I. Freshmen Are People Of Tradition

How many sophomores could a freshman pull into Paradise Creek, if a freshman could pull sophomores into Paradise Creek?

The answer to this question was rather arbitrarily given Friday afternoon by both sides of the annual undergraduate tug-of-war.

To the tune of cheers, jeers, shouts and hollers by their female counterparts, the frosh and soph men joyously pulled each other into the muddy waters of the hallowed Paradise.

Sophs Tried

The sophs won the first two tries but they conceded to have been doing a little cheating having more than their share of the rope. Divided equally, the rope being equally divided, the frosh easily lived up to their traditional reputation of winning.

At the dance awards were given to the strongest, the most beautiful, and to the most scholarly members of the class of '64.

This contest concluded all of the events of fresh week, with the exception of the dance. (See page 3 for story on dance.)

AND AGAIN — History repeated itself last Friday afternoon, as representatives of the Idaho freshman class dragged their sophomore counterparts through "tempting, warm" Paradise creek. No casualties were reported. (Lloyd Agte photo)

Talent Show Will Be Off Friday Night

Considered by many, Blue Key men all-inclusive, the major social event of the spring extracurricular season, the Blue Key Talent Show roars off the launching pad Friday at 8 p.m. in Memorial Gym.

Tickets are 35 cents apiece and anybody and his brother can come, according to co-chairman Bud MacDougal, Delt. Other co-chairman is Jim Okseno, Beta.

Judging the hour and forty-five minute program will be Hall Macklin, professor and head of music; M/Sgt. Dale X. Coppock, assistant Naval ROTC instructor; and Byron Henry, a Moscow business man.

John Fitzgerald, Delt, and Bonnie Scott, Alpha Gam, will dish out a menu of snappy dialogue and good, clean jokes between the acts. "Jokes that even your Mother-in-Law would find amusing," as one Blue Key man laughingly put it.

Thirteen acts are scheduled for the show, and an addition has come along in the person of the "Kappa Sig Trio," also winners from last year's show. Members of the trio, which will perform along with Shirley Mitchell, the Gamma Phi, and Sue Seivert-Chub Anderson at the intermission prior to announcing the results, are Jon Hollinger, Wayne Iils, and Russ Knopp.

Other integral parts of the Show are Keyman Larry Woodbury, Lindley, in-charge of lights; Bob Dahl, Theta Chi, in charge of properties; Bob Schini, Delt, tickets and invitations; Bob Brown, Beta, trophies and ushers; Larry Hicks, Gault, stage production; Jack Gjording, Sigma Nu, cues; Duane Allred, Delt, co-chairman in charge of houses; Mark Holbrook, Phi Delt, co-chairman in charge of production; and Joe McFarland, who was in charge of auditions, but doesn't do much of anything now.

All the loot collected, a great deal of which is clear profit, goes into the Blue Key General Fund, reputed to be second only to AWS in size.

AWS Rules Viewing Begun By Candidates

Sandy Bacon

LaDessa Rogers

Bacon, Rogers View Rulings In Interviews

Undertaking the most extensive campaign in recent years, Sandy Bacon, DG, and LaDessa Rogers, Kappa, began airing women's rules and other controversial subjects yesterday in their bids for the AWS presidency. Also up for election are secretary, treasurer and May Court members.

Elections are, Thursday from 8:45-4:15 in the Student Union and Administration Building. University women must have AWS cards to vote, according to Margaret Tatko, Gamma Phi, outgoing president. They can be obtained from Miss Tatko or living group presidents.

The runner-up presidential candidate will automatically become vice president.

Other Candidates

Competing for secretary are Judy Conklin, Gamma Phi; Vicki Palmer, DG; and Nancy Vosika, Alpha Phi. Treasurer hopefuls are Barbara Brooks, Pi Phi; Marcy Whitten, Forney; Joy Edwards, Alpha Chi, and Judy Libby, Gamma Phi.

May Court finalists include Susan Rutledge, Kappa; and Celeste Jones, Gamma Phi. Maid of Honor; and Eleanor Unzicker, Alpha Phi and Dianne Heller, Gamma, Page. May Queen is always the outgoing president, according to the AWS constitution.

Begin Visits

The presidential candidates began visits to women's living groups yesterday. They are discussing personal qualifications and answering questions.

Miss Bacon, who has spent four semesters at Idaho, is a sociology and English major. She was freshman class secretary, freshman and sophomore extended boards representative; student recruitment field representative, SRA representative and Campus Chest representative.

Miss Rogers is a second semester junior home economics major. She has been a member of Spurs, Alpha Lambda Delta, AWS Reference Board, and is living group vice president and Phi Upsilon Omicron (home economic honorary) president.

In an Argonaut interview yesterday, Miss Bacon noted that women's rules come before the AWS almost every year. She said the AWS president or vice president should not try to force through her own prejudices, but rather reflect the views of all University women.

"All AWS officers can do is voice the satisfaction or dissatisfaction of University women and work for the reforms suggested by them. But we should never be satisfied with the status quo," Miss Bacon said.

Takes Similar View

Miss Rogers took a similar stand on the rules question, and noted there is always room for change and revision.

"It is necessary to find out how the women involved with the rules feel about changes before any action," she noted.

The two candidates also took similar views of the compulsory freshman study table.

"Some people can't study at study table. In fact it gets to the point that study table is nothing but a confinement," Miss Bacon said.

She added that study table should be something adopted only at the discretion of individual living groups.

Miss Rogers said she felt the time spent by freshmen women on study table is often wasted.

"Comprehensive scholarship programs set up between living groups could be just as effective as the present study table system," she added.

Constitutional Changes

Five constitutional changes on the AWS voting procedure will appear on the ballot, according to Miss Tatko. The most important one provides that only the two candidates receiving the most primary votes can run in the general election, she said.

15th High School J Confab This Week; 325 Expected

By NEIL MODIE
Argonaut Assistant News Editor
Some 325 budding journalists from 33 Idaho high schools will hit the campus Friday and Saturday for the 15th annual High School Journalism Conference.

High school papers and individual writers will be vying for 25 awards to be presented at the final summary session Saturday morning.

Plaques and certificates will be awarded in such categories as overall newspaper competition by classes; competition by newspaper departments, such as news, sports, and features, and writing contests among individuals.

Among the principal speakers at the conference will be Cedric d'Easum, University extension editor in Boise. A 1930 Idaho graduate and former Argonaut editor, d'Easum is the author of "Fragments of Villainy," a collection of Idaho historical tales. He will talk on feature writing.

Careers in industrial journalism will be the topic of Robert E. Giblen, editorial supervisor for Boeing Airplane Company. A journalism graduate of Marquette University, Giblen supervises Boeing's weekly employee newspaper, in addition to heading the company's industrial communications. University journalism students and service organizations will aid in running the conference. Several University journalists will act as panel members, and Spurs and IKS, sophomore service honoraries, will guide students to the living groups at which they will stay during the conference.

SDX Sponsors
Sigma Delta Chi, men's journalism honorary, will sponsor a talk on investigative reporting by Sam H. Day, news editor for the Lewiston Morning Tribune, whose investigative reporting has revealed the inadequacy of Idaho's institutions for children.

Betty Penon, women's editor of the Boise Statesman, and Dr. Gladys Bellinger, head of the Home Economics Department, will talk on "Writing for the Family." Hostesses for the talk will be members of Theta Sigma Phi, women's journalism honorary.

Dr. Bellinger will also discuss the program of cooperation between journalism and home economics. This will allow coeds majoring in one of the two fields to take a minor in the other field to prepare them for writing jobs requiring a knowledge of foods, fashions, home and health.

Rafe S. Gibbs, University Director of Information and freelance writer, will join d'Easum in a panel discussion on feature stories. Gibbs will also give the conference's opening talk Friday morning.

