THE IDAHO ARGONAUT, Official Publication of the ASUI

NSA SUPPORT  
URGED

TUESDAY, MAY 22, 1956

VOL. 60, NO. 59

**The GOLDEN FLEECE**  
by Jason

ASUI President Dick Weeks, Dave Maxey, and Jimmy Kay, all appointed NSA representatives for the University of Idaho just returned from a regional National Student's Association conference held at the University of Washington yesterday.

And with them they brought a recommendation for the students to continue a membership in NSA, but to stress the regional organization. Weeks told Jason that he felt that much more could be accomplished for the good of Idaho on a regional basis where Idaho was dealing with schools of our own caliber and with those who share our problems.

But what is NSA? The history of NSA dates back to 1947 when 24 American students attended an international student seminar in Europe. These students were spurred with enthusiasm, and decided that the United States needed such a national organization.

This modest beginning has grown to the present status of 481 member schools throughout the United States representing over 600,000 students.

According to the latest dope sheet sent out by the national office, NSA's main goals are:

1. General improvement of our nation's educational standards.
2. Creating a better national and international understanding among students of the world.
3. Improvement of student-faculty relationships on campus.
4. Improvement of co-curricular and extra-curricular programs.
  - a. student self government
  - b. frosh orientation
  - c. student press
  - d. leadership training programs.
5. Stimulating better interest and participation in campus activity.

Briefly outlining the structure of NSA, it stands thus:

There is the staff of elected officials covering national, international, student and educational affairs, and student government.

The work of the NSA is divided among four commissions, student government, educational affairs, student affairs, and international affairs. Each commission breaks down into six or seven sub-commissions to facilitate business. Then the National Executive Committee which consists of the chairman and vice chairman of each region meets before and after each Congress to take care of immediate or cumbersome business.

At the Congress the sub-commissions have about 20 members and concentrate on specific problems studying them and forming "resolutions" or bills if concrete ideas on policy are formulated. These resolutions then go to the Commission where they are discussed, amended, and voted upon. Since the Commission is more representative by different types of schools and situations, new ideas may be added, or changes made.

The next step is to the plenary floor where all the schools which are represented discuss, amend and vote upon the resolution. By this procedure, most of the loopholes are eradicated and thus the policy of NSA has been formulated. The NEC and the elected officials constantly refer back to these resolutions and make public statements expressing the opinion of the college students of America.

## COMING EVENTS

- TODAY**  
Mortar Board, 4:30 p.m., Synruga room.  
Vandal Riders Rodeo Club, 6:45, Conference room B, Elections.  
Student Events Council Interviews, 7 p.m., Exec. Board room.  
IK's, 9 p.m., Conference Room A.
- WEDNESDAY**  
IRC, 4:10, Pine Room. Discussion of banquet.  
AWS, 7 p.m., Exec Board Room.
- THURSDAY**  
TMA 7 p.m., Townmen's room.  
Vandal Flying club, 7 p.m., Air Force Detachment.

## 'Trophy' Theft Out Of Hand

Apparent pleasure seekers literally dumped another "trophy" at the steps of the Ad building Friday night in the form of a genuine cement truck and mixer.

Moscow police said yesterday they were close to solving the case of the stolen "trophy," a new, half-mantled cement truck owned by McCarty Ready Mix of Moscow.

Police Chief H. B. Thoreson gave this account: "The unknown driver apparently escaped unhurt when the mixer slipped forward on the truck, rolled over the cab and lunged to earth as the truck rounded a curve on the campus."

Mixer Abandoned "The truck had only recently been purchased and was being fitted with the mixing apparatus, which had not been anchored on the bed. As the truck rounded a curve in front of the Ad building, the mixer began to roll. The truck was abandoned on the spot."

Early yesterday evening the mixer section of the unit was still perched across the Ad steps. Police declined to say if University students were mixed with the prank. Officers said fingerprints have been taken and witnesses have related how they saw the activity.

The report was sent in to police at 9:22 Friday night by Prof. Francis Seaman, philosophy instructor, who was in the Ad building. Police have questioned persons in living groups near the accident scene.

## Drama Department Troubled Casting I Wooden Indian

The University of Idaho's drama department is having trouble casting one of its five summer plays. Professor Jean Collette sadly confessed today.

"We just can't fill one part in 'Suds in Your Eye,'" she maintained. The part calls for a wooden Indian of the old cigar store variety—a pretty scarce item.

A census taken by a cigar company a few years ago showed that there were still 607 wooden Indians on active duty in the United States. Miss Collette hasn't been able to sign up on.

"And he doesn't have to have any acting experience," she remarked. "Suds in Your Eye" will be the last major production to be presented during the school's eight-week session, from June 18 to August 10 this year.

Other plays are "Goodbye, My Fancy," "Grand Prize," "Much Ado About Nothing," and "Gently Does It."

Two to eight semester credits, depending on the number of plays participated in, are offered, Miss Collette said.

Plays are presented in an "arena-style" stage with the audience seated on all four sides of the actors.

Plays are presented in an "arena-style" stage with the audience seated on all four sides of the actors.

## 535 Army ROTC Men Reviewed

### Midshipman Awarded

Dwayne C. Savage is shown here being presented with the Daughters of the American Revolution Award by Mrs. Raleigh Albright, state regent of that organization at the annual Naval ROTC spring review held at Neale Stadium Thursday morning. Savage also received a \$25 award from the Hawley Jamison Post 2905 of the Veterans of Foreign Wars for his outstanding leadership and loyalty throughout the program. Others cited for awards were Robert N. Rackham, Franklin A. Bahr, Gordon J. A. Roberts, James W. Adolphson, and Robert H. McAlister.

## F Company Judged Best; Seniors' Last March Here

Company F, commanded by Cadet Major Don Atkinson won top honors in Friday's Army ROTC spring review among eight companies in competition. Termed the "best in years" by Capt. W. T. King Jr., Asst. PMS & T, the annual review included a drill team performance, presentation of awards and the review of 535 Army ROTC cadets.

A light breeze helped cadets stand the heat during the one and a half hour ceremony and only three cadets were forced to drop from the review, according to Capt. King. This was the last ROTC event for 53 cadets who will receive their commissions this June.

Cadets formed in company mass on the practice field and marched into Neal Stadium for pass-in-review. Reviewing officers from the Idaho Military District headed by Col. John F. Schmelzer praised the review as excellent and said the cadets had put forth their best efforts for the performance. The Drill Team went through their precision paces in front of the reviewing stand preceding pass-in-review.

