

U. Of Idaho To Honor Its Alumni This Weekend

Parades, Game, Bands, Dance— All Are Homecoming Festivities

By Larry Roby

More than 3,000 alumni and 1,500 visiting high school band people will throng to the University of Idaho campus this weekend for the 1961 Homecoming activities.

The celebration will officially begin this afternoon when the early alumni will begin registering at the Student Union Building, Moscow Hotel and the New Idaho Hotel.

The University women will break up into two groups this evening when they march through the men's living groups in their traditional pajama parade. The Spurs will lead the two groups around the campus starting at 6 p.m. One group will start at the Campus Club and the other at Shoup hall.

All the living groups will compete in the poster contest at McLean Field immediately after the pajama parade. Trophies will be awarded to both the best men's and women's Homecoming posters. After the introduction of the Vandal gridders to the ralliers by J. Neil "Skip" Stahley, head football coach, the half-hour fireworks display will begin.

Saturday morning at 9:30 sharp the 63-unit parade will move down Moscow's Main Street. Eleven floats and 24 bands will make up the greatest part of the parade. Twenty-three high school bands are here for Band Day and will also perform during halftime ceremonies of the Idaho-San Jose State grid contest. At 10:30 there will be a coffee hour for music alumni at the University music building.

Presentation of the traditional "I" blanket to the most outstanding alum will highlight the no-host alumni brunch at the Moscow hotel at 12:30 Saturday.

A cafeteria luncheon for alumni and visitors at the Student Union Building will precede the pregame activities at Neale Stadium which get underway at 1:30. The high school bands will march into Neale Stadium just before the clash between San Jose and Idaho. The University Vandaleers, the women's drill team, will also perform at this time.

The football game will start at 2 p.m. The massed high school bands will again march into the Stadium for halftime activities. The Vandal Rally Committee will conduct its card section stunts at this time also. All the campus living groups will open their doors to the alumni for tours immediately after the game.

The Idaho Alumni Headquarters group will meet at the Moscow Elks lodge at 9 p.m. for a buffet supper and mixer. Activities will conclude at 9 with the Homecoming dance. The theme of this year's

Homecoming is "Harbor Lights." Appropriate decorations of blue crepe paper and imitation rocks will grace the gymnasium. Norm Thue and his orchestra from Spokane will provide the music.

Area Bands, Idaho Floats

The University of Idaho Band, playing the Idaho fight song, "Go, Vandals, Go," will lead the 63-unit Homecoming parade down Moscow's Main Street tomorrow morning at 9:30. Donald K. David, a nationally known Idahoan from Moscow, will be the Grand Marshal for the march. Twenty-three high school bands from north Idaho and eastern Washington will also help step up the tempo of the parade.

The parade will move north on Main Street, turn west on First Street and travel south on Jackson Street. The bands will leave the parade at the corner of Sixth and Jackson Streets, but the living group floats will continue on down Jackson Street to the SAE parking lot. The float judges stand will be next to the Moscow Hotel. A diagram showing the parade route is on page four.

The parade lineup:
SECTION A: Idaho State Police, color guard, University of Idaho Band, Vandaleers, Grand Marshal—Mr. and Mrs. Donald K. David, Dr. and Mrs. Theophilus, Alumni President Fisher Ellsworth, Rep. Gracie Post, Executive Board, queen's float, KRFL remote cars.

SECTION B: Coeur d'Alene band, Coeur d'Alene drill team, Mortar Board, Weippe band, Asotin band, Delta Gamma-Sigma Chi float, Connell, Wash. band, Young Democrats, Kendrick band, Pi Phi-Kappa Sig float, Bonners Ferry band, Spurs, Clearwater Valley band, Dist. 242 (Cottonwood-Ferdinand-Greencreek) band, Gault-Hays float, Latah County 4-H float.

SECTION C: Lewiston band, Lewiston drill team, Alpha Gamma Theta Chi float, Potlatch band, Orofino band, Latah County Fair Queen, French-TKE float, Post Falls band, Job's Daughters, Troy band, Theta-Beta float, Eagles Junior Drill team.

SECTION D: Kellogg band, Kellogg drill team, Young Republicans, Genesee band, Gamma Phi-Phi Delta float, Wallace band, Wallace drill team, Banana Belt Cruisers, McCall band, TMA float, National Guard unit, Grangeville band, Alpha Chi-Delta Chi float.

SECTION E: Moscow band, Moscow drill team, Moscow Fire Department, Palouse, Wash. band, Nezperce band, Alpha Phi-Delta float, Mullan band, Mullan drill team, Steel-Christman float, Craigmont band, Miss Moscow, Compton's Caliope with Blu Munday from Boise.

Donald K. David, Parade Marshal

at 1 will precede the pregame activities at Neale Stadium which get underway at 1:30. The high school bands will march into Neale Stadium just before the clash between San Jose and Idaho. The University Vandaleers, the women's drill team, will also perform at this time.

The football game will start at 2 p.m. The massed high school bands will again march into the Stadium for halftime activities. The Vandal Rally Committee will conduct its card section stunts at this time also. All the campus living groups will open their doors to the alumni for tours immediately after the game.

The Idaho Alumni Headquarters group will meet at the Moscow Elks lodge at 9 p.m. for a buffet supper and mixer. Activities will conclude at 9 with the Homecoming dance. The theme of this year's

Homecoming is "Harbor Lights." Appropriate decorations of blue crepe paper and imitation rocks will grace the gymnasium. Norm Thue and his orchestra from Spokane will provide the music.

HOMECOMING SCHEDULE

Friday	
3:00 P.M.	Alumni Registration at Student Union Building, Moscow Hotel, and New Idaho Hotel
6:00 P.M.	Pajama Parade
7:00 P.M.	Homecoming Rally at MacLean Field
7:30 P.M.	Fireworks at MacLean Field
Saturday	
9:30 A.M.	Homecoming Parade
10:30 A.M.	Coffee Hour for Music Alumni
10:30 A.M.	to
12:30 A.M.	No-host Alumni Brunch at Moscow Hotel
11:00 A.M.	to
1:00 P.M.	Cafeteria Luncheon for Alumni and Visitors at Student Union Cafe
1:30 P.M.	Pre-game Activities—Vandaleers and Bands
2:00 P.M.	Football—Idaho vs. San Jose State
3:00 P.M.	Halftime Activities—Mass Bands
5:00 P.M.	Open House at all living groups
5:30 P.M.	to
9:00 P.M.	Buffet Supper and Mixer at Idaho Alumni Headquarters at Moscow Elks
9:00 P.M.	to
12:00 P.M.	Homecoming Dance at Memorial Gym with Norm Thue's Orchestra

Construction Of New SUB Is Started

Heavy construction equipment began devastating the present Student Union Building parking lot yesterday morning to make way for the \$2 million SUB addition. The parking area will be excavated for the basement of the new addition.

All parking will be cut off by noon today and in the future there will be no specific parking area for the SUB. The new addition will contain student administrative offices, a new Argonaut office, a new bowling alley and other recreational facilities and will extend the structure to the end of the present student parking lot.

Seventh street will be permanently closed to make way for the addition. Upon completion of the construction, a landscaped parking area will be built adjoining 7th street on the north end of the campus.

The McKim-Kiser Company of Osburn, Idaho, general contractors for construction of the addition, received the go-ahead Wednesday from the Federal Housing Administration to start work on the project. The new SUB is to be built in three stages, each one taking about a year to complete. The first year will see completion of the new addition and partial restoration of parking facilities.

U. Enrollment Over 4,328

Idaho's enrollment continues to rise. At last count, 4,328 students have registered for an all-time high.

The main rush of registration is over as students dwindle in for late registration, which ends Oct. 13. Education students who student teach first nine weeks, will not register until the end of the period.

High enrollment has caused housing shortages on campuses throughout most of the country and U of I is no exception. McConnell Hall has been converted into a women's dorm and men have been given temporary quarters. Drop outs and National Guard call up's will ease the shortages, however.

A new dormitory complex is in the planning stage. It will hold 1,000 students, and will be made up of four dormitories and a central cafeteria.

Half-Time Activities To Feature 25 High School Bands

Spectators at Neale Stadium Saturday will be treated to the sight and sounds of 1600 young men and women playing a short band concert in conjunction with the crowning of a University of Idaho homecoming queen.

