Glamorous Nominees Vie For Queen Title

A glamorous lineup of 13 Homecoming Queen candidates Tuesday was named by women's living groups.

One of them eventually will wear the crown presently belonging to Pati Rees, who won the title last year.

Competing for the honor are Carol Wachal, Theta; Shirley Henrikson, Pi Phi; Jane Lange, Alpha Phi; Janice Berg, Gamma; Anita Koskella, Forney hall; Roma Saunders, French House and Mollie Godbold, Alpha Gamma Delta.

Jan Novak, Hays Hall; Elna Magnusson, Gammii Phi; Margaret Sullivan, Tri-Delt; Marilyn

Crane, Kappa; Kay Zenier, Ethel Steel House and Freida Wilson, Alpha Chi.

The Queen will be crowned at halftime ceremonies during the Idaho-Fresno State college football game Oct. 26.

But before that, a long list of personal appearances await five of the 13 women.

Men will cast preliminary ballots Oct. 10 and at that time will narrow the field to a final five.

Twenty-one Visits Homecoming chairman Bob Vallat, said a rigorous seven day schedule of special visits by the finalists to men's living groups would begin following the primary election.

Three visits a day are planned for the five, a total of 21, lunch, dinner and after-dinner engagements.

Final voting is slated for Oct. 17. Gay Ninety's Theme

Meanwhile, plans were announced today for the Homecoming dance that will follow the day-long celebration.

Bob Vallat said Ralph Dickenson's band had been hired for the evening and couples will dance amid a Gay Ninety's theme called "Re-

Upperclassmen To Be Tapped By Blue Key

Eight upperclassmen will be tapped next week by members of Idaho Chapter of Blue Key, national service honorary.

President Jack Cole said junior and senior men who are interested in becoming members of the organization should file an application in the ASUI office before this Friday.

He said applications should contain the students' activities, grade average, class, living group, and other organization memberships.

Blue Key taps members in the fall and spring of each school term. The local group maintains a membership of one per cent of the Idaho student body. There are 28 members and pledges now in the organization.

Main activities of Blue Key on campus are to publish the Kampus Key, a student directory put out each fall in October, sponsors a student talent show each spring, gives a \$100 scholarship each year to an upperclassman and other service projects on campus.

KIRKLAND SOCIAL HEAD Eric Kirkland, assistant professor of physical education, was elected social chairman of the Faculty club recently. Professor Kirkland will be in charge of making arrangements for social functions for the group this year.

SDX MEETS TOMORROW To prepare for National Newspaper Week, Sigma Delta Chi, professional journalism fraternity, will meet at 4:30 p.m. in the Argonaut office tomorrow, George Fowler, group president, said today.

Not Theme No theme will "restrict" living groups in float construction this year, he said.

University Librarian Lee Zimmerman said today a copy of "Vaughn's Float Manual" was available in the reserve book room in the Administration Building for student use.

Vallat said a special "Homecoming Handbook," a new innovation in publicizing the event, would be mailed to alumni in about two weeks.

The booklet, written by student chairmen, was financed by local advertising and prepared by Joe Keeham.

Another Award A second award will be presented during the Oct. 26 halftime ceremonies, Vallat added.

The Idaho Alumni Association will present a special "I" blanket to an outstanding Vandal athlete in recognition of his all-around performance.

In charge of an Oct. 25 rally are Jan White, Marv Fischer and Bob Whipple.

"Show Of Stars' Tickets For Sale In ASUI Office Tickets for a "Show Of Stars" went on sale in the SUB yesterday, Gale Mix, ASUI general manager, said today.

The program, headlining recording artist Fats Domino and his band, will present two programs on the Memorial Gymnasium stage for Idaho students and Moscow townspeople, Mix noted.

Admission to the popular music concert is \$3.50 for the main floor seats, and \$2.50, balcony.

NEW HATS IN RING --- MAYBE

Still An Independent

Dear Jason:

Just a letter to clarify my political position on this campus and on the A.S.U.I. executive board for the benefit of all students, both Greek and Independent.

First of all, may I say that the ineligibility of Frank Nosek is a blow to all of us — executive board and students as well. But sometimes the unexpected does happen.

Now in answer to the controversy over my political position. True, I am serving as president pro tem of Alpha Gamma Delta, a social sorority which I feel has great possibilities. I am proud to be helping start a group which I feel will be worth-while and valuable to Idaho, as well as to the students who will be coming here in the years to come. I also feel that Idaho will need another living group because of increased enrollment. But I am still living in an independent house and am proud of that also. I ran on and was elected to the office on the Independent party.

