

Marshalling Position Not Filled At Present

Gov. Robert E. Smylie Monday informed Homecoming planners he would not be able to act as grand marshal for a parade here Oct. 26.

Parade co-chairmen Tim Daley and Terry White said they received a letter from the Governor yesterday. Smylie said his itinerary called for a visit to Moscow for the dedication of a new University library Nov. 2 and that he could not be in north Idaho on two consecutive weekends.

The co-chairmen said they were negotiating for a replacement for the Idaho chief executive, but declined to disclose who was being contacted for the honor.

Vote Change

Meanwhile, Homecoming Chairman Bob Vallat said primary voting for Queen finalists had been moved up to tomorrow. The initial vote had previously been scheduled for Thursday. Five finalists will be selected by a vote of campus males and results will be announced in Friday's Argonaut. Vallat said. Spurs will distribute ballots during the Wednesday lunch.

Vallat said off-campus students could vote all day Wednesday in the ASUI office.

Competing for the title are Carol Wachal, Theta; Shirley Henriksen, Pi Phi; Jane Lange, Alpha Phi; Janice Berg, Delta Gamma; Anita Koskella, Forney Hall; Roma Saunders, French House, and Mollie Godbold, Alpha Gamma Delta.

Jan Novak, Hays Hall; Elna Magnusson, Gamma Phi; Margaret Sullivan, Tri-Delt; Marilyn Crane, Kappa; Kay Zenier, Ethel Steel, and Freida Wilson, Alpha Chi.

The Queen will be named following a final vote Oct. 21.

Three Bands

Daley said three of four high school bands which had been invited to participate in the parade had accepted by this morning. They include Wallace, Kellogg, and Lewiston bands. Moscow High School was expected to accept the invitation by Friday.

White reminded house float chairman that an orientation meeting had been scheduled for tomorrow at 4 p.m. in conference room O.

Last week, 16 houses indicated they would team up to build their float entries. Listed as pairing off were Alpha Chi and SAE, Alpha Phi and Delta, Pi Phi and Delta Sig, Tri-Delt and Farm House, Gamma Phi and Fiji, Theta and Phi Delt, Kappa and Sigma Nu, and Delta Gamma and Beta. Several independent halls had not indicated whether they would work

with another group by late Monday.

Greek Scholarship Topped By Pi Phis And Farm House

Pi Beta Phi sorority and Farm House fraternity topped first place in Greek scholarship competition for the spring semester, their governing organizations announced today.

Last semester was the third consecutive time the Pi Phis have won the award. Farm House topped the men's Greek living groups for the first time at the end of the fall semester, 1956.

Competition sponsors Inter-Fraternity Council and Pan-Hellenic said runners-up would not be announced.

The Student-Faculty committee last fall outlawed publication of living group grade points, but stipulated that individual organizations could sponsor their own competition.

Impressive Arrival Sets Stage For Domino Show

A "Show of Stars" will arrive on the Idaho campus in ten Cadillacs and two Greyhound buses from the Lewiston airport the afternoon of Oct. 28 to present a three hour jazz concert in Memorial gym starting at 8 p.m.

About 125 persons in the company, headlined by Fats Domino and his band, will present a number of the top record hits to the Idaho audience.

Tickets are now on sale in the ASUI office of the SUB for \$3.50 and \$2.50, Gale Mix, general manager, said.

"Fats is probably the most dynamic artist in the popular music field today," Mix noted. "In just three short months his records have sold to the tune of over 11 million."

On the slate for the jazz and popular music program are the Everly brothers, Lavern Baker, Clyde McPhatter, Frankie Lymon, Clyde McKnight, Chuck Berry, Paul Anka, Eddie Cochran, Buddy Knox, Jimmy Brown, the Drifters, Harold Cromer, master of ceremonies, and

Students Witness Vandal Victory

Almost 1000 students vacated the campus over the weekend, and traveled down the North-South highway or via Oregon to witness an Idaho victory over Utah Saturday afternoon in Bronco stadium at Boise.

Rain did not dampen the spirit of 9000 fans that cheered a strong Vandal squad to a 21-6 win over the Redskins.

Attending the annual clash, were Gov. Robert E. Smylie, President D. R. Theophilus, Utah President A. Ray Olpin, Congressman Hamer Budge, Congresswoman Gracie Pfost, and Senators Henry Dworshak and Frank Church. Idaho's marching band and majorette corps paraded in downtown Boise in the morning prior to kickoff at 1:30 p.m., and presented half-time entertainment.

Intercollegiate Knights — 40 strong — and Spurs made the trek to the capital city where they sold programs and ushered at the game. Pom Pom girls also helped direct people to their seats.

A national IK meeting was held in Boise during the weekend activities. Don Ingle, national president from Idaho, and John Chapman, vice-president, attended.

Farm House To Become National Frat Saturday

The installation of a chapter and the initiation of 23 men will highlight weekend activities of Farm House which will officially be established on the Idaho campus Saturday.

Other events filling the weekend for the group will include a coffee hour for faculty Thursday evening and a banquet and dance Saturday evening. President D. R. Theophilus will be the featured speaker at the banquet.

Idaho Alpha of Farmhouse will be the 17th chapter on college and university campuses throughout the country for the national group and will be Idaho's 15th fraternity with national affiliation.

About 180 persons from Farm House chapters throughout the West and Midwest as well as fraternity alumni, national officials and Idaho officials are expected for the installation, Dick Kerbs, president of the local group announced today.

Events will begin Thursday with the faculty coffee hour at the chapter house for G. E. Middleton, national president of Farm House from Indianapolis, Ind.

A breakfast and registration will take place from 7 to 9 Saturday morning at the chapter house, and members and guests will then travel to Lewiston to tour Potlatch Forests, Inc., operations. The group will then return for a luncheon at the SUB.

The afternoon will be taken up with installation of members and the chapter in ceremonies at the Presbyterian church.

The banquet featuring Dr. Theophilus as main speaker will begin at 6 p.m. in the North Ballroom of the SUB. Charles "Bud" Beasley, president of the group when it organized on campus in 1935 and now farming at Wilder, will serve as master of ceremonies.

Guy Wicks, assistant director of student affairs, and Dr. Merlin Houck, Stillwater, Okla., Farm House national vice president, will also speak. Middleton will present the charter at the banquet. A dance will follow at 9 p.m.

First In Seven Years

Farm House will be the first national fraternity to be chartered on the Idaho campus in seven years. Delta Sigma Phi became the 14th national fraternity to establish on the Idaho campus when it was chartered in 1950.

