CUP Proposes Board Changes

By LEE TOWNSEND
Argonaut Staff Writer

A complete revamping of the Board of Selection and Control and a new system of apportioning campus activities to classes was proposed Wednesday night at the first meeting of the Campus Union Party, Larry Hossner, Upham, the party's first president, said yesterday.

The campus activities and duties of each class were outlined, Hossner said, and a recommendation was made that the members of

each class be confined to participating in activities delegated to that class.

Under this program, which would not go into effect until 1961-62, the freshman class would be responsible for handling the freshman orientation of new students the following year, after a full year of preparation by the class.

The sophomore class was assigned Senior Days and the SUB Programming, which would involve arranging such events as Jazz In The Bucket and other regular SUB activities. The class would work in conjunction with Charmaine Tourville, SUB Program director.

The junior class' jobs would be Blood Drive and Campus Chest. No other class would be allowed to help plan these events.

The seniors would handle graduation planning and ASUI budgeting, which is now handled by the Executive Board.

Dad's Day, Homecoming, and Student Recruitment activities would be open to all classes.

Hossner explained that the chairman for fresh orientation would come from the ranks of the freshman class, Senior Days and SUB committee heads would be sophomores; Blood Drive and Campus Chest chairmen would be juniors; and that a senior would head the planning of graduation and ASUI budgeting.

A new Board of Selection and Control would be organized, consisting of the presidents of the four classes and the chairmen of Dad's Day, Homecoming, and Student Recruitment.

"This is a positive attempt by the CUP to bring logical solutions to some of the ASUI problems," Hossner said. "This arrangement is done on several other campuses with apparent success, and there is no reason why it can't be handled this way here."

Hossner said the new system would cut down on over-loading a few students with most of the planning of ASUI functions.

"The way it is now," he continued, "the classes by and large have no useful functions. By giving the responsibilities to the class officers, they and the class members will be performing useful activities for the student body."

'Gone Daddy' Topic For Law Teacher

A University law school instructor, W. J. Brockelbank, today announced the publishing of his book entitled, "Interstate Enforcement of Family Support."

The book, which is published by Bobbs-Merrill Company, Inc., of Indianapolis, Indiana, is due for release in August of 1960. The selling price will be \$6.00.

The book is a history of the Uniform Reciprocal Enforcement of Support Act, commonly known as the Runaway Pappy Act.

This act, now adopted in all states and all territories, has become part of the accepted pattern of American life in the recovery of support for a destitute family across state lines.

The most useful part of the book is an appendix of forms. Each form is carefully explained by the author.

All of the annotations and all the critical literature that appeared in law reviews and other periodicals as well as all the cases from the courts of last resort that have interpreted the act are featured in the book.

Summer Plays Slated For U.

Three comedies, a mystery and a sentimental drama are planned for the University Summer Theatre bill, it was announced today by Professor Jean Collette, chairman of drama.

First presentation will be Horton Foot's "A Trip To Bountiful" on June 29-30. The mystery "Someone Waiting" by Emlyn Williams will be staged July 5-6-7, followed by the comedy "The Man In The Dog Suit" by Beich and Wright on July 12-13-14. "The Girls in 509," a political comedy by Howard Teichmann will be seen July 19-20-21. Final show of the season will be Gogol's "Inspector General" on July 26-27-28.

Grant Given For Research

Research into new systems of oxygen transfer from gases to liquids at the University will be aided by a grant of nearly \$6,000, it was announced today.

The department of chemical engineering was awarded the grant to study both theoretical and applied aspects of the problem by the National Institutes of Health of the Department of Health, Education and Welfare.

The grant is to begin this summer and will cover a two-year period. The project is under the supervision of Dr. M. L. Jackson, head of the chemical engineering department. Work will be conducted by four graduate students working toward master's degrees in chemical engineering.

The transfer of oxygen in fundamental to many processes of industrial waste treatment and industrial processing such as the manufacture of antibiotics, said Dr. Jackson. Chemicals can also be produced by fermentation processes which likewise require oxygen for the biological processes involved.

ROCKWELL ART — Susan Ann Giersbach, Tri-Delt, looks over part of the Norman Rockwell art display featured in the SUB during the past few days.

Six Coeds Are Accepted For Hospital Internship

Six coeds majoring in bacteriology at the University have been accepted for hospital internships in medical technology, it was announced today by Dr. V. A. Cherrington, head of bacteriology.

Scheduled to start their internships during summer are Gail Wouser and Shirley Corbett, French; Mary Jane Douglas, Kappa; and Camilla Lopez, DG. All will be at St. Luke's hospital in Spokane.

Barbara Wohletz, off campus, has been accepted at Virginia Mason hospital in Seattle. Going to the Los Angeles County hospital for

Dairy Science Students Get 5 Scholarships

Five scholarships, totaling \$925, have been awarded to dairy science students at the University, reports D. L. Fourt, department head.

"These scholarships are provided by the dairy industry of Idaho as an incentive to students to make a career in dairy science," Fourt explains. "They are awarded on the basis of leadership, scholarship and character."

Winners, all from Idaho, are: Gerald Hill, Lindley, \$200 Idaho Milk Processors association award. Dane Kilsgaard, Camps Club, \$250 Idaho Ice Cream Manufacturers association scholarship.

Donald Bateman, off campus, plaque and \$25 cash from Virginia Dare Extract company as outstanding senior in dairy manufacturing.

Jerry Jaeger, Campus Club, \$200 scholarship provided by Idaho Dairymen's association. Larry F. Cook, off campus, \$250 scholarship from Idaho Ice Cream Manufacturers association.

Schuldt To Be AAUP Prexy

Associate Professor of Music Agnes Schuldt was elected to replace Dr. Warren Wolfe as president of the Idaho chapter of American Association of University Professors at a meeting Monday evening.

Other new officers include Professor of Metallurgy, Joseph Newton as vice-president and Assistant Professor of Political Science, Robert Huckshorn, secretary-treasurer.

The remainder of the meeting was devoted to a report by Dr. Granville Price, professor of journalism, on the regional AAUP conference held last month in Cheney, Wash.

200 Plus Courses Will Be Offered At University Summer School Session

More than 200 courses will be offered by 41 departments at the University Summer School June 13 to August 5, it was announced today by Dr. Thomas L. Dahle, director of Summer School.

In addition to the regular courses, a number of short courses and workshops will be offered for credit. They are open to both regular students and to those who attend the special sessions only.

