

## LEADERSHIP CONFAB SET FOR WEDNESDAY

### Recruitment Tour Tryouts Set Eight Sects Sending Leaders

#### March 17-25 Tourney Will Visit Southeastern Idaho

Tryouts for the Student Talent Tour to be sent to southeastern Idaho as a recruitment project will be held tonight in the Central Ballroom of the SUB at 7 p.m.

A job well done which benefits everyone deserves praise in this writer's opinion. Such is the case of the rejuvenated Idaho Pep Band and its beneficiary, the University of Idaho student body.

By-passing insurmountable odds, the Pep Band, under the able leadership of Neal Powell, came from behind last Friday night during the Idaho-California series to bowl over students, faculty and townspeople alike by playing a commendable quantity and quality of music. The effect on the crowd was tremendous.

Idaho's yell leaders and pom-pom girls immediately perked up too. At last they had some music they could work with and yell about. The combination of the three—the Pep Band, cheer leaders and Idaho's student body—produced a quality of cheering and lively music that has long been absent at the University of Idaho.

A good deal of the credit should go to specific individuals whose effort sparked the groups to success.

One in particular is Neal Powell, Pep Band leader. Neal is majoring in chemical engineering here at the University, but he still finds time to squeeze in some musical notes between long hours of engineering labs. He is a member of the University Concert Band and has been active in campus dance bands during his four years at the University.

Neal was a trumpet player in the old Pep Band earlier this year which was under the direction of Chuck Clauser. Recognizing that the Band was in a decadent condition and leadership with the resignation of Clauser, Powell, with a few younger members of the old guard as backing, showed up at an ASUI Executive Board meeting one night a few weeks ago with a definite plan to reorganize and rebuild the moribund outfit to a respectable level, or if that wasn't possible, junk the whole thing.

The Board gave Neal the green light and the necessary tools to do the job. New tryouts were held and new life filtered into the organization. Practices were held, new tunes were wiped up into shape and "resto"—the Band in its first appearance since the restoration—showed rancor that an old Idaho tradition and institution had once again proved its worth. To the man that sparked the operation, goes the credit—Neal Powell.

Another student deserves credit for the rebirth of Idaho's competitive and school spirit. He is probably the Vandals' most avid rooter judging by the amount of sweat on his brow after a competitive contest, which has involved the University of Idaho. His name—Dale Carlisle.

Dale is Idaho's Yell King and is holding this position for the second consecutive year. Hailing from Walla Walla, Wash., he is a junior majoring in business. Fellow students are only too aware of this short, stocky guy who always has a smile on his face and a good word on the tip of his tongue. They see him zipping to and fro about the campus in his foreign sports car, eternally busy.

It is this eternally busy attitude that never lets Carlisle rest when there is a cheer to be led, a hoop to be hollered through his megaphone, or a slap to be administered onto the back of a deserving player. This eternal enthusiasm has

The tour has been set up by the ASUI so that all parts of the state will be covered by a group from the University. The Vandaleers will go to northern Idaho while the Concert Band will travel to southwestern Idaho. The proposed tour for the southeastern part of the state will travel from March 19 to the 25th.

All types of acts will be needed for the show, as a variety type program is planned. There will be room for approximately ten acts.

Among the acts which have indicated interest in the tour are the Triple Trio from Hays, Barbara Breinich, Karen Taylor, Karen Hurdstrom, Nancy Benfer, Shirley Turner, Marilyn Matthews, Shirley Henriksson and Arlene Book, Sally Ghiglieri, Aylce Sweeney, Elsie Putnam, Dick Newell and Kent Ahlschleger, Laird Montgomery, Gary Thompson, Lane Wood, and Ralph Alley.

#### State Wide Music Teachers Conclave Here February 23

February 23rd through 25th will find music in Idaho on the University of Idaho campus. Approximately 150 music teachers and supervisors from the public schools and colleges of the State will meet in a three-day conference to discuss the functions and problems, both professional and practical, of their profession. The Idaho Music Educators Association student chapters will be represented by about fifty music students from the colleges of the State.

Many conference meetings have been scheduled to consider the myriad facets of public school music. Mr. Don Aupperle, State president of the IMEA, has announced. Featured guest speakers and clinicians include Dr. D. Sterling Wheelwright, professor of music and humanities, San Francisco State College, and Dr. Donald Sites, Associate professor of music, Oregon State College.

Other program features include the conference general banquet with Dr. H. Walter Steffens, executive dean, University of Idaho, as guest speaker. Participating in a Moscow high school concert presentation will be the band and the mixed chorus. The University's symphony orchestra, Vandaleers, and concert band will participate in the "host night" concert.

All-college groups have been organized to serve as clinic groups in the choral, orchestral and band fields in place of the former all-State high school groups.

Hosts for the conference, which is the third biennial event, include the University of Idaho, Moscow City Schools, and the Moscow Chamber of Commerce.

#### Former Staffer Now With Eastman

The appointment of a former member of the faculty of the University of Idaho as assistant superintendent of the industrial laboratory at Kodak Park Works of Eastman Kodak Company has been announced by Ivar N. Hultman, vice president. Dr. Donald H. Anderson served as instructor and assistant professor in the chemistry department at the University. While at Idaho, Dr. Anderson published papers dealing with corrosion and surface treatment of metals, and with the use of radioactive isotopes in studying phenomena of absorption.

#### Campus Citizen

Clara Armstrong, senior in home economics at the University of Idaho, has been named Spokesman-Review "Campus Citizen of the Week." Miss Armstrong is president of AWS and was SAE Violet Queen, Guardian Angel of the Idaho Air Force ROTC and 1954 Homecoming Queen. The Spokane newspaper weekly honors an outstanding Inland Empire college student.

#### Engineer's Ball Will Be Big Event On Saturday

The Engineers Ball is scheduled for Saturday, February 18 in the SUB ballroom. The Pastels orchestra from WSC will furnish the music for the semi-formal affair. Admission is \$1.50.