One faculty member, Dr. Richard

Today: Attic club, 3 p.m., Art building. Phi Mu Alpha, 9:30 p.m., Pine room, SUB. Pep band, 7 p.m., music building room 216. Young Republicans, 6:30 p.m., conference room A, SUB.

Business Ed Club Introduces Advisor

Beta Epsilon Chi, business education club, held its first meeting recently to introduce Dr. Robert M. Kessel, new faculty advisor.

Dr. Kessel is a new faculty member in the College of Business Administration.

Next meeting of the group is scheduled for 4 p.m., Oct. 17, in the SUB Syringa room. Plans for the coming year will be formulated at the meeting.

Primary emphasis of the ASUI NSA Liaison committee this year will be to furnish groups and organizations information and workable ideas for their activities, Jim Kay, chairman, reports.

NSA, National Students Association, is a confederation of American student bodies which works to develop programs to promote student education in activities and government.

Kay was appointed chairman of the local NSA program last year. Last spring he was elected vice-president of Student Government in the Great Northwest Region. Idaho is one of 11 schools in this region.

NSA has been under fire by student government officials at Idaho for the past several years. Last year a Regional Convention was held at Idaho. At that time student leaders stated that the Regional meeting would pave the way for the success or failure of NSA at Idaho.

Last spring the Exec Board voted not to send a delegate to the National Students Congress sponsored by NSA.

Kay said his committee would re-evaluate the program which it started last year and would establish an advisory group to student government, its associated committees and any other recognized ASUI committee.

Groups Needing Aid Or Ideas May Seek NSA Committee Assistance

There are enough committees on the Idaho campus to get everything done that needs to be done," Kay said. "All we hope to do is help these committees over the rough spots by furnishing information and ideas."

"We have a great deal of material on file for student use," Kay said. "We can write or give student addresses so they can correspond for any information they want."

Exec Board May Select Yell Leaders

Possible selection of two male cheerleaders to return Idaho's pep squad to full strength is one the Exec Board's agenda for tonight.

ASUI President Dave Maxey said the Board would "probably" take action on replacing ineligible cheerleaders Frosty Hanson and Dick Hays this evening.

Both Hanson and Hays were declared ineligible Thursday because of scholastic disabilities. University ruling prohibits students from participating in major activities if they do not have at least five times as many passing credits as failing credits.

Maxey said the Board had sole responsibility for appointing replacements. However, Maxey said, the Board can decline to appoint other candidates and thus leave the squad at six women and yell king Mary Fischer.

If the Board decides to name two new men, he said, tryouts will probably be held in "about" two weeks. As a second alternative, the group could name two men who tried out last spring when the other cheerleaders were selected.

About 10 men auditioned before the Board in May. Three of them, Fischer, Hays and Hanson were chosen for the spots.

Save Money Men; Nickel Hop Friday!

A novelty tune by Coralie Davis, Delta Gamma, will be sung to men's living groups Wednesday evening, when Spurs request male students to attend the annual Nickel Hop Friday night.

Dancing will be held in all women's living groups on campus from 8 to 11 p.m., Janet Cooke, chairman, said.

The name, "Nickel Hop" is derived from the custom of charging the men attending a nickel for every 15 minutes of dancing, she pointed out.

A few women's houses will have bands to furnish dance music, but the majority plan to use phonographs, Miss Cooke noted.

Some women's living groups plan to send invitations to men's houses on campus, and request their attendance at the yearly event.

After the dancing, Spurs will hold a coffee hour in the SUB.

Gamma Phi's have collected the most money the last three years at the Hop. Proceeds of the event will be used to finance Spur activities throughout the year. Total money taken in last year was over \$300.

4-PERS MEET

The College 4-H Club invited all interested students to attend their organizational meeting tonight at 6:45 in conference room B of the SUB. President Dennis Gray made the announcement.

Students Witness Vandal Victory

Intercollegiate Knights — 40 strong — and Spurs made the trek to the capital city where they sold programs and ushered at the game.

Pom Pom girls also helped direct people to their seats.

A national IK meeting was held in Boise during the weekend activities.

Don Ingle, national president from Idaho, and John Chapman, vice-president, attended.

Road conditions on the trip back were listed as poor. In some areas snow drifted across the highways, and a downpour of rain greeted drivers most of the way.

No accidents were reported over the weekend.

Flu' Front Quiet; One Case So Far

The University's first confirmed case of "flu" was reported Monday by University Physician Dr. J. M. Fleming as the school continued girding for a possible outbreak of the disease here.

Fleming said the victim, a male student, had an ailment "which we can definitely tag as flu." He pointed out, however, that it would be impossible to determine whether or not the disease was of the Asian variety.

If the case is Asiatic influenza, a fact which cannot be determined for about two weeks, it will be the first recorded instance of an infection here. The flu scare is currently cutting heavily into attendance at public and private schools and universities.

Fleming reported patients at the University Infirmary nearly doubled on two sample days last week. He said 162 students reported for treatment on one day and 161 visited the hospital the following day.

He emphasized, however, that many of the students included in the total were treated for ailments other than "flu-like" symptoms. He said many of the total were suffering from mild colds.

Fleming said the rush had slackened off by Monday, when only about 110 students reported to the Infirmary. Average hospital and clinic load is 80-100 persons per day.

Fleming held out little hope that any of the newly-perfected Asian flu vaccine would arrive here in sufficient quantities to take care of even a fraction of the campus within the next few weeks.

He added that local physicians had only emergency supplies and were using all available vaccine to inoculate their office staffs and themselves.

"The small amount being received is routed to immunize key personnel, who would be needed in handling an epidemic," said Fleming.

He explained that all Infirmary personnel, house mothers, a portion of the University Grounds crew, cooks and athletic teams were getting first chance at the vaccine.

Varsity football and basketball players got their "shots" last week.

Last week, University administrators announced they were studying a "battle plan" for handling any outbreak here.

Initial steps included plans for partitioning sections in dormitories for housing infected individuals and briefing sessions for house mothers and hall proctors and hostesses.

In other areas of the country, Asian flu has whipped through college campuses, infecting up to 40 per cent of the student population.

Mortar Board Plans Sales

Mortar Board began plans for their annual Homecoming "Mum" corsege sale at its Tuesday meeting. Mums will go on sale the week preceding Homecoming in all living groups for \$1.50, Marcia Ellis, chairman, said.

Proceeds will be used to finance the group's annual spring events, the May Fete and the Narthex.

A coffee hour will be held Oct. 12 in honor of the group's new advisor, Mrs. Norton Coe, at the home of Miss Mable Locke.