I ran on the Independent party because I believed last spring, as I do now, in it and in the ideas and sincerity of its members. Thus, in answer to the controversy (if there really is one), my "support" remains where it has always been — with the students of Idaho through the medium of the Independent party.

The primary interest of each of the three parties on the Idaho campus is to serve the students; I merely happen to be "independent" in my political thought, regardless of my social affiliation. To me, political and social thinking are not one and the same thing. So, because I am now affiliated with a social sorority does not mean that I have automatically shifted my political thinking also.

The executive board members, regardless of party, are interested in serving the students' interests as best they can. With me, as with the members of any political party on this campus, the students as a whole come first. So regardless of where my support lies, I will try to serve the majority of students as best I can, and I will try to help the executive board select a well-qualified candidate to replace Frank.

I hope this clarifies the issue.

Thank you very much.

Halls Reactivate Social Council

Students living in University dormitories will be organized under a council to coordinate social activities and regulations, according to Neil Cross, group president.

The Independent Resident Halls Council, was organized last spring, will have its first meeting today at 5 p.m. in conference room A.

Cross said the group will have the vice-president of each hall as its official delegate to the council.

He said the organization was being reactivated under a charter granted several years ago by the University and the Director of Dormitories' office. The organization has been inactive for the past three years.

Not Political "The organization is completely separated from campus politics," Cross emphasized. "Political activity will be handled by the Independent Caucus and will have no connection with the Council.

"We feel the council will serve a valuable function to the operation of the Independent living groups," he added. "There is a definite need for an executive group to discuss and work out problems common to the dormitories and to coordinate their social activities.

One of the main activities of the group will be to work out a program for social training, Cross said. "Several of the women's halls have established etiquette teams which will give demonstrations at the various men's living groups."

"We also hope to be able to help alleviate some of the disciplinary problems in the halls," Cross said.

Major work in reactivating the Residents' Council was done by Bob Schriber, last year's president of Lindley Hall and member of the ASUI Executive Board.

The Idaho council received information from a similar organization which is very active on the

Carnival Termed Successful By Committee Co-Chairmen

The second annual all-campus and "scandal sheet" were provided carnival and mixer held Saturday night was deemed a success by Nan Alvord and Bert Allen, co-chairmen. Campus organizations and honoraries constructed booths and displays.

Music for the affair was furnished by the Embers, a campus 13-member band under the direction of Gary Dossett. The band was sponsored by the Moscow Chamber of Commerce.

The mixer is held each fall so students will have an opportunity to get acquainted with the various organizations, their membership requirements, and goals.

Exec Board Ready To Fill Vacancy; Chris Mackert Remains Independent

Appointment of a new ASUI Exec Board member appeared probable tonight and the total of suggested candidates for the vacancy jumped to five with the indication that two new names would be nominated at tonight's meeting.

In other Board action, member Chris Mackert announced she would remain "independent" despite rumors that she would vote with the United Party.

The names of Reed Bowen, Lindley, and Darrel Weber, LDS, were expected to be added to the list of suggested candidates made last Tuesday night.

Lowell Martin, Willis Sweet, John Bradbury, Fiji, and Carolyn Edwards, Gamma Phi were included on the Tuesday list.

A consensus of opinion from seven of the Board members indicated that the member to replace Frank Nosek would be selected at tonight's meeting. None of the members expressed any real doubt that the member would not be selected at the meeting. No opinion was available from Knute Westergren, who was in the infirmary following an intramural injury.

Two New Ones Bowen and Weber moved into the picture today when members Chuck Orem and Al Andrews indicated that they would each make a nomination tonight. Orem announced that he would put up Bowen, and Weber was expected to be nominated by Andrews.

Miss Edwards was suggested as

a candidate last Tuesday by Westergren, and both Bradbury and Martin were mentioned by veep Clark Anderson. Anderson said today that he planned to nominate one of the two tomorrow night.

President Dave Maxey, a member of last year's Exec Board, said he didn't feel the selection was probable for tonight, and pointed out that it certainly shouldn't be completed at the meeting if it can not be reached as a thoughtful conclusion.

Other opinions on whether or not the final decision would be reached at the meeting ranged from an "absolutely" by John Chapman to an "I believe some of the members are in doubt," by Chet Prior.

ASUI President Dave Maxey emphasized late Monday that the meeting tonight would be open to all students and would begin at 7 p.m.

