

SHOTGUN INCIDENT BRINGS EXPULSIONS

UI Team Cops Debate Tourney

Idaho's number one debating team of Reed Bowen and Richard Sorenson took first place in the annual Inland Empire invitational debate tourney held here last weekend. The Vandal duo won all six of their debates.

Dick Day and George Woodbury, Idaho's number two team, tied with Whitman for second place.

"Boys will be boys," hell!!! —when playful snowballing and child's play ends with a window breaking assault on a fraternity and shotgun blasts.

It bluntly was an issue spurred by immature boys, seeking fun, with little consideration for anyone but the individual.

Have you ever wondered if the people who are paying for our education might not start thinking this is nothing but an institution where kids can release pent up animalism tendencies.

The incident displays a complete lack of individual leadership on the part of the students and a distorted knowledge of the fact that going to college is also a chance to grow out of the high school era of motorcycle boots and low-slung, pegged pants.

The blame rests on those who acted—those expelled—because they acted rashly under antagonism—those who tromped over the campus looking for excitement.

In this case, unfortunately, expulsion was an easy solution to a complex problem.

Two Schools To Present The Messiah

Handel's "The Messiah," the most famous and most universally loved oratorio, will be presented in two performances as a joint venture by the music departments of the University of Idaho and the State College of Washington. The first performance will be in Moscow Sunday, 4 p.m. in Memorial gymnasium.

The second performance will be Monday, January 21 at 8 p.m. in Bryan Hall on the Pullman campus. The Idaho Symphony orchestra will accompany the performance in Moscow, and the WSC Symphony will provide the accompaniment in Pullman.

Both concerts are open to the general public without admission charge.

The "Messiah" performances are the first time that choral groups from the two colleges have combined their efforts. The Summer School bands from Idaho and WSC which have played jointly for several years, are acclaimed one of the finest instrumental groups in the West. These joint bands have been heard in a number of concert appearances in Pullman and Moscow.

The WSC chorus is conducted by Charles W. Davis, the University choral group by Norman R. Logan. Idaho's orchestra is conducted by LeRoy Bauer, and Alfred Boyington is the director of the WSC orchestra. Logan will conduct the Moscow performance, and Davis will lead the performance in Pullman.

PE Majors Club To Hear Romney

Idaho's new physical education majors club will hear WSC Dean Golden Romney speak Thursday at 7:30 in the North Ballroom of the SUB, it was announced today.

The Dean's topic is "Juvenile Delinquency as related to Physical Education."

Attorneys Seek Venue Change For Matovich

A long-anticipated request for change of venue was filed Saturday by defense attorney in the arson and murder trials of Paul D. Matovich. Attorneys also asked disqualification of District Judge Jack McQuade, an Idaho graduate.

Change of venue was asked on grounds that citizens of Latah county are "biased and prejudiced" in the action. The counsel asked the trials be moved to first district court, Shoshone county, at Wallace.

Matovich has been bound over to district court on charges pressed by Latah County prosecuting attorney Lloyd G. Martinson in connection with fires on the Idaho campus, one which resulted in the death of three students.

The call for disqualification of Judge McQuade was on similar grounds. Judge McQuade said that court law will "automatically oust me."

The Judge may call for another district judge to sit and act upon such proceedings, or the governor may appoint the judge.

Matovich's trials had been scheduled for early spring term in Latah district court which means if change of venue is denied the way could be paved for an earlier trial.

Population Biology Speech Tomorrow

Problems of population biology will be discussed by Dr. J. H. Pepper, head of the department of zoology and entomology, Montana State college, at an open meeting of Sigma Xi at 7:30 p.m. tomorrow in the Student Union.

W. F. Barr, of the university entomology faculty and Sigma Xi secretary, said today that all interested persons are invited to the lecture.

Dr. Pepper's talk will cover the build up and downfall of a population through the various contributing factors and cite examples, which can be applied to all animal life.

COMING EVENTS

TODAY
Cosmo Club, 7 p.m., International House.

Executive Board.
I.Ks, 6:45 p.m., conference room in A, Gem pictures, wear sweaters and bring cars for WSC game.

SUB game committee, 4 p.m., Bucket.

Mortar Board, 5 p.m., conference room A.

Vandal Flying Club, 7 p.m. Air Force detachment.

Automotive Engineers, 7 p.m., Engr. 104.

WEDNESDAY
R.E. Week committee, 9:15 p.m., Campus Christian Center.

Blue Key, 12:30, SUB mezzanine.

THURSDAY
P. E. Majors Club, 7:30 p.m., North Ball room SUB.

Ski Club, 6:30 p.m. conference room E.

Industrial Arts Club, 7:30 p.m. conference room B, color movie

Reports Of Class Cutting Lower Than Past Years

"Reports of students cutting classes hasn't been any higher than previous years," Edward C. Moore, associate professor of philosophy, said. "Approximately 75 per cent of the cases concern students who have dropped from the university without informing the college in which they are enrolled."

"These reports, however, pertain to the college of Letters and Science," Moore said. "The other colleges may have a different problem and system concerning class attendance."

Students taking first and second year physical education are allowed three unexcused absences, but they are expected to make them up. There may be a possibility of a change in this system in the future, according to Leon G. Green, head of the P.E. department.

PE Grades Effected
Mabel Locke, associate professor in women's P.E., reported more than two unexcused absences would result in the student receiving no grade.

Students enrolled in the Army ROTC program, who have unexcused absences, are allowed to make up their class, but missing class effects the grade. The Air Force will allow class makeup for an excused or unexcused absence. The unexcused absence will effect the cadet's grade though.

Makeup in the Navy military program is left up to the discretion of the instructor. Unexcused absences effect grades.

"After a student misses three classes without an excuse the department sends him a pink slip explaining the attendance policy," Moore said. "If he continues not to attend class after that we request a conference with him." Attendance at class is not required, but the student is expected to go. This year class cutting has been less than in the past.

Dr. Schreiner Offers Organ Concert Thurs.

Organ music made famous in national radio broadcasts from the Mormon Tabernacle in Salt Lake City will be heard first-hand in Moscow when renowned organist Dr. Alexander Schreiner appears in person at the Music building at 8 p.m. Thursday.

Hailed by the music critics in the United States and Europe as an outstanding organist, Schreiner has been named seven times among the top radio artists in radio popularity polls. His Sunday program from the Tabernacle, which started in 1929, is now one of the oldest continuous programs on the air.

Each year, Schreiner takes leave of the Mormon Tabernacle and tours the nation giving organ concerts. This will be his first appearance in the recital hall in the Music building at the university.

Investigators Agree On Maximum Penalty

Two University students—both members of the Beta Theta Pi fraternity—were expelled Friday as the result of a shooting that wounded two men during a snowball throwing incident Thursday evening at the fraternity.

