MILITARYS' QUEEN WILL REIGN TONIGHT

Editor—John B. Hughes

The GOLDEN FLEECE
by Jason

The illustrious Student Government Party has done it again. And a few more conservative politicians on the Idaho campus may now admit that the "third" party is here to stay.

Tuesday night at the new ASUI Executive Board's first organizational meeting, the ASUI Vice President and Secretary were chosen by the Board's vote. Here's how it happened.

ASUI President Dick Weeks opened the nominations for the vice presidency and Dave Maxey, United, nominated Fred Burrows, Student Government, immediately. Jane Remsburg of the United Party also then nominated Lon Davis, Student Government.

Davis, in turn, was recognized by the chair. "I would like to withdraw my name, if I could," he quipped.

Weeks explained that he could if Remsburg would consent. She readily agreed.

The little blonde DG then moved a unanimous ballot in favor of Burrow for the veep spot. The vote was unanimous and the ASUI had a v.p.

The next order of business was the election of the secretary of the ASUI. Nominations were opened.

Carolyn Sanderson, United, gained the floor and proposed Jane Remsburg's name for the office. Remsburg, in turn, nominated Sanderson, who then followed Davis' lead.

Addressing the chair she said, "I would like to withdraw my name in favor of Jane." Remsburg, of course, gave her permission to withdraw.

While the two party-mates were exchanging bouquets, Burrow addressed the chair and nominated Davis. Maxey moved that nominations cease, the motion passed and the two candidates left the room momentarily.

After a brief discussion, Weeks called for the vote by show of hands. It was a three-three tie. Independent Party member Dick Rhoads, being confined in the infirmary, was not there to cast his ballot. As expected the split stood this way: Maxey, Schreiber and Sanderson voting for Remsburg; Hoch, Tovey, and Burrow backing Davis.

Following parliamentary procedure, Weeks cast his ballot to break the tie and Lon Davis was duly elected secretary.

The result—the Student Government Party controls the presidency, vice presidency, and the secretary positions of the Associated Students of the University of Idaho.

Not a bad record for a two-year-old political party, eh?

Advanced Class Will Present 'Gary Owen'