Boise Game May Draw Students Away In Drove

A host of Idaho men and co-eds will vacate the University campus this weekend and head south for the annual clash with Utah in Bronco stadium at Boise.

Tickets for the game went on sale in the Athletic department offices in Memorial Gym today at a student rate of \$1.

Intercollegiate Knights — 40 strong — and Spurs will make the trek to the Idaho capital in order to sell programs and usher at the early October game Saturday.

A national IK meeting is being held in Boise this weekend also and Idaho officers are planning to attend. A social get-together with BIC's chapter is tentatively set for Saturday night.

Spurs will join the Knights Saturday morning to decorate Idaho's goal post in silver and gold prior to game time at 1:30 p.m.

Pom Pom Girls plan to direct Idaho students to a reserved section when they arrive at the stadium.

Students Discuss Forming Of Vandal Boosters Section

Formation of a "Vandal Boosters Club" will be discussed tonight at a meeting of all freshmen and new students in the Memorial Gymnasium 7 to 7:30.

Members of the proposed club would wear white shirts or blouses and dark derbies to games and sit in a special section, Marv Fischer, yell king, said.

Fischer requested that living group presidents make attendance compulsory for freshmen and new students. Cheerleaders will introduce basic yells and the fight song to the students.

Swingin' Vandals

Gary Dosset and his Embers turned out the music for the Saturday night Activity Carnival as dancers crowded the SUB ballroom floor. The three-hour all-campus function attracted an estimated 1,500 students.

That's what this trio wanted to know as KUOI engineer Ken Marnock twirled buttons in an attempt to get the "live" broadcast of the Idaho-Arizona State game. Asking the questions are Roxy Fisher, Beverly Gilpin and Brenda Brown.

Thanksgiving Early At WSC But Stolen "Tom" Is Safe

By Jim Flanigan
"Vandals" stole a turkey on the WSC campus recently, and almost ruined months of work put in by a graduate student in the department of poultry science.

The defenseless fowl was stolen from its pen at night, according to Dr. James McGinnis, department chairman. "The theft was undoubtedly the work of vandals, since the turkey was found in downtown Pullman," he noted.

"Almost every year we have about a half-dozen cases of breaking and entering," McGinnis continued, "and each time we lose from one to six fowl."

Pullman police would not reveal where "Tom" Turkey was found exactly when they turned the bird over to campus police.

And WSC officials wouldn't give the graduate student's name for publication.

Not Ordinary Bird
Washington State's Dean of Men A. E. McCartan said, "The boys should realize they are taking not just an ordinary turkey, but an experimental bird on which a great deal of money, time and effort has been expended."

Oregon State co-eds are moving into the men's hall this fall, according to college officials there.

To facilitate dormitory enrollment in women's living groups, OSC decided to pull a fast switch in plans. Newly-built Cauthorn hall, originally constructed for men students, now houses 313 co-eds.

Meanwhile, Sackett C is taking care of 115 men that have signed up for Cauthorn, and the other three sections of Sackett hall are occupied by the fairer sex.

Women in Cauthorn, by the way, are eating in the new cafeteria for all men's living groups. However, the move has allowed Oregon State to accept 198 more co-eds on campus than in 1956.

Don Bettis, of the University of Wyoming, received a ticket the other day for overparking in downtown Laramie.

While he was paying the judge the usual fee, a cop was writing another ticket. Bettis had forgotten to feed the meter a second time.

The "Branding Iron," a Wyoming campus publication, termed the situation "One Fine Day."

A California cheerleader might have been plotting a little extra kick in his yell, "Skyiiiirrocket—Weeeee—Boom—Ah!" when Stan-

ford gridiron squad tangled with San Jose State last week. A man, walking his dog on Stanford's campus the night before the game, found two sacks of gunpowder weighing approximately 50 pounds.

Officers, who thought the fireworks were slated for the game, didn't expect to find the owner.

Army ROTC cadets at the University of Oregon had shocked looks when they read the following headline in the "Oregon Daily Emerald": "ARMY ROTC STAFF TO ADD HENCHMAN."

Actually it was Capt. John M. Henschman, a University of Washington graduate and infantry officer.

"Co-eds who admire Annie Oakley are urged to sign up for the Women's Pistol Team," said the Arizona Wildcat at Tucson.

New members will be taught to handle and fire a pistol safely, M/Sgt. Harry Hayden pointed out.

Jim Golden's Campeyeing Looks Like Pajamas Are Dress For Homecoming Celebration

Either a major shakeup in the ageless traditions of Idaho's Homecoming is in the mill or one Miss Jan White, rally committee chairman, was misquoted Friday.