Ten of the 14 Mortar Board members returning this fall are Martha Sue Dempsey, president; Ellie Johnson Betts, Marcia Ellis, Mollie Godbold, Claudette Kerns, Mary Owl, Charlene Roth, Ginger Symms, Karen Walker, and Karen Warner.

Jane Bonham, who is ill in Boise, expects to return this semester, and Marilyn Stewart Blanton plans to be back second semester.

NOTICE

University officials announced today that all cars parked on Student Union parking lot all night will receive a police summons for a violation of parking restrictions. They said the check on violators will begin immediately.

Sigma Xi Meeting At Borah Theater

A pictorial discussion of his trip through Korea will be given by Dr. William M. Staley at the first meeting of Sigma Xi Society, tonight.

Scheduled for 8 p.m., the meeting will be held in the SUB Borah Room. Dr. Staley will show slides which he took while touring Korea last year. All persons interested are invited to attend, Staley said.

Groups Needing Aid Or Ideas May Seek NSA Committee Assistance

There are enough committees on the Idaho campus to get everything done that needs to be done," Kay said. "All we hope to do is help these committees over the rough spots by furnishing information and ideas."

"We have a great deal of material on file for student use," Kay said. "We can write or give student addresses so they can correspond for any information they want."

Groups Needing Aid Or Ideas May Seek NSA Committee Assistance

Primary emphasis of the ASUI NSA Liaison committee this year will be to furnish groups and organizations information and workable ideas for their activities, Jim Kay, chairman, reports.

NSA, National Students Association, is a confederation of American student bodies which works to develop programs to promote student education in activities and government.

Kay was appointed chairman of the local NSA program last year. Last spring he was elected vice-president of Student Government in the Great Northwest Region. Idaho is one of 11 schools in this region.

NSA has been under fire by student government officials at Idaho for the past several years. Last year a Regional Convention was held at Idaho. At that time student leaders stated that the Regional meeting would pave the way for the success or failure of NSA at Idaho.

Last spring the Exec Board voted not to send a delegate to the National Students Congress sponsored by NSA.

Kay said his committee would re-evaluate the program which it started last year and would establish an advisory group to student government, its associated committees and any other recognized ASUI committee.

Lack of interest by students and an unavoidable regulation once again made the selection of election board members a rather involved situation.

In former years parties have failed to have enough persons take the test to become members of the board and students had to be asked to fill that party's quota on the board.

Under the constitution each party represented in the ASUI may have five members each on the board. The five getting the highest grades on the test given the prospective members automatically go on the board.

Wednesday enough people turned out from each party to complete the board, but an interesting situation occurred.

The highest grade on the test by a member of the independent party was lower than the sixth highest grade scored by the members of the united party trying for the board.

This means that this sixth person still beat all of the independent hopefuls, but still five of them will be placed on the board and this sixth person will not.

It seems from here that even though parties should be considered, that if tests are going to be considered, the grades should have more to say about whether or not a person is placed on the board.

Musical Ability Scholastic Need Earns \$2,300

Scholarships, totaling \$2,300, were recently awarded to 17 Idaho music majors, Hall Macklin, music department head, announced today.

"All award winners were chosen by the music department faculty for their demonstrated musical ability, scholastic record and financial need," Macklin said.

Jane Lange, off campus, received this year's Theodore Presser Foundation scholarship grant of \$350. The foundation offers similar awards at several universities throughout the U.S. and Canada.

The Idaho Grand Chapter of the Order of Eastern Star award went to James Mercer, Phi Delt. Carrying a stipend of \$250, the scholarship is made each year on the basis of advancement in music and citizenship.

The 15 other scholarships, authorized by the Board of Regents, were presented to the following music students:

Ernest Carr, Jo Ann Fingerson, Marjyl Jo Fox, Elaine Hieber, Joyce Lake, Verna Lott, Sally Maddox, Ellen Morgan, Chester Peterson, Virginia Robinson, Don Royster, Kay Salyer, Joan Fisher, and Mary Melody Garnsey.

Orientation Meet For Blood Drive

Blood Drive co-chairman Elaine Hieber said today committee members would map plans for the campaign, set for Oct. 29-31, at a meeting of house representatives tonight.

Miss Heber said it was "imperative" that all representatives attend the meeting for orientation of the drive. She said the meeting was set for 7 p.m. in conference room A.

Welcome Back KUOI

A relatively new, but fast-growing campus activity is functioning again today. Radio station KUOI went back on the air Monday with a beef-up staff to keep the music and news flowing over the Idaho campus.

We welcome them back as our twin in the communications field.

For KUOI, it has been a long climb upward from the little one-horse station that began programming over 11 years ago. In fact, "the voice of the Vandal" will celebrate its 12th birthday early in November.

But back in 1945, KUOI was broadcasting from an Engineering building annex with a couple of cheap turntables and a minimum of equipment. When the new Student Union Building was completed, KUOI moved up to the third floor and continued expanding.

To keep students informed of what was going on in the world, the nation and the campus, a concerted program to improve news coverage was inaugurated in 1953. The station got a United Press teletype courtesy of one of their sponsors and set up the nucleus of a news staff to cover the campus.

It is for this function that we extend praise to KUOI and its staff.

Year after year the station has

moved its now-extensive remote broadcasting facilities to campus football and basketball games and to many public events assemblies in an effort to keep the student body informed.

And they've scooped the Arg a few times on fast-breaking campus events, too.

It is this sort of friendly competition that keeps both news media hopping and the end result is a more informed University of Idaho.

Station Manager Ed Sjelstad has a 25-member staff to keep KUOI operating this year and is looking for more volunteers. Unlike almost all other campus publications and year-round activities, the top-echelon staffers at the station receive no salary, and have to take their pay in experience.

The free-gratis time pays off, however, and several KUOI regulars are successful professional radio men.

The Argonaut this year will publish a KUOI program listing weekly to give students an idea of what their radio station has to offer.

But for now, a sincere "welcome back" to the crew upstairs. We're convinced 1957-58 will be another year of progress for KUOI.

LITTLE MAN ON CAMPUS by Dick Bible.

"AND NOW, DR. CLOPATE, WHO WILL RELATE HIS EXPERIENCES AMONG THE HEAD SHRINKING NATIVES OF CENTRAL AMERICA!"

JJ on Jazz

Why has interest in jazz been so prevalent in the past few years? This is a question that I've been asked many times, and so shall try to explain to you why I think it has had such use in popularity.

Primarily I think it is due to the introduction of the 33 1/2 r.p.m. records and players not too many years ago. This has caused the extension of time for listening to the records from 4 minutes to 30 minutes.

