A total of \$71.41 had been collected last night toward an "I" Club living group drive with a goal of \$150 to send a fifth man to the PCC cross country meet, and plans are ready to expand the all-

After almost a month of delay, the Exec Board may be just about ready to make its "annual" decision on what to do with NSA.

This problem which seems to be one that certainly isn't new at Idaho (It had leaders wondering what to do with it in 1947) has gained even more prominence this year than it has held in the past.

The Board at present appears to be trying to make a decision that will either establish the organization on somewhat of a permanent basis in the ASUI, leave it in the rather undetermined status in which it existed last year, or end its future for the present at Idaho.

Whatever is decided, we feel that first some solution which will end the situation of having the question become an annual problem to each new board should be the result of the Exec Board's investigation and discussion.

NSA Has Some Merit  
Our view is that NSA does have some advantages and can possibly give Idaho help on many of its problems.

Information and ideas from other member schools of how problems similar to those facing Idaho can be of assistance in gaining a solution to domestic difficulties. This is just one of the many facets of information provided by NSA that may be put to work to help a member institution gain full value from its investment.

At present the one obstacle standing in the way of NSA acceptance by the Board seems to be the question of spending student money to send delegates to the regional meetings of the group.

The Exec Board may be ready to appropriate money for membership in the group, but when asked to spend more student funds to send a few delegates to a convention the decision comes a bit less readily.

We also question the action of sending a few people on funds that belong to all of the students.

The persons in favor of NSA point out that these individuals return from their meetings with ideas and information that will benefit the entire student body. This may be the case, but we feel the Board should be very sure of this before any permanent decision is made.

Structure Important  
One thing is certain, the success or failure of NSA at Idaho, if it is permanently accepted, will depend upon how it is set up in the ASUI structure.

NSA is already on many students' black lists, and it will take a very smoothly function ASUI organization to get the complete benefits offered by NSA. We're afraid that without a completely effective organization set up NSA will be the target of much criticism.

The fund-raising scheme, which will make an effort to provide expenses to expand the team from four to five, is being handled by "I" Club president Jerry Jorgenson.

Jorgenson announced that the present totals on the drive include donations from seven living groups and gifts from Moscow townspeople.

He pointed out that plans call for "I" Club members in each living group to ask for donations from their members for the fund. He indicated that all money could be turned in to him at Phi Gamma Delta or left at the ASUI office in the SUB.

## Idaho Debate Teams Enter In Tournament

Eleven students will journey to WSC at 2:30 p.m. this afternoon to represent the University in the Columbia Valley Debate Tournament.

Three 2-man teams, one 3-man team and one women's division team will compete in the tournament, involving about 70 students from 20 different schools.

Resolved: Membership in a labor union, as a condition of employment, should be illegal, will be the subject of the debates. Idaho teams will debate both the negative and affirmative sides of the question.

The University of Idaho took second in last year's competition, losing first place to Seattle University.

Dr. A. E. Whitehead, chairman of speech, will be a judge in the competition.

Idaho contestants are: Reed Bowen and Richard Sorenson, Lindley Hall; William Barker and David Briggs, SAE; Lowell Martin, Willis Sweet; Robert Moe, Gault; Richard Hughes, Delta Chi; John Roberts, Pine Hall; LaRalle Smith, off-campus; and Mary Margaret Brodersen and Rosemary Maule, Kappa.

## Kampus Keys Sold Monday

Distribution of this year's improved edition of Kampus Key starts today with a sale to Moscow businessmen. The downtown sale will last through Saturday.

The Keys will go on sale on campus Monday with Blue Key members in individual living groups acting as agents.

Bob Vallat, Blue Key production chairman said the 122-page campus telephone directory would be sold to students for 50 cents per copy.

Key Editors Don Ingle and Jim Golden said last week the publication had been expanded to include telephone numbers of major committee chairmen, Exec Board members and all living group telephones.

houses that have been contacted with \$15.00, according to Jorgenson. Willis Sweet is second with \$8.50.

The other five houses contributing include Beta with \$7.37; Phi, \$6; ATO, \$5.54; Upham, \$5.02; and Campus Club, \$4.98.

Response Good  
Jorgenson pointed out that response had been very good so far, but that all living groups would have to continue to contribute as well as those already contacted if the goal of \$150 is to be realized.

The president also said a group of non-students from Moscow had been very generous. Nineteen dollars of the present total has been given by townspeople.

He stressed that anyone is free to contribute, and need not wait to be contacted.

"Anyone living off-campus and not able to be contacted by a living group representative can leave his donation in the ASUI office," Jorgenson noted.

Need Explained  
The need for the fund arose when the Athletic Department allotted only enough funds to send four men to the Pacific Coast Conference meet.

Due to the excellent chance the Vandal squad has of winning the meet and the fact that a squad of four would handicap those chances, the fund was set up after Dick Boyce, team member, met with the Exec Board Tuesday night.

Boyce pointed out that four men were required to finish the meet for each team to place in final standings. The possibility of injury or sickness could entirely eliminate Idaho's chances with just four men attending the meet, according to Boyce.

## Girls Escort To 'Turnabout' Dance Jan. 10

The tide will be turned on Idaho males Jan. 10, as campus coeds escort their favorite date to the AWS "turnabout" dance.

"Kod Kapers" is the theme of the yearly event, Mollie Godbold, AWS president, announced today. The affair will be held in the SUB ballrooms.

General chairman for the "turnabout" affair is Marge Erstad, Delta Gamma. Rosemary Maule, Kappa, and Annette Manser, Theta, are publicity chairmen, Miss Godbold said.

University officials have closed the night to all other campus functions. Apparel for the dance will be skirts, sweaters, and flats for women and casual wear for men.

As the dance is "turnabout", campus women will have a chance to display their chivalric spirit as they open doors, help their dates on with coats, and open their pockets to pay for coffee after the dance, Miss Godbold explained.

Music for the occasion will be furnished by The Embers, a 13-piece band under the direction of Gary Dossett.