The confusion results from an excerpt from an Arg story on the big event which is coming up in about a month.

Said the article in question: "Women are requested to attend the rally in pajamas as most people will be wearing them, Miss White said."

Is this a major reversal of field from the historically inhibited Grad Glory days we've seen before?

It Does Help
Theory — especially political — can be a difficult study to grasp. But a little practicality along the side can clarify the issue.

Such was the case in Dr. Boyd Martin's political parties class in which he was discussing the theory of majorities and minorities in party politics.

"A majority," said Martin, "isn't necessary to precipitate a revolution."

At which point a back-row upperclassman interjected: "But it sure helps."

A KUOI to broadcast "live" the Idaho-Arizona State trouncing kept most of the early-arrivals

off the floor until the game ended. Elaborate ideas to pipe the play-by-play through the north ballroom speakers, failed, however, when the echo made it just about impossible to hear anything except an omnipresent siren.

A KUOI engineer saved the day by shouting the information to the surrounding Vandal fans as he picked it up through earphones.

Idaho Band Plans Trip To Capital

Idaho's marching band and majorette corps — 63 members strong — will make its initial appearance this season, when it performs during half-time activities at the Idaho-Utah game in Boise Saturday.

"Despite short preparation time the band will be ready for its debut," Warren Bellis, director, said. "We began intensive drills and rehearsals last week and will continue through this week."

Usually the first appearance of the marching band is scheduled at a later date in the fall season.

Activities scheduled for the group this fall include the Homecoming Parade, half-time performances at all home games and at the Idaho-WSC clash in Pullman.

Drum major for this year's band is Marvin Mackie, Chrisman, who begins his second year at the helm. Shirley Henriksson, Pi Phi, will lead the majorette corps.

Faculty leadership for the group includes Bellis, director; William Billingsley, assistant director; and Thomas Fugate, graduate student, assistant.

The student staff includes Ed Kale, Beta, president; Mike Norrell, Phi Tau, vice president; Kay Sawyer, Gamma Phi, secretary; and Fugate, librarian.

John Baker, Willis Sweet, and Gerald Strang, off campus, will comprise the equipment and property committee.

On Jazz

By J. J. O'CONNELL
This being my first article this year under the above title, I think it should be devoted to laying down the "rules of the game," as far as what I am trying to accomplish by writing this column.

Primarily it is written to bring to the readers a further understanding than they have already about the works in Jazz and a short history about the individuals and groups who are prominent today, and those who were prominent yesterday; their being the groups who helped establish different forms of jazz which have progressed to the types we have today.

There will be tips on new albums which are good or bad, and their parts will be a help in the extension of your own collection. Of course your own taste will enter into this, but it will at least give you my own particular likes and dislikes. Also, along with the new records out in jazz, I am going to try to present the unusual in jazz more than in the past years as this is the most interesting to me.

And I believe it should be stated here at the beginning that the views expressed are purely my own, be they good or bad. My knowledge of the subject of jazz isn't as extensive as anyone's.

Other officers of the organization are John Bradbury, Fiji, vice-president, and Janene Taylor, Gamma Phi, acting secretary.

WHAT EVERY YOUNG COED SHOULD WEAR

Gather round, girls. Flip open a pack of Marlboros, light up, enjoy that fine flavor, that good filter, relax and listen while Old Dad tells you about the latest campus fashions.

The key word this year is casual. Be casual. Be slapdash. Be rakish. Improvise. Invent your own ensembles — like ski pants with a peek-a-boo blouse, like pajama bottoms with an ermine stole, like a hockey sweater with a dirndl.

(Dirndl, incidentally, is one of the truly fascinating words in the English language. The word originated on June 27, 1846, when Dusty Sigafos, the famous scout and Indian fighter, went into the Golden Nugget Saloon in Cheyenne, Wyoming, to see Lily Langtry. Miss Langtry did her dance in pink tights. Dusty had never seen anything like that in his life and he was much impressed. He thought about her all the way home. When he got

home his wife Feldspar was waiting to show him a new skirt she had made for herself. "How do you like my new skirt, Dusty?" asked Feldspar. He looked at the large, voluminous garment, then thought of the pink tights on Lily Langtry. "Your skirt is darn dull," said Dusty. "Darn dull" was later shortened to dirndl, which is how dirndls got their name.)

