

# The Key Hole

By PETE REED

We have just passed through a period of time which is probably the cause of more bitterness, disillusionment, rivalry, disappointment and misunderstanding than any other we experience in the school year, including Finals Week. I refer, of course, to Rush Week.

The events of Rush Week have a profound influence on the atmosphere of campus, and the lives of the students, for the rest of the school year for the very least, and so at the risk of treading on numerous toes I will make a few comments on these five significant days.

In order to save you the trouble of running to your Kampus Key to find out if I am Greek or Independent so that you can assure yourself I am biased, I'll declare myself now as belonging to a fraternity.

But I would like to assure you I shall do my best to be impartial in my remarks, and that I seek to bring more understanding and not to pour fuel on an old, and very regrettable, feud.

**The Split**  
Rush Week is without doubt the largest single contributor to the highly overestimated Greek-Independent split on campus. Four hundred or more freshmen descend upon our fraternities who cannot possibly take anything like that number. The sororities are even more swamped.

The result is well known, and is one of the most pathetic things that happens at the University of Idaho.

A large number of very fine men and women students are not accepted by any Greek organization, and these people, quite naturally, are often very disappointed and bitter about the whole thing. It is understandable that anyone subject to this experience should develop a sudden distaste for the Greeks.

The girl you used to love never looks so good after she's rejected you. This natural change of attitude to the Greeks, and the great disappointment suffered, re-

sults in a number of unfortunate influences on campus life.

**Forced**  
First of all, the Greeks can't be held guilty in the way many people would have them. They simply can't pledge everyone who would like to go Greek, and they genuinely try to soften the blow as much as they can and as soon as they can. The "rejecting" that the Greeks are forced to do brings them heavy criticism, but they can stand this and it is probably healthy for them in the long run.

What I think is more important is the effect on the individual, for the feeling or rejection afflicts many unpledged rushers, whether they admit it or not, and for freshmen already overloaded with adjustment problems this helps make life more difficult to say the least.

**Another Result**  
A second result is the feeling of some who were not pledged that they are being pushed into a home for the unwanted when they move into a hall. This is a misconception that needs erasing, for nothing could be further from the truth.

However, the grouping together of a number of people who, having been turned down, now feel that the fraternity system for the birds, leads to some unfriendly feelings. Equally, if not more mistaken, is the view of some of those who did make it that they are superior to the independents.

This, I think we all recognize, is the key to any problem we have in a campus split. It almost looks, then, as if it is impossible to avoid a certain amount of friction unless the fraternities can pledge any rushee who wishes to go

### JEWISH MEETING

Jewish students and faculty members from Idaho and WSU will hold their first meeting Sunday in Pullman. The student-faculty groups will meet at 8 p.m. in the board room of the Compton Union Building.

Greek, and I can't see how this would be possible for a long time, if ever.

**No Interest**  
Then there are those who have no genuine interest in joining the Greeks, but are afraid of the wagging fingers of their "friends" will brand them as having "not made it."

When this sort of situation develops we obviously have snobbery rife somewhere, and it is probably time that student recruitment made it clear to incoming freshmen that there is absolutely nothing inferior about living as an Independent. Some freshmen are seemingly under the impression that to live in a hall is to be as outcast as a leper.

What does all this add up to? It means that what split or ill feeling we have is largely a direct result of Rush Week, and that in the circumstances neither of the factions can be named entirely responsible.

Our ill feeling stems mainly from a sense of rejection on the one hand, or from a superiority complex on the other, and in each case involves only some, and not all, of the people on both sides of the fence.

It is possible a new system of rushing, perhaps coming later in the year when the freshmen know a little more about campus life, would help. Doubtless improvements will come in time. What is required is mature thinking and understanding from both parties, and perhaps a little more clarity from student recruitment on the matter.

Most of our freshmen have very little idea of what to expect when they arrive here, and so perhaps more care by those responsible in presenting high school seniors with a preview of college would help reduce the number of heartbreaks, and in the long run result in a healthier campus atmosphere and a stronger University of Idaho. In the meantime, let's all remember that we are first and foremost all students of the U of I, and unite in that bond.

## Let It Be A Lesson

Certainly all universities and university fraternities were shocked recently at the needless death of a University of Southern California student during a hazing ritual. The youth made the supreme sacrifice for his pledged house by choking to death while trying to swallow a large piece of raw liver.