Short courses and workshops include the Geology and Mining field camp, June 1 to July 6; Accelerated Course in Art Methods, June 13-24; Radio-TV workshop, June 13-23; School Publications workshop, June 13-24; Accelerated Course in Arithmetic Methods, June 13 to July 1; Summer School Concert band, June 13 to July 22;

Workshop in Art, June 13 to August 5; School Band Techniques, June 20 to July 1; Guidance workshop, June 20 to July 1; School Administrators conference, June 23-24; Freelance Photography workshop, July 11-22; "Workshop on Wheels" traveling art course, July 3-23; Music Education Materials workshop, July 5-15; Workshop in High School Dramatics Directing, July 2-27; Home Economics Education workshop, July 11-29, and Music Education workshop, July 18-29.

A number of special features characterize the summer session. They include the National Defense Education Summer Guidance Institute, June 13 to August 5; Child Guidance Clinic, June 13 to August 5; National Science Founda-

tion Summer Institute in Mathematics for High School Teachers, June 13 to August 5; National Science Foundation Summer Institute for Science and Mathematics Teachers, June 13 to August 5; Summer Elementary school, June 13 to August 5; High School Summer Music Camp, June 13 to July 1; European Study Tour, June 28 to August 13, and the sixth annual Inland Empire Summer Music Festival, July 25 to August 2.

Other special features are the business education conferences, social science forums, forestry summer camp, public utilities executives' course, food store management clinic, coaching consultant service and the summer theatre.

910 Degrees Will Go To Candidates

By EDDIE WOOD
Argonaut Staff Writer

About 910 candidates will be seeking degrees on Sunday, June 5, at Idaho's 65th commencement activities.

There are 773 students seeking bachelor degrees and 177 students seeking masters degrees. This is an increase of 25 over last year's total of 885 graduates.

Activities begin June 4, which is alumni day, with a noon luncheon at the Hotel Moscow. Then in the afternoon from 2-4 p.m. an informal reception will be held in the SUB for the 1960 graduates, their parents, the Board of Regents, the faculty, alumni, and friends of the University. Concluding the day will be a 6:30 p.m. alumni dinner in the SUB.

Commencement day, June 5, begins at 9:15 a.m. with the academic procession from the Ad building.

At 9:30 a.m. Ernest K. Lindley, columnist and Director of Washington Bureau of Newsweek, Washington, D.C. will give the address at Memorial Gymnasium. Lindley will be awarded an honorary Doctor of Literature degree in recognition of an informative and penetrating analysis of world affairs in his career in journalism and for his scholarly approach to writing.

The degrees will be awarded at 10:30 a.m. After degrees are awarded, at 12:30 p.m. a cafeteria luncheon will be held in the SUB for parents and visitors and also a luncheon for Regents and their official guests.

Air ROTC Wives Fiances Feted At Formal Tea

Wives and fiancées of senior Air ROTC cadets were feted at a formal tea May 11 by the Air ROTC detachment wives.

Purpose of the tea, at the home of Lt. Colonel and Mrs. A. M. Engels, was to meet and welcome future Air Force wives and give them an idea of what life on an Air Force Base will be like.

Mrs. J. B. Pattison Jr., wife of Col. Pattison, professor of Air Science, told the present and future wives, "You must always remember that you are, regardless of the place, that is home to your husband."

Attending the tea were Meses. Dennis Kahler, off campus, LaMonte Kahler, off campus, James Lunte, SAE, and Misses Karen Coiner, D. G.; Patricia Higgins, off campus; Judy Hickman, Gamma Phi; Sandra Schow, French; and Sue Bush, Gamma Phi.

Hostesses were detachment wives Meses. J. B. Pattison Jr., A. M. Engels, Phillip Peterson, and Donald Hanto. Mrs. Harry Riggs and Mrs. Edward Sayre poured coffee and tea.

TV Equipment Arrives At U.

The arrival Monday of a long-awaited television camera and equipment, the first step in television transmission, brought a collective sigh of relief from instructors as well as students at the Radio-TV center.

Received from the General Precision Laboratories of Pleasantville, New York, was a television camera, a TV monitor, a console control panel and related power supply equipment.

With the purchase of this new equipment the center comes one step closer to the reality of live television. Along with the many cameras at the center, the television equipment can be used to help Radio-TV students in practical application of their major.

Also, the equipment can serve as a basic unit in developing closed-circuit or broadcast TV if the University should progress in this direction.

Exec Board Votes 'No' To Re-Opening Issue

By NEIL LEITNER
Argonaut News Editor

In a dramatic two-and-a-half-hour session Tuesday, Executive

Board members defeated a motion by Lloyd (Red) Taylor to include on next fall's election ballot: "I am in favor of building a SUB —

Yes or No." The vote was six no's and two yes's.

The action of the Board, in effect, followed the policy set by two previous Executive Boards, stating that the two-year-old sampling of opinion on whether or not to build a SUB extension was adequate.

In the first opinion, taken during the 1957-58 school year, of the 35 per cent of the students who voted, 80 per cent approved the expansion.

Roll Call Vote

In the Tuesday night roll call vote, called for by Everett Bailey, Willis Sweet, the no's were cast by Bob Moe, Dick Rene, Bob Alexander, Garth Sasser, Lorna Woolf, and John Fitzgerald. Yes's were cast by Everett Bailey and Taylor.

Jim Mullen abstained, saying that he felt he ought to have another week to talk to some people he wanted to consult about the issue. Bill Pasley, unable to attend, was at a National Guard meeting.

Main proponent in favor of having the motion put on the ballot was Taylor, who first outlined what he had done during the year on the SUB issue, pointing out that "2,600 names, included on a petition to have a re-vote, had not even been considered."

In other discussion prior to the 9:25 p.m. vote, ASUI Veep, John Fitzgerald stated that "if the vote was defeated, it could very well make little impression on the Board of Regents, who have the entire matter in their hands now, and it could lower the opinion of students of their own student government."

Taylor, who seemed to be doing all the talking in favor of his motion, said that the vote would have a good effect on the campus. He thought that the Board of Regents would look favorably upon campus opinion, and that all he was interested in was a referendum ballot on the fall election slate.

Mullen questioned the comment stating, "I can't understand your motive, Red. I can't believe that all you want is a referendum, when you started out in the first place actively campaigning against the extension."

Taylor replied saying, "I came to the group of people in charge of the SUB deal and they said 'show us some interest,' so I did. I emphatically repeat that I'm only interested in the principal of the thing, the petition and the referendum, and if it doesn't pass, I'll probably still continue to push it."

A motion was then made to hold the vote over until the following week, but was defeated after a tie of 4 to 4, by Pres. Bruce McCowan, after some 30 seconds of dead silence.