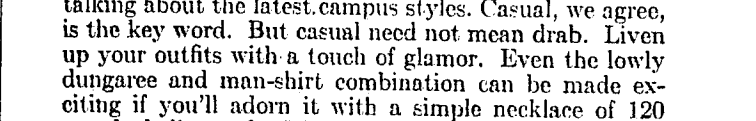

But I digress. We were smoking a Marlboro and talking about the latest campus styles. Casual, we agree, is the key word. But casual need not mean drab. Liven up your outfits with a touch of glamor. Even the lowly dungaree and man-shirt combination can be made exciting if you'll adorn it with a simple necklace of 120 matched diamonds. With Bermuda shorts, wear kneecymbals. Be guided by the famous poet, Cosmo Sigafos (whose cousin Dusty invented the dirndl), who wrote:

Sparkle, my beauty, shimmer and shine, The night is young, The air's like wine, Cling to a leaf, Hang on a vine, Crawl on your belly, It's time to dine.

(Mr. Sigafos, it should be explained, was writing about a glowworm. Insects, as everyone knows, are among Mr. Sigafos' favorite subjects for poetry. Who can ever forget his immortal Ode To a Boll Weevil? Or his Trumbling Along with the Trumbling Tumblebug? Or his Fly Gently, Sweet Aphid? Mr. Sigafos has been inactive since the invention of DDT.)

But I digress. We were smoking a Marlboro and discussing fashion. Let us turn now to headwear. The motif in hats this year will be familiar American scenes. There will be models to fit every head—for example, the "Empire State Building" for tall, thin heads; the "Jefferson Memorial" for squatty heads; "Niagara Falls" for dry scalps. Feature of the collection is the "Statue of Liberty," complete with a torch that actually burns. This is very handy for lighting your Marlboros, which is terribly important because no matter how good Marlboros are, they're nowhere unless you light them.

Whatever you wear, girls—and men too—you'll find the perfect accessory is Marlboro, whose makers take pleasure in bringing you this column throughout the school year.

Feature of the collection is the "Statue of Liberty," complete with a torch that actually burns. This is very handy for lighting your Marlboros, which is terribly important because no matter how good Marlboros are, they're nowhere unless you light them. Whatever you wear, girls—and men too—you'll find the perfect accessory is Marlboro, whose makers take pleasure in bringing you this column throughout the school year.

Breaks Big Factor In 2nd Idaho Loss

Arizona State's multiple offense wallowed in low gear throughout much of the game, but the Sun Devils capitalized at opportune moments to down Idaho's stubborn Vandals, 19-6 at Tempe Saturday.

Idaho, behind 12-0 at the half, looked like world-beaters in the third and fourth periods, playing the vaunted Sun Devils to a standstill.

"They were considerably tougher than Oregon," coach Skip Stahley said yesterday, "and we did a really fine job, especially defen-

sively, in containing them as much as we did."

Stahley did not mention it as a factor in the loss, but the temperature at Tempe at game time was in the 90s and remained high throughout.

The Vandals were very much in the game until late in the fourth period.

With only 3:10 left to play and the score 12-7, Arizona State, race-horse Sun Devil halfback Leon Burton, took a pitchout and out-legged the whole Vandal squad for the third and deciding touchdown.

Idaho's lone touchdown was set up by a brilliant punt return by sophomore halfback Paul Wagar.

After the Vandal line, led by end Wade Patterson, had forced the Sun Devils back deep into their own territory, Wagar took Bobby Mulgado's kick and returned it 67 yards to the Arizona State 19.

Arizona State's second touchdown was of the "freak" variety. Bart Jankans, a 170-pound "mid-get" tackle, hit Vandal quarterback Howie Willis, jarring the ball loose, and grabbed the free ball in the air to race 46 yards for the tally.

Belland Strong

Joe Belland, a real workhorse for the Sun Devils at fullback, plunged two yards for their first score, after a concerted drive.

The Vandals picked up 107 yards through the air to 44 for the Sun Devils, but were outgained, 265 yards to 83, on the ground.

Guard Jerry Kramer and center Wayne Walker were singled out by Stahley for outstanding play in the line. Other Vandals who stood out included sophomore fullback June Hanford with defensive play, end Larry Aldrich, Wagar, and Patterson.

Saturday the Vandals will travel to Boise for the annual southern Idaho game with Utah. The Redskins will probably be nearly as tough as Oregon and Arizona State. They have been picked in most quarters to top the Skyline Conference.

Redskins Look Strong In Buff Loss

Utah's Redskins, who meet the Vandals at Boise Saturday, matched Colorado touchdown for touchdown last weekend only to lose 30-24 after a 66-yard march by the Buffaloes in the fourth quarter.