Jazz sets a mood by the interpretation of the music, and this mood cannot be felt in 4 minutes. An example of this is the great old sax work done by Paul Desmond in the Dave Brubeck group. Paul (or any other artist) needn't worry about the time elements during a recording session and can interpolate as he wishes.

This freedom of the time element has increased the quality of the work done in jazz and has made it more popular with the public. And this popularity has been felt by other schools of music to the point where fragments of jazz can be noticed even in our modern day rock 'n roll type of music which is so popular today.

The easiest way to notice this is to listen to a song whose theme is familiar to you. Then notice when there is a solo part during the song the instrument doesn't follow the theme exactly. Time is an interpretation on the theme which is the essence of jazz.

It is also interesting to speculate on the further change in popularity theme will be with the advancement of the 16 r.p.m. record. Most record players are now coming out with this, but the supply of records is very small. But with the advancement of the 16 r.p.m. there should also be an increase in the popularity of music.

DOUBLE'S MEET
A movie entitled "Our Mr. Sun" will be shown to electrical engineering students and members of the AIEE Thursday night at 7 in room 104 of the Engineering Building. All electrical engineering majors are invited to attend.

Campus Capers OSC's Khaos Kick Raises Award Money, Acquaints

By Jim Flanigan
"Khaos Kick" is the theme for the Nickel Hop sponsored by the Associated Women's students this Friday evening at all women's living groups on campus—the Oregon State groups that is!

Radio station KOAC will play records in groups of three, and the women's living groups may request the song they want.

Novelty tunes will be played during the breaks so male students can make the tour to all the co-ed's living groups.

Four trophies, two for the women and two for the men, will be given for participation and size of both sex groups taking part.

Meet New Beavers
According to the "Daily Barome-

ter," an OSC publication, "Nickel Hops are held annually at all women's living groups to raise money for scholarships and to acquaint students with both old and new Beavers."

Freshmen co-eds from Idaho may breathe a sigh of relief after hearing this report from Eastern Washington College of Education at Cheney:

"Last Thursday the Senior hall freshmen walked around campus dressed strangely for their initiation into the dorm.

"In addition to having to wear clothes inside out, unmatched shoes and no makeup, the girls had to perform menial tasks for upperclassmen.

Kangaroo Court
"That night a Kangaroo court was held to punish those frosh who were delinquent in their duties during the day."

Male students could get into a new dormitory at Marquette university in Milwaukee, but they couldn't get out.

University officials there said, "It was discovered that the manufacturer of the main entrance aluminum doors had mistakenly installed locks intended for a mental institution."

At the present time, brass locks have replaced the more-secure latches.

"Under the Big Top" was the theme for a quiet tea given for women transfer students who entered Oregon State college this fall.

From "The Stanford Daily":
Ivy League Toast
"Members of the Alcoholic Beverages Commission take note and get in step with the latest theory. A professor from Yale says that alcoholism will be averted if good drinking habits are established early, say in adolescence. A toast to the Ivy League, if you please."

A male student discovered some rather hot news while reading the bowling scores in the paper at the Union Grille on the University of Minnesota campus.

Hot Scorp
He jumped up violently, bounced on his seat, and pounded on the table. A friend across the table had set fire to the paper.

"Wanted, dead or alive," could be the new title of the classified section of the George Washington University publication at Washington, D.C. The following ad was in the "Job Jots" department:

"WANTED, RESIDENT — To answer door evenings for funeral home, in return for apt., kitchen, small salary. Couple or two male students."

Blue Key Taps Thursday Nite, Plans Directory

Blue Key members will meet Wednesday at 7 p.m. in conference room B to select new members from students who turned in applications last week, Jack Cole, president, said today.

New members will be tapped Thursday night during the evening meal at men's living group.

Cole said work on the Kampus Key, student-faculty director, will begin in two weeks.

The directory, sold to students each fall, contains names, living groups, phone numbers, majors, and home towns of all Idaho students.

Idaho's ROTC Group Ranked High At Camp

Idaho's Army ROTC regiment ranked in the upper half of schools which attended the summer camp at Fort Lewis, Wash., this year, Col. Glenn B. Owen, professor of military science and tactics, said today.

Ranking 12th among the 27 schools in final overall camp standing, Idaho's 47 senior cadets will perform the major part of the leadership activities of the ROTC cadet regiment this year.

The ROTC cadet regiment this year will be under the command of Cadet Colonel Larry McDonald of Moscow.

At Fort Lewis, the prospective officers underwent an intensive training program emphasizing the practical side of theoretical training received during prior ROTC instruction.

Language Society To Hear Milstead's Opinion Of O'Neill

Dr. John Milstead, instructor in English at the University of Idaho, has been invited to give a paper before the Rocky Mountain Modern Language association meeting in Albuquerque, New Mexico, on October 11-12, it was announced here today.

In the paper entitled "O'Neill and the Structure of Modern Tragedy," Dr. Milstead shows that O'Neill's tragedies are related to modern trends.

A basic characteristic of modern tragedy is that the hero is no longer the great man of older plays. In his work, O'Neill as Dr. Milstead explains, tried to discover whether there is any greatness left in man.

Dr. Milstead came to the University of Idaho in 1955 after receiving his doctorate in English at the University of Wisconsin, and with previous teaching experience at the University of Nevada. He teaches English composition, modern literature, and an upper division course in poetry.

History Behind Scheduled Play

Back in January, 1950, "Ring Round the Moon," the forthcoming ASUI production, had its premiere performance on the Globe Theater stage in London, England.

The French comedy, written by Jean Anouilh and adapted by Christopher Fry, made its first appearance before an American audience in the Martin Beck Theater in New York City on Nov. 23, 1950. Gilbert Miller produced the show.

October 18-19 is the date set for the ASUI show in Memorial Gym under the direction of Jean Collette, head of the Idaho dramatics department.

Tickets will go on sale in the University bookstore soon, Miss Collette noted.

A success in Europe and the United States, the play concerns twin brothers of opposite temperament who make up two-thirds of a love triangle. Both roles are played by Edgar Vandevort.

Donald Harris, Delta Chi, and Joan Fisher, Hays, will assist Miss Collette in the production of the three-act sophisticated comedy.

Republicans Hear Phyllis Loehr Talk

Phyllis Loehr, State national committeewoman, spoke to Idaho Young Republicans Thursday night in the SUB on the purposes of the club and its organization.

Neal Newhouse, group president, said that the club will hold a breakfast for Gov. Robert E. Smylie when he arrives for the dedication of the new library, Nov. 2.