The conference will be climaxed Saturday afternoon by a tour of the new Lewiston Morning Tribune building.

Registration will begin Thursday afternoon in the downstairs lobby of the SUB and will continue through Friday morning. The high school students will be housed in campus living groups.

STREAK TO FRY
There will be a Phi Epsilon Kappa evening meeting at 7 in Conference Room B of the SUB tomorrow. Topics of the meeting are the Banquet and the Steak Fry.

Public Lecture To Open Borah March Series

"Europe and the New Nations" and the "East European Revolution" will be the topics presented by noted English scholar Dr. Norman J. G. Pounds in major addresses throughout Idaho as a Borah Foundation lecturer beginning Mar. 27.

Dr. Pounds has been a lecturer in geography at Cambridge and director of studies in geography at Clare college, Christ college and Fitzwilliam House, Cambridge university. During 1949 and 1950, he came to the U.S. as visiting professor of geography at the University of Wisconsin.

In 1958, he was selected Rose Morgan visiting professor at the University of Kansas. A year later, he was chairman of the Institute of East European studies at Indiana University, and is presently a professor of geography there.

To Address Students
Author of many books concerned primarily with the political economic and geographic characteristics in Europe, Dr. Pounds will deliver a public lecture at 11 a.m., Mar. 27, in the Memorial gymnasium.

Later in the day he will meet with the student discussion group. He will address a joint meeting of the Moscow Kiwanis and Rotary clubs at 6:15 p.m.

Spring Started Yesterday Noon

Contrary to student opinion, yesterday was the first day of spring. At approximately 12:32 p.m. the new season began.

Two years ago, the oldtimers note, spring never really got to Moscow as it was cold right up till finals and it snowed the second week in May. To the dismay of certain fraternities their annual spring cruises had to be cancelled.

On the brighter side there is the old saying that March comes in like a lion, but goes out like a lamb — or is it the other way around?

Military Band Plans Concert For Sunday

The ROTC Military Band will give a Sunday afternoon concert at 4 in the Ad Auditorium.

The program will consist of modern numbers interspersed with marches and a novelty number.

The band usually presents a concert with the ROTC choir, but this year each is presenting a separate program.

This concert will conclude the indoor phase of the band's programs. After Sunday the band will start preparing for the annual spring review.

The band is composed of basic cadets from the Air Force and Army ROTC units, and is directed by Phillip Coffman, a graduate student.

SUB Board Petitions Are Due Today

Petitions for positions on Student Union Board must be turned into the Program Director's office in the Student Union before Wednesday. Interviews will be Wednesday and Thursday from 7-9 p.m.

Interested students may obtain petitions and sign up for interview times any time prior to Wednesday, according to Bob Brown, SUB Program Council chairman.

The Student Union Board is a special committee under the University president. It is responsible for all programs and events held in the SUB and the rules and regulations governing use of the building.

Two University Administrators Elected Vice Presidents After Regents Approve

Two key members of the University administration who are graduates of Idaho high schools and the University, will become vice presidents of the institution effective July 1, it was announced today by President D. R. Theophilus, following Regents' approval.

Executive Dean H. Walter Steffens received the title of vice president for academic affairs, and Kenneth A. Dick, comptroller, business manager, bursar and professor, will receive the title of vice president for financial affairs.

Total 62 Years

The two educators have served a total of 62 years at the University of Idaho. Dean Steffens moved to Idaho from Illinois in 1914. A graduate of Blackfoot High School, he received a bachelor of science degree in premedicine from Idaho in 1929, and a M.S. from the University a year later. Steffens joined the Zoology staff at Idaho in 1931. He received the doctorate in zoology from Harvard university in 1940.

Dr. Steffens became head of the biological sciences department and director of premedical studies in 1948, and dean of the graduate school in 1951. In 1953, he became executive dean of the University.

Dick was born in Boise and attended Mountain Home high school. He received a bachelor of science degree in business from Idaho in 1931, and a master's degree in 1938. In 1951, Dick received a master of business administration degree from Stanford University Graduate School of Business. He is also a certified public accountant.

The new vice president for financial affairs and bursar joined the Idaho staff in 1931. After returning from the service as a lieutenant colonel in World War II.

Dean H. Walter Steffens

Kenneth Dick

Little Symphony To Premiere Billingsley's New Composition

The premiere performance of a new composition by Prof. William Billingsley of the Music Department will be included in a concert in the University auditorium tonight at 8 p.m.

The composition, "Tamasha," will be performed by the University Symphony Band under the direction of Warren Bellis.

The concert will also include the debut of the newly-formed University Little Symphony, conducted by LeRoy Bauer.

The Little Symphony is a select group of string and wind instrument players who will perform the much neglected music literature for small chamber orchestra and other instrumental combinations.

Composer Billingsley has been a member of the University faculty the past six years, teaching theory, composition and brass instruments. "Tamasha" has been described as a driving dramatic new work and is dedicated to the University Concert Band and Conductor Bellis.

The concert will open with "Slavonic Folk Suite" by Alfred Reed and Beethoven's sparkling overture to "Egmont" played by the Concert Band. The Little Symphony will play the first movement of Vivaldi's "Concerto for Two Solo Violins and Strings" with Molly Banks and Gay Russell as violin soloists. Barlow's "Winter Past" for oboe and strings will feature Ralph Strobel, oboe soloist. The final orchestra selection will employ strings, woodwinds and horns. It is a suite of "Roumanian Dances" by Bartok.

Dance Humorist Featured In Macabre Concert Show Tomorrow Evening

By GARY RANDALL
Argonaut Editor

Sanity goes dancing out of the window tomorrow night at 8 p.m.,

when Myra Kinch and company present a zany dance revue of satirical comedy entitled "The Light Fantastic."

Acclaimed as "... one of our brightest and most imaginative dancers ..." by the New York Daily News, Miss Kinch will lead a troupe of top flight entertainment onto the Memorial Gymnasium floor for the latest Community Concert offering.

The troupe itself features the dancing art of Gunnar Spencer and Shirley Jensen, backed by Manuel Galea at the piano.

Highlighting the program is a number entitled "Giselle's Revenge," a ghoulis takeoff on the classic ballet story of Giselle.

According to critics the satirical "Revenge" is "already assuming the status of a classic of dance satire." The average audience, that may not be familiar with the "gauzy, graveyard act of the real Giselle" reportedly "laugh their heads off."

Another critic, referring to the featured number, noted that it was "ghoulis," but ghoulis "with the inhibited inventiveness of a true humorist."

The program itself is open to all students without charge, activity cards needed for identification and free admittance.

Critique: Hank 4

Gerald Goodenough walked away completely with the audience and the show in his role of Falstaff, in Friday and Saturday night's performances of Shakespeare's King Henry IV, Part I.

From the minute he was first seen on the stage, he held the audience in captivity. His characterization of a fat old man was so nearly perfect that some people flatly refused to believe that he was actually a young man of average size and weight.

A newcomer to the University stage, Goodenough has shown the signs of becoming a successful actor. It is difficult, to say the least, for an inexperienced person to be able to capture the real humor of Shakespeare and put it across to an audience that is relatively unused to this type of drama.

By doing such a fine job on such a difficult part, actor Goodenough has set an unusually high standard for himself, by which he will be judged in any future drama productions. If he is able to maintain this standard, we expect to see a good deal more of his work in the future.

Shakespeare, in Hamlet-Act III scene II, gave this advice to a troupe of players: "Nor do not saw the air too much with your hand, thus, but use all gently. For in the very torrent, tempest, and, as I may say, whirlwind of passion, you acquire and beget a temperance that may give it smoothness."

It seems to us that Anthony Matson and Clair Little might do well to heed this advice with care.

