

# ASUI MUSICAL SET FOR THREE NIGHTS

## The Idaho Argonaut

VOL. 60, NO. 42 THE IDAHO ARGONAUT, Official Publication of the ASUI TUESDAY, MARCH 13, 1956

### 'Finian's Rainbow' Will Open Thursday At 8

It's almost that time of the year for green neckties, green colored beverages and the luck of the Irish to prevail. And following right along with the St. Patrick's Day theme and celebrations is the University of Idaho drama department.

Idaho leprechauns and Irish colleens will frolic through the successful Broadway musical comedy, "Finian's Rainbow," to be presented in the University Auditorium at 8 p.m. Thursday, Friday and Saturday. All seats are reserved and tickets may be obtained in advance at either Hodgins Drug Store in downtown Moscow or the University Student Union Bookstore, according to Miss Jean Collette, director and chairman of dramatics.

Adult tickets are 75 cents and students may receive tickets by presenting their ASUI activity tickets plus 25 cents. Faculty members may obtain two tickets for \$1.00.

Playing the lead roles in the two-act musical are Dale Carlisle, Maxine Fletcher, Lariel Montgomery, Graham Knox, Marie DeKay and Kay LaBarge. Faculty members assisting Miss Collette are Edmund Chavez, technical director and associate professor of dramatics; Harry Morrison, musical director and instructor in music; and Patricia Rowe, supervisor of choreography.

Many Hit Tunes

Plot of the production is woven around a magic pot of gold, leprechauns, sharecroppers and politics. Being the first Broadway musical comedy to be staged at the University since 1952, the production features such hit tunes as "Old Devil Moon," "How Are Things In Glocca Morra?," "This Time of the Year," "Look to the Rainbow," "Something Sort of Grandish," and "If This Isn't Love." An 18 member chorus and complete orchestra composed of faculty members and students will add depth to the musical strains.

A cast of more than 40 will sing and dance its way through two hours of entertainment. Critics have classed this musical as comparable with two earlier outstanding productions, "Of Thee I Sing," and "Oklahoma."

The original cast of "Finian's Rainbow" on Broadway added much flavor to the performance. Appearing as the leprechaun, David Wayne won the hearts of the theatre audience and much acclaim "from critics." Ella Logan's portrayal of Sharon, Finian's daughter, was highly acclaimed also.

Crew Members Listed

Assistants to the director, Jolene Williams and Lucille Palmer; stage manager, Charles Lents; building and stage crew head, Rose Marie Perrin; light crew head, Charles Tovey; costume crew head, Sue McMahon; prop crew head, Nancy Benter; publicity crew head, Gary Pietsch; accompanist, Shirley Danielson; choreography, Fred Scheib; sound, Dwight Patton; make-up, Karen Lee Krauss.

Other crew members include: stage crew—Gerry Dallas, Harold Van Atta, Bill Ostrand; prop crew—Judy Hackler; sound—Jim Bennett; light crew—Sharon Mashinsky; publicity—Rita Larson, Lana Huschke; make-up—Jolene Williams, Lucille Palmer, Rose Marie Perrin, Nancy Benter, Mary Ellen Bennett, Jane Remsburg, Charles Tovey; costume crew—Anita Koskella, Jane Scheline, Verline Paterson, Jan Wilms; rehearsal accompanists—Mary Owl, Helen Snell.

### Creek To Divide Tug Challengers

#### 30 Acts Enter Blue Key Show Audition Competition

Thirty different acts have been entered in auditions for the Blue Key Talent Show, announced audition chairman Jamie Steele today. Audition will start Wednesday, March 14, to select the acts to be in the March 23 show in the Memorial Gym.

Political activities continue to stir the air all over the campus as the major parties line-up their nominating assemblies and platform building meeting this week.

To date, two parties have called meetings—the United Party and meetings—the United Party or Greek Caucus and the Student Government party. The Independent and new Campus Coalition Parties will undoubtedly follow suit this week. Everything should be in readiness by "Green Light Day."

With primaries a little more than a week away, Jason predicts that an interesting battle will ensue in the Independent camp over who will emerge with the ASUI president candidacy. Two prominent campus men will be the principals in this clash—Dick Gaskins and John Thor-nock.

Both are very capable men, both have had considerable background in the functioning of ASUI machinery and both have come up through many committee assignments and hard work to positions on the ASUI Executive Board this year. Thor-nock is presently serving as ASUI vice president, but on the other hand, Gaskins has equalled Thor-nock's accomplishments by diligent work as a Board member.

The Independent Caucus will have the job of picking the men, and there is a good chance that the loser will be snapped up as a proxy candidate for one of the three other parties. The hassle will be interesting to watch.

Which party will back the winner?

Latest developments at the University of Alabama concerning the Authrine Lucy case broke in the news today.

According to the Associated Press, one student was expelled, four others were suspended and a score less severely punished by the University's Board of Trustees for participation in rioting which drove Negro coed Authrine Lucy from the campus.

A 20-year-old sophomore student named Leonard Wilson was called from class and bounced out on his ear in the disciplinary action by the Trustees.

The AP reported that the student had forecast his own dismissal. He addressed two rallies of pro-segregation students, and called for a "top-to-bottom house-cleaning" at the university in a speech before a Birmingham white citizens council last week. The faculty evidently felt that a house-cleaning was in order, because he was the first to go.

The Trustees said Wilson had made "unwarranted and outrageous public attacks" on the integrity of the president, faculty and officers of the university.

The AP said that three other students had withdrawn from the school during the investigation and that the Trustees would not allow them to return unless they were able to clear themselves of charges against them.

#### Sixty Attend Northwestern IRC Conclave

Sixty students from colleges in British Columbia, Washington, Idaho, Oregon and Western Montana attended the annual Northwest International Relations Club regional conference held on the Idaho campus March 8-10. The conference theme, "The Relationship of Cultural Diversity to East-West Relations," followed the theme of the Borah Conference.

Dr. H. P. Castleberry, assistant professor of political science at Washington State College, spoke on "America's Stake in the Middle East: Policies and Problems" at the banquet held on March 9.

Other conference speakers were Dr. Harold H. Fisher, professor of international relations at San Francisco State College, who read a paper to the conference and delivered an address, "Some Aspects of East-West Relations." He also participated in round table and panel discussions as did Dr. George H. T. Kimble, director of the African Survey of the Twentieth Century Fund. Both men spoke at the Borah Conference and remained to participate in this meeting.

Speakers from the University of Idaho included Dr. Boyd A. Martin, dean of the college of letters and sciences; Dr. Robert E. Hosack, head of social sciences; and Dr. C. B. Cross, visiting professor of political science.

Richard Cook, president of the Idaho IRC was chairman of this year's conference. Dr. Robert E. Hosack is the advisor of the Idaho club; he is assisted by Dr. C. B. Cross, Dr. E. Malcolm Hause and Dr. Siegfried B. Rolland.

SIGMA TAU CHOOSES

Dick Gaskins was elected President of Idaho Chapter of Sigma Tau, National Engineering Honorary Society, at elections held March 5.

Other officers elected were: vice-president, Neal Powell; secretary, Frank Rusho; treasurer, Jerry Kessler; corresponding secretary, Jay Lee Robison; historian, Ron Robison; reporter, George Bloomsburg.

#### Coed Hires Van To Transfer Wardrobe

ACP—These come via the "Over the Ivy Line" column in the Kansas State Collegian.

It just had to happen someday... and now it has! A Texas coed finally had to resort to a moving van to transfer her wardrobe from one college residence to another. Total cost... only six dollars! Sounds like an idea that might catch on.

#### Frosh Week Off To Good Start; Two Dances Planned

Paradise Creek, Idaho's oft-mentioned landmark, was flowing serenely today awaiting Thursday's epic battle. Meanwhile, freshman and sophomores prepared themselves for action when the two classes face each other for a decisive "Tug of War" during Freshman Week currently in progress.

Part of Frosh Week, which began Sunday and culminates with the Freshman Ball, Saturday evening, the Paradise affair will pit 22 men from each class who will attempt to drag their opponents into the creek's depths at 4:15 p.m. Thursday. Frosh President Jim Kay today issued a formal challenge to Knute Westergren, soph president to the battle, which will occur at a site north and west of the Alpha Phi house. (For formal challenge, see page 3.)

