

## Fires Of Mysterious Origin Threaten Halls

All was quiet on the campus front yesterday after three fires swept through Willis Sweet and Chrisman men's halls and a Homecoming float went up in flames this weekend.

Moscow Fire Chief Carl Smith said some of the work was that of an arsonist.

University officials estimated the damage at \$3,000 in Chrisman and Willis Sweet Halls. The Phi Gamma Delta float burned at about

1 a.m. Sunday morning, an obvious result of pranks.

Alarms were turned in Friday morning at Sweet and Saturday morning at Chrisman.

University and student officials stepped up investigations yesterday and a fire inspector was called to the scene this weekend.

Chief Smith further explained his accusation that the work in two of the fires was that of an arsonist and were hand set. Smith said

"wads of paper were found partially burned and stuffed in a davenport and magazine racks."

The Chief said when the fire truck arrived first on the scene at the initial Chrisman fire paper trash barrels were flaming at the fear of the dormitory. He said this fire was controlled then the firemen learned of the blaze inside the dorm.

Saturday night Idaho's three wood constructed dorms, Idaho and Campus Club and Pine Hall posted watches of two hours each in an effort to avoid fires in their inflammable structures.

The Fiji float was apparently touched off by a match just after women's closing hours on the campus, Dale Carlisle, a member of the fraternity said yesterday.

The string of fires began early Friday morning about 4 a.m. when Leo Bieren, a night watchman noticed the blaze on his nightly rounds. The hall men aided in dousing the flames.

Damage at Sweet was confined to two davenports, drapes, and a window casing and was estimated at \$1,500.

The first fire at neighboring Chrisman Hall was reported early Saturday morning and damaged a davenport, top of the grand piano and a magazine rack to the tune of \$1,500.

The third alarm came in Sunday morning when a fire was noticed in a paper chute in the dormitory. Chief Smith said this fire could have been caused by a neglected cigarette.

No damage resulted from the second Chrisman fire.

The fire epidemic apparently ended with the second Chrisman fire as officials reported precautions to prevent further outbreaks of campus fires.

## Student-Faculty Committee Ends Scholarship Race

Scholarship competition among living groups Friday was officially ruled out by the Student-Faculty committee. Effective as of that date, the decision brings an end to publication of living group grade points and trophy awards for houses with highest averages.

The committee voted 10 to 2 to abolish the inter-house competition after an extended, one hour and five-minute discussion on the relative harm of grade competition. The controversy was actually begun two weeks ago at an earlier meeting of the group.

It may interest you to know a little of the background about news gathering . . . news gathering specifically on this campus.

The Argonaut is one of the few college newspapers that is fortunate to be "on its own." Its editorial policies and the entire operation is left to students.

But there is one problem which faces this newspaper, one which is difficult to overcome. It is a force from two ends . . . the students and the administration. The Argonaut on many issues must choose between these forces in an attempt to best report the news.

A rash of fires broke out on this campus the past weekend. Our job . . . report to the readers the facts, the background and relative part the news plays in student life.

You want to know what happened. Is there an arsonist in our midst? Was it carelessness, pranks, or persons seeking revenge?

On the other hand, the administration feels certain facts must be held from the public to allow officials to dig deeper into the incident without being hindered by having the word out that an arsonist is believed involved in such fires.

It is the Argonaut's choice. Do we value our readers or do we play along with administration requests to hold facts back?

The Daily Idahoian, which claims to enter every living group with the latest news, smeared this issue all over the front page yesterday, going to the city fire chief who likes to see his name in type. The fire chief said the fires were a result of an arsonist . . . or in his words . . . "hand set."

The Idahoian sells newspapers. The Idahoian went over the heads of the University at a request to play along with the administration who is trying to crack the case with city officials.

It is an interesting problem. Which side would you take? We took the students!

Chairman C. O. Decker said the action was retroactive to the spring semester, 1956 and that no over-all results would be announced. He said that individual groups would be informed of their grade point and that all-campus averages, both for men and women, would be made public. No scholarship rankings with other living groups would be available, he said.

Moore Shows Detriments

During the discussion, Dr. Edward Moore, faculty adviser to freshmen and sophomores enrolled in liberal arts, told the committee competition had a "negative value."