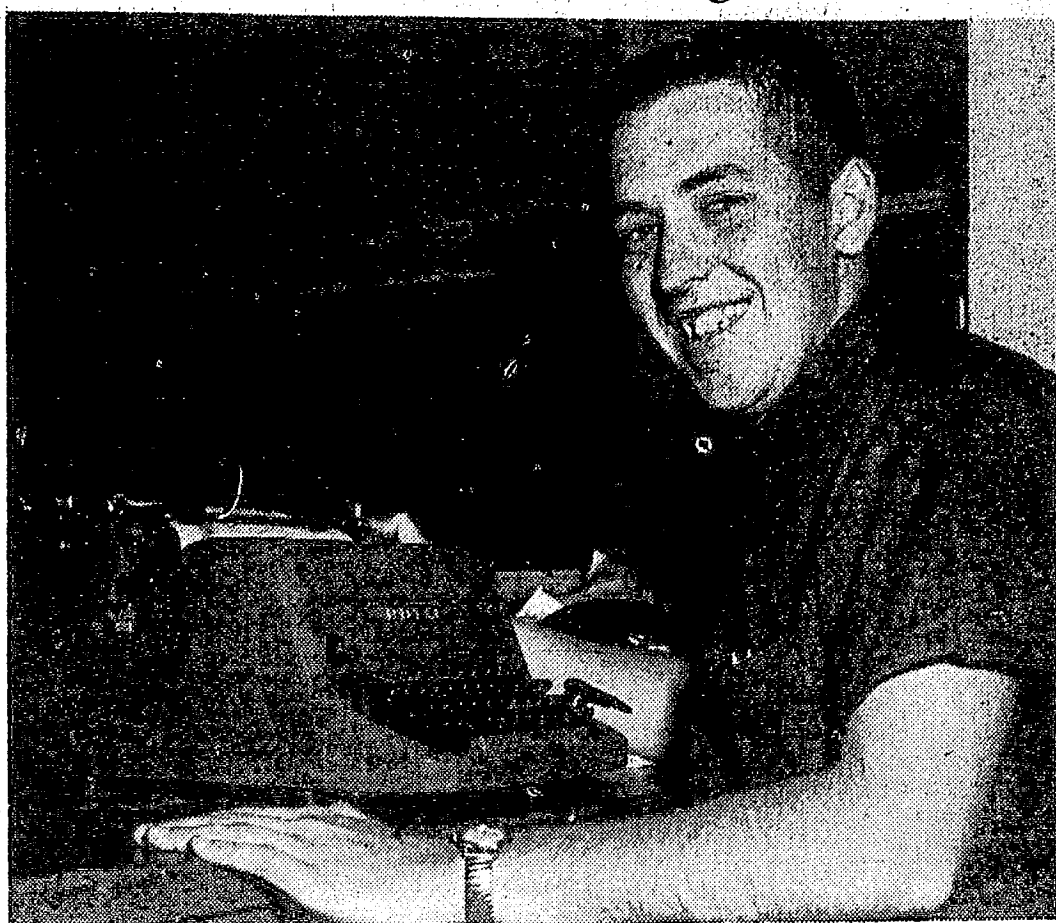

Two one-act plays will be presented next week by the advanced play production class, Miss Jean Collette, chairman of dramatics said today.

Idaho Students May Face Cadets Hold Annual Dance

Raised Insurance Prices

Business Manager Kenneth A. Dick informed the Executive Board Tuesday night that the University is concerned that a change in student accident insurance premium rates may effect Idaho's current program.

The decision is in the hands of the present insurance carrier or interested bidders and depends upon the amount of loss to the insurance company this first trial year.

Dick discussed three means by which a premium rate change could be handled and asked the Board to make a recommendation to the Board of Regents should such a change become evident.

The issue will be taken to House President's Monday. The University last fall, under recommendation and approval from the students, set up a plan of maximum accident coverage of \$3,000 with \$1,000 loss of life. Students pay \$3.00 per year for coverage.

The contract is issued on a yearly basis and is presently held by United Pacific Insurance Co., of Tacoma, Wash. The Business office will call for bids again this spring for next year.

Ways Of Meeting Raise
Dick pointed out that if the rates increase in the new bid the University has three ways of handling the change:

1. Increase student fees to meet the premium.
2. Increase the present \$100 deductible.
3. Lower the maximum coverage from \$3,000.

Dick said the 3,200 Idaho students paid \$9,600 this year for the blanket insurance and \$6,000 in benefits has been paid. He said this is an approximate 60 per cent loss to the insurance company—the average loss expectancy.

Please Be Careful!
The Business Manager said "If in the next three weeks we have no more accidents or injuries, the premiums offered by this year's low bidder, United Pacific, will probably be near the same amount (\$3.00 per year) for each student."

A student from California has been the only person to collect the full \$3,000, following an auto accident last fall.

Dick explains that policy covers all regular students, undergraduates and graduate, taking more than six credits per semester during the period beginning 10 days prior to the first day of official registration for any semester providing the student has arrived in Moscow. The coverage ends five days after the last day of final examinations each semester.

MRS. MIX RECEIVES
IDA. TRUSTEES AWARD
The Idaho School Trustees award of \$100 goes this year to Mrs. Louise Mix, senior from Moscow. It was announced today by Dr. J. Frederick Weltzin, dean of the college of education.

The award is given to an outstanding student who plans to teach in Idaho. Mrs. Mix, who will receive her degree in education June 10, will start teaching English in the fall at Lewiston.

Other original cast members were Conrad Nagel, Shirley Booth and Sam Wanamaker.

The play is the first of five productions to be given during the eight-week session.

Tatko, Hughes To Head Publications

John B. Hughes, junior journalism major and Argonaut managing editor, and whose familiar voice is known across the campus for his announcing at Vandal Sports event, has been selected as next year's Jason by the Executive Board, it was announced today. He will succeed Gary L. Pietsch as Arg editor.

Louise Tatko will succeed Jamie Steele as Gem Editor and Bill Vermillion will follow Jerry Chandler to the KUOI station manager post. Miss Tatko became interested in annual productions in high school and edited the Craigmont yearbook her senior year. As a University freshman, she kept busy as Gem copy writer. The position of business manager was filled by the Gamma Phi during her sophomore year. Last fall she was named Associate editor, a liaison for the editor and staff.

