The GOLDEN FLEECE by Jason

Worthy of a great deal of mention and discussion is the forthcoming graduation program at which time over 700 Idaho Students will receive diplomas. Oops, it slipped, we mean a blank, white piece of paper and a big handshake from the dean of the college.

And that's about all graduation will include this year.

The families of these graduates will begin arriving probably the day or two before the ceremony and will have to dodge droves of undergraduates packed and heading home for the summer. The campus will be in mothballs for the summer school to follow and those left will be the "probable" graduates, and members of the University symphony orchestra and Vandaleers, who have been so kind, after being told, to stay an extra day or more to fill out the graduation exercises.

To ask review of the action which established the new procedure, would be fruitless. The administration takes a hankerin' to do something, does it, and that's the final word.

Many of the parents who have never been to Idaho and even those who have frequently been at the school, have a deep sense of regard for the University at graduation time when they are about to see the efforts of sons and daughters rewarded.

State Of Mourning

To many the opportunity to see the Idaho campus as their offspring have seen it for four or more years only comes once in a lifetime. Then they come to a University and find the graduates colleagues gone, the atmosphere nil and the college more in a state of mourning than achievement.

The finals schedule runs through to 5:30 p.m. Saturday prior to Sunday graduation and seniors will be taking finals right along with undergrads. There is little time to pleasantly wind up a college career like expounding farewells to college friends and faculty people and collecting the mammoth amount of junk that can accumulate in four or more years.

After walking across the stage and getting the picture taken in cap and gown, the graduate proudly shows off the sheepskin.

"Mom and Dad, here's my diploma. It doesn't say anything. But the school will tell me whether or not I graduated sometime this summer."

The graduate proudly slips the blank sheet of white paper under his arm, turns around and stares headlong into a big sign:

"A Friendly Farewell from your Alma Mater!"

Board To Discuss 4 Point Plan On Activity Limitation

The ASUI Exec Board meets tonight at 7 with house president to hash over a much discussed problem of controlling campus activities.

The Board decided last week to air problems confronting the Board in its attempt to find a solution to taking emphasis from an abundant number of time consuming activities. The Presidents will discuss the meeting with living groups.

Lon Davis and Mrs. Carolyn Staley, board members, submitted the activity controls report to the board Feb. 19. The four points

listed in this report are activities in which the individual student can participate should be limited, competition on campus should be limited, activities in the nature of kick-off dances should be curbed, and house activities should be controlled.

At a recent board meeting it was suggested activities be classified as a major or minor activity and the number of these that a student can take should be established. No action has been taken on any of the proposals at the present time.

Frosh Royalty

A Frosh King and Queen will be picked from these ten finalists at voting Thursday noon. The winner will be crowned at the intermission of the Frosh Dance Friday night. They are: (left-hand corner clockwise) Fran Baudek, Theta; Nan Alvord, Kappa; Kay Shipley, French; Ann Marie Berry, Alpha Phi; Tom Benjamin, Delta; Karla Klamper, Gamma Phi; Don Yost, Sig Alpha; Garth Brown, Beta; and Ed Campbell, Fiji. Gary Farnsworth, Sigma Nu, is not shown.

Little Int'l Queens

One of these three Idaho Coeds will be selected queen of the 31st annual Little International Agricultural Show, Thursday night. The queen will be crowned May 9 at the Kickoff banquet to the week long show May 13-18. They are: (left-right) Diane Kail, Kappa; Judy Bailey, Steel, and Trena Atchley, Forney.

Three Coeds Chosen Ag Queen Finalists For Annual Little International Show

Trena Atchley, Forney; Judy Bailey, Steel; and Diane Kail, Kappa, were chosen as finalists for the Little International Show. The finalists were announced at a mixer Thursday evening. The queen will be selected at an Ice Cream Feed, March 28. She will be crowned at the Kickoff Banquet, May 9.

Trena Atchley and Judy Bailey are freshmen majoring in home economics, while sophomore Diane Kail is majoring in dramatics. The Little International, an annual event sponsored by the Ag Club, will start May 13, and end with an evening of special entertainment May 18. The special entertainment will include clowns, variety numbers, fitting and showing contests, and a pie eating contest.

Mystery Sure To Keep Audience On Chair's Edge

In London's Richmond Theatre on the evening of December 5, 1938, the curtain went up on the play "Gaslight" with Gwen Ffrangcon-Davies and Dennis Arundell playing Mr. and Mrs. Manningham, while the Scotland Yard sleuth, Rough, was taken by Milton Rosmer.