The occasion is the Homecoming football game, this year pitting Idaho against undefeated San Jose State College. Twenty-three Idaho and Washington high school bands will play during the half time intermission. The University band will also play, bringing the total to 24.

The bands hail from Coeur d'Alene, Weippe, Asotin, Washington; Kendrick, Bonners Ferry, Clearwater Valley, School District 242, Lewiston, Potlatch, Orofino, Post Falls, Troy, Kellogg, Genesee, Wallace, McCall, Grangeville, Moscow, Palouse, Washington; Nez Perce, Mullan and Craigmont. Each band comes by invitation, some from as far as 180 miles. The

band members will be provided with reserved sections in Neale Stadium and with free tickets to the game.

Come From Everywhere Many Distinguished Guests Return To Alma Mater

Donald K. David, vice chairman of the board of the Ford Foundation since 1955. He was graduated from the University in 1916 with a bachelor's degree.

He also holds a master's degree in business administration from Harvard University and has been awarded honorary degrees from eight universities, including Idaho, where he received an honorary

A SPECIAL QUEEN'S FLOAT—John Ferris, Beta, and Tom Eisenbarth, Willis Sweet, Homecoming parade chairmen, look over the pictures and trophies of past Homecoming Queens and explain to Jim Lyle, Alumni Secretary, that this year's queen will once again have a special float.

Econ Confab Opens Monday

A host of dignitaries, including Donald K. David, vice chairman of the board of Ford Foundation, will speak at the three-day conference on Idaho's economic future, which opens at the SUB Monday.

After registration Monday morning, Dr. D. R. Theophilus, president of the University, will officially welcome the conference delegates. The conclave is sponsored by the College of Business Administration, the Bureau of Business and Economic Research, the Department of Commerce and Development and the Idaho State Chamber of Commerce.

John L. Aram, vice president of Weyerhaeuser Lumber Co. of Tacoma, will talk Monday afternoon at 1:30 on "Market Research." "Imagination" will be the topic of a speech by Robert V. Hansberge, Boise, president of the Boise-Cascade Lumber Co.

At a banquet Monday night, Dr. Theophilus will address the group on "Growth in Higher Education." David D. Kendrick, dean of the College of Business Administration, will preside at the conference.

Blue Or Green—They Can't Decide

Any sign of a democratic government in the ASUI Executive Board was gone Tuesday evening. Dictator James Mullen had decided the Board's fate and proceeded to "push" his policy on Exec Board members.

He was so strongly set in his way, that the Exec Board meekly approved his recommendation.

The decision — to buy blue blazers for Exec Board members instead of green!

Dazzling Display Seattle Man Has Shot Idaho's Fireworks For 22 Years

It's a dangerous business but Herb Sutherland has been at it for 22 years. The pyrotechnician has thrilled audiences all over the Northwest with his colorful Roman candles and rockets since 1929.

Sutherland, who hails from Seattle, will arrive on the Idaho campus this afternoon to make preparations for what ASUI General Manager Gale Mix has termed, "one of the best Homecoming fireworks displays in years." Sutherland has illuminated the skies over Moscow with his Homecoming displays since 1939.

Tonight's \$1,000 production will begin at 7:30 sharp at McLean Field. The dazzling array of bombs and rockets will explode immediately after the pep rally and living group poster judging contest.

The professional shooter will not handle the entire program by himself. In order to keep the sky ablaze with the lights, from ten to 15 University men will be reloading the fireworks' mortars throughout the entire show. As in past years the Intercollegiate Knights have served as his assistants before and during the 30-minute show.

Two IK's will spend most of this evening setting the stage for this evening's performance. Backgrounds for some of the ground scenes have to be put in place along with the preparation of the mortars, which will be placed in buckets filled with sand to prevent any chance of fire.

The exacting work of preparing the show requires a working knowledge of how the events were run in past years. Each display is numbered and must be in the right mortar at the right time or the

gregional District. Mrs. Pfost, who rarely has missed the annual Homecoming, is flying to Moscow from Washington, D.C., where Congress adjourned Wednesday.

Also participating in the parade will be Fisher Ellsworth, Idaho Falls, president of the University of Idaho Alumni Ass'n. Fisher's son, Gary, is enrolled this year as a freshman at the university.

QUEEN TONI — Miss Toni Thunen, junior art major from Menlo Park, California, won the 1961 Homecoming Queen title over four other campus beauties in an all-male vote Wednesday. The pretty brunette lives in Hays Hall.

Was Holly Queen Miss Toni Thunen To Reign As '61 Homecoming Queen

A junior art major who last year reigned as sophomore Holly Queen climbed to the highest step on Idaho's royalty ladder Wednesday when she was chosen 1961 Homecoming Queen by an all-male vote.

Miss Toni Thunen, Hays Hall, won the beauty and personality title over four other women. She is originally from Menlo Park, California.

Runners-up who will serve as Miss Thunen's royal court are Camille Johnson, Kappa Linda Campbell, Alpha Chi; Eleanor Un-

Election Board Exams Slated

Petitions for taking the Election Board examination will be due into the ASUI office Oct. 9, with the test scheduled for Oct. 11.

Petitions may be obtained from Dick Stiles, ASUI Veep anytime after Oct. 1.

The student achieving the highest score among the experienced board members will be chairman of the board. Ten members, five from each political party, will be selected, along with four additional members selected according to test scores, regardless of political affiliation.

Mum Delivery Set For Tomorrow

Mortar Board, senior women's honorary, will awaken its members tomorrow morning at 4 a.m.

The reason for the early hour, according to Sharon Houck, Alpha Gam, Mum Sale Chairman, is to get the "I" mums processed and delivered to campus living groups.

Any extra mums will be sold at the Moscow Hotel and the SUB tomorrow morning.

Positions Open In Orchestra

Forty-five musicians attended the first rehearsal of the University Symphony Orchestra Wednesday evening in the Music Building. Although Prof. LeRoy Bauer, conductor of the group, expressed satisfaction at the number, he added that openings are still available for students having had previous experience with orchestral music.

The orchestra has three concerts on campus scheduled during the school year. One of the three will feature all student soloists. Besides the three campus concerts, the orchestra will also give a performance at Coeur d'Alene later this fall. The orchestra practices every Wednesday at 7 p.m.

Travel and Study

Graduate Grants Available

The chance for travel and study in foreign countries is slipping through the fingers of many University of Idaho seniors...

The Foreign Scholarships Committee announces that application to universities abroad for the fall of 1962 are due the middle of next month...

There is no limit on applications, Hunter said. Scholarships are available for almost anywhere in the world, Hunter said.

To be successful, students seeking a scholarship will be subjected to hours of tedious and painstaking work.

Application forms are being sent and complicated, Hunter emphasized. As clearly thought-out projects must be presented to the committee...

The report is only one of three requirements. Grades and written recommendations also play an important part in granting scholarships.

Brockelbank said that a blanket recommendation was not enough. "Devote a paragraph to the student's personality...and back up...

with proof," Brockelbank states. The stress on grades varies according to the scholarship. Some, like the Fulbright award to England, put a great importance on the scholastic record.

The Fulbright award to England, Hunter believes, is the most difficult Fulbright to obtain. "You darn well better have a three point before applying," Hunter states.

Foreign language is a determining factor to receiving a scholarship. In most cases, the applicant must be familiar with the native language of the country in which he wishes to study.

Other scholarships, besides the Fulbright, are offered. The Rhodes Scholarship program offers 32 scholarships to unmarried male citizens of the United States...

On a par with the Rhodes is the Marshall Scholarship program, established in 1933 by the United Kingdom government. This scholarship provides for a personal allowance of \$1,540 per year...

Scholarship winners are picked usually by a national committee. The selections that are sent the national committee are picked by the Foreign Scholarships Committee.

Besides Hunter and Brockelbank, the Foreign Scholarships Committee, includes Professors Max E. Fletcher, William S. Greer, Karl H. W. Klages, Theodore J. Prichard, R. D. Watson, George W. Woodbury. Each college is represented on the committee.

"We can notify students of available scholarships, but the rest is up to them," Hunter said.

NSF Grants Also Open

University students who are eligible to enter graduate school in eight specified fields may apply for National Science Foundation co-operative fellowships next month.