The expulsions took effect Monday and were the result of recommendations by the men's discipline committee, meeting Friday. President D. R. Theophilus concurred with the committee's decision.

The two men wounded by shotgun pellets, Lynn Thomas Snider, Idaho Club, and Charles Bigsby, Gault Hall, were treated for leg injuries at the Infirmary and released. Both had pellets lodged in their legs. Dr. Ralph Alley reported that X-rays showed that it would be unnecessary to remove the shot.

Snider reported to the Infirmary immediately after the incident Thursday evening and Bigsby was treated Friday morning. President Theophilus declined to release the names of the two men expelled. He said "policies and traditions" of the University prevented release of names in such instances.

Officials Clarify Firearm Policies, Snow Activity

University administrators yesterday clarified campus rules applying to firearms and indicated no formal clamp-down on snowball throwing that allegedly spurred a Thursday evening shooting.

Guy Wicks, assistant director of Student Affairs, said Monday he presented established rulings concerning the use of firearms to the Inter-Fraternity Council last fall.

"Fraternity presidents were asked to transmit these rules to their houses," Wicks said. He added that these rulings were sent to living groups, two years ago.

The Rulings
1. No gun may be kept in any fraternity house unless it is dismantled or "broken down." With certain types of guns, dismantling may mean merely opening the lever or removing the bolt.

2. No gun shall be dismantled or assembled in the fraternity house and no gun should be either loaded or unloaded any place on the campus.

3. Any individual going hunting must assemble the gun in the field and dismantle it before returning to the house.

4. It is the responsibility of the house president to enforce these regulations.

Final Week Procedure Announced

Finals for the first semester at Idaho are scheduled for Friday, Jan. 25 through Friday, Feb. 1, with three exams taking place each day. Registration will begin for second semester on Feb. 4 and classes will resume Feb. 6 at 8 a.m.

Regular class rooms will be used for the examinations unless instructors make special arrangements through the Registrar's office. Examinations in courses comprised of lecture and laboratory periods may in most instances be scheduled according to the sequence of either.

Announcement of time and room should be made by the instructor for all examinations. Instructors will announce to their classes rooms to be used for all sectioned classes having common final examinations.

A schedule for examinations during the final week is printed in the January 8 issue of the Argonaut.

Registration for the next term will take place as scheduled, according to Donald D. DuSault, registrar. It will be similar to the process used at the first of school last September.

Tryouts This Week For 'Sabrina Fair'

Tryouts for "Sabrina Fair," the next production on the University drama department agenda, will be held in the University Auditorium on Thursday and Friday, according to director Jean Collette.

The cast includes nine men and seven women, but backstage crews are needed also. The play will be produced Feb. 22 and 23 on the auditorium stage.

Miss Collette also announced that no regular rehearsals will be held during exam week.

Expulsion can be appealed to the University Board of Regents, who will meet in Boise next week.

Asked whether either would appeal the decision, one man told the Argonaut he had "nothing to say." The other could not be contacted.

However, President Theophilus, when quizzed about his stand should the appeals be made, said he would follow his previous decision in discussing the matter with regents.

"If the issue is brought to the regents my recommendation to the Board would be to sustain the action of the Men's Discipline committee, which is composed of faculty and students."

The Board, Theophilus said, can concur with the committee's decision, modify it or discharge the entire case.

C. O. Decker, director of student affairs, who turned the case over to the committee initially, said, "I concurred with the recommendation of the Discipline Committee."

The Discipline Committee is composed of three faculty members and two students. Members are Dr. John Snider, chairman; Dr. Edward Moore, Dr. O. G. Baker, Dick Weeks and Dave Cummins.

The alleged shooting occurred when a group of students, identified as both Greek and independent congregated outside the Beta fraternity.

The group first formed, witnesses said, near Gault Hall and proceeded to Lindley Hall, where two windows were broken. They then moved down Idaho street to the intersection of Elm.

Beta vice president Mike Patton said men started pelting the fraternity with snowballs, but that members were told not to become involved. Patton said the two men fired shotguns into the air to break up the crowd. He said six windows were broken by snowballs.

"Last year," Patton said, "the fraternity lost 36 windows in a similar incident."

"It is not house policy to mix in campus mobs, he said. The action Thursday night was not sanctioned by the house."

Latah County Prosecuting Attorney Lloyd Martinson told the Argonaut Monday afternoon he had no comment on subsequent criminal action involving the two men.

"I have not had a chance to go into the case thoroughly yet," Martinson said. He declined to list what charges could be brought in the case.

Popular Cue Ace Will Perform This Week

Charlie Petersen, cue ace, will be here Thursday and Friday and will play two exhibitions each day, at 4 p.m. and 7 p.m. in the SUB gameroom.

The Billiard expert is no stranger on the Idaho campus. Last year his performance filled the SUB gameroom to capacity, with many left on the outside because of the shortage of room.

The Red Ball Billiard Champion, for 37 consecutive years, has an almost evangelical fervor for his work. For 26 years he has spread the word of the "green table gospel" to colleges all over the country.

The first apostle of billiards, has become famous for his motto: "Show me a billiard shot I can't make." He has played his amazing game in colleges all over the country, and then on trains and planes between colleges.

He is now planning to balance three billiard balls, one on top the other, in Boeing's 707 jet-transport. The Boeing people claim that it can't be done. The plane travels at 550 mph at 35 thousand feet. The 79-year-old expert has already done it at 17 thousand feet on four different occasions.

Library 60 Percent Completed

Other Colleges Admire Idaho Structure

Idaho's new library, about 60 per cent completed, "will have a great influence on the future library constructions in this country," Lee Zimmerman, University Librarian commented today. He has received between 25 and 30 inquiries from the nation's leading colleges as to Idaho library plans.

University Engineer George Gagon said yesterday construction work is "right on schedule," and he was confident the building will be completed by July 1.

He said workers are currently placing a plastic sheeting material in the aluminum window frames and a paneling material insulated with a porcelain metal covering on the window's exteriors.

Inside All Winter
"We are far enough along, so we will be able to work on the inside all winter," Gagon said. "Workers will complete working on the heating and ventilation system and interior panels during the winter months."

Gagon said, the \$1,363,295 building located north of Memorial Gym started construction May 1, will be completed as scheduled on July 1, of this year.

Zimmerman, who supervised the major planning of the new library, said, "we believe the library is designed for efficient service and embodies the elements of simple beauty and functional unity."

"We have tried to give students free access to all information in the library by putting books, periodicals, and reference books in stacks quickly available to the student,"

Zimmerman said. The building will have four floors, each serving a special section of the student body.

