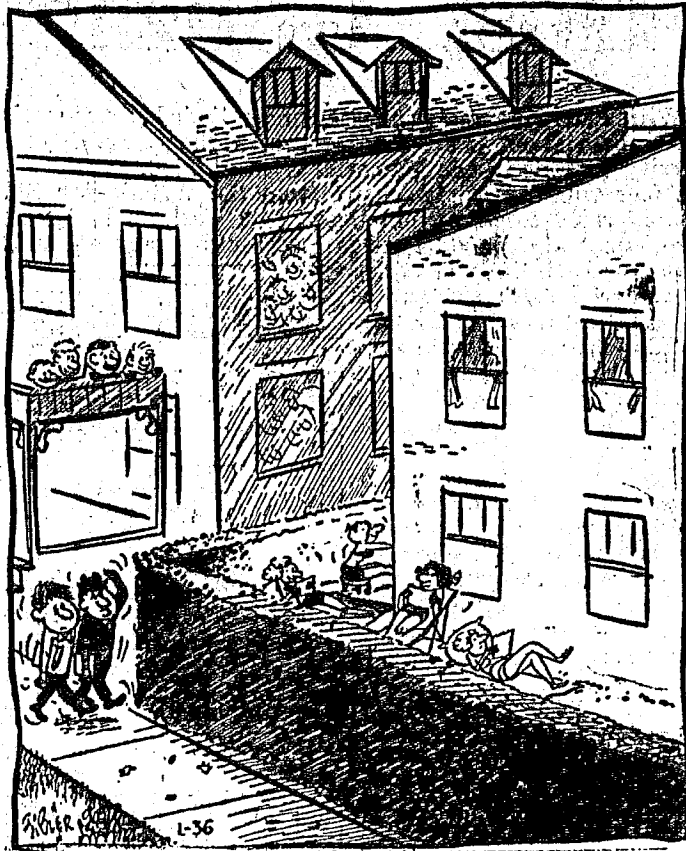

Tax Examiner Positions Open

The Internal Revenue Service announced today that applications are being accepted for Tax Examiner positions located throughout the eight western states.

These positions are concerned with the office examination or completion of tax returns to determine correct income tax liability. Experience including the analysis of financial statements, bookkeeping, accounting or auditing work of a commercial type and legal or quasi-legal work is considered qualifying.

The positions pay from \$3415 to \$3670 yearly. Both a written and oral examination is required. Applications should be filed with Internal Revenue Service Board of Examiners, 870 Market Street, San Francisco, California. Further information can be obtained at most Post Offices, Civil Service and Internal Revenue Service Offices.

LITTLE MAN ON CAMPUS by Dick Bibler

"I don't know what kinda line th' 'Strna Phl Nothings' give th' 'Rushee's', but year after year they seem to snatch away th' best boys."

9 College Teams Debate Jan. 13-14

Teams representing nine regional colleges will meet at the University of Idaho this weekend (January 13-14) in the 20th annual Inland Empire Junior College Debate tournament.

Schools planning to enter teams include Montana State university, Carroll college, Western Montana School of Education, Whitman college, Whitworth college, Washington State college, Idaho State college, Boise Junior college and the University of Idaho.

Thirty teams, composed of freshman and sophomore students, will open competition Friday night and continue Saturday. The national debate question this year is: "That the non-agricultural industries of the United States should guarantee their employees an annual wage."

University of Idaho debaters will include Richard Ray, Bobby Ridener, Richard Weeks, Linda Williams, and Cherie Bacon.

Two Professors Leave University To Do Research

Resignations of two members of the University of Idaho faculty, Professors Carl F. Sierk and Earl H. New, have been accepted, effective February 1, to permit them to take other positions, President D. R. Theophilus said today. The resignations, he said, would be submitted to the board of regents for formal action at its meeting later this month.

Dr. Sierk, who has been on the staff since 1951, is head of the department of animal husbandry. He is leaving to become assistant chief of the Livestock, Livestock Products and Poultry branch, Office of Food and Agriculture, International Cooperation Administration, Washington, D.C.

For Sierk it will be a return to federal service. He came to the University from Denver where he had been Western Regional Coordinator of Beef Cattle Research for the U.S. Department of Agriculture.

New, assistant professor of horticulture, came to the University of Idaho in 1947. He is resigning to join the faculty at Michigan State University where he will do research in floriculture marketing leading to a doctorate degree.

"That's a pretty dress you have on."
"Yes, I only wear it to teas."
"Whom?"

Iron Curtain Escapee To Enroll 2nd Term

By ART SCHMAUDER

A 26-year-old Czechoslovakian who squeezed through the Iron Curtain to West Germany in 1953 and taught himself to speak English from a paper covered edition of How to Learn English in 50 Easy Lessons arrived on campus Saturday.