As next year's editor, she hopes to organize better coordination between staff heads and photographers on the \$20,000 production.

Crowning of the Military Queen by Lt. Col. James Hughes, leaving professor of air science, will be the main feature at the intermission of the Military Ball tonight at 9 p.m. in the SUB ballrooms.

Tickets for the dance will be \$1.50 per couple and will be on sale at the door at 9 p.m. or can be purchased in advance from ROTC members in your living group.

Lt. Col. Hughes will crown the queen selected by the cadets in the three branches of the military science on campus. She will be selected from candidates Clara Armstrong, Pat Berry, Janet Campbell, Helen Doering and Lou Ann Olson. The finalists were chosen by members of Scabbard and Blade, advanced military honorary, sponsors of the dance. Air Force choir will also perform at intermission.

Three Services
According to James Buckley, publicity chairman, the dance will be decorated with displays representing activities and objectives of each of the three service branches. Displays for the Air Force and Navy will be prepared by Arnold Air Society and Eagle and Anchor society, organizations for the respective groups.

Leroy Roach's nine piece orchestra will furnish the music for the dance. This is the same band that played for the Military Ball at WSC last month, Buckley said.

Dress for the dance is semi-formal with ROTC members wearing uniforms. Army ROTC students are to wear their regular uniform with a white shirt and issued tie. Air Force students will also wear their uniform with a white shirt and black bow tie.

The Board elected Lon Davis, Gault Hall Student Government,

LOAN DAVIS
FRED BURROW
secretary, succeeding Dick Gaskins.

In other Board action the new members approved the proposed ASUI Budget and recommended Charles Peterson of the University faculty as the Board's faculty advisor for the next year. He is presently serving in the capacity. The recommendation was sent to Dr. D. R. Theophilus, University president, for final approval.

The Board presented band awards for six semester's work to Dick Klingensmith, Carol Webster, David Lowell, Neal Powell and Les Thurber.

Executive Board Interviews Council Prospects Tuesday

The Executive Board announced today interviews for membership on the Student Events Council will be held Tuesday at 7 p.m. at the Exec Board Room.

ASUI President Dick Weeks said persons who are interested in applying for membership on this seven-man committee will be required to notify the ASUI secretary by noon Tuesday of their intent to be interviewed.

Weeks said the Board interviewed 110 persons for three committees last Tuesday and that some people had to wait over two hours to be interviewed.

The President said when those interested report to the ASUI office their activity card will be taken from the file and processed as to their qualifications and activity requests.

"I hope we won't run into another long line like we had last Tuesday. The students should be aware that at this time we are picking the Student Events Council only and not committees which fall under their organization," Weeks said.

The Student Events Council recommends members of committees which are in effect the year around and coordinates these activities with the Exec Board. Standing committees include Film, Recreation, Calendar, publicity and others.

NOTICE

All persons who have lost articles of clothing, books, jewelry, glasses or other items should check at the Registrar's office to see if they are in our collection before the end of the academic year, D. D. DuSault said today.