#### Study Chances In Switzerland Given Students

Opportunities for American graduate students to study in Switzerland during 1956-57 have been made by Swiss universities and societies and by the American-Swiss Foundation for Scientific Exchange. Closing date for application is March 1, 1956.

The Universities of Basel, Bern, Geneva, Lausanne, Neuchatel and Zurich; the Federal Institute of Technology, Zurich; and the School of Economics and Public Administration, St. Gallen; offer tuition grants.

The American Swiss Foundation for Scientific Exchange offers one or more grants for advanced research in the natural and medical sciences. Candidates must hold the Ph. D. or M.D. degree by date of departure.

Application is open to men and women, preferably under 35 years of age. Candidates must be U.S. citizens. Other eligibility requirements are bachelor's degree at time of departure; good academic record and capacity for independent study; good knowledge of French or German; good moral character, personality and adaptability; and good health.

Fields of study open to American students in Switzerland include architecture, chemistry, engineering, geology, physics, international law, economics, banking and insurance, as well as language and literature.

#### NOTICE

Calendar Contest House Representatives pick up your quota at the Gem Office from 3-5 p.m. today. Extra copies are available for 70 cents each.

**FILL KUOI VACANCIES!**  
Campus radio station, KUOI, is presently holding tryouts to fill vacancies in their announcing staff. Anyone interested contact Jerry Chandler at the KUOI office.

#### Norman R. Logan Presents Baritone Recital Thursday

Baritone Norman R. Logan, member of the University of Idaho music staff, will be presented in a faculty recital in the recital hall of the music building at 8 p.m. Thursday evening.

Conductor of the University Singers, Logan is well known in the Northwest as a clinic adjudicator and high school music festival director. He has served on the staff at Washington State college, and sung professionally in California while doing advanced degree work at the University of Southern California.

Accompanied by Hall M. Macklin, head of the music department, Logan will open the concert with a group of four songs: "My Lovely Celia" by Munro; "The Heavy Hours" arranged by Endicott; "Come Away Death" by Quilter; and "Preach Not Me Your Musty Rules" by Arne. "Three Scriptural Songs" by Brahms will be followed by an aria by Verdi.

A group of French songs will be led off by "Jeune fille" by Dalayrac, followed by "Chant Hindou" by Bemberg; "Lied" by Franck; and "Tu me dirais" by Chaminate. First number of the last group will be "Do not Go, My Love" by Hageman; "Wild Geese" by Guion; "Shy One" by Clarke; and "How Do I Love Thee" by Lippe.

#### COMING EVENTS

Today:  
Radio TV Guild, 7 p.m., Radio Center IKS, 9 p.m., Conference Room A.  
Ag Engineers, 7 p.m., Ag Engineering Bldg.  
Student Events Council, 7 p.m., Conference Room D.  
Mortar Board, 5 p.m., Syringa Room.

AWS open nomination Assembly, 4 p.m., Borah Theater.  
Vandal Riders, 7 p.m., Conference Room A, SUB.  
VVO, 7 p.m., Borah Theater.  
Wednesday:  
Gem Photographers and anyone interested, 7:30 p.m., Gem office. Discussion of picture taking techniques by Rudy.  
R. E. Week ticket salesmen, 4 p.m., SUB Conference Room E.  
Social Coordination Council, 8:30 p.m., Conference Room D, SUB.  
Pep Band Rehearsal, 7 p.m., Music Bldg.  
Thursday:  
Kappa Delta Pi, 7:30 p.m., Conference Room E, SUB.  
Iron Angels Hot Rod Club, 7:30 p.m., City Hall.  
United Party, 7 p.m., Conference Room D, Important.  
Young Republicans, 7 p.m., SUB Mezzanine.

#### Woman Revealed As Analyzed By Chem

CHAMBLEE, Gd. (ACP) — The Technician, published by students at the Southern Technical Institute, recently took a scientific view of the female of the species. It printed this description of a woman as seen through the eyes of a chemist.

Symbol: WO.  
Accepted Atomic Weight: 120 lbs.

Physical Properties: Boils at nothing and freezes at any minute; melts when properly treated; very bitter if not well used.

Occurrence: Found wherever man exists.

Chemical Properties: Possesses great affinity for gold, silver, platinum and precious stones. Violent reaction if left alone. Able to absorb great amount of food matter. Turns green when placed beside a better-looking specimen.

Uses: Highly ornamental; useful as a tonic in acceleration of low spirits, and an equalizer of the distribution of wealth. Is probably the most effective income-reducing agent known.

Caution: Highly explosive in inexperienced hands.

DR. FRANK ROSENTHAL

Foundation, student organization of Jewish young people. Before coming to Washington he taught in the Department of History at Drake University.

Other speakers include Dr. Kermit Eby of the University of Chicago, the Right Rev. D. Vincent Kavanaugh, president of Carroll college, Helena, Mont., the Rev. John L. Anderson of Lewis and Clark college, Portland, Dr. Henry J. Cross of the Grace Baptist church, San Jose, Calif., Frances Moulton, Episcopal directress of Christian Education at Moses Lake Wash. and Jr. Edgar Lyon of the LDS institute, University of Utah.

#### Paul Pugmire, Senior In Law, Dies At Dance

Funeral services for Paul Rich Pugmire, who died suddenly while attending a dance Saturday at Genesee, were held yesterday afternoon at Short's Funeral chapel. Burial will be at Logan, Utah.

Mr. Pugmire, 31, collapsed suddenly at the Genesee American Legion building and was pronounced dead. He was attending a dance given by the law students wives' organization, Just-Us Club. He was believed to be the victim of a heart attack.

The victim was a senior in the University Law College and was a member of the Latter Day Saints church. He had received pre-legal preparation at Utah State College in Logan. Mr. Pugmire was a member of Bench and Bar law honorary.

Mr. Pugmire was born at St. Charles, Idaho April 26, 1924, had lived at Ashton and lived at Genesee for six years. He leaves a widow, Virginia, and a son, James, 10, living in Moscow.