Better than three years of work and planning will be realized when Frank Masek enrolls in the University second semester. He is the recipient of the Cosmopolitan Club's foreign student scholarship.

Masek's successful escape from Czechoslovakia was rewarded with a seven month stay in a refugee camp where he taught himself to speak English. This detention was necessary to give officers ample time to give each and every new refugee a complete security check. When he was finally cleared he was allowed to work as a free man.

"The questionnaire asks for everything including your reasons for escape. About 1500 people including students from every country behind the Iron Curtain were in my camp waiting to be cleared," said Masek.

Needed Sponsor

Designated a free man, Masek registered with the American Embassy in Munich while waiting for someone in the U.S. to guarantee that he would have work

when he arrived. This was one of the requirements of entrance and the contact in this country is called a "sponsor."

"It seemed like a long time, but I had wanted to go to the United States while I was still in Czechoslovakia, and it is just not so simple," said Masek.

Upon arrival in the U.S. on Dec. 18, 1955, he stayed with friends from his native country until Jan. 4, 1956. He was amazed with the big cities and their tall buildings.

"Skyscrapers in New York City are much different than those in Europe. They are something never to forget," he said.

While still in Germany he applied at the World University Service in Vienna for a scholarship. Through this organization he was awarded the Cosmopolitan Club scholarship. Willis Sweet Hall has extended a room scholarship to him and he will hash for his board.

Many-Linguist

Masek speaks Czech, German, Russian, French and English. Most of these he learned by himself without formal instruction, but he did take some lessons in the Berlitz school in Munich. He studied chemistry for three years at Charles University in Prague, and plans to study chemistry here also, specializing in plastic. His formal educational goal is a Ph.D., and he

hopes to work in America when he graduates.

OWEN SEES GRADS

Recently returned from a visit to the University of Minnesota is Dr. Guy E. Owens. He was formerly on the Infirmary staff and is now practicing in Moscow. While there he saw John Nelson, Aubrey Stephens and Lou Whitsett who are representing the University of Idaho in "good style" in the School of Dentistry.

Dr. Owens says these men send their regards to their former associates at Idaho.

Although he was both amazed and pleased with the friendliness of the people here in Moscow, Masek believes that the American is not so basically different. He just has less worries.

"The standard of life is very different here from the European. Europeans have to comply with a more complicated and changing economy than Americans do. Thus, Americans have more time for specialization and leisure," he said.

GREEN'S CLEANERS

Vandals To Palo Alto; Babes Host Gonzaga

Idaho Vandals go after their first conference basketball victory this weekend in a two game series with the Stanford Indians at Palo Alto.

Harlan Hodges' squad dropped both games of a double-header against UCLA last weekend putting them in the cellar of the PCC.

Hodges named guards Bill Bauscher and Gary Simmons, forwards Jim Branom and Jay Buhler and center, Gary McEwen to start against the Indians.

Simmons, Branom and McEwen all have moved into the starting five since the start of the season. The speedy Simmons has been the bright light in the Vandals' play thus far, after breaking into

Buhler Leads In Scoring

Co-captain Jay Buhler has taken a large lead in the individual Idaho scoring race with a total of 170 points in eleven games.

Statistics released this week by Ken Hunter, Athletic Publicity Director, show that Buhler has a 54 point lead over co-captain Bill Bauscher.

Gary Simmons ranks third in individual scoring with 102 points in eleven games, followed by Jack

Mitchell with 92 points, Jerry Jorgenson with 46 and Gary McEwen with 37 in seven games each. Jim Branom rounds out the list with 36 points in eleven games.

Bauscher, the leading free throw artist in the PCC, tops the team in that department for all games with 42 points out of 54 attempts. 'Jumpin' Jack' Mitchell, who as yet has not turned in a good scoring performance has picked off 80 rebounds to top the club in that department.

Idaho Statistics			
	FG	FT	Reb. TP
Buhler	67-214	36-50	57 170
Bauscher	37-115	30-50	40 116
Simmons	37-111	42-54	22 102
Mitchell	31-84	30-50	80 92
Jorgenson	18-57	10-15	29 46
McEwen	14-35	9-15	24 37
Branom	12-62	12-21	54 36
Others	35-102	20-39	60 90

Stanford Scorer

Idaho Vandals will be out to stop high scoring George Selleck when they meet the Indians in Palo Alto this weekend in a pair of conference games. Selleck, 6-2 senior is captain of the Indian squad and was their leading scorer in Stanford's opening series with the Washington Huskies.

The sharp shooting speedster was chosen All-Conference at his guard position last season.