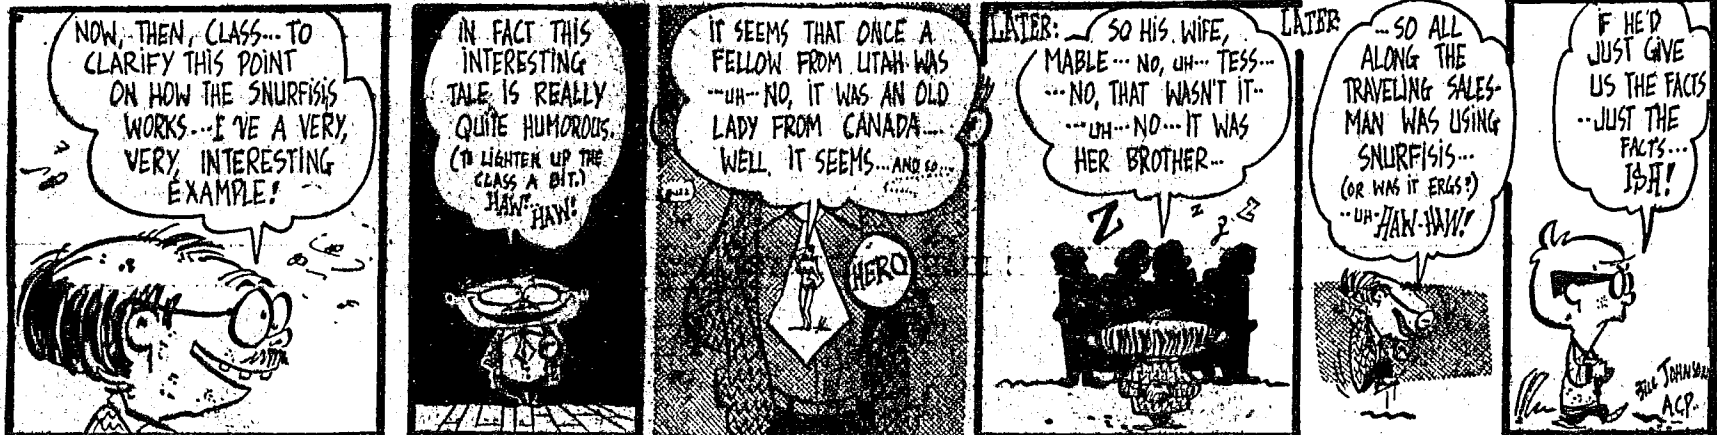

All books which are left in the lost and found collection are sold at the Student Bookstore at the close of the semester and proceeds will be turned into the student loan fund.

VETS MAIL BAG

With the Veterans Administration reporting increased volume in home loan guaranty under the GI bills for April, when 80,000 requests for home appraisals were received, a survey revealed many interesting facts about the program.

Under the GI Bill for World War II veterans, the program is scheduled to end July 25, 1957, which indicates an increase in activity by those World War II veterans who haven't yet purchased homes, to get under the deadline. Korea Conflict period veterans have until 1965.

The VA survey revealed that the average veteran buying a GI home during the past two years was 32 years of age, had a monthly income of \$494 and paid nearly \$11,800 for his home.

These facts were taken from a sampling of more than a million GI home loans made to World War II and Korean conflict period veterans during 1954 and 1955.

The veterans paid \$12.4 billion for their homes; made initial down payments of \$1 billion; and assumed mortgage debts of \$11.4 billion.

VA guaranteed \$57,000 GI home loans in 1954 and \$43,000 in 1955, with about 60 per cent of the loans made on new homes and the balance on existing homes.

The sample showed that the veteran had an estimated monthly housing expense of \$98.75, or equivalent to nearly 20 per cent of their average monthly income of \$493.00.

While the average age of veterans buying GI homes was 32.1 years, their overall ages ranged from 20 to 72 and their gross income, from \$1,800 to \$90,000 a year.

The one 72-year-old veteran in the sample purchased a new home, made a down payment of 38 per cent. He had liquid assets amounting to two and a half times the amount of his loan which had a maturity of 15 years.

The average liquid assets of the veterans in the sampling was \$1,865, nearly 16 per cent of the \$11,791 average price paid for homes.

In the survey, the average monthly income data represented total family income before taxes and other deductions.

Monthly housing expenses included principal and interest repayments on mortgages; the estimated cost of taxes, insurance, heat and utilities, and an allowance for expected maintenance costs.

...the honeymoon is still going on

The answer, gentle readers, is that the honeymoon is still going on. This finishes my second year for Philip Morris. During that time, though I'm sure my copy caused an occasional conviction fit in the boardroom, my *carte blanche* has remained as *blanche* as the day it was issued. Whatever I've perpetrated in this column has been, as they guaranteed, mine alone.

They've been living dolls, the makers of Philip Morris, and I think I may be forgiven for getting a trifle misty. And as long as the stops are out, let me say that it's also been a big charge writing for you, the college population of America. Your response has warmed my old heart, and on the occasions when I've visited your campuses, it's been deeply gratifying to see that you're still as pleasantly disorganized as ever. I figure that as long as the likes of you exist, I'm in business.