#### Booster Clubbers Feted At Banquet

Honored at an I Club banquet Saturday night were some 50 members of Vandal Booster clubs throughout the state.

Vandal lettermen were introduced as well as guests and officers of the State Booster group. Frank Young, assistant athletic director at the University and secretary-treasurer of the Boosters made the introductions.

Following the dinner the group attended the Idaho-California basketball game.

#### Rafiee Will Lead Cosmopolitan Club

Hosein Rafiee was elected president of the Cosmopolitan club at a meeting held last Sunday. Rafiee, former historian of the club, comes to Idaho from Yejd, Iran.

Other officers elected included Jean Weston, vice-president; LaRene Newberry, recording secretary; Kay Kreizenbech corresponding secretary; Roald Bjornland, historian and Siv Bergstrom, treasurer.

Dr. Harry Caldwell outlined the economic geography and cultural background of North America in a talk at the meeting.

**DAMES MEET TOMORROW**  
University Dames will meet Wednesday, at the Faculty Club for an evening of bridge and crafts. Bridge instruction will start anew so all beginners are welcome. Earnings will be made by girls interested in crafts.

The week will begin with a banquet at 5 p.m. Feb. 26. Larry Wing, ticket chairman for the banquet said sales were progressing well. All church groups and living units have at least one representative from whom tickets are available. Dr. Eby will make the opening address at the banquet, which will follow the same theme as the conference.

#### Mucker's Ball Draws Record Crowd Friday

"We had the largest crowd we ever had at a Mucker's Ball," said John Blessinger, president of the Associated Miners, "the dance was a great success."

About 170 couples attended the annual Mucker's Ball Friday night in the SUB, gambling, dancing, and spending mucker's bucks. Eight different games were set up in the South ballroom where students tried their skills at mouse roulette, craps, blackjack, wheels of fortune and chuck-a-luck. Mucker's bucks was the medium of exchange with each person starting out with \$2500 worth of money.

Rod Burton's orchestra played for the dance which was patterned around the theme, "Gold Rush of '49."

Immediately following the dancing three gold pans were auctioned to the highest bidder.

Jerry Whiting, Bob Rockman, and Dave Pinkard were heads of committees for the dance.

#### Booklet Reports Rock Deposits In Salmon Area

The first step in a comprehensive investigation of the geology and mineral resources of the Salmon quadrangle in Lemhi county, Idaho, is reported in a new Idaho Bureau of Mines and Geology publication announced today by Dr. J. D. Forrester, director of the bureau and dean of the college of mines at the University of Idaho.

The booklet, written by Dr. A. L. Anderson, is the product of extensive field studies and is part of the bureau's program to analyze in detail the geologic conditions of all sections of Idaho. Forrester said it is hoped that the pamphlet will be particularly useful to prospectors and others who desire to carry on prospecting and field reconnaissance in the general Salmon area of Lemhi county and adjacent regions.

Mineral resources of the Salmon quadrangle include deposits of gold, copper, lead, possible radioactive minerals, coal, building stone, bentonite, clay, gravel, road metal and thermal waters. All of these have received some attention, but the main interest of late has been in the copper deposits and in the possible occurrence of radioactive minerals.

Pamphlet 106, "Geology and Mineral Resources of the Salmon Quadrangle, Lemhi County, Idaho," may be obtained for \$1.25 on request to the bureau offices at the college of mines at the University of Idaho.

- 1. Borah conference.
- 2. Calendar dates.
- 3. Traffic appeals and discipline committee.
- 4. Activity cards.
- 5. Rose Bowl ticket policy.
- 6. New business.

**QUARTERS WANTED 3-1**  
LARAMIE, Wyo. — Students at the University of Wyoming favor the quarter system 3-1 in a recent preferential vote. The per cent in favor would like to get finals out of the way before the Christmas holidays.

#### Lewis, Spokane Men To Speak On Leading

Aspiring future "wheels" in campus activities and the business world can get instruction in leadership at the sixth annual ASUI Leadership conference Wednesday and Thursday at 7:15 p.m. in the Borah theater.

Conference co-chairman Clark Anderson said each living group has been asked to send eight delegates to the meetings in order to insure good attendance. If each living group sends their quota, Anderson said, some 230 persons should attend. Last year only about fifty students attended.

First of the two evening programs will be a speech by Earl Bullock, director of personnel for the Potlatch Forests Inc. Bullock will speak on "What is Leadership," which will be the keynote of the evening. Robert C. Friede, direc-

CHUCK McDEVITT

tor of personnel for the Continental Banking corporation of Spokane will discuss "Why Leadership?" and ASUI President Chuck McDevitt will talk on "Organization of the Student Government."

A film, "Parliamentary Procedure," will be shown Thursday evening followed by a discussion led by State Senator Howard Hechtner of Lapwai. Hechtner has had several years experience in legislative procedure while serving in the Idaho legislature.

Both conferences are expected to last about two hours.

Freshmen women having a 2.0 average or better have been granted 9 p.m. permission to attend the conference.

Co-chairman Harriet Hanna said pamphlets outlining parliamentary procedure would be handed out during the sessions and that speakers would be available for a question-answer period following the program Wednesday.

"I think everyone should come who is able because the conference will be very beneficial to all," Miss Hanna said.

Assistants in planning the confab are Carolyn Edwards, Jerry Haller, Bill Friede, Ernie Davenport and Jim McPherson.

#### Social Science To Be Broadcast

Subjects devoted to international affairs, domestic political problems, social problems and lives of great Americans will be discussed by faculty members of the University of Idaho's social science department in a new weekly radio program being released throughout the state.

"Talking It Over" is the title of the program and the topic for next week's show is "NATO: Do Such Organizations at NATO Contribute to World Peace?" The university presents these programs as a radio service to the public with the hope that the listeners may in a few minutes' time secure basic information and hear varied points of view on principles and events of general interest.

