

Exec Board and AWS Wednesday night presented a set of matched luggage to Dean of Women Louise Carter at the Board's final banquet meeting. Sharrol Bartlett, new AWS president; Sue McMahon, outgoing president and Dick Weeks, outgoing ASUI president made the joint presentation.

ASUI Major Achievements Result Of Student Interest

President D. R. Theophilus and ASUI outgoing president Dick Weeks Wednesday night concurred that one of the student body's major achievements this year was its solid stand behind the school's efforts to sell the University to the people of Idaho and particularly the state legislature. The University and student presidents spoke before a joint banquet meeting of an incoming and outgoing student executive board. Dean of Women Louise Carter, who retired from that position in June, was presented a set of luggage from the students. President Weeks, cited the student's support of their University as one of the major accomplishments of the exec board this past year. President Theophilus illustrated that this student support is an example of "extreme loyalty to the University and the state."

Mothers Invited To Attend Ball

An all-campus semi-formal dance Saturday night in the SUB ballrooms, which is sponsored by the Idaho Inter-Fraternity Council, will be included in the Mother's Day Weekend, Jim Hawkins, dance chairman, said today. The IFC has extended an invitation to all mothers who are at the University tomorrow evening.

There is a possibility that the hill... that's those people up in the administration building and especially its annex, second floor, first door to your left, then take a left... is about to move on another little gem to control picnics by writing up a long list of do's and don'ts by which we must abide.

The student affairs (and if we don't watch out, they're won't be many left) office and particularly the staffer who has stepped into the shoes of the recuperating Dean C. O. Decker, feels the need to put the clamps on social functions all of a sudden, when actually the office is as much to blame for the laxity of conforming to—not rules and regulations—but gentlemen's agreements made among the faculty people with out the knowledge of the students.

Two houses have lost opportunities to hold cruises this spring because they were scheduled on a weekend that was declared closed. That weekend is the one prior to final week, a weekend that someone says is off limits for social functions, but we defy anyone to produce this document which regulates this particular weekend. It might be buried in the library archives. But when Dean Decker is well enough to maintain full time control of that office, then a smoothing out process should occur. Dean Decker has been one man at the University who has given the students a break. He believes in them for their human qualities. He is unlike some who merely consider the students as a measure of counting and policing.

Satisfactory Results Theophilus said he was satisfied that the University would not have been treated so well by the legislature if it hadn't been for student interest. He attributed the University's success in obtaining financial support from the state to better its education facilities to three causes:

1. The student body was back of the program.
2. The program was well coordinated.
3. The outstanding efforts of the alumni who were active members of the legislature.

The Corduroys, a singing quartet from WSC will provide entertainment during intermission. The group which includes three ATOs and one Beta, are scheduled to make a recording in California after exams. Hawkins said women may bring their mothers to the intermission for 75 cents admission while men students will be assessed \$1.50. Programs, which will be sold in place of tickets, are \$1.50, and may be obtained from 11FC members. Music for the affair will be furnished by Gary Dossett and his eleven-piece band.

Chairmen Jobs To Be Filled By Interviews

Numerous openings on ASUI committees are waiting for students, and interested persons should watch for announcements of interviews for the various positions according to an announcement by new ASUI president Dave Maxey. Maxey said that five more Executive Board meetings will be held this year and that personnel for 11 committees will be selected by that time. Also the Board must audition and select cheerleaders and pom pom girls and make recommendations for the Student Union building committee.

Exec Board members will also be placed on various committees. The vice president and secretary will be elected by the board, a member will be placed on the Communications Board; and another will be chosen to head the House President's meetings. Maxey stated that the first step would be to choose the Board of Selection and Control. This group was consolidated from the Student Events and Student Activities Council.

United Caucus To Elect Prexy

A Greek Caucus meeting will be held at 12:30 p.m. today in Conference Room A to elect a president to replace Rusty Carlson, Sigma Nu, according to Bob Bernard, Delta, vice president. Carlson, who was elected at a meeting of the group Wednesday evening, declined to accept the position. He reported that there is a possibility that he may not return to Idaho next year, and therefore would be reluctant to accept the position. Kay Conrad, Gamma Phi, was chosen secretary of the United Party; and Pat Iverson, Alpha Chi, was elected treasurer.

Compromise Necessary "You will find this business of living and administration a matter of compromise. This institution must cultivate an interest to spend as much time finding out about the good things we have here, we can build an "esprit de corps" and make it a better place to live." He suggested to the board members, that there are three means in which we can solve student and faculty complaints:

1. If you don't like it as a student or faculty then try to change it in an orderly manner through the proper channels.
2. Recognize we all have our frailties. What we can do then is make as much with what you have (Continued on Page 2, Col 2)

Decorations include the crests and emblems of the 15 fraternities on the Idaho campus. Each living group will furnish their own insignia which will be approximately five feet in diameter. The programs will also have the crests and emblems printed in them, Hawkins said. The dance is set for 9 until midnight with intermission at 10:30.

Boise Firm To Design \$1 Million SUB Addition

The University acted today to keep pace with rapidly rising enrollments by engaging a Boise architectural firm to design a proposed addition to the Student Union building, student community center of the campus. The contemplated addition, which would be financed by special student fees, would probably cost more than \$1,000,000.

"The University of Idaho is a residential campus, and the community center is the focal point of student free-time activities. The Student Union building has a long history of additions in an effort to keep up with enrollments." The present building stems from a restaurant known as the Blue Bucket, which had been privately operated in the campus area. The restaurant building was purchased for \$21,200 in 1936 from the late Permeal J. French, for many years dean of women at the University. Minor renovations and additions followed, then in 1950 came a major addition, costing about \$700,000.

Seniors Half-Day Off

Seniors have been granted a half-day vacation this afternoon, by action of the Exec Board. The action was approved by Academic Council last week. This afternoon was picked as most acceptable to the majority of students by class officers, according to Larry Wing, class president. The officers met this week and decided the vacation would be left vacant of planned activities so that seniors could use the time as they pleased. Action for a half-day vacation was taken as a response to pressure by seniors who are dissatisfied with the changes in senior testing and graduation procedures.

HEARTY HELLO TO IDAHO MOMS

Activity Planned For Mother's Weekend Draws Huge Crowd To Campus

An advance guard of Idaho "Moms"—part of an anticipated 2,000 that will be on the campus this week end—began arriving here yesterday for the University's Mother's Day observance. Idaho's multi-faceted lineup of activities coinciding with Mother's Day Sunday should draw a total of 2500 relatives of students here. A survey late yesterday showed that no rooms were available at Moscow's two hotels and only scattered ones at motels. Activities will center around the traditional May Fete tomorrow at 2 p.m. at McLean Field or in Memorial Gymnasium in case of rain. Orchestras and Helldivers shows today and tomorrow evenings and a Song Fest Sunday will round out the weekend. Weather outlook for Moscow yesterday was for overcast skies and Gale Mix, ASUI chief meteorologist, said there was a fifty-fifty chance that activities could be held outdoors. Representatives of organizations concerned with the May Fete will make the final decision at noon today. Open houses will be held in most living groups after the Fete, although some women's groups plan to postpone theirs until after Dean Louise Carter's tea from 3:30 to 5 p.m. Parents will be allowed to inspect living quarters. Highlight of the Fete will be the crowning of May Queen Sue McMahon, past president of AWS. Dick Weeks, outgoing ASUI president will place the crown of one dozen red roses on her head. She will wear the traditional white formal with white train. Queen's Court Her maid of honor will be Jane Bonham and page will be Sandi Wright. Flower girls will be Sharon and Karen Kaus, daughters of Professor and Mrs. Paul Kaus. Roger Logan, son of Professor and Mrs. Norman Logan, and Eddie Snyder, son of Mr. and Mrs. Dick Snyder, will be train bearers. Music for the program will be played by the University Concert Band. Newly-elected ASUI president Dave Maxey will be master of ceremonies. Twenty-six Spurs will wind yellow and white ribbon around the

Dean Carter Honored At Tea After Fete

Dean Louise Carter, retiring dean of women, will be honored at a tea tomorrow immediately following the May Fete. The tea will be held in the North Ballroom of the SUB. Mrs. Marjorie Neeley, newly appointed dean of women, will also attend. All women students and their mothers are invited to attend. Wednesday night at the Exec Board banquet, Dean Carter was presented three pieces of luggage by ASUI president Dick Weeks, Sue McMahon and Sharrol Bartlett. The luggage was a gift from the ASUI and AWS. Newly elected officers of AWS were elected Wednesday night at a coffee hour in the Syringa Room. They are: Sharrol Bartlett, president; Mollie Godbold, vice president; Lana Huschke, secretary; and Marg Erstad, treasurer. Outgoing president Sue McMahon was presented with a gift. direction of Pat Rowe, will dance two numbers. Final portion of the program will include pledging of Silver Lance, senior men's honorary, and Mortar Board, senior women's honorary.

Fowler, Ingle Top SDX Men

George Fowler, editor of the Idaho Engineer, a junior majoring in extractive industries, Tuesday night was elected president of the Idaho chapter of Sigma Delta Chi, men's professional journalism fraternity. Fowler succeeds John B. Hughes, Argonaut editor. Other officers elected were Don Ingle, vice-president; Jim Golden, secretary; and Roger Williams, historian. Ingle served this year as secretary and is a managing editor of the Arg. Golden is a sophomore and Arg news editor. Williams is assistant advertising manager of the paper. The group discussed a picnic with the WSC chapter and a final meeting of the year at which time chapter awards will be made.