Cadets Praised Col. Schmelzer and Lt. Col. James A. Moore, PMS&T at Idaho, spoke to the cadets in an assembly in Memorial Gymnasium following the ceremony. Both men praised the review and rekindled cadets of their military obligation to the nation.

Honor colors were awarded to F company, and Capt. King, M-Sgt. Salyer and M/Sgt. Shawhan bid farewell to the cadets during the ceremony. All three men are assigned to new stations for next year.

Awards made during the ceremony to cadets for outstanding performance in leadership, interest and scholastic achievement during the past year included: Richard Cook, military insignia from the Dudley Loomis Post of the American Legion; Neal Powell, the Association of the United States Army Gold Medal award for outstanding Army ROTC graduate; Larry Creek and Fred Burrow were nominated for the Quartermaster Association Medal; Russell Boor, the Armed Forces Communications and Electronics Association Gold Medal; Wilbur Robinson, Jr., Professor of Military Science and Tactics Gold Medal; William Staris, the Drill Team Gold Medal.

Advanced cadet Danny George and basic cadet John Standley received Idaho Army ROTC Gold Medal awards.

Distinguished Classmen Bill Bauscher, John Thornock, Robert Prestel and Michael Floan received Gold Medal awards for being the most distinguished senior, junior, sophomore and freshman, respectively.

Certificates of special achievement were awarded to Spencer Miller, senior; Fred Burrow, junior; Allyn Dingel, Jr., sophomore, and James Prestel, freshman, for distinguished leadership.

Waino Peterson, senior; Gary Randall, junior; Gerald Matsen, sophomore, and Harold Damiano, freshman, received certificates for distinguished military grades.

Six students were awarded marksmanship sweaters for being the most outstanding members of the rifle team. They were: Thomas Butler, Theodore Dingman, Lorne Fitts, Michael Floan, John Cook and Van Larson.

## File By Noon For Interview On SE Council

The Executive Board will interview prospective members of the Student Events Council tonight at 7, President Dick Weeks said today. He reminded interested student to inform the ASUI by noon today that they intend to be interviewed.

The committee will be comprised of seven students including chairman and will all be selected at tonight's interviews.

The council handles liaison work between the Executive Board and the standing ASUI committees such as Film, Recreation, Campus Chest, Blood Drive and others. The Council will choose members to these year around committees.

Duane Griffith, chairman of Student Activities Committee said today the committee will interview students Thursday at 7 p.m. in Conference Room C for three fall committees: Frosh Orientation, Homecoming and Student Recruitment. Student Recruitment co-chairmen will also be picked he said.

The Executive Board named Dick Gaskins chairman of the fall Homecoming and Carolyn Edwards and Jimmy Kay, chairmen of Frosh Orientation.

## 20 Year Man Salyer Doubts Retirement But Leaves Idaho

"Old soldiers never die in M-Sgt. Rufus Salyer's case, but they do fade away. Sgt. Salyer leaves the University this June after four years of duty at the Idaho Army ROTC Instructor unit.

Sgt. Salyer completes 20 years of service to Uncle Sam and is scheduled for discharge and retirement this summer. He still doubts if he will take the discharge. "I might just let them bury me," he remarked.

Lt. Col. James A. Moore, PMS & T of the ROTC unit, announced today that Sgt. Salyer's replacement, M-Sgt. Francis L. Perryman, has arrived.

Sgt. Perryman reported from Ft. Lewis, Washington where he served a year and a half. During World War II Sgt. Perryman served in isolated Iceland in an Anti-Aircraft battalion. He was then sent to Yokohama, Japan Signal Depot.

Sgt. Perryman has served 16 years in the Army. He is married and has a daughter, 10, and a son serving in the Coast Guard.

## BANQUET DATE CHANGED

The annual Hell-Divers banquet will be held at the Ad Club at 5:30 p.m. Tuesday, May 28th. This is a change from the previously planned affair tonight in the SUB.

## U Of I Delegates Favor Local NSA Support

ASUI representatives who attended the regional National Student's Association meeting at the University of Washington this weekend are prepared to submit a recommendation to the ASUI Executive Board tonight asking that the University of Idaho support the regional NSA organization.

The three Idaho representatives to the three day meeting, Dick Weeks, ASUI president; Dave Maxey, Executive Board member, and Jimmy Kay, Freshman class president, reached their decision concerning the recommendation after attending what they termed a "most productive" session.

The group meets twice each year and will hold its next convention at the University of Idaho early next fall.

Maxey said ideas discussed at the convention would be brought before the Executive Board in the future. This includes a plan for alleviating the parking problem on campus.

Fosters Ideas National Students Association is an organization of college student governments throughout the United States which meets regularly to exchange ideas fostered at their respective schools.

Northwest schools represented were the University of Washington, Washington State College, Eastern Washington College of Education, Maryhurst and the U of I. Dick Leon, ASUI president presided at the session.

A Regional NSA director, Maurice Mood, WSC, was selected to supervise meetings and handle NSA correspondence and to publish the organization's newsletter.

The association asked member schools to contact other area schools in an attempt to interest them in the organization. Schools to be contacted are University of Montana, Montana State College, College of Idaho, Idaho State College, Oregon State, Seattle University, Gonzaga University, Whitman and Whitworth.

## Col. Moore's Son Suffers Injuries

Terry Moore, 12-year-old son of Lt. Col. and Mrs. James Moore, suffered undetermined head and shoulder injuries Monday when his bicycle crashed into a car on a Moscow street.

Attendants at Gritman hospital said young Moore sustained injuries to his left shoulder and head in the mishap. No report on the seriousness of the injuries was immediately available.

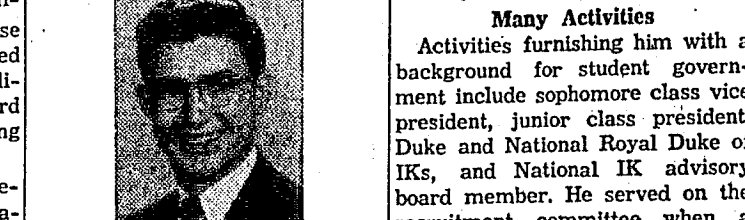

The youth's father is Professor of Military Science and Tactics at the University of Idaho.

## FACULTY PICNIC MAY 26

The Faculty Club picnic will be held in recreation area back of Memorial Gym at 6:30 p.m., Saturday, May 26. Admission is 50c per family and tickets are available from Mrs. Miller at the Faculty Club. There will be games for those who want them.

## House Prexy's Best Opinion Source

His principal Exec Board job was on the budget committee which this year became involved

tributing so much to a successful year. "The Exec Board has been interesting and a challenge to me," Denney continued.