This University has been asked to recommend 15 candidates for fellowships in the following fields: mathematics, biological science, physical science, engineering, anthropology, psychology, econometrics, and sociology.

Applicants are to have their names, transcripts, and other pertinent material into Dean L. C. Cady, Dean of Graduate School by October 6.

A screening panel will select 15 students for competition on the national level for the NSF scholarships.

Recipients of the fellowships will receive \$2400 for 12 months or three quarters of that amount for the academic year.

New Policy Is Praised

I was pleased to find the following note on my desk in the Argonaut office Wednesday. It was signed by Dijon Davidson, reporter from French House.

I am enthusiastic about the new policy for house news. I think the change is long overdue. May I suggest that a semesterly competition with a small reward (even merely an Arg writeup) presented to the house with the most interesting news coverage would help motivate reporters to make more lively copy.

My sincerest thanks go to Miss Davidson for her interest, and I can only hope that the majority of the other house reporters are in agreement with her point of view.

Ann Spiker Women's Editor

ADDRESSES NEEDED Work of compiling the new Student Directory will start Thursday, according to University Registrar D. D. DuSault. All students who have changed their Moscow addresses since registration and those who didn't list their Moscow addresses on their registration blanks are urged to report to the Registrar's office at once to place this information on their blanks.

Homecoming Against Time

Time flies. If you don't believe it just talk to a member of the Homecoming committee. Today, only five days after the opening of school at Idaho, Homecoming celebrations get underway.

After battling the calendar for two weeks, the Homecoming committee will unveil its 1961 version of the University of Idaho Homecoming activities tonight at 6 when the University coeds will parade through the men's living groups in the traditional pajama parade.

The rush against the clock doesn't mean that all the Homecoming planning was done in one night. Preliminary plans for the parade, game, halftime entertainment and other weekend activities, were made early last spring before students left the campus for the summer vacation.

From the pep rally at McLean Field tonight to the Homecoming dance tomorrow night, Idaho alumni returning to their alma mater can look forward to an early activity-filled weekend.

The early date of the celebrations does not mean an abbreviated edition of Homecoming activities is on tap. Plans have rapidly progressed for the annual parade tomorrow morning.

Eleven campus living group floats and 25 bands will highlight the parade. Idaho and Moscow's own Donald K. David, former Dean of the Harvard Graduate School of Business and vice chairman of the board of the Ford Foundation has been named grand marshal of the 63-unit parade.

High school bands from north Idaho and eastern Washington will join forces in the annual Band Day activities at Neale Stadium during halftime ceremonies at tomorrow's Idaho-San Jose State football contest.

No, none of the regular Homecoming activities have been dropped due to the early date. In fact a new one is being added this year. The Vandal Rally Committee has made plans to take charge of a card section at tomorrow's game.

This will be a weekend to show Idaho's alumni and visiting high school musicians the improvements which have been made on the campus since last year's Homecoming. Don't let this year's early Homecoming dampen your spirits—it didn't dampen the spirits of the Homecoming committee and they will prove that this weekend.—L. R.

Traffic: Everyone's Problem

The traffic problem on the University of Idaho campus, bad in past years, has become more acute this fall, and will continue to become worse.

The increase in enrollment adds more cars to the campus. Last year, University officials figured roughly one car to every three students. Excluding girls, every other male was an owner of an automobile.

Adding to the predicament will be the closing of the Student Union Building parking lot when construction on the addition to the SUB starts. Already part of the lot has been closed.

Parking has been provided near the Sigma Alpha Epsilon fraternity and across Paradise Creek, near the high school football field. Also, according to George Gagon, University engineer, a parking lot behind the Gamma Phi Beta sorority will soon be finished.

These new parking facilities will replace the space lost by construction of the Student Union addition. Yet, they will not significantly diminish the campus parking problem.

University officials, issuing parking permits, rigidly enforcing traffic regulations, and improving roadways and walks, such as the new Hello Walk, have tried to keep up with the increasing traffic and parking problems.

They have not been able to do so, nor will they be able to without help. Student help.

Idaho students ride far too much and walk far too little. More wear and tear on shoe leather and less on tire rubber would lessen the traffic problem. Also shoe leather is cheaper than tires.

On the other hand, University officials can help, too. Modernizing traffic rules and regulations, is one method. One such regulation that could stand some change is the one for penalty violations.

There is no reason why the campus code, which calls for a \$2 fine for the first parking violation, \$5 for the second, and a trip to the men's discipline committee for the third (page 20, University of Idaho Code), could not be amended to parallel the Moscow city code.

Specifically, the campus code states that violations are accumulative over a student's college career. Minor parking violations do not build up on your record under the Moscow city code.

Charles O. Decker, Dean of Men, has said that such a plan is under consideration. Such a plan is needed. This weekend has special significance as far as traffic is concerned. The extra homecoming crowd, doubled with a home football game, greatly increases the number of vehicles on campus.

All of us, students and faculty, should try to alleviate the problem, not add to it, when we drive.—J. H.

The GOLDEN FLEECE by Jason

Tonight will mark the beginning of one of the most hastily put together Homecoming in recent years.

The last time Jason sat down at this typewriter to write the Golden Fleece the whole Homecoming picture was one hurried maze of confusion. And a rather dismal maze at that.

No one was sure if there would be a queen or even a parade. The only thing anyone could be sure about was that the San Jose football team would be here to meet the Vandals Saturday afternoon, and that some prominent alumni and visitors had made plans for participating in the weekend activities.

Since Monday, however, Homecoming chairmen seem to have mustered a reserve of energy and slogged some of the problems of staging a celebration less than one week after the start of school.

Although Jason or no one else can predict how successful the weekend will be, it looks as though the major factor may be the weather.

Success of the weekend will ultimately depend on the spirit displayed by students and alumni alike. The last-minute push by students on all sides of the campus to get this Homecoming on its feet may have given the needed impetus. Jason will save any plaudits for the Homecoming chairman and University personnel until everything is over.

Persons deserving a journalistic pat on the back before the festivities begin are the loyal alumni and state residents who overtly display their enthusiasm and faith in Idaho by returning to Homecoming each year.

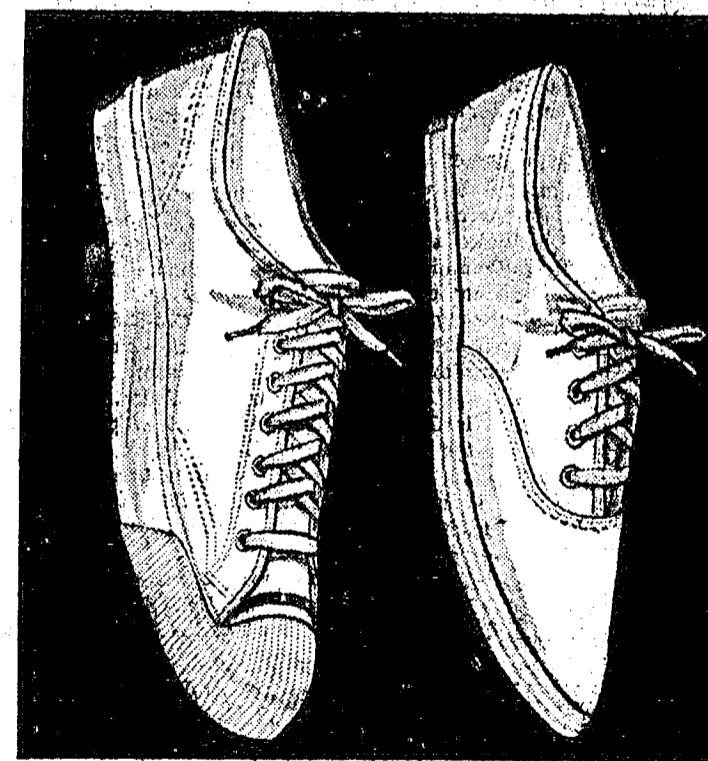

One of these persons is Mrs. Gracie Pfost, Democratic Congresswoman from Idaho. She will fly into Moscow from Washington, D. C., where she just finished up her Congressional duties for this session.

According to some sources, last year was the first time Mrs. Pfost has missed Idaho's Homecoming since she was first elected.

All alumni who return for the Homecoming season deserve mention, but such a task is obviously impossible. Thus Jason would like to direct the gratitude of the students to Mr. Fisher Ellsworth of Idaho Falls, current president of the Alumni Association.