'Goold Will Not Be Back On The Team,' Says Coach

Coach Howie Dallmar, in his second year at Stanford, led his squad to seven straight pre-conference victories before they dropped a 57 to 42 count to the Washington Huskies last Friday night.

Despite the fact that they lost guard Ron Tomasic, Stanford's greatest scorer in history, the Indians are rated as one of the favorites in the Coast Conference race this year.

Seven returning lettermen are back to the Stanford fold, led by their high scoring captain George Selleck. Selleck was All-Conference at guard last year. He topped the team in scoring at Seattle last weekend with 27 points in the two games.

Rounding out the probable starting five for Stanford are guard, Harp Wagner, 5-11 junior, center, Carlos Bea, 6-4 sophomore, and forwards Bill Bond, 6-1 and Barry Brown, 6-4.

Bond, a high scorer in pre-conference games, saw little action against the Huskies last weekend and may not start against the Vandals. If he doesn't start his place will be taken by 6-2 Bill Flanders.

New Big Ten Rule Halts Cheap Shots

An experimental rule designed to end the cheap basket by an offensive team after a missed free throw got its first Big Ten trial last weekend in the Indiana-Wisconsin basketball game.

The rule, which allows the defensive team to occupy both positions under the basket while a free throw is being attempted, will be in effect for Big Ten conference games the rest of the season.

Results of the experiment, approved by Big Ten coaches earlier last week, will be presented to the NCAA rules committee at the end of the season.

WRATo Hold Open Practice Saturday

Any team wishing to hold WRA volleyball practice should attend the open practice to be held in the Women's Gym at 4 p.m. this afternoon. WRA participation points will be given.

Also at this time National Official's Ratings will be given to the girls officiating. Ten rounds of badminton are scheduled for Saturday morning starting at 10 a.m. All players scheduled for that morning are urged to be on time for their matches or they will be forced to forfeit.

Meet Prospective women's ski team members will meet regularly on Monday afternoons at 4:00 in the Women's Gym.

Tryout for the selection of new members for Orchesis and Pre-Orchesis will be held Feb. 8th at 7 p.m. Any men or women interested in Orchesis are urged to make a note of this date and attend the tryouts.

A WRA Executive Board meeting will be held Tuesday at 6:45 p.m.

With four wins and two losses under their belts, the colorful Vandal frosh hoopsters meet with the Gonzaga junior varsity tonight in the Memorial Gym at 7:30.

After winning last weekend from the Washington State Couababes 53 to 51 on pint sized Lou Vesely's last second free tosses, the Vandals are primed for this next encounter.

The starting lineup, which seems to be pretty much stabilized at this date, will consist of Lou Vesely and John Livelous at the guard spots, Whylan Coleman and Hal Damiano at forward, with Jim Prestel ably holding down the post position.

The starting five has carried the team in most of the contests this season although the other members have shown more promise as the season roll along. Coach Clem Parberry has stated that all of the squad members are developing very well as the experience is chalked up.

Dead Eye Lou Vesely, with his deadly eye from the free throw line has missed only seven of thirty-seven attempted tosses. This has probably been the leading factor in establishing his 14 point per game average.

Whylan Coleman, one of the frosh's duo from Kentucky, leads the squad in scoring from the floor with a .568 average but ranks only third on the squad in total points.

As a team the Babes are averaging .421 from the floor but despite Vesely's fine showing have only a .568 from the gift line.

Little Practice Last night concluded only about two weeks of practice since the middle of December of the squad. The Babes went into the game with WSC last weekend practically green after about a three week layoff.

According to Parberry the team had a considerable amount of luck to come out on top in that contest. In that game the Vandals came out from behind early in the second half only to lose the lead after being ahead 8 points. They finally, after tying the score, won in the last seconds of the ball game on Vesely's two free tosses.

Gonzaga has a fast, hard-hitting junior varsity squad who are expected to give the Vandals a run for their money tonight. The Bullpups make up in speed and play making abilities for what they lack in height.

Freshman Scoring to Date

	FG	FT	PF	Reb.	TP
Vesely	27-64	30-37	0	15	84
Livelous	23-65	13-26	10	72	73
Oleman	30-56	8-18	10	28	63
Damiano	24-67	10-25	11	49	58
Prestel	21-49	13-23	11	48	58
Willis	3-8	5-8	3	15	11
Others	2-14	4-8	18	12	8
Team Totals	130-323	82-146	80	257	257

ish school, contradicting rumors that he would transfer.

"I've got a lot of friends here now, and I kind of hate to leave, although I have had several offers from other schools," he said.

Goold's explanation of the incident during the Kentucky game was that he had missed a couple of soft lay-ups in a row and the coach pulled him out of the contest and put in a substitute.