Kay said a trophy will be awarded to the class that succeeds in pulling their adversaries to the point of no return. He declined to comment on the nature of the prize.

Some 400 freshmen attended a kickoff dance held Sunday in the Bucket where Kay outlined the program for the week. Dick Klingensmith and his Downbeats furnished music for dancing. Chairman for the affair was Dorothy Bauer and Dan Fullerton was master of ceremonies.

Freshmen will again dance today from 3 to 5 p.m. in the Bucket. Chairmen for the Bucket dance are Lorraine Beymer and Karen Kramer.

Marilyn Gulley is in charge of advertising skits to be presented Tuesday, Wednesday and Thursday evenings at all campus living groups, Kay said.

#### ROTC Seniors Given Branch Assignments

Seniors in the University Army ROTC corps have received Army branch assignments, it was announced today by Capt. W. T. King, executive officer.

Capt. King said the assignments were made after study by a special ROTC-faculty board at Idaho and consideration in the office of the Adjutant General in Washington. He said the seniors will receive their assignments to branch school following commission upon graduation.

Given two year hitches in the infantry branch are: Bill Bonnett, Dick Feeney, Leroy Owens, Bill Whitman, and Pat George. Dick Hood, Jim Kruger and Gary Pietsch have been detailed to military intelligence work.

Armor assignments went to Billie Atchley, Charles Bauer, Dick A. Cook and Ralph Hill. Assigned to artillery were Cal Campbell, Larry Creek, Dick Dodel, Charles Lents, Spencer Miller, John Mlx, Don Omans, Pete Van Houten and Jerry Zimmerman. Detailed to the Army Security Agency in artillery were Danny George and Dave Kohl and Don Smith was detailed to military intelligence.

Assigned to Corps of Engineers were Jim Clayton, Ralph Clements, Phillip Custer, Morris McCool and Bud Van Stone with Paul Kennedy assigned to ASA.

Signal corps commissions will go to Ron Correll and Jack Weltzin with Don Nielson and Francis Stickle detailed to ASA. Assigned to the Chemical Corps was Richard E. Cooke, Transportation, Jim Hill; Medical Service Corps, Bill Bauscher, Clyde Hawley and Dick Stauber and detailed to ASA in the Finance corps was Don Atkinson.

Six-months hitches will be served by Bob Harris and Bob Robertson in armor and Jim Faulkner, Yukio Kaku and Fred Magee in artillery.

#### Dr. Mhyra Minnis Fractures Leg In Ski Accident

A visiting assistant professor of Sociology and social work at the University of Idaho suffered a broken leg when she fell while skiing at Emida Sunday afternoon.

Dr. Mhyra Minnis is resting in Gritman Memorial Hospital where she was taken for treatment of a fractured lower right leg. Members of the Washington State College Ski Patrol carried Dr. Minnis down the hill to a station wagon after the accident, said Mrs. H. A. Ber-man, a second member of the ski party.

Exactly when she will be released from the hospital could not be determined since her doctor was not available for comment.

#### SMITH TO SPEAK TODAY

H. T. Smith, engineer for International Harvester Company for 26 years, will speak and show slides on the opportunities and projects in the Research Laboratory at the Society of Automotive Engineers Meeting Tuesday, March 13, at 7:30 p.m. in Eng. 104.

#### NOTICE

Major professors are reminded that the Master's Degree Programs of their new graduate students are due in the Grad school office Friday.

#### Campus Chest Goal Reached Says Chairman

Todas for the Campus Chest Drive will "unofficially" go higher than the \$2,200 goal, Dick Weeks, drive chairman said today. He added that the GPB-WS-PKT booth won the carnival competition, and the donations of three houses were auctioned for more than \$40.

Only \$1753 has been collected so far, Weeks said, but the total will exceed the goal when the remaining auction money and house donations are turned in.

Trophies were given to Willis Sweet, Phi Kappa Tau and Gamma Phi Beta for collecting \$103.30 with their gambling casino and floor show booth.

Phi Delta Theta made the largest donation so far when they gave \$51. Sigma Chi is second with \$50. Others have made their 100 per cent goal based on 25c per number, but final statistics are not yet available on all the houses, as donations are still being turned in.

Second in booth competition was the SC-AP-TKE Kangaroo Court which collected \$61. A mock marriage by the DGs, Lambda Chi and Upham hall and the KKG-SN bingo booth tied for third by each collecting \$40.80.

#### Three Over \$40

Delt, Pi Phi and Fiji, donations auctioned for more than \$40 each. The Kappas bought the Fiji's as servants for a day. Alpha Phi bought the Delt picnic and will have the opportunity to shave Delt beards. Phi Gamma Delta bought breakfast, in bed to be served by the Pi Phi pledge class. No definite dates have been set for carrying out any of these obligations.

Unofficial totals so far for the drive are: ticket sales for the carnival, \$704; house donations, \$485; auction, \$509; and the skit held between basketball games Friday night collected \$55. Most of the latter was thrown to the gym floor by spectators trying to hit the foot lockers carried around the edge of the court by members of the skit.

Many thanks go to the chairman of the drive and to Chuck McDevitt for acting as auctioneer, said drive chairman Dick Weeks.

"The drive was a huge success and will go for a worthy cause," he said.

#### COMING EVENTS

TODAY:

AIEE, 7 p.m. Syringa Room. Plans for steak fry.

Vandal Riders, 6:30 p.m. Conf. Room E. Important.

Radio-TV Guild, 7 p.m. KUOI. Blue Key, 12:30 p.m. SUB mezzanine. Important.

Greek Caucus, 7:30 p.m. Conf. Room B.

American Association of University Profs., 8 p.m.

Home Ec Building Room 6. Bruce Woodford lecturing on "Kierkegaard's Concept of History."

IKS, 9 p.m. Conf. Room A. Election of officers.

WEDNESDAY:

Student Recruitment, 6:30 p.m. Conf. Room C. District Chairman only.

Phi Mu Alpha 2:30 p.m. SUB. IRC. 4:10 p.m., Pine Room SUB, executive meeting.

#### Amorous Editor Mum On Results Of Offer

LOS ANGELES, Calif. (ACP)—The Daily Trojan needed some girls to do secretarial work so the paper's city editor, Rich Reid, dreamed up a unique and enjoyable stunt to lure the ladies into the office. He agreed to bestow kisses on the first ten coeds who volunteered for the work.

"It's the least I could do," Reid said. "But ten is my absolute limit."

So far, there's been no report on the number of applicants.

#### Twelve Nominated For Crescent Girl

Twelve candidates have been nominated for the 1956 Lambda Chi Alpha Crescent Girl who will be crowned on March 24 at a dance at the New Idaho hotel.

Those nominated are Elaine Zlatnik, Alpha Chi; Pat Berry, Alpha Phi; Doris Wayland, Tri-Delt; Vivian aagen, DG; Hazel Hunt, Ethel Steel; Sondar Klamper, French; Billie Jones, Forney; Nancy Burns, Gamma Phi; Helen Doering, Hays; Lorraine Beymer, Theta; Janette Rawls, Kappa, and Pat Harrington, Pi Phi.

The girl selected will represent the local chapter in the national contest. Finalists will be judged at the national convention to be held at Colorado Springs next August.

#### Preference Card Deadline Is Friday

An estimated 500 students have filed activity preference cards with the ASUI office, secretary Jackie Lavens said today. The cards are being sorted according to activity preferential number.

Executive Board member John Gillis reminded students that the filing deadline will be this Friday. He said that to participate in ASUI functions next year, each student must have one of the colored cards on file with the secretary.

The cards are colored for each class in school and can be obtained from living group presidents or at the ASUI office. He said students can drop in and fill them out before 5 p.m. each day.

#### Student Gov't Meeting Tonight

The Student Government party will meet tonight in an open assembly convention to draw up a party platform, Kenny Wright, party chairman, announced yesterday.

Wright said the meeting will be held in the Central Ballroom of the SUB at 7 p.m. He said that any student can attend the meeting of the all-campus party.