"There is confusion between grade point averages and educational values," he said. "Real harm seems to have been done."

Moore cited examples of freshmen, most of which he said were fraternity or sorority pledges, who dropped courses to aid faltering grades. "Competition is a detriment to the students involved," he said.

Moore, although not a member of the committee, appeared at his own request.

At an earlier meeting, student representatives from Independent Caucus, Pan-Hellenic, and IFC were asked to sample their groups opinion on the subject. Reporting Friday, Mary Verberg, Independent Caucus representative said independents were in favor of the competition, but wanted more campus-wide recognition.

Pat Daly, speaking for the combined IFC-Pan-Hell said members "had little to say on the subject." It was Daly who finally made the motion to abolish all competition. Voting in opposition were Dean Louise Carter and Roland Byers, a faculty member.

Chairman Decker said Monday evening he was sending a memorandum to President D. R. Theophilus informing him of the committee's decision. President Theophilus said he had "no comment on the subject until the memo reached his desk."

## Students Leaders Prepare For Hike

Idaho's debt to the Cow College will be paid this afternoon with student body leaders and many others strapping on the boots to hike the long nine to Pullman.

The group will leave the SUB at 1 p.m.

Idaho's Big Three of Dick Weeks, ASUI President, John B. Hughes, Argonaut editor and Dean Judd, Arg sport's editor have been working out daily in anticipation of the "great event," and being in top shape at the present are anxious to have plenty of pacers and support from the student body.

Although students are not officially excused from classes for the walk, instructors have usually not participated in releasing students for such participation.

The walk is the payoff on an annual bet between the two Palouse schools on the outcome of their annual football game, the loser, naturally, making the hike.

Idaho made history (also Life Magazine) in 1954 when they defeated the Cougars, forcing WSC to make the walk for the first time in 29 years. Approximately 1,000 WSC students crossed the line that year, the largest number in history to make the trek. Only 200 Idaho students walked last year after the Vandals had been defeated 9 to 0.

Idaho student leaders are hopeful that the number of Vandals making the trek this year will break the record set by the Cougars in '54.

"A warm welcome is being planned at Pullman for the weary hikers from east," according to the WSC Evergreen.

WSC students will meet the Idaho hikers at Chuck's Drive Inn and escort them to the CUB where they will be served chili and coffee.

WSC's "little three," Bob Patrick, ASSCW president, Barbara Moir, WSC Evergreen Editor and Gene Moorehouse, WSC Evergreen Sports Editor will give speeches welcoming Idaho and make small presentations to their likenesses from across the line.

As well as the "Big Three," members of the Arg staff, executive board, IK's, Spurs, cheerleaders and Pom Pom girls are also definitely making the walk.

## Wearry Students, Alums End Busy Weekend

With the triple-threat of a parade, football and a dance, the University of Idaho Saturday rang down the curtain on another enthusiastic Homecoming.

Alumni from 'as far away as Florida flocked to the campus for the weekend. Politicians had a field day shaking hands with voters, Queen Pati Rees was as beautiful as any Homecoming royalty yet, the Vandals lost, and students are very glad the whole thing is over.

Launched with a somewhat tumultuous pajama parade and rally Friday, Homecoming, promised to be a hectic affair, which turned out to be a good prediction.

Saturday morning signaled the beginning of the mile-long parade through Moscow. Alpha Phi's opened first place in the women's competition with "Argyll Sock 'Em" and Alpha Chi's long, long, green centipede took second. Delta Tau Delta won the men's division for the second year in a row with a near-perfect "Alumni News" float and the Fijis took second

with their "King and I."

As a sidelight, Delta Gamma last year boasted the Queen, Sally Ghiglietti, and the winning float; Alpha Phi's repeated the coup this year.

Thirty floats, ranging from the Kappa's spinning top to Farmhouse's "We Thought the Parade Was Next Week" ran the gauntlet of thousands of parade watchers who turned out in chilly weather for the event.

Kalbus Crowns Queen

At halftime, Queen Pati was officially crowned by James Kalbus, Idaho Alumni association president and Norman Sather was awarded an "I" blanket for his contributions to alumni activities by Idaho lettermen.

Pastels provided the dancing sound for a crowded Homecoming Dance Saturday evening and visitors prepared to start the trip home.