Zimmerman stated the first floor would contain information in humanities and related field of language, literature, art and music.

The second floor will be the social science section for history, political science, education and economics.

Science and technology will be on the third floor serving biological and physical science, agriculture and engineering fields.

The ground floor has book storage, an exhibit area, and group study room, and the campus post office.

Zimmerman wrote an article about the features and development of the library published in the Library Journal, a national professional library journal; the Pacific Northwest Library Association quarterly; the Idaho Librarian; and the Bookmark, the local library publication.

"I have received between 25 and 30 letters from Librarians throughout the United States congratulating Idaho on constructing a library with many outstanding features," Zimmerman said.

"People in the profession are very interested in our library because they are planning new buildings themselves, he said. "We think our building will have a great influence on the future library constructions."

The librarian at Colgate University in Hamilton, New York, said, "Building costs must be lower in Idaho, for you seem to be getting much more for \$1,500,000 than we are for \$1,900,000."

The ground and first floors of the new building will add many features to convenience the students. Zimmerman said there is a room which will be unsupervised and will allow groups to study together, also there will be a room for students waiting for their next class to browse, read magazines and newspapers.

The first, second, and third floors have a glass enclosed, soundproof typing room which will be equipped with rented typewriters. The li-

brary's collection of Pacific Northwest and Idaho books will be on the second floor.

Every attempt has been made to route traffic to eliminate disturbance to student study. The book stacks will be placed in the center area of each floor. Student study tables will be along the north side in front of the windows. Faculty carrels will also be located around the walls opposite the student study area. There will be desks in the book stacks for quick reference areas.

Four seminar rooms, a microfilm room and faculty lockers—similar to those found in bus depots—will be added features to the third floor.

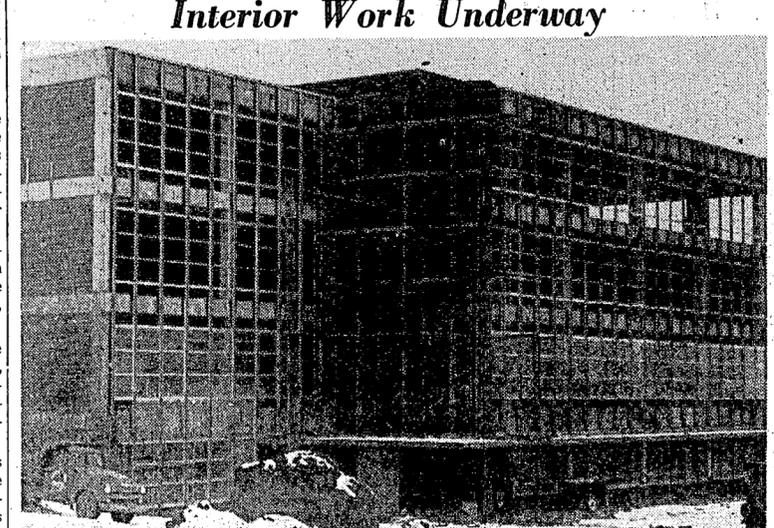

"We have 157,000 volumes and 530,000 documents which will be moved from the present library to the new building," Zimmerman said. "It will probably take us two to four weeks depending on the amount of help we have and the weather conditions," he added.

"The 205 by 138 ft. structure will have room for 615,400 volumes," Zimmerman commented. "It will have capacity for 1,090 students to study at one time."

The present library has a full time staff of 11 professional librarians and 7 clerical workers.

"We are requesting three new professional and three clerical workers to fill positions necessary in the new program. Forty students are employed now on a part time basis."

"We have tried," Zimmerman said, "to furnish a building which will be the intellectual heart of the campus, a building that students can pride in its facilities, find inspiration in its atmosphere and surroundings, and acquire books and reading material for knowledge and understanding they will need after college years have ended."

The Ratio

Part III: Is There a Solution—The Male Answer. From the male point of view there seemed to be almost as many solutions as there were men. Aside from a plurality of "grin and bear it" answers (discussed last week) there were the rebels with sundry plans to correct the situation.

One of the most provocative came in the form of a letter from one "R.S.H." at Idaho Club. His idea, in fact, sought to establish an entire new social set-up.

Wrote R.S.H.: "A new campus ruling should require that every coed accept three dates per week with three different male students. Furthermore, she shall bestow upon each of these three males an equal quantity of her feminine charms and affection. Sisterly and motherly types of affection will not be considered adequate for the purposes of this program. The traits of jealousy and possessiveness in campus males shall be considered antisocial and should be outlawed in order to eliminate the difficulties which they would cause."

Further, this student would call on the ASUI president to establish a Minister of Affairs of Love. He hastened to point out that this should not be confused with love affairs, which would not be condoned under this regime. Married students would be discouraged from participating in the program.

With this "forward look," R.S.H. predicts campus bliss for all concerned. "This new social plan will not only insure that all campus males and females shall be supremely happy and contented, but it should put an end to that terrific blight on campus marriages."

What is meant by "blight on campus marriages" was not explained. **What About Boycott?** Others were not so forward-looking.

Another unattached male, now in his fifth year here, looked back on past history and came up with this suggestion:

"Several years ago women got this same attitude about dating. So, in desperation, we (men students) adopted a policy of calling for a weekend dates about a week or so ahead of time, never earlier. We asked for coke dates two or three days ahead of time. When the women discovered that this was going to be a widespread policy and no joke, they thawed a little and we never had to call early after that."

He maintained this was the simple solution to apply again in these "critical" times. In checking around, it appears that the system did work fairly well, but that a few opportunists saw the light and still

JOHNNIES

Nobody Gave A Hoot For J. Paul Sheedy* Till Wildroot Cream-Oil Gave Him Confidence

"Wise everybody avoid me so?" h-howled J. Paul. "Because you're such a ruffled old bird," replied his best buddy. Well that really opened Sheedy's eyes. He took a taxi-dermist down to the store and pecked up a bottle of Wildroot Cream-Oil. Now he's the picture of confidence because he knows his hair always looks its best from morning till night. So if people have been hooting at your messy hair, screech for a bottle or tube of Wildroot Cream-Oil. It's guaranteed to keep your hair neat but not greasy. And all the gals will go out of their way to beak to you.

*of 131 So. Harris Hill Rd., Williamsville, N. Y.

Wildroot Cream-Oil gives you confidence

Opinions Vary On Infirmary Policy

A new policy concerning University infirmary excuses, which was introduced last week by the Interim Committee of the Faculty, has caused varied opinion among students. According to the statement issued, the infirmary will not provide excuses from class other than to students ill in the student hospital.

W-2 Forms Available

Statements of Wages Paid and Federal Income Tax Withheld, Form W-2, for 1956 are currently being prepared by the Payroll Section for all University employees and will be available by Jan. 31.