This type of punishment for initiation has been outlawed or abandoned by most fraternities on most camps, whether banned by the local chapter or its national office. But hazings, or more commonly, types of "Hell week," exist — even at Idaho.

It would be foolish to say that such an accident could not possibly happen here.

But Idaho is very fortunate to have a strong and operative Interfraternity Council, and it was in protest to hazings that Idaho adopted "Help Week" recently to channel fraternity energy into worthwhile community projects.

We have not heard the last of the USC incident because the investigations and punishments are not over. Yet the damage has been done and it has served as a great lesson to every college fraternity. May it not soon be forgotten. — D.E.

## GM Grants Are Available

A scholarship described as "the best the University has to offer" will be open to male junior students today.

Dean Charles O. Decker, chairman of student affairs, said the scholarship, which pays as much as \$2,000 a year, is being offered by General Motors.

Deadline for applications will be Oct. 5. Decker explained that the gift is usually offered to a freshman student for four years, but circumstances make it possible to offer it to a junior man this fall. Three students already are on this program.

"This is probably one of the outstanding scholarship opportunities in the nation and the best we have to offer here," Decker stated.

The General Motors scholarship is open to every high qualified junior man regardless of field, according to Decker, but transfers won't be considered.

A minimum of \$200 and a max-

## Program Council Interviews Slated

Interviews for positions as chairmen of various SUB Program Council committees will be held Wednesday, 7 p.m. in conference rooms C, D, and E of the

minimum of \$2,000 per year are the benefits offered under GM's college plan scholarship. Blanks for application are available at the office of student affairs.

The scholarship committee will accept all applications and will hold personal interviews with final candidates.

Each year, 302 four-year scholarships are awarded by 111 private and 68 public colleges from funds provided by General Motors.

## Baking "cookies" for better roads

"Cookies" of asphalt paving are baked and frozen in our laboratories; so we can measure how highways wear in all types of weather.

The man is William H. Ellis, one of Standard's scientists who conduct many such tests to improve highway materials and construction methods. We actually build roads, subject them to crushing pressure, try out many paving mixes, work closely with highway engineers.