Vincent Price, the master of suspense, and Judith Evelyn were highly acclaimed for their portrayals of Mr. and Mrs. Manningham, and Leo G. Carroll was excellent in his matter-of-fact role of Police Inspector Rough.

After seeing the Broadway show, Eleanor Roosevelt said, "In the evening we went to see 'Angel Street', which I recommend to anyone who wants to be absorbed and taken out of his daily round of interest. You sit on the edge of your chair most of the time and it is really a grand mystery story."

When Hollywood made the play into a picture starring Ingrid Bergman and Charles Boyer in the lead and Joseph Cotton playing Inspector Rough, they took the original title of "Gaslight" for the billboards. When the movie was produced in 1943, however, Mr. and Mrs. Manningham assumed a new name, Anton.

The entire action of "Angel Street" takes place within a chamber, gaslit sitting room of an old home in the Pimlico district of London in 1880. Edmund Chavez, director of the Idaho show, said "The house where the action takes place hold the secret of a murder that took place 15 years before."

Please Return Library Books

A recent problem of books not being returned to the University library was noted this week by Lee Zimmerman, campus librarian. More than 250 books have disappeared since the fall term began, he said. Though the library sends reminders to holders of overdue books, many fail to take action. These individuals are eventually charged for the books, but the money does not go to the library, Zimmerman said. It is placed in the general fund.

An additional 150 books are taken from the library without being checked out. As a measure of regaining lost books the library committee suggested boxes be placed in living groups the last week of school and that the students could drop books in it with no questions

ASUI Presidential Hats In Spring Race Ring

Two ASUI presidential candidates, Reed Bowen, Independent and Lon-Davis, Student Government, have been named and the third will be decided at noon today in the United Party primary.

Clark Anderson, Fiji; Bill Simon, Delta; Dave Maxey, Beta; and John McMennamin, Sigma Chi, were nominated at a Greek Caucus meeting last night, to run

in the United Party primary this noon. Davis, Gault Hall, officially became the Student Government candidate yesterday after going through the party's primary unopposed.

Bowen, Lindley, defeated his closest competitor, Lowell Martin, Willis Sweet, by 19 votes in the Independent presidential primary Friday noon. Bowen had 459 votes,

Martin, 440, and Bill Booth, Willis Sweet, 108.

Student Government party named an exec board slate of seven after no write-in candidates were elected in yesterday's primary.

The exec board hopefuls are: John Roussos, off-campus; Cherie Bacon, Alpha Chi; Bob Ridener, Teke; Bob Prestel, Teke; Felix Marcollin, Campus Club; Jim Kay, ATO; and Al Andrews, Gault.

Patsy Rojan, Pi Phi, a previous nominee declined to run because she didn't feel she would have adequate time to handle the position, according to Lee Scott, party co-chairman.

At a meeting last night, Independent Caucus nominated 13 students to run in their exec board primary Thursday noon.

Nominees

Those nominated were: Joan Fisher and Sonjha Hoisath, Hays Hall; Chet Prior and Martin, Willis Sweet; Chris Mackert, Ethel Steel; Dick Sorenson, Gault; Paul Walters and Tom Davidson, Pine; Bruce Wright and Chuck Orem, Lindley; Darrell Weber and Reed Walker, LDS; and John Falen, Upham.

Independent Caucus also passed a revised constitution by a majority vote. Revisions include limiting caucus to political activities, tying down nomination procedures and establishing a dues policy.

United Party will select their primary exec board slate at a nominating assembly Wednesday evening and will conduct their primary Thursday noon.

Greek Caucus, in their meeting last night, approved the re-admittance of Sigma Chi and Kappa Sigma to the organization. Both fraternities had been absent for a year.

School Paper Writers Win News Awards

Two high school news writers and ten papers received awards Saturday morning as the annual two-day high school journalism conference adjourned at the University.

Nearly 300 students, some from as far away as south eastern Idaho attended the meet. Some 337 were registered at the tenth annual conference last year.

Nampa and Boise writers won top awards in writing contests held Friday afternoon and Saturday morning. Claudia Shell of the Boise Highlights won the news reporting contest, and James Metcalf of the Nampa Growl was tops in the sports reporting competition. Both received plaques from the Moscow Daily Idahoan.