Brainy Pair Win Honors; Make Phi Beta

The University boasts one of the brainiest married student couples in the nation.

William and Thora Runyan were both tapped by Phi Beta Kappa, national scholastic honorary.

William, a senior in bacteriology, has compiled a four-year grade point average of 3.74 out of a possible 4.0. Mrs. Runyan, a junior chemistry major, has a straight "A" average in all her subjects.

She is a year away from being the first woman in the history of the University to have all perfect marks on her transcript.

The two students met when both were in the Army.

"He got out of the Army before I did, and it created a bit of a switch. He had to travel to see me for the weekends at camp," said Mrs. Runyan.

They were married in 1954, and enrolled in the University together in 1957.

"When we decided to go to school, we checked on Idaho and found it ranked very high academically and wasn't overly large," said Runyan, who will work toward a master's degree in bacteriology next year.

If the proper breaks fall into place, both hope to study toward doctorate degrees.

Moe Will Attend NSA Convention

Executive Board member Bob Moe, Gault, was selected Tuesday evening to be Idaho's delegate to the NSA national convention in August.

The convention, including delegates from many US colleges will be held in Minneapolis, starting Aug. 24.

Rumors Fly Concerning Idaho Head Hoop Coach

There was speculation on the Idaho campus last night that the Vandals' head basketball coach, Dave Strack, may resign his position to accept the top mentor spot at the University of Michigan, his alma-mater.

Bill Perigo, Michigan's coach during the 1959-60 season, resigned last week.

When contacted about the rumor, Coach Strack said:

"Yes, I am interested in the position and officials at that school have contacted me concerning the job."

He added that nothing officially had taken place as far as he knew. Strack, one of the most promising coaches in Idaho's history, is also one of the youngest. This year he netted a 11-15 record, the same as that earned by the 1958-59 hoops squad. At the same time, he brought the team out of a long spell of doldrums and had coaches around the Northwest discussing his accomplishments.

The 36-year-old coach was hired last spring to replace Harlan Hodges.

If a resignation does materialize, there is a possibility that "Slippery" Joe Cipriano, 29, freshman basketball coach at the University of Washington, may be a top contender for the job.

Cipriano is a former basketball star for the Washington Huskies.

There have been four resignations in Idaho's athletic circles this year. Athletic Director Bob Gibb will leave his post effective July 1. Already gone are R. V. Johnson, football end coach, and Donald Swartz, line coach. Ed Knecht, backfield coach, leaves following the completion of spring football practice Saturday.

Sloan will be one of the architects representing the American profession at the conference to study the problems of mass housing. He will leave New York in June with his family and return in September. The studies are under the auspices of the Association of American Nations.

Sloan is a graduate of Rensselaer Polytechnic Institute and has been teaching at Idaho since 1955 in the department of art and architecture. He will receive a master degree in city planning from Yale in 1961, and return to Idaho to resume teaching duties.

Mortar Board Initiates Ten

Ten junior women were formally initiated into Mortar Board Monday evening at the home of Mr. and Mrs. Hall MacKlein, head of the Music Department.

The new members are Connie Block, Tri Delt; Judy Bracken, Gamma Phi; Marlys Hughes, Alpha Chi; Carolyn Kudlac, Pi Phi; Marilyn Martin, DG; Liz Misner, Alpha Gamma; Beverly Paul, Fornery; Karen Stedfeld, Lorna Woolf, and Ann Irwin, Kappa.

Officers for 1960-61 were elected with Liz Misner, president; Judy Bracken, vice president; Beverly Paul, secretary; Karen Stedfeld, treasurer; Marilyn Martin, historian; and Ann Irwin, song leader.

Mrs. Hall MacKlein was elected as the new advisor to assist Mrs. Edgar Grahn.

Young Demos Elect Officers

Young Democrats of the University elected 1960-61 officers recently.

The officers are: Alfred Thierme, Jr., off campus, president; Duane Little, Gault Hall, vice president; Ginger Norwood, Tri Delt, secretary; Jim Lyons, Sigma Chi, treasurer; and Franklin Doolittle, Gault, State Committeeman.

The U. of I. Young Democrats are planning a program of continuing to bring both local and state Political leaders on campus to acquaint the student body with the issues involved in our government.

Fellowship Is Given To Sloan

William P. Sloan, assistant professor of architecture at the University on leave for graduate study at Yale university, has been awarded a 1960 summer research fellowship to the Inter-American Housing and Planning center, Bogota, Columbia, it was learned today.

Sloan will be one of the architects representing the American profession at the conference to study the problems of mass housing. He will leave New York in June with his family and return in September. The studies are under the auspices of the Association of American Nations.

Sloan is a graduate of Rensselaer Polytechnic Institute and has been teaching at Idaho since 1955 in the department of art and architecture. He will receive a master degree in city planning from Yale in 1961, and return to Idaho to resume teaching duties.

Recital To Star Singer Sunday

The Department of Music will present Joan Ward, Kappa, alto, in Senior Recital Sunday at 4 p.m. in the Recital Hall.

Miss Ward will be assisted by Barry Binning, tenor, off-campus; Judith Merinau, pianist, off-campus, and Georgie Hansen, pianist, off-campus.

The program includes selections from Handel, Bach, Endicott, Puccini and Gretchaninoff to be sung by Binning.

Miss Ward will sing, "Le Charme" by Chausson; "Le Berceaux" by Faure; "Psyche" by Paladilhe; "Mon coeur souvre a ta voix" from "Samson and Delilah" by St. Saens.

A male quartet assisting Miss Ward in the Brahms selection "Rhapsodie 'Aber abseits wer ist's'" is comprised of Golden Arrington, off-campus and Ardell Shockley, LDS, tenors; John Eunsusa, Sigma Chi, and Gary Keyser, Shoup, baritones.

The program concludes with a duet "Home to our mountains," from Verdi's "Il Travatore" sung by Miss Ward and Mr. Binning.

Khrushchev's Talk Might Be Acting

By LEE TOWNSEND
Argonaut Staff Writer

Russian Premier Nikita Khrushchev's two hours and twenty minutes of angry tirading against the West in Paris Wednesday afternoon may not have been anything more than play-acting. Dr. Alfred Bowers, associate professor of anthropology and sociology said yesterday.

Bowers, who has done intensive study in the Russian language in preparation for a 1961 trip to Russia, said a combination of little incidents on the television account convinces him Khrushchev's emotions were probably false.

"Khrushchev's language was not at all scholarly," Bowers explained, "and he was always using the word 'I in his threats.'"