Social problems to be discussed include juvenile delinquency and divorce and some of the great ideas of mankind which are vital to democratic principles. Discussion will be professional and objective.

For the next three months the program is under the general direction of Dr. E. Malcolm Hause, associate professor of history and political science. He invites listeners to write him suggesting topics for future discussions.

## \$28,000 For Needy

The University of Washington suggested recently it had no idea of the purpose of a \$28,000 slush fund (apparently an annual one) that aids needy athletes to find a place to go to school.

Torchy Torrance, the Greater Seattle, Inc., magnate and father to many helpless athletes, spilled the news to the public that this money was part of a fund in long existence that is used for recruiting. Torrance made no bones about letting the public in on the secret.

University president Henry Schmitz says he knows nothing about the "downtown slush fund" being out of proportion. Torrance once told the University that \$7,000 was profited by a professional game this summer. Schmitz's records show a difference of \$28,700 between the amount Torrance's report and the actual amount.

So with \$28,000 to help get needy athletes to the school with assistance of avid recruiters for the Purple and Gold, things have been milk and honey for coaches and their charges.

The Pacific Coast Conference meetings have been bowled over with Washington influence, and the Husky regime has even been fined occasionally for recruiting violations; but with money to burn, they have disregarded the consequences.

A rude awakening has now caught Torrance, ex-Harvey Cassill, Cherberg, and the rest (Everest that is) by surprise. The ax had to fall sometime, somewhere, in this day of fabricated athletics, and Washington is a victim.

The U. will burn good for this one. Stained eyeshades and "lucratively soaked wool" has been pulled from the eyes of those who have before been content to go along with such ridiculous spending.

Investigations and more of same will come out of the stinging undercover work of Cowboy Johnny Cherberg who got sick and tired of interference with his job. Too many fingers in the pot and too many peas in the pod have finally stung Washington, believed to be one of the most wealthy schools in the country.

Its athletic program has jumped so far out of proportion that the PCC and even income tax men want a further look at the fund for needy athletes. It could be that in the future Washington convertible car deals, lavish transportation expense funds, etc., will calm down a little. Maybe.

—J. B. H.

### LITTLE MAN ON CAMPUS by Dick Bibler

"I believe we pledged the Lory Van DuPont chap since you were herelast."

# Campusology

By Mr. Peepers

Dear Mother:

Well, registration week is over and I've had my first classes. College life is fun, but it's not as beautiful as described in the handbook they sent me. Maybe registering at mid-semester is why I think the way I do. But is it nice.

When I arrived here I was greeted by Rush Chairman of a fraternity. He told me a lot of neat things about fraternities. How they always have lots to eat, plenty of time to sleep, and access to all the finals that the professors put out. I asked another boy if this was true and he said, "yes, Rush Chairman never lie."

I found out where my department head was located and I went there to see about registration. When I walked in he slapped me on the back and took my hand and shook it. He said he was very glad to see me and that I would like college very much. He said I would not have any trouble in my studies and that if I studied real hard I might make Phi Beta Kappa. He said there were lots of boys in it and it wasn't at all hard to get in.

Then a real nice man helped me figure out my class schedule. He was real nice and it was so simple to fill out my registration blank that I was all ready to go through the gym and fill out my class cards in less than two days.

I arrived at the gym just in time to see the ambulance carry away a boy who was trampled in the crowd. Poor boy, he didn't get to finish registration with the rest of the group.

There was a long line of men and women waiting to get a little red check on their blanks. I didn't feel like standing there in line very long so I found myself a little red pencil and put a check on my card myself. I know it wasn't right, Mother, but I don't think anybody saw me, and I'm sure nobody else did it so it didn't hurt anything.

Well anyway Mother, I was all through with registration just four days and thirteen hours after I started. I got through early. There are still people standing in line. But they are going through fast Mother—things are run very smoothly during registration.

### BOEING AIRPLANE COMPANY

WILL CONDUCT PERSONAL INTERVIEWS ON CAMPUS February 16 and 17 Group Meeting February 15

Boeing has many positions open for graduating and graduate students. These opportunities are in all branches of Engineering (AE, CE, EE, ME and related fields). Also needed are Physicists and Mathematicians with advanced degrees.

Fields of activity include Design, Research and Production. Your choice of location: Seattle, Washington or Wichita, Kansas.

Personal interviews will cover the details of openings, the nature of assignments, Company projects currently in work, and miscellaneous information about the Company.

Come and learn about the excellent opportunities with an outstanding Engineering organization—designers and builders of the B-47 and B-52 Multi-Jet Bombers; America's first Jet Transport, the 707; and the Bomarc IM-99 Pilotless Aircraft.

For time and place of group meeting and for personal interview appointments—consult your

## BOEING AIRPLANE COMPANY

SEATTLE WICHITA

After I finished my registration I wandered down to the SUB. That's where everybody goes for a good cup of coffee, or starves to death waiting for service. It's really a nice place, Mother, and every one is so friendly.

There is a sidewalk here they call Hello Walk. When ever you pass somebody you say "hello." I saw one girl that didn't say hello to another girl when she went by. The second girl stopped the first one and jabbed her in the eye with a fountain pen.

It's really a friendly campus and the girls are so nice. Somebody told me that 99 per cent of all the women are beautiful and that the other 1 per cent come to Idaho. I don't believe it because I can truthfully say that all the Idaho Coeds are basically women.

I will write again, Mother, when I have time, and I should, because I don't think I will have much other work to do.

Your Son, Peepers

## Here's More About—Golden Fleece

formed the basis for the rebirth of Idaho's school spirit.

Under his leadership a potent Idaho cheering section has been developed. Team spirit has been improved. The pom-pom girl section has been increased to six strong and through Dale's coordination, they work hand in glove with the yell leaders.

With solid school spirit exhibited by the students under the leadership of sound and enthusiastic people, Idaho will once again find itself on the road to victory and achievement.

Professor (after final exam): Well, what did you think of the course?