Denney urged students to get behind the interview and card catalog committee selection system organized this year by John Gillis in which chairmen of committees are selected by interviews and the committee members from the card index.

Better interest in campus politics should be stimulated by the use of more smokers and such devices in campus political campaigning, Denney commented.

Budget Committeeman

## FORMER U. HOOPSTER GOOD ARMY FIREMEN

A one-time student and basketball player at the University of Idaho has set a perfect record at Camp Chafee, Ark., fire direction control school, Army officials reported today.

Pvt. William E. Mahlik, who attended Idaho and WSC, is the first man out of some 20,000 who have attended the school to score a 100 per cent score during training.

Mahlik enlisted in the Army last Christmas and has been assigned to instruct at the fire direction control center.

## Prexies Told Of Fee Raise

House presidents were informed yesterday of an expected change in premium rates of student accident coverage and were asked to poll their living groups as to a method to handle an expected increase in insurance fees.

ASUI President Dick Weeks told the presidents if the rates increase from the \$50 per semester which students now pay for accident and loss of life the Executive Board could suggest one of three solutions to the Board of Regents.

1. Raise student fees to meet a premium increase.
2. Increase the present \$100 deductible.
3. Lower the maximum coverage from \$3,000.

The Presidents will inform Weeks which method their living groups prefer in meeting a possible premium increase.

Weeks also asked the presidents if the living groups would be willing to support a Vandal Rider rodeo team, which wishes to enter the regional meet this month.

## POODLE AT U OF BC RUNS 3RD IN VOTING

Yellow Springs, Ohio — (ACP) — This rather discarding report on a student election is reprinted from the Antioch College Record:

A french poodle recently captured 405 votes and ran third in a student council election at the University of British Columbia. The dog was entered as "Kiki Graham"

by a student who wanted to prove that voters do not investigate the backgrounds of candidates.

## LITTLE MAN ON CAMPUS by Dick Bibler

"I SEE THEYVE PATCHED THINGS UP."

## Scholarships, Gifts Given University Total Over \$6,000

Scholarships and grants totaling more than \$6,000 were among gifts to the University of Idaho formally accepted by the Board of Regents. It was reported today by President D. R. Theophilus.

Potlatch Forests Foundation, Inc., of Lewiston gave the university \$1,500 for a forestry fellowship, and \$200 as a scholarship award for Donald Webster. A check for \$1,350 was received from Standard Oil Company of California to support the Future Farmers of America scholarship program.

Idaho Power company of Boise gave the university \$1,100 to support 4-H club activities in southern Idaho, and the entomology department received \$1,000 for research from the Shell Chemical corporation.

Other monetary gifts included: Washington Water Power company of Spokane, \$250 for two scholarships to agricultural engineering students; R. M. Wade Foundation, \$200 scholarship to Keith Hincley, a student in agricultural education; Presser Foundation of Philadelphia, Pa., \$125 for second semester music scholarship; Hummel and Jones, Boise architects, \$100 for architectural awards.

General Electric company, \$100 in matching funds for gifts given to the university by its employees; Idaho chapter of the Future Homemakers of America, \$50 as a scholarship award to Doris Gissel; University Foresterettes, \$35 for the establishment of a Foresterette scholarship to a forestry student, and the Rev. H. G. Luscombe of Grandview, Wash., \$12 contribution to the Alumni Scholarship Endowment fund.

Other gifts included a sculptural model from Marie J. Niehaus. The model, a decorative design showing an eagle with spread wings, is by her father, Charles H. Niehaus. The electrical engineering department received two Selsyn control transformers and a voltmeter kit from Harry Ehoodin of Cincinnati, Ohio, class of '55. Gifts to the library included 10 books from Talbot Jennings of East Glacier Park, Mont., a university graduate, and the book, "The Indian Scheme of Life," from Kirthi Singhe of the Indian-Ceylonese association, Spokane.

FIND IT IN THE CLASSIFIEDS!

## Veep's Car Rolls, Bends, Shears, Butts, Halts

A parked car belonging to ASUI vice-president Fred Burrow, Friday rolled down a Moscow street, bent a street sign, sheared off a telephone pole, and crashed into a parked car before coming to a halt.

Police said the car had been left parked in an alley, but broke loose, turned a corner, crossed the street where it hit a "no parking" sign, broke off a telephone pole, then crossed the street, smashing into a car owned by Harold Lough.

## Blackstone Chosen Educational Group Area Coordinator

Dr. Bruce I. Blackstone, head of business education and secretarial studies at the University of Idaho, has been appointed regional coordinator for Phi Delta Kappa, men's national education honorary, it was learned here today.

In his new position, Blackstone will coordinate activities of Phi Delta Kappa chapters at universities and colleges in Idaho, Montana and eastern Washington. The activities of field chapter groups not associated with collegiate institutions will also be under his direction.

The University professor was appointed to the position by PDK national headquarters at Bloomington, Ind. Active in the fraternity for the past 10 years, Blackstone has served as chapter officer at the Universities of Southern California and Idaho. His most recent duties have been as a member of the National Commission for Selective Teacher Recruitment. The fraternity has a membership of more than 62,000 men.

## PHYSICIST AT SIGMA XI

Dr. J. E. Evans of the research and development department, Atomic Energy Commission Division, Phillips Petroleum Company, Arco will speak at a dinner meeting of Sigma Xi to be held at 6:30 tonight at the Moscow Hotel. Dr. Evans will speak on "Neutron Physics Research." Members and guests are invited.

## LITTLE MAN ON CAMPUS by Dick Bibler

"GOOD GRIEF WELL NEVER GET A SEAT-I FORGOT ASSEMBLY THIS PERIOD."

## Colorado Seniors Trying Out Hour Privileges

BOULDER, Colo. (I.P.)—Senior women at the University of Colorado will be free to stay out as late as they wish this year, according to an announcement by Dean of Women Mary-Ethel Ball. The proposal has been approved by the Board of Regents, the University Executive Committee, and President Ward Darley.

Under the plan, door keys will be given to each senior, the cost being absorbed by a key deposit. Seniors will be required to sign out of their residence when they intend to be out beyond the regular closing hours or overnight.

Falsification of information on sign-up slips or abuse of the key privilege would be subject to severe penalty. Persons supervising the program would reserve the right to check sign-out information at any time.

The dean's office believes senior girls are mature enough to be trusted with the new privilege. It was year.

## Dunninger Talent 'Snows' Editor With Mind

Worcester, Mass.—(ACP)—The mentalist Dunninger demonstrated his powers during a program at the Worcester auditorium recently. He correctly identified the unpublished lead-story headline for a forthcoming issue of the Holy Cross Crusader, apparently by reading the mind of the paper's editor.