Matson playing Hotspur, hurt the portrayal of this quick-tempered rebel. He marred the part by displaying the movements of a silent movie hero in the throes of death. How unfortunate it is that an actor should feel that in order to be seen, he must accompany his lines with overdone gestures.

Little did a good job in his comedy scenes as Gadshill, but what happened to his acting when he appeared in the role of The Earl of Douglas? He assumed a very false voice that was much too deep and loud for the audience to understand. By trying too hard to give the impression of a gruff Scottish chieftain, he deprived the audience of some important lines. Little is potentially a fine actor, and with more training he may prove valuable in future productions.

Other than these, and a few other minor instances, the play was a huge success. The costumes were lavish, the sets effective, and the actors convincing.

A special tribute must be paid to Miss Jean Collette, Head of the Drama Department. The average theater goer cannot realize how much the success or failure depends upon the director. It is this person who must help the actor interpret the part, place the cast upon the stage in a pleasing and workable arrangement, and work many long hours after rehearsals trying to work the kinks out of the production.

This person must be willing to devote most her waking hours to the show, put up with flaming tempers of members of the cast, and the only credit or reward that is expected is to hear the applause of the audience during the final curtain, applause that is directed to the actors.

The proof of Collette's ability lies in what the audience saw of the total production on Friday and Saturday nights.

Dr. W. B. Hunter, head of Humanities Department, in commenting on the play, compared it with other theater groups and considers this production superior to work done by such groups as the San Diego Shakespeare Theater: "I certainly enjoyed it."—Skip Jones.

Set Of Resolutions Drawn Up By Young Republican's Club

The University of Idaho Young Republican Club, in order to promote discussion on national issues by the youth of the State of Idaho, and to make clear the stand this organization takes on issues affecting the citizens of Idaho, met Thursday night, March 16, 1961, to draw up a set of Resolutions concerning these issues to present to the students of the University of Idaho and to citizens of Idaho.

Resolved: That 'Senate' Bill Number 194, introduced in the 36th session of the Legislature of the State of Idaho by the Senate Judiciary and Rules Committee and unanimously passed by the Idaho Senate only to die in committee in the Idaho House of Representatives on the final day of the session, be immediately introduced and passed in the 37th session of the legislature to be held in 1963. This bill, often termed the "Little Smith Act," would make it a felony to knowingly advocate or teach the violent overthrow of the government of the State of Idaho and of the government of the United States of America.

Resolved: That the University of Idaho Young Republicans, realizing the value the House Committee on Un-American Activities has been in fighting international Communism, and noting that the committee received an overwhelming endorsement on the House floor of a vote of 412 to 6, supports the committee in its endeavors and encourages those who attempt to impair its activities.

Resolved: That the Republican members of the 87th congress of the United States strengthen their fight to resist the encroachment of creeping socialism in the Federal Government; that the Republican Party continue to press for a decentralized government, placing more responsibility in the hands of the several states as America's founding fathers decreed; that any attempts to recreate the infamous "100 days" be resisted with all Republican forces, regardless of threats and intimidations from the left.

Resolved: That the University of Idaho Young Republicans endorse the stand taken by 326 United States Senators and Representatives, opposing the seating of Communist China in the United Nations, opposing diplomatic recognition of the Chinese Communist regime, and to continue to recognize Nationalist China as the only true representative government of the Chinese people.

Also we hold in high esteem the work done by "The Committee of One Million (Against the Admission of Communist China to the United Nations)" which has on its steering committee such persons as Sen. Paul H. Douglas, Rep. Walter H. Judd, and Rep. Francis E. Walter.

Resolved: That the United States and the United Nations continue to recognize the regime of Congolese President Kasavubu as the only legitimate regime in the Republic of the Congo; that the new anti-communist alliance under President Kasavubu be supported in their efforts to maintain order; that the outlaw pro-communist regimes in Oriental and Kivu provinces be branded as such and an immediate investigation begun of atrocities committed in these areas.

Resolved: That the United States and the United Nations press for a free United Kingdom of Laos, realizing that the communist rebels are a distinct minority, have no claim to any of Laos and are violating the principles of the South East Asia Treaty organization.

The Young Republicans of the University of Idaho respectfully present these resolutions and urge the State of Idaho Young Republican organization, the State of Idaho Republican Party and honest, right-thinking Americans everywhere to consider them in the wave of communist advances and subversion as aided by creeping policies in this great United States of America.

Lon Woodbury, President U. of I. Young Republicans

Research Halted; Sighs Are Heard

Loads seem to be out of season. A University Research project called "The Use of Idaho Toads for Assay of Mammalian Antidote Hormone" has come to a screeching halt.

Explained the March 17 Staff Letter sadly, "Work on this project must be halted until more toads can be obtained in the field season."

But every toad from here to Idaho Falls is breathing a sigh of relief.

Lough To Talk To Democrats

Harold Lough, Democratic state senator from Latah County will be on the University campus tonight at 7, to address the University Young Democrats.

Senator Lough, a veteran legislator and strong supporter of the University of Idaho, will discuss some of the legislation accomplished by the 1961 Legislature.

The meeting will be held in the Pine Room. A business meeting and election of new officers will follow the address.

HERE'S MORE ABOUT—Two University

He became associate bursar in 1945 and a year later, business manager, comptroller and professor. He is past president of the Western Association of College and University Business Officers and is currently secretary of the National Association.

Others

Other new appointments made by the Board of Regents include the naming of Blaine Linford as extension agricultural agent for Fremont county. Cecelia Montoya is the new home demonstration agent for Boundary county, replacing Gloria H. Johnson who has become assistant state 4-H club leader.

Advancing from acting assistant professor to assistant professor of chemistry was Jeanne M. Shreeve, who completed work for a Ph.D., making her eligible for full status.

THURSDAY

Vandal Flying Club, 7 p.m., see SUB Board for room.

Pi Phi Sponsor Summer Courses

Courses in weaving, enameling, jewelry, pottery, design appreciation, and recreational crafts are being offered, both for college credit and non-credit, June 12-July 18 in Gatlinburg, Tennessee, according to Ginger Cottier, president of Idaho Alpha chapter of Pi Beta Phi.

The craft courses, sponsored by Pi Beta Phi and the University of Tennessee, will be given in Gatlinburg at the seventeenth annual Craft Workshop. Graduate and undergraduate credit is granted through the extension department of the University. Students may attend for the full or half sessions. Room and board accommodations are available at the Pi Beta Phi Settlement School in the Great Smoky Mountains.

Further information on the Craft Workshop may be obtained by writing to: Marion W. Mueller, Director, Pi Beta Phi Settlement School, Gatlinburg, Tennessee.

FUND IS UP

"The Phi Kappa Xi fund is increasing rapidly," said the Grande Vizir yesterday. He added that the \$45 collected from cowed initiates will be used to buy enough Ry-Crisp and illicit liquors to keep the boys happy until they get to Ft. Lauderdale, site of their annual convention.

Students Win GM Awards

Five General Motors Corporation scholarships ranging from \$200 to \$2,000 have been awarded to University of Idaho students.

Recipients of the awards for exceptional intellectual promise and high leadership potential are Kristeen Allen, Ethel Steel; William Ballantyne, Phi Delta; Donald Duncan, off campus; Rowena Elkum, and Karen Stedfield, Kappa.

Dear Jason

Liberals Hit

Dear Jason,

Well, well, the liberal element has struck again. I am amazed at the people this campus produces notably those such as Robert Hanson and Bill Greenwood, as evidenced by the "letters to the editor" column in the March 17th Argonaut.

Okay you liberals, let me ask you a few questions. Why is it "liberalism" is unable to combat communism and in fact, actually sides with it?

Mr. Greenwood, you seem to be unable to stand criticism. Every "liberal" I have talked to is the most one-sided, unthinking person I have ever met. "Liberal" instructors downgrade those who differ with their ideals (if you can be so nice as to call them ideals). I have spent several years studying you so-called "liberals" and can only conclude that when you call yourselves "liberals" you

mean "liberal" in the sense of a spendthrift.