This fall the club will do some precinct canvassing to receive public opinion on the present government in Idaho, Newhouse noted.

Trail Tells Cosmos Nepal Experiences

Tom Trail, International Farm Youth Exchange student to Nepal, presented movie slides and gave a talk on his experiences in Nepal, at the Cosmopolitan Club meeting Sunday, in the SUB.

A soccer game and picnic are scheduled by the joint Idaho-WSC Cosmo Clubs next Sunday at 3 p.m. Pete Reed, SAE, is in charge of the soccer game.

The Oct. 18 meeting will feature a United Nations discussion at the SUB.

Jim Golden's Campeyeing High-Spirited Team, Fans Home After Tough, Short Trip

Back on the job after a semi-conscious week end of frolic and frivolity, we can't help looking back at the unofficial holiday in Boise.

Game day dawned bright and rainy in the capital city and the host of Idahoans—most of whom arrived in the early-morning hours—greeted the big "holiday" with a definite lack of exuberance.

But by game time and a couple of open houses later, the thousand or so were ready to cheer their team on with some semblance of enthusiasm.

And the Vandals, playing on a soggy field and in a dreaching rain during the first half of the ball game, rewarded them with a sickly-played victory over Utah.

15 Days
The post-game celebrations which dotted the city and lasted into the early morning hours were not without their toll.

One high-flying student ran afoul of the law when he turned a corner too quickly and smashed his car into a barrow pit. The accident, combined with some potent spirits, landed him in the city jail for the rest of the day. A local newspaper said he will serve the other 14 days during Christmas vacation.

Otherwise, the post-game activities were a continuation of the pre-game fun and students and alumni alike ended up at the city's Elks Club for an evening of dancing, etc.

The in-training Vandal team missed the functions that celebrated their victory and were herded back on two planes for a fast flight north.

However, they found a 500-student welcoming committee waiting for them at the airport, an enthusiasm builder engineered by ASUI prexy Dave Maxey and General Manager Gale Mix.

Not Typical, But Fun
As a postscript to the week end, a late report from one car load of travelers revealed an interesting statistical fact.

That group investigated most of the local establishments between Moscow and Boise and marked each stop by affixing a Green Stamp to

each window as they left the places. They arrived in Boise 20 hours later, minus 17 stamps, just in time for the game.

Mood Music
Suggest new title for a mood music album: "Music To Bury Yourself By."

All the News...
And a final word of thanks to the Cosmo Club correspondent who says the club held a "slide show" last week.

Slow Social Weekend; Plan Homecoming

Migration to Boise game held weekend activities at a minimum. Homecoming plans underway. Phi Taus and Delta Chis schedule pledge dances. Alpha Chis hold scholarship dinner.

LAMBDA CHI ALPHA
"Doc" Dirghall, national alumni secretary, was with us for three days last week and as a result of his visit, the singing is louder and gayer and the laughter is more boisterous and hearty.

We were pleased to have Professor Cowin, Department of Chemistry; Lt. Varnum, Army ROTC staff; Mr. Kenneth Hensley and Mr. Raymond Nims, both of Lewiston, Idaho, here for the chapter meeting last week. Mr. Nims is a charter member of this chapter and Mr. Hensley is an alumni and officer of the incorporation.

Formal initiation is planned for Oct. 14 in conjunction with the Lambda Chi chapter at WSC.

ALPHA CHI OMEGA
A Scholarship Dinner was held Wednesday night honoring the girls who made a 3.00 or above last semester. Presents were awarded to Sharon Rude for the most improvement in grades, and Claudette Kerns for continued high scholastic achievement.

Thanks go to the ATO pledges for their serenade to regain their "Rogie" stone. Also, thanks to Lindley Hall for the exchange Wednesday night.

Congratulations go to Kathy Waggoner, newly elected flag twirler; also to Ludene Phillippi, Wanda Peters, Marlene Randall, and Gen Gillette who were tapped for Pre-Orchestrus, and Frankie Lisle who was tapped for Orchestrus.

The girls enjoyed the first weekly coffee hour presented by our housemother, Mrs. Hersch, Thursday afternoon.

The Alpha Chi pledges elected their pledge officers last week. They are Marlene Randall, president; Reba Troyer, vice president; Phyllis Weeks, secretary-treasurer, and Margie Rowlands, song leader.

An impromptu fireside was held Thursday night for the pledges.

House guests for dinner Sunday were Mrs. Claire McNeill, Sandra McNeil, Mrs. Joe Hersch and baby daughter, all of Spokane, and Darlyle Hersch of WSC.

clude Jerry Weston, president; Doug Garske, secretary-treasurer; Dick Tefft, social chairman; Dave Trail, song leader; John Davies, Emily Post; and Chuck Ridenour, Jr., IFC representative.

Congratulations to Joe Ketcham on his fine work with the Homecoming booklet.

Congratulations also to the pledges who have gained positions on the Argonaut and KUOI.

DELTA DELTA DELTA
Congratulations to Carol Reichert, who announced her engagement to Don Miller, Campus Club. Congratulations also to Barbara Richie on her recent pinning to Tim Kime, Fiji.

Janice McClesky was tapped for Pre-Orchestrus, and Julie Harris was elected to run for SAE Violet Queen; LaRae Harrop and Kay Sommers are our candidates for ATO Esquire Girl, and Margaret Sullivan is competing for Homecoming Queen.

The pledges of Delta Delta Delta thoroughly enjoyed the exchange with the Fijis Wednesday evening.

DELTA CHI
Activity was at a low premium at the house this weekend due to the game at Boise.

Delta Chi alumni held a reception for the Delta Chi at the Boise Hotel after the game on Saturday.

Due to the schedule of the Nickle Hop on Oct. 11, the pledge dance has been moved up to Oct. 18.

Congratulations to our house president, Joe Subia, and Bev Roberts, a Gamma Phi from WSC, on their pinning.

jeanier, secretary; Andy Anderson, social chairman; Mike Bauman, sergeant-at-arms.

Wednesday evening the fraternity entertained Mrs. Walcott, Mrs. Carter, and Miss Kristine Bengtson, Sherril Walsh, and Charlotte Ruckman. Later that evening, the freshmen members visited Hays Hall for their first evening exchange of the school year.

At the end of the week, all activities were nil because of the large turnout for a successful football game in Boise.

Kempton Says Air Unit Plans Fall Inspection

A change in policy this year will bring the annual Air Force ROTC inspection to the University of Idaho campus in the fall instead of spring as has been the previous policy, Col. M. A. Kempton, RAS&T announced today.