The forms will be attached to the payroll checks of employees on regular appointment who call for their salary checks. For all other employees, statements will be available at the Cashier's window in the lobby of the Ad Offices Building after Jan. 31.

For those employed who must file their return by Jan. 31, special consideration will be given if the Payroll Section is notified in writing by today that the W-2 form is needed early (this applies only to persons who file as "farmers" who do not file estimates by today). All other returns are due April 15.

Brando At Borah In 'The Wild One'

Marlon Brando and Mary Murphy will star in "The Wild One," the ASUI film on tap for the Borah Theatre on Thursday. The plot revolves around a group of motorcycle hoodlums, led by Brando, who terrorize residents of an anonymous community.

Shows will begin at 4, 7 and 8 p.m., with 35 cents the admission charge for students.

Job Opportunities

WEDNESDAY
Representatives of the Shell Co. will be at the Placement Office to interview engineers and scientists.
THURSDAY
Dow Chemical Company will interview chemists, physicists, engineers, business administration, and accounting majors at the Placement Office.
Colgate Palmolive Company will interview engineers at the Engineering building.

THURSDAY AND FRIDAY
Sperry Gyroscope will interview engineers, math and physicists at the Engineering building.

FRIDAY
International Business Machine company will be at the Placement office to interview men for sales and engineers.

MONDAY
Chicago Bridge and Iron Company will interview civil engineers and mechanical engineers at the Engineering Building.

TUESDAY
Dunn Engineering association will interview engineers at the Engineering building.

Four Sororities Plan Rush Feb. 4-6

Four sororities are planning semester rush Feb. 4-6, Louise Carter, Dean of Women, announced today.

Alpha Chi, DG, Tri-Delt, and Alpha Phi are holding rush. One house, Theta, is undecided.

Women who wish to go through rush register in Dean Carter's office by the end of this month.

Two parties will be held each night with pledging Feb. 6. Houses having semester rush can have rushees to their house twice before rush.

Approximately 12 women are expected to sign up, Dean Carter said. Eleven girls went through rush last year at semester.

Rush is held at semester for houses not having house quotas because of women being married or leaving school.

Mother (to five-year-old child who has had a substitute teacher in kindergarten): "How did you like your new teacher?"

"Oh, she's much smarter than Miss Jones. When we sang, she played the piano with only one finger, and Miss Jones has to use two hands when she plays."

Three Students Awarded Help In Engineering

Three University engineering students have been awarded scholarships by the Pocatello plant of Westvaco Mineral Products Division of Food Machinery and Chemical corporation, Dean Allen S. Janssen, college of engineering, announced today.

Henry W. Nichols, Pocatello, Westvaco industrial relations manager, presented \$300 scholarships for one year of study to (Ray) Benham, Paul Kroeger and Joseph Er-ramouspe.

The scholarships are awarded to cover the cost of college fees, books, supplies and the major portion of the students' housing. They are available to sons and daughters of full-time employees of the Westvaco Mineral Products Division in Idaho taking courses leading to a degree in engineering, geology, chemistry or agriculture. In the event no qualifying students apply from this group, scholarships are then available to others. The three students selected are in the latter group.

Selection is based on the student's personal and professional goals, academic standing and potential. Participation in extra-curricular and campus activities, efforts at self-help and financial need are also part of the selection evaluation.

Naval Vets Can Enter Reserves

Naval Air Reserve Facility, Spokane, Washington has openings for Navy Veterans in its Cougar Jet and Transport Squadrons and its organized reserve, popularly called "Weekend Warriors."

Naval Air Reserve spokesmen said that in addition to personal pride, participants receive pay.

Cougar Jet and Transport Squadrons supplement their members' income with 25 to 30 dollars each month. Veterans participating in "Weekend Warriors" are paid according to their rank when discharged and length of service, and are eligible for Naval Reserve retirement if they stay in for a total of 20 years.

Information concerning "Weekend Warriors" can be obtained by writing Naval Air Reserve Facility, Spokane, Washington.

In Spite Of

WHAT YOU THINK

College gets credit for a number of things and one of them is that it helps us grow up and develop a so-called adult stability. Just look and see; when we're freshmen we're thrown into hysterics by something that, when we're sophomores, we just grit our teeth and bull our way through. And by the time we're seniors we don't even have to grit our teeth.

College really has nothing to do with it. In it or not we'd get the same effect as, like rats in a maze, we learn acceptable solutions to our problems and as we encounter fewer new situations to figure out. Pretty soon we are standard, ideal, MIAI adults, reacting unthinkingly with learned responses to life. Dull but comfortable.

Maturity does not result from the acquisition of wisdom; it results from the acquisition of calluses.

Force Studying
The starting gun has long since begun this year's rat race and herds of freshmen women are faced with the unenviable prospect of study table. This is, I suppose, a result of the perhaps praiseworthy delusion on somebody's part that the purpose of college is the accumulation of mere grades.

Now true studying, the only kind that ever did anybody any good, is a creative process and cannot be turned on and off like tap beer and done en masse like close order drill. The time the coeds are forced to spend at this painful farce would be far more profitably used in water fights, drag races, crap games, petting parties, or listening to Elvis Presley records.

A rule like this is entirely out of place if Idaho wishes to be referred to as an institution of higher learning rather than merely an institution.

Young Journalists' Yearly Conclave Gets March Date

Idaho's high school journalism conference will be held March 22 and 23 this year, according to Granville Price, professor of journalism. This year's convention will include workshops, a banquet and the announcement of winners in the high school newspaper contest.

Beth Rhodenbaugh, news editor for the Idaho Fish and Game department, will be the main speaker at the banquet. (She was to speak at last year's convention, but she contacted a case of pneumonia and had to decline the invitation.) Mrs. Rhodenbaugh is an outdoor reporter for the Game department.

The convention, which is for Idaho high schools, had 359 delegates at last year's meet.

Radio 'Ham'

Gale Conard, one of the leading amateur radio operators on campus, transmits messages to Spokane on the short wave set in his room at Upham hall. Conard and other campus "hams" are organizing a club for those interested in the hobby.

Hams Organize Radio Club

By SALLY BEATTIE

Amateur radio operators, commonly known as "hams," are organizing a club on campus to encourage their hobby with future objects of setting up a short wave station for members to operate and of handling messages from students to parents and friends.

Under the direction of Gale Conard, Dave Laws and Lou Meeks, University "hams" are calling meetings to discuss the writing of a constitution and the general organization of the club.

Conrad, who has held his conditional license since February, 1955, talks regularly with "hams" throughout the Northwest and has contacted stations in Japan, Alaska and on the eastern coast of the United States. He transmits and receives both by microphone and by International Morse Code. His station is set up in his room at Upham hall.