So, for now, goodbye. Stay well. Stay happy. Stay loose. ©Max Shulman, 1956

Theophilus, Jr. Granted David Bus, Award

One of the nation's top fellowships—a Donald Kirk David fellowship at the Harvard Graduate School of Business Administration—has been awarded to Donald R. Theophilus, Jr., University of Idaho graduate from Moscow, it was learned here today.

The son of President D. R. Theophilus of the University of Idaho, young Theophilus received a B.A. degree in journalism from the university in 1953. As a student, he was active in publications work, serving as sports editor of both the Argonaut and the Gem of the Mountains. He was a member of Sigma Delta Chi, national men's professional journalism honorary, and Phi Eta Sigma, national freshman scholastic honorary. He was also a member of the Vandaleers.

Honored as a "distinguished Air Force ROTC graduate," Theophilus has been on active duty with the Air Force the last 1 1/2 years at Nagoya, Japan. Now discharged, he is enroute home via Europe with Mrs. Theophilus, the former Adrienne George of Kellogg, also an Idaho graduate.

The Donald Kirk David fellowships provide funds up to about \$3,000 a year for two years of advanced study at Harvard. The fellowships were established several years ago for graduates of Northwest universities and colleges by Mr. and Mrs. George F. Jewett of Spokane.

Irishman O'Callaghan Reflects Year

An Irishman named Donald O. (Mike) O'Callaghan stepped into campus politics last year virtually an unknown as far as activities are concerned. Since about a year ago when he was elected to the Executive Board Mike has opened doors to student problems as one of the most active Board members in the University's history.

He is stepping out now after reaching the candidacy for a master's degree in Guidance and Psychology are spurring many student actions and relations with the administration and the state.

O'Callaghan recently looked back over the year on the Exec Board. "Karen Lee Krauss and I differed on many issues, but never did she compromise on something she thought was right. When proven wrong on any issue she did not put the blame on anybody else, but was more than willing to carry the full load upon her own shoulders. One of the greatest virtues that a person can have is the ability to accept responsibility for their own actions, and this was present in all of Miss Krauss's actions on the executive board."

"The board worked together very well this year and I believe that much of this was due to the strong leadership provided by President Chuck McDevitt. There was very little wasted effort on the part of the board due to ability of this man to see into the future and to evaluate the past as only a strong leader can do."

"The best lessons I learned in leadership came from my opportunity to observe the actions of President Theophilus. This man respected the opinions of the students, but made clear that before he would take any action that it must first be approved by his advisory committees. By showing his committees that he respected their advice and that despite the fact that many times he disagreed with

them he would nevertheless present their ideas to the board of regents, stamped this man as a president that shall long leave his ideas and ideals upon our campus."

Many Lessons

"With our student government being used as an example of strength throughout the west by NSA we can be very proud. Many lessons were learned during the past year that can be used as a guide in the coming years. Much of our success in implementing the interview system can be accounted for because of the cooperation given by Gary Pietsch and the Arg staff. Next year's board is extremely fortunate to have a man the caliber of John B. Hughes as editor of the Arg."

O'Callaghan served overseas in the Marines, Air Force, and Army with a total of better than seven years service and was an enlisted platoon leader in combat with the Second Infantry Division until losing a leg on the Hook after several months of fighting throughout Korea. After this action his regiment, the 38th, named a large Known Distance firing range in his honor. He attended Gonzaga University

in Spokane, St. Martin's in Olympia, Washington and graduated from BJC in 1950. He represented Idaho in Salt Lake City as a Senior Division Heavyweight in the Inter-mountain tournament in 1950, and entered the Air Force in June, 1950 and became an intelligence man after serving several months as an Air Policeman. The opportunity to attend Intelligence School was provided after he intercepted and captured an armed man who went on a shooting spree in Great Falls, Montana.