### Newsman Here 11 Tomorrow

A top Washington newsman, William H. Stringer, now capital bureau chief for the Christian Science monitor, will address Vandals in a Public Events assembly at 11 a.m. Wednesday in the Ad auditorium.

Usual 35-minute class schedules will be in effect for morning classes. First period begins at 8 a.m. and runs until 8:35, second, 8:45 to 9:20, third, 9:30 to 10:05 and fourth, 10:15 to 10:50.

Stringer will analyze the national and world situation in his address titled, "Washington Report." From his 21 years' experience as a reporter covering world news, officials predicted an outstanding summation of the world's crisis.

Stringer joined the Monitor staff in 1935, immediately upon graduating from Harvard Law school, where he uncovered a desire for the newsroom instead of a courtroom. Until 1940 he was located in Boston, first on the local staff, then as a writer and a part-time broadcaster of an earlier "Monitor Views, the News" radio-cast. He spent 1940-42 in the paper's New York bureau, then a year in Washington before going overseas to the Middle East where he examined Arab-Jewish tensions in Palestine. During 1944-45 he covered SHAPE then-General Eisenhower's headquarters. Stringer covered the final years of the Roosevelt administration and the early Truman days in Washington, when his beat included the White House, atomic energy developments and the Pearl Harbor investigation.

In 1951, he became Monitor managing editor and was transferred to Washington and his present job in 1953.

A member of the National Press club, Stringer holds a degree from Colgate university, is a member of Phi Beta Kappa and former president of the Association of American Correspondents in London.

### Regents Veto Ice Rink; Will Review Need

New bids for a recreational area development project at the University of Idaho, featuring an ice skating rink, have been rejected by the regents after a thorough review, President D. R. Theophilus announced today. At the same time, the president said that he had appointed a Student Recreational Facilities committee to make a complete and detailed review of student recreational facilities needed at the university, and to recommend a priority list of the projects to provide the facilities needed.

The low bid for the recreational area development project in the second call was entered by the Rudd Construction Company of Spokane, \$299,670. Other bidders were Hansen & Parr Construction Company, Spokane, \$240,750, and John E. Thomas, Moscow, \$245,026. Previously the regents had rejected a low bid of \$256,500.

Funds for the proposed development were to come from money paid the university through student fees, which started accruing two years ago.

Members of the Student Recreational committee which will make the new and detailed study of student recreational facilities needed include the following: Kenneth A. Dick, chairman, C. F. Peterson, vice chairman, Frank Young, George Gagon, C. O. Decker, Leon Green, Mabel Locke, Gale Mix, Charles McDeyitt, president of the Associated Students, and Clara Armstrong, president of the AWS.

### Arg Staff Meeting

The Argonaut staff meeting scheduled for this afternoon has been cancelled and will be held sometime next week.

### Representation Not Equal For Women On Board

One of the two women members of the Executive Board feels the University's women students should combine to put a representative three women on the Board each year. She said the three males to one woman ratio on this campus should be extended to the Executive Board.

The Board member is Carol Pietsch, Independent member, who this year worked with Dick Gaskins on the new talent tour. Mrs. Pietsch and Karen Krauss, Greek, are the present women on the Board.

"Many topics," Mrs. Pietsch said, "come up concerning the women students. As representatives of the women's group we try and look out for their interests."

She cited the Drill Team organization this past year, which Mrs. Pietsch and Miss Krauss were consulted about. The Independent member feels that women on the board can work to have women representatives on committees. She said committee works then serves as a foundation for Executive work.

"A woman president," the member feels, "is out of the question now because there probably aren't any logical candidates. The students are really not too willing to let women on the Exec Board."

On Parties

Queried about the four-party system evident this year in campus politics, Mrs. Pietsch commented, "I'm glad I can sit back and watch. It should be very interesting."

She indicated the system of four parties may cause complications. Mrs. Pietsch cited that her party shouldn't be effected by the move.

Carol Pietsch

In her junior year Mrs. Pietsch was dining room chairman of Ethel Steel House, which works on a cooperative system; Campus Chest X-ray chairman and was elected to the Executive Board.

She is a member of Mortar Board and Curtain Club and on the Exec Board is on the budget committee and biased member overseeing the Talent Tour.

Last summer she was married to Gary L. Pietsch, editor of the Argonaut. They reside at Cloninger Apartments.

## Big Political Union Seen

The University of Idaho is taking big steps toward eliminating independent versus Greek squabbling through the most logical means—all campus politics. The sign is very encouraging. For years school officials and moderate Greeks and Independents have striven and dreamed of the day when this rivalry would be nearly wiped out on this campus.

The move to absorb both factions into campus parties such as the Student Government and fourth party movements, has taken the lead in discouraging inter-living group battles for political power.

The school's intramural program has taken a big step to discourage such heated rivalry. There are still Greek-Independent playoffs in some sports to decide a true campus champion, but for the most part Greeks play against Independents as individual living group entries—a healthy program.

It isn't where you live, who you vote for to lead your ASUI, but rather where you study together for a future profession.

Look to the present ASUI Executive Board for example. The present membership includes four so-called Independents, three Greeks and three Student Government members (two Greeks, one Ind.). Yet this Board is smooth working and has the student's wishes at heart. Greeks vote with Independents, Student Governments with the Independents and so on. When the Board votes, it votes for the best for the students, whether they be Greeks or Independents.

The old adage to be a good Greek, detest the Independents; and to be a good Independent, detest the Greeks, is disappearing on the Idaho campus. Idaho is pulling together. There is just nothing to this Greek against Independent business at our school. —J. B. H.

## Art Contest Lasts Through March 24

The Student Art Contest, running until March 24, will feature for the first time this year divisions in oil painting and watercoloring. Last year's contest dealt entirely with photography.

Sponsored by the ASUI Student Union committee, this year's contest will have three divisions: oil painting, watercolor, and photography. Oil paintings are to be framed, cannot be glassed, and minimum size of 12 by 15 inches. Watercolors are to be matted, cannot be glassed, but may be covered with plastic, must use opaque or transparent paint and minimum size is also 12 by 15. Photographs are to be matted, in black and white, on campus life and minimum size of 8 by 10 inches.

Pictures are to be turned into the ASUI office to Gale Mix, student union manager. Names are not to appear on the face of the painting or photograph, nor on the surrounding mat. Entries will be displayed in the Student Union during and after the contest. Winning selections will be displayed permanently in the SUB if the artist so desires. This year's awards include \$15.00 for first place, \$10.00 for second place, and \$5.00 for third in the oil painting division. In the watercolor and photography divisions first prize is \$10.00, second \$5.00 and third \$2.50. Judging will be March 26 to 30 by Mrs. Sigurd Lokken, Mrs. Everett Ellis and Mrs. Albert Stitlinger.

## AFROTC Assigns 11 Cadet Positions

The assignment of 11 University of Idaho cadets to key staff positions in the Air Force Reserve Officers Training Corps was announced today by Lieut. Col. James M. Hughes, professor of air science.

Named cadet commander was James Hanzel with Robert Speedy as deputy commander. Taking over top positions and holding the rank of lieutenant colonel in the cadet corps are:

George Yost, deputy commander for personnel; Kenneth Wright, deputy for operations; Hans Gotsch, deputy for materiel; William Newman, comptroller; Leslie Hicks, inspector and Steven Emerline, and William Miller, group commanders. Holding the rank of cadet majors are Wesley Rash, adjutant, and Ricker Jones, information services.

## Is Zat So...

The Mad Prophet comments: Frank Nosek saying, "When paupers die there are no coronets seen; the heavens themselves blaze forth the death of kings."

Why are there so many people getting around so many tables to discuss so many political doings?

Can you believe that Jason's full initials are J. S.?

The question of the week is: Can the skating rink ever become as popular as the Arboretum?

Headline on Arg's sports page for last week: "Draught hits Saturday—Finmen lose at Seattle."

They must have run out of soap at the SUB or else the coffee is getting a darn sight stronger.

## Sigma Xi To Host GE Speaker Today

Dr. Harry A. Kornberg, manager of the biology section of the General Electric company at Richland, Wash., will discuss "The Impact of Atomic Energy on Biological Research" at a dinner meeting of the University of Idaho chapter of Sigma Xi at the Moscow hotel at 6:30 tonight.