"Scientific socialism" in my book is communism (thank you Mr. Randall) and as a science major, I would like to ask you pseudo-intellectuals just what "scientific socialism" is? Perhaps you people have discovered the natural law as Hitler and Marx thought they had.

If so, let us in on it.

Gary Bennett

Indirection, AAUP Topic Thursday

"Poetic Statement: The Attitude of Indirection" will be the topic of the second talk in the AAUP spring public lecture series Thursday evening.

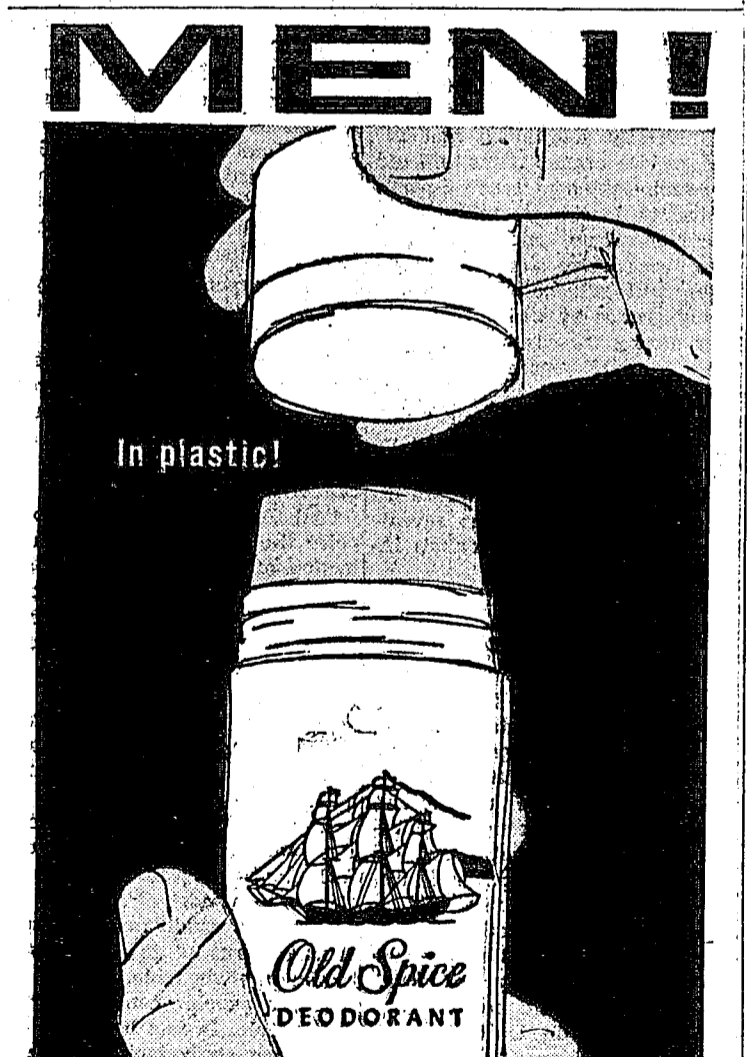

J. Vail Foy, assistant professor of English, will give the talk at 8 p.m. in Room 6 of the Home Economics Building.

Student Days Set Selections Tonight

The selection of the general chairman for New Student Days next fall will be held tonight, according to Gary Carlson, Beta, this year's chairman.

Interviews will be held in Conf. Room D of the SUB from 7:8-8:30 p.m. Interested students are urged to be prepared with a general knowledge of the committee and its function. Selection will be on the basis of interest, demonstrated ability, and knowledge of the committee.

Do all Air Force Officers have Wings?

Decidedly not. In fact most executive jobs are on the ground. Of course, all officers may apply for pilot and navigator training if they meet the eligibility requirements. There will always be a need for piloted aircraft. And it is foreseeable that in your working lifetime, there will be piloted spacecraft—piloted and navigated by Air Force officers.

But right now, there is also a big future for college-trained Air Force officers on the ground. New and exciting technical jobs are opening up. Important administrative positions must be filled as World War II officers move into retirement.

How can you—a college student—become an Air Force officer? First, there's Air Force ROTC. Then for college graduates, men and women in certain fields, there is Officer Training School. The graduate of its three-month course wins a commission as a second lieutenant. Other ways are the Navigator Training program, and the Air Force Academy.

Some benefits that go with being an Air Force officer. Starting salary plus allowances compare with the average in equivalent civilian jobs. Then there's free medical and dental care, thirty-day vacation, the chance to win graduate degrees at Air Force expense, and liberal retirement provisions.

No, Air Force officers do not need wings to move up. There's plenty doing on the ground. Perhaps you could be one of these young executives in blue. Ask your local Air Force Recruiter. Or write, Officer, Career Information, Dept. SC13, Box 7608, Washington 4, D.C., if you want further information about the navigator training or Officer Training School programs.

Phi Taus Note Founding; Spring Dances Make Entry

By BRIDGET BEGLAN Argonaut House Editor

This was a big weekend for most people here at the University. The Betas, Lambda Chi's, Sigma Nu's, and Phi Deltas all had their spring dances and many functions raged throughout the campus as Spring "Green" and lovely weather made a brief entrance on the campus.

ALPHA CHIS HAVE FIRESIDE

A decorated house with a pathway of carnations leading to her throne awaited Judy Samuels when she arrived home Saturday night after being crowned Lambda Chi Crescent Girl.

After songs and presentations, refreshments were served. Ann Marie Roosevelt was chosen Carnation Girl of the month for her outstanding work.

The pledges exchanged with the TKE pledges Wednesday night and this Wednesday night an all-house exchange will be had with the SAE's.

Mrs. Miller and her husband were Sunday's guests. Mrs. Miller was presented with a token of gratitude for her services as chapter advisor, and Camille Shelton entertained.

DELTS INITIATE TWELVE

Sunday morning the ranks of the Shelter became more numerous by the addition of John Robert Towe, Willard McLeen Swenson, John Iverson, Ronald Rand Hillier, Phillip Evan Davies, Barry David Nelson, Fred William Bergeman, Terry Mac Winter, Larry Bruce Miner, Patrick Edward Marcuson, John Thomas Bowen, Jr., and Robert Wise.

The Shelter was once again visited by five mischievous maidens who proceeded to turn off the lights of knowledge. They were found huddled in one of the brother's car and dealt with accordingly. One of the invaders lost two of her claws, but she evened the score a while later in the evening.

KAPPAS SPONSOR STOMP

Wednesday evening a stompin' exchange was held with the Sigma Nu's in honor of St. Pat's Day.

The pledges painted and sound-

proofed the telephone booths for their project last week.

Guests for the weekend were Jeanie Gibb, Boise; Gracie Leonard, ISC; and Mary Tate, The Dalles, Oregon.

PHI TAUS CELEBRATE FOUNDERS' DAY

Sunday, commemorated the founding of the national fraternity. Visitor for this event was Field Secretary Roger Vaughn.

Initiation has been planned and will be held next Saturday night. Rod Steiger, was a guest for Wednesday dinner.

HAYS PLANS DANCE

"A Night In Venice" was the Monday night choice of the girls at Hays for the coming spring dinner dance.

Angela Sherbenou was chosen Elected Girl of the Month at the house meeting Monday.

New S.R.A. Representative for the coming year is Linda Kinney, also a Monday afternoon selection.

Wednesday night a dress dinner, the Rev. John E. Parrott, American Baptist, from Washington, was guest speaker. Time was spent in an interesting question and answer period.

This past weekend Hays had one of the student teachers, Nancy Hagen, back for a few days. Tommy Ponds, Lewiston, was also a weekend guest.