Without these alumni Idaho would have no heritage to stand on, and no support to carry it forward.

Here's to a busy, but rewarding, weekend. Sharon Lance Jason 68

Other shoes may look like Keds, but only U.S. Keds can give you "that great feeling." Because Keds have a patented shockproofed arch cushion and cushioned inner sole. And because Keds are built over tested, scientific lasts to fit all feet perfectly, even narrow ones. Keds are right for class, gym, tennis court or dorm. Machine-washable (and they even look good clean). His: Keds "Court King." Hers: Keds "Champion." Get your new U.S. Keds at fine stores everywhere.

Coed Wardrobe Hint Given For Homecoming Weekend

Can you imagine what would happen if the girls on campus were caught in the boys' living houses in pajamas? Well, that is what will be seen tonight as the girls don their pajamas prior to a parade through all the boys' houses. They will be seen in pajamas of every style — polkadots and stripes seem to be the big rage this season, so boys expect to get their eyes accustomed to the sights of these various styles.

After the pajama parade the girls will scurry home to make a quick change into warm skirts and sweaters or slacks. It will be cold at the rally, so they won't forget the bobby socks or colorful tights.

Annual Parade
As the bands begin to play and the floats are greeted with biased good humor, the campus coeds will be seen in casual skirts and sweaters that will be needed in the brisk fall air.

When the coeds assemble to watch their favorite team fight

against San Jose State they will be looking chic in their suits and heels. If they plan to sit in the card section and put their arms to use they will wear white tops — blouses, sweaters or coats.

Guests who attend open house in each of the living groups will be cordially greeted at the door by girls in their Homecoming game attire.

Saturday night will feature the University of Idaho girls at their prettiest. Semi-formal dresses and heels will be the mode as they whirl around the dance floor.

Dress Dinner
The campus coeds will conclude the Homecoming activities by entertaining their guests at dress dinner Sunday. They will be a cheerful looking group as they sit around the table in their church suits or dresses.

This Homecoming week-end will feature a colorful array of colors, highlighted most definitely by the traditional Mortar Board mums.

Living Groups Will Open Doors To Visitors After Game

By BRIDGET BEGLAN
Argonaut House Editor
Ethel Steel Sings for Their Supper
Singing for their previously deposited potatoes, meat and vegetables were the hungry choristers of Ethel Steel. It seems their seniors, who had taken their sneak, had stashed the silverware in the store room and had left all the food for dinner at the Campus Club.

During a fireside recently, 23 freshman girls were welcomed into Ethel Steel sisterhood.

New officers who are to help run things are Betty Thiessen, vice president; Marlene Gould, assistant house activities chairman; Suzie Simeon, social chairman; Judy Eline, assistant social chairman; and Dwen Anderson, SRA representative.

Chief of all chiefs will be Mrs. Rutherford, Enterprise, Oregon, who will spend her first year as a

"co-operative" housemother at Ethel Steel.

French House Has Casualty
The first football casualty at French this year went to freshman Janice Harding who suffered a badly bruised leg during a recent football exchange.

Twenty-three new students were welcomed at French by a fireside at which each was presented with a long stemmed, deep salmon carnation.

Filling office vacancies this year are: Norma Smith, social chairman; Mary Stinchcomb and Nancy Torkelson, assistant social chairmen; Darlene Anderson, culture chairman; and Dijon Davidson, reporter.

The new Exec Board consists of Pat Mielke, Dolores Merrill, Carole Kovanen, and Judy Christianson. Standards Board members are Della Smith, Joyce Renfro, and Deanna Bohanen. Carol Collis is float chairman and Janet Orr Freshman WRA representative.

Pi Phis have Almost Hazardous Week
Big and Little sisters were announced last Wednesday at a picture drawing fireside. Little sisters drew pictures of their "Elders" while holding the paper on their forehead. With a check to see if all eyes were still intact, the fireside was ended.

Bev Bucklin was elected house manager and Sue Carnefix was chosen standards chairman at recent elections.

Kappas Welcome Back Housemother
After spending several weeks of her summer vacation traveling in the east, Mrs. O'Connell was welcomed back for the school year. Also back after going to school in Scotland for a year was Rosemary Maule.

Sunday dinner guests were John Rider, Mr. and Mrs. C. W. Hodgson and Priscilla, all of Moscow; Nick Bond, SAE; Mr. and Mrs. Bond of Kellogg; Mr. and Mrs. Ray Frizzelle of Twin Falls; Mr. and Mrs. Bertram of Spokane; and Mrs. Baker of Coeur d'Alene.

Thetas Rec Room Appears 'Rocky'
Sigma Nus are helping build paper mache' rocks for Homecoming dance decorations, and for some reason or other, the Theta's recreation room seems the best place to decorate with old newspapers, glue, and paint. The rock-crushing expedition is under the direction of Jake Jones, Sigma Nu, and Sherry McGuire, Theta.

Delt and Theta seniors had the big, big function Wednesday, which ended with a serenade to end all serenades.

Theta pledges elected officers last week. Leading the brood is Karen Phillips, president. Other officers include Cindy Brush, secretary, Nancy Rice, treasurer, Sheryl Henderson, social chairman, Sue

Soloman, scholarship chairman, Sharon Barnes, song leader, and Lynne Holmes, housework chairman.

MARRIAGES

Holcomb-Hegsted
Nancy Holcomb surprised her Theta sisters on the eve of her wedding day when she announced plans of her marriage to Ralph Hegsted, Sigma Chi. The wedding took place Saturday, Sept. 23 in the Moscow First Presbyterian church.

Croy-Hossner
Schiffler-Metcalf
French girls wed recently in summer ceremonies were Linda Croy to Larry Hossner, off campus, and Helen Schiffler to Gerald Metcalf, Delta Sig.

ENGAGEMENTS
Strawn-Rowland
Sally Strawn, Kappa, announced her engagement to Bob Rowland, Fiji, at summer dinner parties in the homes of their respective parents, Mr. and Mrs. Ray Strawn, Boise, and Mr. and Mrs. Ben Rowland, Pocatello.

Herndon-Skinner
Each girl at a Kappa Kappa Gamma fireside held a small white candle decorated with red ribbon as Lynda Herndon announced her engagement to Lyle Skinner, Salmon.

Potter-Davies
At an evening fireside each member and pledge of Kappa Kappa Gamma entered three letters of a large crossword puzzle which revealed the engagement of Lorraine Potter to Dick Davies, Delt.

Frizzelle-Bond
Hodgson-Rider
Sunday dinner at Kappa Kappa Gamma featured two musical themes — "Duo Pianists" and "Two Hearts in Rhythm" — as background for the double engagement announcements of Kelly Frizzelle to Nick Bond, SAE, and Carol Hodgson to John Rider, off campus.

Beach-Willms
In a skit presented to the Kappas, Lorraine Potter discovered that on the sweater she had borrowed was a Kappa Key chained to a Delt pin. The pins were claimed by Nancy Beach to announce her pinning to Ray Willms.

Mitchell-Boie
Kappas were outwitted once again when a house meeting was called for a very serious discussion. The announcement of Nancy Mitchell's pinning to Bob Boie, Sigma Nu, ended the discussion.

FIVE FINALISTS — Smiling for the photographer through a "football" hoop are the five finalists for Homecoming Queen. This picture was taken before the winner was announced and everyone was on friendly terms. Pictured, left to right, are Camille Johnson, Kappa; Marg Marshal, Delta Gamma; Toni Tunen, Hays; Eleanor Unzicker, Alpha Phi, and Linda Campbell, Alpha Chi.

OFFICIAL EXCHANGES

For the information of Idaho students, a list of scheduled University exchanges will appear on page 3 every Friday. Ed.

Delta Delta Delta — Chrisman
Gamma Phi Beta — Shoup
Kappa Alpha Theta — Farm House
Ethel Steel — Sigma Nu
Hays — Willis Sweet
McConnell — Delta Tau Delta

PINNINGS
Beach-Willms
In a skit presented to the Kappas, Lorraine Potter discovered that on the sweater she had borrowed was a Kappa Key chained to a Delt pin. The pins were claimed by Nancy Beach to announce her pinning to Ray Willms.