The speaker is to describe the new field of radiobiology and review the Hanford program in applied radiobiological research. This will include a discussion of the dependence of radiobiology upon the physical sciences and engineering, and conversely how atomic energy production relies on radiobiology information.

## CAMPUSOLOGY

By Mr. Peepers

Following is a short article for women only. With spring coming you girls will be asked and accepting many dates for dances, parties and outdoor fun. But before you accept these dates, it would be much to your advantage to read the following articles on U. of I. men.

**THE FRESHMAN**—This type of fellow is usually the dead head of the party. He doesn't smoke, drink, cuss, dance, stay up late, or have a car. He never raises his voice; in fact very seldom talks. He isn't in fact very seldom talks. He isn't anything. He gives you the impression you're at the dance stag.

He takes you home early. This gives you a chance to grab a knife and go hunting for the person who got you the date. Watch the after-effects of this type, girls, sure enough you'll get a phone call before the next week's over, saying he had fun, and "What are you doing Saturday?"

**THE SOPHOMORE**—The Party boy is another name for this type fellow. After spending one year in college he has finally found out what "Booze" is. This fellow has usually spent the afternoon in the local bar. When he does show up he's two hours late and has a buddy under each arm.

After arrival at the dance he perks up. He's either too loud or too quiet. When loud he's never in eyesight, only earshot. While the band is playing the "Sweetheart Song," he's harmonizing on "Poor Lil." When quiet, he's telling you about all his drinking experiences and contests he's won. When you do calm him down for a dance—it consists of bumping, shoving and rocketing against other couples.

Watch out for this type girls, unless you're strong and can hold him up through out the evening. **THE JUNIOR**—This fellow realizes that girls are not impressed by the roudy type so he's turned into "The Lover." You know the type girls, smooth talking, polite, courteous and loves everybody. When he talks to you he stands so close you get the impression he's a dentist. An evening with him is like a nice quiet evening in a lion's den, or with a boa constrictor. His theme song is "Love me or Leave me."

He's real friendly and makes sure he speaks to all passing couples. But once you say "hi" to a member of the opposite sex—watch out. Then when the lime comes for that one little kiss, and you counteract by breaking his arm you've had it. Not only are you an icebox, but you are unthoughtful, nasty and above all a terrible date.

**THE SENIOR**—Now this is the type of fellow that all girls come to college looking for. The book is another name for him. This boy has finally realized that there's a reason he came to college. Spend

## LITTLE MAN ON CAMPUS

By Dick Bibler

"GEE, ERVIN, WHY DIDN'T WE THINK OF BRINGING A HAMMOCK?"

## VETS MAIL BAG

Veterans of the Korean and post-Korean conflict period are losing valuable GI insurance rights because they are filing applications for special five-year term policies four months after separation, instead of within 120 days.

The law grants only 120 days in which to apply for this non-convertible term policy without medical examination, the Veterans Administration warned.

"One hundred and twenty days," explained a VA spokesman, "can be and usually is, less than four months. So, when a Korean or post-Korean veteran counts on a four-month Jewway and thus files his application one, two or three days late, he cannot be granted insurance under the law."

Not only must the application for this special five-year nonconvertible term policy be filed with VA within the 120-day period after separation, but the first premium must be paid within the same period, VA emphasized.

A longer period of time in which to apply is granted to Korean or post-Korean veterans who are found by VA to have service-connected disabilities. These veterans must apply within one year from date VA finds their liabilities to be service-connected. Also, they must pass a medical exam to show

## Frosh Women's Honorary Taps 27 With Best Grades

Formal pledging for Alpha Lambda Delta, freshman women's scholastic honorary, was held on March 8. Tapped last night were Pat Iverson, Alpha Chi Omega; Sally Beattie, Keith Kelly, and Carolyn Lunstrum, Delta Gamma; Pat Nasmuth and Chrissy O'Rear, Alpha Phi; and Cathy Cannon and Doris Gissel, Pi Beta Phi.

Kay Conrad, Carolyn Edwards and Elna Magnusson, Gamma Phi Beta; Suzanne Roffler, Dorothy Bauer, Ella Gaye Springer, and Sandy Yost, Kappa Kappa Gamma; Doris Bonner, Shirley Bovey, Joan Fisher, and Carolyn Flatters, Hays Hall; Charlotte Chamberlain, LaRae Sasser, Jane Scheline, and Nina Walrath, Forney Hall; Marybel Lill, Beverly Lord, and Chris Mackert, Ethel Steel House; Charlene Wells, Forney, and Marcell Bergman of Moscow were also tapped.

At the last meeting of the honorary, Jackie Lavens was elected historian.

Any Alpha Lambda Delta senior member who has maintained the 3.5 scholastic average throughout her college years is eligible to apply for the Alice Crocker Lloyd Fellowship which will be awarded by the National Council in June 1956 for graduate study in 1956 and 57. Anyone interested in the award should see Dean Carter for details and applications which are due by April 10.

## What young people are doing at General Electric

## Young engineer works on new ways to remove heat from atomic reactors

An atomic reactor running at full efficiency creates a tremendous amount of heat in its core. By removing this heat and putting it to work boiling water to make steam, atom-made electricity is produced.