## Campus' Uncle Gale Honored On Birthday

By Don Ingle

Idaho student government people cut their meetings short Tuesday night to honor their "favorite Uncle's" birthday. Gale Mix, ASUI General Manager for the past 15 years, entered the SUB Northballroom after a short Exec Board meeting to be greeted by a "Happy Birthday" from 60 student members of the ASUI Exec Board, ASUI committees, cheerleaders, and the Arg, Gem and KUOI staffs.

Mix was presented a bronze planter by Dave Maxey, ASUI president, who said "We would like to present this to you, Uncle Gale, in honor of your (don't know how many) birthday."

"Well it's this way," Mix answered, "Many years ago they told me that I was two years younger than Jack Benny, so I stopped trying to keep track of my age."

Mix through his work in the office managing the SUB and advising many campus committees and organizations, has been called "Uncle Gale" by more than 15,000 students.

## Rogers New Protection Plant Chief

Wilson Rogers, a member of the Moscow Volunteer Fire department, has been appointed to the new position of chief of plant protection at the University of Idaho, it was announced today by President D. R. Thophilus.

Rogers who operates the Rogers Ice Cream Shop in Moscow plans to sell the business to head the fire protection, traffic, parking and safety program of the university's physical plant division.

"The responsibilities of plant protection have increased greatly in recent years," said President Thophilus. "For some time we have been seeking a well-qualified person to become the university's first chief of plant protection, and we feel we have found that individual in Mr. Rogers."

Although engaged in the dairy business most of his life, Rogers is widely known for his fire protection, first-aid and safety activities. For a number of years, he has been captain of the emergency squad of the Moscow fire department.

A native of Wallace, Rogers studied dairying at the University of Idaho and electrical engineering at the Coyne Electrical school in Chicago.

## Navy Chooses Five Finalists For Color Girl

Five Idaho coeds were named as Navy Color Girl finalists this week, according to George Horne, Lambda Chi, president of Eagle and Anchor honorary.

Named for the honor were Ann Marie Berry, Alpha Phi; Kay Bozarth, Kappa; Mary Garney, Ethel Steel; Sandy Wright, Hays; and Carol Harvey, Forney.

A reception is planned at the Navy unit for the five coeds, but no specific date has been set as yet.

The dance, which was scheduled for an earlier date, has been moved up to Dec. 7. Sponsored by the Navy ROTC honorary, it will be held in the SUB ballrooms beginning at 9 p.m.

## Patton Wins; Greek Sweep Complete

Mike Patton, United Party, Wednesday was elected senior class president to complete a Greek sweep of 16 class offices.

Patton edged independent candidate Gary McEwen by five votes to win the presidency in a runoff election marked by an unusually light vote. Patton and McEwen had tied for the top senior spot in the regular election last week with 111 votes each.

Wednesday, however, only 141 seniors turned out to the polls and Patton won, 73-68.

All-Greek  
Patton's election filled the final vacancy on an all-Greek slate of class officers and for the first time in 15 years gave the United Party absolute control over the affairs of the four classes.

Almost all Greek candidates won easy victories in the general election last week.

The selection climaxed a week of personal appearance campaigning by both candidates and by extensive "get out the vote" efforts by both parties.

"For Everyone"  
United Party chairman John Bradbury said Thursday the entire slate of officers "would work for everyone."

"The candidates plan to work closely with the Executive Board and to include students from all sides of the campus in any project they undertake," Bradbury commented.

The party chairmen said candidates were the deciding factor in the United faction's blanketing of the Independents.

"I don't think it was a Greek sweep just because of the turnout," said Bradbury. "The election Wednesday convinced me the candidates were the important factor."

"Start At Bottom"  
Meanwhile, Independent Caucus President Lee Watenpaugh blamed "apathy" for his party's crushing loss.

"We suffered from the same apathy that lost the other offices for us the first time," Watenpaugh said.

"There's not much to do but to start at the bottom and build up again," he said. "We'll take a whack at the problem starting Monday."

Idaho students serpentine under the "Welcome to Washington" sign as they cross the Idaho-Washington state line on their trek to the WSC campus. About 100 students walked with the ASUI president, vice-president, Arg editor and Arg sports editor as they paid their debt for the last Saturday's football loss.

## Walkaton Draws 100 In Hike With Leaders

One hundred Idaho students, spirits undampened by the cold and the distance, made the (nearly) annual trek to Pullman Wednesday.

The walk-a-thon results from the annual wager between Idaho and Washington State on the battle between the schools' football squads.

The "hikers," led by ASUI President Dave Maxey, left the SUB shortly after 1 p.m. after a presentation of gifts from Moscow merchants.

A Washington state patrol car met the students on the Idaho-Washington state line and escorted the group the rest of the way.

ASUI general manager Gale Mix met the walking Idahoans halfway between Moscow and Pullman and provided refreshments of coffee, hot chocolate, and doughnuts.

Near the WSC campus, Idaho cheerleader Marilyn Crane mobilized the students into an informal "I" and they were met by Cougar cheerleaders.

The traditional "foot-bathing" ceremonies in the CUB followed Maxey, ASUI Vice-president Clark Anderson, Arg editor Dean Judd and Arg sports editor Dwight Chapin received the washing from WSC cheerleaders.

Cougar IKs and Spurs gave a short skit depicting the sinking of the Vandals and leaders from the two schools gave brief speeches.

# Newspaper Independent Voice

What is a newspaper? A disseminator of happenings, an advertising medium for business houses. A newspaper is both of these, plus a number of things. But above all, it is a free voice.

People may disagree as to what a paper should do, but most will agree that a paper must be free. No one denies that freedom can be abused. Nevertheless, freedom must be qualified, if it need be, by truth, decency and high ideals.

In the pursuit of our goals, we are not

infallible. When commenting editorially we believe we are right. And because we were free to voice our opinion, this same freedom which applies to us also applies to our readers who are free to draw their own conclusions.

Journalistic freedom on the campus means a newspaper with an opinion, a living newspaper — not a tool for a few, but a mirror for all, an independent voice reaching out to everyone.

# Frosh Aid United Fund Drive

University of Idaho freshmen students this week are being asked to volunteer their time to aid the directors of the Moscow United Fund Drive in reaching their \$25,000 goal for 1957.