Robert Moe, K-Log, Kootenai High School, and Daniel Pfaff, Nampa Growl, were runner-up in the news writing; and Larry Nird of the Pollatch Logonian and Fred Bierig of the Boise Highlights were awarded certificates.

Ten Idaho high schools won all-state honor ratings for their newspapers, according to Dr. Granville Price, chairman of journalism.

Too Many 'Know-It-Alls'?

Leadership Conference may have been a victim of circumstances or have been just plainly ignored by lack of interest, but whatever it was, it fell flat on its face.

The conference makes an annual effort to spread some of that leadership talent that seems to be so scarce in the coming ASUI elections. Only 25 attended the Saturday conference, and most of these were connected to it in some manner.

The confab list of speakers certainly had nothing to do with the poor attendance. It included top leaders and teachers from the area in a program backed by a good deal of hard work by the chairmen.

The lack of student interest probably comes from two points:

First, the campus was almost exhausted from the two conferences earlier in the week. Also postponements from the week before caused the leadership confab to fall right between two of the most socially busy nights of the year.

The other reason probably was just that students in general weren't interested in learning how to become leaders. Either all the students believe they have all of the knowledge needed to be competent leaders, or they have no desire to become leaders.

From the lack of top candidates on the political slates being prepared for the April elections, it is apparent that there aren't too many student leaders on the Idaho campus. It is certainly no credit to the University if the second reason is the answer for no attendance.

By following through on suggestions mentioned during the Saturday meetings for improving the conference, and by completing a plan to move the confab to Frosh Orientation during the fall, the conference could become much more valuable to the students and the University.

But of course, the conference will still be useless if no one attends it.

College Observatory Series 13- Women: Try These Rules

With Don Neville-Smith you didn't have to worry about Women, are you tired of rules? checking in, checking out and Do you wish that just one night watching the clock in between?

Then ponder what happened at the University of Montana in 1914 when a group of upper class women formed the Women's Advisory Committee to set up rules for first-year women.

These are the rules: "It will be considered improper for first-year women to have pictures of men other than their fathers in their rooms."

"All freshmen wearing high school pins shall forfeit same."

"Freshmen will not be allowed to have parties in their rooms unless two students other than freshmen are present to chaperone and maintain order."

"Not more than one article of jewelry may be worn and positively no cosmetics used."

"Freshmen will not be allowed off campus unless accompanied by students other than freshmen."

"Only one date a week will be allowed and the same gentleman may not call on two consecutive weeks; as the Women's Advisory Committee deems it proper to discourage college romance."

"Proper and due respect must be paid to students other than freshmen, and the Committee considers it proper for freshmen to rise when students (other than freshmen) or faculty members enter the room or take a seat in the dining room."

Needless to say, as the result of strong opposition, the rules were never enforced.

The Daily Texan tells of a University of Texas coed who has been scaring away some of her dates lately, entirely against her will.

When going through enrollment, she wasn't sure of her new phone number, but decided to list it on all her cards as she remembered it.

Now men who call her get a husky-voiced answer. The Daily Texan advises date-seekers to hang up promptly, and informs them that the unknown masculine voice is that of the Austin chief of police. The coed used the chief's unlisted number by mistake.

At the University of Oregon, according to the Oregon Daily Emerald, the head landscape gardener is named Weed.

But the University seems to have been outdone by their northern country cousin (OSC). A man named Apple heads their horticulture department.

In Spite Of WHAT YOU THINK

Campus politics will soon begin. Rah, rah, Tippecanoe and Tyler too. Various students will get variously hot and bothered and probably the only thing that won't be brought up is the Red Peril, or maybe it will be this year. Progress, you know.

For some reason, campus politics has an aura of holiness. After all, it is training in citizenship. It gives us some of the necessary background to intelligently take into our hands the role of Citizen USA. Gee, we get to elect our own officers, we have political parties, we even vote.

Activities Yeah, sure. Well, here we go. The fact is that ASUI affairs are merely an activity, of no more consequence than drama, journalism, and so forth, and far less entertaining. I'm not griping, we have amusements for aspiring actresses, writers, athletes, why not politicians? The only thing I object to is the devastating seriousness with which this particular activity is taken, as though it were somehow superior to all the rest.

Any activity on this campus is by nature bound to be a minor affair. Most of the students do not give a particular damn about anything but getting out of this lockup with as little pain as possible. Some wouldn't strenuously object if they picked up an education along the way.