Mitchell-Boie
Kappas were outwitted once again when a house meeting was called for a very serious discussion. The announcement of Nancy Mitchell's pinning to Bob Boie, Sigma Nu, ended the discussion.

PJs On Parade Tonight At 6:00

The following is the order of attack for girls parading through men's living groups tonight at 6 p.m.

Alpha Chi, Alpha Gam, Kappa, Ethel Steel, Forney, French, and Hays paraders will meet at Campus Club and charge through Campus Club, Sigma Chi, Teke, Kappa Sig, Delta Chi, Fiji, SAE, LDS, Delta Sig, Farm House, Lambda Chi, and ATO living groups.

No blocking the way men, and don't grease studs, butter door knobs, and close doors at inappropriate times!

Girls from Theta, Phi Phi, Gamma Phi, DG, Tri Delt, Alpha Phi, and McConnell will invade Shoup, Upham, Gault, Chrisman, Willis Sweet, Delt, Phi Tau, Beta, Phi Delt, Sigma Nu, and Theta Chi residences.

Most University Men Escape Draft While Enrolled In College Curriculum

During the past few months as the tension has risen over the Berlin crisis, the level of concern by American males has risen also about their present draft status. Unless they are members of a reserve or national Guard unit most college men have little to worry about until they graduate from college anyway, the local Selective Service Board has reported. Those men in active reserves and ready reserves are subject to call and will be required to go with their units if they are called. Standby reserves may not be called without a special act of Congress in a state of emergency. Men in the advanced Army and Air Force ROTC programs and all NROTC students, both contract and regular, are exempt from the draft. Most students will have little to worry about until June, anyway. Any student called for induction during the school year is entitled by law to 15-C classification and cannot be called out of school during the school year. After the current school year in order to enroll for next year if one has been called for induction he will have to apply for a 2S classification, or student deferment. In order to be eligible for this deferment a man must be a full time student, that is, carrying 14 or more credit hours, and must have achieved a certain scholastic standing. After his freshman year he must be in the upper one-half of the full-time male students in his class. After his sophomore year he must be in the upper two-thirds of the full-time male students in his class. After his junior year he must be in the upper three-quarters of the full-time male students in his class. Graduate students are generally exempt under present rules and regulations if they have successfully completed four years of undergraduate work and achieved a scholastic standing in the upper three-quarters of the male students their fourth year in college. Recipients of student deferments have their liability extended to age 35. However, under present rules and regulations, a man may not be inducted after he reaches 26. Occupational deferments are also granted to certain professions such as teachers and engineers by most boards. The local Selective Service Board stressed the importance of every man keeping his own local board advised of his student status, marital status and changes of ad-

READY FOR ACTION — Pom Pom girls, attired in their new uniforms, form the traditional "P" in preparation for the Homecoming game tomorrow afternoon. They are, starting back row left to right, Diane Fawson, Kappa; Marge Marshall, DG; Karen Kelly, Pi Phi; Idora Lee Moore, Kappa; Wilma Anderson, Kappa, and Barbara Blair, Pi Phi.

The Young Republicans decided at their last meeting to have a car sponsored by them in the Homecoming Parade tomorrow.

Groups Have New Proctors

New housemothers, proctors and hostesses are serving several campus living groups this semester. Mr. and Mrs. Claude Tate are at Chrisman. He is in law school and she is teaching music at Moscow Elementary School. Mrs. Louise Hansen from Minnesota is at McConnell. Ethel Steel House has Mrs. Rutherford, previously a WSU housemother, from Enterprise Oregon. A schoolteacher and his wife, Mr. and Mrs. Ladd Mitchell, are at Gault, and Mr. and Mrs. Willard Wilson are at Upham. He is a University civil engineering instructor. Shoup has Mr. and Mrs. Clifford Trout. He is a physical education graduate student. Mrs. Frank Maughon from Davenport, Wash. is the Alpha Gamma housemother. Dale James, a physical education graduate student, is assistant proctor at Shoup, and Leland Slind, a senior engineering student, holds that position at Willis Sweet.

Martin Speaks At Conference

Dean Boyd A. Martin of the College of Letters and Science was among the principal speakers at the 10th annual Better Business Relations Conference yesterday at Gearhart, Ore. Dr. Martin spoke on the role of compromise in the legislative process. The conference program, sponsored by the Portland Chamber of Commerce, was designed to help solve problems of communication.

Added Naval ROTC Men Give Idaho Unit Impetus

Four new officers and a tremendously increased enrollment have given the Idaho Naval ROTC unit an added impetus this year to maintain its reputation as one of the finest units in the country. Taking command of the unit in November when he returns from a tour of duty in the submarine fleet will be Captain Harry Davey, officer is Cdm. E. M. Barton who was here last year. Other new officers are Lt. Cdr. Wayne R. Irwin, who has had experience in guided missiles and had flying experience in Korea. Lt. Allen D. Wynne, who will be teaching freshman courses, has recently served aboard a carrier. Lt. Richard E. Johe, who possesses a masters degree in electrical engineering, is also new. Enrollment for the program has reached an all-time high. This year approximately 70 men have enrolled in the freshman class. Usually the incoming class numbers around 35. The number of regular NROTC men, that is, those attending their senior year in high school, is about the same. The large increase is in the number of contract men who are signed up after arriving on campus. This year approximately 60 men signed up for the contract program, compared to the usual 20. The program, according to Midshipman Lt. and Public Information Officer Brody Conklin, Delt, has more to offer than the other two branches of the services on campus. The program is designed to train men to become officers in the fleet immediately after graduation without any additional training. This is done with heavy loads of classroom work and summer cruises where the men actually get experience aboard ships. Among the 52 NROTC units in the country Idaho has a reputation of having a very high retention rate of its men. Commanding the midshipmen this year will be Battalion Commander George Roberts. Other student officers are Midshipman William Kindley, Executive Officer; Midshipman David Heck, Operations Officer; Midshipman Gene Henry, Battalion Chief; and Midshipman Julius Peterson, Supply Officer. The NROTC also conducts an extra-curricular activity program for its men which includes, besides the Navy Ball, a picnic, coffee hours, sports competition among the platoons, drill and rifle teams and a big brother program.

Lack Of Space Causes Delay

Booming enrollment and lack of storage space caused the University Bookstore to run out of seven per cent of the textbooks needed for classes this week. Despite the extra three truck loads of books the store had in a downtown warehouse, many Idaho students found that a desired book was not in stock. The English and education departments were hardest hit by the shortage. Five titles were missing in education and 13 in the English department. Two weeks is the most that any students will have to wait for a book, according to bookstore officials. It takes seven days to receive a book from a western wholesaler, and about two weeks from an eastern wholesaler. Officials estimated that about 1,250 students went through the store every day during the early part of this week. Physics students were especially prevalent, and the call for texts in this department exceeded the purchased 700 by 50.

Eight Hundred Forty Students Will Display Flash Cards Tomorrow, Future Games

Card Section Diagram:

By JOXGE ARTHUR
Argonaut Staff Writer

Eight hundred and forty University of Idaho students will display their talent at cards when they participate in a flash card section during the Homecoming game tomorrow afternoon.

Clad in white shirts and blouses, the girls and guys will flash cards to represent a crown, the homecoming queen's name, and as a grand finale a small "I" that builds up to a large "I".

Participation is open to all students. The only requirement is that a person wear a white shirt or blouse to provide uniform background.

Members of the card section will be handed cards accompanied by diagrams of the stunts and directions for the stunts. A designated location will be set aside for the group.

Card section chairman, Bill Tigger, ATO, and his committee have been working on this project since last spring. Ideas were obtained from several universities such as Illinois, Indiana, and Iowa.

Most From Illinois
Much of the information was gained from University of Illinois, which has a 21-year-old traditional card section. Illinois city was the first college to initiate flash card sections and Homecoming celebration.

At that institution there are now two card sections which consist of 1,000 students each.

Juniors and seniors sit in one section, with freshmen and sophomores in the other section. Competition is strong between the two sections to display the most original figures, letters, names and figures have been used as themes. A cash prize is given to a student who designs the most clever presentation for an entire season of athletic activities.

Concert Tickets Ready

Memberships in the Moscow Community Concert Association will be available until Oct. 6.

Tickets seven dollars for adults and three dollars for students. Those desiring tickets should see Norman Logan, Room 103 in the Music Building.