The organizers of this local drive, which collects money for all charities in one shot, have appealed to students to fill in for Moscow residents who apparently do not have the time to do their own footwork.

It might be pointed out initially that the University will get none of this money. A Campus Chest Drive in early spring is the agency for collecting the school's share of civic donations.

Therefore, the school will benefit not at all from this work, which will take one evening, Dec. 3.

It would, then, be simple to say that Idaho has no real reason for supporting this cause by supplying student labor.

This, however, could be construed as nothing less than shirking civic responsibilities. By supporting this cause, Idaho has a chance to establish itself as one of the chief elements of the community it helps support, aside from the intangible benefits of aiding a worthy charity.

The University is an acknowledged part of the city of Moscow and its students are considered valuable citizens. This status in the community has been won by a conscious effort on

the part of the student body to be a credit to their school.

According to the directors, someone has to collect the other \$9,000 to meet the quota. The Exec. Board, with the consent of the freshman class, has agreed that Idaho students will do the work.

The local group explains that they have tried canvassing businesses in downtown Moscow, but cannot dig up the adult volunteers to finish the job outside the central district.

So the United Fund personnel do have good reasons and certainly are not to blame for the apathy of the adult, full-time citizens of this community.

We hope that since the freshman class has consented to take over the burden they will consider it a duty to do the job well. Idaho students are noted for their efforts to "be on top" in anything they undertake to do for their school. This spirit should certainly prevail for an activity outside the campus.

If the frosh can put this drive over, the publicity they will get should more than make up for the work involved. In doing this, they will focus the spotlight on the University as one interested in the needs and projects of the community.

Fostering that attitude will pay big dividends for the school in later years when another plea for athletic funds and physical improvements is sent forth to the taxpayers and alumni.

## Campus Capers

# Utah State Pajama Scene; Unlocked Lockers Looted

By JIM FLANIGAN

A "casual" pajama party at the Utah State SAE house last week takes the Campus Capers cake.

Fems, decked out in nighties, and their male escorts, wearing the latest in night shirts, began arriving at the house at 8 p.m. When the annual affair got rolling, the two sets competed for "the most original bedclothes."

The "sleepy-time" couples joined in "game playing" also.

"We will see to it that none of the guests return home hungry," commented PJ co-chairman Calvin Smoot and Bob List.

While the Stanford freshman gridsters were having their picture taken, a carefree thief helped himself to about \$100.

During the picture taking episode, the lockers and the locker room door had been left unlocked. Fifteen men reported losses.

Want ads and headlines in many campus publications are dotted

with humor. This week, however, papers from various schools were overloaded with such quips. For example:

PERSONAL: Don't hate me for not preferring you, Nurnith.

The ISC Bengal: CLASSIFIED: Lost. One beer keg, tap, and tub at Morris and Merrill Lumber. If anyone knows the whereabouts of this, please contact Neal Nelson at West Hall. The returner may keep the beer.

### Uncle Gale Has A Birthday; Walk Is Over For This Year

Uncle Gale Mix celebrated his birthday Tuesday and got a special surprise from this generation of campusites he's aided and guided in the past four years.

In the many years that Gale has managed the ASUI, birthday anniversaries have come and gone without student notice.

This year it was different. At 8:30 Tuesday evening, the Exec Board adjourned its session abruptly, ignoring a pending discussion on all-important NSA for another week, and escorted Uncle Gale to the SUB Ballrooms. There a delegation of about 50 campus leaders, including all the class officers, KUOI staff, Argonaut crew and Mortar Board and Blue Key members were waiting to present him with a birthday gift in token recognition of his services to the ASUI.

No Comment Gale would not comment on exactly which birthday this one was, but did tell the group that "A few years ago, I was two years younger than Jack Benny. Then I quit counting."

Engineered by Jan White and Vice President Clark Anderson, the affair was a real indication of what Gale has done for this University. Most of the students who attended skipped other meetings to spend a half hour honoring a man who over the years has consistently fought for their rights.

We're sure there will be many such tributes to Uncle Gale in future years as he continues his unselfish service to the Associated Students of the University.

It's always interesting to note the conversation when such a conglomeration of leaders gets together, an infrequent occurrence.

Ed Sletstad, KUOI manager, got his crew together toward the end of the party, and was busy discussing future plans for the campus radio station.

"First time we've been able to find time to meet all year," Sletstad

rest to catch up. Junior class vice president Dick Kerbs won the "most athletic" honor by playing an overland game of football that must have covered 10 miles of winding across the highway.

Raccoon coats were the fashion for the walk, one of the perennial "fads" that Idahoans indulge in. The coats, many of them new to the campus, had an ancient counterpart in an ancient model worn by J. J. O'Connell.

The weather turned out to be warm, however, and most of the furry remnants of the '20's were discarded for more comfortable traveling. A Washington State policeman obligingly took charge of them until the group reached the Pullman city limits.

What's happened to gasoline prices? If you've wondered... here are some things you should know

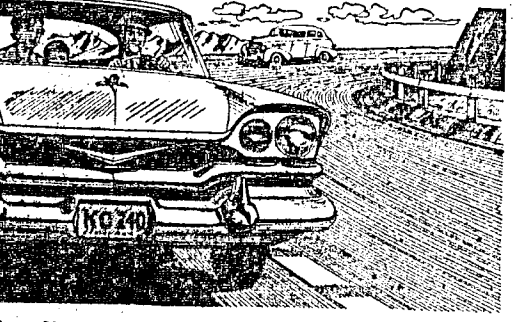

Gasoline prices have not risen as much as other products. The only fair way to compare is with other things you buy. The U. S. Cost of Living Index shows the over-all cost of living is up 102.3% since 1939. During that time the price of gasoline rose only 62.8% not including taxes.

Taxes add about 9% to the cost of every gallon. Thus, nearly 30% of your gasoline dollar does not buy gasoline... it's for state and federal tax. These taxes go to help build and improve the roads we all enjoy. However, we must include them as part of the price you pay for a gallon of gasoline.