Yet on the agenda is the Coronation Ball with Buddy Morrow and orchestra this Friday. (See story, page 1).

## Idaho Teacher Pay Lowest In The West

Idaho's teachers receive less pay than in any other of the eleven western states, Paul Kaus, a member of the University faculty and state president of the Idaho Education Association, said Friday.

Kaus was one of four IEA officers who addressed the morning session of the Second District educators' convention held in Lewiston last Friday. He urged his audience of teachers to "inform yourself, your friends and your legislators, and anyone who will listen" before the Legislature will act for higher education costs.

**Uninformed People**

"We don't have a lot of enemies in this state, but we do have a lot of people who are uninformed, and worse, who are misinformed," Kaus pointed out. "The teacher's job is to go and inform the taxpayer of the facts."

"We are concerned about low teachers' salaries because we know they affect the quality of the educational program," he said. "The educational program is dependent on the quality of the teachers we are able to hire and keep." Idaho can not afford to gamble with her most precious natural resource—her youth.

## Army Building Serving Again For Classes

An old Army building at Idaho was called back to active duty today.

As an emergency measure to care for the large increase of students in art and architecture classes, the abandoned war surplus building will shortly be serving again as laboratory and classroom quarters.

Several years ago, the building was abandoned as having outlived its economical usefulness, but the new emergency is necessitating more service.

"Students attending classes in the department of art and architecture have increased 22.5 per cent over last fall," said Professor Theodore J. Prichard, head of the department. "They now total 520 compared with 423 a year ago."

"We plan to move the juniors to the war surplus building, and will set up drafting tables there. Professor Charles Bartell will also move his office there."

"What did you find out about the endocrine glands?"  
 "Nothing—they're too darn secretive."

## DINE AT JOHNNIES

## Repeats

The men's division float winner presented by Delta Tau Delta, winner's for the second straight year during Idaho Homecoming, winds about the football track during Saturday's halftime.

Occasionally, though only after long intervals of triteness, somebody comes up with an observation that exactly fits a situation. One of these rare instances of genius was a product of the slightly overwhelming Homecoming week end.

With one sweeping glance over the entire conglomeration of floats, queens, officials, bands and Vandalettes which had assembled at halftime, a fan sighed and remarked, "This is an organized mess."

Stripped of all adjectives, that's exactly what it was.

This is not to say that Camp-eyeing is opposed to such spectaculars, but, in passing, there seemed to be a striking similarity between the half-time ceremonies and an Ed Sullivan finale on a 100-yard TV screen.

An enthusiastic "well done" to the aforementioned Vandalettes on their debut Saturday. For such a large group, the precision drills were terrific.

Newly-colonized Farmhouse frat committed a slight faux pas during the Homecoming parade which may squelch relations with one sorority. Their "We thought the parade was next week" truck piled into the posterior end of a just-completed sorority float, causing minor damage.

... Homecoming is over, enough said on same.

## Council To Name Leadership Group

Five students will be selected tonight by interview for the annual Leadership Conference Committee. Student Events Council will hold the interview at 7 p.m. in Conference Room C of the SUB.

Jack Cole, chairman of the Events Council, said the committee will make all arrangements and preparations for the Leadership conference which is held at the beginning of the second semester each year.

The conference is held to give students information about student government, parliamentary procedure, and leadership on the campus.

## Oil Progress Week\* lasts all through the year at Standard

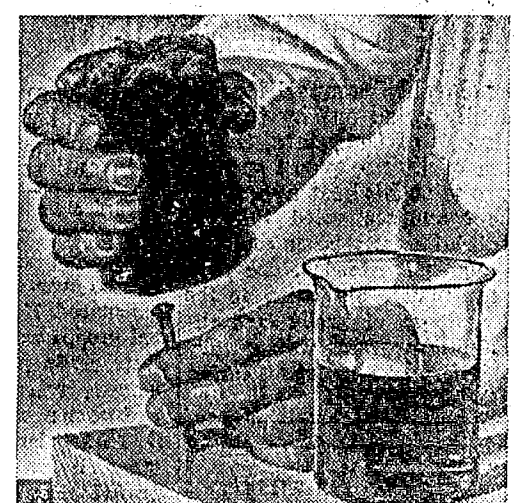

**Finding new oil is vital.** By 1965 America's needs will rise 20%. To locate additional oil deposits, Standard geologists explored 33 states and 40 countries last year on foot, in planes and even in specially designed "swamp buggies" (above). As a result, we found substantial new reserves for your future use... this is Oil Progress.