"The American interpreters, however, dressed up the language, and softened it in many cases by substituting 'we, the Russian people,' and the Russian government," so that the effect in English and French was quite different than Khrushchev's guttural Russian."

"Khrushchev was very expressive, but in a form that can be picked up in any Russian alley or street corner, and used effectively in any common brawl."

Bowers also pointed out that Khrushchev's facial expression was as changeable as his mood.

"At one instant he would be delivering a scathing storm of insults in a facial frame that depicted extreme anger, and then soften completely and say, 'That reminds me of a cat we had once.'"

Bowers said the facial expression of his associates, when Khrushchev was storming, were fixed in cold, set smiles or stares, but when they were conferring their faces changed completely as they broke their roles. When Mr. K. began again, they fixed their faces again.

When Khrushchev was discussing the cat, Bowers said, the interpreters spoke of pushing its nose into some sour cream, "but Khrushchev, in Russian, told of literally tearing that cat apart."

PRESENT BOOKSTORE — A familiar sight to Idaho students, the bookstore is pictured just prior to its initial opening in its present position some ten years ago.

UNIVERSITY STUDENT BOOKSTORE

Statement of Operations
For the Year Ended June 30, 1959

	Total	Books	Student Supplies

Net Bookstore Earnings	\$ 22,410.60		

The Bookstore

Profits And Where They Go

(Second of a three-part series.)
Chester Kerr is a short, stocky man with a quick business mind. He can rattle off the prices of books or supplies in much the same way as an adding machine operates.

In the 17 years that he has managed the University Bookstore, he has seen this business go from a meager, struggling operation to one that recently grossed \$278,972.89 in one fiscal year alone.

During a recent Argonaut interview, he compared coast bookstores and mentioned the difference in price of a slide rule at Idaho and neighboring schools.

"Go out and price a slide rule," Kerr said, "that is required of most students in the engineering school. You'll find that one we have on our shelves is \$23.50 here, while it sells for \$26.50 in most other places."

Broad Knowledge

Kerr then continued to rattle off a string of figures that indicated his broad knowledge of the store's operation and income.

He discussed the patronage refund system of other Northwestern bookstores and indicated he considered Idaho's operation superior.

The patronage system, in use at Oregon State College, the University of Oregon, and Washington, gives back a certain percentage of book fees to a student at the end of a school year.

Kerr stated that the average student would get about \$2.40 back if he saved his sales slips. Then he quickly added that about 30 percent of the tickets are lost.

Operation costs would have to be increased here due to a need for a larger staff to handle such a program. At the moment, there are five full-time employees, including Kerr himself. During the rush season, clerks number 18.

At Washington State another system is in effect whereby the student is given a five per cent discount on all but fair-trade items. In other words, a \$10 book would cost \$9.50 at the Pullman school.

Kerr explained that WSU has an advantage in that the bookstore there has a larger assortment of items to retail and also owns its own building. The Bookstore at Idaho pays \$15,000 a year rent and faces too much competition from downtown to expand its services.

CHESTER KERR
He Knows His Business

In answer to the oft-asked question: "Where are the profits distributed," Kerr released the following information on a profit and loss statement:

In the 1957-58 fiscal year, the Bookstore netted \$22,090.64. The Idaho Club parking lot and the planning and construction of a new Home Management House took the lion's share of the profits.

The parking lot, constructed after the men's dormitory was razed, received \$9,688 and the home eco-

nomics project took \$10,444.64. Other distribution of funds included \$1,000 for scholarship and \$958 for the Student Loan Fund.

Kerr also readily showed Argonaut reporters figures of profit and loss from other former years.

In 1955-56, the Bookstore made a profit of \$12,572.62. Of this money, \$1,000 went to an endowment fund, another \$1,000 went to teachers' scholarship, \$1,200 went to a Student Union Building brochure, and \$9,372.62 went to "miscellaneous, special projects."

The profit in 1956-57 leaped to \$21,947.09. That year \$1,000 was laid aside for scholarships, another \$1,000 went to an elementary teacher scholarship, \$1,200 was used for another SUB brochure, \$9,300 went to SUB renovating, \$2,000 was spent for general brochures, and \$7,447.09 went to the University Loan Fund.

Space Only

The Bookstore manager went on to emphasize that the firm is in no way connected with the Associated Students of the University of Idaho or the Student Union except that it rents the SUB space.

He said the store is run under the direct supervision of the University administration and no part of the profits are directed to the ASUI directly.

Employees are hired indirectly by the administration and the manager is directly responsible to the administration.

Discussing the book buying policy of the University Bookstore, Kerr agreed to run an advertisement in the Argonaut explaining the firm's position fully. That advertisement appears in today's paper.

(Next Tuesday: The future of the Bookstore. Improvement's foreseen in the operation and physical plant.)

Do You Think for Yourself?

(PUT THIS QUIZ IN YOUR THINK-TANK AND SEE WHAT DEVELOPS*)

IF YOU HAD to write the advertising for a small car, would you say, (A) "Hard to get into? Man, you don't get into it at all—you put it on!" Or, (B) "You can park it on a dime—in fact, with most meters you can park two on a dime." Or, (C) "Gives you more miles to the gallon because the gauge is set for Imperial gallons."

FOR A NEW frying pan, would your advertising say, (A) "Cooks pancakes in no time flat!" Or, (B) "Made of a new metal that distributes the heat evenly all over." Or, (C) "Folks, it's made by us folks who love to make folks fryin' pans fer good ol' folksy fried mush."

Thinking men and women know Viceroy does the job of smoothing the smoke without killing the taste—gives you a scientific filter design for the smooth taste a smoking man wants. Yes, Viceroy is the thinking man's choice. Viceroy Filters... has a smoking man's taste. Find it out for yourself. Try Viceroy!

*If you have picked (B) in these questions—you think for yourself!

TO ADVERTISE a filter cigarette, would you tell customers, (A) "Pay no attention to the filter, it's the strong taste that counts—and it sure is strong!" Or, (B) "Make up your own mind about what you want in a filter cigarette—then choose the brand that gives it to you." Or, (C) "That weak, thin taste you get tells you our cigarette has a tight, wadded-up filter."

YOU'RE SELLING a trip around the world. Would you say in your ads, (A) "Get into orbit, man!" Or, (B) "See people who look as crazy to you as you do to them." Or, (C) "Go now—Pop will pay later."

THE MAN WHO THINKS FOR HIMSELF USUALLY CHOOSES VICEROY
A Thinking Man's Choice—Viceroy Filters
... HAS A SMOKING MAN'S TASTE!