The Aggies' Choice

Diane Kail Crowned Queen Of Ag Little International

Diane Kail, Kappa, was crowned queen of the 31st Little International Agriculture Show at a kick-off banquet last night in the SUB. President D. R. Theophilus spoke to the group emphasizing the responsibilities of the College of Agriculture in developing leadership in training young people. One hundred-fifty students and faculty attended the buffet-style dinner. Miss Kail is a sophomore majoring in dramatics from Twin Falls. She will reign over the full week of contests which will start Monday and last until the final public show Saturday, May 18 at 7 p.m. in the Field House. Princesses are Judy Bailey, Ethel Steel, from Idaho Falls, and Trenna Atchley, Forney, from Ashton. Both are freshmen majoring in Home Economics. Entertainment during the affair was by Larry Wing and Gary Morgan who played a guitar duet "Harbor Lights," "My Little Grass Shack," "San Antonio Rose," and "Wabash Cannon Ball." Speech Contests Finals Finals of the public speaking contests were held with three final-

Boise Firm To Design \$1 Million SUB Addition

The University acted today to keep pace with rapidly rising enrollments by engaging a Boise architectural firm to design a proposed addition to the Student Union building, student community center of the campus. The contemplated addition, which would be financed by special student fees, would probably cost more than \$1,000,000. "The University of Idaho is a residential campus, and the community center is the focal point of student free-time activities. The Student Union building has a long history of additions in an effort to keep up with enrollments." The present building stems from a restaurant known as the Blue Bucket, which had been privately operated in the campus area. The restaurant building was purchased for \$21,200 in 1936 from the late Permeal J. French, for many years dean of women at the University. Minor renovations and additions followed, then in 1950 came a major addition, costing about \$700,000. This year another minor addition was made to expand the cafeteria facilities. Student numbers, however, have been increasing faster than the student community center's floor space.

College Observatory — Series 21

Only Boobs Cheat, He Says

A column lauding cheating, printed in the University of North Dakota Student has netted the Dakota columnist a number of letters. (The Argonaut reprinted the column April 19.)

One professor wrote: "The boob who coasts on the job, yet lives like a king is one of Mr. Sakariassen's (the Dakota columnist) 50 per cent who cheat regularly in college. Great men seldom if ever cheat. Small men frequently do. Depending on their stage of ability and development, members of the great in-between group cheat in varying amounts."

"This same coasting boob believes the goal of life is leisure. It is not. The goal is, as Mr. W. R. Hearst, Sr., once said, 'effective activity.'"

"So let us look at the activities in which we can be effective. We must eat and sleep 10 hours daily. We divide our remaining 14 hours between pleasure and work. Our pleasure may come from eating, drinking, dancing, sex or watching TV."

"It is impossible for any of us to maintain health and sanity pursuing any one of these or other pleasurable activities for 14 hours a day. So we must work. It is our main waking activity, and we must be effective in it."

"Effective work ranges from the routine job well done to the burst of creativity."

"I advise you to follow the lonely egghead road. Cheat not. Work hard and imaginatively. Be effective."

Four Kappa Sigs at Southern Methodist University have a hearse for sale. Last November they bought the 1948 black Cadillac hearse for \$200 because they wanted a "different" mode of transportation.

(They first thought about getting a fire engine but found the prices too blazing high, according to the SMU Campus, the university paper.)

Now in debt, the four are willing to sell for \$150. They say the hearse is in perfect condition and will carry 12 passengers.

Coeds have refused to ride in it, however, despite the tasteful midnight blue interior decorations.

A group of vandals at Stanford found that although a Model A Ford belonged to the university crew it still wouldn't float.

According to the Stanford Daily, unknown students will testify to this fact after the car they attempted to sail across Lake Lagunita sank to the bottom, oars and all.

The ancient vehicle had been parked by crew members to advertise a concert being sponsored by the oarsmen to make money to help send the crew to the IRA regatta.

Virgil Young Given Ag Ed Scholarship

An Idaho agriculture education student, Virgil Young, Gault Hall, has been awarded a \$200 scholarship by the R. M. Wade foundation, Dean James E. Krats, college of agriculture, announced today.

Young was nominated for the award by the agricultural education department at the University. The R. M. Wade foundation makes the scholarships available to students interested in becoming agriculture teachers.

A vacationer on a dude ranch is called a tenderfoot — though that's not the place where he's tender.

J.J. on Jazz

Jazz at the Cub will present the Four Freshman on Tuesday, May 14. This will be the final presentation for the jazz at the Cub on the WSC campus this year. As of today they have presented Campus Capers, Jazz Symposium and Stan Kenton All-Stars.

The rise of the Four Freshman has been quick and phenomenal. During the past few years they have been having sell-out performances on campuses all over the country. Off-campus too, in night club appearances and on records, they have been equally impressive.

But all has not been rosy for the group. They started at the Arthur Jordan Conservatory of Music at Indianapolis in order to make it possible for them to stay in school. These appearances convinced them that they had something different and good in musical entertainment.

When they were in school, the group was composed of brothers Ross and Don Barbour, Bob Flanagan and Hal Kratzsch. In 1949 they were out of school and Ken Errair joined the group to replace Kratzsch. They appeared on the

Steve Allen TV Show and were in MGM's "Rich, Young, and Pretty." Their recordings that made them popular (Charmaine, In This Whole Wide World, Day by Day, etc.) were all recorded with Stan Kenton's orchestra, but when they are traveling they provide their own accompaniment: Don Barbour plays the guitar, brother Ross on drums, Bob Flanagan and Ken Errair share the bass work. Bob and Ken also handle trombone and trumpet solos respectively.

The price will be \$1.50 for the show and the time will be 8 p.m. The place is Bohler Gym on the WSC campus. If you can get away for an evening, this would definitely be the evening to do so, as it should be great.

Here's More About— ASUI Major

and emphasize the good points, boast about them.

He told the outgoing board members, "you had a part in the administration of the University and this will live in your minds as a distinct accomplishment. You played a vital role as leaders of the students."

Board Activities

Weeks reviewed the year and pointed out five major activities:

"1. We cooperated with the administration, faculty, taxpayers, and legislators and organized the students in getting reasonable appropriations for the school."

"2. We conducted an activities review with tangible success in that we made the students aware of the problem. From here on out the burden is on their shoulders to limit themselves according to their own capabilities."

"3. The Board worked diligently for a new addition to the SUB."

"4. The Board made a procedural change in the ASUI set up to bring about more efficient handling of the ASUI."

"5. The bookstore proposal passed by the board was a dream not materialized. The Board of Regents has recognized the problems and we were told we are free to recommend to them how the profits could be used."

Weeks continued, "Much of the work was routine. We have realized the needs of the routine, sometimes it is more important than the spectacular or the showy things."

"The Board," Weeks asserted, "was a stabilizing influence in the thinking and activity of the campus. We have met the problems of the students head on."

LITTLE MAN ON CAMPUS by Dick Bibler

Bull Session Knowledge Gained Not Insignificant

(ACP)—Wheaton college RECORD editors point up an important aspect of college life in a recent editorial. No one may get credit for participating in "bull sessions," they acknowledge, but the talk certainly is valuable.

If it were possible to give scholastic credit on the basis of acquired wisdom, there are undoubtedly many areas outside of the normal routine of classes that should be rewarded highly.

Of all of the extra-academic situation there is one, from which we all benefit to some degree, value. It is commonly known as the bull session among men, but it is not foreign to the life of a coed.

It probably would be disastrous to give college credits for "shootin' the bull," but it would rob the custom of its spontaneity and therefore of its life. People chatter about things that interest them, and that is the reason for bull sessions never becoming dull.

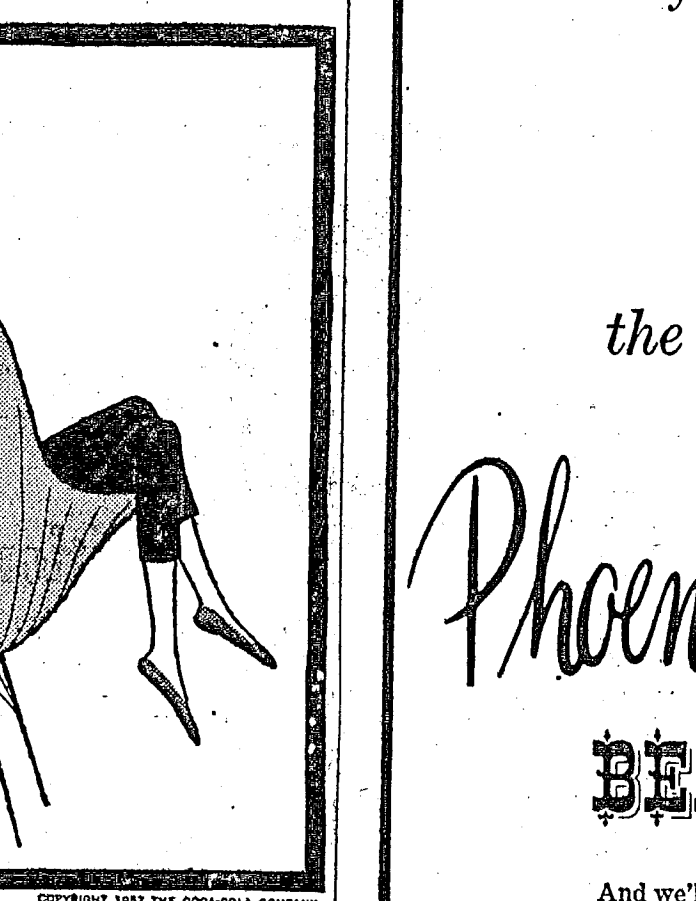

Informal talks are the pooling of the resources of several minds. They give a chem major a background in the philosophy he will never study and help a Minnesota farm boy to understand the basis for racial friction in the South.