Research also helps keep gasoline prices down. Standard and the oil industry employ more than 15,000 full-time researchers... invest more than \$160 million each year to develop ways to find and produce oil more efficiently, and to make more and better products at a lower cost.

Gasoline quality is much better. There's a performance bonus for motorists in the big improvements that have been made in gasoline over the years. Quality has risen so fast that the regular gasoline you buy today is comparable to the premium gasoline of just ten years ago.

Oil is getting harder to find and more expensive to develop. In 1956 our average cost for a well was \$149,000... up 40% over the past five years. In 1956 we completed 101 wells in the Gulf of Mexico where drilling costs can be six times as much as on land.

Competition helps keep gasoline prices low. There are 300 oil refining companies in the U. S. Each tries to make better products and give better service than the others. At the same time the refiner must keep his prices competitive or face the loss of customers.

Here's why gasoline is still one of your biggest bargains: Today the average worker can buy 85% more gasoline with an hour's pay than he could in 1939.

### Macklin Visits Music Meet In Windy City

Hall Macklin, music department head, will represent the University at the 33rd annual meeting of the National Association of Schools of Music in Chicago, Nov. 28-30. The sessions will be held in the famous Palmer House.

The association is comprised of members from the leading universities, colleges and music conservatories in the country. The National Commission on Accreditation has designated the body as the official accrediting organization for collegiate music schools.

Idaho was accredited by the group in 1956. As guests of the Chicago Orchestra Association, delegates will attend a concert by the Chicago Symphony Orchestra under the baton of impresario Fritz Reiner. Delegates at the convention will match their hearing skills against one of the latest electronic sound measuring devices as part of the program, Macklin noted.

### Esquire Queen To Be Crowned This Saturday

"Unveiling the picture of the new ATO Esquire Girl will climax the annual Esquire Dance Saturday, Nov. 23," Bob Cowan, vice president said today.

Finalists Kathy Thompson, Gamma Phi; Neale Ward, DG; Roxanne Jones, Alpha Chi; Caroline O'Connor, Theta, and Tonia Peterson, Pi Phi, were honored at a dinner Wednesday night.

Trenna Atchley, last year's Esquire Girl, will be in attendance at the dance. To fit the theme of the dance, dress will be in keeping with the fashion of the day—as seen in Esquire Magazine.

The cellist attended the College of Puget Sound and earned his bachelor's and master's degrees from Louisiana State University, and later taught music at Iowa State Teacher's College. He was a student of cello under Gordon Epperson, well-known figure in Northwest music.

The 63-member orchestra, conducted by LeRoy Bauer, will perform Tchaikovsky's Symphony No. 5 and a polka and fugue from "Shvanda" by Weinberger as part of the concert.

### Outstanding Pledge Title Awarded To Dick Clauson

Dick Clauson, TKE, received an outstanding page award at the formal initiation of 47 Intercollegiate Knight national service honorary members Tuesday night in the SUB ballrooms.

Three members of the National Executive Council of IK were present at the ceremony along with Don Kees, local chapter advisor and member of the University Counseling center staff.

Clauson, 28, is a sophomore from Madison, N. J., and is majoring in dairy production. He was selected as the outstanding initiate on the number of points earned in chapter activities, interest and leadership in projects of the organization.

Don Ingle, Royal King (national organization president), spoke to the group emphasizing the responsibilities of students to their University through participation in the IK organization and student government.

Aid Student Government: "As members of the Idaho IK Chapter you have a great opportunity to gain training and experience in working with student government and its organizations," Ingle said.

"It is your responsibility to use this training to improve the level and interest in student government on this campus."

"Problems of the students, faculty and administration of this University are waiting for people to evaluate, define and solve," he continued. "It is up to you as leaders

### Snow For Southern Belle New, Amazing Experience

An everyday incident in the lives of most students at the University of Idaho held one coed "immovably amazed" Monday afternoon. It started snowing.

"Ah wuz just too ahmazed to move!" comments Mary Margaret Morrow, recently of Miami, Fla.

The owner of the charming southern drawl was on her way to a fifth period history class with sorority sisters from the Delta Gamma house, when the first flakes appeared. She had never seen a real snowfall.

"It's much wetter than ah thought it would be," the petite southerner continued, "It stahted meltin' right uhway; why, ah thought it would be much dryah!"

Ironically, the thing the pretty coed misses most, in the typically northern state, is ice-skating.

"We had uh great big rink in Miami," she said, "but uh heah they don't have any and Ah'm gettin' out 'a practice."

Miss Morrow had heard a lot about snow, but she said words couldn't explain her feelings when she first saw the little flakes come drifting to the ground.

"It's th' mos' beautiful thing ah've evah seen," she said, "Ah'm cra-azy 'bout it!"

Customer (triumphantly): If this is an all-wool suit, why does it say 'cotton' on it?"

Diplomatic clerk (confidently): That, sir, is to deceive the moths.

### Whitehead Attends Speech Convention As Idaho Delegate

A University of Idaho professor has been appointed commissioner at large to represent the State of Idaho at the convention of the Western Speech Association.

The group will meet on the University of California campus at Santa Barbara, Nov. 28-30.

Dr. A. E. Whitehead, chairman of speech, received the commissioner appointment from the president of WSA.

Eleven states in the western region will be represented at the convention with an expected attendance of 800. Whitehead will represent Idaho.

As commissioner at large, Whitehead will serve on the legislative assembly of the association. The group determines the policies of the speech association.

"For instance, the dealer in the small town who located a tenant for his customer's vacant house.

"Or the dealer in the suburb who baby-sat so his customer could go to an important dinner meeting.

### WRA Volley Ball Teams Competing

WRA Volley ball tournament are now in full swing with team representing most of the women living groups on campus competing against each other.

Playing tomorrow at 4:10 p.m. on court 1 in the women's gym are Theta IV against Pi Phi II, Alpha Chi II against Phi Phi II, Kappa II against Delta Gamma IV, and French I against Gamma Phi.

On court 2, Hays Hall II will meet Tri Delta II, Ethel Steele II will play Kappa III, and Delta Gamma III will play Pi Phi III.