The program includes: Zeitlin, violin; Orchestra San Pietro; Elias, mezzo-soprano; Souzay, harp; Ballet Russe De Monte Carlo; Frager, piano; Sullivan, tenor; and the Seattle Little Symphony.

Three Teams Tied For IM Grid Lead

AN ACTION SHOT of recent intramural football finds the Sigma Nus and the LDS battling it out on the Ad lawn. The Sigma Nus steamrollered over the LDS, 31-0, to gain a tie for first place in League II.

ATO, Beta, Delt Each Have 2 Victories In First Week

By Rod Higgins
Arg. Asst. Sports Editor

The ATO's unleashed a blistering offense to down the Tekes, 25 to 0, Wednesday afternoon. Jeff Wombolt scored two touchdowns to lead his team into a three-way tie for first place in League I.

Another shareholder of first place, the Betas, kept their record clean and handed last year's campus champions, the SAE's, a 13 to 6 whipping. Jim Paulson scored twelve of the Betas thirteen points in that contest.

Third Leader

The Delt's, shooting for another intramural crown, made it two in a row, to keep a third of first place, by downing the Phi Taus, 12-0.

The Kappa Sigs after a narrow loss Monday to the Betas, came back strongly to knock off Delta Chi, 13 to 0.

Sigma Nu, Phi Gamma Delta, and Delta Sigma Phi after Wednesday each own a share of first place in League II.

A strong, well balanced Sigma Nu team ran wild over LDS by a whopping 31 to 0.

George Sakelaris scored the only Fiji touchdown, but it was enough to enable the Fijis to slip by the Phi Delt's, 7-0; Bill Warner adding the extra point.

Intercepted Pass

An intercepted pass gave the Delta Sigs a 6-0 victory over the Sigma Chis in a closely fought contest: Lee Benner picked off a Sigma Chi pass and ran it back 25 yards to paydirt.

After a slow start, the Lambda Chis started rolling, ending up by rolling over Theta Chi by a 25-0 score.

Fred Marshall romped over for eighteen points as Chrisman Hall stomped Campus Club 34 to 0. Lindley Hall also had an easy time with Upham, scoring three quick ones to win 21-0.

Gault had its hands full, barely squeaking by Willis Sweet, 6-0. TMA had an easy night, winning by a forfeit over Shoop.

With only one game having been played by each team in League III, no definite contenders are readily available.

Tuesday games in League IV were a little more hectic. Campus Club 2 barely edged by Chrisman 2, 12 to 6. Upham 2 won by a forfeit on Gault Hall 2.

This sounds more like a baseball score: TMA2 4, (Shoop Hall 2, 0. What actually happened is that the Town Men scored two safeties.

It was Upham2,6, Lindley2,6, but Upham took it on penetrations 2 to 0.

Standings in League I and II now look like this:

League I	League II
DTDs 2-0	PGD 2-0
Betas 2-0	DSP 2-0
ATO 2-0	SN 2-0
SAE 1-1	SC 1-1
DS 1-1	LCA 1-1
KS 1-1	LDS 0-2
TKE 0-2	TC 0-2
PKT 0-2	PDT 0-2

Intramural Managers, don't forget the Intramural meeting in room 109 of the Gym, at 7 p.m., Wednesday. Be sure to be there. Election of officers will be held plus other very important business.

Touch Football Schedule for Monday and Tuesday:
Monday, Oct. 2 Tuesday, Oct. 3

Field	Field
1. GH vs. CH	1. PGD vs. SN
2. LH vs. SH	2. TC vs. LDS
3. CC vs. UH	3. SC vs. LCA
4. WSH vs. TMS	4. DSP vs. PDT
5. GH2 vs. CH2	5. DC vs. TKE
6. LH2 vs. SH2	6. PKT vs. KS
7. CC2 vs. UH2	7. DTD vs. SAE
8. WSH2 vs. TMA2	8. ATO vs. Btp

Football Squad Outlook Good

After three days of practice in sweatsuits, the 48 man frosh football squad is already starting to look promising.

Good size, not only on the line but also in the backfield, leads Coach Bud Goodell to look forward to a very promising season.

The end and halfback slots look especially well. Competition will be tough, with lots of size and speed playing for the starting nod.

Speediest back is Ron Kirby, followed closely by Bill Graham and LeRoy Hartwell. Frank Dunbar has been moved from center to guard to take advantage of his good speed.

The all-important quarterback position looms as a three-way battle between Joe Chapman, Mike Whiles, and Gary Shoop. All three looked fairly impressive even at this early date.

Monday will start to tell the tale when the young Vandals don their pads to start the real work.

'Gus' Predicts Games On Tap

Argonaut sports writer, "Gus" Gustafson has decided to go out on a limb and make some predictions for this Saturday's college football game. A list of ten games follows, with his prediction of the winner. Our "friends" across the line will be heartened, but probably disillusioned, at pick number 5.

1. Oregon State over Stanford
2. Iowa over California
3. Kansas over Wyoming
4. Notre Dame over Oklahoma
5. WSU over Utah State
6. Ohio State over TCU
7. UCLA over Michigan
8. New Mexico over Montana
9. Oregon over Utah
10. Idaho Vandals 27 over San Jose 19

High Schools Slate 2 Meets

On Oct. 14 and 28 the University will be host to a number of Inland Empire High Schools in the first high school cross country meets in North Idaho in many years.

Entries have already been received from Kellogg, Post Falls, Moscow, Clearwater Valley and Shadle Park and Rogers of Spokane. This list is expected to more than double by meet time.

The high school meet will be divided into junior and senior divisions, with a third race also scheduled for college and university athletes. A total of more than 150 runners will probably be on hand for the competition. Scheduled running time on each date is 10 AM for the first race.

On the 28th, at 1 p.m., an Idaho inter-squad track meet will be held to finish off a light season of fall training.

Faculty Barbecue Ticket Sale Ends

Faculty members have until this afternoon to obtain tickets for the Faculty Club fall barbecue. The outdoor event is set for 3 p.m. Sunday at the University Arboretum. In case of rain it moves into the Field House.

Tickets for the barbecue are available from Mrs. Miller at the Faculty Club. They are free to new staff members and their families. Old members pay \$1 per person or \$2 per family. Both old and new members must have tickets.

IK Book Sale Nets \$700

The Intercollegiate Knights' book sale, held during the last week in the SUB lobby, grossed some \$700 by the time it ended yesterday afternoon. Jeff Tollefson, Phi Tau, chairman of the sale, estimated yesterday.

ONCE MORE, UNTO THE BREACH

With this installment I begin my eighth year of writing columns for the makers of Marlboro Cigarettes, as fine a bunch of men as you would meet in a month of Sundays—loyal, true, robust, windswept, forthright, tattooed—in short, precisely the kind of men you would expect them to be if you were familiar with the cigarettes they make—and I hope you are—for Marlboro, like its makers, is loyal, true, robust, windswept, forthright, tattooed.

There is, however, one important difference between Marlboro and its makers. Marlboro has a filter and the makers do not—except of course for Windswept T. Sigafos, Vice President in charge of Media Research. Mr. Sigafos does have a filter. I don't mean that Mr. Sigafos personally has a filter. What I mean is that he has a filter in his swimming pool at his home in Fairbanks, Alaska. You might think that Fairbanks is rather an odd place for Mr. Sigafos to live, being such a long distance

from the Marlboro home office in New York City. But it should be pointed out that Mr. Sigafos is not required to be at work until 10 A.M.

But I digress. This column, I say, will take up questions of burning interest to the academic world—like "Should French conversation classes be conducted in English?" and "Should students be allowed to attend first hour classes in pajamas and robes?" and "Can a student of 18 find happiness with an economics professor of 90?"

Because many of you are new to college, especially freshmen, perhaps it would be well in this opening column to start with campus fundamentals. What, for example, does "Alma Mater" mean? Well, sir, "Alma Mater" is Latin for "sacred money".

What does "Dean" mean? Well, sir, "Dean" is Latin for "don't get caught".

What does "dormitory" mean? Well, sir, "dormitory" is Latin for "bed of pain".

Next, let us discuss student-teacher relationships. In college the keynote of the relationship between student and teacher is informality. When you meet a teacher on campus, you need not salute. Simply tug your forelock. If you are bald and have no forelock, a low curtsy will suffice. In no circumstances should you polish a teacher's car or sponge and press his suit. It is, however, permissible to worm his dog.