GAMMA PHI'S PREPARE FOR CONFERENCE

Much is being done at the Gamma Phi house for the bi-annual Province Convention which is to be held this year on the Idaho campus March 24 and 25.

An all-house dinner exchange with the SAE's was held Wednesday evening and entertainment was furnished by the Ice-Caps plus a special arrangement of "In

the Still of the Night" by George Volk.

Weekend guests included Pat Ranton from Beaverton, Oregon, and Susan Shelton, Alpha Gamma from the University of Oregon.

Mrs. Yoder, who was up from Nampa visiting daughter Joan, was a dinner guest Sunday along with Gary Gagnon, Warren Martin, and Ron Thurber, all residents of 600 University Avenue.

ETHEL STEEL RECEIVES SERENADE

Sigma Chi's serenaded Ethel Steel to reclaim belongings that disappeared from the Sigma Chi house while the pledges were on their sneak.

Dinner guests were Verla Hartley and Sheila McHargie, both of Rockland, and Sharon Davis, Yakima, Washington.

THETAS HAVE GUESTS

Eleven guests were present at dress dinner Sunday at the Theta house. They included Judy Sharp, Myrna Wills, Margaret Vincent, and Ida LaGrone, Twin Falls; Linda Berg, Lewiston; and Carol Jean Parsons, Coeur d'Alene, all weekend guests; Jody and Dick Reed and family, Moscow, and Ginger Stipic, Spokane.

A St. Patrick's fireside Friday night was highlighted by entertainment, refreshments, and "spontaneous dance numbers."

LAMBDA CHIS BUSY

"Busy" is the word for the Lambda Chis as they reach the end of their week of planning and entertaining for the yearly Crescent Girl dance.

Sunday dinner was in honor of the new Crescent Girl, Judy Samuels, Alpha Chi. Also present were Celeste Jones, past Crescent Girl; Mary Jauragi, Alpha Chi, and Mrs. Frank O. Brock, Troy.

Irish Theme Prevails At 'Irish' Stomp

Frosh Queen

Linda Scoville

Highlighting the frosh "Blarney Ball" Friday night was the crowning of Linda Scoville, Ethel Steele, and Bill Sullivan, Sigma Chi, frosh queen and king.

"They reigned over a slightly un-Irish stomp, in the SUB ballroom which was decorated to carry out the Irish theme. A green and white false ceiling in the SUB ballroom gave a St. Patrick's day atmosphere to the dance.

Queen Finalists

Finalists for frosh queen were: Pat Matheny, Alpha Phi; Bobbie Bartosh, DG; Barbara Clark, Kappa; Lynda Knox, Alpha Chi; and Nadine Naslund, Pi Phi.

Competing for frosh king were: Ron Noble, SAE; Terry Groth, Fijj; Nick Carnefix, Phi Delt; and Phil Reaburger, Sigma Nu.

Master of ceremonies during intermission was Bob Kerbs, SAE. Providing the entertainment was the K-Sig trio, winners in last year's Blue Key talent show.

Chaperones for the dance were Dr. and Mrs. William Hunter, and Major and Mrs. Robert Adams.

The dance was a success with over \$250 being collected from the 109 paying couples.

Chairman for the dance was Bill Frates, Upham. Jan Thompson, Pi Phi, was head of the dance committee.

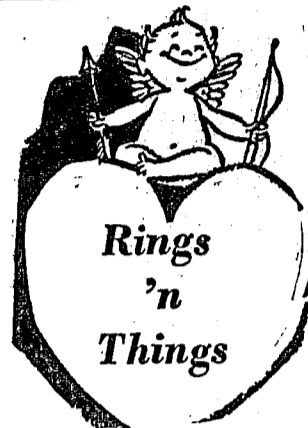

Julie Severn, DG, has in the opinion of the judges, the most beautiful legs of all the frosh women. Bringing home the strongman title was Mike Jordan, TKE.

Receiving awards for having the top grade points in their college were: Jim Olson, Upham, College of Agriculture; Jim Macki, Gault, College of Education; Janice Reiman, Kappa, and Karen Miles, Alpha Chi, College of Letters and Science; Francis Murphy, off-campus, College of Engineering; Warren DePree, off-campus, College of Forestry; and Bob Davis, Beta, College of Business Education.

Frosh King

Bill Sullivan

ENGAGEMENTS

FIFE - CLERY

At Sunday dinner a green tapered candle entwined with ivy and red roses revealed the ring announcing the engagement of Ann Fife, Hays, to Dick Clery, Phi Delt. It was also announced at the Phi Delt Initiation Banquet Sat. evening.

ALLEN - ALEXANDER

Sonia Allen, DG, recently announced her engagement to Bob Alexander, Sigma Chi, at the Delta Gamma house.

PINNINGS

HIMMELSBACH - EKWORTZELL A white candle decorated with a daffodil and yellow ribbon was passed at the Theta house Sat. evening. Lynda Himmelsbach, Theta, blew it out on its second trip around the fireside circle to announce her pinning to Dennis Ekwortzell, Phi Delt.

LEONARD - HERRETT

Gracie Leonard, freshman at the College of Idaho, announced her pinning Saturday night at the Kappa house, to Jim Herrett, Phi Delt.

Students Receive Mine Safety Course

Mining and geology students here received an accelerated course in mine rescue and metal mine accident prevention recently. Instructor for the course was Louis H. McGuire, sub-district supervisor of health and safety for the U. S. Bureau of Mines.

Exhibits Featured At Engineers Ball

The annual Engineers' Ball is slated for March 25 in the SUB ballrooms. The dance, according to Ray George, president of the Associated Engineers, will feature displays of engineering apparatus.

Music will be provided by "The Esquires," doors will open at 8:00 p.m. for a charge of \$1.50 per couple.

Scientists To Visit 29 Idaho High Schools During Month

Twenty-nine Idaho high schools will be visited this month in connection with the Idaho Academy of Science Visiting Scientists program, E. K. Raunio, associate professor chemistry at the University and

Professor Elna Grahn, University of Idaho, at Nampa high school March 15; Professor Jack Dalton, Boise Junior college, at Marsing high school March 15; Dr. Philip Dumas, University of Idaho, at Salmon River high school, Riggs, March 16; Professor Boyd Henry, College of Idaho, at Boise high school March 16; Professor Paul Mann, University of Idaho, at Westside high school, Dayton, March 16; Professor J. T. Norgord, University of Idaho, at Westside high school March 16; Dr. William Saul, Idaho State college, at West Jefferson high school, Terreton, March 17; Dean E. F. Cook, University of Idaho at Plummer high school March 17; Dr. M. K. Brice, Phillips Petroleum, at Hansen high school March 20; Professor Craig MacPhee, University of Idaho; at McCall-Donnelly high school, McCall, March 20.

Dr. Norman Waters, University of Idaho, at Midvale high school March 21; Dr. A. E. Taylor, Idaho State college, at Grace high school March 22; Professor Charles A. Coombes, Idaho State college, at Castleford high school March 22; Dr. Ray J. Davis, Idaho State college, at Bonneville high school, Idaho Falls, March 22; Professor W. R. Parish, University of Idaho, at Bonneville high school March 23; Dr. R. A. Lyman Idaho State college, at Pocatello high school March 26; Professor Dwight Hoff-

Initiation Held By Honorary

Dr. Chester Frisbie, head of the Department of Education and Graduate Studies at Lewis and Clark College of Portland, Ore., was the featured speaker of the Phi Delta Kappa initiation banquet at the New Idaho Hotel last Thursday.

Before the dinner meeting 16 students were initiated: Ace Ballard, ATO; Thomas Accutt and Ronald Juell, both of Shoup; Joseph Bouchard and Gerald Ryan, both of Chrisman; and Gene Gentry, Larry Hathorn, Marlin Hulett, Donald Jeanroy, Paul Kunkel, George McGarry, John Morford, Richard Paul, Lee Shellman, Jerry Tucker and Lyle Webber, all of campus.