Plans to enter law. Although he is now enrolled in the school of business, Conrad plans to go into law later. He attended the California School for the Blind through the sixth grade and went to the Idaho State School for the Deaf and Blind for five years. He graduated from Orofino high school in 1955 and took one year of post-graduate work before coming to the University.

"I enjoy school here very much," he commented. Conrad attends classes in the mornings and spends afternoons and evenings at the Delta Gamma house where members read advance assignments to him as a part of their national project

of aiding blind students.

After gaining his novice class amateur radio operator's license in March, 1954, Conrad transmitted only in code until he earned his Conditional license. In order to obtain a license, without which he is not allowed to transmit, the "ham" must take a Federal Communications Commission examination including questions on theory and law and a test on the International Morse Code. Several different classes of licenses may be obtained.

Special Language

"Hams" use a language all their own, Conrad explained. Short symbols stand for longer messages; for example, "QRK" means "Do You Read?," "QRN" means "man-made interference" and "QSL" means "confirmation of contact."

The idea of transmitting messages to parents and friends was designed for the convenience of students. Conrad explained that it's faster than mail and cheaper than telephone. When the service is set up, students will be able to send messages through club members. Conrad explained that occasionally a "phone patch" is set up enabling the sender to talk to the person he is sending the message to in the receiving town. The "ham" who is receiving the message calls the person on the phone and connects the phone to his radio set.

Conrad once talked to a sister in Placerville, California, by this method, enabling him to get a message to her much earlier than he could have done by mail.

Dames Club Sets Wednesday Tour, All Wives Invited

All wives of U of I students are encouraged to attend the Dames Club, a national organization of students' wives sponsored by the Faculty Wives Club. Meetings are held every Wednesday evening in the Faculty Club at 8 p.m. A tour of the Home Ec building is planned for tomorrow night's meeting and all wives who plan to attend are asked to meet at the Home Ec building at 8 p.m.

Newly elected officers of the Dames Club are: Mary Oneida, president; LaVonne Everest and Anne Burrow, vice president; Kathy Neil, recording secretary; Shirley Jackson, treasurer; Marilyn Douglas, corresponding secretary and Virginia Whaley, historian.

Motorist to Traffic Cop: "Certainly, I'm intending to drive. Can't you see I'm in no condition to walk?"

Three Idaho Coeds Reveal Engagements

Two Gamma Phis and a Delta Gamma announced their engagements with themes varying from Christmas to a "Castle Painted Blue and White."

Miss Robinson Uses

"It Happened in Sun Valley" was the theme announcing the engagement of Patsy Lou Robinson, Gamma Phi, to Bill Booth, Phi Delta, at dinner January 9. The centerpiece depicted a winter scene and decorative Sun Valley cards opened to reveal the song which was the engagement theme. The ring was passed on a miniature skier. Miss Robinson is a junior in music from Triumph, and Booth is a junior from Eagle majoring in physics. No wedding date has been set.

Gamma Phi Chooses

The theme "A Castle Painted Blue and White" announced the engagement of Elma Magnusson, Gamma Phi, to John Platt, Phi Delta, Sunday, Jan. 13. The centerpiece was a blue and white castle decorated with blue and white baby mums. The ring was displayed on a crown of flowers. Miss Magnusson is a sophomore majoring in political science, and Platt is a junior in English. No wedding date has been set.

Guests were Mr. and Mrs. Don Morse and Mr. and Mrs. Gordon Dawson, all of Moscow.

Christmas Angels Herald

The engagement of Nancy Biegert, DG, to Charles "Chub" Williams, SAE, was announced over the holidays at a luncheon, Dec. 28, at Boise. A Christmas theme was used, with place cards of small pastel angels, each holding a tiny silver book in which was inscribed, "Hark the Herald Angels sing—Nancy and Chub." The table was centered with two large pink angels, also holding silver books, on either side of an arrangement of ornate, pastel Christmas ornaments around a silver candelabra. The ring was held in a nosegay of pink roses and violets.

Nancy is a senior in Home Ec from Boise. Chub received his masters' in Marketing from the University last June and is now employed by the Standard Oil Co. of California.

SOCIAL CALENDAR

- Jan. 20—Concert, University Singer and WSC Chorus

"Universities are full of knowledge; the freshmen bring a little in and the seniors take none away, and knowledge accumulates."

Groups Make Preparations For 2nd Sem.

Newman Club, Inter-Church Council, and Wesley Foundation are planning for the new semester already with election of officers. Kappa Phi will hold its initiation of new members tonight. Of interest to everyone is the organ recital to be presented by Alexander Schreiner in the Music Building Wednesday night. As a finale to the first semester of the 1956-57 school year, Wesley is planning a ski retreat.

NEWMAN CLUB

Newman Club will hold election of officers at its meeting tonight. Sharing the spotlight with the election of officers is a film on Catholic Action. The meeting will be held at 8:05 in Conference Room B of the SUB.

L.D.S.

A luncheon will be served at the Institute next Sunday evening. All student members are urged to support the affair. It is the first attempt of the Institute group for such a sponsorship.

Student members are reminded of the tickets available for the Alexander Schreiner organ recital which will be held in the Music Building Wednesday night. Schreiner is famous for his Sunday morning broadcasts from the Tabernacle on Temple Square in Salt Lake City. For further information contact Dr. Tanner at the L.D.S. Institute.

WESLEY FOUNDATION

Annual elections of the Wesley Foundation will be held Sunday, January 20, at the Methodist Church.

Plans are nearing completion for Wesley's Mid-Winter ski retreat to be held between semesters. Those interested are urged to sign up now at the Wesley office. Plenty of relaxation and fun are promised.

INTER-CHURCH COUNCIL

Election of officers will be held at the regular ICC meeting which will be held Wednesday at 8:30 p.m.

KAPPA PHI

Kappa Phi will hold initiation tonight at 7 p.m. at the Methodist Church instead of the date previously reported. All women desiring rides should be at the CCC at 6:45 p.m. Dues for all must be in by this meeting.

Sigs Plan Crab Feed, Hays Uses Poe Theme

Feb. 8 has been named for the Sigma Chi Upperclassmen's crab feed. Gault hall elections are planned. Kappa seniors were tubbed Saturday. "Red Death" dance at Hays deemed great success.

SIGMA CHI

The junior class members are formulating the plans for the annual Upperclassmen's Crab Feed and dance to be held Feb. 8. Brad O'Conner and Bob Eyer were formally pledged Wednesday.

Thanks to Sweetheart Joyce Weaver, Kappa, for the wonderful pies she baked for us during Christmas vacation. Joyce and Mrs. Edith Magnuson, our house-mother, enjoyed the pies with us at lunch last Monday.