DON ERICKSON LOOKS AT LIFE

LIFE does a big job picturing life in this world of ours as it happens every week. This week had quite a variety of true life events. Take a few: life in a submerged submarine for 87 days; the life of triplets named Tom, Dick and Harry; the life of a young, frisky, colt; and life on a wooden leg. "How do I fit into life, especially the week before final exams begin?" you ask. To tell the truth, LIFE's articles probably won't help on any of your finals, but one in particular might mark you as completely fashionable at year-end formal functions. For example:

Put a Puff in Your Pocket

Did you know that a man is becoming known by the way he tucks his handkerchief into his suit pocket? It may be a trivial item to some people, but men's styles do change, you know. LIFE has picture proof that most men aren't up to-date on hanky styles, such as Frank Sinatra, Harry Truman, bridegroom Armstrong-Jones, General MacArthur and Billy Graham. They all wear their handkerchiefs straight across in what is called the TV square because it originated in Hollywood. Even more out of date is the geometrically-perfect four pointer fold. More acceptable is the revived small point because it does not look too studied. Most desired, however, is the "relaxed and insouciant" informal puff, which is just what it says it is — an unplanned puff of hanky. LIFE gives complete instructions on how to carefully form this careless puff as well as the small triangle. On pages 119-126, if you please. (Most Idaho pros, if you notice, don't wear a hanky at all, but rather stuff their suit pockets full of pencils — red ones.)

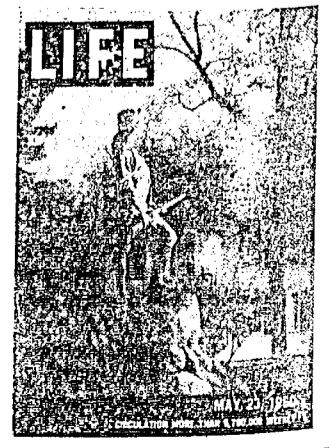

Unequal Equilibrium

What do I mean, life on a wooden leg? Well, he's not L'il Abner but he is related. Cartoonist Al Capp lost his left leg at the thigh at the age of 9 when he hopped off an ice cart in front of a trolley car. Since then he's been hobbling his way through life — and making a success of it, by the way. LIFE's article, "My Well-balanced Life on a Wooden Leg," was written by Capp himself. What was a well-balanced man, he thought, turned out to be slightly unbalanced when he recently got a new wooden leg and found that the left leg on all his trousers was too short because his old wooden limb had worn down over the years without his noticing it. He now has a complete new wardrobe. Colored with his own drawings, the whole article is a sidesplitter. It's even better than his comic strips, because the humor is really his "own" this time.

Where Are We Going And Why?

The spying profession has a long and slightly dishonest history. These days, spying "is a distasteful but vital necessity," to quote Ike from LIFE. Besides interpreting the whole wave of recent events, the magazine dug into the lives of previous famous and infamous spies this week to gain perspective on the U-2 incident which kicked up a blustering storm of charges and countercharges to split the two-way track to the summit conference. A LIFE photographer even got photos of Mr. K. opening the Moscow exhibit of pilot Powers' plane wreckage. By now public opinion has seemed to turn against the chubby little man from the other Moscow.

To look deeper at the problems of our time, glance at the opening article in LIFE's new series debating "The National Purpose." The minuteman on the cover symbolizes the first article, illustrated in color, which relates our history to the decisions we must face today. There are four more articles to come, written by eight different eminent Americans on whether the U.S. needs a stated national purpose, and if so, what it should be. These men will certainly have their own opinions. I'll have mine, too, next week.

Calendar Includes Picnics, Cruises

By CHARLENE PETERS
Argonaut Women's Writer

Many Campus Chest exchanges, picnics and cruises, and more elections kept campus living groups hopping this past week.

The ALPHA GAMMA DELTAS held the Campus Chest exchange with McConnell Hall with a picnic at Lake Chatcolet last Sunday. A picnic exchange was also held with FarmHouse Monday night.

Sorrow and mourning have reigned at the SAE house this past week after the announcement of the passing of Patty Murphy. Sleepy seniors were awake early last Saturday morning by the Little Sisters of Minerva for the annual senior breakfast given in their honor. "Chub" Anderson took over the gavel of president Sunday from Jack Lictner at the installation of officers. Wednesday the house was left in chaos when the hashers took their sneak. According to tradition, the seniors served the meal and did the dishes. Recent dinner guests were Bob Rice and Dave Primus, Genesee.

Elections were held Monday evening at the KAPPA SIG house. Lee Townsend was named leader of the Gamma Theta chapter for the fall semester. Other officers are Pat Townsend, vice-president; Roger Barr, pledge trainer; Bob Quessel, secretary; and Jim Rogers, treasurer.

Big sisters were presented paddles and satirical review of pledge life by their little sisters at a recent fireside at the DELTA GAMMA house. Early Monday morning, a perfect senior attendance was ruined by Irene Scott who fled from the annual senior tubbing. However, that evening she was recognized as Delta Gamma of the Year at the Senior banquet. Wednesday, the WSU chapter served an evening dessert. The Campus Chest exchange was held with the Sigma Nus Saturday with the theme of Spanish Fiasco.

Election of officers was held at UPHAM HALL Tuesday noon, with the following elected: Jim Storms, president; Conrad Bietz, vice-president; Cecil Stellyes, secretary; Eldon Taylor, treasurer; Bill Fletcher, sergeant at arms; and Rocky Taylor, intramural manager. Dr. Elwin Schwartz spoke Wednesday after dinner.

FARMHOUSE welcomed two new members, Doug Park and Neil Paulson, and one new associate member, Dr. Parnell, into the fraternity. Dick Hodge was also recently pledged. A Campus Chest exchange steak fry was held with the Tri Deltas last week. Wednesday evening dinner guests were Lynda Brown, Pi Phi, Doris Foul-

hal, Ethel Steel and Phil Edwards, off campus.

A tea was held Sunday afternoon at the ALPHA PHI house for Anne Lyons and LaVonne Tarbox in honor of their senior recitals. Ten Moscow girls were guests at dinner Monday evening. Pledges held their final fireside Wednesday evening and a special fireside was given for the engaged girls the same night. Anne Lyons received the Ivy Bracelet this month for her outstanding work in the house.

Newly elected officers at McConnell Hall are Dave Wallace, president; Phil Jaspers, vice-president; Ron Jones, secretary; Joe Basque, treasurer; Lynn Gunderson, social chairman; and Jim Decko, intramural manager.