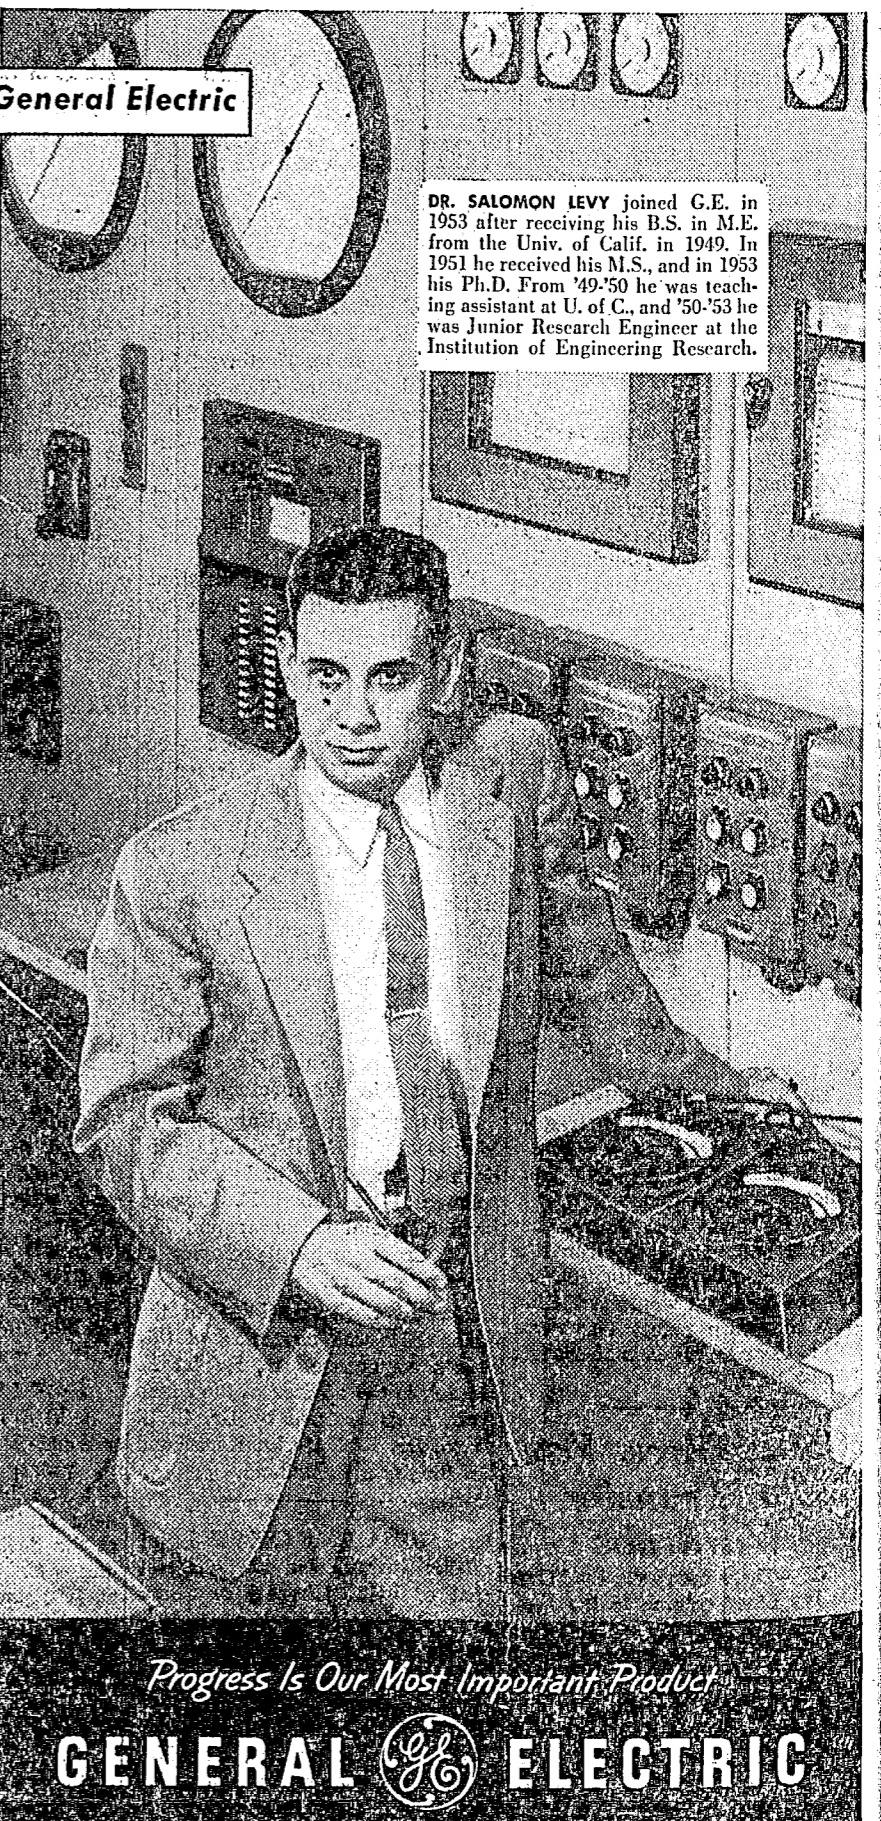

One of the men responsible for designing new, more efficient ways to remove heat from atomic reactors is 29-year-old Doctor Salomon Levy—Design Analysis supervisor in the Atomic Power Equipment Department's Reactor Engineering Unit.

Levy's Work Interesting, Vital  
To study this problem of heat transfer, G.E. recently constructed a heat-transfer system. By electrically simulating the heat produced in a reactor, it is possible to determine the maximum rate at which heat can be removed from a reactor to make steam.

Dr. Levy conceived the idea of building this complex system, designed it and supervised its construction. At present, Levy works with this system to study new problems of heat transfer and fluid flow encountered in atomic power plants.

25,000 College Graduates at General Electric  
When Salomon Levy came to General Electric in 1953, he already knew the kind of work he wanted to do. Like each of our 25,000 college-graduate employees, he was given his chance to grow and realize his full potential. For General Electric has long believed this: Whenever fresh young minds are given the freedom to make progress, everybody benefits—the individual, the company, and the country.

Educational Relations, General Electric Company, Schenectady 5, New York

DR. SALOMON LEVY joined G.E. in 1953 after receiving his B.S. in M.E. from the Univ. of Calif. in 1949. In 1951 he received his M.S., and in 1953 his Ph.D. From '49-'50 he was teaching assistant at U. of C., and '50-'53 he was Junior Research Engineer at the Institution of Engineering Research.

J. Paul Sheedy\* Was Up A Tree Till Wildroot Cream-Oil Gave Him Confidence

"Gorilla my dreams, I love you," said Sheedy outside his sweetie's window. But she was playing it cagey. "Get lost Gargantuan," she said. "I've seen better heads on coconuts." Then Sheedy got wise to Wildroot Cream-Oil. Now he has confidence in his ape-earrante because Wildroot keeps his hair handsome and healthy, looking the way Nature intended... neat but not greasy. Contains heart of Lanolin, Nature's finest hair and scalp conditioner. So don't monkey around with messy hair. Get Wildroot Cream-Oil, America's largest selling hair tonic. In bottles or unbreakable tubes. It gives you confidence in any situation. Use Wildroot Cream-Oil every day and you Congo wrong.

# Forney Costumes For 'Mardi Gras'

Forney is dressing-up in multi-colored costumes for a gala "Mardi Gras" this Friday night. Fifty years of Phi Kappa Tau will be celebrated with a banquet this Sunday. Phi Taus and DGs initiated last weekend. Home Management opened the house to droves of Lindley men for coffee and cookies last Friday. Lambda Chis will crown a Crescent Girl on March 24.

## LAMBDA CHI ALPHA

Congratulations to the newly initiated members of Epsilon Gamma chapter, Bob Bezold, Ellic Bunney, Claire Hopkins, Ron Osborn, Ron Seedorf, Mel Van Dyke and Dave Yule.

Thanks to the WSC Lambda Chis for hospitality over the weekend consisting of a fireside Saturday night and dinner on Sunday. Sunday afternoon the Crescent Girl candidates were entertained.

## DELTA GAMMA

Formally initiated Sunday were Ron Backstrom, Sally Beattie, Marian Dunning, Gail Guernsey, Marilyn Harden, Lana Huschke, Keith Kelly, Mary Ann Johnson, Carolyn Lunstrom and Betty Scott.

At the formal banquet in the Moscow Hotel, Mrs. William Guernsey, Boise alum, spoke and Sally Beattie was awarded the diamond-pear scholarship pin for the year.

Sally also merited another pin, that of Dan True, Phi Gamma, congratulations!

New on the social agenda for the DGs is a bridge party next Sunday.

## GAULT HALL

Men of Gault thank the Kappas for the enjoyable exchange last week.

Gault looks forward to the car washing and parking lessons bought from the Kappas at the Campus Chest auction.

A choir is being organized in the hall.

## KAPPA ALPHA THETA

Jean Ramstedt ran to the rescue of Larry Norby, Sigma Nu, who was duly tubbed for passing his pin.

Pansy Girl for March is Barbara Barry who served well as pledge class proxy.

Thetas entertained Jackie Lavens, Gamma Phi; Janis Archibald and Carol Jones, Forney at dinner Sunday.

Fresh thank the Town Men for the dancing exchange Wednesday evening.

Initiates thank the Fijis for the potted plant.

The house thanks the Phi Deltas and SAEs for the hard work and fun at the Campus Chest booth.

Last night Thetas ate grade points, good or bad—a few munchies, some delighted in roast beef and a select number ate luscious steaks at the scholarship dinner.

## HOME MANAGEMENT HOUSE

Ted Leech, Campus Club, was elected the "Sweetheart of Home Management" for being such a nice handy man. Ted was entertained at dinner Thursday as were Mr. and Mrs. John McMullen.

Droves of Lindley Hallites wandered across the street to have coffee and cookies Friday afternoon. Some of the Tri-U's members

## Gratis Conveyor Ride Is End's Beginning

ACP — One student's curiosity got the better of him at the University of Illinois. An employee of the student union, he became fascinated by a new-fangled dishwasher recently installed. A conveyor belt affair that sends dishes through 24 feet of soaping and rinsing.

He figured, quite astutely, that if dishes could be washed in it, why not humans?

Since the water was turned off, he began a dry test run, climbing up and stretching out on one end of the conveyor belt.

He rode along the belt through the various compartments and as he sailed out the other end, he was "greeted" by a supervisor who happened to be passing by. Result of his curiosity . . . he's no longer an employee of the student union.

## Chuckle, Snort, Cackle, Giggle, — Joke

TROY, New York (ACP) — In a recent issue, the Renaissance Polytechnic carried these chuckles, which were originally printed in the Illinois Technology News.

"You can't beat the system," moaned a student, looking over his grades for the past semester. "I decided to take basket weaving for a snap course, but two Navajos enrolled, raised the curve, and I flunked."

All right, so it isn't the funniest you've heard. How about this one?

A college freshman was being severely criticized by his professor.