Dinner guests Sunday were the five sweetheart finalists. Ann Redford, Frank Baudek, Theta, Marie Turner, ACO, and Pat Scofield, AP, were all presented with trophies and Joyce Weaver was presented with her Sweetheart pin, personal trophy and the traveling trophy. The house would like to thank Carol Kurdy for being such a wonderful Sweetheart this past year.

HAYS HALL

A masquerade dance based on Edgar Allen Poe's "Masque of the Red Death" was held Saturday night. Seven rooms were partitioned off in different colors and themes according to the story. Entertainment was provided by Olga Figueroa, who presented a Devil Dance. The tremendous success of the dance is attributed to Sonja Hoisath and Gloria Keller, who acted as co-chairmen. Thanks to Willis Sweet for their help.

IDAHO CLUB

Robert Johnson has been appointed social chairman for the remainder of the semester.

Thanks to the Theta pledges for the exchange Wednesday night.

ALPHA CHI OMEGA

Guests for dinner Wednesday were Farris Johnson, Moscow, and Mary Jeanne Caldwell, Forney. Guest over the weekend was Barbara Anderson from Coeur d'Alene. Guests for dinner Sunday were Barbara Anderson, Coeur d'Alene, Pat Quane, Cecelia Sullivan and Judy Bailey, Ethel Steel House.

The house was surprised by a fireside Saturday morning. Thanks to the seniors for their help.

WILLIS SWEET

Eight weeks of lessons remain in the ten week Willis Sweet Hall dancing program. Those enrolled learned the samba, fox trot and

schottish at the Sunday lessons.

Jim Yeager and Cara Nadine Ahartz were married during Christmas vacation. They are making their home in Moscow.

DELTA DELTA DELTA

Congratulations to Jo Ann Ray who became Mrs. Morgan Moore in Boise during the vacation.

Sunday dinner guests included: Nova Jackson, Ethel Steel, Herb Meier, ATO, Dennis Jensen, Lambda Chi, Don Miller, Campus Club, Gary Blanc, Delta Chi, Grayden Staley, Phi Tau, John Campbell, Lindley and Don Freshwater, Willis Sweet.

GAMMA PHI BETA

Pledges would like to thank the Deltas for the exchange Wednesday night and also the Sigma Nus for the snowball fight Saturday. A breakfast followed at the Sigma Nu house.

Weekend house guests were Marcia Mannville, Grangeville, and Nancy Burns, Boise.

GAULT HALL

In a house meeting Wednesday evening the following were elected class representatives: Larry Hattemer, freshmen, Larry Garlinghouse, sophomore, Bill Fisher, junior and Don Sharmen, senior.

Candidates for next semester house officers were nominated. Elections will be held this Wednesday.

Thanks to Forney for the exchange Wednesday.

KAPPA KAPPA GAMMA

It was a cold Saturday morning when the pledges tubbed the seniors by tying them to trees, used them for snowball targets and led them serenading around campus. The Moscow alums entertained the pledges at a dinner party Sunday evening at Mrs. Vaughn Hickmans.

Talents (?) were put together on a tape recording and sent to Marilyn Norseth who is in the infirmary.

Thanks to the Kappa Sigs for the pledge exchange. Later pledges serenaded the fellows for a loaned rope.

Weekend guests were Kay Ness and Judy Osborne from Spokane and Darleen Arthurs from Sandpoint.

Sunday dinner guests were Mar-

cene Jefferies, Kay Russell and Darleen Arthurs.

DELTA TAU DELTA

Congratulations to social chairman Lorin Nelson and his assistant Charlie Sauls for their work in making Saturday's Odd Ball dance a huge success. The dance was held in the Moscow Legion Cabin with the Skyliners from WSC supplying the music.

Many thanks to the chaperones Mr. and Mrs. Clyde Hawley; Mr. and Mrs. Phillip Dumas and Mr. and Mrs. Harry Morrison Jr.

Sunday dinner guests at the house were Nancy Burns, Boise, and Larry Hobson, Chrisman Hall.

Carol Wachal Idaho Winner In Nat'l Hunt

Miss Carol Wachal, Kappa Alpha Theta sophomore, has won a college beauty queen contest at the University, it was announced by the Campana Company.

The contest, part of a National College Beauty Queen program, was sponsored by the Campana Co. in conjunction with their national advertising campaign for Solitair make-up.

Miss Wachal received the most votes from among those entered from the University of Idaho. She will represent Idaho among a group of 59 schools across the country and has qualified for the opportunity to be chosen one of the three Regional College Beauty Queens to be featured in a Spring national advertising program for Solitair.

She was Sophomore Holly Queen in 1956.

There is some cooperation between wild creatures. The stork and the wolf usually work the same neighborhood.

TECHNICAL GRADUATES and ENGINEERS!

SHELL offers qualified engineering graduates a great variety of challenging opportunities. In the large and diversified Shell organization engineering personnel have unlimited scope in a progressive basic industry. All Shell companies operate on the principle of "Promotion from Within," offering comprehensive on-the-job and off-the-job development programs to prepare personnel for positions of increasing responsibility. Shell engineers employ the skills and knowledge of virtually every branch of the engineering and technical sciences in producing and marketing a wide variety of petroleum derivatives.

GEARED FOR PROGRESS

A Campus-to-Career Case History

What's a civil engineer's job in the telephone company?

Claire Hruska graduated in 1953 from the University of Washington with a B.S. in Civil Engineering. Today he's with The Pacific Telephone and Telegraph Company.

"I supervise construction at every stage," Claire says. "Every telephone building is designed around the equipment that will be in it. When a building is needed, I work closely with the architect to make sure his plans fit the needs. Then I check the contractors' bids. When the contract is let, it's my responsibility to see that the builder sticks to the plans in detail.

"Right now I'm handling the construction of several telephone exchanges, a large office building in downtown Seattle, and additions to other buildings. It's satisfying work, because I'm on my own a lot, and getting the jobs done is up to me.

"I've got a career that offers big assignments and responsibilities, and real opportunities to get ahead in a business that's growing rapidly. That's what I was looking for."

Claire Hruska is typical of the many young men who are finding rewarding careers in the Bell Telephone System. For more information on career opportunities in the Bell Telephone Companies, Bell Telephone Laboratories, Western Electric and Sandia Corporation, see your placement officer.

TEAM LOSES TWO; MEETS WSC TONIGHT

Washington Wins Twice In Lop-sided Contests

Accurate outside shooting and strong rebounding gave the Washington Huskies two wins over Idaho's undermanned Vandals Friday and Saturday by scores of 77-58 and 71-49.