Sometimes they will merely be the sharing of experiences or feelings. Often bull sessions resemble bull fights as the arguing reaches a climax. When the dust cloud of words settles, the debaters have probably both clarified their thinking on the matter and modified their views somewhat.

Much of the charm of such talk lies in its universality. Nothing from clothes styles to the deepest spiritual thoughts are beyond its scope. It is nothing but extended, serious conversation—the meeting of minds for mutual benefit.

Take a correspondence course? Never. We have too much to learn from shooting the bull.

There once was a moron named Moe, Who misunderstood mistletoe. He thought it for luck, So he carefully stuck A big sprig in his hip pocket. Ho!

Board Accepts Kaiser Grant

Funds to establish the Kaiser Aluminum and Chemical corporation grant and for 12 scholarships were accepted by the Board of Regents.

A \$2,250 check received from the Kaiser corporation includes \$1,500 for a fellowship and a \$750 unrestricted grant for the electrical engineering department.

Idaho Ice Cream Manufacturers Association presented two \$250 scholarships for students who are residents of Idaho and are majoring in dairy manufacturing.

General Foods corporation awarded a \$100 scholarship to Barbara Johnson, Moscow.

The second installment of the Presser Foundation music scholarship grant for the 1956-57 school year was received. The Future Homemaker of America scholarship was awarded to Rose Kimpton, Ethel Steel, for the second semester. Gooding county Pomona Grange presented funds to be applied to registration fees for Peggy Gee, Ethel Steel.

Two awards were given to Dolores Stippich, Ethel Steel and Mary Tsudaka, French from the Boundary County scholarship fund. Potlatch Forests Foundation, Inc., scholarship awards went to Robert H. Callihan, Moscow, and Jack Hogan, Fiji.

News-Review Publishing Co., Moscow, presented \$125 for the continuation of its journalism scholarship for the 1957-58 academic year. The Nampa. PTA awarded a second semester scholarship to Joanna Callaway, French.

Music Show New On Radio

Through the cooperation of the Radio-TV Center and the music department, a new radio show entitled "Music From Idaho" has been instituted, director Kenneth Bell announced today.

The weekly program is a half hour in length with Professors Warren Bellis and Leroy Bauer as production consultants and advisors.

The program will feature selected numbers from recitals and concerts by both students and faculty in the music department, as well as the major organizations, the Concert Band, the Symphony Orchestra, the University Singers and the Vandaleers.

The program is not only being released to radio stations in Idaho, but it is being auditioned by a West Coast university tape network for release to other colleges and universities. Several nationwide radio stations have also expressed an interest.

Navy To Discuss OSC With Grads

A Navy officer information team will be in the SUB Wednesday from 9 a.m. to 3:30 p.m. to discuss commissions with students. Officials said graduating seniors and other students may inquire about officer candidate school, flight training and WAVE officer training.

Schools are located at Newport, R. I. and Pensacola, Fla. Commissions as WAVE officers are available for women graduates and also to registered nurses as nurse corps officers.

Driver Education Opportunities Set In Summer School

A special University Summer School course which will allow students and teachers the opportunity to qualify as instructors in driver education was announced today by Dr. Hervon L. Snider, director of teaching.

The two-credit course in driver education to be taught by Harvie Walker, Lewiston, will be offered during the first four weeks of the summer session, June 17 to July 13.

Opportunities will be provided for interested students to learn to teach driving and traffic safety during the course. Enrollment will be limited to 25.

"In the decades ahead," Dr. Snider said, "highway transportation is destined to occupy an increasingly significant place in the life and development of our country. It will become more important that every young person develop the fundamental understandings necessary for assuming his responsibilities as a motor age citizen."

Employment Forms For Summer Out

Applications for summer employment in Idaho will be distributed to all campus living groups Wednesday, according to Chuck Bond, Student Employment committee chairman.

The committee will then route applications of interested students to the appropriate employment agency in the state. Students may also make applications in the ASUI office, Bend said.

Then there was the dairy farmer who said, "All I am I owe to udders."

Campus Building Results Seen This Fall

New Site Of Educational Pursuit

The spacious new Idaho library stands next to Memorial Gym ready for the transfer of equipment and books from its old site in the Administration building. Crews worked the year around to complete the structure in one year. Minor interior preparations remain to complete the building, then the moving will take place this summer. The new library will accommodate over 1,000 students at one time in reading rooms, typing rooms, lounges and library rooms.

Workmen begin the process of finishing the interior of McConnell Hall, a job expected to be completed by the end of the summer to allow 110 men to move in. The exterior has been completed.

\$1.3 Million Library, Dorm Ready For Students' Use

University officials reported yesterday that the school will have ready this fall its new \$1.3 million library, a dormitory for 110 men and 64 married-couple units, as part of its continuous plan to break even in the race to meet rising enrollment.

Officials say work has begun on an additional 110-man dormitory, the mining industry is presently in the midst of a drive to donate \$250,000 toward a new Mine's Building, and plans call for earth moving in the vicinity of the "J" tower to provide for future building sites.

The University plans to renovate the center wing of Gault Hall this summer, following the release of the section by local law officials. The dorm was the site of a mid-October fire which raged through the structure, killing three students. An architect has been approved by the Regents to begin drawing plans for an expansion to the Student Union. (See story page one.)

Married Couple Units
The married-couple units are located in Park Village north of the heating plant. Half of the units will be ready by Sept. 1 and others by Sept. 15. The buildings are two stories high and cement for the roofs is now being poured.

The units will include one bedroom, a living room and kitchenette and will be completely furnished. The apartments resemble motel facilities and are close to

local public schools, the campus, and the city park.

The units are of concrete block structure and the interior space is 405 square feet per unit.

Other married housing is located in West Sixth Vet's Village and North Main Village. Several units in West Sixth will be taken out of operation to accommodate the second new men's dorm.

Idaho has a married enrollment of 729.

Library Completion
The four-story library completion will depend upon the arrival of new book stacks. Transporting equipment and books from the old library located in the Administration building is scheduled for this summer.

Ken Dick, University business manager, commented yesterday the library building is one of the best scheduled and programmed construction projects the University has undertaken. He compared that with Gault and Upham Halls, with nearly the same floor space, which took two years to build, while the library will be finished in a year.

The outer part of the building was completed by winter and workmen spent the frozen months in floors on interior finishing. Many

Hall Interior

Workmen begin the process of finishing the interior of McConnell Hall, a job expected to be completed by the end of the summer to allow 110 men to move in. The exterior has been completed.

\$990 Given To Lava Study

The Geological Society of America has approved a \$990 grant for the completion of a geological research project in eastern Nevada by Dr. E. F. Cook, acting dean of the college of mines.

"The project involves an investigation into the nature and origin of vast sheet-like volcanic deposits throughout the Great Basin country that extends northward well into southern Idaho," Dr. Cook said.

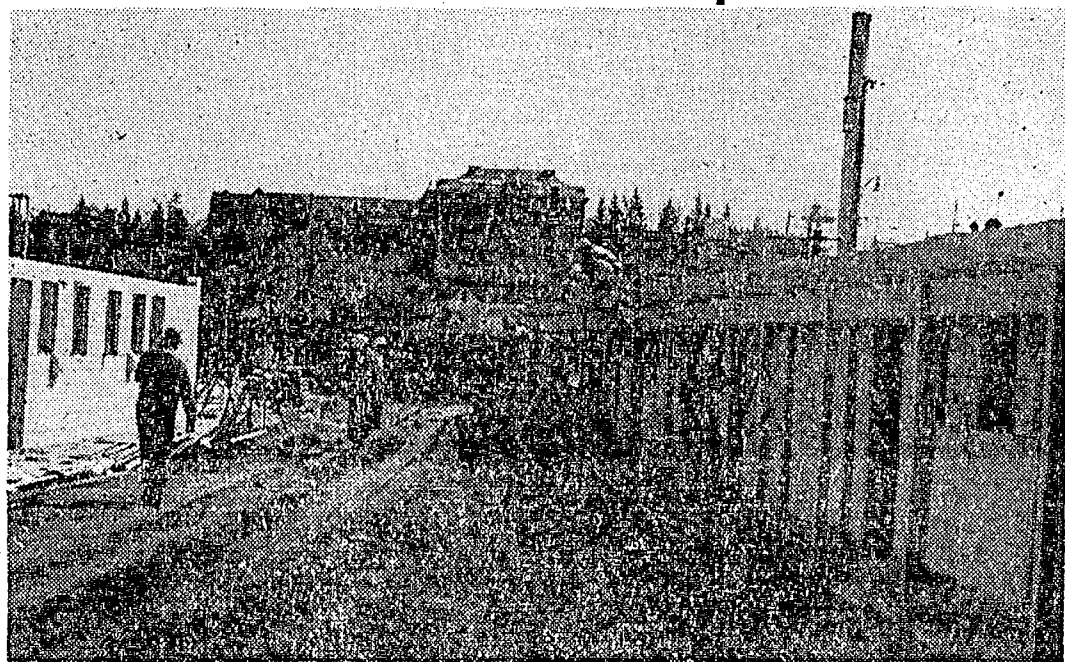

"These volcanic sheets were deposited," he added, "during a series of explosive eruptions much greater than any which have occurred in historic times. They were accompanied by the forceful ejection of at least 20,000 cubic miles of rock material from within the earth in Nevada and Utah alone."