Army Transfer

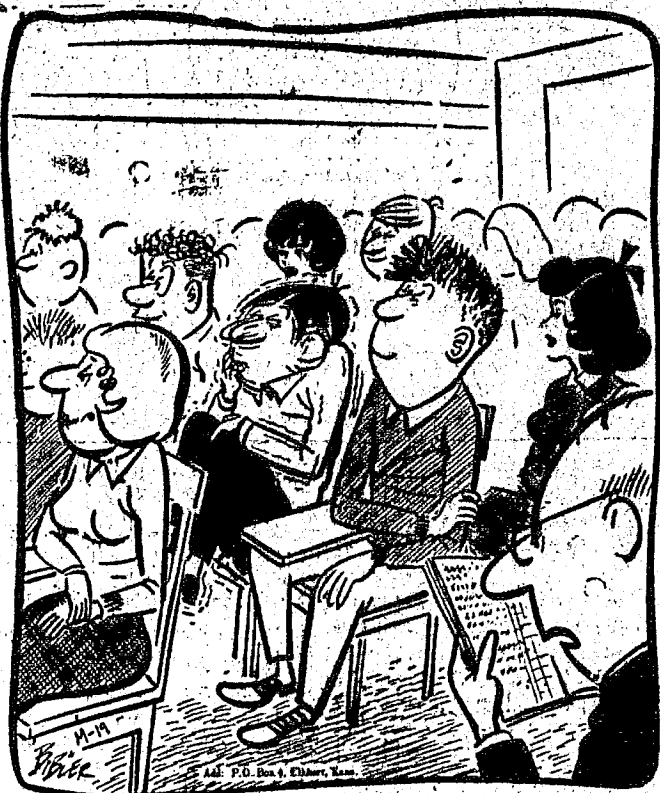

He transferred into the Army when refused combat duty by the Air Force; this transfer was made with the provision that he would attend Army OCS. He refused OCS and volunteered for Korean duty while still an instructor at Fort Ord's Leadership School.

Mike entered the U. of I. in February, 1953 as a first semester junior and was married that summer to Carolyn Jean Randall a Tri-Delta and since that time has earned both his B.S. (Ed) and M.Ed., both which shall be received this June. He will not be here for graduation as he will enter into his doctorate's work at Greeley, Colo. June 11, and will teach during the winter at Henderson, Nevada.

He has been an Executive Board member, Athletic Board of Control member, Vice-President Young Democrats, worked on the Arg Editorial Staff, is a TKE, Phi Delta Kappa and one of the top ten seniors for 1956.

Co-eds In Florida Don't Follow Old Theory

Ever wonder what a young lady is really looking for when she goes out to snag a husband? Here's what they say in the Southern, published at Florida Southern College: Surprising or not, almost the last thing today's college girls look for in the men they want to marry is money.

The traits preferred for a husband-to-be are loving, affectionate and of a sympathetic disposition; thoughtfulness and an agreeable personality. Next come good character, honesty, conformity to social and ethical standards and (some girls also prefer) religiousness and temperance.

But the money angle... that the man may be wealthy, thrifty, or a good provider is thought of by most girls almost as an afterthought, possibly because under present prosperous conditions few fear that their husbands won't earn a living.

Said one student to the other: "It it's heads, we go to bed. If it's tails, we stay up. If it stands on edge, we study."

Laughs From Daily Trojan

Los Angeles, Cal. — (ACP) — A couple of pieces from Fred Burgh's column in the Daily Trojan:

"This joke is far from new, but is still one of our favorites. Sees there was a man and a dog that came into a movie theater and sat down. All during the picture, the dog would bark ecstatically at all the funny scenes and whimper and even cry at those that were sad. Finally, a lady sitting behind the clever canine could restrain her curiosity no longer.

"This is the most amazing thing I've ever seen" said the woman and asked the man if he could explain the phenomenon.

"Beats me," said the man. "He didn't like the books at all."

And this one about cars: "Those Fords with the 'Made in Texas by Texans' labels have a rival at last. Saw a Volkswagen the other day with a window sticker reading 'Made in der Black Forest by Elfs'."

Three Aggies To Attend Foreign Exchange Program

Tom Trail, 20, a junior at the University of Idaho was selected today as an International Farm Youth delegate to the state of Nepal for 1956. Two other Idaho students, Art Misner and Chan Atchley were also selected. Misner will go to Pakistan this summer and Atchley to Nicaragua. In Nepal, a country between Tibet and Northern India, Trail will live on several farms to learn how they live and farm in to give them an example of what kind of persons Americans are, according to Dan Warren, state 4-H leader, who announced the selections. Trail will travel to Nepal accompanied by another farm youth, David Gaumer of Oberlin, Kan., who will spend the five-month visit with him. A foreign IFYE delegate from India lived on the Trail farm near Moscow in 1955. The IFYE program was begun in 1948 and has sent numerous American farm youth to other countries for implement agricultural advances and exchange ideas. Trail, a junior in agriculture, was chosen as a delegate for his activities in 4-H club work. He was a member of the Valley View Livestock club for seven years and served as leader for two more. He carried 33 projects as a member of the club and won the state meat animal award in 1952 and the state and sectional awards in community relations in 1953.