The editor said there was absolutely no way the mentalist could have learned of the headline in advance since it hadn't even been set in type.

The editor summed it up this way: "I have no explanation for what happened except that Dunninger is all he claims to be."

Dr. Price: "What do you know about Italian syntax?" Chandler: "I didn't know they had to pay for their fun."

pointed out that the plan will be evaluated each year and that the Associated Women Students organization is free to revoke it each year.

## Summer School For Profit

What do you have planned for summer this year? In most cases it means a job on construction, selling, or maybe summer camp for the ROTC men. But what about you who have nothing definitely planned for the summer and can see your way clear financially for the next year, or you who are graduating and will not begin work until late this summer? The University of Idaho offers you a plan that will make your summer profitable and interesting; furthermore what is gained will not be spent by next January. Our university does provide a summer school with some of the leading educators in our nation working hand-in-hand with our own highly respected and competent staff members.

Many of these visiting instructors and critics will be people who after receiving their formal education are returning to use the experience they have gained in the field to educate students attending summer school. It is impossible to have many of these people who are working in the field during the winter-time, but the summer is different and we gain value from such people in our institution.

When you look over the list of summer faculty and see the names of Floyd I. Marchus, director of research in California's Contra Costa County School District; Winifred Lande of Westside Elementary, a woman who has done an outstanding job in the school next door; and R. C. Van Wagenen, chief of the bureau of business education of California, then you can appreciate the level of education that will be available at Idaho during the coming months.

Do you think that summer school will be dead compared to the campus during the regular year? There won't be exchanges between houses and the streets of Moscow will roll up at 6 p.m. sharp. But the campus comes alive with dances—both square and modern. There are picnics and outings, the five plays presented by Miss Collette and students are very enjoyable, the golf course is buzzing, the music hall will ring with voices and instruments of visiting musicians, and the atmosphere of fellowship and cooperation will be something that you will never forget. Don't miss this opportunity to learn and live if you can make the arrangements! —D. N. O.

## VETS MAIL BAG

A disabled veteran who can't keep an appointment at a Veteran Administration clinic for outpatient treatment should notify the clinic at least 24 hours in advance so the VA may schedule another disabled veteran in his place.

This advice was given veterans by a VA spokesman, who said that the problem of serving the most veterans efficiently and quickly is made more difficult by failure of many veterans to report as scheduled for treatments.

VA clinics are extremely busy providing nearly one million treatments annually to eligible veterans for service-connected disabilities. Veterans with non-service-connected ailments are not entitled to treatment in outpatient clinics, VA emphasized.

VA has been forced to establish certain rules to keep broken outpatient appointments to a minimum so the clinics may take care of as many veterans as possible every day.

When a disabled veteran breaks one appointment without a reasonable excuse or advance notice, he is notified by VA that if he breaks another, without at least 24 hours' notice, or a reasonable excuse, he will be deemed to have refused Government treatment.

He then will receive no further treatment until he has filed a formal application for it and satisfactorily shows a willingness to cooperate by keeping his appointments or by giving at least 24

## Question Of The Week

Q. I'm planning to convert my World War II term insurance policy to a permanent plan. May I convert just part of it, rather than the whole amount?

A. Yes. You may convert part of your insurance—but not less than \$1,000, in multiples of \$500.

## Soloist Will Sing With U. Orchestra

Karen Lee Hurdstrom, a contralto from Moscow, will be the featured soloist in the annual spring concert which is to be presented by the University Symphony Orchestra on Thursday, May 24, in the University Auditorium. A senior graduating in music, Miss Hurdstrom will sing "My Heart at Thy Sweet Voice" from "Samson and Delilah" and "Seguidilla" from "Sarmen."

The orchestra, under the direction of Carl Claus, will be heard in presentations of a Bach Chorale, and the G Major Symphony No. 12, and a group of compositions by Weber, Strauss, and Wagner.

Open to the public without charge; the concert will begin at 8:00 p.m.

## Clinic Subject Is Delinquency

Juvenile delinquency will be the principal topic of discussion at the third annual Conference on Exceptional Children, Dr. H. Robert Otness, chairman of the conference, announced today. The meeting will be held on the University of Idaho campus June 25 and 26.

Among the speakers and panel discussion leaders at the two-day conference will be Dr. John L. Butler, M.D., director of the State Division of Mental Health, Boise; Superintendent Winston G. Taylor of the Idaho Industrial School, St. Anthony; and R. W. Wooton, chief rehabilitation officer at the State Mental Health Division.

Causes of delinquency will be discussed the first day of the conference, Dr. Otness said. Treatment and prevention of delinquency will be the topics of the second day.

The conference will be open to the general public, Dr. Otness added. The program will be sponsored by the psychology department in cooperation with the departments of sociology and physical education.

# Senior Girls Feted, Pi Phis Surprised

By Charlene Wells

The Tri-Delts honored 125 senior women on campus at a successful Pansy Breakfast Sunday morning. The Pi Phis were given a surprise fireside Wednesday by their alumni. Officers for the coming semester were elected at Willis Sweet Hall, Pi Phi and Sigma Chi. Plans are underway for a tea in honor of Mrs. Mary Skattaboe, housemother at Ethel Steel House.

**FORNEY HALL**  
Saturday night, Forney girls and their dates enjoyed steak and dancing to the music of the "Downbeats" at the annual dinner-dance which was centered around the theme "Mooninglow."  
Sunday night the seniors, engaged girls and pinned girls were entertained and honored with red roses at a fireside.  
Best wishes to Delores Chicane for her engagement to Bob Hall, Campus Club, and to Lottie Blesner who is engaged to Pfc. Bill La Jeunesse.

**WILLIS SWEET HALL**  
Officers for next semester were selected in elections held last Thursday night. New officers include: Ron Ehlers, president; Norman Helgeson, vice-president; Lowell Martin, secretary; Gene Cole, treasurer; Chester Prior, social chairman; Jason Troth, sergeant-at-arms; and Ron Carlson and Jerry Dyer, intramural chairmen.

**UPHAM HALL**  
Weekend guests included Miss Ellen Hilliard and Mr. E. G. Hilliard of Boise.  
Upham Hall was defeated by the Kappa pledges in a softball game, including a game of follow-the-leader through the arboretum. Thanks girls, it was a lot of fun!

**PI BETA PHI**  
The pledges and the hashers took off Wednesday night and left the rest of the gang to cook for themselves. Thanks to the ATO's for the "shower" after dinner.  
The alumni gave a surprise fireside for the house Wednesday evening. A few of the disguised hostesses revealed themselves as Dean Louise Carter, Margaret Coffey, and Judy Chavez. Thank you, alumni.