An inspection of the Air Force ROTC detachment, administration and training, will be conducted here Wednesday and Thursday.

Inspecting officers who will look over the local cadets are Lt. Col. Robert G. Goforth and Lt. Col. Leon A. Smith, both of Headquarters AFROTC, Air University, Maxwell Air Force Base, Ala.

The policy change causing the inspection to fall this autumn, was inaugurated by Brig. Gen. T. C. Rogers, new Commandant of AFROTC. Gen. Rogers has assigned one inspection team to inspect all of the AFROTC units throughout the U.S., and Idaho has been named one of the first for this year.

Danforth Awards Open To Teachers

Applications for the fourth annual Danforth Foundation teacher study grants are now being accepted in the office of H. Walter Steffens, executive dean. The grants are made to persons interested in working toward the doctorate degree.

University of Idaho is allowed to nominate two instructors for the program.

Nominees must have completed one year of graduate work and have three years teaching experience, two on the college level. Teaching and research assistantships are not applicable, according to the Danforth announcement.

LITTLE MAN ON CAMPUS

"YOU BOYS WILL FIND IT A LITTLE EASIER TO DRAW IF YOU STEP BACK FROM THE MODEL A LITTLE."

Reading Speed Class Offered

A no credit reading course, designed to improve reading speed by teaching better reading habits, is being offered on a voluntary basis by the English department this year.

Dr. F. C. Tolleson, who teaches the course, said emphasis is placed on grammatical structure and word recognition on the theory that with mastery of these, speed will follow.

"The faster reader," says Dr. Tolleson, "will retain more because his thought units are in phrases and sentences, while the slow reader thinks in words."

The slower reading student who is really serious about increasing his regular reading rate can double his power during the length of the course, according to Dr. Tolleson. Classes are held on Mondays from 7 to 8 p.m. and seventh period on Wednesdays and Thursdays.

Registration for the course starts Monday, Oct. 7 in Ad. 108.

Five Instructors Enlarge Navy Personnel

Five new Navy personnel, including three officers and two enlisted men, have been assigned to the NROTC teaching staff here.

New officers are Lt. G. P. Shabe, formerly executive officer of an East Coast minesweeper; Lt. (j.g.) G. A. Hume, who was previously an engineering officer on a West Coast minesweeper, and Lt. (j.g.) D. G. Taylor, who served as an officer on a destroyer escort with home port in Hawaii.

Enlisted men are, Chief Quartermaster P. R. Neff, formerly in Navy; and T. E. Robertson, who was a fire control technician aboard a radar picket destroyer stationed at Seattle, Wash.

"I draw the line at kissing," she said with fiery intent. But he was a football player, so over the line he went.

Winkler President For Local Chapter Of Phi Beta Kappa

Fred H. Winkler, instructor in history and political science at the University of Idaho, has been elected president of the Alpha of Idaho Chapter of Phi Beta Kappa, national scholastic fraternity, it was announced today by Dr. K. A. Bush, out-going president.

Mrs. Sue Matz was named vice-president; Dr. C. Norton Coe, secretary, and Mrs. Harry Sampson, treasurer.

Two honorary members were initiated on the basis of their scholarly contributions. They are Dr. C. Norton Coe, chairman of humanities, who has authored books on the works of Wordsworth and Shakespeare, and Dr. William Greever, head of the history department, who has written a history of the Santa Fe railroad.

It was announced that Dr. Henry Margenau, professor of physics at Yale university, will visit the Idaho campus on November 18-19, in connection with the Phi Beta Kappa distinguished lecturership program. Dr. Margenau has served as a consultant to business and governmental agencies and has written three books and numerous technical articles.

Dr. Gurevitch Announces Three Slated Lectures

The American Association of University Professors has scheduled three public lectures this month, Dr. Mark Gurevitch, publicity director, announced today.

The first lecture will be held on Oct. 16, with Dr. Philip C. Dumas, assistant professor of biological sciences, as speaker. His topic is "Competition and Antagonism."

Roland R. Reid, assistant professor of geology, will be the speaker at the second program, Oct. 23. He will discuss "The Granite Controversy and the Origin of the Continents."

"The Role of Research in Criminal Law" is the topic for the final lecture program. Dr. Herbert A. Berman, visiting associate professor of law, will be the speaker.

All three lectures will be held in room 6 of the Home Economics building at 8 p.m. The AAUP sponsors a series of lectures each semester.

Languages Lab Aids Studying

Foreign language students are learning their verbs and phrases an easier way this year. A languages laboratory, which has records available on the textbook lessons is being inaugurated here this fall by Prof. Claude W. Ashby.

Ashby, a retired assistant professor of languages, calls the lab "an aid to study of foreign languages."

"The laboratory is equipped with tape recorders and phonographs with earphones," Ashby explained. "This makes it possible for students to record and listen to their enunciation of the foreign phrases."

Under the present set-up, students make tapes of their lessons and then spend some time in correcting the errors which they make.

The lab, located in Administration building, room 320, is open from 9 to 10 a.m. and 1:30 to 4:30 p.m. Monday through Friday and from 10 to 11 a.m. and 7 to 10 p.m. on Wednesday.

Newman Club Sets Hayride Sunday

ROGER WILLIAMS FELLOWSHIP. Everyone is invited to attend coffee call at four every Tuesday at the Campus Christian Center. Why not come and enjoy fellowship with us?

NEWMAN CLUB
The Newman Club will have a hayride on October 13. We will leave at 5:00 p.m. from the Newman Club House on Deakin street across from the SUB parking lot. Everyone is encouraged to attend, single or in couples.

Navy Cadet Drill Will Be Postponed To Next Semester

Navy cadets breathed a sigh of relief this fall when they received word that early morning drill had been postponed until next semester.

A decrease in enrollment in the freshmen and sophomore classes was given as the reason for calling off the drill, Maj. Frank Sebeck, drill officer, said.

In previous years, the Navy has begun the year with two weeks of early morning drill and practice.

A total of 155 students are enrolled in the Navy ROTC this semester.

A Campus-to-Career Case History

Bill Tyer discusses features of a training program for operators with Miss Edith Sanders.

"There's always something different"

"In my job, there's always something different coming along—a new problem, a new challenge. When I got out of college I wanted to make sure I didn't settle down to a job of boredom. There's never been a chance of that at Bell."

That's Charles W. (Bill) Tyer talking. Bill graduated from Texas Christian University in 1953 with a B.S. in Commerce. He went right to work with Southwestern Bell in Fort Worth.