The Vandals played their fifth game without their leading scorer, Gary Simmons, and their fourth without Coach Harlan Hodges, as they saw the powerful Huskies hold on to their undefeated conference record with two lop-sided wins. The games gave Washington a 4-0 record in conference play and dropped Idaho's slate to 0-4. Idaho now has a 6-8 season record.

Idaho, playing under assistant coach Clem Parberry, was far outdistanced in both games. Through the first half of the Friday game, the Vandals matched the Washington team basket for basket and found themselves behind 32-27 at the half. The Huskies dropped in 7 of 9 field goal tries as they came out red-hot to open the second half and jumped to a lead of 64-36 with only 10 minutes of the half gone.

In the Saturday game the outcome was never really in doubt. Vandal center Gary McEwen opened the scoring with a hook shot, and after two points by the Huskies Jerry Jorgenson dropped in a field goal to give the Idaho squad back the lead. But that was the last time the Vandals were even close, as Washington moved well ahead and held the big lead.

Through the first half Friday, the Vandals had Washington and their "treetop twins," Bruno Boin and Doug Smart under control, and they displayed an effective zone defense that seemed to bottle up the Husky offense quite well. Late in the half they switched to a man-to-man that wasn't quite as effective in stopping the Washington threat, but did give them better offensive board strength.

The amazing accuracy of the Huskies in the second half put them well in front as they rolled to an easy win. Smart got 20 points for Washington and B. J. Schaeffer, eleventh man on the Vandal team played only 10 minutes of the game, but led the Vandals with ten points as he got four field goals in four tries and made two free throw chances good for 100 per cent shooting for the night.

In the Saturday contest the Huskies' two big men, Boin and Smart got valuable help from their guards as Don Dorland, John Pariseau, and Don Sunick opened the tight Idaho zone defense with accurate shots from outside.

Captain Jerry Jorgenson led the Vandals Saturday, as he accounted for numerous rebounds and dropped in 13 points for his second high total for the season. In his best night of the year, he got 14 points against UCLA in the conference opener.

Frosh Will Tangle With WSC Tonight

The Idaho freshman hoopsters, sporting a 4-1 season's record, face the Washington State College Cougar frosh tonight at 8 p.m. in a preliminary clash to the Vandal-WSC varsity game at Pullman.

Coach Clem Parberry named a 13-man traveling squad yesterday for the Cougar tilt.

Parberry complained that short practice periods may considerably hamper the frosh in their sixth game of the season. Due to intramural contests, the freshmen have been restricted in practice sessions from 3 to 4 p.m. each afternoon.

The squad has practiced only three days since returning from Christmas vacation because of gym difficulties and the loss of Coach Parberry to the varsity, during Coach Harlan Hodges' illness.

As in past games, Parberry will use two alternate units. Probable starters include Rollie Williams, Weldon Wood, Dave Damiano, Kent Woodhouse, and Jackie Bloxom. Joe Walton, Roger Watts, Ken Goodwin, Larry Hattemer, and Jess "Tilden" will work on the alternate team. Puryls Starr, Dale Stewart, and Glen Potter complete the traveling squad.

The Idaho freshman-Lewis and Clark Normal School game, scheduled for Friday, has been cancelled, but the two teams will meet here Feb. 22.

Stahley Gives No More Indication About Harvard Job

Vandal football mentor "Skip" Stahley, just back from a week-long stay at the NCAA coaches meeting in St. Louis, gave no further indication about the possibility of his moving to Harvard or any other school.

Stahley and Idaho Athletic Director, Robert Gibb, arrived in Moscow Monday morning from the Missouri meeting.

The Idaho coach said no one had talked to him further regarding the Harvard position. He said the only contact made was a telephone conversation with a representative from the Harvard Crimson, student newspaper, asking him if he had been contacted.

Bears Hold PCC Lead With Double Win Over Oregon

California's Golden Bears have clawed their way to an early Pacific Coast Conference basketball lead after weekend series action.

The Bears, with a 5-0 won-loss record, are closely pressed by both UCLA and Washington, with 4-0 slates.

All three teams scored convincing double victories in games Friday and Saturday nights. California trounced Oregon's Ducks, 53-46, and 71-57, the Bruins clubbed Washington State, 87-65, and 83 to 62, and the Huskies roared past Idaho, 77-58, and 71-49.

Southern California pulled the first real upset of the campaign Friday night, smacking Oregon State, 55 to 49. The Trojans, however, gained revenge Saturday night, defeating the Beavers, 67-54.

The determination of the coach and team are shown by Kirkland's comments on this Friday's meet with WSC at Pullman.

Cagers Seek First PCC Victory At Pullman

Idaho's Vandals still seeking their first conference win after four unsuccessful tries, will meet the winless Washington State Cougars tonight at 8 p.m. in Pullman.

The Vandals will have Coach Harlan Hodges on the bench with them for the first time in over two weeks when they go against Larry

Beck and Co.

Hodges, still weak from a recent appendectomy, took over the team from assistant coach Clem Parberry last night, and will coach the team with some assistance from Parberry in tonight's encounter.

The Vandals, who have been beaten twice by both UCLA and

Washington, will again be without the services of star guard Gary Simmons. Simmons, out with a twisted ankle, may be back by next week.

Hodges is expected to start the same five men who have opened every game since Simmons was injured. Jim Branom and Jerry Jorgenson will go at forwards, Gary McEwen at center and Why-ten Coleman and Bill Wilson at guards. The Vandal reserves, who have seen almost as much action as the starters in recent games also will be busy.

Led by All-PCC Forward Larry Rask, who was second only to UCLA All-American Willie Naulls last year with a conference average of 21.1 points a game, the Cougars are a coming team. Beck showed he hasn't lost his scoring punch by hitting for 40 points against California and 42 against UCLA already this season.

Jack Friel, veteran coach who has been at the Washington State hoop helm for 29 seasons, has been rotating his players freely so far. He'll probably start two veterans, Beck and guard Dick Rask, 5-11, along with a trio of promising sophomores. The soph include center Paul Ronhaar, 6-6, forward Jerry Spanner, 6-3, and guard Dix Axelsson, 6-0.

The Vandals and the Cougars have met two common opponents this season. Idaho swept a two-game series with Montana's Grizzlies while WSC was splitting two tilts, and the Vandals lost two one point squeakers to UCLA earlier this year, while the Bruins easily handled the Cougars last weekend in Los Angeles, for double victories.

Tryouts for the University Inter-collegiate bowling team were completed Saturday afternoon and an eight man team was chosen.

Candidates for the squad were required to bowl twelve games and were picked on the basis of total pins for the games. Twenty-nine men tried out.

Earl Hall, captain and manager of the team, announced that the first competition will be in the regional air-mail tournament which takes place Jan. 19 to 26.