"Your last paper was very difficult to read," said the professor. "Your work should be written so that even the most ignorant will be able to understand it."

"Yes, sir," said the student. "What part didn't you get?"

## DAMES MEET TOMORROW

The dames will meet at the Faculty Club tomorrow at 8 p.m. The Mezzanine Music will be on hand to show how children's records can be used for education purposes.

## Dwaine Tesohldek, PI BETA PHI

Wednesday night's dinner saw Susan Campbell, and Marj Bradbury at Pi Phi house.

Mrs. Hansen, national director of extension, spent an enjoyable weekend with the Pi Phi. A tea was held to honor her Sunday.

Thanks Fijis for working on the booth and for buying the pledge class again. Hope the breakfast will be enjoyable.

The gals at 720 Deakin are looking forward to a picnic with the Sigma Nus in the near future as a result of the auction.

## Idaho State Elks Announce Winners Of Youth Contest

State winners in the national Elks lodge youth leadership contest were announced today by Robert S. Gibb, director of athletics at the University of Idaho who has been serving as general chairman of the youth activities of the Idaho State Elks association.

Top award of a \$100 defense bond for girls was won by Rogene Lorraine Alger, Meridian, and a similar award for boys by Jack Macki, Mullan. Both Miss Alger and Macki will be Idaho candidates for national awards. Carolyn Kay Burke, Moscow, was the recipient of a \$50 bond.

Judges for the Idaho entries were Professors Robert E. Hosack, chairman, Clifford I. Dobler and Myhra Minnis, all of the University of Idaho. Serving on the youth leadership sub-committee for Idaho were Karl Ferrin, Blackfoot, and E. C. Phoenix, Pocatello.

A traveling man snowbound in a small tank-town wired his company for instructions. Prompt reply stated: "Start summer vacation at once."

## CHALLENGE

With all due respect and courtesy which should be shown our elders, the Freshman class issues the following challenge: We hereby challenge the Sophomore class, all parts constituting the whole, to a Tug-o-War over Paradise creek.

The site of the battle will be in the clear area immediately north and west of the building currently occupied by the Alpha Phis.

The Freshman class is so confident of victory it has purchased a trophy which will be awarded to the president of the winning team on the night of the annual Frosh Ball, March 17, the year of our Lord nineteen hundred and fifty-six.

The Freshmen will not furnish the Sophomores with towels.

Jim Kay  
Freshman Class President

## ACCEPTANCE

Since you have had the blind and ill-founded audacity to purchase a trophy to be awarded the winner of said Tug-of-War, we, the class of '56 and predestined victors in the aforementioned match, do most heartily accept your feeble challenge.

Knutle Westergren  
Sophomore Class President

## Gem Group Pic's Deadline March 16

The Gem has set the deadline for group pictures on March 16. Presidents of organizations are to contact George Fowler at 2236 as soon as possible to make arrangements.

Presidents of the following groups must make arrangements: Madrigal Singers, Sigma Alpha Iota, Phi Mu Epsilon, Blue Key, Student Activities Committee, Alpha Lambda Delta, Phi Eta Sigma.

Inter Fraternity Council, Delta Sigma Rho, Debate teams.

Theta Sigma Phi, Sigma Delta Chi, Phi Upsilon Omicron, Associated Foresters, The Idaho Forester, Ag Club, Associated Miners, Home Ec Club, 4-H Club, A.S.A.E., Associated Engineers, Flying Club, Dairy Club, Hell Divers, Ski Club, Curtin Club, Cosmopolitan Club, Inter Church Council, Christian Science Group, Lutheran Students, Roger Williams Club, Lambda Delta Sigma and Disciples of Student Fellowship.

When you have heard two eyewitnesses relate the details of the same automobile accident you commence to worry some about history.

## RECRUITER TO VISIT

Lt. JG M. Lois Williamson, U.S. Navy, a WAVE officer, will be in the lobby of the Student Union Building on Wednesday and Thursday, March 14th and 15th. She will be available to answer questions concerning the various Navy WAVE Officer programs for coeds.

## Ed. Honorary Initiates Tomorrow

Wednesday night at 5:30, Phi Delta Kappa, national education honorary on campus, will hold a banquet at the New Idaho Hotel.

Following the banquet the fraternity will hold initiation of new members in Conference Rooms A & B of the Student Union Building.

Men being initiated in the fraternity will be Arthur Berghold, James E. Bryan, Robert Harris, Donald Kamp, Roger Ranta, Kirk Rush, Jack Weltzin, Captain John Wyckoff, USN, Leonard Hoff, Dalbert Williams, and Dr. Owen Weeks. The initiation team for this ceremony will consist of Dr. Herndon Snider, D. N. O'Callaghan, Louis Hirschman, and Clayton Ockert.

Patronize Argonaut Advertisers!

## Westminster Sees 'Fire Upon Earth'

Bible study and coffee hours compose church groups regular meetings and Westminster will see "Fire Upon the Earth" at the Sunday meet-

ing. Coffee hour will be held Wednesday at 4 p.m. at the CCC. Choir practice is at 8:45 at the CCC on Thursday evening.

## Professors Have Articles Printed

Three University of Idaho faculty members are the authors of articles of teacher recruitment appearing in the March issue of the Phi Delta Kappan, journal of the professional fraternity for men in education.

They are Dr. J. Frederick Weltzin, dean of the college of education; Dr. Bruce I. Blackstone, head of business education and secretarial studies, and Elwyn S. Schwartz, associate professor of music.

Blackstone is the author of two articles, "Education on the Spot," and "Recruitment for Special Areas." Weltzin and Schwartz have also written papers devoted to teacher recruitment for special areas.

## DELEGATES PAY MORE

The Operations Council at the University has announced that rates for housing conference delegates at school have been changed to \$2.00 per person for the first night and \$1.00 per night for each additional night.

## NAVAL CADET TEAM HERE

A Naval Aviation Cadet Information Team is coming to the University and will be in the SUB from 9 a.m. to 4:30 p.m., Wednesday and Thursday, March 14th and 15th. Their team will be here to answer questions regarding the Naval Aviation Program.

## What's doing at Pratt & Whitney Aircraft

R. P. I. Dedicates Graduate Study Center Near Main Plant

Engineers from Pratt & Whitney Aircraft waiting for classes to begin at R.P.I.'s new graduate study center. Courses, leading to advanced degrees in specialized fields, include Aeronautical Engineering, Applied Mechanics, Higher Mathematics, Thermodynamics, Nuclear Technology.

The vast facilities required for practical application of advanced technical knowledge to the development of future aircraft engines are housed in P & W A's Willgoos Laboratory — the world's most complete, privately owned turbine laboratory.

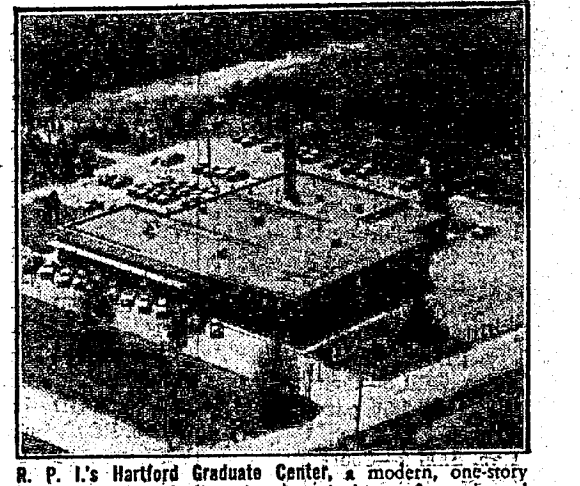

Engineers participating in graduate study program complete their classroom training with laboratory experience gained through their daily employment.

The dedication last month of a full-fledged graduate center near the Pratt & Whitney Aircraft plant in East Hartford, Connecticut, set a precedent in relationships between industry and education. At a cost of \$600,000, P & W A's parent company purchased and equipped the building that was presented outright to Rensselaer Polytechnic Institute for its Hartford Graduate Center. Moreover, an additional grant by this industry leader to R.P.I. was used to establish a liberal fellowship fund. Since last fall, when classes first began, this tuition-assistance plan has functioned to assure advanced education for Pratt and Whitney Aircraft's applied scientists and engineers.