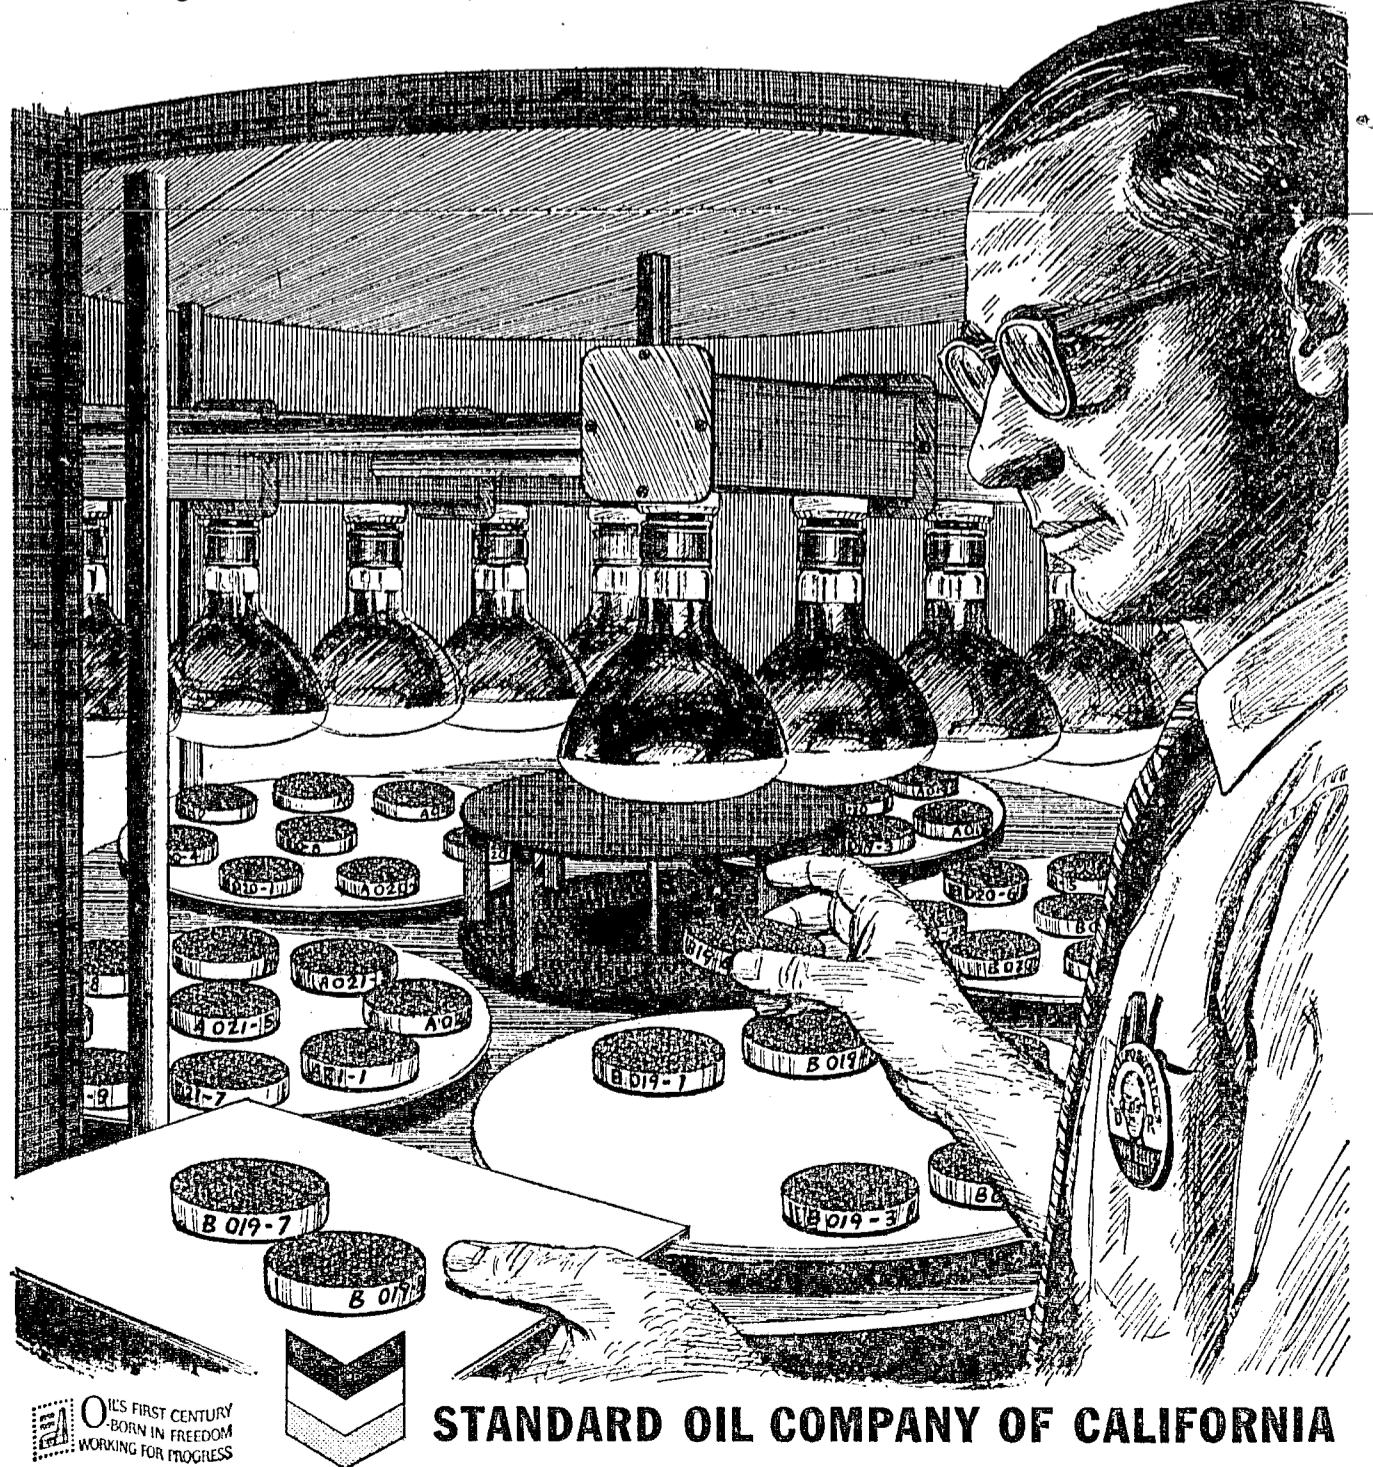

Our work benefits you both as a motorist and a taxpayer. Asphalt costs less than any other pavement... three miles of highway for the cost of two. You also get roads that resist skids, cut down glare,

make lane markers easier to see... roads which are smooth, quiet and comfortable.