Student: I thought that it was a very all-inclusive course. Everything that was not covered during the year was covered on the final exam.

### THE CARE AND FEEDING OF ROOM-MATES

Today we take up room-mates, a delightful phenomenon of American college life. Having a room-mate is not only heaps of fun; it is also very educational, for the proper study of mankind is man, and there is no better way to learn the dreams and drives of another human being than to share a room with him.

This being the case, it is wise not to keep the same room-mate too long, because the more room-mates you have, the more you will know about the dreams and drives of human beings. And that's what we're all after, isn't it?

So try to change room-mates as often as you can. A recent study made by Signafocs of Michigan State shows that the best interval for changing room-mates is every four hours.

Now let us discuss how to go about choosing a room-mate. Most counselors agree that the most important thing to look for in room-mates is that they be people of regular habits. This, I say, is arrant nonsense. What if one of their regular habits happens to be beating a great gong from midnight to three a.m.? Or growing cultures in the tooth glass? Or reciting the Articles of War? Or peanut brittle?

Regular habits indeed! I say that beyond quibble, far and away the most important quality in room-mates is that they be exactly your size. Otherwise you will have to have their clothes altered to fit you, which can be a considerable nuisance. In fact, it is sometimes flatly impossible. I recollect one time I roomed with a man named Tremblatt Osage who was just under seven feet tall and weighed nearly four hundred pounds.

There wasn't a blessed thing I could use in his entire wardrobe—until one night when I was invited to a masquerade party. I cut one leg off a pair of Tremblatt's trousers, jumped into it, sewed up both ends and went to the party as a bolster. (Incidentally, I took second prize. First prize went to a girl named Antenna Wilkins who poured molasses over her head and went as a candied apple.)

But I digress. Let us get back to the qualities that make desirable room-mates. Not the least of these is the cigarettes they smoke. When we borrow cigarettes, do we want them to be harsh, shoddy, and disdainful of our palates? Certainly not! What, then, do we want them to be? Why, we want them to be gentle, delicately-reared, and designed to suit the tempo of today's broader, easier life! And what cigarette is gentle, delicately-reared, and designed to suit the tempo of today's broader, easier life? Why, Philip Morris, of course! (I'll bet you knew it all the time!)

To go on. In selecting a room-mate, take great pains to find someone who will wear well, whom you'd like to keep as a permanent friend. Many of history's great friendships first started in college. Are you aware, for example, of the remarkable fact that Johnson and Boswell were room-mates at Oxford in 1712? What makes this fact so remarkable is that in 1712 Johnson was only three years old and Boswell had not been born yet. But, of course, children matured much earlier in those days. Take Wolfgang Amadeus Mozart who wrote his first symphony at the age of four. Or Titian, who painted his first masterpiece at five. Or Hans Otto McGrath, who was in many ways the most remarkable of all; he was appointed chief of the Copenhagen police department at the age of six!

(It must be admitted, however, that the appointment was less than a success. Criminals roamed the city, robbing and looting at will. They knew young McGrath would never pursue them; he was not allowed to cross the street.)

The makers of Philip Morris, who sponsor this column, cordially invite you and your room-mate to try today's new, gentle Philip Morris. It's always welcome!

Count on our Counter Service for speed with a smile!

# Chrisman Slates Cloak-Dagger Hop

Banquets at the Sigma Chi and Theta houses honored married men and wives and dates, respectively. Elections were held at ATO, Gault, Campus Club and Lambda Chi for the spring semester offices. Chrisman plans the Cloak and Dagger Dance for March 8, but the usual ominous black spiker is deceased to be replaced by a "bad, black bat."

**CAMPUS CLUB**  
Bob Hall was re-elected president of Campus Club. Bud Duffy is vicep, Ted Keith, secretary, Wilton Riggers, social chairman and Bob Evans, intramural manager.

Welcome to the new men of Campus club.  
Dr. and Mrs. Owen Weeks and son, John and Richard; Dolores Chichane, Forney and Andy Sproul, Spokane were dinner guests.

**SIGMA CHI**  
A married men's dinner was given Sunday for Charles McDevitt, Bill Whitman, Bill Nixon, Mike Helper, Bud Hogan, Charles Holt, Bob Campbell and their wives and children. Of course, the Sweetheart Carol Kurdy was there. The mothers gave a box of Valentine's candy which was passed around.

During the week Bob Johnson and Bruce Williams were dinner guests. Newly appointed social chairman is Dave Esser. Tom O'Reilly was selected to fill the job of house manager.

**KAPPA ALPHA THETA**  
Marie Brammer wears the bracelet of Pansy Girl for February for conscientious fulfillment of duties as pledge trainer, Marie as vice-president has taken the job of absent prexy, Wilma Schmidt.

Thetas had the interesting stewards, Norah Dooley, of the Cal team's plane as a house guest this last weekend. Also entertained was Mrs. Jerome Evans of Boise.

Thanks to the Allen S. Ramstedt's for the holiday bouquet of red and white carnations. Mr. and Mrs. Ramstedt and son, Jay came to dinner on Wednesday.

Sunday was the Thetas' date turkey dinner after which Karen Warner played background music and Jo Carol Bicket read a Shulman adaptation of "Cinderella." Congratulations to Margaret Packard who came home Sunday evening sporting the Delt pin of Jack Cole.

Kay Pettygrove is welcomed back to the house for the spring semester.

Thetas also welcomed back to the kitchen Pete Ostrander who,

the Alpha Chi's rumored, was a hasher in their house.

Sophomores gave a "Bon Voyage" party for Karen Warner who leaves today for a trip abroad.

**DELTA GAMMA**  
Mrs. Zell Wright has been visiting and will return to home in Anchorage, Alaska, this week.

The Valentine's fireside given by the frosh Sunday was a huge success and everyone had a grand time eating, playing cards and dancing.

Tonight the DGs will conclude a week of doing secret deeds for someone else in the house with the Heart Hannah Fireside where "do-gooders" will be revealed.