The project had its inception in Dr. Cook's thesis work in southwestern Utah. A condensed version of his thesis is soon to be published by the Utah Geological and Mineralogical Survey.

Definition from the Holcald, Westminster College, New Wilmington, Pennsylvania:

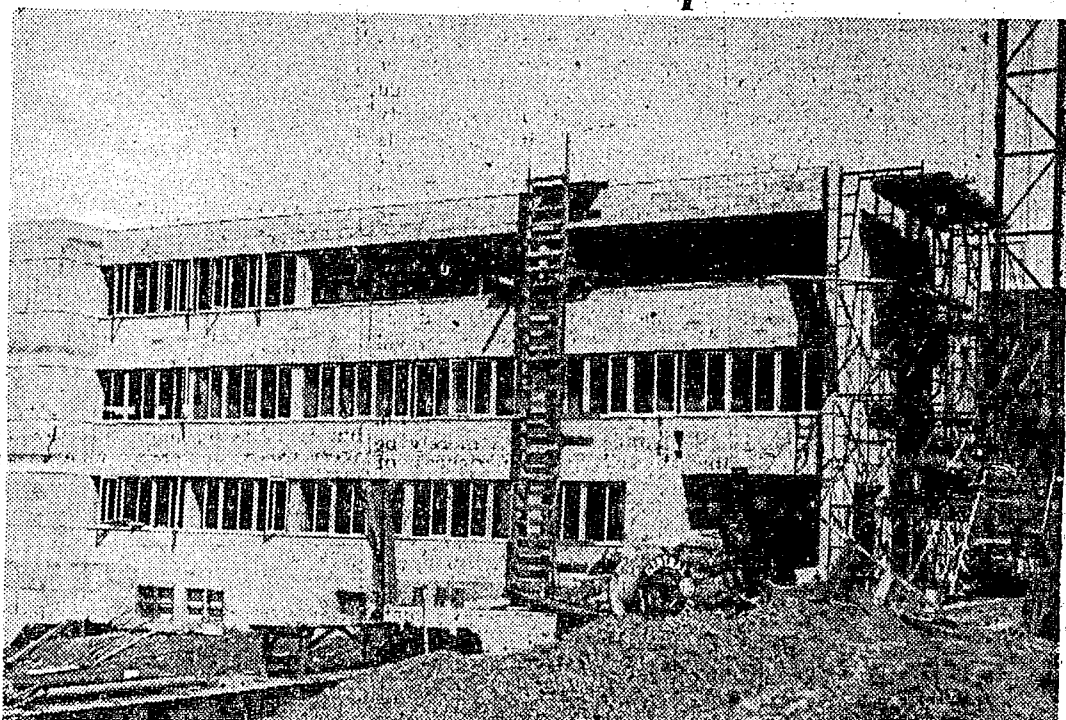

Pathologist: One who can find his way through the woods.

For Married Couples

Pictured here is a part of the units of concrete block structure for 64 married couples which will be ready for occupancy this fall. The units are located in Park Village in North Moscow. The Forestry building of the campus is in the rear.

Its Partner Goes Up Soon

McConnell Hall, a dormitory which will house 110 University men students, currently under construction West of Upham Hall, will soon have a running mate. The similar dorm will be located in the foreground and preparations have been underway to begin the new structure.

Dr. Theophilus Accepts Gifts For University

Technical equipment, books and cash are among the new gifts formally accepted by the University of Idaho Board of Regents, President D. R. Theophilus revealed today.

The Idaho Power company presented a check making contributions of \$8,210 for use in the Idaho farm electrification program; \$1,100 for 4-H club support for the current year, and \$200 for the 1957 4-H club training conference co-sponsored with Utah Power and Light company.

The Shell Chemical corporation provided a \$1,000 grant-in-aid to support research in the use of insecticidal chemicals developed by the corporation for the college of agriculture and gave a \$250 check to be used for the control of weeds, nematodes and plant diseases with reference to the value of certain

chemicals developed by the Shell corporation to the Idaho agriculture industry.

Mr. and Mrs. Talbot Jennings, East Glacier park, Mont., donated 31 books of fiction. Lawyers Title foundation presented \$100 for the Ames Aeronautical laboratory gave a small heat flow analog model complete with a set of instructions and photographs.

California-Pacific Utilities company gave \$80 for use in the university farm electrification program. Hummel, Hummel & Jones, Boise, gave a \$100 check to be used for the C. F. Hummel award for a junior design problem in the department of art and architecture. Grand Chapter of Idaho, Order of Eastern Star, presented a training award for religious leadership of

\$50 to Dale Emmert, Kamiah.

The American Cyanamid company donated \$2,550 in support of the research program on the value of aureomycin chlorotetracycline as a preventative of vibrio fetus in sheep. Utah Power and Light company presented \$1,035 for use in the Idaho farm electrification course for 1957.

Used telephone equipment for use in the college of engineering was donated by the General Telephone company of the Northwest. Western Electric company gave a wood turning lathe and several electrical instruments to the college of engineering. News Review Publishing company presented an area detailed sketch of the city of Moscow as it appeared in 1887.

Willis Sweet Hall Jolted By Prank With Bomb

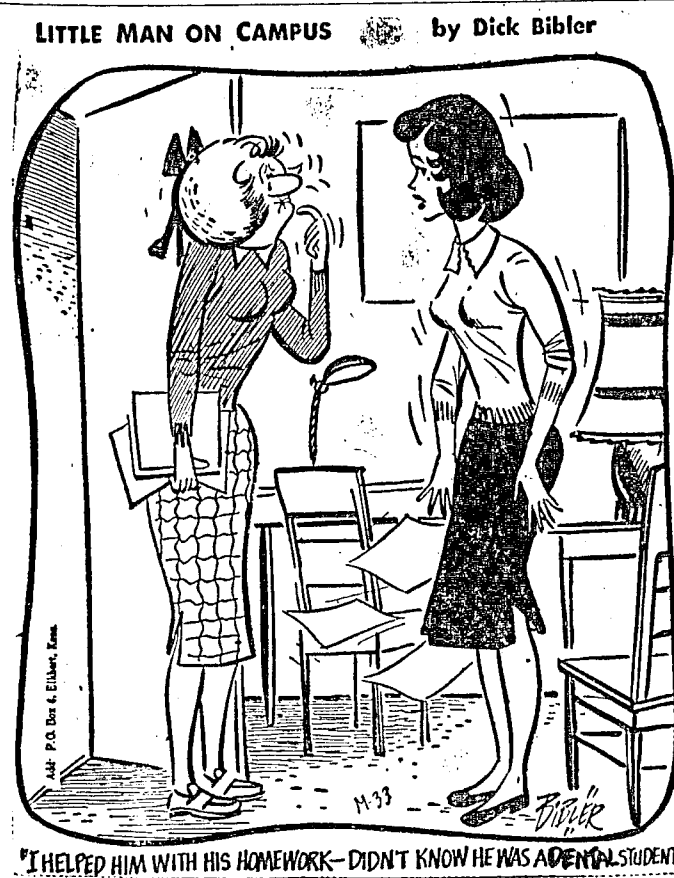

An incident patterned on the work of New York City's "Mad Bomber" rocked Willis Sweet Hall Wednesday evening, causing short-lived surprise and shock.

A "home-made" bomb, believed to be the work of a prankster, exploded on the mezzanine floor shortly after 6 p.m., during the hall dinner hour.

Willis Sweet officials said that no investigation will be forthcoming unless such an incident should re-occur. The blast produced a tremendous noise, but no damage was done.

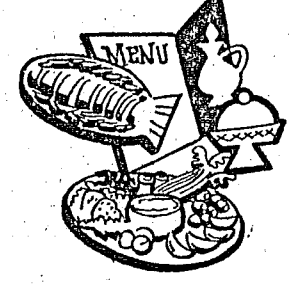

Four Freshman Will Sing At WSC

Tickets are now on sale in the ASUI office for the Four Freshmen, who will appear as part of the 1957 Jazz Session, May 14, on the campus. The program is scheduled for 8:30 p.m. in Bohler Gymnasium. Fred Burrow, ASUI vice president, said the tickets are being sold for \$1.50 and are going fast.

"I HELPED HIM WITH HIS HOMEWORK—DIDN'T KNOW HE WAS A FRESHMAN."

Familiar 'Security System' Clamped On ISC; Arson Possible Cause Of Fires

Idaho State College campus is getting a taste of the "security system" that was clamped on the University campus last fall. Officers yesterday probed into suspected arson in two fires that damaged two of the school's buildings.

Director of law enforcement Earle Koehler set up the checking system Wednesday under orders from Gov. Robert Smylie, after fire destroyed the second floor of the two-story Trade and Industry building early Tuesday morning. The first blaze did minor damage to a storage shed near the building late Monday.

Ash samples were collected Wednesday and will be examined in an effort to determine what caused the fires. These will be sent to FBI laboratories in Washington, D. C.

Checking System
Meanwhile, a system was set up for checking all persons in and out of living units between midnight and 6 a. m. A state police car and a sheriff's car as well as campus police are patrolling the campus constantly.

Koehler told a conference of officers, college officials and student leaders at the Pocatello school that he was trying to rule out a disaster similar to the one Idaho experienced last fall.

"We merely are trying to prevent the possibility of the same tragedy as in the University of Idaho," he said.

College president Dr. Carl McIntosh said damage to the Trade and Industry building may exceed \$100,000. The roof of the structure caved in, but the ceiling of the first floor did not collapse.

Three students were overcome by smoke and two others were treated for wrist cuts. Authorities said they were injured while moving automobiles out of a repair shop on the building's first floor.