Asphalt roads are ready for use within hours after laying... cost less to maintain and can be even stronger and better after years of service.

By such continuing research that brings you better products at lower cost, the people at Standard are planning ahead to serve you better.

Standard's asphalt products are made and sold by American Bitumuls & Asphalt Company, a wholly-owned subsidiary.

# Campus Activities To Start With Firesides, Exchanges

By MARSHA BUKOKER  
Arg Women's Editor

With classes pretty well in full swing, students are looking forward to the first week end break in studies with plans for fireside and exchanges announced.

Social life of the **PHI DELTS** is starting this Sunday with a pizza fireside for members, pledges and their dates. A pajama dance on Oct. 3 is in the planning. New house officers elected include Gary Randall, vice president; Doug Brown, historian; Roger Anderson, secretary and Van Basor, scholarship chairman.

Residents of **FRENCH HOUSE** got acquainted with their new housemother, Mrs. Braun, at a get-acquainted fireside Wednesday night. Officers elected to serve are Lynda Dailey, president; Deanna Ingard, secretary and Pat Schleuter.

During the past week it seems that **KAPPA SIG** pledges have been spending more time getting acquainted with the coeds on campus than with college curriculums. They have held exchanges with Kappa, Alpha Chi, Pi Phi, and DG pledge classes. K-Sig pledges elected Lanny Groves, president; Chuck Wright, vice president and Pat Brabaker, treasurer. Jim Barnhart, Doug Mellen and Jim King were entertained at Sunday dinner. Guests for Wednesday dinner were Ken Turner, Clinton Owens and Roger Graham.

**PI PHI** pledges were escorted to the campus mixer last Saturday by the Delta Sigs. The SAE's, Delta Chis, Betas from WSU, Lambda Chis and Sigma Chis serenaded during the week. A Kappa Sig-Pi Phi exchange was held Saturday afternoon. Deltas visited and taught the "Delta Town" and "Toast" songs to the Pi Phis Thursday noon. Gerri Williams was elected vice president of the chapter. An ATO breakfast exchange and the Sigma Chi-campus chest exchange are planned for the near future.

Freshmen were briefed in the ways of **CHRISMAN HALL** in a meeting Monday night. An exchange is planned with Ethel Steel for Wednesday and a football game will be played with a team from Hays Hall Saturday afternoon.

New officers appointed for the **ALPHA PIHS** are: Winifred Unzicker, assistant treasurer; Anita Wilcomb, assistant scholarship

chairman; Fran Regardera, activities chairman; Barb Fowler, assistant standard and Diann Nordby, Greek Caucus. Blanche Blecha, Dee White and Suzie Shern entertained new pledges at a fireside in their honor. Guest at the Scholarship dinner Wednesday evening was JoAnn Humphrey, Moscow.

A probable course of social events was outlined for the year at **UPHAM HALL** by acting social chairman, Larry Hossner and Bill Davidson. Mr. and Mrs. James Terrill are to be the proctor and hostess of Upham this year.

**BETA** frosh began their social season Tuesday by serenading the A-Chis, Gamma Phis, DG's, and the Kappas. Pledges first exchange of the year is set for Friday when they will escort the DG's to the SUB for cokes and dancing. Delbert Roy "Skip" Jones, Jr., a Beta pledge at Indiana University, has been repledged at Gamma Gamma Chapter. A guest this week at the Beta house was John West, a member of the class of '61, who came for a visit before returning to college at Bellingham, Wash.

The past couple of weeks have been get-acquainted time at **FORNEY HALL**, and the upperclassmen have done their part by holding a fireside, Sunday, Sept. 13. Class representatives for Forney were elected as follows: Phyllis Cochran, senior; Gail Wonsler, junior; Sharon Trenary, sophomore and Christine Hajast, freshman. A Wednesday exchange was held with Willis Sweet.

Formal pledging was held for the new pledges of **ALPHA GAM** Wednesday evening. Mrs. W. P. Lehrer, Moscow, was guest at dinner Wednesday. Exchanges during the week were held with Lambda Chis and SAEs.