Although the girls are relieved to have the house cleaned again and in working order, the warm atmosphere is hard to adjust to—possibly the gals are still thawing out.

**ALPHA TAU OMEGA**  
ATOs elected spring semester officers excepting the prexy. Warren Hawley was chosen vicep, Don Donaldson, worthy keeper of the exchequer; Gene Anderson, worthy scribe; Dick Sayer, worthy keeper of the annals; Bill Musch, worthy usher; Jim Harris, worthy sentinel and Bill Cooke, Palm reported.

Congratulations to the new pledges Ed Hilder, Mel Schmidt, Roger Sparks, David Fitzpatrick, George Anderson, Dewey Ipsen and Dennis Ross.

Alumni guests for the basketball game were Mr. and Mrs. William Louthian, Mr. and Mrs. Wally Schmidt and Gene White.

A farewell party was given for the "most Reverend" Samuel Boakley in the third floor dorm Saturday night before the "Evangelist's" departure.

**GAULT HALL**  
Gault elected new officers last Wednesday and placed Dayle Carlson in the president's chair with Jim Nakana the vice-president. Al Andrews is secretary, Chuck Simmons, treasurer; Don Schierman, social chairman; Val Johnson, intramural activities; Gordon Rob-

erts, sergeant-at-arms and Tommy Stoschein, reporter for both KUOP and Arg.

Executive board offices are frosh to senior respectively, Bill Woodbury, Nell Cross, Arnold Lobnitz and Dennis Long.

**LAMBDA CHI ALPHA**  
Congratulations to Tom Archibald and Shirley Richardson who were married recently. A reception at the Lambda Chi house followed the wedding.

Lambda Chis thank the Alpha Phis for the fireside. The entertainment and pumpkin pie were enjoyed by all. Afterwards the more rugged individuals rounded out the evening by tobogganing at the golf course.

Newly elected house officers are George Horne, president; Jerry Dallas, vice-president, and Tom Hoots, house manager.

Two returning members this semester are Bill Funkhouser and Tom Hoots. New residents at the house are Ron Seedort and Ron Hulbert.

**CHRISMAN HALL**  
Big plans are under way at Chrisman hall for the annual Cloak and Dagger Dance to be held March 3. Jim Chandler, social chairman, indicates that plans are for a gay whirl in costumes that evening, but that the traditional black spiker due to an accident will be absent. However, it is hinted that a black bat might take the deceased spiker's place. All old bats around campus beware!

Congratulations to the four pointers on upper third floor. But fellas, must upper third have a monopoly on grade points?

Keith MacPhee writes that the wrestling course which he audited at the University is coming in handy now. Keith is practice teaching in a high school.

**PI BETA PHI**  
Happy traveling to Carolyn Cannon, Margaret Costello, Norma McRae and Karen Hastings who left, at semester.

Welcome to the new pledges

Joanie Bliss, Colleen McDevitt and Pat Rojan.

A surprise came from the pledges when it was announced that the annual Ski Dance would be February 24.

**FORNEY HALL**  
Installation of officers took place last week and the new officers assumed their new positions at the first house-meeting last night. Mary Verber and Beth Sims lead the new officers as president and vice-president respectively.

Jean Bradley was bestowed the honor of Hasher's Sweetheart at the hall Valentine dinner Sunday. Mrs. Chrisman received her birthday cake at this time. The gals took advantage of the opportunity to remind their beaus of Valentine's day by inviting several of them to dinner.

Someone must have been playing Cinderella Saturday night. Only these were red slippers left on the stairway instead of glass ones. We'll all be looking for the Prince Charming to come along!

"What a splendid fit," said the tailor as he carried another epileptic out of his shop.

It was not a slow lecture, nor a fast lecture, but a half-fast lecture.

**KEEP ALERT FOR A BETTER POINT AVERAGE!**

Don't let that "drowsy feeling" cramp your style in class... or when you're "hitting the books". Take a NoDoz Awakener! In a few minutes, you'll be your normal best... wide awake... alert! Your doctor will tell you—NoDoz Awakeners are safe as coffee. Keep a pack handy!

# Canterbury Dinner Features Pancakes

Canterbury is having the Shrove Pancake dinner tonight. Other groups are having the regular coffee hours and meetings.

**DISCIPLE STUDENT FELLOWSHIP**  
DSF will have the regular coffee hour Thursday at 4 p.m.

**CANTERBURY CLUB**  
Annual Shrove Tuesday Pancake dinner at Canterbury House tonight at 6. Tickets can be purchased from John Platt at the Phi Delt house for 65c per person or \$1.20 per couple.

**WESLEY FOUNDATION**  
Coffee hour will be held Wednesday at 4 p.m. at the CCC.

**Dear Jason:**  
The Associated Miners wish to express their thanks to the patrons, patronesses, merchants and the

The farmer was driving his college bred daughter from the station.

"I have a confession to make," she whispered. "I ain't a good girl any more."

The old man's head dropped. "After all the sacrifices your mother and I made for you, the things we went without all to make a lady of you, you still say ain't."

students who made the Muckers' Ball a great success. Many thanks to the committee chairmen who gave a great deal of their time in preparation for the dance.

**What's doing at Pratt & Whitney Aircraft**

**Jet Engines Tested in World's Most Complete Privately Owned Turbine Laboratory**

Located on the bank of the Connecticut River at East Hartford is a singular development facility—the Andrew Willgoos Turbine Laboratory. Here, behind windowless, thick concrete walls, many types of engines find a never-ending challenge in the development and testing of advanced aircraft engines.

Test methods used by Pratt & Whitney Aircraft in their unique laboratory are highly complex. Tests are conducted on full-scale experimental engines at simulated altitudes up to 76,000 feet. Extremely high speed airflow, with pressure and temperature accurately controlled, duplicates speeds as high as Mach 2.75. To reproduce such prodigious flight conditions, extraordinary equipment had to be devised. For example, a 21,500-hp driving dynamometer supplies the enormous power needed to test jet engine compressors over a range of speeds from 800 rpm to 16,000 rpm.