How did he make his choice? Here's what he says: "From what I'd seen it was an interesting business with tremendous room for expansion. And a big feature with me was the opportunity to choose my location. I wanted to work in the Fort Worth area.

"I came in under the Staff Assistant Program for college graduates. I spent several weeks in each of the company's five departments. Then I went back for six months of intensive training in our Traffic Department.

"After training, I was promoted. One of my first jobs was setting up and supervising a customer service improvement program.

"In January, 1956, I was again promoted. My present job is assistant to the District Traffic Superintendent. My responsibilities include instruction of PBX operators, employee and public relations, and scheduling operators to handle calls to and from 185,000 telephones.

"No—there's no chance for boredom!"

Bill Tyer is typical of the many young men who are finding their careers in the Bell System. Other interesting careers exist in the Bell Telephone Companies, Bell Telephone Laboratories, Western Electric and Sandia Corporation. Your placement officer has more information about these companies.

BELL TELEPHONE SYSTEM

SURPRISING GRIDDEERS STUN FUMBLING UTES

Willis, Hall Spark Offense, As Line Brilliantly Halts Redskin Attack

On a slick, rain-splattered field at Boise Saturday, the Idaho offense finally caught up with the team's fantastic defense, as the Vandals scalped the Redskins, 21-6.

A crowd of 9,000 watched the Vandals turn two key Utah fumbles into touchdowns in the first half and then wrap it up in the second half with a tally after a sustained march.

The Idaho linemen, led by end Wade Patterson and tackle Pete Johnson in particular, could almost have been called, "caddis starters" in the Ute backfield as they made sure that Redskin quarterback Lee Grosscup did not have adequate time to pass.

The Vandals' first score was set up when Larry Aldrich hit Grosscup deep in Utah territory. Johnson fell on the ball on the 16. Quarterback Howie Willis and fullback Ken Hall hit to the Ute four on three plunges, Lloyd Fenton carried to the one and Willis smacked over.

After Jerry Kramer's conversion, the Redskins took the kickoff and slashed to the Vandal six on running plays by backs Stu Vaughn, Karl Jensen and Larry Wilson.

Wilson then rammed to the five, but fumbled and Johnson, who played superlative ball at tackle, again recovered.

Johnson, a second-stringer so far this season, got a starting break

when big Jim Prestel was called home because of illness in his family, and quickly silenced talk that Grosscup to Vaughn bounced crazily on the Ute 37, where Hall pounced on it.

Aldrich As Usual
Aldrich made a spectacular grab on the first play on a pass from Willis and six plays later Willis plunged one yard for the tally. Kramer again converted.

The teams battled through a scoreless third period but Utah scored its lone counter in the opening minutes of the fourth.

Fullback Jensen, the only real threat in the Redskin backfield throughout the contest, sparked an 80-yard drive with a 27-yard dash which carried to the Idaho 27. After the Vandals had nearly made another goal line stand inside the five, Jensen huddled one foot on fourth down for the Utes' lone touchdown.

After the kickoff, Willis hit Hall, who was spectacular in the Vandal backfield, both offensively and defensively, with a screen pass and the stubby fullback rambled 34 yards to the Ute 39.

Two plays later, Willis cracked through into the secondary for 23 yards and on the next play scored from five yards out on a keeper play. Hall tried the conversion and it was true.

Grosscup Pressed
Although Redskin quarterbacks Grosscup and Wally Suba hit nine completions in 16 attempts the expected passing duel between Willis and Grosscup was not in the cards.

Continued pressure from the Idaho line, particularly Patterson, who continued to be the top Vandal defensive end, forced Grosscup to throw without adequate time and on many occasions he was forced to "eat" the football.

Utah picked up 15 first downs to 12 for the Vandals and also led in total passing yardage, 102 to 95, but trailed Idaho in the rushing department, with 115 yards to 152 for the Vandals.

Willis and Gary Kenworthy hit on seven of 11 passes, with two of Willis' tosses paving the way to touchdowns.

Neither team intercepted a pass and the game was almost entirely free of penalties, with Idaho drawing only 10 yards and Utah none.

WRA Field Hockey Games To Continue
In spite of the unpredictable weather, WRA field hockey games will continue as scheduled today and tomorrow afternoon at 4:00 p.m.

Girls interested in turning out for hockey have been advised by Miss Betts of the physical education department to start playing this week. This Wednesday and the following Wednesday will be the last practice sessions held for beginners. Teams will start being picked after this week.

The physical education department is sending a team to the North West Hockey Conference in Eugene, Ore., in November.

Forester Contest Saturday At Feed
Idaho's Associated Foresters club will hold its annual steak fry Saturday in the new meadows area below Moscow mountain.

Contests to determine the best chopper, double-bucker, pole heaver, log roller, pole climber and match splitter will be held. An award will be given the member judged as the best all-around lumberjack.

Students will leave from the Forestry building at 9:30 a.m.

"Did you know that Joe has a glass eye?"
"No! Did he tell you?"
"Oh, no. It just came out in the conversation."

Montana, which has now lost three straight, appears headed

Defensive Ace

Wade Patterson, junior Vandal end, moved into the starting lineup Saturday against Utah and showed why he was there by repeatedly throwing Redskin quarterbacks for big losses. He was instrumental in the great Idaho performance in the 21-6 win.

Neutral Corner Northwest Football Critics Silenced By Saturday Action.

By DWIGHT CHAPIN
Critics of Northwest football in general and Idaho Vandal football in particular were silenced, at least temporarily, by what happened on the gridiron Saturday.

After two narrow defeats, the Vandals rose to the occasion at Boise last weekend and ran over Utah, 21-6, and looked like an equal of any team in the nation in doing it.

Recently, a Los Angeles writer injected a note into his column reading, "Idaho bowed rather poorly to Arizona State Saturday night."

Let us lose our temper over that acid comment and defeat the purpose of this column, we will not reply further to it but we would challenge any team in the PCC, north or south, to play the Sun Devils and do as well as the Vandals did.

As if to add insult to injury to the Southern writers who don't particularly care for the brand of football played in the Northwest, four of the five top schools in this section played outstanding ball Saturday.

Oregon, a definite underdog, rolled for three touchdowns in shutting out UCLA, 21-0. The

Weather Forces ASUI Golf Play Postponement
Adverse weather conditions, and the large number of students attending the Boise game forced postponement of first round ASUI golf championship play until Oct. 13, course manager Dick Snyder announced yesterday.

All first round scores must be in by that date, he added.