Idaho was under police wraps for 38 days while local, state and FBI officers sought an arsonist here. Paul D. Matovich was convicted of second degree murder in the arson deaths of three Idaho men at Gault Hall.

Officials Uncertain
Pocatello officials, however, disagree as to the possibility of a deliberately-set blaze at the school. Sheriff H. E. Parker said he had collected phosphate ash from one of the fires, indicating the presence of a type of railroad flare.

But A. A. Girard, Pocatello fire Admiral Blesdow Inspects, Reviews NROTC Unit Here

Rear Admiral A. M. Blesdow, U. S. Navy, who is commandant of the Thirteenth Naval District arrived in Moscow yesterday morning for the purpose of inspecting the NROTC unit at the University of Idaho.

The Navy Battalion formed at Neale Stadium shortly before the review and inspection at 11:15 a. m. After lunching with President Theophilus, Admiral Blesdow inspected the NROTC building and facilities. He then departed from Moscow and returned by air to Naval District Headquarters in Seattle.

5 Students Attend NSA Conference
Five Idaho students attended the National Student Association Spring Conference, held May 4 and 5 at Marylhurst Women's College in Portland, Oregon. Jimmy Kay, John Hurt and Jay

Paul Baker Heads IRC Officers Next Year

The newly-elected International Relations Club officers are: President, Paul Baker; Vice President, Dick Day and Secretary, Marilyn Berrett.

The club will hold its annual banquet at the Palouse Room, Washington Hotel, Pullman. The dinner will cost \$2.50 per plate. Guest speaker for the affair will be Dr. Fred Winkler. Anyone wishing to attend should contact Paul Baker by May 14.

I.R.C. will conduct discussions and panels on world problems next year.

Dancing Groups To Portray Evolution In Interpretation

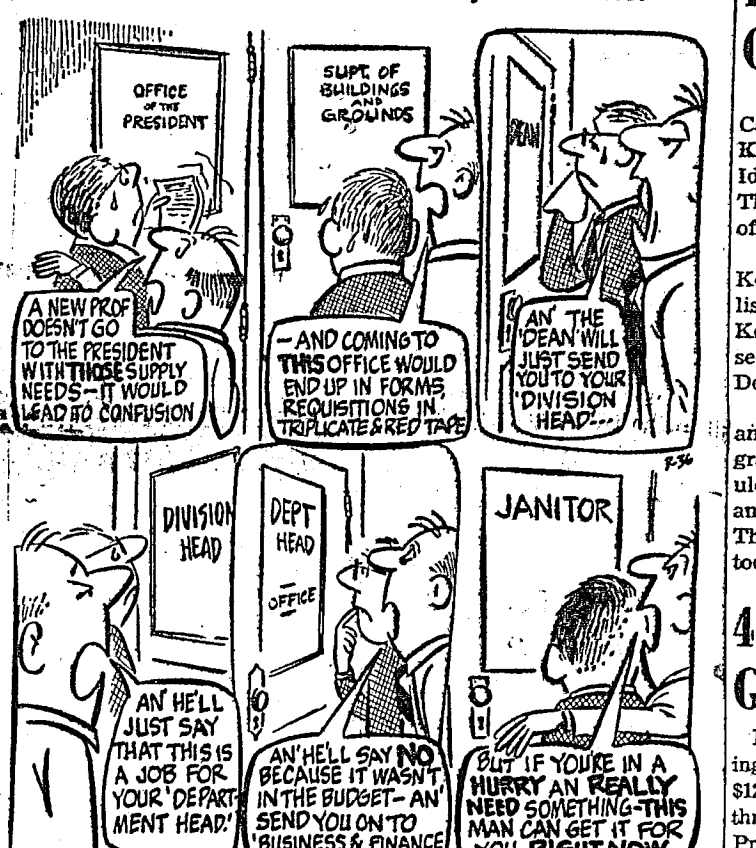

Interpretive dancing portraying "Evolution - The Progress of Man and Machine" will be featured during an hour-long Mother's Day program tonight and tomorrow at 8 p. m. in the University auditorium.

Produced by Orchestis, Pre-Orchestis and advanced dancing classes, the show will predict man's pathway into the future. Tickets will be sold at the door for 25 cents for students with ASUI cards and 50 cents for adults.

Sequences will include a "contemporary theme," a Calypso dance by Orchestis members, with authentic rhythms produced by Twerp Anderson and Jack Fuller.

Pre-Orchestis will continue the program with "Spring in Moskva," danced to music from "March of the Siamese Children." "World Crisis," performed by Orchestis will feature music from "Mikrokosmos" by Bartok.

LITTLE MAN ON CAMPUS by Dick Bibler

Kading Tops Moot Court Contest

Names of Idaho students who will take part in the National Moot Court competition was announced today by Dean Edward S. Stimson, college of law, after court contests for first and second-year law students.

Winners of the intra-school competition are Richard Kading, first; Richard Smith, second; How-

ard Manweiler, third, and Peter Snow, honorable mention. They will represent Idaho in regional competition next November among law schools of the University of Washington, Montana State University and Willamette University. Regional winners will go to New York City for the national contest in December.

Gene Anderson and Carol Renstrom do a coordinated dive as part of the three-day Helldiver water show at Memorial Gymnasium pool tonight and tomorrow. The show started last night.

Jack Cole Elected Prexy Of Blue Key

Jack Cole, Delt, succeeded Dale Carlisle, Fiji, as president of Blue Key after elections held by the Idaho organization Tuesday noon. Three other men were elected to office along with the president.

Included on next year's Blue Key slate are Lowell Martin, Willis Sweet, vice president; Jerry Kessler, Lindley, corresponding secretary; and Ernie Davenport, Delt, recording secretary.

A breakfast for Mortar Board and Blue Key, given by the men's group, will have to be re-scheduled because of a conflict with another campus activity, John Thornock, program chairman, said today.

4 Ag. E. Students Get \$125 Awards

Four Idaho agricultural engineering students have been awarded \$125 scholarships made available by three Northwest power companies, Professor J. W. Martin, head of the agricultural engineering department, recently announced.

LeRoy R. Trupp received a Utah Power and Light award; Charles L. Peterson and Homer G. Eccles were awarded Idaho Power Company scholarships; and Gary J. Dau was given a Washington Water Power scholarship.

Each of the awards is presented to encourage enrollment in agricultural engineering and is intended to cover fees and books.

Four Honorary Degrees To Be Awarded June 9

Four men in varied fields—medicine, law, reclamation, and business—will be awarded honorary doctorate degrees by the University at commencement exercises June 9, President D. R. Theophilus, has announced.

Dr. Thomas C. Galloway, Evans-ton, Ill., noted particularly for his developments in the treatment of bulbar poliomyelitis, will receive a doctor of science degree.

William Healy, San Francisco, has had a distinguished career both as lawyer and judge, having served as a judge of the U.S. Circuit Court of Appeals since 1937, will receive a doctor of laws degree.

Mark Kulp, Boise, a former Idaho professor who became state reclamation engineer in 1944 and in this position has made many significant contributions to Idaho agriculture, will receive a doctor of science degree.

Dario L. Toffenetti, Chicago, chain restaurant operator, typifying the successful immigrant to America, has been a pioneer in improved management-labor policies, and has also contributed greatly to Idaho agriculture through promotion of its products, will receive a doctor of laws degree.

Double Honor
For Dr. Galloway, the award will be a double commencement honor. He had planned to come to the exercises to attend the 50th reunion of his graduating class. He was named by his classmates to serve as chairman of the reunion, before he learned of being awarded a degree.

A chemistry instructor at Idaho, 1907-08, he then attended the University of Chicago and Rush Medical College, receiving his M.D. degree in 1912. He has done graduate work at the University of Vienna.

In World War I, he was a captain in the U. S. Army Medical Corps. In 1921 he joined the medical faculty at Northwestern University, and he is now professor emeritus of this institution.

Research Work
His research in medicine has brought him international fame. At the 1945 annual meeting of the American Medical Association, he was cited as "the first to demonstrate conclusively the value of the tracheotomy in the treatment

of bulbar poliomyelitis... widespread use of the methods devised and taught by him has been responsible for the saving of hundreds of lives." In 1955, he also received the Newcomb Award presented by the American Laryngological association for his work in the treatment of polio.

Judge Healy, a former regent of the University, began the practice of law in the state almost a half-century ago, and rose to the position of judge in the U.S. Circuit Court of Appeals for the Ninth Judicial Circuit. He has been continuously judge of that court since 1937. Judges of the U.S. Circuit Court of Appeals hold the second highest judicial office in the nation, second only to justices of the U.S. Supreme Court.

As a judge, Healy has been widely acclaimed for his many decisions which have stood the test of time and Supreme Court actions.

A native of Windham, Iowa, he received his A.B. and LL.B. degrees from the University of Iowa. Admitted to the Idaho Bar in 1908, he first practiced in Silver City, and became Prosecuting Attorney of Owyhee County in 1911. He later practiced in Boise, and from 1934 to 1937 was general counsel of the Farm Credit Administration in Spokane. He is a former member of the Idaho State Legislature, and a past president of the Idaho State Bar Association.

Aids Citizens
Kulp has been called the "protector and promoter of water resources for the citizens of Idaho." As state reclamation engineer, he has served on many interstate committees, and has gained recognition as one of the West's outstanding authorities on water resources.

He has served on the Tri-State Bear River Compact since 1940, and has been active in the work of the Columbia Basin Inter-Agency committee since its founding in 1946. His handling of water problems and his efforts as a member of various commissions have contributed to the development of water compacts with surrounding states for the protection of irrigation rights of Idaho farmers.