The time lapse between development and production of new engines is reduced considerably by the advanced facilities of the Willgoos Laboratory. An outstanding example of results achieved through concentrated engineering effort and complete research support is the Pratt & Whitney Aircraft J-57 turbojet. Today the unchallenged leader in its field, the J-57 is merely the forerunner of greater aircraft engines that will power the preeminent military and commercial aircraft of the future.

Engines in control room of one of eleven test cells at Willgoos Laboratory record important characteristics of gas turbine engines in operation.

Andrew Willgoos Turbine Laboratory where jet engines and their components are explored. Cooling water from the Connecticut River can be pumped through a maze of conduits at the rate of 160,000 gallons per minute — 3 1/2 times the consumption of a city of half a million people.

B-45 flying test-bed is shown here with an experimental jet engine suspended directly beneath the bomb bay. Its regular engines are idled while in-flight performance of the turbojet is observed and recorded. The perfect complement to the complex ground-testing facilities of the Willgoos Laboratory, the flying test-bed is another vital factor in reducing engine development time.

# Well-Balanced Bears Wear Down "Off And On Vandals"

Idaho Vandals sank deeper into the Pacific Coast Conference basement this past weekend dropping a pair of games to the California Golden Bears, 54-44 and 67-58. WSC kept pace with the Vandals, dropping two games to USC 76-55 and 84-54, shaping up the 'Palouse Series' as a battle for last place in the PCC.

In other games, UCLA removed another obstacle in their path to the league title, downing a fighting Stanford club 50 to 48 and 81-72. Washington defeated Oregon twice, 68-50 and 70-60, with the ninth conference member, OSC club.

## The Little Man

Doyle Perkins, 5-10 Washington guard is rated as a potential All-Coast candidate and has been a spark plug for the Huskies all season, as a scorer as well as a point getter. Washington meets the Vandals here twice this coming weekend.

## Final Week Coming Up In 'A' Ball

Going into the final week of play in intramural 'A' basketball five teams remain undefeated.

Sigma Nu played Town Men's Association last night for the League I title but the score was unavailable at press time, both teams went into the game with identical records of 6 wins and no defeats.

Phi Delta won their sixth straight game in League 2, Thursday defeating LCA by forfeit. Alpha Tau Omega kept alive their chances on catching the front running Phi Jelts by taking a forfeit win over Delta Sigma Phi, Thursday.

ATO's have two games remaining with a 5 and 1 record, and could possibly tie the Phi Deltas, if PDT should happen to be upset.

Five Straight

Dick Cooke scored 16 and John Liveious 7 to spark Chrisman Hall I to their fifth straight triumph, swamping Gault Hall I 54 to 18, in League 3 action. Campus Club I moved into a second place tie in the same league, with Lindley Hall I taking a forfeit win over Idaho Club I. Both clubs have won four and lost one.

Lindley Hall II, remained the fifth unbeaten club with a 5 and 0 mark, to give them a 1 1/2 game lead in league IV.

In other Thursday night games Sigma Chi nosed out Delta Chi 22 to 21. Chuck Collier topped all point getters with 11 markers for Delta Chi. Larry Aldrich scored 18 to lead Tau Kappa Epsilon to a 31 to 27 overtime victory over Phi Kappa Tau.

Kappa Sigma upset Beta Theta Pi 32 to 22, despite a 16 point effort by Knute Westergren of the Betas.

Neil Anderson led LDS to a tight 32 to 30 win over Delta Tau Delta and Upham Hall I won their 3rd game in six starts beating Willis Sweet Hall I 2.

Thursday Scores:

CHI def. GHI 54 to 18  
SC def. DC 22-21  
PDT def. LCA by forfeit.  
ATO def. DSP by forfeit  
UHI def. WSH 32 to 22  
TKE def. PKT 31-27  
CCI def. ICI by forfeit  
KS def. BTP 32-22  
LDS def. DTD 32-30

ing kept the Vandals in the ball game.

The two teams battled evenly for the first 14 minutes, with the free throw shooting of sophomore Gary Simmons and veteran Bill Bauscher keeping the Vandals in pace with the fast moving Bears.

At this point Pete Newell's team put on a full court press with as many as three men ganging up on the Idaho guard bringing the ball up-court. This harassed the Vandals, and California was able to move for five field goals, with a jump shot by Gary McEwen being the only Idaho reply.

Cal took a steadily increasing lead in the second half and was ahead 54 to 35 with less than three minutes remaining when Harlan Hodges' freshly inserted second string sparked a last minute rally that netted nine consecutive points.

Low Percentage

Idaho hit 24 per cent of their second half shots from the floor, somewhat better than the lowly 18 per cent first half average, but showed a noted timidity to shoot when they had the chance.

Gary Simmons, hitting with deadly accuracy when he did shoot, led the Vandals with 14 points, followed closely by fellow guard Bill Bauscher who had 12.

Scoring repeatedly on short jump shots, forward Bob Blake paced the California offense with a total of 20 points. Forward Larry Friend potted 14.

Unlike the first game when they were cold from the floor, Idaho hit a spectacular 52 per cent of their attempts from the field in the first half of Saturday night's game. It was Cal this time, who had to use accurate free throw shooting to stay in the game.

Press

Putting their full court press into use from the start, Cal forced the Vandals to call three timeouts in the first two minutes as they were

unable to get the ball across center only once in that period of time.

However, the Vandals were able to crack the press and led by Jay Buhler battled back and forth with the Bears, with neither team able to take a controlling lead.

Idaho took their first lead of the game with 15 minutes gone when McEwen scored on a short jump shot, making it 27-26. Idaho took a four point edge before the Bears came back to tie the score at 35 all as the half ended. A steal by second string guard Mike Diaz, with two seconds remaining knotted the score.