With the President of the University, of course, your relationship will be a bit more formal. When you encounter the President, fling yourself prone on the sidewalk and sing loudly:

"Prexy is wise
Prexy is true
Prexy has eyes
Of Lake Louise blue."

As you can see, the President of the University is called "Prexy". Similarly, Deans are called "Dixie". Professors are called "Proxie". Housemothers are called "Hoxie Moxie". Students are called "Amoebae".

This uncensored, free-wheeling column will be brought to you throughout the school year by the makers of Marlboro and Marlboro's partner in pleasure, the new, unfiltered, king-size Philip Morris Commander. If unfiltered cigarettes are your choice, try a Commander. You'll be wgleams aboard.

New League In 'Limbo' Say Officials

The proposed new conference is currently in a state of "limbo." No planning has taken place since spring, and the scheduled target date of 1963 is no longer feasible.

Last winter, Athletic Director J. Neil (Skip) Stahley, together with President D. R. Theophilus, proposed that several Northwest universities which had been orphaned by the crumbling of conferences as the P.C.C. and the Skyline join together to form a new league. Schools that were contacted were Seattle, Portland, Gonzaga, Montana, MSU, ISC, and Idaho.

The proposed new conference was planned primarily for basketball, while spring sports were not to be included. Football was also to be included, as Portland, Gonzaga, and Seattle have dropped football and Montana is preparing for a de-emphasis of the sport.

It is in the area of basketball that major snags have arisen. MSU and Montana have lagged behind Idaho, ISC, Gonzaga, Portland, and Seattle, who have deftly voiced interest and support of the movement. According to NCAA regulations, a conference must include a minimum of six teams to gain recognition. This is a dilemma which is currently plaguing the AAWU.

Furthermore, in a basketball league, at least eight schools are needed in order to insure proper league balance, scheduling, and a healthy financial situation. According to Tom Hartley, Athletic Publicity Director, eight teams would insure a league schedule of 14 games, while providing for

enough open dates to allow for participation in holiday tournaments and scheduling of traditional rivals.

Idaho's Rivals

In respect to Idaho's rivals, Hartley said that in the advent of a new conference, Idaho never intends to drop WSU and the other schools of the old Northern Division.

It would appear that until movements are instigated in Montana, the proposal is indefinitely stalled. Furthermore, some of the important problems such as transcripts and eligibility have not been worked out.

"You have to have organization before details can be worked out," said Hartley.

Female patient: Doctor, will this scar show?

Doctor: Madam, that's entirely up to you.

ASAE Members Have Talks, Food

Members of the Student Chapter of The American Society of Agricultural Engineers Sunday evening were entertained in the shop area of the Agricultural Engineering Lab. Short talks in regard to their respective areas were given by Chapter Advisor Delbert W. Art Lee, and Prof. J. W. Martin, head of the Agricultural Engineering Department.

One highlight of the event was the cooking of hamburgers over forges of heavy metal plates setting on smoldering coals.

Hungry Vandals Face Unbeaten Spartan Eleven

In The **Sportlight**
by Herb Hollinger

Vandalettes, Bands To Create Sparkle During Homecoming

It's time for all good students to come to the aid of the team (football, that is). No matter how trite that sentence is, it still has a very important meaning. And that meaning is—attend the Vandal-San Jose football game. The game starts at 2 p.m. Saturday, but the Vandalettes are scheduled to make their first appearance of the season at 1:30 along with the high school bands. It will, no doubt, be a scenic pleasure to be on hand at this time, along with the good entertainment. The bands will perform at halftime plus the annual Homecoming ceremony. All this adds up to an impressive afternoon worth the time to spend at Neale Stadium.

Needless to say, the Vandals will be up for this one. San Jose is more in the Idaho class and the Vandals should be able to score easier than against Oregon.

Speaking of the Oregon game, which I have probably overdone but felt it should be written, the University of Oregon daily paper is received by the Argonaut on a reciprocal basis. The Monday, Sept. 25 issue of the Oregon Daily Emerald has some very interesting and crude details on the Oregon-Idaho football game.

The front page picture shows the Rally girls waving their hands frantically as if they were cheering about something. It's a tremendous picture and beneath it is a one-line sentence that says, "Oregon's 51-0 victory over TRADITIONAL DOORMAT Idaho Vandals Saturday gave pom-pom waving Rally girls lots to cheer about."

As if they thought they would like to shout some more, the sports page has three interesting articles on the game. At the top of these stories are three black headlines which read, 1. "UO SLAUGHTERS Vandals," 2. "Oregon Buries Hapless Vandals," 3. "Idaho NOT TRUE TEST" — CASANOVA.

Incidentally, the Casanova is Len Casanova, the head football coach at Oregon.

Taking into consideration that we did get beat pretty bad, this column gets the feeling that the Oregon Daily Emerald seems to think that because they beat us 51-0, they are sure Rose Bowl contenders. Anyway, Oregon is going to have its share of disappointments this year, too, from looking at their schedule.

But, the one that gets you deep down inside and makes you want to laugh for an hour or two is the first paragraph of the Casanova story. It reads:

"It just wasn't a true test; I still don't know what kind of a pass defense we've got." Then it goes on to say that Len Casanova was not in the optimistic mood one might expect of a coach whose team had just opened its season with a 51-0 victory.

Anyway, welcome Alums, and we hope we can give you a victory in the Homecoming game.

Vandals Look For First Win At Tomorrow's Homecoming

Idaho's revitalized Vandals will try to get on the winning side of the young football season Saturday afternoon when they tackle San Jose State College in Neale Stadium at 2 p.m.

Utah State U. Crushes MSU, Tackles WSU

By LARRY McBRIDE
Arg. Sports Reporter

Looking forward to Idaho's future football opponents, Utah State ran roughshod over Montana's Grizzlies 54-6. The Utags scored early and often to hand Montana its worst defeat since the two teams instigated play in 1904.

Utah State rolled up a staggering 41 point lead in the first half, holding the Grizzlies to a minus 6 yards on the ground and 37 via passing. Clyde Brock, a 271 pound tackle even managed to get into the scoring act, as the Aggies made every attempt to live up to their pre-season ranking as the number two team in the West.

WSU Beaten
In Columbia, Missouri, WSU was absorbing a 28-6 defeat at the hands of the 1961 Orange Bowl champions, Missouri. Ronnie Taylor, last season's bowl hero guided the Tigers as he ran for two extra points and set up both TDs with precision aerials.

Cougar passer Mel Melin connected with All-American candidate Hugh Campbell and others for 16 of 23 for 136 yards, but had two crucial interceptions to stop Cougar drives.

Oregon State, an Idaho Oct. 7 opponent, fared little better, losing to Syracuse, 19-8. Ernie Davis, everyone's All-American back scored twice and was the key man when the going got tough. Fumbles set up two more for the Orangemen, as OSU, switching to the "T" after years of Coach Tommy Prothro's single wing, had trouble with their timing.

Army Wins
Army, the "Big Team" this year, opened their season with a convincing 24-6 win over Richmond. The Cadets used a grinding offense, coupled with a stingy defense to gain their victory.

In other games, Fresno State scored in the third quarter, and then held on to score a 16-13 victory over Montana State, Idaho's opponent in the Boise game Nov. 18.

Arizona, who the Vandals play in a night game Nov. 11 waxed Colorado St. U. 28-6, and San Jose beat University of the Pacific, Idaho's next opponent, 14-0.

It will be Homecoming for the Vandals and they will be out to prove to Alums and students that their defeat last weekend at Oregon was not a preview of things to come. Idaho also has a score to settle with the Spartans from San Jose. A last-play-of-the-game touchback resulted in a 22-20 loss to the Spartans last year in San Jose, California.

Homecoming Activities
The traditional Homecoming football game will be sparked by an opening ceremony in which the Vandalettes and several high school bands will perform. During the halftime the bands will provide entertainment for the alumni and spectators.

San Jose, like Oregon, has a fast backfield and the Spartans boast a very impressive line which averages nearly 225 pounds. This combination has led the California team to a 14-13 win over Brigham Young University and a 16-0 rout of University of Pacific.