A graduate of the State Agricultural College of Colorado, Kulp

served on the faculty of the department of agricultural engineering at Idaho from 1931 to 1944. An outstanding teacher, he is credited with helping advance the standards of the agricultural engineering profession throughout the nation.

Toffenetti
The story of Toffenetti's rise from a poor Italian immigrant to one of the nation's top business leaders has been chronicled in many national publications. His many Chicago restaurants have dominated the "Loop" for more than a quarter-century. In 1940, he bought the famous old Adler building on Times Square in New York to establish one of the city's largest restaurants here.

Toffenetti started as a dishwasher, and has never forgotten this. As a result, he became a pioneer in improved management-employee relations, with many of his ideas having a wide influence on industry. For a long time the perennial president of the Chicago Restaurant Association, Toffenetti has been a leader in improved quality, sanitation and service in restaurants.

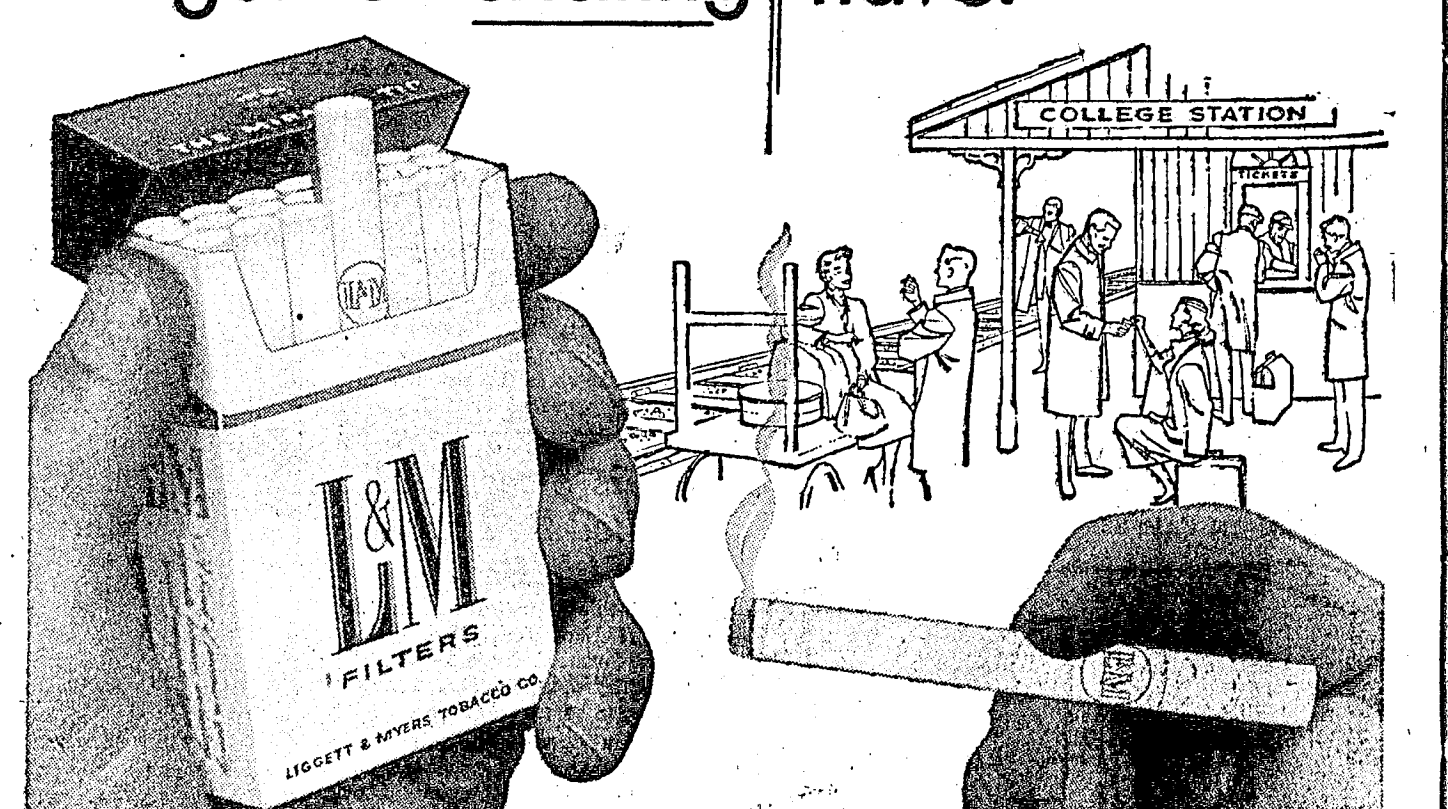

Idaho Spuds
He is credited with doing more to make the "big baked Idaho potato" famous than any other single man. When the Idaho Vigilantes organization was started some years ago to honor persons who have made outstanding contributions to the state, Toffenetti was selected as Vigilante No. 1. His son Dario, Jr., is a graduate of Idaho.

48 To Graduate From L-C Normal
With 48 candidates for graduation, Lewis-Clark Normal school will hold its first commencement at 2 p. m. Friday, June 7.

The school, which has been operated the last two years as a division of the University, will award diplomas to the students, successfully completing the two years of study. The graduates will also be eligible for state provisional certificates for teaching in the elementary schools of Idaho.

The exercises will be held in the college auditorium. Dr. Frank F. Warren, president of Whitworth College, will give the commencement address.

Gamma Phis Dance, Delta Gammas Dine

Gamma Phis held their initiation dance last weekend, and the Delta Gammas their Senior dinner. Farm House is preparing to file for their national charter. Sigma Alpha Epsilon to hold tea after the May Fete, and the Betas entertain at their sister-daughter banquet. Seems the pins and rings are still moving. Guess spring is still here!

GAMMA PHI BETA
Thanks to the Mortar Board for the lovely serenade last Tuesday night in honor of our outstanding juniors. We look forward to this serenade each year.
Saturday evening the Gamma Phis held their annual initiation dance. The theme for the dance was "The Carnation Ball" decorations were pink and white. Thanks to Dr. and Mrs. Edward Moore and Dr. and Mrs. C. Norton Coe for chaperoning and to everyone else who had a part in making the dance a success.
The GPB upperclassmen gave a fireside for the freshmen Monday night, at which Ruthanna Hawkins was named "pledge of the year." Ruthanna was chosen by the upperclassmen and commended for outstanding cooperation throughout the year.
Thanks to the Phi Deltis for the serenade in honor of Patsy Lou Robinson's pinning to Bill Booth.

DELTA DELTA DELTA
Tri-Delta was honored to have Mr. and Mrs. Howard Andrews as guests last weekend. Mrs. Andrews is a Tri-Delt alum.
Everyone had a good time at the Sunrise Dance Saturday morning, once they finally woke up.
Tri-Delta is looking forward to their annual Pansy Breakfast, May 16.
CHRISMAN HALL
Congratulations to Keith Andrews, Larry Hobson, Ken Regnier, and Lee Sutton on being tapped for IKs and to George McKean for being initiated into Sigma Tau, engineering honorary. We also congratulate Paul Krogue who was named as an outstanding math student by the University mathematics department.
Chrisman elected officers Monday night. They are: Jerry Leatham, president; George McKean, vice president; Anton Smutny, secretary; Henry Blecha, treasurer; Bob Weaver, social chairman; Bill Shearer, assistant social chairman; Gary Kendall, intramural manager; and Dale Pline, assistant intramural manager.
After the hall meeting Monday night, our frosh carried on tradition by tubbing seniors.
Thanks to the girls from Forney for giving us a demonstration on dinner etiquette and a question and answer period on social and dating manners.
CAMPUS CLUB
It seems to be getting a fad for our seniors to take a ride out to Moscow Mountain and walk back—huh, Charlie?
Our thanks to French House for being our guests at the dinner exchange Wednesday night.
Plans are in the making for our spring house dance to be held May 18.

Tuesday. They are: John Peruzzi, president; Donald Welton, vice president; Tom Davidson, secretary; Anthony Longdale, treasurer; and Paul Walters, social chairman.
KAPPA KAPPA GAMMA
Congratulations to both Myrt Williamson, the new Gem editor and to Kay Bozarth, newly-elected president of Alpha Lambda Delta.
Thanks to the Sigma Chis for the fun had at the dinner exchange and for working so hard in the all-campus cleanup with us.
A dozen roses bedeck the piano, thanks to the TKEs who sent them in honor of Patsy Casey's pinning to Walt Nelson.
A open house reception was held for Marigay Nelson following her senior recital last night.

FARM HOUSE
Everyone is burning the midnight oil this week making final preparations in order to file for our national charter.
The house extends its warmest congratulations to Byron Thomas who announced his engagement to Sharon Pease, Tri-Delt.
Congratulations to Tom Stroschein who was elected outstanding IK, being tapped "Knight of Knights."
The house was honored in having Mr. and Mrs. Guy Wicks as dinner guests this week.
New officers elected recently are: Bob Jones, secretary and Ken Harrison, pledge trainer.
Members worked last Saturday painting and cleaning inside the Moscow Opportunity School.