Co-recreational volleyball, featuring teams with a combination of men and women, started yesterday with Kappas playing Pi Phis, Gamma Phis playing Forney, and Thetas playing Delta Gammas.

Women students on campus who wish to practice or learn volleyball may do so on Wed., which has been named "open volleyball day" by WRA.

### Hi-Fi Set Prize In Flip-Top Box Collection Competition

Flip-top cigarette packages from Marlboro, Phillip Morris, Parliament, and Spud, will bring on Idaho living groups a new hi-fi phonograph if they save enough boxes, according to Chuck Orem, campus representative for the tobacco companies.

A Motorola Masterpiece Hi-Fi set, compliments of Phillip Morris, Inc., will be presented to the living group that collects the most cigarette boxes with the flip-top on a per capita basis.

Entry blanks for the contest will be available at the Student Union, Nest and Perch. The phonograph will be on display at the job.

Orem said the deadline for living groups to enter the contest is Dec. 16 at 1 p.m.

Campus living groups with ten or more members should contact Orem at Lindley hall or get information at the Idaho eating spots in order to sign-up for the contest. All house members, whether they smoke or not, must be counted, Orem explained.

The empty flip-top boxes must be placed in a suitable container bearing the name of the entering house. Total number of boxes saved, and house membership must be included in the information also.

#### Judges

Judges for the contest include Gale Mix, ASUI general manager; Dean Judd, Argonaut editor, and Myrt Williamson, Gem editor.

Orem described the gift phonograph set as the ultimate in hi-fi reproduction with three balanced speakers, and a matching stand.

The phonograph has a precision-engineered chassis and 20-watt amplifier, which assures full tone range without distortion, he continued.

Motorola's set includes one 8-inch and two 4-inch speakers, plus a four-speed automatic changer and a toasted mahogany cabinet.

### Young Democrats Hear WSC Prof

A speech on practical politics by Dr. Dan Ogden, professor of political science at WSC, highlighted a meeting of Young Democrats Wednesday. He based the talk on his personal experience working with a senate committee on federal commerce.

He also explained how a senator uses his time and the function of a senator's 10 man staff.

Citing the Hells Canyon-Civil Rights legislation as a specific case, he explained how senate votes are organized so minorities may pass or defeat bills they have an interest in.

Earlier in the meeting, Dr. Herbert A. Berman, dean of the Law School, who will be faculty advisor for this year, gave a short talk.

### Board Hears Good Reports; Project Plans

Idaho's Board of Selection and Control received reports on campus functions from several ASUI committees Tuesday evening, Bert Miller, chairman, said today.

"From the results shown so far, and from the board's observations, the committees have run well," Miller commented. "Projects have paid off 100 per cent."

Reports were received from Committees on Dad's Day, Homecoming, and Publicity Liaison.

The only committee that hasn't been selected as yet, is the Campus Chest, Miller explained. "All committees for functions up to date have been picked."

At the present time the Athletic Coordination group has been planning activities for the forthcoming basketball season, and Leadership members are formulating plans.

A Recruitment committee has begun plans for visiting several high schools during December.

Blood Drive, originally slated for this fall, was moved up to spring activities because of the recent flu outbreak.

### Interested Archers To Organize Club

An archery club is being formed for Moscow townspeople and Idaho students who are interested in the sport. A meeting will be held downstairs in the faculty club Tuesday night at 7:30.

### Country's Depression Threat Quelled By Advertising Work

All the advertising industries working together can defeat a threatening depression.

So agreed two advertising executives as they addressed retailing and advertising classes here Monday.

Art Moore of Art Moore Associates, Inc., and James Nolan, program director for Cascade TV, conducted an informal discussion on opportunities and responsibilities in the field of radio and TV advertising.

Moore came to Walla Walla, Wash., in 1932.

He started in radio in 1933 and is now the head of Art Moore and Associates, Inc., which handles advertising accounts in Radio and TV.

Born here in Moscow, Jimmy Nolan attended Moscow public schools and received his bachelor's at WSC in radio in 1940. At present he is program director for Cascade TV there.

Moore cited the openings in the field, but to be successful the advertising man must keep up with the ever changing times.

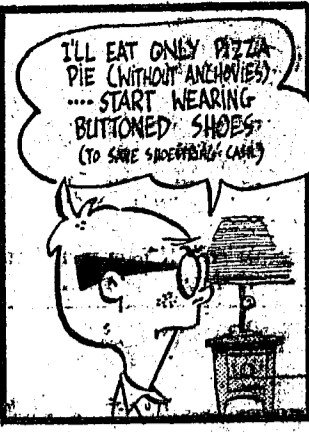

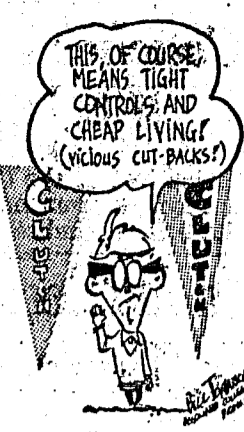

"There is nothing permanent in advertising except change," he emphasized.

### Board Revamps Campus Humor Magazine

(ACP) — Termed "filthy and perverted" by the student publications board, the Pelican, campus humor magazine at University of California, Berkeley, was recently censured by that board.

The magazine, said board members, "chose to run material dealing with sex insults against persons and groups, not to mention stories on homosexuality and the dirtiest of jokes."