The new graduate study center, 115 miles away from its home campus in upper New York State, is staffed by a resident, full-time faculty. Engineers at Pratt & Whitney Aircraft and other companies in the vicinity are able now to continue their education without interrupting their normal employment.

Designed to raise the level of knowledge and to broaden the base from which research can be approached, this unique new concept of education will lead enrolled engineers to greater achievement in their careers through pursuit of advanced degrees in specialized fields from the nation's oldest engineering college.

R. P. I.'s Hartford Graduate Center, a modern, one-story building in a suburban location, is just a few minutes drive from the P & W A plant. Student facilities include a large lecture room, a library, classrooms, seminar rooms, a cafeteria, and parking areas.

World's foremost designer and builder of aircraft engines

# VANDALS SWEEP SERIES WITH COUGARS

## Leave PCC Cellar In Season's Finale

The Idaho Vandals came to life last weekend and finished the season with a bang, as they trounced their cross-state rivals from WSC twice, 78 to 62 and 78 to 71. The pair of wins enabled the Vandals to leave the PCC basement, a position they had held throughout the year.

### Big Mac Hits

Gary McEwen (18), who turned in his best basketball of the season over the weekend, goes high in the air to score with a jump shot against WSC here Friday night. Making a futile attempt to stop McEwen are Cougar captain, Al Perry (20), and Larry Beck (21). Waiting for a possible rebound are WSC's Bill Galbraith (11) and Jim Branom (16) of Idaho.

Before 4630 cheering fans in Memorial Gym Friday the Vandals pulled ahead of WSC after 10 minutes had gone by and kept pouring in the baskets for their victory margin.

Saturday's game in Pullman was a nip-and-tuck affair with the lead changing hands nearly every time a basket was scored.

After a bitterly contested first half, which wound up at 35 all, the Cougars went into a brief four point lead, 45-41, before baskets by Gary Simmons and Bill Bauscher knotted the count again. This came with six minutes gone, before Gary McEwen, Jay Buhler, Simmons and Bauscher hit with quick baskets to give the Vandals a 10 point lead.

With four and one-half minutes left the Vandals' height was greatly reduced when both 6-8 Jim Branom and 6-6 Jerry Jorgenson fouled out. However, Idaho hung on, with their only tall man, McEwen, rebounding well and coming through with several key baskets.

McEwen, playing his best game of the year, bucketed 17 points in the second half.

Simmons was again high point man as he had been Friday, with 22.

### 56 Fouls

Friday's contest was slowed considerably by a total of 56 fouls, blown by referees Bill Fouts and John Kolb.

The first half lead changed hands several times before guard Bill Bauscher stole the ball and drove in for a lay-up, putting Idaho in front 18 to 16 with less than 10 minutes gone.

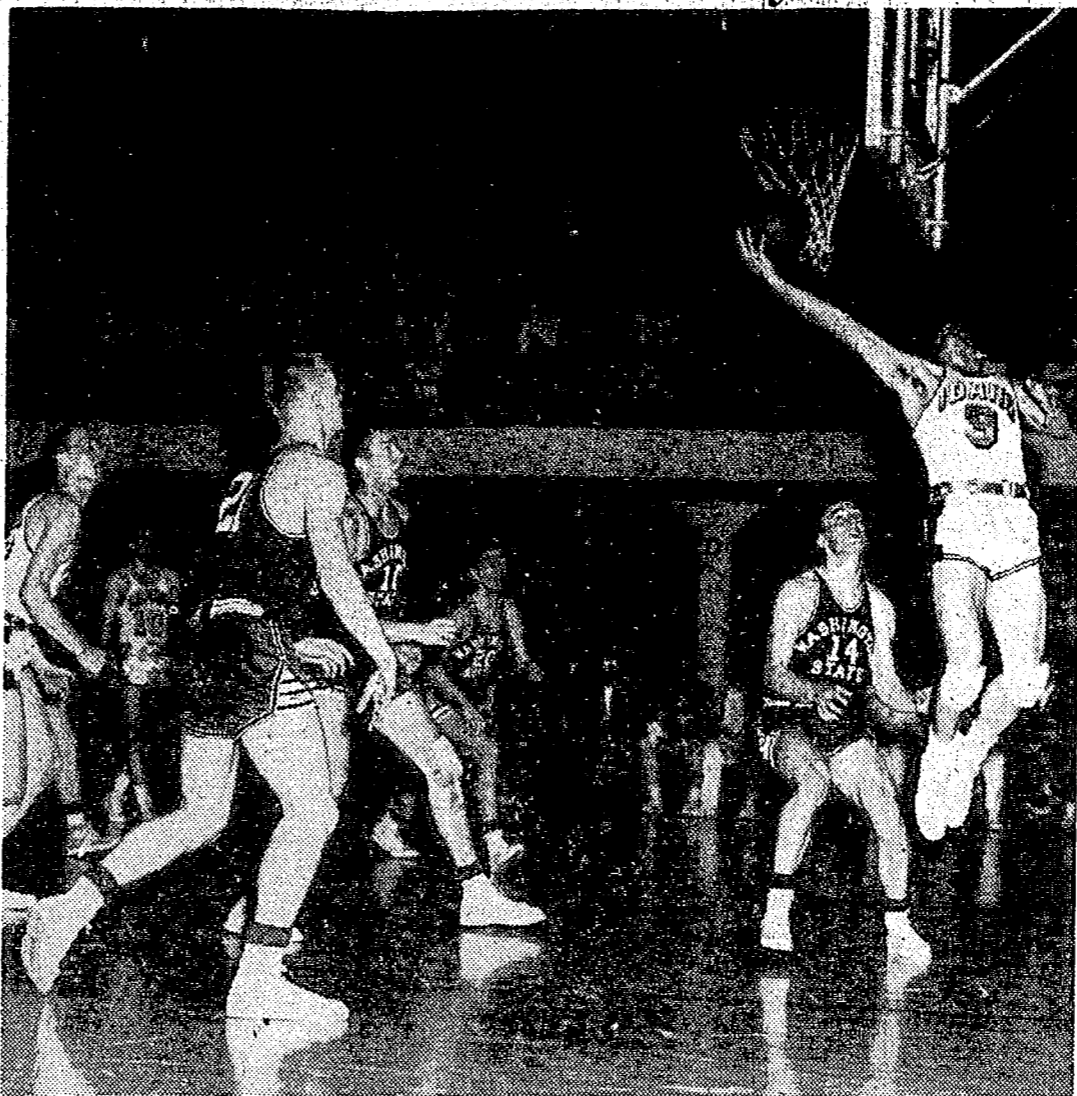

The Vandals moved into a ten point lead before coach Harlan Hodges pulled his first five of Bauscher, Simmons, Jorgenson, Branom and Buhler in favor of the second string.

The Idaho substitutes protected the 10 point bulge against the Cougar starting five. Guard Bill Wilson topped the reserve offense with 5 points.

In the second half Idaho moved steadily ahead paced by some brilliant shooting both from the floor and the foul line by sophomore guard Gary Simmons. Simmons ended the game with 28 points on seven field goals and 15 free throws. Bauscher added 16 to the Idaho cause.

Junior forward Larry Beck kept the Cougars in the game both nights, scoring a combined total of 65 points.

## Backhander For Jay

Jay Buhler (9), Idaho senior, playing his last game on the home court, lays in two against the Cougars Friday night with a backhand lay-in. Cougars in the picture are Larry Beck (21), Bruce Olson (10), Al Perry (20) and Ed Steele (14). Vandals in the background are Bill Bauscher (16) and Gary McEwen (18). Idaho took two from the Cougars to move out of the PCC cellar.

## Berggren, Andy Rate Idaho High

(ED. NOTE—This is the second in a series of features on members of the Idaho ski team. Today's article is on Eirik Berggren and Tom Anderson.)

By Gary Vanderwood

Both Berggren, a veteran senior and Anderson, a newcomer to the Idaho squad, gave the Vandals a good chance to cop National honors at the championship meet to be held at Winter Park, Colorado, in two weeks.

War kept Eirik Berggren, Idaho's outstanding cross-country skier from entering competitive skiing earlier than he did.