DELTA GAMMA
Our senior dinner was held Wednesday night at the home of Mrs. Thomas. Many thanks to Bonnie Miller for the wonderful job she did on our Sweetheart Dinner last Sunday.
Thanks to the Delta Sigs for their serenade honoring our two "Dream Girl" finalists—Janice Berg and Farris Johnson.
The pledges wish to thank the ATOS and the Phi Taus for their enjoyable exchanges.
Congratulations to newly elected officers: Bonnie George, NSEA vice president; Irene Scott, AWS representative; and Janet Cooke, Alpha Lambda Delta historian.
SIGMA ALPHA EPSILON
Mrs. Coleman, our housemother and the Minerva Club is giving a tea Saturday after the May Fete. All students are urged to bring their parents, and the faculty is also urged to attend.
Pete Swanstrom has been a guest for the last several days. Pete graduated from Idaho in 1955.
The installation banquet was held Tuesday, and now the new officers are in charge. Good luck to them in the coming year.

WARNER, DUFFY TO DISPLAY ART
First in a series exhibits will open Sunday from 4 to 6 p.m. at the Art Building. Jan Warner, art major, and Bud Duffy, architecture, will co-sponsor the opening reception and week-long exhibit.
Miss Warner, of Idaho Falls, has spent a year at the University of Colorado and completed a year's studies with the Student's League of New York City. She won grand prize in the Lewis and Clark Art association show and has taken prizes for two years in the ASUI show. She will display oils, watercolors and temperas.
Duffy is a graduate of Buhl High School, and has completed four years at the University. In his junior year he won the C. F. Hummel award, and he has taken prizes in the last two ASUI shows. He will exhibit architectural works, oils, watercolors and pottery.

KAPPA ALPHA THETA
Thanks to the Phi Deltis for the lovely serenade Tuesday night for the recent pinning of Carol Hilfiker to Dick Weston and Janice Henry to Dale Kennedy.
A surprise fireside Tuesday night announced the engagement of Virginia Fox to Ronald "Monk" Marker. Best wishes to both of you.
Tuesday night the Alumnae Corporation were our dinner guests.
Congratulations to Jo Petrashek who was elected secretary of Alpha Lambda Delta, and Annette Manser elected to serve as AWS representative.
BETA THETA PI
Congratulations to George Fowler and Jim Golden on being elected president and secretary respectively of Sigma Delta Chi, men's journalism honorary, and Gale Conrad elected treasurer of Phi Eta Sigma.
Guests at our annual sister-daughter banquet last Wednesday were: Joan Baldeck, Pat Finney and Jane Louterbach, Kappa; Jane Bonham, Delta Gamma; Sharon Davidson, Pat McCord, Alpha Chi;

FORNEY HALL
"Love is a Golden Ring" was the theme used to announce the engagement of Mimi Deshler and Curt Humphrey, Moscow. No date has been set. Best wishes.
Anita Koskella spent last weekend in Portland attending the NSA convention.
Wedding bells chimed for Diane Husted and Les Storey, Moscow, May 5 at Grangeville. Congratulations and best wishes.
DELTA SIGMA PHI
Dream Girl candidates were over for dinner Wednesday night. Mary Jane Milbrath, Delta Gamma and this year's Dream Girl, will present the trophy to one girl chosen for the five finalists at the dance this weekend.
Congratulations to Warren Olney and Mary Ellen Daly, Gamma Phi, on their engagement.
Alum Lt. Charles Hudson, son of Col. and Mrs. Charles F. Hudson, is visiting the chapter house this week.
KAPPA SIGMA
The cruise on Coeur d'Alene Lake proved to be a real successful function. Everyone had a great time! We would like to thank our chaperones, Mr. and Mrs. B. Mares and Mr. and Mrs. Warren Hawley.
Turn about day was held Tuesday. It was very lively with all the tubbing.
PHI DELTA THETA
Congratulations to Bob Crawford who announced his pinning to Pat Nasmyth, Alpha Phi, last week.
Invitations were sent out this week for the Storybook Ball held every four years.
Congratulations to Tonla Peterson on being elected queen of the Military Ball.
PINE HALL
Hall officers for next semester were elected at a hall meeting.

WOMEN HONORED AT NARTHEx TABLE
Eighty junior women were honored last Tuesday night at Mortar Board's NARTHEx Table. The new Mortar Boards will be selected from this group for outstanding scholarship and leadership. The new members will be announced at the May Fete tomorrow.
Guests at the banquet were Miss Mable Locke, Dean Louise Carter, Mr. and Mrs. W. C. Banks, Mrs. Edward Moore, Miss Edith Betts, Dr. and Mrs. W. H. Boyer, and Mrs. Agnes Schuldt. Rochelle Thornock was toastmistress.

'Dream Gals'

These five finalists are vying for the title of Delta Sig Dream Girl: Gerri Williams, Pi Phi; Janice Berg, Delta Gamma; Farris Johnson, Delta Gamma; Sharon Jenkins, Kappa and June Holst, Pi Phi. The winner will be crowned tonight.

Fete Plans Under Mortar Board

Mortar Board, one of the outstanding service honoraries on campus, is again co-sponsor of May Fete with AWS this year. Chairman, Louise Cummins, announced a program including the crowning of May Queen Sue McMahon, the Spur Maypole dance, an Orchestras presentation, and music provided by the University Concert Band and University Singers. The tapping of Silver Lance and Mortar Board, introduction of Ten Top Seniors and newly-tapped Spurs, and presentation of WRA, IK, and Alpha Lambda Delta awards will also take place. The three main activities of Mortar Board this year have been the "mum sale," study program, and May Fete.
The traditional "mum sale" is the only money making project sponsored by Mortar Board. Mortar Board members sell Homecoming "mums" to students in the living groups for their mothers and dates and give them to University professors as a service.
The study program, initiated last year, is held in conjunction with Alpha Lambda Delta. Under the supervision of Lou Ann Olsen, members of both organizations went with faculty members to women's living groups just before nine week exams to give advice to freshmen about study habits.
Selection
Mortar Board members are selected on the basis of scholarship, service, and leadership. There is no minimum number selected and every junior woman qualifying to Mortar Board standards will be tapped. New members are elected by the outgoing group after opinions have been polled from the faculty and students. Mortar Board members will be selected this year from eighty outstanding junior women who were invited to attend the annual Mortar Board banquet, the NARTHEx Table.
Mortar Board members are: Christine Anderson, Janis Archibald, Nancy Buchanan, Janice Crisp, Judy Crookham, Shirley Bucklin, Ella Grey, Margaret Johnson, Karen Lee Erhardt, Sue McMahon, Marilyn Monroe, Audrey Houghtelin, Lou Ann Olsen, Jane Remsburg, Carolyn Staley, Louise Cummins, Rochelle Thornock, and Dixie Weeks.
Faculty advisors are Miss Locke, Mr. Banks, and Mrs. Edward Moore. Honorary member is Mrs. W. H. Boyer.
Women will be as pleasing to men as whiskey when they learn to improve as much with age.

NW Talent Fest Gives 3 Awards To Idaho Students

Three Idaho students entered the finals of the First Annual Pacific Northwest Talent Championship Wednesday evening in Spokane and received award certificates. A WSC coed placed second to win \$500 in prize money.
Margay Nelson, Kappa, sang in the contest; Ed Pena, International House, joined forces with Edgar Weinstein, an exchange student at WSC, to present a musical number; and Claudia Patton, French House, did a tumbling act. They were three of some 30 acts that were selected from a group of 252 numbers vying for a spot in the final show.
The brother-sister musical team, Rapi and Loretta Alley, and Delroy Lechelt, vocalist, auditioned but didn't make the finals. Lillie Carter, a singer from WSC, placed second while a high school student from Spokane took first in the musical number competition.
Elks Lodge 228 of Spokane sponsored the show. Ted Mack, of the original amateur hour, was emcee.

Baseballers Step Out Of Conference Today

Idaho steps out of the Northern Division baseball race today to meet Whitworth at 3 p.m. on McLean Field. The Vandals then go up against Oregon Monday and Tuesday here.

Coach Clem Parberry said he will start Val Johnson, sophomore right-hander, against Whitworth and will call on the veteran Clark Anderson to throw the late innings.

Whitworth and Idaho split a doubleheader played earlier in Spokane.

The Vandals may have lost first line catcher Gene Arnone who wears several stitches in his chin today following a home plate collision Tuesday in the WSC loss. Arnone was making the tag on

shortstop Dave Jones when the Cougar baserunner blasted into the Idaho catcher and knocked the ball from his glove.

Parberry will catch Larry McDonald in today's game, and it is doubtful if Arnone will return to the lineup Monday against Oregon.

DIVISION STANDINGS			
	W.	L.	Pct
Oregon	7	1	.875
Oregon State	5	2	.714 1/2
IDAHO	4	5	.444 3/4
Washington	5	7	.417 4
WSC	2	8	.200 6

The third place Vandals will call on their two front line hurlers, Steve Hinckley and Doug Randall to go against the Ducks in the big

series Monday and Tuesday. The Oregon nine faces Washington State in Pullman this weekend.

Idaho meets Oregon State next Friday and Saturday in Moscow after the Beavers face WSC Wednesday and Thursday.

Plate Hurts Vandals

The Vandals have been hurt at the plate this season as the team is hitting below the .200 mark and only four batters are above that mark. The Oregon team boasts its regulars hitting above the .250 percentage and has a team average of .327.

The Oregon pitching is staffed with left-hander Don Lane, who beat Idaho 3-2 in Eugene earlier this season. He was named to the all-Northern Division team last year as a sophomore and shut out Idaho in both games last season. Right-handers Stan Dmochowsky and Ron Whittaker are likely to see Idaho next week.

Leading Oregon batter is catcher Ellis Olson, a sophomore from Lewiston, with an average of .397. Left fielder Terry Maddox is hitting .382. First baseman Jim Rice .364 and rightfielder Jim Pingree of Lewiston .346.