WAC OFFICER VISITS

Lt. Anne Hess, WAC Selection Officer, will visit the campus on Friday, March 24. Individuals interested in the WAC program can see Lt. Hess in the lounge, home economics building, from 10:00 a.m. to 3:30 p.m.

Ability Tests Will Be Given To Randomly Selected Seniors

New ability tests to aid in prediction of success and guidance of college upperclassmen will be given to randomly selected seniors at the University of Idaho this week in a standardization program preliminary to publication of the tests.

Some 1,600 seniors in 68 colleges throughout the country will participate in the program designed to determine typical scores for the upper level of the School and College Ability Tests (SCAT). The scores now includes ability tests suitable for use only through the college sophomore year.

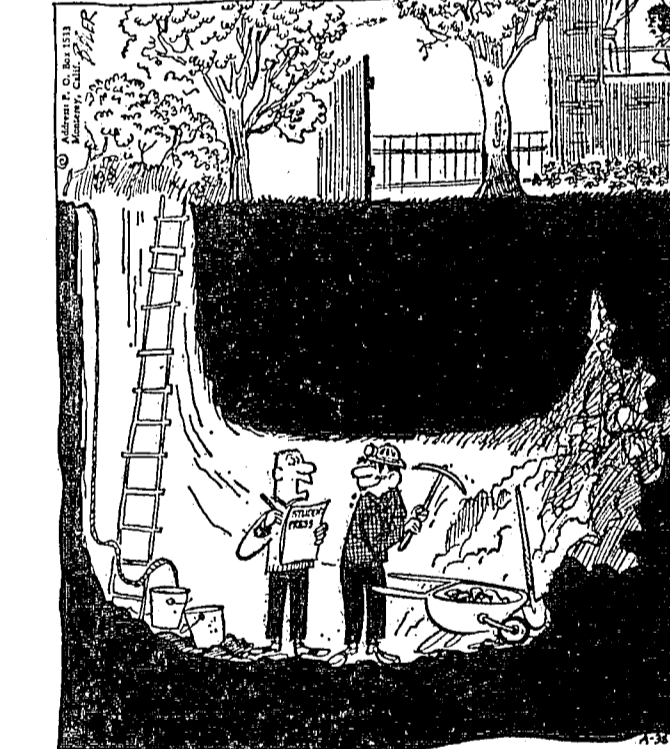

Test scores obtained from the sampling of college seniors will be used to construct comparison guides and other materials which will be published with the new level tests to permit proper interpretation of test scores. Similar samplings of college juniors will be made in the fall of 1961.

The new upper level tests are designed to provide information helpful in predicting academic performance in the college junior and senior years, in determining qualifications of junior college students applying for admission to four-year colleges, and in guiding students toward post-college goals.

The tests, which are scheduled for publication in approximately two years, follow the same content pattern as the present five levels, measuring verbal and quantitative skills.

man, University of Idaho, at St. Maries high school March 28, and Dr. R. A. Helton, University of Idaho, at Pierce high school March 31.

Judy Samuels Crowned Lambda Chi Crescent Girl

The newly crowned Lambda Chi Crescent Girl for 1961 is Judy Samuels, Alpha Chi.

Miss Samuels, a freshman arts major, was vested with the honor at the annual Lambda Chi dinner dance last Saturday evening. She was chosen from a field of five finalists; her court consisted of Jan Johnson, Theta; Julie Gibb, Kappa; Judy Johnson, Gamma Phi, and Jan Gardner, DG.

Miss Samuels succeeds Celeste Jones, Gamma Phi, Crescent Girl of 1960 and reigning Homecoming Queen.

Alums Numerous

Approximately 20 alums were expected to be present at the gala function at the Moscow Elks Temple. Among the honored guests were Kenneth Dick, Idaho bursar; Lee Zimmerman, head librarian; C. C. Cowin, chemistry professor; Bob Hogg and family, Boise; Gordon W. Hauck, and family, Portland; Bill Gnaedinger, Pullman; and Frank O. Brock, Troy.

Bob Sessions, Boise, was guest alum speaker at the banquet; Guy Wicks, associate dean of students, was featured dinner speaker.

Music for the dance was furnished by the "Penthouse Five," along with singer Delance Frank-

Judy Samuels

lin, Lambda Chi senior, who sang during intermission.

Sound Movies, But For Sure

There can be no immediate relief from projection booth racket for back-seat viewers in the Borah Theater.

Charmaine Fitzgerald, SUB program director, explained that viewers must put up with the noise until the new SUB building with new projection equipment is built. Soundproofing of the old projection booth is impossible.

Among many East African tribes, which prize cattle highly, the highest compliment a swain can pay to his maiden is to imply that she is bovine.

Loser Must Pay For 'Found' Items

Lose your head? If it's lost, then you have to pay for it, er—well anyway, any "found" items run in the classified column must be turned into the ASUI office or persons placing the ad will be charged for the ad.

Gale Mix, ASUI general manager, said that persons claiming the article will pay for the cost of the advertising.

Idaho Thinclads Set Five Records At WSU

The Vandal thinclads posted the best single day's performance in the last two seasons at the WSU Indoor Invitational Meet last Saturday.

Idaho trackmen set five of the eight meet records set during the event. The annual meet is in its 19th year.

The Idaho Frosh and Cougbabes meet in their first dual meet of the season Thursday.

All-around athlete Reg Carolan set a record in the 16-pound shot-put with a 54.575 toss. Jerry Kramer, a former Idaho football great had set the old varsity and Idaho University record of 52.4 in 1957.

Big Jump

Freshman Jim Bousquet from Spokane won three events and set meet records in two of them. He broad jumped 22 feet 11 1/4 inches and triple jumped 43-6 1/4 to set records in both events. Bousquet also won the frosh high jump with a six feet two inch leap.

Nick Carnefix broke the frosh 600-yard run mark by nearly two seconds with a 1:14.8 time.

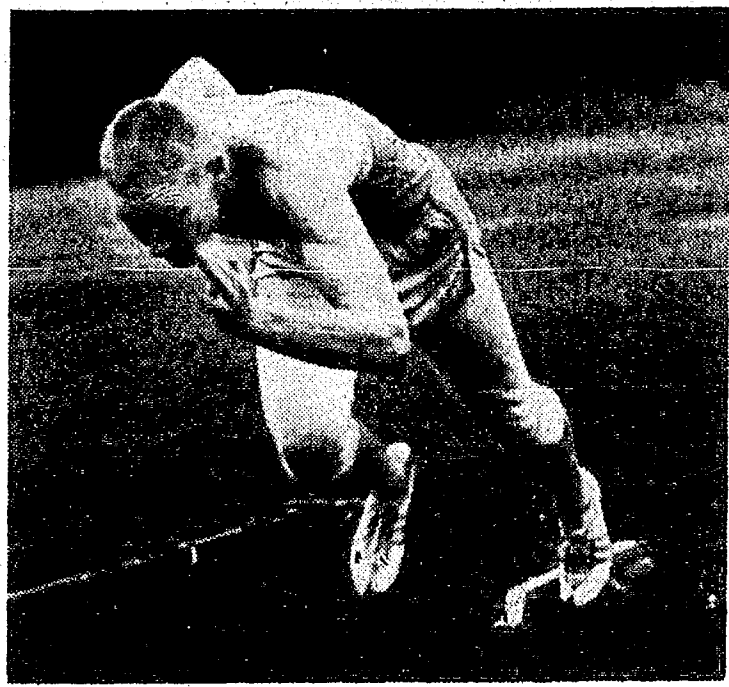

Carnefix blazed through the first quarter mile in :52.5, stated by Coach Bill Sorsby as being an exceptionally good time in itself.