**GUEST AT SEA**  
University President D. R. Theophilus was a guest of the Secretary of the Navy aboard the heavy attack carrier, USS Bon Homme Richard in August, while the ship was conducting air operations off the coast of California.

**SLEEPING ROOM FOR 2 MEN**  
Large study room between.  
Convenient location desirable.

## Rings

## Engagements

**WRIGHT-NIKULA**  
A fireside at Hays Hall provided the setting for the announcement of Sandi Wright's engagement to Arnold (Nick) Nikula, Lindley. During the reading of a poem, a candle was passed containing two wire dolls—boy and girl—with the wire holding the ring.

**COLLINS-LILES**  
Alice Rae Liles, Alpha Phi, announced her engagement to Farrell Liles, North Florida Junior College at last Sunday's dinner. The ring was passed around in a nosegay of yellow carnations and pale green baby mums. Green place cards, with a gold outline of the United States, contained an engagement ring on a gold thread connecting two hearts — one in Florida and one in Idaho.

**CLARK-FRENCH**  
A white candle entwined with red carnations announced the engagement of Marian Clark, French, to Dick French, Baltimore, Md., and a 1959 U of I graduate. Mrs. Braun, French's housemother, read a poem, and the song "At Dawning" was sung by Verna Lee Lott and Lynda Dailey.

**BROWN-HARVEY**  
Gold and bronze bouquets of baby mums helped Lynda Brown, Pi Phi, announce her engagement to Larry Harvey, FarmHouse. Joann Rigeron, accompanied by Carolyn Kudlac, sang Lynda's

## Churches Greet Students

University Sunday will be observed this week on the University campus. All the Moscow churches join in welcoming college students to attend the church of their choice. The object of the Sunday observance is to give the town churches the opportunity to meet and greet the college students. Also the Council of Church women in Moscow is sponsoring a reception and coffee hour at the Campus Christian Center, Sunday, from 2 until 4. All campus living groups, faculty and towns people are invited to the center.

### DISCIPLE STUDENT FELLOWSHIP

The DSF youth group will meet Sunday evening at 5:15 at the First Christian Church. Prominent speaker and teacher, Professor Elwyn Schwartz is speaking on the topic **WHERE AWAY?** His talk deals with the problems a student encounters at college. Should you have attended college? Is there a place for religion in your life? The program includes supper, and a worship service.

### WESTMINSTER FORUM

"Greek and Independent" is the title for the panel discussion at Westminster Forum, Sunday at 5 p.m. at the Presbyterian Church.

Panel members will be Kay Oakes, Jack Macki, Karl Bittenbender and Neela McCowan. Chuck Doak will be the moderator.

Some of the questions to be discussed are: Is there a difference? What are the advantages of both? Is there a division or a unity? The meeting lasts until 7 p.m. and supper is served at a cost of 45 cents. All Presbyterian and Congregationalist students are invited to attend.

### CANTERBURY CLUB

Canterbury House, 612 Elm Street, will be the scene Sunday evening of a special University Sunday observance where the people of St. Mark's Church will gather to meet the Episcopalian students. Evening prayer will be read at 5:30 p.m. followed by a buffet supper served by the women of the church. The Chaplain, Harold D. Fiehart, will review the program for the Canterburyans and tell something of the importance of the faith of the church as it concerns the modern student. Sunday services at St. Mark's will be especially for welcoming and worshipping with students.

### Pinnings

Mary Ann Berry, French, stole the show at a fireside Wednesday night when she announced her pinning to Jack Smith, ATO.

## Forestry Major Has Own Growth

Introductions were in order Wednesday, for it was the first day the fall selections for Vandaleers had met.

Down the line it went, each one giving his name, home town and course of study, until the process came to the bass section.

A student stood up and recited:

"My name is Robert Lund, I'm from Sacramento, Calif., and majoring in forestry."

He was a forester alright — with about three months growth of beard.

## District Style Revue Show Coming Soon

Style, beauty and utility in teenage girls' clothing will hold the spotlight on the University campus Saturday, Oct. 3, as some 250 Club girls from Idaho's 10 northern counties model garments in their annual Northern District Style Revue.

The revue will follow cherry-pie baking contests, illustrated talks, and demonstrations by the 4-H youngsters on the preceding day.