The BETAS held their annual Sweetheart Dinner Wednesday evening. Guests at the occasion were Mrs. John Croy, Joan Wallington, Linda Lamb, Kelly Frizzelle, Sandy Byrne, Karen Colner, and Sally Jo Nelson. Dooomsday came early Saturday morning for the Beta seniors as the fresh escorted them to a water-filled mudhole behind the house. Also included in the tubbing were many sophomores and juniors.

The SIGMA NU spring cruise was held last Sunday at Lake Coeur d'Alene, with boating, water skiing, and swimming on the agenda. Sigma Nu alums, Mr. and Mrs. Dick Reed and Mr. and Mrs. Farmer, of WSU, were chaperones. Work was completed this week on the Alum booklet and it was mailed to 760 brothers. Don Sabola, Boise, was a guest last week.

McCarten To Be AICE President

Bob McCarten, Willis Sweet, was elected Wednesday evening as the new president of the student chapter of the American Institute of Chemical Engineers.

Other officers include: Eldon Harwood, Lindley, vice president; and Dave March, Willis Sweet, secretary - treasurer. After the meeting the members traveled to Pullman for a tour of the new nuclear reactor at WSU.

Rings Things

ENGAGEMENTS

KOSANKE - ENGLAND
Rhinstoned pennies on white clouds, with the theme "Penny in Heaven," announced the engagement of Penny Kosanke, Alpha Phi, to Jim England, Gault, at dress dinner Thursday evening.

RADSLIFF - GEHO
Lilacs attached to name cards, portrayed the theme "Love Blooms with Flowers," used by Janey Radsliff, Alpha Phi, to announce her engagement to Carl Geho, Sigma Nu.

PINNING

SIEVERT - ENSUNSA
A meeting was called last Sunday evening at the Pi Phi house to announce the pinning of Sue Sievert to John Ensunsa, Sigma Chi. Sue's theme was "On the First Day of May," and the traditional candle was passed.

Blue Key Has New Officers

During the last meeting of the year this week, members of Blue Key, national upperclassmen's service honorary, elected officers for next year.

Bob Schumaker, off campus, was elected president; and Paul Kroegel, Chrisman, was selected vice-president.

Other officers are Gordon Chester, off campus, secretary; and Dave Trail, Sigma Chi, corresponding secretary.

A vote of thanks was given to outgoing president, Terry White, Fiji, and his officers for this year.

MINER PRESIDENT NAMED

Recently named as president of the student chapter of the Associated Miners was Jim Jenks, off campus. Other officers include James Cornie, off campus, and Gene Henry, Lindley; vice-president and secretary-treasurer, respectively.

Art Students Win Awards

Commercial art students at the University made a clean sweep of regional awards in the fourth annual Collegiate Advertising Art contest.

Richard Jamison, Teke, won a \$100 first prize for his poster designed to stimulate voter turnout during the current presidential year. A record number of 451 entries was received from the Western States in the contest sponsored by the Advertising Association of the West and the Zellerbach Paper company.

Diane Shelton, Alpha Chi, placed second in the contest and won \$50, Bernard Rash, off campus, received the \$25 third prize. Honorable mention went to Marilyn Jane Durose, Alpha Gam. Instructing the class at the University of Idaho is Prof. Alfred Dunn.

The contest theme, "Can Art Make People Vote?" was selected to reach the four out of 10 Americans who failed to vote during the previous national election.

Girls State Will Hold Reunion

A tea and reunion for the girls at the University that attended the Gem State Girls State in the years 1955 and 1956 will be held this Sunday at 2:15 in the South Ballroom of the SUB.

Neal Ward McCowan, DG, Governor of the 1956 Girls State will act as Mistress of Ceremonies. Jeannie Stokes, Theta, will sing as entertainment.

"I would like to have the representatives of each house turn into the ASUI office the number of girls planning to attend as soon as possible," said Coralie Weston, Chairman of reservations.

TO HAVE GEM SENT

All graduating seniors and non-returning students who want the Gem mailed to them next fall must leave an address in the ASUI office immediately. A 50c mailing charge will cover cost.

The Idaho Argonaut

Member Associated Collegiate Press
Official publication of the Associated Students of the University of Idaho issued every Tuesday and Friday of the college year. Entered as second class matter at the post office at Moscow, Idaho.

Degrees To Be Presented Wives

No one goes unrewarded: Putting Husband Through degrees, offered by the Associated Students of the University of Idaho to the wives of graduating seniors, may be obtained by placing of the wife's name at the ASUI office by 5 p.m. today.

The PHT degree originated on the U of I campus in the year of 1946-47 under the direction of Mrs. J. E. Buchanan, wife of the University president; Hyde Jacobs, ASUI president, and Gale Mix, ASUI General Manager.

The program was started right after WW II because of the large number of married students on campus at that time.

"Approximately 100 degrees with the maximum of about 150 have been handed out each year. Since its beginning about 60 universities and colleges have asked about this unique program of honoring the wives," said Gale Mix.

These degrees will be placed inside of the husband's degree that he will receive at the graduation ceremony.

2 Profs Off To Nat'l CPT

Two University professors will take part in national board meetings of the National Congress of Parents and Teachers this week in Philadelphia.

Discussing the theme of strengthening the home as a family assignment for the 1960's will be Professor Leon G. Green, head of the physical education department, and Professor Herson Snyder, director of student teaching.

Green is recreation chairman on the board of directors and Snyder is state president of the Congress of Parents and Teachers.

Church Groups Plan Visit To Children's Home, Picnic

Discussions, a visit to Saint Joseph's Children's Home, and a picnic are planned by the church groups to bring the school year to a close.

CANTERBURY CLUB
Sunday at 6 p.m. the Canterburyans will gather for their final meeting of the spring semester. Weather permitting, a picnic supper will be served on the vicarage lawn. The Rev. David W. Gordon, Secretary for College, Work of the Episcopal Church for the 15th Province will be on campus today. During his visit he will have an opportunity to meet with the other Directors of Religious Education and to observe the work at Idaho Canterbury.

NEWMAN CLUB
This Sunday the Newman Club is planning a visit to St. Joseph's Children's Home. It also is Communion Sunday for the club at the 9:30 Mass, after which coffee and rolls will be served and cars will leave for the children's home.

WESLEY FOUNDATION
Demonstrations for freedom by the people of Turkey have made headlines in the news the past few weeks. These and other recent events will be discussed by Mr. Huseyin Bayturk, a graduate student from Turkey, at the regular meeting of Wesley Foundation.

AIME Schedules Joint Convention

A joint convention with the WSU chapter of American Industrial and Metallurgical Engineers will be held today starting at 3 p.m. in the Borah Theater when papers will be presented from Idaho and WSU.