Against the Oregon teams, Idaho has beaten the Beavers and dropped two games to the Ducks.

Ray Hatton Leads Thinclads To ND

Five tracksters, including the Vandals' English Express, Ray Hatton, will represent Idaho in the 1957 Northern Division meet at Pullman tomorrow at 1:30.

Hatton, who is the favorite to win the two-mile, leads a contingent also including half miler Dick Boyce, milers Milt Riggers and Doug Seely, and shot putter Jerry Kramer.

All Vandal entries will be up against extremely stiff competition in the ND battle.

Boyce will perhaps face the strongest challenge in the 880. Oregon's vaunted distanceman Jim Bailey, will be favored to win

the two-mile. Hatton has posted the best time for the Pacific Northwest this year in that event with a 9:28.5 mark.

Ray Hatton

Western Style Meal Will Open Vandal Rodeo

A Western style breakfast will kick-off from 6-9 a.m. the fourth annual University of Idaho sponsored Intercollegiate Rodeo to be held at Pomeroy, Washington, this Saturday.

Six Idaho students will enter the two-day competition in the eight contests with five western college teams.

Members of the Idaho team will be in competition with each other for a trophy which will be awarded next fall by the Idaho State Fair and Rodeo Association to the person who earns the most points in all events.

The team plans to enter two other rodeos this spring. The Moses Lake rodeo will be next week and the National Intercollegiate Rodeo Association regionals will be in Klamath Falls in two weeks.

Members of Idaho's competing team are "Twirp" Anderson, Gary Anderson, Jim Barton, Dick Jain, Mary Jo Snyder, and Gail Wolverton.

Schools having teams in the rodeo are WSC, California Poly, Oregon Tech, Eastern Oregon College and Central Washington.

The public will be invited to a dance Saturday night which will be dedicated to rodeo participants.

Main men's events are bareback bronc riding, saddle bronc riding, calf roping, bulldogging, wild cow milking, and Brahma bull riding.

Events featured for women contestants are clover-leaf barrel races and calf-tying.

Bronc Busters

Members of the Vandal Riders will travel this weekend to an Inter-collegiate rodeo at Pomeroy. Those shown include: (front row, left to right) Jim Barton, "Twirp" Anderson, "Ace" Nielson, and Harold Ruby; (back row, left to right) Dick Jain, Mary Jo Snyder, Gary Anderson, Harold Hunker (advisor), Ken Worthington, and Warren Weinel. Jain, Nielson, and Ruby will not actually compete but are making the trip as general "helpers."

INTRAMURALS

Four teams deadlocked for first place in final intramural horseshoe standings decided earlier this week to divide the points allotted for the number one spot and stage playoffs for the team trophy.

Tom Pearson and Max Burke, Sigma Alpha Epsilon, and Clarence Reed and Fred Salomon, Farm House remain in competition after victories yesterday.

Phi Gamma Delta, League I softball winner, suffered its first loss yesterday. The Pijis were blasted 13-9 by Sigma Chi.

SAE's Rebound

The SAE's received a boost in their League II title hopes when they were awarded a win in a disputed game played with Phi Delta Theta, May 2. The Phi Deltas had originally taken the contest, 4-2.

Delta Tau Delta, by margin of a tight 8-6 decision from Alpha Tau Omega Tuesday, clung on to its one game lead in League II over the SAE's. The Deltas record now stands at 6-0, while the SAE's are 5-1. Both squads have one game remaining.

Lindley Hall 1 was handed its first loss of the year Tuesday by Upham Hall 1, 12-1. The win vaulted Upham into the League III lead and shoved Lindley into a second place tie with Willis Sweet Hall 1.

Chrisman Hall 2 dropped Upham 2 by a 9-2 count to remain at the top of League IV. Lindley 2, which took a forfeit from Idaho Club 2 is one game behind.

Lindley Holds IM Point Lead; SAE's Now 5th

Lindley Hall continued its year-long reign as titan of campus intramural athletics, while Sigma Alpha Epsilon displaced Campus Club in fifth place, latest intramural point standings show.

Lindley now has an 83.5 point edge on second place Kappa Sigma. Delta Tau Delta remained in third place, well behind pace-setter Lindley and the runnerup Kappa Sigs.

Tau Kappa Epsilon retained its hold on fourth place but the big intramural shakeup came in the fifth position.

The SAE's who along with Willis Sweet Hall, Campus Club, and Farm House, finished in a four-way tie for first in intramural horseshoes, moved into fifth spot by virtue of intramural managers' meeting points.

Campus Club fell to sixth, while Phi Delta Theta, fifth after bowling ended, slipped to seventh place. Completing the top ten were Beta Theta Pi, Phi Gamma Delta, and Chrisman Hall.

Total Intramural Points:

WSC Outlasts Vandals Rally For 4-3 Win

WSC outlasted a ninth-inning Vandal rally with a sparkling double play by third baseman Ron Ware to win 4-3 in a Northern Division game played at Pullman last Tuesday.

Hare caught a sharp liner off the bat of Mick Polillo and stepped on third base to double Ralph Lower.

WSC got a pair of runs in the third inning on singles by Floyd Damon, Joe Trembley and Dave Jones. They scored another in the sixth on a hit batter and an error.

Jones drove a sinking liner to center field in the seventh, then stole second and third and came home on another error, completing the Cougar scoring.

Vandal hurler Steve Hinckley suffered his first Northern Division loss in four starts. He was continually in trouble, allowing ten hits.

WSC hurler George Van Horne pitched no hit ball until the fifth inning when first baseman Bill Stellmon pounded a 430 foot home run to right.

An error and a pair of singles let in another Idaho run in the seventh. They tallied again in the eighth on a walk, stolen base and error and a single by shortstop Knute Westergren.

Idaho 000 001 110-3 7 5
WSC 002 001 10x-4 10 2

He: "Please."
She: "No."
He: "Oh, Please."
She: "No!"
He: "Just this once."
She: "I said, no!"
He: "Aw, Mom, all the kids are going barefooted."

Golfers Host Oregon Teams

Vandal varsity golfers play host to two Oregon teams over the weekend. The University of Oregon will be on the greens today and Oregon State is scheduled to be here Saturday.

Students will be able to play on the course today and tomorrow during the games, Dick Snyder, Idaho coach, said today.

Idaho took a 14-13 decision over Washington State golfers Tuesday in a dual meet. The Vandals depended on a best-ball margin for their win, Snyder said.

Ray Schmidt and Rusty Sheppard picked up the only win in the best-ball competition to push the Vandals ahead in scoring. In the singles the teams drew. R. Sheppard took medalist honors with a three under par, 67.

Vets Vs. Hopefuls Saturday In Spring Football Final

A team of veterans will oppose a squad made up mostly of newcomers and last year's reserves, 3 p.m. Saturday afternoon, in the final full-game intra-squad spring football game.

Head coach Skip Stahley plans to wind up the spring workouts Tuesday. The squad completed their 16th practice of the required 20 in 30 days yesterday.

Stahley expressed pleasure in the overall showing and experience of the team in practices to date.

"We are considerably better, at least offensively, this year than at this time last spring," he stated. "Our passing is fairly better, and the running game is considerably improved."

According to Stahley the team lacks depth at right end and in the backfield and needs another tackle.

Vets Vs. Hopefuls Saturday In Spring Football Final

Don Ridener and Jim Norton with letterman Lloyd Fenton occupying the fullback slot.

In the line will be jaycee transfer Gene Sjostrand and letterman Lonnie Park at ends; Bob Prestel and letterman Pete Johnson at tackles; transfer Dale Hill and letterman Fred Bourque at guards and returning non-letterman Russ Jeffrey at center.

Stahley also praised the work of his non-staff assistants, Dick Foster, Gary Johnson, Dick Denfield and Walt Denny for their help in the practices.

A young lady in a car was being chased by a speed cop. Sipping a filling station, she slammed on her brakes, came to a screeching stop, hopped out of the car and dashed into the rest room. Ten minutes later she emerged, and before the cop could get in a word, she said, with a sigh of relief: "Boy, was that a close one. I just made it."

Frosh Cindermen Fall To Couabes

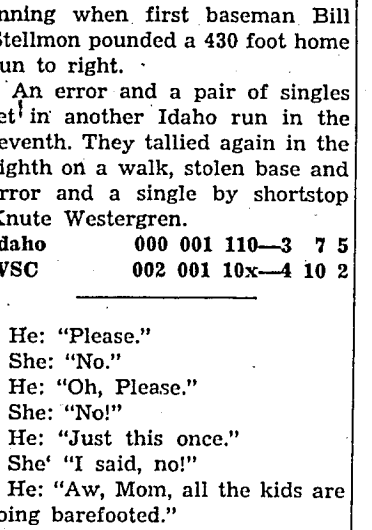

Freshman Vandal cindermen dropped a 71 to 53 decision to WSC track yearlings at Pullman Tuesday.

Six Idaho Babes took firsts, including Ron Adams, mile; Frank Wyatt, 880; Pete Reed, two mile; Bill Overholser, high and low hurdles; Larry Burns, discus; and Larry Bardsley, pole vault.

Six frosh trackmen, Overholser, Wyatt, Adams, Bardsley, Reed, and Larry Ferguson will travel to Walla Walla tomorrow to compete in the Whitman Invitational meet.

Three Chinese sisters who are not married—Tu Yong Tu, Tu Durn Tu and No Yen Tu.

There It Goes

Bill Stellmon, Idaho first baseman, fouls off one of WSC Cougar pitcher Bruce Boldt's deliveries in Monday's game on McLean Field won by the Vandals, 5-4.