Weekend guests included Dolores Hornaechka, Boise; Judy Rashka, Orofino; and June Hoss, Hope. Dinner guests were Nancy Beardmore, Lewiston; Isabelle Brien, Marilyn McNamee, and Mary Jo Bailey all of Gonzaga University.

Four officers for the coming year were elected recently. Barbara Brewer was elected president; Kristine Anderson, vice-president; Ann Beardmore, recording secretary; and Judi Folkins, correspondence secretary.

**ETHEL STEEL HOUSE**  
Merna Porter from Walla Walla is a guest this week.  
Weekend guests were Kathleen Woodward, Kamiah and Patty Webb, Spokane.

Plans are underway for a tea this coming Sunday for Mrs. Mary Skattaboe. Renee Wallen has charge of the invitations; Carol Webster, Joanne Barney and Carol Mohan are in charge of refreshments; and Martha Sue Dempsey is chairman of the decorations.  
The senior girls thank the Tri-Delts for the delicious breakfast Sunday morning.

**DELTA DELTA DELTA**  
A very successful annual Pansy Breakfast was held Sunday morning in honor of all senior women on campus.

Thanks to the Kappa Sigma pledges for a great exchange last Wednesday evening. Thanks also for the enjoyable serenade.

Sunday dinner guests were Tom Rhodes, ATO, and Joyce Beachal, Filer.

**FRENCH HOUSE**  
Best wishes to Donna Weld on her recent pinning to Duane Greer, Phi Delta Theta.

Thanks to the TKE's for the recent serenade in honor of Kay Alexander.

Thanks to the Campus Club for the entertaining exchange Wednesday night.

## TO BOOST IDAHO GRADES

A popular and growing, but incomplete, file of examinations has been established at the Reserve Desk, First Floor Library, at the request of some faculty members, Lee Zimmerman, Librarian announced today. He said the file is heavily used by students reviewing for exams and the library would welcome any additions from faculty interested in making old examinations available to all students.

## KAPPA ALPHA THETA

Congratulations to the new Beta pin women, Lorraine Langdon and Lynn Evans to Knute Westergren and Jack Little, respectively.

Thanks to the Phi Deltas for the beautiful impromptu serenade Thursday and the SAEs for the all house exchange Wednesday.

A Saturday evening dinner guest was Knute Westergren. Lee Pinson, Burley, was a weekend guest and the Thetas are entertaining Connie McKinsey of Rupert for the week.

Thetas missed the hashers Thursday night after going in for dinner to find house president Shirley Danielson and house manager, Lorraine Langdon, tied up in the kitchen, and nobody there to serve.

## SIGMA CHI

Congratulations to new officers, Paul Schultz, president; Pete Gerphelde, vice-president; John Schwenger, historian; Jerry Vaughn, recording secretary; Ken Anderson, associate editor and Dave Esser, finance officer.

Dale Johnson is assistant finance officer, Jack Snider, corresponding secretary; Bill Murray, sergeant-at-arms; Dick Adams, pledge trainer. Tom O'Reilly was re-elected as house manager.

Wayne Benson will officiate as a playing umpire at the member-pledge softball game tonight besides being the members' coach, manager, third baseman and bat boy.

Prof. "Who was the first man?" Coed, blushing: "I'd rather not tell."

## U. Of Cincinnati's Campus Paper Contributes

Cincinnati, Ohio (ACP)—These are from the University of Cincinnati News Record's "Cruising on Campuses" column:

From the University of Kansas comes this little bit of advice. Setting out on the auto trip at 4 a.m. enables you to minimize most traffic hazards, except being hit by the other fellow who started so early he fell asleep at the wheel.

A Kansas State College freshman wanted to quit smoking. A doctor hypnotized him at a student assembly. The hypnotist told him he would be able to quit smoking because cigarettes would now taste like burnt rubber. The student was then released from the spell. "I still have the habit" he has since remarked—but that burnt rubber flavor annoys him!

A recent plea in our column for toothbrushes (to help a girl at the University of Texas pay off a bet by scrubbing all the seats in the stadium with a toothbrush) was answered by one of the fraternities on our campus. They sent her a load of toothbrushes and the senders received a letter of thanks for the contribution. We wonder if she made it to the fifty yard line yet!

## Other Quotes

A couple of definitions and a funny (?) story from Bruce Amund's "And All That" column in the same paper.  
Honest Politician — One who when he's bought, stays bought.  
Chaperone—A woman who keeps young girls from doing what she did at their age.  
And the chuckle about the guy who was standing on the street corner with a bag in each hand. Another fellow came up to him and said "What's in that bag?"  
"That's a bottle of whiskey in case I get bit by a rattlesnake."  
"What's in the other bag?"  
"That's the rattlesnake."

## CLASSIFIEDS DO THE JOB!

"HEY, BOLIVAR!—I'VE FOUND ANOTHER SPECIMEN!"

## WF Square Dance Is 'Stag Or Drag'

The Westminster Forum will hold a planing meeting for next semester, while the Wesley Foundation will hold a public square dance on Friday.

**WESTMINSTER FORUM**  
Coffee hour will be held at the CCC this afternoon.

Saturday a planning meeting for next semester will be held at the CCC at 8 a.m.

The Sunday evening meeting will consist of a program on the Indian Americans of today.

**WESLEY FOUNDATION**  
The coffee hour will be held Wednesday at 4:00 at the CCC.

Choir practice is Thursday evening at 6:45 at the CCC. A choir picnic is planned for next Sunday afternoon at Spalding.

A public square dance will be held Friday, May 25 from 8:00 to 11:00 p.m. at the Grange Hall sponsored by the Wesley. Admission is 50c per person, "stag or drag."

**CHRISTIAN SCIENCE ORGANIZATION**  
The Christian Science Organization enjoyed a talk by Mrs. Muriel Scales, Committee on Publications, last Tuesday evening.

The group will meet Tuesday evening at CCC at 7 p.m. A business meeting will be held after the regular meeting and a picnic will be planned.

**LUTHERAN STUDENT ASSOCIATION**  
Council meets tonight at 6:40. Bible study is scheduled for tonight at 7.

One thing about "rushing"—the back-slapping does not stop after the boys are pledged, it just moves farther down.

## College Mat-ing Is Sometimes Beneficial

There's been a lot of talk about the advantages and disadvantages of getting married while still in college. So, we pass along these observations by Professor Ralph Dakin of the sociology department at Kansas State. They were reprinted in the Syracuse Daily Orange.