Northern district contest chairman, Lucile Gray, Nez Perce county home agent, said that all girls competing in the style revue are blue-ribbon winners in their respective county fairs and will show their garments in junior and senior divisions. The State 4-H style revue winner will be chosen later in the month by Miss Esther Nystrom, extension clothing specialist for the University, and a committee working with her.

Yale Man: Shall we sit in the parlor?  
Sigma Gal: No, I'm too tired. Let's play tennis.

## Artists Trek To Conference

Three members of the University of Idaho art department will be in Sun Valley this weekend to take part in the Idaho Art Association Conference.

Professor Theodore Pritchard, head of the art and architecture department, will introduce Edgar Ewing, the keynote speaker, a nationally known artist from California.

Arnold Westerlund of the art faculty, will be among members of a symposium discussing ways of bettering the teaching of art to children.

Mary Kirkwood, another member of the faculty who is also the

group's representative to the Pacific Art Association, will attend meetings. Both Miss Kirkwood and Westerlund will participate in the art exhibit.

**AT GEORGE WASHINGTON U.**  
Jack McAvoy, a 1958 University college of law graduate from Worley, has been selected as an assistant professor on the George Washington University school of law faculty at Washington, D.C. The former Idaho student recently received a master of laws degree from Yale University.

# End, Back Join Squad; Vandals Eye Upset Win

PAGE 4 THE ARGONAUT

## Five Future Foes Face Grid Action Tomorrow

While the Idaho Vandals stick to the road this weekend, five of seven of their future foes go into action in Saturday contests.

## "I" Thinclads Eye Contest With WSU

The paths up Moscow Mountain have become more populated lately as the Vandal Cross Country team speeds up training to prepare themselves for the nearing season which opens with a dual meet with W. S. U. early in October.

Figuring in this year's squad are lettermen Ron Adams who sports a 4:14.9 mile; Ray Hatton with an outstanding 8:53.3 two mile; Dave Durham with a 49.7 quarter mile; and Frank Wyatt, P. C. C. three mile champ and record holder.

Supporting this year's varsity are Allen Woods, a transfer from Missouri, two sophomore halfmilers, Charles Smith of Pocatello and Gary Michael from Montana, along with fresh Ray Allen from England, claiming a 4:13 mile.

From the spectators' viewpoint October 31 is the date to circle. Idaho will host Washington State and Oregon to a two mile cross-country event between the halves of the Homecoming Game. Tentative plans see the race starting and finishing on the track in front of the spectators in the stadium.

The University of Arizona takes on West Texas State in a night contest, as the Vandals' Oct. 3 foes try to sharpen up their offense after dropping a 18-14 count to Brigham Young last weekend. On October 10, the Vandal squad goes into the long-anticipated tilt with the Air Force Academy at Denver. The Falcons have yet to see action this season, opening tomorrow with the University of Wyoming.

Idaho's third hurdle after tomorrow, the Oregon State College Beavers, try to get back to winning ways against Texas Tech tomorrow. The Beavers lost a 20-6 contest to Southern California last Saturday as the Trojans showed early power.

WSU Meets San Jose  
Returning to the Inland Empire, the Vandals' fourth foe, the Washington State Cougars, try to forget last Saturday's 20-6 loss to California as they tangle with San Jose State.

The winning Oregon Duck meet Idaho's Boise foe, Utah University tomorrow, riding high on their 27-26 win over Sanford in both teams' weekend openers.

In California, the College of Pacific Tigers lick their wounds tomorrow, drawing a bye after their 13-6 upset loss to Colorado September 19.

The University of Montana joins the Tigers on the sidelines, waiting until Oct. 3 to return to the grid wars. The Grizzlies, Idaho's Nov. 21, season-ending opponents,

By HAL GUSTAFSON

The "Big Redhead," Reg Carolan, and the Vandals' fifth leading ground gainer for the 1958 season, Mike Sheeran, are with the Idaho gridders for the first time this season as coach Skip Stahley's crew leaves for tomorrow's clash with the Washington Huskies.

Carolan, a 6-6, 220 pounder from California will give Vandal quarterbacks Sil Vial, Gary Farnworth and Joe Espinoza a tremendous target to hit. Carolan played for the Vandal frosh two years ago and showed signs of potential greatness for the Babes, leading the squad in receptions.

Sheeran, the other half of the Vandals' "new look," played full-back last season and held down the starting spot until an injury side-tracked his grid career. According to observers, Sheeran should help the Idaho power plays through the middle of opposing lines.