Bridey Murphy 'Comes Back' To College

University, Ala.—(ACP)—The craze for Bridey Murphy jokes has hit the college campuses too. The following quips were selected from Weldon Payne's column in the University of Alabama Crimson White. They are passed along without comment: "They say Horey Bernstein (the author) greets his friends with 'How were you?' and they reply 'Search me!'" "The latest developments on the reincarnation theory came from a professor the other day. Commenting on whether horses have souls or not, he said, "Sure they have. Why the last time I was hypnotized, I won the Kentucky Derby."

Idaho Professor Co-Authors New Textbook For Ag.

Off the press today is a new introductory textbook to agricultural engineering which is co-authored by J. W. Martin & head of agricultural engineering at the University of Idaho, and H. F. McCooly, professor of agricultural engineering at Michigan State University. The publication, "Introduction to Agricultural Engineering," explains the importance of engineering to agricultural science. Fundamentals are covered, and in addition, the practical aspects are fully treated. The book is primarily written for freshman students in general agriculture, beginning students majoring in mechanized agriculture and majors in agricultural engineering. Subject matter is divided into eight parts: engineering in agricultural mechanics, farm power, farm machinery, rural electrification, processing agricultural products, farm structures and conveniences, and soil and water conservation engineering.

Fortune - Telling Soothsayers Dominant

(ACP) — One of the world's fortune-telling centers would appear to be Seoul, the capital of South Korea. A survey that was recently conducted revealed some 600 soothsayers in the city. The report says some of the better-known have long queues of people lined up outside their booths waiting their turn. Let's hope this doesn't give the west any feeling of superiority. Remember, one of the most successful American fortune-tellers makes his headquarters in Washington, D.C. His clientel includes Congressmen, cabinet members and businessmen.

LOS ANGELES, Calif. (ACP)—"The Daily Californian reports that novelty routines by the Cal pom-pom girls at football and basketball games will be dropped because of comments that numbers like Charlesons and hulaws were 'sexy, inappropriate and degrading to the University.'" A sports columnist replied with this criticism of the action: "An entertaining display of feminine pulchritude is surely not degrading to the University nor perverting to the innocent minds of male students. In the world of today, it takes more than a glimpse of skin above the knee or a mildly quivering torso to accomplish any moral degradation. Can 10-thousand male students (and undoubtedly many coeds) be wrong?"

Miners Reveal Engagement

Carolyn Sanderson surprised the Kappas Wednesday by announcing her engagement to Bill Staley of Moscow. The centerpiece was composed of a mining pick and pans with colorful daisies in them. Gold miners at work with bright colored shirts were the place cards. A whale, Bill's nickname, adorned the top of each dessert. Dinner guests were Mr. and Mrs. W. W. Staley, Mr. and Mrs. A. R. Sanderson, Boise; Kay Taylor, Marcia, Thornton; Kay Dreissen and Lois Klunder. The results of the exam were exceedingly poor. Making inquiry, the professor asked, "Mr. Jones, why didn't you study for this examination?" "I was holding hands with Lucy, sir." "You are suspended for two days," snapped the angry prof. "You, Mr. Adams, why aren't you prepared for the exam?" "I was playing post office all last night." "You are suspended for a week," roared the prof. "Thomas—where are you going?" "I'll see you next quarter."

Vandals Lose Two To Oregon Face Gonzaga Here Saturday

Idaho's Vandals displaying weak-fielding and poor hitting dropped two games to Oregon Wednesday and yesterday. They next face Gonzaga in a non-conference tilt here Saturday at 1:30 p.m.

The Ducks took 8 to 0 win Wednesday and then walked to an easy 14 to 5 victory yesterday afternoon. The dual losses left the Vandals only 8 percentage points ahead of the Washington Huskies, who are holding down last place in the Northern Division.