The election for student body officers is, unavoidably, a mere popularity poll, subject to the back-fence gossip otherwise known as campaigning. This is all right by me. I'd prefer to see the individual made the basis of choice.

Glittering Generalities Our embryonic leaders talk in glittering generalities. They will devote themselves unceasingly to the recruiting of more and more students to perpetuate this glorious institution in even more

MUN Delegates Prep For Trip To Convention

Seven members of Idaho's Model United Nations delegation will present their version of the "Communist Life" to interested students today at 4:10 in conference room "B" in the SUB.

The purpose of the meeting is to give the delegates an opportunity to present their resolutions to the public and to provide students an opportunity to become better acquainted with the functions of the organization.

All students are invited to attend, ask questions and offer criticism, Arlie Caudle, delegation chairman said.

This year, Idaho will represent Yugoslavia in the seventh session of the MUN to be held at Stanford University, April 10-12. The delegation has worked since November gathering background material for speeches and resolutions which reflect the ideals and position of the Titoist government as a member of the Communist block in the UN.

Each member will present and defend a resolution in various committees and later before the General Assembly.

The Stanford conference will be the largest in the seven year history of the MUN, with 700 delegates from 80 western colleges and universities expected, Caudle said.

Members of the Idaho delegation are: Mary Musick, Carol Reichert, Fred Cook, Neela McCowan, Mike McQuade, Bob Hill, Dick Day, Paul Baker, Arlie Caudle, and Dr. Malcolm House, faculty advisor. Ross Cotroneo and Ingrid Jones will travel as alternates.

IFYE MEETING A general discussion of all 4-H Club members and people who are interested in the International Farm Youth Exchange program will meet at 7 p.m., conference room D.

JJ on Jazz

If you happen to be one of those unfortunate persons who is sans femme (or less likely, sans homme) on a Friday evening, or maybe you have a date and are parked within hearing distance of our campus radio station, then you have some real fine listening in store for yourself from 10:15 p.m. until 1 a.m.

This is the time for what is commonly called "Friday Night Jazz" and it is divided into two sets. The first is "Viva Jazz" and the disc jockey for this part is Mr. Bill (Rouge) Skinner. The second part is "Jazz Off The Cuff" and features Bill Vermillion and Bill Skinner playing the records.

"Viva Jazz" lasts from 10:15 to 12 o'clock and features only progressive jazz. The show starts off with the theme "Vival Verrell" played by Ted Heath from his album "Jazz at the Palladium" and then the program swings right into some of the finest progressive jazz numbers on wax.

A few days ago I was talking to Bill Skinner about the program and he told me that the purpose of his portion of the program was twofold. Primarily to gain more interest in jazz, and secondly to make that interest follow along the lines of progressive jazz. He also soaked—(MOth starts) hon also asked me to ask you to bring up your own albums and he will play them on the program. It was also Bill's wish that if you happen to be up and around at that time, he would appreciate it very much if you would drop up to KUOI and

pay him a call during broadcast time.

"Jazz Off the Cuff," which takes up the remainder of the program is a show of surprises. This is Bill Vermillion's portion of the program and Bill plays all types of jazz. The two of them (Bill and Bill) talk about the records and just plain have a ball playing the records and commenting on them.

All in all, it stacks up to an evening of very enjoyable music with a few quips thrown in to add some humor to the already lively music that is played. So if you are within radio or hearing distance of KUOI on Friday night, I think you should give them a listen. You can be sure of hearing some fine music.

Customer: Do you have any notions on this floor?

Floorwalker: Yes, but we usually suppress them during working hours.

Hays, Pi Phi Best Dancers In Festival

Hays Hall took first place in the annual Folk Dance Festival Friday night with their version of the Norwegian Rhinelander.

Other winners were Pi Phi, Mexican Hat Dance, second; Tri-Delt, Sallor's Hornpipe, third; and Alpha Phi, Paestanian circle dances, fourth.

The annual Festival is part of the women's intramural program and features dances from countries all over the globe.

Twelve women's living groups took part in this year's festival, performing in native costume of the country which originated their dance. Groups and the dances they performed included Forney, Tandoli; Ethel Steel, Tarrenela; French, Fandango; Kappa, Irish Lilt; Alpha Chi, Krakowiak; Gamma Phi, Chamarrita; Theta, Austrian Polka; and Delta Gamma, Schuplittler.