A banquet will follow at the New Idaho Hotel at 6:30 p.m. and gifts will be presented to the authors of the papers by a head of the northwest AIME.

Beauty Tips
from ME to YOU
By ALICE BOSSE

Are your eyeglasses a problem at times? New shapes, new sizes, new colors in eyeglasses and frames make them a charming accessory. Do carry the rouge all the way up to lash line avoid that white look that reflects from glasses. Dot eye shadow on the center of the upper lid close to lashes and fade upward. Keep eyebrows neat. Glasses call attention to the upper part of your face, so be sure your mouth is carefully made-up for balance. Most important of all, have your hair styled with your glasses on so that your hair doesn't crowd your face.

A word on eye-make-up. A beauty expert just back from the Far East says: "All over the Orient, women play up their eyes; they use much more eye make-up than American women and it's effective. They have what we western women lack: more beautiful skin and eyes, better color sense, natural flair for beauty and charm. They acquire that translucent look by using white powder over dark skin. Here we might try a light power over a dark foundation. In India men, women and children use a gray powder on their eyelids to protect them from sun and to increase their beauty. Oriental women also use lots of oils and scents."

Remember... choosing the right Beauty Operator is one of the most important steps of flattering and glorifying the NEW YOU! Glamour and charm are our Stock in trade.

LAST GAMES — First baseman Ferm Pasold, who has guarded the initial sack for the Vandals a good portion of this season, will see his last varsity action today and tomorrow, when Idaho meets the Washington State Cougars in concluding Northern Division play.

Baseball Squad Will End Season Against Cougars

The Vandals enter their final series of play against Washington State this afternoon and tomorrow hoping for wins 20 and 21. The first game starts at 3 p.m. today in Pullman and the second is at 11 a.m. tomorrow at Neale Stadium.

Ferm Pasold, Larry Hattermer, Jack Bloom, and Ralph Hatch will end their college baseball careers in the final tests against the Cougars.

Steve Hinckley will start on the mound in the first tussle against the Cougars and tomorrow's chucker is yet to be named, though Pat Townsend or Darrell Woofier is expected to get the nod.

Montee vs. Hinckley
Dick Montee will face Hinckley and Ellwood Hahn will start for the Cougars in the second game.

"Though it has been disappointing at times when we have lost, I have been really pleased with the team this season," Coach Wayne Anderson commented yesterday.

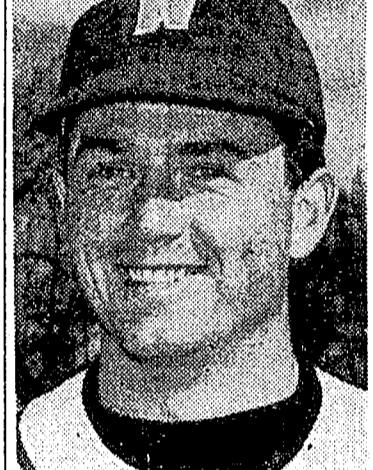

The Vandals to date have a 19-13 season record. The Idaho nine compiled a 16-2 pre-season record, and at present time are 3-11 in Northern Division play.

According to Anderson the Vandals have had trouble "hitting in the clutch" and have been leaving needed runs on base.

Washington State has a perfect record over Idaho this season. The Cougars first defeated the Vandals 18-1 in the pre-season Banana Belt Tournament, March 25.

The Vandals were the Cougars' prey twice May 2-3, falling 4-3 and 6-3.

In the 4-3 decision the Vandals led 3-1 going into the bottom of the ninth inning before falling before a WSU barrage. In the second the Cougars scored six runs in the final frame to win.

DICK MONTEE

Varsity-Alumni To Knock Heads Tomorrow

Teams Ready For Rugged Test Of Gridiron Power

Some old and not so old soldiers will be out to prove they're not dead tomorrow, against a beefy Idaho varsity football team.

The old soldiers, Vandal alumni, will go against the 1960 varsity of coach Skip Stahley tomorrow at 2:30 p.m. at Neale Stadium.

Backed by a giant line including pro football stars Wayne Walker and Jerry Kramer, the alumni will try to make it two wins in a row in the annual game. They won last year, 16-6.

But Stahley, who has much more depth and apparently more quality this season, expects the varsity to put up a much stronger show this time.

Early estimates were that if good weather holds, a crowd of about 5,000 will watch the tussle. Admission is 50 cents for University students.

Wade Patterson and Steve Symms, in charge of game arrangements, said that head alumni coach Ron McDonald of Coeur d'Alene and his honorary coaching staff, were planning some surprises.

That could include some of the formations and plays which made the Idaho team go in the past. On hand will be at least one old passing-catching combination, quarterback George Eidam and end Frank Teverbaugh, who hooked up to help beat WSC in 1954.

Co-captaining the old grads will be offensive guard Karl Kilsgaard, one of the Vandals' all-time great linemen, and quarterback Billy Williams, a little fellow who was the star of an upset win over Stanford in 1947. Williams is now a judge at Spokane. Both played in the East-West Shrine game, as did Walker and Kramer.

The alumni line will average a whopping 235 pounds per man, and according to early reports, most of it isn't fat. It likely will be the heaviest team ever to play in Neale Stadium.

Spearheading the club will be such other past Vandal favorites as Burdette Hess, Ed Lodge, Jim Hammond, Jim Norton, Jim Prestel, Wilbur Gary, Marsh Jones, Chuck Fries, Stan Fanning and John Rousso.

The varsity, with new men at almost every position, is virtually an unknown quality, but Stahley has indicated that it should be one of the best Vandal squads in several years.

Half-time show at the battle will be a sky-diving act put on 10,000 feet over the Stadium by the Moscow Parachute Club.

Divers Jim Doll, Bill Thompson and Woody Spence, all Kappa Sigs, and Ron Pettis, off campus, will perform free falls to a height of 1-2,000 feet.

Also on the half-time program is the Angus-Scot bagpipe band of Spokane and Coeur d'Alene, the University Vandalettes and the Idaho band.

Delta Tau Delta, riding home behind defending campus horse-shoes champion Dick Rene's finals win, has gone ahead of Lindley Hall in the intramural points race with two important sports still undecided.

Tomorrow's intramural track meet, set to go at 8:15 a.m. for all field events and the first running event, will go a long way toward deciding the campus points champion.

Track, worth two hundred points, and baseball, also worth two hundred, will make or break front-running Delta Tau Delta and their close-pursuing rival, Lindley Hall.

The Deltas moved 22.5 tallies in front of Lindley with golf points computations, and will pick up at least twenty more over the hall group with horsehoes points added in. Lindley finished in a tie for 13th in horsehoes, the Deltas finished first.