California's well-balanced club pushed steadily ahead in the second half and outscored the Vandals 14 to 2 in an eight minute stretch as Idaho went through that period without scoring a field goal.

Idaho put on a brief flurry in the latter part of the game but the Bears had built up an invincible lead.

Jay Buhler, finally coming out of his scoring slump and exhibiting some of his old shooting form led all scorers with 22 points. He received little support from his mates with the exception of speedy Bill Bauscher. The steady playing guard scored 13 points and on several occasions literally ran away from Cal players to score on breakaways.

Sophomore guard Earl Robinson dropped in 20 points to top California scorers. "Robby" hit most of his points on graceful short jump shots. Friend again scored 14.

Idaho faces probably their toughest home series next weekend, hosting the tall Washington Huskies in two games.

ON ALL-STARS

Hugh McNair, Idaho frosh basketball in 1954 received honorable mention on the All-Star football selections of England Air Force Base, Louisiana.

McNair, 6 ft. 2 inch 190 pound halfback plans to return to the University next fall.

Don't linger your finger on a bee's little stinger

His superior posterior will make you be warier.

## Simmons Drives

Gary Simmons (6) drives in for two for the Vandals in Friday night's action against the California Bears. The pepper-pot guard led Idaho point getters that night with 14. Going up with Simmons is Cal's Larry Friend (39). Waiting for a rebound that didn't come are California's Mike Diaz (21) and Jerry Jorgenson (22).

## Oregon Finmen Sink Idaho

Idaho's swimming team lost its second and third conference meets of the season when it fell to two strong Oregon squads over the weekend.

Oregon State Beavers glided to an easy 59 to 25 win over the Vandals Friday, and the Oregon Ducks edged out Idaho by a 46 to 38 count in a meet held Saturday, in the Memorial gym pool.

Jerry Jones and Byron Richards were the leading point getters for the Vandals in the two meets. Richards won the diving against both OSC and Oregon, and Jones won the 50 yd. free style against OSC and was tied in the same event by Jerry Froebe of Oregon.

Record Breaker

Ben Jensen of OSC broke the meet record in the 400 yd free style, swimming in 5:21.7 to better the old record by 5.8 seconds. The Beavers won eight events in the meet while the Vandals were only able to win two.

In the Oregon meet the Vandals won three firsts and the Ducks won six events.

Oregon won the meet with a win in the 400 yard free style relay, the last event of the meet. The Duck team barely edged out Idaho's squad of Bruce Buckman, Vern Bethke, Fritz Holz and Jerry Jones.

# Skiers Suffer Key Injuries

A second place in the University of Nevada Invitation Ski meet proved costly to the Idaho ski team this weekend as they suffered three costly injuries.

Helge Gagnum, highly rated jumper and cross-country man suffered a slight concussion Sunday while attempting to out-distance his rivals on his final jump.

Newcomer Jens Michael Lund, broke his leg just above the ankle while he was practicing downhill runs and freshman Jim Douglass sprained his ankle also while practicing downhill.

Lund, who just arrived from Norway did not have a chance to compete for the Vandals. While crossing the ocean Lund suffered an appendicitis attack and was operated on while in New York. He did not intend to compete in the Reno meet, but was counted on heavily for future meets.

Gagnum lost his memory temporarily and was badly shaken up, but is expected to be back in shape for the Vandals' next meet. Douglass will be ready to go again in a week.

Second To Denver

The Idaho squad trailed Denver University, meet champs, by 20 points.

Eric Berggren leaped 133 and 135 feet to cop first place in the

jumping event of the four day meet. Teammate Reidar Ullevaalseter captured third place with jumps of 131 and 132 feet.

Transfer Frank Cammack captured the four-way competition by taking fourth in the slalom, seventh in the downhill and seventh in the jumping.

Berggren captured the combined Nordic title.

Tom Anderson, Berggren, Cammack, Bill Cooke, Douglass, Gagnum, John Harrington, Ullevaalseter, Per Windju and Lund as well as coach Roland Byers made up the Idaho team.

Team Scores

Final team scores were as follows: Denver, 391.4; Idaho, 371.2; Colorado, 361.1; Western State University, 362.2; Utah, 352.5; WSC, 324.7; Whitman, 307.4; Nevada, 300.6; Stanford, 293.3; Sierra College, 287.3; UCLA, 286; California, 270.3; San Jose State, 255; and OSC, 212.3.

Lorraine Beymer, Idaho's entry in the Powder Puff Derby placed fifth.

Next weekend the Vandals travel to Squilchuck Ski Bowl, Washington for a meet sponsored by Wematchee Junior College.

## Vandal Riders To Compete In Indoor Rodeo

A team of seven Vandal Riders and three extras will compete in an indoor rodeo at Eugene, Oregon this weekend to be held in conjunction with the National Collegiate Rodeo convention.

The team made up of, Mick McCarty, C. J. McCarty, Tom McKay, Freeland Thorson, Twerp Anderson, Gerald Bishop, Dick Drashner, Mel Rourke and another unnamed competitor will leave Thursday for the rodeo sponsored jointly by Oregon and Oregon State College.

Northwest college teams as well as squads from outside the northwest will compete in the meet, which will feature three performances, Friday night, and Saturday afternoon and night.

According to Rider President, Mick McCarty, Idaho has a good team this year and is ranked high in collegiate points going into this meet.

Several members of the team will act as delegates to the convention, according to McCarty.

## Skipper Denies Contact For UW

"I have not been contacted concerning the vacant coaching position at the University of Washington," stated Vandal head football coach Neil J. "Skip" Stahley in an interview yesterday.

Stahley had been mentioned in several newspaper articles in the Seattle area as a possible successor to "Cowboy" Johnny Cherberg, who was deposed as head football coach at the school January 27th.

Coach Stahley, in commenting on replacements for his departed football aides, Gene Stauber and Earl Klapstein, said, "I have several good men in mind for the two positions. All that remains now are agreements as to terms of the contracts. I expect to make a press release the latter part of this week."