**Producing oil for more and more uses** led us to far places... even to man-made "islands." Last year, in the Western Hemisphere alone, Standard drilled 107 test wells — many in remote spots. But even with new sources harder to find we added nearly three times as much oil to reserves as we took from the ground... this is Oil Progress.

**Standard puts oil to work for better living** in hundreds of products... asphalt roads for safe, comfortable driving; gasolines, oils and tires; wrinkle-resistant fabrics; stronger plastics; detergents to make housework easier; wax for candles and food cartons; plant foods; even cosmetics, salves and ointments... this is Oil Progress.

**Research in oil promises new products...** plastics strong as steel; new synthetic fibres; better insecticides. Even commercial atomic power is closer with new Standard-developed oils. In atomic machinery they last two to three times longer under radiation that makes some petroleum oils hard enough to drive nails... this is Oil Progress.

\*October 14 to 20 is Oil Progress Week, a reminder that 15,000 oil industry researchers produce an average of six new inventions every working day.

# Eleven Students Organize Farm House

"Builders of Men" is the motto of the Farm House Fraternity which has been organized on the Idaho campus by eleven students. The organization is called Idaho Farm House Club.

Eight members and two boarders are living in their new house located at 910 West Sixth Street by Gault Hall.

Interest grew toward forming a Farm House chapter last spring when the Student-Faculty Committee passed a ruling making it possible for Professional Fraternities to organize on campus.

## For Aggies

Farm House is a fraternity for students in Agriculture, Veterinary Science, Forestry, and related fields. Dr. Duane LeTourneau,

leading alumni advisor, said Farm House is professional only in that it draws its members from the professional fields. It is classified as a social fraternity on all of the 16 campuses where chapters are located. He said they are a member of National Interfraternity Council and participate in all social activities on campus.

LeTourneau said the non Greek name was chosen to relate the fraternity to agriculture and related fields. He also stated that Farm House placed great emphasis on scholarship and the organization had been ranked first by the College Fraternity Scholarship Processing Committee for the past several years.

Farm House will celebrate its 50th anniversary this year at the National Conclave. It was organized in colleges in the Midwest and since the Second World War, groups have been organized in the states of Wyoming, Colorado and Washington.

A charter was granted to a chapter at WSC last fall. Idaho hopes to prove themselves worthy of a chapter this year, LeTourneau said.

Officers of the local club are: Bud Beasley, president; Jay Garrett, secretary; Dick Kerbs, treasurer; Phil Edwards, business manager; Bryon Thomas, social chairman; Jim Howland, IFC representative, and Clarence Reed, membership. Tom Stroschein, Keith Hincly, and Maurice Johnson are members living outside the house.

Help in organizing the group was received from the WSC chapter. LeTourneau, William Beachell and C. E. Lampman are alumni on the Idaho campus.

## Pogo To Go Down Under, Sure Election Is In Pouch

Dingoes, Koalas and Emus of Australia will gather tomorrow night in the shade of a boola bong tree to draft plans to welcome Pogo Possum, American candidate for President, to this sunny land of "down-under."

One prominent Emu, manufacturer of false Ostrich feathers, claimed that the denizens of Australia and the Anzac regions are one hundred percent for the marsupial candidate. "I am not a marsupial myself," said the Emu, "although I have been invited to join and my mother's father had a little pouch, but I can guarantee that many of our prominent denizens are simply delighted that Pogo has decided to stump this country for the "down under" vote. Denizens from all over will be gathering in New South Wales and you can bet they will vote to a man for the candidate from up-over. One very important denizen, a playbus by trade, has guaranteed to deliver the monotreme vote."

Pressed on whether the other marsupials will welcome the opossum candidate as one of their own, the Emu declared that so far as he was concerned the election is in the bag. "We are divided on just one point," he pointed out. "There is some feeling on the part of a small Kangaroo group that Pogo will not be the first to stump the country."