Will Use Option
Idaho will be running out of their pro-type T offense. Coach "Skip" Stahley has indicated that his quarterbacks will be using the option plays where they may run or throw depending on the openings. Regular quarterback Mike Mosolf can run well and with 6 foot 6 inch Reg Carolan, Idaho's All American, to throw at, this might make a good combination.

Idaho ran well against the Oregon Ducks in the first half when Mosolf and the hard running of Dick Mooney gained good yardage through the Duck defense. On the line for Idaho and opening the holes for Mosolf and Mooney were John Nilsson, John Desmond, Zeke Urko and Bob Ames.

San Jose will counter Idaho's offense with two backs who have looked exceptionally sharp in San Jose's previous ballgames. Halfback Phil Clifton rolled up 87 yards in 13 carries in the Spartans game with UOP.

Back from last year's squad and one of the mainstays of that team is Johnny Johnston who ground out 63 yards in 10 tries against UOP. Mack Burton, a regular end last year, will also pose a threat to the Vandals. He will be the prime target for quarterback Chon Gallegos. This combination resulted in much of the yardage gained in the UOP game and accounted for one of San Jose's touchdowns.

Varsity Hoopsters Need Members

All those interested in turning out for the Varsity Basketball team, please report to Coach Bill Sorsby in the Memorial Gym Monday at 5:00 p.m. to start the cross country program.

BACKFIELD COACH — Gary Farnworth discusses ball handling with his four Idaho quarterbacks during a recent practice session. These four carry a heavy load on their shoulders into the San Jose game tomorrow as they will try to lead the Vandals to their first win. From left, sophomore Gary Mires, letterman Rick Dobbins, sophomore Gary Gagnon, and veteran Mike Mosolf.

Touchback Play Not Improbable

There is probably one thing certain not to happen Saturday afternoon at the Vandal-San Jose football game. And that is a last-play-of-the-game touchback that wins the ball game.

Sound improbable! Well, it happened the last time these two teams met. The lucky one was San Jose who won on that last play 22-20.

Watch those tricky last plays Saturday afternoon

Out-Of-Staters Need License For Hunting

Out-of-state students at the University must purchase non-resident class licenses if they intend to hunt or fish in Idaho, according to the Idaho Fish and Game department.

"In past years some students apparently have not fully understood the legal requirements of resident status insofar as the purchase of hunting and fishing licenses is concerned," a department spokesman said yesterday.

The purchase of a resident license by a non-resident is a misdemeanor, he added. It was also pointed out that periodic investigation of license purchases is a regular duty of the department's conservation officers, so very few of those violations slip by unnoticed.

The usual requirements for establishing residence do not apply to exchange or out-of-state students. Under Idaho law they are considered to be residing only temporarily within the state and therefore retain their legal place of residence or domicile in their home country or state, it was pointed out. This is true not only in Idaho, but other states as well.

Pitchers, Etc. To Enhance B-Ball Team

Two right-handed pitchers who won a total of 15 games between them last season have enrolled at Idaho this fall, baseball coach Wayne Anderson said yesterday.

Dave Sewright, a native of Nyssa, Ore., pitched Boise Junior College into the national JC playoffs last season with an 8-2 mark. He was a junior college second team All-American.

Ralph Lawrence was named all-conference while compiling a 7-2 mark for Sacramento City College last spring. He was also named the most valuable athlete in the school. Both he and Sewright will be juniors.

Replaces Shortstop
Anderson hopes to have a replacement for his all-Northern Division shortstop in Martin (Mick) Michaelson from Skagit Valley J.C. Michaelson, whose home is in Puyallup, Wash., hit .310 for Skagit last season and was named all-conference. The Vandals' regular shortstop, Bill Johnson, graduated.

Finding a replacement for two graduated catchers was another of Anderson's problems. With the graduation of Ted Knivilla and Roy Schmidt the Vandals were without an experienced receiver. The addition of Jeff McQueeny from Clark Junior College in Vancouver, Wash., should fill the bill. McQueeny was all-conference at Clark and will enter Idaho as a sophomore.

Idaho will play in the Northern Division Baseball league again this spring with Washington Washington State, Oregon and Oregon State. Washington State is the defending league champ.

BOWLERS WILL TRY OUT

Anyone interested in tryouts for the S.U.B. bowling team report to the game room at 4:15 Monday, October 2, 1961.

Talented Frosh Make Future Bright In I. Track

Frosh track prospects at Idaho are at their brightest in many years, according to track coach Bill Sorsby. With a helping hand from the football team this year's group will be strong in nearly every event.

Incoming trackmen include Peter Tullis, St. Albans, New York, a 1:54.8 half-mile in high school; Wayne Meekel, 4:34 mile from Coeur d'Alene; Rod Glasby, Idaho state class B half-mile champion from Shoshone; Jerry Howard, Idaho state class B high hurdle champion from Pottlatch; Dave Rambeau, 13-7/8 and 6-2/4 in the pole vault and high jump, from Placerville, California; and Dick Mace, 50.1 quarter-mile from Sandpoint.

Footballers To Help
Among the very strong group of football player-trackmen are 185' discus thrower Max Leetzow of Los Altos, California; 60-9' shot putter Darrell Rich of East Bakersfield, California; 165' discus thrower Mickey Rice of Riggins, Idaho; sprinter Ron Kirby, 9.7 and 21.5 from Walnut Creek, California; Jerry Brown, 59' shot putter from Tulare, California; LeRoy Hartwell, 21.9 sprinter from Seattle, Washington; Joe Chapman, 19.9 low hurdler from Coeur d'Alene; Frank Gonther, 9.8 sprinter from San Francisco; and Leon Shaver, low hurdler from Eulare, California. Three or four other football freshmen will be expected to bolster the team.

Other frosh trackmen include Bill Graham 182' javelin thrower from Hermiston, Oregon; Rolf Prydz, 22-1/2' broad jumper and 180' javelin thrower; Sam Taylor and Carl West, distancemen from

Illinois; Warren Shepard and Francis White, distancemen from Weiser, Idaho; John Teague, weightman from Worley, Idaho; Jim Bronson, weightman from Payette, Idaho; Jimmy McElroy, sprinter from Kimberly, Idaho; Carl Nagy, 22.3 sprinter from Redlands, California; Paul Lawrence, 180' javelin thrower from Everett, Washington; Biff Johnson, shot-putter from Clearwater Valley, Idaho; Bill Maynard, hurdler from El Segundo, California.

This group of frosh athletes, with an additional eight or ten former high school trackmen who are hoped will join the team should brighten the spring picture, Sorsby commented.

Frosh Begin Hoop Practice

Freshman basketball turnouts will begin Oct. 16. A meeting for all those interested in playing on the team is scheduled for Oct. 2.

Coach Wayne Anderson is expecting a turnout of 25-30 candidates, and has several good prospects. However, Anderson asks that anyone interested in basketball to turn out and give it a try.

"ANYONE who has an interest in basketball owes it both to himself and us to come out and try. Each year, we find a few individuals who may not have a name, but who develop into good ball players," said Anderson.

Anderson further emphasized that anyone turning out would be given an opportunity to make the squad.

Good Material
Anderson feels this year's squad has good material but added, "the men will have to prove they can do the job, which is only fair to the members of the frosh team of last year."

Last season, the Vandal Babes enjoyed a very successful season, posting a record of fourteen wins against only three defeats, losing to CBC in a triple overtime, the Washington frosh by 10, and once to BJC by 4.

62 CHEVROLET NOW ON DISPLAY

THE '62 CORVAIR MONZA
Meet the car that puts sport in the driver's seat! Bigger new brakes and Corvair's renowned rear-engine traction offer just about the surest footed going on the road. A new Monza Station Wagon makes its debut. And all models sport freshly tailored upholstery inside matched by sassy new styling accents outside.

This jim-dandy's got the stuff that drivers dote on. ■ Backstage you have a standard aluminum air-cooled engine that turns up 80 hp. (or if you like more razzmatazz, one that uncorks 102 hp?). ■ Sure enough, there's independent suspension on all four wheels to keep the ride as amiable as ever. Inside, you'll find a heater and defroster, cigarette lighter, dual sunshades, front-door armrests and automatic choke as standard equipment on most models. ■ There are lots of reasons for liking what's new—and tried and true—in the '62 Corvair. And your dealer's eager to tick 'em off for you.
*Optional at extra cost.