This tournament sponsored by the Association of College Unions in the Northwest Region will include college teams from all of the northwest states, Nevada, Northern California and the territories of Hawaii and Alaska. Actual bowling will be done on the home alleys of the squads and their results mailed into the association for a decision on winners.

Another meeting of these same teams will take place in Seattle in late March. The Idaho squad will attend this meet if finances allow.

Men making the team and their total pins are as follows: Earl Hall, 2192, Jerry Johnson, 2032, Leo Taffola, 2017, Dwayne Hodgson, 1997, Thad Schole, 1991, Fred Ayarza, 1991, Richard Rene, 1986, and Kent Harrison, 1960.

The team average for the twelve games was 168.

Swimmers Swamp EWCE 68 To 16 In First Meet

Idaho varsity swimmers set four new meet records in breezing to a 68-18 win over the Eastern Washington Savages at Cheney Saturday in the Vandals' first dual meet of the year.

The Idaho freshmen waterman team bowed to the EWCE frosh, but came close to an upset victory in a 42-39 defeat.

Coach Eric Kirkland praised Leonard Lawr, Dale Carlisle, and Jack Helle for their outstanding work in the varsity's crushing win.

Lawr took firsts in the 220-yard free style and 100-yard free style and was brilliant in helping the 400-yard medley relay team to a victory and one of the four new meet records.

Carlisle and Helle both set meet records, Carlisle copping the 200-yard back stroke in 2:35.3 and Helle taking the 200-yard breast stroke in 2:47.3. Chet Hall completed Idaho's record breaking quartet, with a 2:58 finish in the 200-individual medley.

Dennis Jensen was a surprise winner for Idaho in the 50-yard free style, defeating teammate Dave Roscoe, in 25.3.

Coach Kirkland said that Lew Oring, Bill Blair, and Sam McNeill looked particularly outstanding in the freshman's narrow defeat.

Oring took the 200-yard back stroke in 2:50, Blair, recently elected squad captain won the 200-yard butterfly in 3:31, and McNeill was a major factor in the 400-yard free style victory.

The Varsity Summary 220-yard free style—Won by Lawr, Idaho; second, Kim Larsen, Idaho. Time—2:27.9.

400-yard medley relay—Won by Idaho (Ozzie Smith, Bruce Buckman, John Price, Helle. Time—4:39.6.

50-yard free style—Won by Jensen, Idaho; second, Roscoe, Idaho. Time—25.3.

200-yard individual medley—Won by Hall, Idaho; second, Alex Gilbert, Idaho. Time—2:58.

Diving—First two places went to EWCE. Third, Ron Edwards, Idaho.

100-yard free style—Won by Lawr, Idaho; second, Buckman, Idaho. Time—56.5.

200-yard back stroke—Won by Carlisle, Idaho; second, Lindberg, Idaho. Time—2:35.3.

200-yard breast stroke—Won by Helle, Idaho; second, Price, Idaho. Time 2:47.3.

400-yard medley relay—Oring by Idaho (Jensen, Smith, Buckman, Roscoe). Time—4:05.3.

440-yard free style—Won by Larsen, Idaho. Time—5:45.

Events Won By Idaho Frosh 50-yard free style—Won by Jack Fuller.

400-yard medley relay—Oring, Blair, Dave Damon, Jim Kempton. Time 5:08.

200-yard butterfly—Won by Blair. Time 3:31.

200-yard back stroke—Won by Oring. Time 2:50.

400-yard free style relay—Jack Spanier, McNeill, Kempton, Allen Diethelm. Time 4:25.8.

SPORGAS/BORD by Dean H. Judd

While the PCC overlords argue and bicker over how much money, board, room, tuition, and who-knows-what-all a college athlete should receive, one member of the Idaho athletic staff has little concern over how it will effect his team.

Swimming coach Eric Kirkland can hardly have his equid by any scholarships that are illegal, as monetary help is almost nonexistent in Idaho swimming.

Despite the fact that he has no "good deals" to offer promising swimming prospects in the area, Kirkland will open the Idaho home season here this weekend with what he calls the best team he has ever coached here.

Compared to the numerous scholarships offered by sports like basketball and football, Kirkland has on hand for swimmers one \$60 scholarship which he annually divides between six of his varsity swimmers.

On the other hand, other schools in the Northern Division of the PCC have strong swimming programs with considerable monetary help from their athletic departments. Last year, according to Kirkland, Washington, long rulers of ND swimming, had \$7,000 to work with in their swimming department. The Vandals were narrowly edged out by Washington State last year and one man the Cougars lured from New York was this key point getter in the meet.

Top Frosh Team This year, with his squad strengthened by last year's freshman team, which went undefeated, Kirkland expects to give both Washington State and Oregon close meets and hopes to capture at least a third in the Northern Division competition.

The swimming mentor again expects to see the Washington Huskies, who haven't lost a dual meet since 1942, win the race and Oregon State right behind them. He feels that the Vandals could finish in third spot.

Top Competition For example, in last Friday's meet with EWCE, in the backstroke Dale Carlisle barely beat out teammate Ralph Lindberg, who was the most valuable swimmer on the varsity in the 1955-56 season and in the 50 yard free style, Dennis Jensen upset teammate Dave Roscoe, a Seattle boy who was highly sought after by the University of Washington.

Such competition is shown all down the roster in any event.

The determination of the coach and team are shown by Kirkland's

comments on this Friday's meet with WSC at Pullman.

Kirkland said, "Washington State has two good men that can really hurt us by taking five or six events between them. That means we'll have to go all out to win in other events to win the meet, and I think we can do it."

Following Friday's WSC contest, the Vandals open their home season with a meet against the University of British Columbia here Saturday. Vandal fans can see great competition if not top-notch swimming by watching these and the rest of the team's home meets.

SALT LAKE CITY INTERVIEWERS College Placement Office January 18, 1957 For Sperry Utah Engineering Laboratory In Conjunction With Sperry Gyroscope Company Immediate and Future Openings for Engineering Graduates—E.E., M.E., A.E., Engineering Physics and Physics

IT'S FOR REAL! by Chester Field FASHION "Paris has necklines on sideways, New York has the waist shoulder-high, There's nothing like fashion To cool off your passion!" He laughed... 'til he thought he would die! P.S. Male Incees in Bermuda shorts can be pretty funny too! Fat or slender, either gender, if you like your pleasure BIG, enjoy the real full flavor, the real satisfaction of a Chesterfield. Packed more smoothly by Accu-Ray, it's the smoothest tasting smoke today. Smoke for real... smoke Chesterfield \$50 for every philosophical verse accepted for publication. Chesterfield, P.O. Box 21, New York 46, N. Y. ©Learitt & Wren Tobacco Co.