Softball is still undecided however, and a slip by the Greek group in track, coupled with a maximum-points finish by Lindley in softball, could give Lindley their second points title.

SAEs Out
Third running Sigma Alpha Epsilon, back 60 points behind the Deltas, is considered out of the points race for all practical purposes.

Rene clinched his second horsehoes crown for the Deltas, and picked up the full 100 points for his team in downing Butch Marra, Phi Delta, 11-21, 22-8, 21-10 Tuesday. His opening frame loss was his first of the year.

In baseball action, Gault Hall downed Lindley Hall to vault into a first place tie in League III with Chrisman Hall. League II also went into a first place tie, with Alpha Tau Omega matching wondrous records with Sigma Chi.

Willis Sweet 2 won league IV, to join unbeaten Delta Chi, league I winner, on the winners' rostrum.

Gault and Chrisman played off their tie last night, too late for press coverage. ATO and Sigma Chi meet this afternoon to decide the other league winner.

Game Will Have Cheering Section
An organized cheering section for tomorrow's Alumni-Varsity football game will be held, said Jerry Garthe, ATO, Yell King, yesterday.

It will be held in the middle of the student section of the bleachers.

Delta Tau Delta, riding home behind defending campus horse-shoes champion Dick Rene's finals win, has gone ahead of Lindley Hall in the intramural points race with two important sports still undecided.

Tomorrow's intramural track meet, set to go at 8:15 a.m. for all field events and the first running event, will go a long way toward deciding the campus points champion.

Modie's Ace Indication Golfers Could Take ND

By DWIGHT CHAPIN
Argonaut Associate Editor

Some men play golf for a lifetime and never can get the round ball in the round cup for a hole in one.

An "ace," as it is called among the guys who inhabit the links, is hard to come by, even for the most seasoned amateur or professional. It takes skill and more than a little luck.

That's why Don Modie, needless to say, was an extremely happy young man when he shot a hole in one against WSU here recently to help the Vandals beat the Cougars.

Modie carded the gem on the number two hole, a par three 160-yarder, and no one was more surprised than he when he got it.

Thought He'd Missed
"A couple of guys I was playing with thought I had it, but I figured it was over the green," Modie said.

But when he found he had it, Modie didn't want to throw the ball out of the cup and try it again. Modie himself had just one word for it: "lucky."

Luck did enter into it, but Modie certainly has more than a fair amount of skill, too, and for that reason we asked him his views on the upcoming Northern Division golf championships at Corvallis, Ore., this weekend.

The Vandal golf team, stocked with nine men from the state of Idaho, is tough and experienced and probably will be favored over every other team but Oregon in the meet.

Modie thinks if the Vandals get

any kind of break, they could well overhaul the powerful Oregon squad and take all the marbles. Oregon has been beaten only 4 times in its last 70 matches, but two of these have been to Idaho.

"The Corvallis Country club course might be to our advantage," Modie said. "It's a little longer and has more trees than Idaho's, but is open much like ours."

Oregon, which won the Pacific Coast Conference crown last year and was fourth in the US, has most of its men back and has added some fine sophomores.

One of these, Jerry Cudari, is the squad's number one man. He was Oregon junior champ two years running while in high school. Other top men are Tom Shaw, a long hitter who was runnerup in the PCC meet last year and Keith Gubrud, named to the second team All America last year.

Idaho, which figures to give Oregon the most trouble, is topped by sophomore Gary Floan and Modie. Other top shooters are seniors Dave Smith, Bob Pierce and Al McCown; juniors Ray Kowallis, Norm Johnson and Lynn Hansen and sophomore Robb Smith. The Vandals are balanced and tough.

Oregon State has top shooters in Jack Mattison and Tom Carter, but not too much behind them. OSC, too, however has good squad balance and has the big advantage of playing their home course.

Even Washington State, which appears to have less than the others, boasts a couple of good ones, Denny Duerden and Charlie Gildersleeve.

Patronize Argonaut Advertisers

Tennis Team In ND Final

The Vandal tennis team is in the thick of the Northern Division championships today and tomorrow at Eugene.

Chuck Hervey, Bob Livingston, Bob Hansen, and Allan Sudweeks accompanied coach Frank Young yesterday to the classic.

The tournament will be a single elimination affair with the losers of the first round playing entering a consolation bracket.

Oregon is favored though the Ducks are expected to be pressed by the University of Washington, Oregon State and Washington State also will compete along with Idaho.

Idaho finished its regular schedule losing to Washington State giving the Vandals a 0-9 record for the season.

Book Buying Policy

AN OPEN LETTER TO ALL STUDENTS:
We would like, at this time, to state our book buying policy so it will be fresh in your mind — and our. This procedure is used as the standard buying policy for the majority of bookstores in the United States.

First, let's dispel one apprehension which seems to be prevalent at this season of year. YOU AREN'T GOING TO GET RICH WHEN YOU SELL YOUR BOOKS TO US OR ANYONE ELSE. However there are other compensations. You are going to relieve the freight load home (if you are leaving school), make some used books available for your fellow students next semester — and in the process — acquire some loose change, and perhaps folding money for yourself.

Second, let's classify the books you will have for sale. They will fall into three classes as follows:

Class 1.—Current copyright books, now in use on this campus and which professors have told us they will re-use, and on which our existing stock is inadequate for supplying next semester's classes. We will pay 50% of the new price for books that fall into this class.

Suppose we take an example. Last fall you paid \$6.00 for a new book. It's now worth \$3.00 to us. If you bought the same book used at \$4.50 and it's in sound condition, you also get \$3.00.

Class 2. — Several titles of current copyright books have been dropped on our campus but are still being used on other campuses. Therefore, we allow a used book Jobber to come into our store to buy these books. Obviously these firms must buy books at a low enough figure to cover shipping charges, warehouse costs, salesmen's salaries, traveling expense, and the possibility of a title going "sour" on his hands. He will pay about 25% of the new price. Thus your \$6.00 book is worth \$1.50. This representative is on campus a few days of each week, and we'll post signs as to when he will be here. He will buy many books that we can't use. There is no profit in this for us. We are doing it to help you.

Class 3. — This class consists of old editions, out of print books, and damaged books. They are of no value to us or to the Jobber, and you had best keep them for your reference shelf.

We hope this letter will explain a few of the complexities of the used book business. We further hope you will sell us a lot of used books to resell to the students on campus next semester, but above all we hope we'll still be friends after you visit our book buying department.

Sincerely,
University Student Bookstore