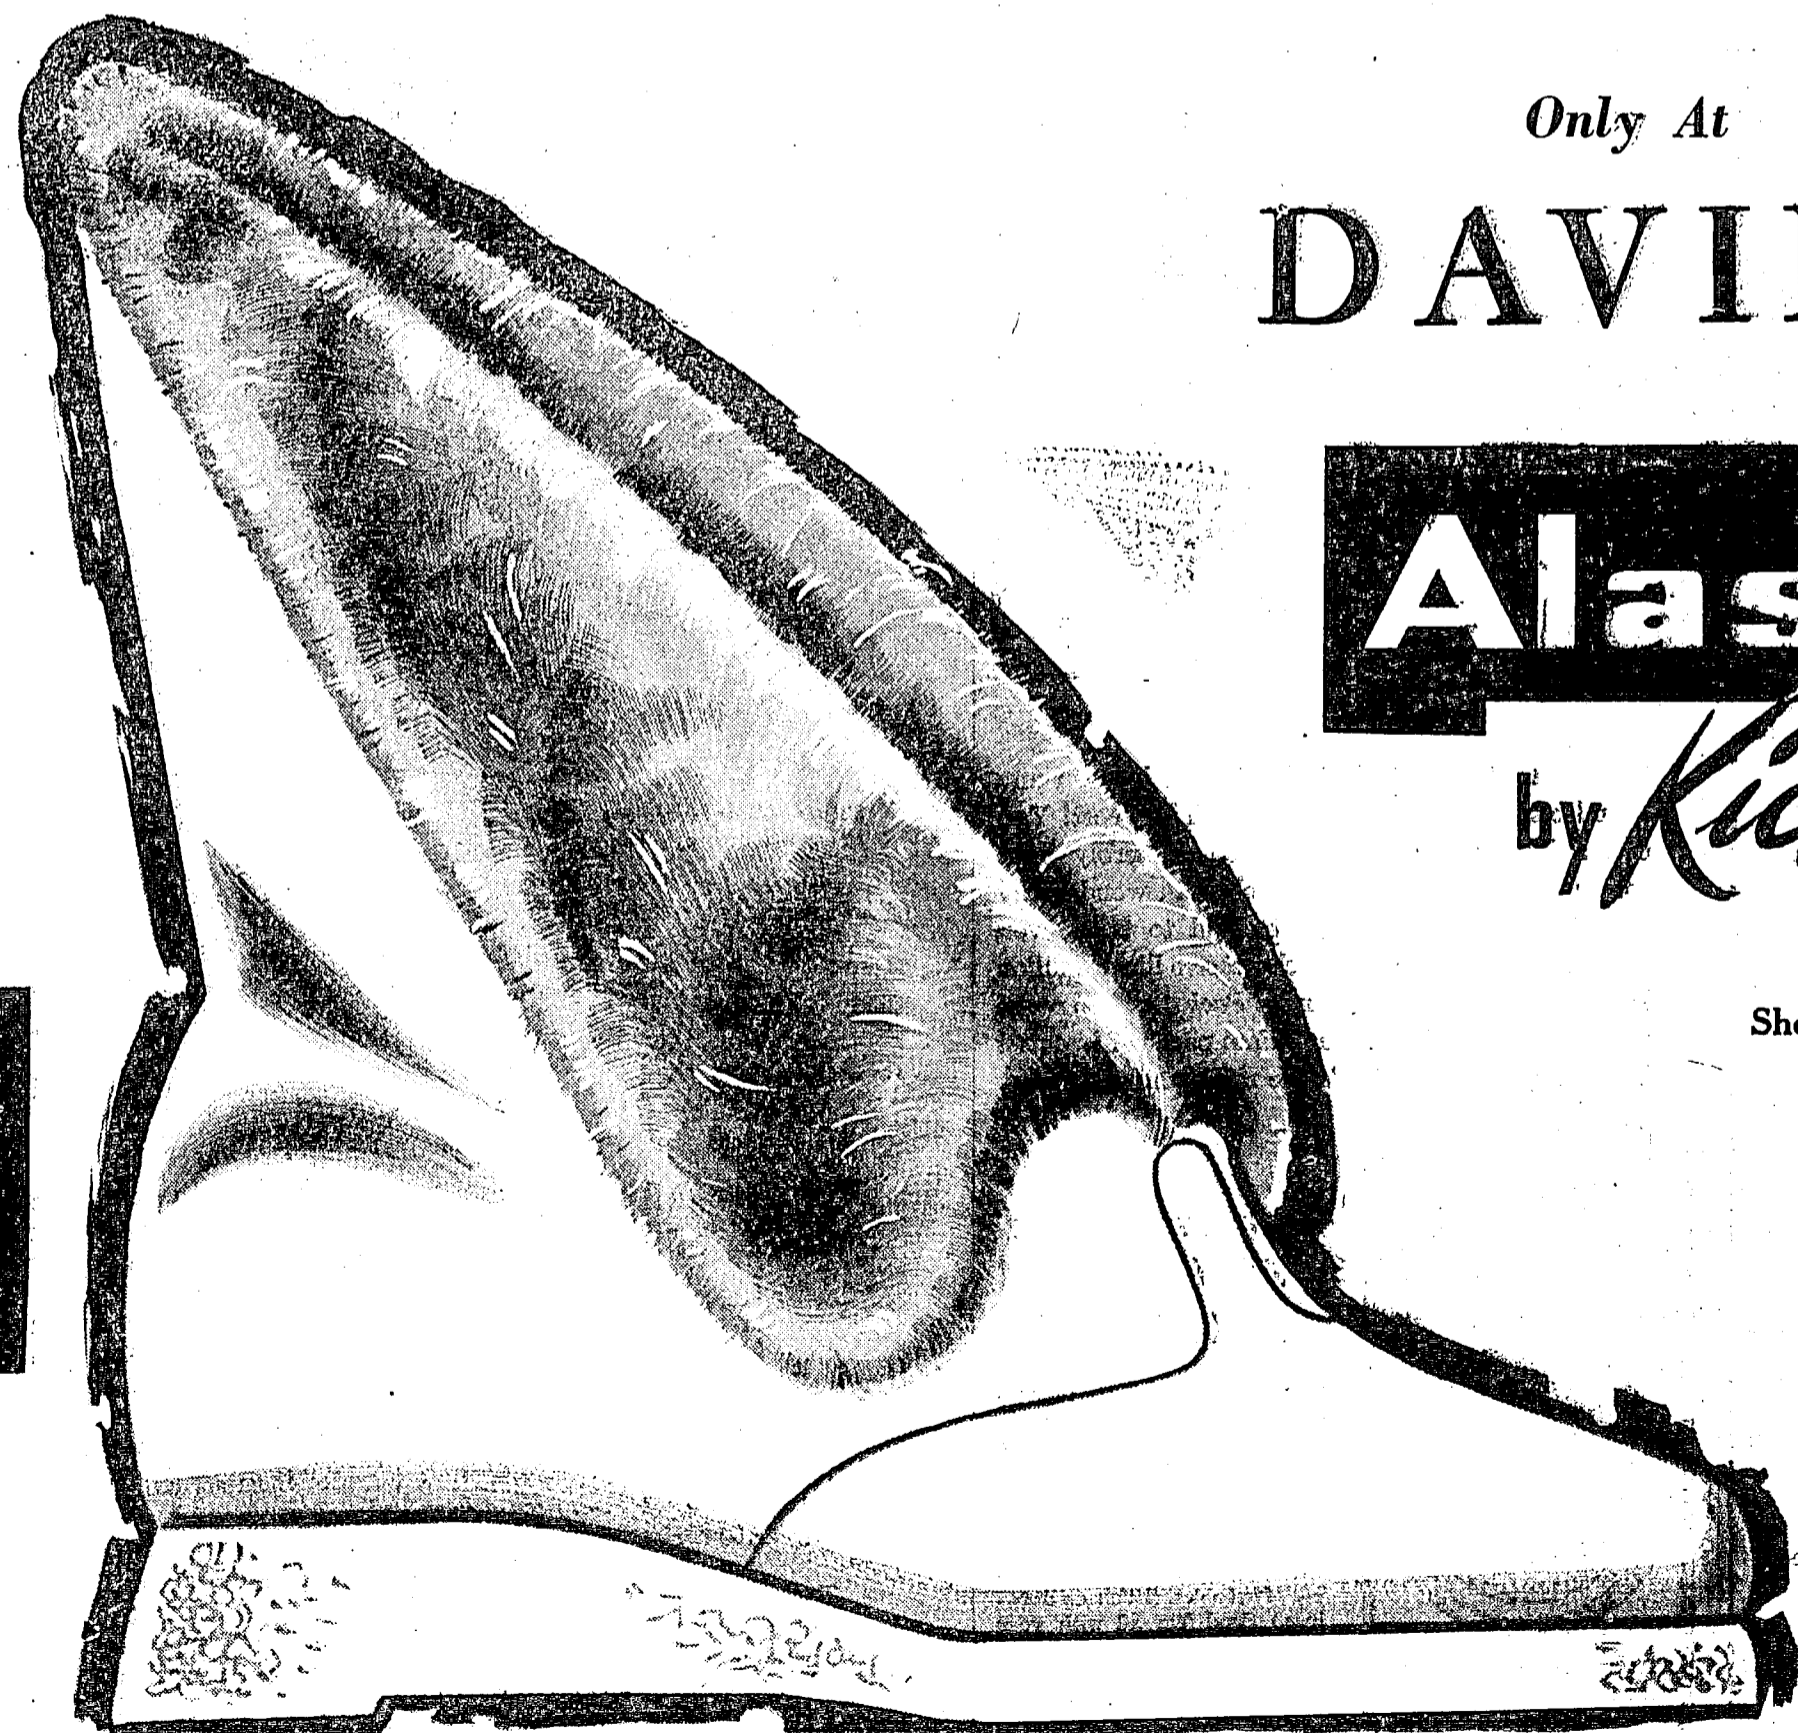

The board decided, reported the Daily Californian, that its members would judge all future Pelican material this semester. The magazine's editorial set-up was also revamped.

In this commercial age, about the only way to get well heeled is to keep on your toes.

# Harriers Face Last Hurdle Before PCC

Coach Joe Glander's harriers will face their last hurdle before the PCC cross country championship when they meet the WSC Cougars in a dual meet at Pullman at 11 a.m. tomorrow.

The Vandal distancemen, who have been the dominant Northwest cross country power the past two seasons, have defeated WSC twice this year.

### String Snapped

The Cougar harriers, however, snapped an Idaho winning string at 10 straight when they edged the Vandals in the Inland Empire AAU meet at Spokane earlier this month. Idaho had been well in front at the Spokane encounter but a missed turn disqualified Frank Wyatt and Ron Adams and the squad was beaten.

"The Cougars have a good club and are capable of winning under any kind of conditions," Glander observed yesterday.

He mentioned two of the WSC harriers, Max Yoder and Ron Zeeben, as being particularly outstanding and said their squad was deeper than Idaho's.

### Six-Man Team

Glander will take a six-man team, including Wyatt, Adams, Ray Hatton, Dick Boyce, Pete Reed, and Milt Riggers to Pullman.

Next weekend, a four or five man Idaho cross country aggregation will leave for the PCC championship meet at Los Angeles.