Freshman Don Modie continues to lead in the best qualifying scores with a 65. Dick Sheppard, captain of the Vandal golf team, is second with a 66 and also turned in a hole-in-one on the number seven hole.

Winner of the tournament will receive the Francis James Memorial trophy.

MOSCOW SHOE REPAIR
East 3rd St.

Frosh Open Season With Drills

Sixty hopefuls, one of the largest contingents of frosh football newcomers in recent years at Idaho, opened practice yesterday and will get their first test of the season against the Montana State College Junior Varsity at Wallace, Oct. 25.

The frosh also will meet the Washington Pups at Seattle, Nov. 8 and play the Washington State Couababes here Nov. 15 in their last game of the season.

Better
Coach Wayne Anderson expressed the belief yesterday that this year's squad would probably be faster than last year's club, which tied one game and lost two.

Anderson noted that the first week would be spent in strenuous conditioning, with emphasis on blocking and tackling. He also said the squad would learn basic Idaho offensive and defensive formations this week.

The players range in size from Ron Ismael, 6'3", 225 pound end, Cincinnati, Ohio, to little 5'1", 130-pound Gene Lillenkamp of Wallace. Other top prospects include Joe Louis Jackson, Owensboro, Kentucky, who runs the 100-yard dash in 9.9 and Reg Carolyn, a 6'6" quarterback from San Anselmo, California.

Last season, the Vandal Babes tied the Washington Pups, 6-6, lost to the Montana State JV's, 12-0, and were edged by the WSC frosh, 12-7, but were tougher than their record might indicate.

WSC scored twice in the first quarter and after that the Babes blanked them. They also looked very good against Washington.

Several 1936 frosh graduated to varsity coach "Skip" Stahley's roster this season including such potential stars as backs Jim Norton, Paul Wagar, Theron Nelsen, Don Ridener, June Hanford, Bill Worley, and Gary Farnsworth, and linemen Stan Fanning, Ralph Jannino, Don Evans, Dave Andrews, Tom DiNuovo, Bob Shill, Gene Smith, and Steve Symms.

At long last, perhaps it's time for the Northern schools to start showing their California cousins the fundamentals of the punt and pass sport.

From viewing modern magazines,
Dressed like Mother Hubbard.
Now when they go out to swim,
They look more like her cupboards.

My vision fairly whirls;
So many girls on the covers,
So few covers on the girls.

Tennis Begins As Weather Again Frowns On Intramurals

Damp weather again hampered intramural action but tennis finally got under way yesterday. Touch football yesterday had a full slate of games but the schedule was marked by forfeits.

Clem Parberry, Intramural Director, announced a meeting of all living group intramural managers to be held tonight in room 109 at the Gym. The slated time is 7 p.m. The meeting is to pertain to the organization of this year's Turkey Trot, scheduled for next month.

The number of undefeated teams continues to drop in the Greek section of the touch football league. Phi Gamma Delta and Tau Kappa Epsilon vie with Town Men's Association for the honors as undefeated teams. TMA however, has only two games on the record, having drawn a bye early in the conference play.

The TKE's have accumulated 35 points to 13 for their opponents with one team forfeiting. The Fijis have 32 points to 6 for their opponents.

Lindley 2 and the Willis Sweet 1 and 2 preserved their undefeated records in play yesterday. The most conspicuous factor in yesterday's game series was probably the lack of games, namely forfeitures.

Willis Sweet 1 has chalked up 46 points to 25 totaled by opponents with one forfeit. Willis Sweet team 2 has 30 points to 0 by opponents with two forfeitures on the record.

Lindley Hall team 2 has played only two games to compile its undefeated five game total. The other three were forfeit wins.

Tennis competition got under way with four games scheduled and two played. Eldon Sayer of TMA and Joe Burtrand of WSH took the first wins in the tennis league with defeats over Bob Jeschke, LH, and Mike Lund, DTD. Bob Hanson, BTP, and Max Burke, SAE, took wins through default.

Yesterday's Tennis Results
Sawyer, TMA, def. Jeschke, LH, 6-2, 6-4
Burtrand, WSH def. Lund, DTD, 6-2, 6-3
Hanson, BTP def. Leach, TMA by default
Burke, SAE def. Depew, ATO by default

Yesterday's Touch Football Results
LH1 def. UH1 33-6
GH1 def. IC1 by forfeit
WSH1 def. CC1 by forfeit
CH1 def. MCH1 by forfeit
WSH2 def. CC2 6-0
LH2 def. UH2 by forfeit
MCH2-CH2 (double forfeit)
CH2-IC2 (double forfeit)

Two Future Football Foes Win; Others Have Rough Going

Only two of Idaho's six remaining football opponents could post victories last weekend, but one pulled a near upset in tying vaunted Wyoming.

Oregon State slipped past Northwestern, 22-13, Saturday at Evanston, Illinois, and College of Pacific edged Tulsa, 21-13. Utah State battled favored Wyoming on extremely even terms and deadlocked the Cowboys, 19-19.

Fresno State was crushed by the San Diego Marines, 53-0. Washington State dropped a 20-13 decision to the tough Iowa Hawkeyes and Montana fell to Brigham Young, 20-7.

Oregon State's Beavers, who host the Vandals at Corvallis this weekend, were paced by halfbacks Joe Francis and Earnel Durden in their win.

Durden took a 38-yard pass from Francis for one tally and raced 15 yards for another. Francis ran 10 yards for the other touchdown. Ted Searle booted a field goal to account for the rest of the scoring.

Quarterback Bob Winter's passing and general top field leadership helped the underdog Aggies to the 19-19 tie with Wyoming. Winter converted after the third Utah A&M touchdown to give them the tie.

Iowa Nearly Upset
Washington State nearly upset the flu-ridden Hawkeyes at Iowa City. With four minutes left in the fourth period, the score was knotted at 13-13 but All-American tackle Alex Karras scooped up quarterback Bob Newman's fumble on the Iowa 46.

Eleven plays later, Kevin Furlong dove one yard and the Cougars were beaten. Iowa had gone into a 13-0 lead in the first half but Bunny Aldrich's passing and the running of Chuck Morrell put the Cougars back in the game.

Montana, which has now lost three straight, appears headed

DAVIDS'

What goes?

MAYBE not the bike, but the girl certainly knows how to get around. Like so many young people, she's as good at figure-work as she is at fixing wheels—which is why she leans to lighter, less-filling foods.

Pepsi-Cola figures, too, for those who "take it lightly." It's the modern, light refreshment. Never heavy, never too sweet. Refreshes without filling. Have a Pepsi.

Pepsi-Cola refreshes without filling