Besides Sheeran's driving power, the 200 pound junior reportedly has good speed, and coach Skip Stahley highlighted the Vandals' need for speed with several position changes this week.

Ends Moved to Backfield  
Former halfbacks Hal Fisher and Paul Wagar rejoined the Idaho backfield Tuesday, returning from the end spots they held in the season opener. Both Fisher and Wagar are speedsters, both rank as among the fastest men on the squad.

Last week's starting signal caller, Farnworth, gave way to Vial in leading the Vandals in practice this week. Farnworth turned in one of the top efforts in the nation against the Utes, rolling up a 180 yard total during the contest, then suffered an injured hand in practice Tuesday, leaving Vial to direct the Idaho gridders.

In other position changes, 175 pound Ralph Jannino moved into the starting guard spot on the strength of his play against Utah State last weekend.

have lost to North Dakota and Wyoming in their two opening games.

## INTRAMURALS

Two Greek leagues open their intramural play Monday as 14 of the 15 teams begin their battle for the fraternity crown captured by Beta Theta Pi last fall.

Betas, spearheaded by the passing of Denny Hague, and the strong line play of Bob Brown and Tom Smith, tangle with the

## Intramural Teams Ready

This year the football situation at Lindley Hall looks as good as last, and last year Lindley was the all-campus champion after having defeated the Betas, who were the Greek champions.

Lindley Intramural manager Gary Thompson, says that seven of last year's nine starting gridders are back again. Four outstanding members of the team are: Gene Novotny, Jack Bloxom, Nick Nikula, and Bunk Frost. Thompson is looking forward to having a strong frosh team also.

In other sports Lindley should be strong in basketball, with three members of last year's independent championship team back again. Several freshmen will be counted on to carry the tennis load.

### Phi Deltis Hurt

Another one of last year's strong intramural teams was the Phi Delt group. But Mark Holbrook, intramural manager says the Phi Deltis will be hurting this year.

Holbrook describes the football team as having fast backs and ends, but short in personnel in both departments. The loss of several big linemen will leave the Phi Deltis weak in the line. Right now the search for a good quarterback is the main problem, as Holbrook stated that he will have to count on inexperienced freshmen in many positions.

Tennis is the only bright spot for the Phi Deltis, as Joe Bryhn, last year's champ, is out to defend his title. Basketball looks favorable and track is expected to bring in the points for the Phi Deltis.

First of a Series

Takes in the feature tilt of the afternoon in League III.

Other games in the 7-team division expecting to provide plenty of excitement are the ATO-Phi Delt fray and the SAE-Theta Chi encounter. Delta Tau Delta remains idle Monday and will open next Wednesday against the Tekes.

Top tilt of League IV Monday will be the contest between Phi Gamma Delta and the Delta Chis. The Pijis are paced in the backfield by Gary Floan, while spearheading the Delta Chis will be Sam Collette and Austin Gergin.

Other tilts on tap for the League IV Monday will feature the Sigma Chis versus Phi Kappa Tau, Kappa Sigs against Lambda Chis, and Sigma Nu battling the Delta Sigs.

### Games Rained Out

Last night's tilts between members of Leagues I and II were cancelled because of the inclement weather and will be replayed at the end of the season.

Teams vying for top spot in League I are campus defending champions, Lindley Hall, and other teams of McConnell, Campus Club, Town Men's Association, Upham, Shoup, Chrisman, Gault and Willis Sweet Hall.

League II is composed of the number two teams of the preceding independent crews with the second teams of Willis Sweet and Lindley Hall rated strong contenders in these encounters.

### Managers Meet

Intramural managers and Directors of Intramurals, Clem Parberry met last Monday evening to discuss rules for the upcoming football season and election of officers.

Officers elected were Gary Thompson, Lindley, president; Larry Hattemer, Theta Chi, vice-president; John Beckwith, Delta Sig, secretary; and Meldon "Chub" Anderson, treasurer.

Parberry announced that intramural tennis will begin play next Wednesday with Joe Bryhn, Phi Delt, last year's champion, rated prime favorite.

ALTERNATE — Bob Scholredt, Washington second team quarterback, will step into the starting shoes of regular Bob Hivner tomorrow as the Vandals and the Huskies meet in Seattle. Hivner suffered a broken finger on his throwing hand against Colorado last week, leaving Scholredt to face the Vandals.