Marriage and college can mix, according to Professor Dakin. He says that married students usually make higher grades. Dakin believes this is due to the increased security and responsibility. Students seem to feel that marriage actually helps their college work. And, in opposition to many studies, Dakin said that the divorce rate for college marriages is lower than for the comparable highly educated persons.

Commenting on the same subject, a Kansas minister has said that college marriages are much more dependent on the couple's level of maturity, the degree to which they want to make a go of marriage, and their common interests than upon the influence of college life. In other words, the success of a college marriage depends upon the same factors that influence any marriage.

## Little Bird Reveals Troth At Forney

**LA JEUNESSE-BLESNER**  
"A Little Bird Told Me" was the theme used Sunday at Forney Hall to announce the engagement of Lottie Blesner and Pfc. Bill La Jeunesse.

The centerpiece was an arrangement of yellow daisies centered around a small bird, set off by a green ribbon. Tapered yellow candles decorated the tables.

Pfc. La Jeunesse recently left for overseas duty in Germany.

Dinner guests included Margaret Cook, Bill Blesner and Jack Grant.

## Maxine Fletcher, Soprano, To Sing Tuesday Evening

Maxine Fletcher, soprano, will be presented by the University of Idaho's department of music in her senior recital on Tuesday, May 22, Professor Hall M. Macklin announced today.

Miss Fletcher will be assisted by Margaret Johnson, pianist, and her accompanist, Elaine Heiber.

Miss Fletcher, who played the feminine lead in a recent university production of "Finian's Rainbow," has also been prominent in many other choral activities in Idaho. She has been a member of the university's choral group, the Vandaleers.

Miss Fletcher's program, which will be held at 8 p.m. in the recital hall of the Music building, will include selections by Legrenzi, Monteverdi, Schubert, Brahms, Foutenailles and Bizet.

Miss Johnson will play selections by Brahms, Griffes, and Toch.

The recital will be open to the public.

## LITTLE MAN ON CAMPUS by Dick Bibler

"WHEN COACH SAID 'SUIT UP' FOR THE BANQUET, MCGIFFORD, HE MEANT—"

## Mechanized Farm Outlined In Booklet

Off the press today for free farm distribution is a new booklet, authored by two University of Idaho professors, which makes the pitch for almost obsolete.

The booklet, entitled "Feed Handling Equipment," was prepared by J. E. Dixon and J. W. Martin of the university's agricultural engineering department as a

Pacific Northwest Cooperative Extension publication. It shows, for instance, how wagons and trucks can be converted so that unloading will be automatic, how portable elevators can be installed to lift feed from trench silos, and how mechanical feed bunks can cut labor costs.

## On Every Campus... College Men and Women are discovering why VICEROYS are Smoother

Here is the reason: Only VICEROY has 20,000 filters in every tip—twice as many filters as the other two largest-selling filter brands—to give that smoother taste—that VICEROY taste!

VICEROYS are Smoother than any other cigarette. Because Viceroy's have twice as many filters as the other two leading filter brands!

The exclusive Viceroy filter is made from pure cellulose—soft, snow-white, natural!

# Vandals Rap Gonzaga In Exhibition Play

## Linksmen Led To 2nd ND Win By Sheppard

The Idaho varsity golf team advances into the Northern Division championships at Corvallis this weekend with two wins and three losses in conference play. The Vandals beat WSC 18½ to 8½ last Saturday on the U of I course, for their second win over the Cougars.

Idaho's sensational sophomore Dick Sheppard tied with Ron Saunders of WSC for medalist honors, each shooting a one-over-par 71.

In best ball competition Sheppard and Tom Olson whitewashed WSC's John Halin and Bob Taylor 3-0. Dave Rowlands and letterman John Benzin followed suit by also taking three points from the Cougars Jack Little and Gary Jastad. In the final best-ball match Saunders combined with Paul Stoffel to trim Idaho's Bruce Williams and Jerry Ballard 3-0.

**Favorites**

In the singles matches, the long-driving Sheppard defeated Halin 2-1. Halin, along with Sheppard is one of the favorites for medalist honors at the ND tourney.

In other singles matches Saunders beat Rowlands 3-0, and Williams split with Jastad 1½-1½. Benzin shot a 74 to beat Little 3-0. Olson shot a sparkling 72 to trounce Taylor 3-0 and Mike Heaton stroked around in 74 to win his match with Stoffel 3-0. Idaho won the singles 12½ to 5½.

In the ND match this Saturday each team will play in a 36 hole medal tourney to determine the year's champ.

## PGD, Lindley In Intramural Ball Final

Phi Gamma Delta downed Delta Tau Delta 7-4 yesterday afternoon in a replay of the Fraternity softball finals. The Fijis now meet Lindley Hall 1 Wednesday, for the campus championship, which they won last year.

The Fijis edged the Delts 9-8 in a protested game last Thursday.

Delts protested the first game on the grounds that a Phi Gam base runner had interfered with a Delts fielder trying to catch a pop fly, and as a result three runs scored.

The Delts took the lead in yesterday's game with a four run outburst in the third inning and led 4-3 going into the top of the fifth.

**Tresnit Is Winner**

Four walks and three hits combined to score 4 runs for the Fijis and give them the contest. Bob Tresnit was the winning pitcher going the distance, Max Durall was the loser, being relieved by Ed Rutter in the final frame.

Both catchers, Dick Wisdom of the Delts and Fijit Jerry Jorgenson poled out home runs. Wisdom's came with two mates on base and Jorgy's was with the bases empty.

Lindley 1 trounced Lindley 2 13 to 7 to gain the campus final. Winning pitcher Joe Erramouspe gave up but four hits but walked 6.

**NORTHERN DIVISION STANDINGS**

	W.	L.	Pct.
Wash. State	10	3	.769
Oregon	7	3	.700
Oregon State	6	8	.429
Washington	4	8	.333
IDAHO	4	9	.308

The winner of the ND race this year will not be decided until the last game with Idaho playing a big part in the final outcome.

Oregon kept alive their chances of copping the pennant by dumping WSC 4 to 2 after the Cougars had edged the Ducks 8-6 in the opener of their two game series played at Pullman last weekend.

In other conference action, the Washington Huskies pushed Idaho back into the cellar with a 1-0 win over Oregon State in the first game of their series. OSC bounced back to win the second 5 to 0.

Idaho can ruin WSC's chances of winning the crown by winning one of their three upcoming contests providing Oregon sweeps their two game series with both Oregon State and Washington.

The Ducks will end with two less games played than the Cougars as an early series with Washington was rained out. This series will not be replayed.