Big Jim Bramon will probably start for the Vandals against the Zags Saturday, as Idaho will be trying to turn the tables on a game played earlier in the season. Terry Cosette, Gonzaga ace, hurled a no-hit no-run game in the first contest between the two teams.

Bramon's performance was a stark contrast to the one he put up in the first game. He pitched a shutout in the first game, but was hit for four runs in the second game.

The Ducks took 8 to 0 win Wednesday and then walked to an easy 14 to 5 victory yesterday afternoon. The dual losses left the Vandals only 8 percentage points ahead of the Washington Huskies, who are holding down last place in the Northern Division.

The Cougar squad is termed "pretty rough" by Idaho head tennis coach Frank Young. WSC defeated the Vandals 6-1 in a dual meet earlier this season on Idaho home courts.

In that earlier meet sophomore Dick Smith was the only man to win his match for the Vandals. Vandal star George Hieber, and team captain Sonny Long both lost their matches in two straight sets.

In this meet for the Vandals will be Long, Hieber, Dave Cummings, Keith Spencer, and Smith. The names of the men going to the ND meet next week have yet to be released. The WSC meet will begin at 9:30.

Idaho lost a 5-2 exhibition match to Whitworth at Spokane Tuesday with only George Hieber and Keith Spencer winning their singles matches.

Hieber downed Dick Myers 6-3 and 6-1 and Spencer upset Deney Hagen 6-4 and 7-5. Idaho lost the remaining matches in straight sets.

Anderson picked good ball, giving up six hits before the fateful ninth inning. He walked three and struck out the same number.

Keller led the twelve hit Oregon attack with three singles in three official trips to the plate. He walked the first two times up. Lane helped his own cause with a double and a single in four times up.

Idaho scored early, tallying one run in the first inning on a walk and a run producing single by Terry Maddox. They added another in the fifth. Lane scoring on a single by all ND shortstop Johnny Keller.

Defending champions, Phi Gamma Delta earned the right to meet the winner of the Lindley Hall vs. Lindley Hall 2 game for the campus softball championship.

The Fijis recorded their second straight Fraternity championship yesterday afternoon squeezing by Delta Tau Delta 9 to 8, in a hard fought contest.

Lindley 1, winners of League 3 face Lindley 2 this afternoon to determine the Independent champion. The campus final will be played Monday afternoon.

Wildness on the part of Delt hurler Max Durall proved to be the downfall of the League 2 champs, as he walked 13 in the five inning contest.

Delts Score First
Delts scored first with two runs in the first inning, only to have the Fijis come back and take a 6 to 3 lead at the end of four innings.

Delts jumped on Fiji hurler Bob-Tremit for 5 runs in the top of the fifth as they teed off for 7 hits.

Durall retired the first two men to face him in the bottom of the fifth before his control faltered. He walked five men in a row forcing in the tying runs. Jim Hawkins drove in the winning run with a line single between short and second.

Hinckley struck out seven Coubabes and ten Vandals went down swinging before the slants of Click.

In Wednesday's loss Idaho starting pitcher, Val Johnson pitched shutout ball for seven innings before a base on ball, two singles, an error by Idaho's first baseman and a home run by the Coubabes Tom Silvers combined to put five runs across the plate.

A home run by Vandal second baseman Frank Hausladen with two men on base, gave the Idaho squad their other three runs for the contest.

Disastrous Ninth Cause Of Idaho Downfall

A disastrous ninth inning, in which they committed five errors, cost the Idaho Vandals their third straight ND baseball loss Wednesday afternoon, 8-0 to Oregon.

The visitors held a slim 2 to 0 lead going into the final frame, when they jumped on Idaho's starting pitcher Clark Anderson for six runs on five hits. Idaho's team fell apart in the field after one was out and 11 Ducks came to the plate before Anderson finally ended the inning by striking out centerfielder Jerry Ross.

Centerfielder Don Lane hurled his second straight shutout over the Vandals, giving up only four hits. Lane set Idaho down with five hits in beating them 4 to 0 at Eugene earlier in the season.

Idaho's biggest scoring threat came in the fourth inning when they loaded the bases with one out, only to have shortstop Knute Westergren fly out to short left field and John