At this, an old man Kangaroo spoke up and claimed that there is no such thing as a small Kangaroo group. "A small Kangaroo is a Wallaby," he insisted, "and is an interloper from New Zealand. Any Kangaroo group would have to be a LARGE Kangaroo group. And as for stumping the country, NOBODY has ever stumped the Aussies."

A delegate from New Zealand,

thereupon, threw dirt into the pouch of a placid old lady Kangaroo and fighting broke out among the Echidnas who claimed that they single-handedly had stumped the entire State of Queensland in a stumping contest in 1952.

## He Made It

Arizona State quarterback Dave Graybill goes for two yards against the Vandals for a first down in Saturday's action. Idaho players helping make the stop are: John Roussos (54) and Mel Schmidt (20).

## Vandals Lose In Fourth Try

The Idaho Vandals lost their fourth straight game, and the Arizona State Sun Devils won their fourth straight Saturday, as the Border Conference team spoiled the Idaho Homecoming by trouncing the Vandals 41 to 0.

The Sun Devils were never in trouble, as they romped to their first touchdown with not quite seven minutes gone in the first half and didn't allow the Vandals to get inside the Arizona State 40 once during the entire game.

Only three times during the contest did Idaho get across the 50. First, they got as far as the 43, but had a pass intercepted; they were forced to punt once from the 42; and in their third try were stopped on the 44 by a fumble recovered by the Sun Devils.

While the strong Arizona State defense was blanketing the injury-weakened Vandal offense, their strong ground game was rolling out 332 yards. The Vandals were able to net only 26 yards in the game on ground plays.

The Sun Devil offense, a flashy multiple combination, seemed to completely fool Idaho. Three backs, Joe Belland, Leon Burton, and Bob Mulgado, accounted for most of the Devil offense, as they gained 298 yards between them.

When looking at a Sun Devil roster, a person begins to wonder if the team is from a Pennsylvania or an Arizona school. The list of team members includes 18 natives of the Quaker State compared with 15 from Arizona.

The lineup that started against the Vandals included five Pennsylvanians and only two Arizona boys. These five were some of the key men in the Sun Devil victory. They included tackles Bart Jankans and Bob Noel, guard Ken Kerr, and backs Dave Graybill and Joe Belland. Another man from Pennsylvania Bob Mulgado was also a key man in the win. Imagine what a different outlook Saturday's game may have taken on without the Sun Devil's direct pipeline from Pennsylvania.

The long awaited walk is slated for tomorrow, and we would like to have lots of company on the nine mile jaunt. Hope all plan to join.

With basketball practice underway again on the University campus it is good to see John Liveious, one of the stars on last year's freshman squad back on campus.

Big John, who left school at the end of the first semester last year, is back, but won't be eligible for basketball competition this year. He will be able to play next year, and gives a very pleasant look to Coach Harlan Hodge's building plan.

Interested skiers urged. The Ski Club will hold its first meeting for members and all those interested who wish to join the club, Thursday at 5:45 p.m. in the arboretum. Refreshments will be served.

The laundry made a mistake and sent me the wrong shirt. The collar is so tight I can hardly breathe," a Beta complained to his roommate.

"No wonder," his buddy replied. "That's your shirt all right; but you've got your head through a button hole."

The yearling Vandals have been working out since October 1, and will strive to better their 2-1 ledger of last year.

## Vandals Idle This Week, Await Utah

Coach Skip Stahley gave the Vandal football squad two days of rest, as he faced an open weekend, with two weeks in which to prepare to meet the University of Utah.

The Vandals rested last night, and will have tonight off from practice before starting practice in preparation for the Salt Lake City game with the Skyline Conference leaders.

Idaho came through the Arizona State contest quite well injury-wise, as they lost no players for the game two weeks hence. All of the injuries came at one position. Left guard Jerry Smythe received a leg injury, and Chuck Fries suffered a possible broken nose in the contest. Both are expected to be ready to play against Utah.

The open weekend appears to be what the Vandals need, as the entire squad, with the exception of Bill Skinner and Warren Hawley, should be ready to go against the Redskins. Skinner and Hawley are both out with broken legs.

The Utah Redskins, who have lost only one game this season and are favorites to win the Skyline Conference, are probably as tough a team as the Vandals will meet this year. Saturday night, Utah rolled to an easy 27-13 win over Denver.