## I Rodeomen Take Second At WSC Meet

Vandal rodeomen finished in second place behind the Washington State Cougar Riders last weekend at the Cougar sponsored Millon-Freewater Intercollegiate Rodeo.

The Idaho squad competed under a one man handicap in grabbing off the second place spot. Each of the other four schools entered had five man teams competing while the Vandals, because of eligibility requirements, were forced to use only four men.

Idaho team captain Mickey McCarty racked up enough points in three events to total the second highest number of individual points for the day. WSC team Captain Ken MacRae hit with three first places to take the all-around cowboy award for the day.

Cougars team totaled 568 points for their first place, while Idaho had 332. Oregon State College was in third spot with 229 markers, and Oregon Technical Institute held down fourth with an even 100 points.

**McCarty First**

McCarty took first in the saddle bronc riding and Jack Moon of WSC was second. The bareback bronc riding was taken by Jerry Miller of OTI, Carroll Cable of Eastern Oregon was second, McCarty third, and Moon fourth.

Sid Huntley, WSC, was top man in the calf roping with teammate MacRae in second spot. Tom McKay of Idaho was third.

In the bulldogging event MacRae was first, McCarty second, and Robin Twogood and Alan McKay, both of WSC, were third and fourth, respectively.

MacRae scored with a first again in the wild cow milking, while Ron Currin and Moon, OSC, were second and third. Bud Irish of the U of I was fourth, Huntley and Don Lee were fifth and sixth. Both are WSC men.

MacRae was the only man to stay aboard his bull in the bull riding and therefore garnered the first spot in that event also.

Cougars practically swept the girls barrel race, grabbing off first, second, and fourth in that event.

First was Harriet Frost, Carol Ziegler was second, and Rusty Sheppard was fourth. Norma Wicks of the U of I held down the third spot.

MacRae totaled 244 points to pull in the championship belt, while McCarty had 210. Moon contributed heavily to his team's score with a total of 151. Huntley was fourth with 137 points.

Miller of OTI was a one man team in capturing 100 points for the show, the number that his team totaled in taking the number four spot in the two day affair.

## Frosh Opposition Fails To Show Up

A scheduled Vandal frosh diamond game with Yaak Air Force Base failed to materialize Friday when the airmen failed to show up for the contest.

No word had been received from the Air Force Base concerning the game but it was supposed by frosh coach Wally Friel that floods had been the cause. Yaak is a small radar station located between Bonners Ferry and the Canadian border, an area which is now in a critical flood stage.

The freshmen will meet the WSC Couabees here Wednesday afternoon at 3:00. Denny Shoemaker, former Lewiston high school ace hurler, will be on the mound for the first time for the Vandal Babes.

**HUSKIES PICK**

Corky Lewis, veteran end and Bobby Dunn, right halfback were elected captains for the 1936 Washington Husky football team.

Idaho Vandals face the Huskies in their season's opener at Seattle, September 22.

## Brother Act

Dick Sheppard (left) is showing younger brother Rusty a few of the finer points of the art of driving. Dick, number one man on the Idaho varsity, is noted for his driving game. Rusty is top man on the potent Vandal frosh squad.

## Sheppard Brothers Key To Future Idaho Golf Hopes

If Idaho wins the Pacific Coast Conference golf championship in the next three years, and there is a good chance that they will, a brother act from Southern Idaho will likely be the main ones responsible.

Dick and Rusty Sheppard both started playing golf at a young age and naturally their first step up the links ladder was caddying at the local course.

The pair, when about 10 years old, were fishing in a stream that runs by the Twin Falls City golf course and instead of catching fish they would chase golf balls hit into the creek by wild swingers on the course.

"We made so much money doing this that we decided to take up the sport itself. We played with clubs discarded by local players, and cut them down to our size," said Rusty, younger of the two.

**Number One Men**

At present Dick and Rusty are number one men on the Idaho varsity and freshman golf squads, respectively. Dick, at best with his long driving game, is one of the favorites for Northern Division medalist honors at the championships coming up this weekend.

Both felt that if the outstanding freshmen who are at Idaho now, remain here and if they "get a couple of good boys next year," the Vandals will be one of the top teams on the Coast, when Dick, now a sophomore, is a senior.

"The NCAA rule that anyone who accepts a golf scholarship is a pro should help us," said Dick.

Twenty-year-old Dick plans to hit the pro "Gold Trail" when he graduates from school and Rusty is undecided, saying that it depends upon what happens in the next couple of years.

Dick was second among a star-studded field of golfers in the Washington Amateur Championships last August, topping off a summer which saw him place first in the president's flight at the Idaho State open, pick off a second in the amateur division of the Tri-City open and cop second amateur in the Idaho open held at his home town of Twin Falls.

**Won City Title**

Rusty won the Twin Falls City Championship last summer, was medalist in the Clear Lakes open and placed high in several other tournaments around Twin.

The two have competed against each other in nearly every tournament they have played in and the only time Rusty emerged on top was in the National Jaycee Junior at Ann Arbor, Michigan three years ago. Rusty was third in that tourney and Dick was fourth.

Both credit their success to the deceased Sonny Hiskey, outstanding Twin Falls golfer. "We grew up on the course with the Hiskeys," said Rusty.

Rusty plans to compete in tournaments around Twin Falls this summer while Dick will work on the U of I course and take part in Northwest tournaments.

## Cougar Netmen Swamp Idaho

Idaho netmen went down to their fifth straight Northern Division defeat Saturday, losing to WSC 7 to 0 at Pullman as the Vandals failed to win even a single set.

In a previous match between the two schools WSC won 6 to 1 with Dick Smith emerging as the only Idaho winner.

Smith put up a good battle Saturday before going down 7-5, 7-5 to McClure of WSC.

Keith Spencer and Captain Sonny Long came closest of any Idaho players to winning a set as they dropped a tough 9-7 decision to Bannister and Clifford of the Cougars. The WSC pair won the second set with ease, 6-1.

Idaho closes out the this week at Corvallis, competing in the ND championships.

**Results, Singles**

Ostness, WSC def. Cummins, Idaho—6-0, 6-1.

Clifford, WSC def. Heiber, Idaho—6-3, 6-3.

Bannister, WSC def. Long, Idaho—6-3, 6-4.

McClure, WSC def. Smith, Idaho—7-5, 7-5.

Myers, WSC def. Spencer, Idaho—6-0, 6-0.

**Doubles**

Ostness and Myers def. Heiber and Cummins—6-3, 6-3.

Bannister and Clifford def. Spencer and Long 6-7, 6-1.