Intermission entertainment was furnished by a group of Norwegian joined in extemporaneous folk dancing while the judges were deliberating.

Women Elect Sue McMahon To Reign Over May Fete

Sue McMahon, AWS president, was elected 1957 May Queen during Wednesday's Associated Women's Students primary elections. She will reign over the annual May Fete festivities held each year Mother's day weekend.

Ten coeds are on the general ballot for next year's AWS officers. The election will be held April 3 in the Ad. Building.

Sharrlot Bartlett, Gamma Phi, and Mollie Godbold, Hays, were nominated for president; Lana Huschke, Delta Gamma, and Kris Bengtson, Hays, secretary; Phyllis McAlexander, Pi Phi, and Marge Erstad, Delta Gamma, treasurer; Ginger Symms, Pi Phi, and Jane Bonhart, Delta Gamma, Maid of Honor; and Cathy Cannon, Pi Phi, and Sandi Wright, Hays, Page.

Janice Archibald, chairman for the election, said about 360 women students voted in the primary and that she hoped more women on campus would vote in the final elections.

Nominations for the primary elections were selected by five senior women: Janet Harding, Sue McMahon, Eula Gray, Nancy Buchanan and Janice Archibald from an open AWS meeting March 18.

Meanwhile the two candidates for president are attending the International Associated Women's Students convention on the Michigan State University campus in East Lansing, Mich.

Each year Idaho sends its president and vice-president to an IAWS convention. Under their selections system the person receiving the most votes will be president and the other will be veep.

The two coeds will return today. They left Saturday morning.

Vandal Baseballers Split First Games

By DWIGHT CHAPIN
Vandal baseballers opened the 1957 season by splitting weekend doubleheaders with Oregon State and Whitman.

Friday, righthander Doug Randall's seven-hitter stopped OSC, 6-3, in the first of a twin bill but the Vandals fell before the Beaver's heavy bats, 15-3 in the second tilt, at Lewiston.

Saturday, Idaho hurlers Steve Hincley and Knute Westergren both went the seven-inning distance, but Westergren was the victim of poor hitting support in losing to Whitman, 3-2, while Hincley stopped the Missionaries, 7-3, at Walla Walla in the second game.

Coach Clem Parberry said yesterday that the team looked very good, considering the fact that outside practice had been severely limited by adverse weather. Parberry praised pitchers Randall, Hincley and Westergren, who each threw complete games and thought that Clark Anderson, who was driven off the mound against the Beavers, would be greatly improved as the season progresses.

The Vandal mentor is hoping that the weather will improve this week so that the Idaho squad can get in outside work. He said that Vandal infield play showed the effect of inside practice only in last weekend's action.

Idaho diamondmen travel to Lewiston Saturday to meet the Montana Grizzlies in a double header and take on Whitman Monday at either Lewiston or Moscow, depending on the weather.

Big Inning
Idaho scored all its runs in the second inning in the 6-3 decision over OSC Friday. Beaver starting pitcher Ray Barnes issued free passes to first baseman Bill Stellman and outfielder Jim Throckmorton and then fell before a barrage of Vandal extra-base blows.

Barnes yielded triples to shortstop Jim Chrisman and catcher Larry McDonald and was knocked off the mound by doubles from the bats of outfielder Ron Braden and second sacker Ray Copeland.

Fred Paine, Barnes' replacement, gave up singles to outfielder Ralph Lower and Stellman before the big inning ended. Paine threw shutout, hitless ball at the Vandals for the remaining four innings, but the sterling work of Randall kept Idaho on top.

Beaver Outburst
The Beavers started with a four-run outburst in the first inning of early. Two walks, a hit batter, and three singles accounted for the early damage against Anderson.

OSC tallied five times in the third, three in the fourth, two in the fifth and closed scoring with one in the seventh against Anderson and his successor, Wendy Wolf, who entered the game in the fifth.

Idaho's Chrisman scored an unearned marker in the first inning, after being hit by Beaver hurler Syl Johnson. Chrisman took second when OSC second base guardian Jack Bowen failed to touch the sack on a force play, went to third on a passed ball and scored on a sacrifice fly. In the sixth, Stellman singled and outfielder Wayne Rigg rapped a triple and scored on a fielder's choice to complete Vandal scoring.

The Beavers' Tom Hunt had the best percentage at the plate for the two games with three hits in seven times at bat. Stellman led Idaho with two for five.