Laps Field

In the mile and one-half run, Paul Henden, the Vancouver, B.C. flash, passed the 880 in 2:06 and went on to a 6:46.1 finish. This was 12 1/2 seconds under the frosh record time and cut four seconds off the top varsity time.

Henden lapped the entire field in the event.

The varsity mile relay team with a 3:25.7 clipped the WSU delegation. John Pasley, Caldwell; Curt Fisher, Nampa; Dick Borneman, Milwaukee, and Gary Michael, Laurel, Montana, comprised the Vandal foursome.

FAST START — Junior sprinter Ed Jacoby surprised all competitors and dashed over the low hurdles in a winning time of eight seconds flat. Jacoby has posted a 9.8 in the 100-yard dash. (Schmidt photo)

Junior sprinter Ed Jacoby from Idaho Falls surprised favored teammate Pete Lattrop in the 70-yard low hurdles, winning in eight seconds flat.

Luttrupp, however, turned around and won the 70-yard dash.

Tight Finish
Fisher and Borneman finished first and third respectively in the varsity 600-yard run. Fisher posted a 1:15.1 in a down-to-the-wire finish.

Pasley and Jacoby ended up second and third behind WSU's quarter miler, John Chapin in the 300-yard dash. A couple of yards separated the three racers. Carolan's shot putting was back-

ed by Idaho's Bob Wagenschutz with 47-8.75 and Joe Davis with 46-10 1/2. Davis was also third in the discus.

Other varsity winners were Larry Ferguson (fourth in the high jump); Gunder Amtmann (fourth in the 1 1/2 miles); and Dick Douglas (third in the 1000).

Frosh weight man Don Biagi, competing unattached, placed second in both the discus and the shot.

Louie Olaso, Bernie O'Connell and Dick Rankin placed 2-3-5, respectively in the frosh 1000-yards.

The frosh mile relay team had bad luck when they dropped the baton in the first lap.

Sigma Chis, Phi Delts And Chrisman Win First Rounds In Ping Pong Play

Intramural ping pong got off to a good start last week.

The SAE's, Sigma Chis, Chrisman Hall and Phi Delts won the first round matches.

SAE defeated LDS, 29-27, and 21-14 while the Sigma Chis out-batted the Delts 21-16 and 21-15. Chrisman and the Phi Delts each won by forfeits over TMA and TKE respectively.

In the singles events, Don Modie, BTP, defeated Jim Capellan, WSH, 21-16 and 21-11. Bill Smith, LDS, defeated Ed LaRoche by forfeit while H. Rao downed Jim Palmer, PDT, 21-12 and 21-18.

Bob Crosno, DS, forfeited to Gene Henry, MCH; and Jay Cline swamped Bob Howard, DS P, 21-7 and 21-12. In the final match Max Thompson, GH, defeated John Beckwith, DSP, 21-6; 21-7 and 21-12.

In close "B" games Friday afternoon, CC2 defeated SH1 22-20, and DTD squeaked past UH5, 21-19.

The opposite was in order for other Friday tilts as PGD2 easily downed WSH1, 36-19. SAE3 bombarded the nets with 35 while the CH1 team was held to only 14.

TKE defeated GH2 by forfeit and in a rare situation, SN3 and KS3 both suffered a setback as neither team showed up for action.

Two Close Ones

Saturday's action saw WH5 narrowly edge DSP, 12-10, in a low-scoring defensive battle. PGD won over CH1, 20-16 in another close game. In another of the typical defensive games, SH2 took the measure of DTD3, 17-10. DTD2 showed terrific defense in downing WSH 28-5 and UH2 easily took LH5 for a 32-13 round. This game is still under protest.

Three forfeits rounded out the Saturday action: AT01 over TKE1; SAE over SN1; and CC over LH4.

Bowling Championships

Bowling championships held the limelight for the final intramural weekend activity.

Idaho Golfers Pound Whitworth Missionaries

The Vandal golfers opened their 1961 season in a winning way yesterday clubbing the Whitworth Missionaries 25 1/2 - 1 1/2 on the wind-swept links of the Walla Walla Golf Club at Walla Walla.

Basketballer Gary Floan grabbed individual honors with a 74. He was followed by Vandal Rob Smith with 76.

Charlie Morrow was the low scorer for the Missionaries with a 79, and Ed Wells followed with an 81.

All the Vandal linksters shot a 79 or better during the match.

In the best ball series the Vandals had a clean sweep. The Floan-Don Modie pair clipped the Morrow-Bill Sanders team 3-0; the Kowallis-Smith pair dumped Wells and Darly Meyers, 3-0; and Norm

Johnson and Ray Schmidt tripped Tom Willard and Bob Buxton, 3-0.

Derby Meyers, 3-0; and Norm Idaho again dominated the individual matches. Floan beat Morrow, 3-0, Modie dropped Sanders, 2-1, Smith beat Wells 2 1/2 - 1/2.

Kowallis driving a 77 took three from Meyers. Johnson putted out a 79, good enough to beat Buxton, 3-0. Schmidt rallied with a 77 to down Willard, 3-0.

Modie rounded out the Idaho golfers with 79 for the 18-hole course.

Johnson Represents Idaho At National Bowling Tourney

By LARRY ROBY

Ass't. Arg. Sports Editor
For the second time in two weeks, the University of Idaho will be represented in the national sports circles.

Jerry Johnson, who turned in a grand performance for the Idaho SUB bowlers at the Regional Bowling Tournament in Eugene in mid-February, competes this weekend with the "cream of the crop" in the collegiate bowling world in Detroit.

Only two weeks ago, four Idaho skiers "put Idaho on the map" at the NCAA championships in Vermont.

Johnson is one of six western keglers making up a team of the eleven western states. Nine other teams (with six members each) represent other sections of the nation.

The husky Idaho bowler was awarded this trip to the National Intercollegiate Bowling Tourney by his performance in the Eugene Regional Tourney. He was one of the six top men in each event — the range from which the national bowlers were picked. Idaho, as a team, placed sixth in this 18-team

Young Netmen Begin Play

A green tennis team, with but two experienced men on the roster, greets coach Joe Cipriano this spring. The Vandals play an 11-game schedule starting with Gonzaga at Spokane, April 7.

Bob Hanson and Jim Paulson are the returning mainstays. Hanson is a senior two-year letterman from Lewiston and Paulson is a one-year letterman from Camus, Washington.

Out for their first year this spring are Larry Eurbin, a junior from El Cajon, Calif., John Freies, a Lewiston sophomore, Bob Johns, a Nampa frosh, and Sebastian Lamb, a junior from Troy.

Also out for their first time are Wayne Nyre, a junior from Hayden Lake, Howard Sealey, a Pocatello junior, and Bill Tangen, a Coeur d'Alene junior.

Yearlings Begin Stick Practice

The Idaho yearlings get their chance at beating the horsehide this afternoon as Frosh baseball practice begins.

Frosh coach Glen Potter expects to have a good-sized turnout.

Hinckley Gets Mound Duty To Open Season

Coach Wayne Anderson termed the Vandal nine "ready" yesterday and gave veteran hurler Steve Hinckley the pitching duties in Idaho's season opener against Montana Thursday.

Anderson said that the two-year letterman from Preston would go to the mound in the second game of the Banana Belt tourney in Lewiston Thursday. Washington State meets Gonzaga to open the four team tournament at 10 a.m.

Either Ted Knivila from Grangeville or Roy Schmidt from Greencreek will do the catching for the Vandals. Both are two-year lettermen from behind the plate.

Denny Grant, a junior letterman from Wenatchee, is slated to go against the Cougars Friday afternoon.

Tony Burke, another letterman southpaw, is tapped for the Gonzaga game on Saturday.

Anderson said that he would alternate lettermen Ron Zwitter and Terry Boesel at first. Zwitter is a two-year stickman from Milwaukee and Boesel, is a one-year letterman from Winthrop, Wash.