## Gymnasts Benefit Fund Swells To Top \$3000

Washington State College students have swelled the total of the Karl Hansen Benefit Fund to \$3079.05, Glen Oman, ticket manager for the drive announced recently.

Hansen is the former Northwest AAU gymnastics champion who dislocated his neck while preparing to compete with the Cougar varsity gymnastics squad. He has been in Sacred Heart hospital in Spokane since February 21, the day of the accident.

A fourteen act benefit show was staged last Wednesday by the WSC student body. The show was managed by the WSC lettermen association, and the entire production was filmed with sound so that Karl might see it while in his hospital bed.

WSC athletic director Stan Bates recently commended the Cougar student body for its great show of spirit in pushing through the benefit.

**IDAHO AMATEUR IS HERE**

The Idaho state amateur golf championship will be held on two nine-hole courses in Moscow June 26 to 30.

The U of I golf course and the Elks club course will host the championships. Registration and practice rounds are scheduled for June 25.

Dick Sheppard (left) is showing younger brother Rusty a few of the finer points of the art of driving. Dick, number one man on the Idaho varsity, is noted for his driving game. Rusty is top man on the potent Vandal frosh squad.

## Johanson Only Idaho Man To Place At PCC Meet

Warren Johanson, senior distance runner was the only Idaho trackman to place in the Pacific Coast Conference championships held at Berkeley last weekend. Johanson placed fourth in his specialty, the 880.

Johanson turned in his best time of the year and according to coach Joe Glander "ran the best race he has ever run" in turning in a time of 1:54.1. Johanson finished behind UCLA ace Bobby Seaman who ran the distance in 1:52.2. Chuck Kirby of USC was second and Dave McCullough of Washington was third.

Johanson will now run in the NCAA championships at Berkeley on June 14 and 15.

The other two Idaho entries in the meet, Jerry Kramer and Wilbur Gary failed to qualify.

Kramer put the shot 47'10", a foot less than his record of 48'10" he turned in at the ND meet in breaking the existing school record.

**Fouled Out**

Gary fouled out on his best broad jump of 24'3" which would have placed him third and failed to get off a jump better than 22'8" after that. According to Glander, Gary will also compete in the NCAA meet, as it is in his home town.

**UCLA Bruins won the meet with a 2½ point bulge over favored Southern California. Oregon was third and California fourth.**

Rafer Johnson personally accounted for 16 of the Bruin points, by winning the 220 low hurdles, placing second in the 100-yard dash and the broad jump, and third in the 120 high hurdles.

Pat Coyle of USC was the only double winner of the meet, taking first in both the 10 and 220 yard dashes.

The order of team finish was: UCLA 69½, USC 67, Stanford 29½, Oregon 21, California 17½, Washington 6½, Oregon State 6, Washington State 6 and Idaho 2.

Southern California took seven first places to only four for UCLA. But the Bruins scored heavily in nearly all events.

My Id was lustily shouting, "Let's." Mu Super Ego, "Just a wanton pet."

My Ego died with my Id. So I went ahead and did.

Coed: "I have half a mind to take your course."  
Prof: "Well, that's more than most who do."

## IM Trackmeet Will Have Finals This Afternoon

The meet will be completed this afternoon starting at 4:15 with the finals in all running events.

The Fijis placed ten men in the track event finals and piled up 136 points to move 18½ in front of Phi Delta Theta who have 119½.

Lindley Hall picked up 117½ points and Delta Tau Delta has 103½.

**Most Men**

The Delts qualified the most men in the finals with a total of 11. Lindley matched the Fijis with ten, and the second place Phi Delts gained only five berths.

Ted Leach of Campus Club won two of the five completed field events as he threw the discus 123½ feet and won the shot put with a distance of 40 feet 3 inches.

Don Nielson won the broad jump with a leap of 19'6" followed by Fijis Ron Swartz who jumped 18'8". Ed Payne of the Betas was third with a jump of 18'7¾".

Two Fijis, Jack Hogan and Jerry Jorgenson placed second and third respectively behind Leach in the shot put. Hogan threw the weight 39'8" while Jorgenson tied with Phi Delt Mike Lawler, each throwing 38'6½".

Wayne Walker, PDT placed second in the discus with a toss of 116½" while Jorgenson was again third with 116½".

Hogan and Roger Sparks of Gault Hall tied for high jump honors with identical jumps of 5'7". Bruce Laird, Upham Hall was third with 5'6".

In the final event completed Saturday Floyd Lydum of Gault Hall leaped 10'6" to capture first spot in the pole vault. Phi Delt Gary Kenworthy was second with 10' while a jump of 9'9" gained a third place for Lindley Hall's Jim Russell.

## CHALK TALK

Football coach Red Sanders of UCLA was, to put it mildly, shocked by the new PCC move, declaring all frosh and varsity players of last year ineligible for a year.

Said Sanders, "I imagine we may have enough players to field a squad, but the humane society may object to what will happen to them."

The conference decreed that the members of the freshman and varsity squads shall lose a year's eligibility unless individual players can prove that they have not received improper financial aid.

The UCLA faculty representative had started the new disciplinary round by declaring all members of the two squads ineligible. That would have put all the players out for the 1936 season. The conference members ruled that penalty was too harsh, and reinstated the group with the provision that penalties would be the loss of a year in each case, without specifying the year.

The Bruins thus joined the Washington Huskies as the bad boys of the conference, the Huskies having been slapped a large fine, and being prohibited from winning a conference title, or competing in a NCAA championship event.

The ruling apparently ended the conference grid career of Ronnie Knox heralded talkback of the Bruins juggernaut, because he had one year of eligibility remaining—unless he can prove a clean slate on any financial aid he received, which is very doubtful. Father Harvey (Knox) should have some "nice words" for the PCC bigwigs.

Conference officials intimated that other schools will be fined, but only for minor infractions of the conference athletic code, violations which are usually brought up at the spring meeting.

Maybe even Idaho may get their hand slapped, for what it is hard to guess, but at the rate the wheels are turning anything can happen.

It actually seems a shame to halt the career of an athlete when actually the alums are at fault.

Naturally if a high school star is given an attractive offer he will accept it, and many athletes need these so-called "under the table payments" to remain in school.

The alums and booster slugs etc, are the ones that should get "the axe." Cut relations between the athletes and the alumni groups, they're the ones that fork out the money and the ones that should get it in the neck.

## Softball Playoff Scores:

**Friday:**

LH 1 def. LH 2—13-7. Independent final

UH 1 def. GH 2—14-3

DSP def. SC—11-9

DC def. BTP—8-1

WSH 2 def. WSH 1—by forfeit
