For Matovich Still Pending

Paul Matovich, facing three separate charges of arson, has not yet come before arraignment in district court. No definite date for arraignment on the first charge of first degree arson in connection with Chrisman Hall's fire of Oct. 13, nor preliminary hearing on subsequent charges, one first degree murder, had been set vesterday afternoon.

Friday afternoon both counsels appeared in Jack McQuade's district court, then called off the arraignment on the Chrisman charge.

Idaho Attorney General Graydon Smith returned to Boise this veekend after his trip to Moscow last week in connection with the coming hearings. He said he did not know when he would return o Moscow.

Smith and Lloyd Martinson, Latah county prosecuting attorney will prosecute the case.

The attorney general said he is waiting for a decision by Matovich's counsels on whether they will demand a preliminary hearing for the youth on a first degree murder charge and the other charge of arson connected with the Willis Sweet Hall fire of Oct. 12.

He indicated the defense decision will probably not be made until the latter part of this week. Matovich will still face arraignment on the initial first degree arson charge in the meantime. The arraignment must correspond with present district court sched-