Teams will be considered in final point totals only if four men from their squad finish the race.

Tau Kappa Epsilon easily defeated Delta Sigma Phi, Tuesday 15-6, 15-5, to move into the only undisputed league first place in intramural volleyball.

Alpha Tau Omega and Delta Tau Delta remain in a tie for the lead in League II.

The ATO's edged Phi Gamma Delta, 16-, 15-13, while the Deltas were pounding Farm House, 15-3, 15-1.

Three teams, Lindley Hall, Willis Sweet Hall, and Chrisman Hall have yet to lose in League III.

Lindley 1 has played three games, defeating Pine Hall, 15-5, 7-15, and 15-6, while Sweet 1 and Chrisman 1 have met only two opponents, Wednesday.

Upham 2 has three wins in League IV, while Sweet 2 and Chrisman 2 have identical 2-0 records.

Upham got past Campus Club twice, Wednesday, by 15-11 scores.

## Neutral Corner Coaches Praise Gridders; WSC Coach Likes Line

By Dwight Chapin

One test of the quality of a football team is the respect it receives from opponents. If the opinion of Washington State is any indication, Idaho can well be proud of its 1957 squad.

## Idaho Second In Three PCC Departments

Idaho's final game of the season left the Vandals in possession of second place in a number of statistical categories.

The Vandals rank second in the PCC in pass offense, punting, and total defense. In the latter division, Idaho is just one yard short of conference-leading Oregon. The Ducks have allowed 2413 yards total yardage, while the Vandals have given up 2414 yards.