Dick Mooney and Billy Johnson hold down second and short. Both are lettermen. Mooney alternated between the diamond and the gridiron field last spring, but will concentrate only on baseball this season.

Tie In Frosh Scoring Race

Two former Idaho prep cagers finished in a dead heat for the University of Idaho freshman scoring title, but a former Seattle hooper nabbed the top points-per-game honor.

Bill Mattis of Coeur d'Alene and Tom Ballantyne, Twin Falls, both goals scored 190 points apiece during the 17-game season. Tom Whitfield from Garfield of Seattle, however, had the highest point average with a 12.1 mark. Whitfield had a total of 182 points and missed two games because of an injury. Whitfield also led the regulars from the field with a 45.2 percentage. He was the squad's top rebounder with 126 grabs.

Mattis was tops in free throw accuracy with a 75.7 mark and 28 points Ballantyne was close behind in percentage with 74.0 percent and a total of 54 points, high for the club.

Williams Drafted

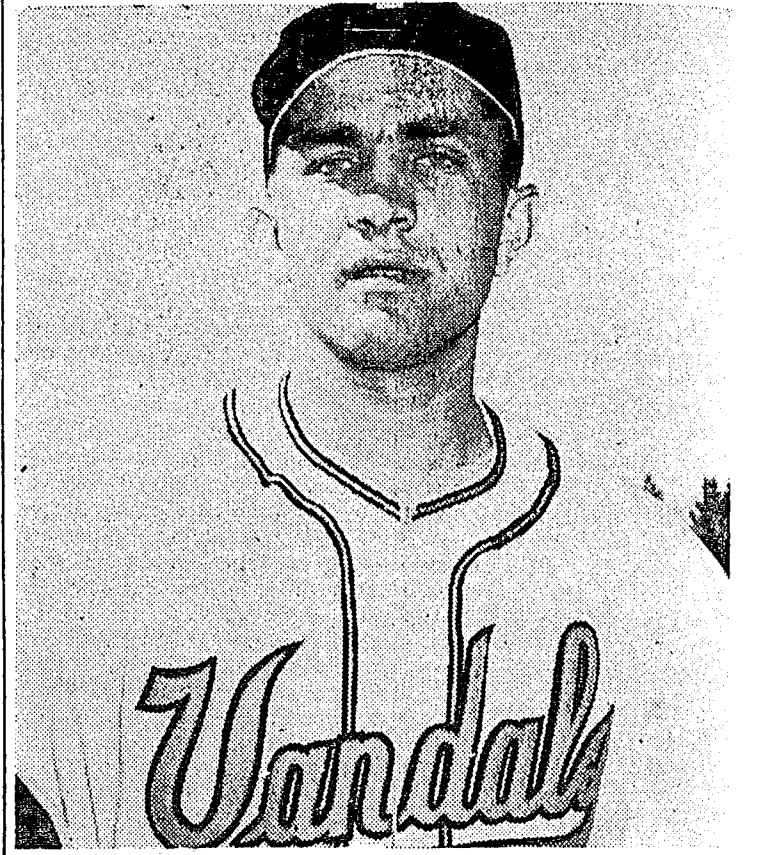

Rollie Williams, Vandal forward and co-captain, during the 1960-61 hoop season, was drafted by the Honolulu entry in the American Basketball League.

Mooney is a junior from Elk Grove, Calif. and Johnson is a senior from Richland, Wash.

Junior college transfer Larry Stackler from Lindsay, Calif., and sophomore Mike Stowe from Twin Falls will share third base. Stowe saw action last season as hot corner guardian for the frosh.

Outfielders billed for action are Cliff Trout, a two-year letterman from Lewiston; Bob Vervaeke, a junior letterman from Baker, Ore. and basketballer Chuck White.

Trout was the leading sticker for the Vandals last season. White paced Skagit JC with a .456 average.

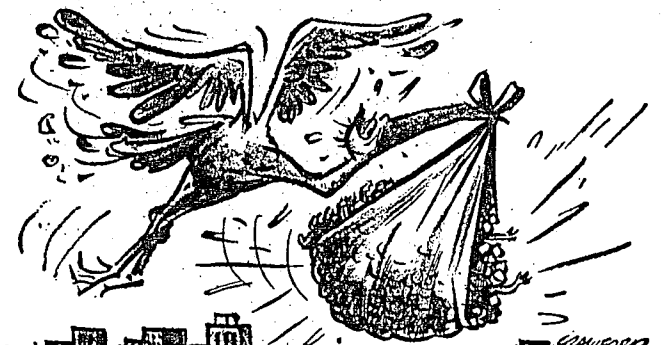

DRAWNS ASSIGNMENT — Two-year letterman and All-Northern Division pitcher, Steve Hinckley, will start Thursday afternoon against Montana as Idaho opens their 1961 pre-league play.

On Campus with Max Shulman
(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dottie Gillis", etc.)

BOOM!

Today, foregoing levity, let us turn our keen young minds to the No. 1 problem facing American colleges today: the population explosion. Only last week four people exploded in Cleveland, Ohio—one of them while carrying a plate of soup. In case you're thinking such a thing couldn't happen anywhere but in Cleveland, let me tell you there were also two other cases last week—a 45 year old man in Provo, Utah, and a 19 year old girl in Bangor, Maine—and in addition there was a near-miss in Klamath Falls, Oregon—an eight year old boy who was saved only by the quick thinking of his cat Walter who pushed the phone off the hook with his muzzle and dialled the department of weights and measures. (It would perhaps have made more sense for Walter to dial the fire department, but one can hardly expect a cat to summon a fire engine which is followed by a Dalmatian, can one?)

Science will ultimately solve the problem

I bring up the population explosion not to alarm you, for I feel certain that science will ultimately solve the problem. After all, has not science in recent years brought us such marvels as the transistor, the computer, the bevatron, and the Marlboro filter? Oh, what a saga of science was the discovery of the Marlboro filter! Oh, what a heart-rending epic of endless trial and error, of dedication and perseverance! And, in the end, what a triumph it was when the Marlboro scientists after years of testing and discarding one filter material after another—iron, nickel, lead, tin, antimony, sponge cake—finally emerged, tired but happy, from their laboratory, carrying in their hands the perfect filter cigarette! What rejoicing there was that day! Indeed, what rejoicing there still is whenever we light a Marlboro and settle back and enjoy that full-flavored smoke which comes to us in soft pack or flip-top box at tobacco counters in all fifty states and Cleveland!

Yes, science will ultimately solve the problems rising out of the population explosion, but in the meantime the problems hang heavy over America's colleges. This year will bring history's greatest rush of high school graduates. Where will we find classrooms and teachers for this gigantic new influx?

Well sir, some say the answer is to adopt the trimester system. This system, now in use at many colleges, eliminates summer vacations, has three semesters per annum instead of two, and compresses a four year course into three years.

This is good, but is it good enough? Even under the trimester system the student has occasional days off. Moreover his nights are utterly wasted in sleeping. Is this the kind of all-out attack that is indicated?

I say no. I say desperate problems call for desperate remedies. I say that partial measures will not solve this crisis. I say we must do no less than go to school every single day of the year. But that is not all. I say we must go to school 24 hours of every day!

The benefits of such a program are, of course, obvious. First of all, the classroom shortage will immediately disappear because all the dormitories can be converted into classrooms. Second, the teacher shortage will immediately disappear because all the night watchmen can be put to work teaching calculus and Middle English poetry. And finally, overcrowding will immediately disappear because everyone will quit school.

Any further questions?

© 1961 Max Shulman

Yes, one further question: Have you tried Marlboro's newest partner in pleasure—the unfiltered, king-size Philip Morris Commander? If not, by all means come aboard. You'll be glad you did.