Off Night "I got mad, I was having an off night," said Goold, "and walked down to the showers. The coach told me I was through with the team and handed me a ticket home."

Hodges said that he had no comment on the actual incident itself.

Goold stated that he would like to play for Idaho again, "but it is entirely up to the coach now." Bob added that he had gone to Hodges and apologized for the incident at Kentucky, "but the coach said that if I ever played basketball again it wouldn't be for Idaho."

Two Vandals Up For Honor

Two University of Idaho athletes were among those listed for the Inland Empire's top athletic performers for 1955.

Wilbur Gary and Dick Sheppard are both in the running for individual athlete of the year. Gary was nominated in the two or more sports category for his performances in both track and football. Sheppard, a sophomore, was nominated in the golf division. He was runner-up in the Inland Empire amateur golf championship this summer.

The initial list was selected by the Inland Empire Sports-writers and Broadcasters association which will make their final choices at their annual banquet in Spokane on January 31. Fans may also submit their own nominations.

At that time the Inland Empire's "coach, athlete and team of the year" will be selected from the three final candidates in each category.

Skip Stahley of Idaho was named "coach of the year" in last year's voting.

Slatmen After Third Win At Whitman Invitational

For the third year in a row the Vandal ski team will be defending its title at the Whitman Invitational at Spouts Springs, Oregon. Coach Ron Byers Vandal skiers will travel to Spouts Springs this weekend to enter competition against the U. of Washington, WSC, Whitman, Wenatchee, and the University of British Columbia.

Last year the team won the trophy with 389.5 points. Besides winning the team trophy Reidan Ul-dual trophy; and Erik Berggren won the combined cross-country and jumping trophy. Erik Berggren placed second and Helge Gagnum placed 3rd in the jumping event.

Last week the Vandals won the Ninth Annual Triple I Ski Meet at Rossland, B. C. Erik Berggren, Helge Gagnum and Reidar Ullevseter won first, fourth, and fifth places respectively in the cross-country event.

John Harrington, Vandal Skier, will not make the trip to Oregon

Swim Honorary To Hold Tryouts

It was announced today by Bud Van Stone, Publicity Director for Helldivers, campus swimming honorary, that tryouts for the club will be held the second week of second semester.

He urged all swimmers interested in turnout out for the club to get in shape for the trials.

He listed the requirements for entry into the honorary as follows: backstroke, breaststroke, Austral-ian crawl, and the sidestroke; also the front surface dive, the back dolphin, the front dive, the ballet leg and sculling.

The tryouts are strictly on a competitive basis with points being awarded for each requirement, and the top points getters being selected for the club.

"You missed my class yesterday, didn't you?"

"No sir, not a bit."

Lindley Win VB; Tighten Point Lead

Lindley Hall 1 overcame a tough Alpha Tau Omega team Tuesday night to capture the 1956 intramural volleyball title.

The Lindleites took two of their three final games from the ATOs. Lindley won the first game 15-2, lost the second 13-15 and came back to win the third and the championship 15-10.

The win added 200 points to Lindley's overall point total and pushed them 23 ahead of the second place Phi Delta Theta team in the race for the campus point championship.

Lindley moved to the volleyball finals with a convincing 15-2, 15-4 win over Willis Sweet Hall 2 in the Independent finals. Willis were the defending volleyball champs.

Spread Out ATO downed Beta Theta Pi 15-10 and 16-14 in the Fraternity finals giving them their spot in the campus championship.

Teams have spread out further in the total point race with the release of the volleyball points. Lindley lead with 669, 23 better than Phi Deltas who have 646. Delta Tau Delta are solidly entrenched in third place with 614 points, 89 ahead of the defending champion, Beta Theta Pis.

'A' basketball takes over the Intramural spotlight next week with nine opening games on tap for Monday night.

In the feature game Phi Deltas will open defense of their title against a strong Kappa Sigma team.

Chrisman Hall, last year's Independent champs will open their season against the always dangerous Willis Sweet Hall team.

Intramural bowling gets underway Tuesday evening with six matches scheduled.

A Kiss: A mouthful of nothing that tastes like heaven and sounds like a cow pulling her foot out of the mud.

Lorraine is a member of the women's ski team but she is the only girl going to the University of Nevada meet since the women's team isn't competing in the tourney.

According to team members, Erik Berggren, Lorraine was chosen because the team considered her "the best looking girl skier" at Idaho.

ASUI President, yesterday.

A road grader will be used to build up a mound of dirt around the old concrete floor of the former tennis courts. Water will be pumped in and let freeze furnishing ice for students to ice skate.

An attempt was made to build the mound of dirt about a week before vacation, but the ground was frozen too solid for the road grader to dig up. University grounds officials believe that with the rains during vacation the mound will be able to be constructed.