Two other future Vandal opponents also picked up wins over the weekend. Oregon State established themselves as Rose Bowl contenders by downing California 21 to 13, and Utah State beat Montana 27 to 13. A strong College of Pacific team beat Fresno State, an opponent of the Vandals in three weeks, 21 to 14.

## Idaho Cagers Open Practice

Thirteen University of Idaho varsity basketball players opened practice yesterday with three more set to join them with the close of the football season.

The 13 included eight junior lettermen and five members of last year's top notch freshman squad.

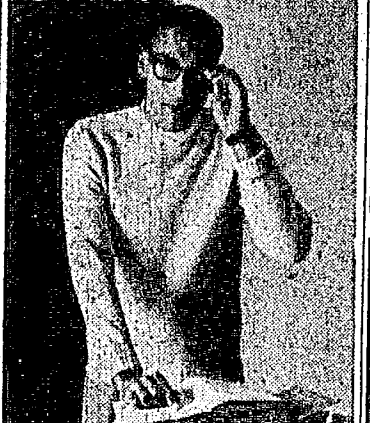

Coach Harlan Hodge expects the squad to improve on last year's record. The 1955-56 squad was the same team that has turned out this year with the exception of Senior captains Bill Bauscher and Jay Buhler lost through graduation.

Returning for a second year of action are Jim Branon, Jerry Jorgenson, Gary McEwen, Gary Simmons, Mark Cole, Gary Sather, Bill Wilson and Brent Thompson. Sophomores reporting are Lou Vesley, B. J. Schaeffer, Wahlen Coleman, Harold Damiano and Ken Jones.

Late reporters will be Jim and Bob Prestel both sophomores, and a junior college transfer, sophomore Montie Bedford.

Sun Devil halfback Bob Mulgado is stopped after a short gain in Saturday's contest. The triple threat ran off 82 yards against the Vandals. Idaho men in the picture are Howard Willis (14) and Ron Braden (43).

## Fijis, Delts Score Wins To Clinch League Ties

Phi Gamma Delta and Delta Tau Delta scored shutout victories yesterday to clinch at least a tie for titlist honors of Leagues I and II.

Monte McMurry snared touchdown tosses from quarterback Jay Webb in both the first and second half to pace the Fijis in their 12-0 conquest of Kappa Sigma. Tackles Jack Hogan and Buck Carson, and line backer Mike Heaton were pillars of strength in the Fiji line.

The Delts blanked Phi Delta Theta, 6-0, with Dick Sheppard intercepting an aerial from Phi Delt quarterback, Jerry Quane, at midfield and racing the rest of the way for the tally. Tom Benjamin and Gordon Henderson, tackles, and center Dick Wisdom led the fine Delt line.

Action Wednesday will produce the eventual winner in both leagues. Phi Delta Theta and Kappa Sigma must both score victories and the Delts and Fijis must drop their tilts, for a two-way tie to result in either league.

In other contests yesterday Sigma Chi edged Sigma Nu, 18-16, three penetrations to two; Tau Kappa Epsilon dropped Delta Chi, 12-7; Beta Theta Pi stopped Sigma Alpha Epsilon, 13-12; Delta Sigma Phi decided Phi Kappa Tau, 12-7; and Pine Hall-1 won by forfeit over Gault Hall-1.

## SPORGAS/BORD

by Dean H. Judd

It's Sad. At 2 p.m. Saturday, Dar Devine lead his undefeated Arizona State Sun Devils into Neale Stadium and a little over two hours later had handed the Idaho Vandals their worst loss in over two years, and even then it had to be Homecoming.

The last time the Vandals were beaten as badly, was 1954 when the Oregon Ducks rolled over them by the same score in the opening game of the season. You have to go back to 1949 to find a game in which the Vandals suffered a loss by a larger margin. In that year they lost the final game of the season to Stanford, 63 to 0.

Idaho fans were viewing a national record holder Saturday. John Allen, starting left end for the Sun Devils, is co-holder of the national record for most touchdowns passes caught in one game.

Allen, who was injured in the third quarter of Saturday's game and had to be carried off the field, caught four passes for touchdowns in an encounter with San Jose in 1953.