Utah, two touchdown underdogs going into the tilt, put on a surprising show of power before the onrushing Buffaloes.

Oregon State, who Idaho will tangle with at Corvallis in two weeks, lived up to their billing as the nation's ninth ranked team, by humbling Kansas, 34-6.

Two future Idaho adversaries, College of Pacific and Fresno State collided at Stockton, California, with the strong COP club downing the Bulldogs easily by a 34-12 count.

Veteran-packed Iowa steamrolled Utah State, who plays the Vandals Nov. 9, by a 70-14 margin and Idaho's final opponent, Washington State rode the gifted right arms of Bob Newman and Bunny Aldrich to victory over California, 13-7.

The Bears and Cougars fought on even terms most of the game but Aldrich and Newman had little trouble penetrating Bear pass defenses.

Neutral Corner Stahley's Squad Shows Promise Club Is Impressive In Losses

By DWIGHT CHAPIN

Although their ledger now reads no wins-two losses, the opinion still persists in this corner that the 1957 edition of the Idaho Vandals is the finest club at Moscow in many seasons.

Oregon, who narrowly got by the Vandals 9-6, two weeks ago, proved that they were a team to be reckoned with; Saturday evening, when they led the mighty Pittsburgh Panthers, 3-0, only to lose 6-3 on a pass play with only 22 seconds remaining in the game.

Pittsburgh was named in the top ten football squads nationally in nearly every preseason poll, and if comparative scores mean anything, theoretically Pittsburgh would beat the Vandals by six points.

Undoubtedly, coach "Skip" Stahley is handling the biggest, roughest line in his years at Moscow, and quite possibly it is the best forward wall ever at the school.

Certainly no opponent can rest easy, facing such stalwarts as Larry Aldrich, J. D. Lawson, Tony Anderson, Jim Prestel, Jerry Smythe, Jerry Kramer, and Wayne Walker, backed up by more than capable reserves.

The problem in the backfield has not been starting talent, for Bob Dehlinger, Larry Norby, and Ken Hall have all been doing fine jobs, but reserve strength.

However, in the Arizona State game, Paul Wagar, June Hanford, and Lloyd Fenton played steady and sometimes brilliant football to indicate that the picture might be brightening up there also.

It is unfortunate that the fast-developing Vandals had to meet such stout teams at the beginning of the schedule because they probably would have been more

prepared for them later in the season.

But several big games are yet remaining, such as clashes with powerful Oregon State and vastly improved Washington State.

If recent play is any indication, future Vandal opponents had better not come into games with Idaho with any feeling of over-confidence, for the Vandals are about ready to start taking their share of the glory.

First Round Of ASUI Golf Set This Week

Coach Dick Snyder announced yesterday that the first round of the ASUI golf championships must be played by this Sunday, October 6. The flights will be posted in the golf clubhouse.

Despite Dick Sheppard's hole-in-one on the number seven hole last week, freshman Don Modie turned in the best qualifying score, a 65. Sheppard, who is captain of the varsity golf team, ended up with a 66 for the 18 holes.

The golfers are competing for the Francis James trophy, a cup dedicated to the late Francis James, who laid out the original course, and was golf pro at Idaho until his death in 1951.

Westergren Suffers Brain Concussion In IM Football

Knute Westergren, Beta Theta Pi, received a brain concussion yesterday when he slipped attempting to catch a pass in the Betas' game with Sigma Chi.

Extent of the injury was not immediately known. Westergren fell over backwards when he tried to spear quarterback Larry Parberry's pass and struck his head on the ground.

A varsity baseball player, Westergren also won the intramural tennis championship last year and helped the Betas to the team title.

Fifty-two entrants have qualified for the 18 intramural tennis groups. The single elimination tourney will start Wednesday.

Three entries are permitted from each living group. Intramural director Clem Parberry said yesterday he was not certain when the tournament would end, but it definitely would start Wednesday.

Phi Gamma Delta, with a 3-0 record, is camped in first place in touch football's League I but is being challenged by Town Men, who drew one bye, and now have a 2-0 slate.

Tau Kappa Epsilon, with 3 wins and no losses, is undisputed leader in League II.

In the independent ranks, Pine Hall 1 and Willis Sweet Hall 1 are deadlocked for first with 2-0 records in League III and Lindley Hall 2 and Willis Sweet Hall 2, both at 2-0, lead League IV. McConnell Hall 2, a new entrant