### Cougars Still Tops

In pass offense, WSC retained its lead over Idaho, as Bob Newman and company accumulated 225 yards in last Saturday's game. The Vandals struck back for 140 yards to stay 59 yards ahead of third-place Stanford.

In punting, UCLA remained safely ahead of the second-place Vandals, as the Uclians have a total of 1999 yards on punts for the season. Idaho's 1863 yards tops Oregon State with 1672.

### Line Tough

The Vandal line lived up to its reputation in the WSC game, when it pushed the Vandals into the number three spot in the PCC in rush defense.

Idaho has given up only 1488 yards along the ground to rank behind Oregon and Oregon State. The two Oregon schools have allowed 1398 and 1478 yards respectively.

But while the Idaho line was having a field day, Newman did fire enough hurried passes complete to drop Idaho from second in pass defense to the fourth position behind Southern California, California, and UCLA.

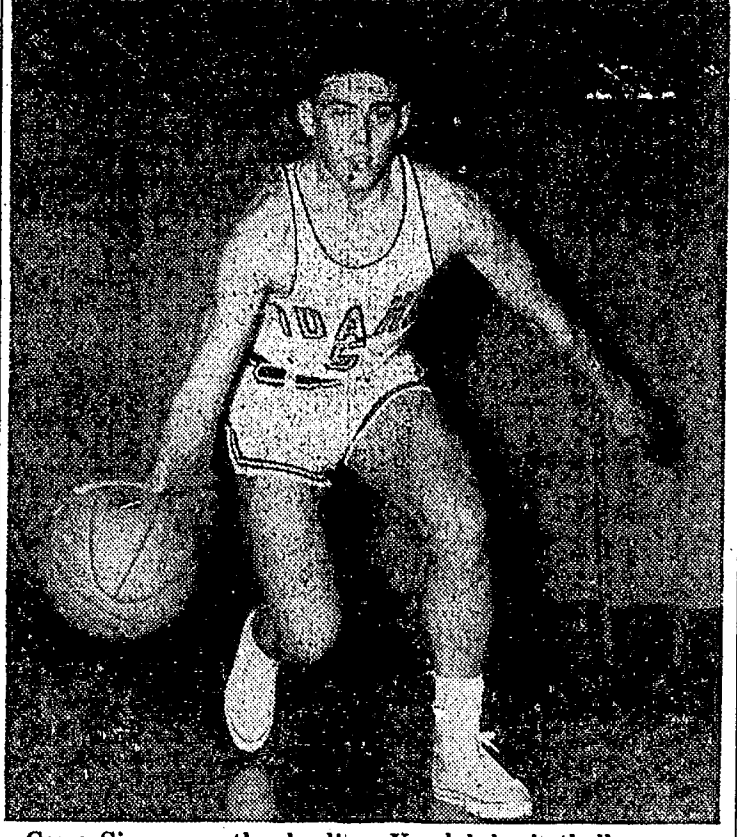

### Willis 4th

The highest any individual Vandal ranked in final Idaho PCC statistics was third, as Howie Willis dropped from his number two spot in total offense to the fourth position.

Despite his drop in total offense, Willis still retained third place in passing offense.

## Simmons Elected '57-58 Hoop Captain; Was Team's Top Scorer Last Season

Gary Simmons, high-scoring guard, was elected captain of the Idaho basketball team for the 1957-58 season Tuesday by the members of the Vandal hoop squad. Simmons was the top Vandal point-getter last season, although he suffered a serious ankle injury in a game with Colorado A&M, which kept him out of most of the conference games.

Gary Simmons, the leading Vandal basketball scorer last year, was named earlier this week to captain the Idaho hoopsters during the 1957-58 cage season.

Despite missing nine games, he led the team in scoring with 285 points on 92 field goals and 101 free throws for an average of 16.8 per game.

Simmons won the Ronnie White trophy as the most valuable Idaho basketball player last year, for his efforts.

The 6' two-year letterman from Twin Falls set a Conference free throw record of 26-straight and bucketed 48 of 53 foul shots during the season for a .906 average.

The latter mark erased a four-year old record of .875 set by California's Bob Matheny in 1953.

Starter Since Soph Simmons has been a starter since joining the Vandal varsity as a sophomore and saw lots of action on the Idaho frosh squad in 1954-55.

He has been named on numerous Coast "All-Star" teams and was well on his way to sectional and national recognition last season when he suffered the ankle injury.

To further add to his list of athletic achievements, Simmons was a diver on coach Eric Kirkland's swimming squad last spring.

## Finmen Show Improvement As Silver-Gold Meet Nears

Swimming coach Eric Kirkland noted yesterday that several finmen were showing definite improvement in preparation for the annual Silver and Gold meet.

Varsity swimmers, Vern Davis, Dan Belton, Larry Nelsen, John Price, and Chet Hall, are all showing well, Kirkland said.

Kirkland particularly lauded Glenn Martin, who won the intramural 50-yard backstroke earlier this year.

The varsity watermen received another boost when Gary Johnson and Ken Goodwin reported. Both were playing football and had been unable to turn out earlier.

Kirkland was pleased with the work of several frosh also, including Arnold Moeller, "Skip" Ward, Dan Slavin, and Cliff Lawrence.

The Silver and Gold meet, held yearly to pit frosh and varsity prospects in direct competition, will be held soon, according to Kirkland.

## Stahley Begins Year's Banquet Speaking Tour

Vandal football coach "Skip" Stahley has begun his annual "rubber chicken" banquet tour.

Stahley will tour area cities with an eye on acquainting people in the state and immediate vicinity with policies of Idaho football and athletics.

He announced that the squad will name its annual "all-opponent" team upon his return.

"It's not just the work I enjoy," said the taxi-cab driver. "It's the people I run into."

## Ski Club Holds First Meeting Next Tuesday

The Vandal Ski Club will hold its first meeting of the year in the SUB Tuesday.

Plans will be made for the sponsoring of a two-hour ski movie produced by Sverre Engen, noted expert on the subject.

The film, "Skiing, Their Way of Life," was made last year and includes features of all top university ski teams, plus modern skiing techniques, deep snow skiing, and demonstrations by the world's best-known skiers.