## Gary Randall's SIDELINES

A prospect of upset is in the air today. Not a firm prospect, not an unexpected prospect, but rather a hoped for, "felt" prospect.

As the Vandals' second game of the season draws closer and Washington looms more and more as a very real "dark horse" for the post-season Rose Bowl you can hear an occasional expressed hope for an Idaho upset.

Just as the "experts" predicted an Idaho victory last week, just so will those same experts predict a Washington win tomorrow. The odds lie with the Huskies certainly, but those same odds rode with Idaho last Saturday and rode with Washington State University on the same day.

There's something about going into a game as a clear-cut underdog that has to be counted into the odds, just as there is something about going into the game on the other side of the coin. Idaho has nothing to lose tomorrow and everything to gain, Washington has its Rose hopes on the line.

The Vandals know the Huskies are going to be tough. Washington might just be looking past the Vandals to their Oct. 10 opponent, Stanford. That upset chance, possibly a slim one, is definitely there.

### Last Game In 1956

Idaho last played Washington in 1956 and came home a badly battered bunch on the short end of a 56-21 score. There's a good chance the Huskies might be pretty complacent this time, and a complacent team is just ripe for an upset.

On the fact side of the 59-year-old series, the Vandals have won 2, tied 2, and lost 24 in contests with the Washington eleven. So dominant has been the Husky strength, that no Idaho-Washington game has been played in Neale Stadium since 1905, when Idaho won by a 8-0 count. Since then the Vandals have tied the Huskies in 1907 and in 1938.

In 1956 Idaho almost added another tie to the records, finally losing to Washington by a 14-7 count. The next year the Huskies made up for their "oversight" by tagging the 56-21 count on the Vandal chin.

That contest ended the series until this fall, when the Vandals trek to Seattle for another try at crashing the win ranks. Tomorrow, with a little extra luck, a few extra breaks, and a touchdown, they could do it.

## Deadline Nears For Golf Rounds

Qualifying date for the University of Idaho golf championship draws nearer as few golfers have qualified, with the bulk of the field expected to turn in scores toward the end of the week.

Vandal Coach Dick Snyder announced that next Sunday will be the qualifying deadline and all golders wishing to compete in this annual tourney should turn in their 18-hole qualifying scores by that date.

Defending champion Ray Kowallis and other favorites Dave Smith, Don Modie, George Luckhardt, and Norm Johnson have been working on their games since their return to school and are expected to post their scores toward the latter part of this week.

The tournament is run according to flights with qualifying scores placing golfers in flights with respect to each golfer's own ability and each golfer will be competing with golfers of similar caliber.

## Do You Think for Yourself?

(SHARPEN YOUR WITS ON THIS!)

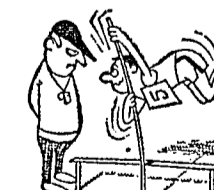

If you saw a girl in a bathing suit on a ski slope, would you say, (A) "What—no skis?" or (B) "Cold?" or (C) "The pool closed three months ago," or (D) "Stay right here—I'll get the guard!"

A  B  C  D

Do you think the statement "It's always darkest before the dawn" is (A) an astronomical truism? (B) a good reason for getting home early? (C) a piece of hopeful philosophy? (D) an argument for night watchmen?

A  B  C  D

Do you think that a man who can pole-vault 16 feet but doesn't like to, should (A) go out and do it anyway? (B) keep the whole thing to himself? (C) do a bit of self-analysis on why he doesn't like to go high? (D) have the bar set lower?

A  B  C  D

When you choose a filter cigarette, do you (A) ask all your friends, and take their word for what's best? (B) take the one that makes the loudest claim? (C) investigate the facts, then use your own judgment? (D) go for the filter that gives you taste plus filtering?

A  B  C  D

It's a wise smoker who depends on his own judgment, not opinions of others, in his choice of cigarettes. That is why men and women who think for themselves usually

smoke VICEROY. They know only VICEROY has a thinking man's filter—the filter with more research behind it than any other... the filter that changed America's smoking habits. And only VICEROY has a smoking man's taste.

\*If you have checked (D) in three out of four questions, you're pretty sharp... but if you picked (C)—man, you think for yourself!

The Man Who Thinks for Himself Knows— ONLY VICEROY HAS A THINKING MAN'S FILTER... A SMOKING MAN'S TASTE!