Berggren started skiing when he was three years old but due to complications caused by the war he was unable to enter skiing meets as a competitor. While still in Oslo, Norway, Berggren took part in many Norwegian Championships and also entered several international races, placing well above average in all competition.

For a long time Berggren had dreamed about coming to America to ski against this nation's skiers and in 1954 his dream came true.

Last year while competing against some of the stiffest competition in the country, Berggren won every cross-country meet he entered except one, that being the national in Vermont. Although he didn't cop the national cross-country cup he won the Nordic Combined trophy which is cross-country and jumping combined.

This year Berggren has taken the cross-country trophy in five out of his seven meets, and has skied away with three first places in jumping competition to rack up some valuable points for the Vandal team. While serving as one of the Vandal squad's seasoned veterans, Berggren has set the pace in many of the meets and has led the Vandals to many victories.

Commenting on their coming National meet, Berggren said, "We should be able to take the cross-country, jumping, and Nordic combined events as a team, but because of several recent accidents to the slalom skiers, I don't think we will be able to win the whole meet. I am still hoping though that we will have a little more luck than what we have had before and we might be able to take it all."

## Not Stopped By Broken Leg

Breaking a leg the first day he was on a pair of skis didn't discourage Tom Anderson from learning the tricky art of downhill and slalom skiing.

Anderson started skiing when he was thirteen but because of the accident he was fifteen before he got a chance at the slats again. He started racing when he was a junior in high school.

When he was a senior he entered races at Stevens Pass, Washington, where he had learned to ski. Since Everett, Washington, (where he attended high school) didn't have any snow nearby it was all up to Anderson to keep in shape and practice over the weekends on the Stevens Pass run.

During his first year at Everett Junior College he won the Pacific Northwest Junior Downhill and Slalom Championships. The same year he won three Stevens Standard Races in the Junior class and placed high in other events. At the end of the year he was given an award for the most points attained in the Junior Class of the Pacific Northwest Ski Association.

A resident of Washington, Anderson transferred to Idaho to learn more about racing and get some good experience. He claims he's gotten more experience this year than he has received all the other years he has skied combined.

His comments on Idaho and their chances in the Nationals are, "I'm proud to be with Idaho and its fine skiing team and more proud when we go to the Nationals. We're going to meet a lot of very strong all-around teams that we've heard about. The loss of Mike Lund at Reno has hurt us but any team at the Nationals can be beaten. I think if we work hard and go all out we can end the season with the National championship."

## Babes Complete WSC Rout, Defeat Couababes Twice

Vandalville's freshman hoop squad wound up their season this past weekend with two wins over the WSC Couababes giving them four out of five over the team across the line this season.

The freshmen led throughout the contest Friday night and late in the second stanza began to turn the game into a rout. At the end of the first half Idaho led by 13 points, (39-26) and easily maintained their lead to win 87 to 66.

At no point in the ball game were the Vandals in danger of being overtaken by the Couababes.

The contest Saturday night, played in WSC's Bohler Memorial Gym, proved to be a see-saw bat-

tle until part way into the second half.

With the score standing at 41 all, the Babes suddenly hit a hot streak and dumped in 15 straight points, giving them a lead which they maintained throughout the rest of the ball game to win 74 to 60.

Friday night's contest saw WSC's Jerry Spanner cut loose to hit for a total of 28 points to take high scoring honors while Lou Vesely of Idaho was hot on his heels with a 24 point total for that game.

Saturday night Harold Damiano hit consistently to take honors with a 31 point total. Dick Axelson scored 20, tops for the Couababes.

## CHALK TALK

with Don Neville Smith

Oh! woe is the Cow College from across the line.

Five out of five Idaho took from the Cougars this past weekend, four basketball victories and a swimming meet.

Idaho fans showed their appreciation for two great ball players Friday night when Vandal co-captains, Bill Bauscher and Jay Buhler were introduced before the game.

The pair, playing their last home game in silver and gold received from the capacity crowd, a standing ovation that lasted several minutes.

The two closed out their college careers in grand style. Bauscher scored 30 points in the two games and Buhler 19. Jay ended the season as the Vandal's top scorer, both in conference play and over their entire season. Bill led the league in free throw percentage throughout most of the campaign, before dropping behind two weeks ago. However, he climbed back up among the leaders last weekend again with 8 for 9 from the gift line.

### Idaho-WSC Side Lights

Walking with the Spurs during halftime Friday night, was Jackie Wainwright, complete with a cast on her leg.

During the second half of Friday's game Jay Buhler scored on a lay-in and was fouled as he shot. Ref. Bill Fouts gave Buhler one free shot and he made it.

Idaho coach Harlan Hodges jumped to his feet and came running over to the scorer's table: "Did we just get one free throw," shouted the red-faced coach. "You go the basket too," replied the head scorer.

A very surprised look passed over Hodge's face as he said, "Oh! Okay!"

Substituting strategy by WSC coach Jack Friel backfired Friday night.

With just less than six minutes left in the first half and Idaho leading 28-18 Idaho coach Hodges yanked his first string and brought in his reserves.

Friel had been playing his second platoon and they were staying with the Vandals. Figuring to get the jump on the Vandals, Friel quickly pulled his reserves and sent in his first five again.

Larsen tied a record set last year by Jerry Giles in the 100 yard breaststroke with a time of 1:15.8. Other Vandal firsts were scored by Alex Gilbert in the 200 yard free style, Roscoe in the 50 yard free style, George Hall in the 200 yard individual medley relay and Hand in the 100 yard free style.

Rounding out the top spots for the Babes was the 150 yard medley relay team, composed of Nelson, Hall and Jack Harris who easily outdistanced their rivals from WSC.

## Frosh Swim Team Wins Fifth Meet

Idaho's undefeated frosh swimming team broke three records and tied one as they closed their season with a 57 to 20 victory over the Washington State freshmen Saturday at the Memorial Gym pool.

The Vandal freshmen, who had earlier beaten the Eastern Washington freshmen, Spokane YMCA, and the WSC frosh, capped nine of ten firsts in the meet. WSC could take only the diving where Schwisow edged out Vandal Frank Allen.

The frosh records were set in the 100 yd. backstroke, 440, and the 200 yd. relay; and the record was tied in the 100 yd. breaststroke.

### Most Improved

Larry Nelsen, one of the most improved swimmers on the squad, knocked nine-tenths of a second off the record in the backstroke as he covered the distance in 1:09.7, and in the 440 Leonard Lawr beat the old record of 5:51 by 10.5 seconds with a time of 5:40.5.

The relay team composed of Dave Roscoe, Kim Larsen, Grayson Hand, and Lawr finished with a time of 1:46, .5 seconds better than the existing record.

Larsen tied a record set last year by Jerry Giles in the 100 yard breaststroke with a time of 1:15.8. Other Vandal firsts were scored by Alex Gilbert in the 200 yard free style, Roscoe in the 50 yard free style, George Hall in the 200 yard individual medley relay and Hand in the 100 yard free style.

Rounding out the top spots for the Babes was the 150 yard medley relay team, composed of Nelson, Hall and Jack Harris who easily outdistanced their rivals from WSC.

### Take the right step toward a good future

See the representative on March 13th

Working here at International Harvester's Melrose Park Works near Chicago are graduate engineers conducting research on an experimental diesel engine to obtain basic combustion data.

When the representatives from IH are on your campus, contact your Placement Director for personal interview.

Or, if unable to meet with IH representative at that time, write to F. D. MacDonald, Education and Personnel Department, International Harvester Company, 180 N. Michigan Avenue, Chicago 1, Illinois.

The engineer who joins International Harvester joins a sound, long-established but progressive company—that represents opportunity for advancement. Harvester has long been associated with leadership in new and improved products that increase agricultural productivity, result in better transportation, and assist in construction and the handling of heavy materials.

IH needs mechanical, industrial, metallurgical, chemical, agricultural, and electrical engineers. IH is looking for engineers for training programs, for product design, for tests and developments, for research and experimentation in nearly all its divisions. IH wants to hear from you.

## INTERNATIONAL HARVESTER

Builders of products that pay for themselves in use... International Trucks • McCormick Farm Equipment and Farmall Tractors • Crawler Tractors and Power Units
