The Golden Fleece By Jason

Comprehensive State Tax Study Needed

The state legislature in recent sessions has over-spent available revenues and has had to resort to tax increases to pay the bills. Tax reform plans, proposing revisions in our present tax structure and additional revenue-raising methods such as a retail sales tax, have been discussed and discarded.

The state's existing tax structure has had to carry the burden of increased expenditures. The legislature this session increased the percentage levy in each income tax bracket an average of about 10 per cent; removed the credit of state income tax paid in figuring taxable income and increased the rate of withholding from 15 per cent of federal income tax withheld to 18 per cent. The surtax on liquor was raised from 7.5 to 10 per cent and the cigarette tax levy was increased one cent per pack to 7 cents.

The new taxes placed additional pressure on Idaho citizens, who in 1960 paid a per capita tax of \$188.88 as compared to \$290.67 national average. (Idaho ranks 28th among the 50 states in per capita taxes.)

Actually, Idaho's per capita tax doesn't sound bad. But when it is coupled with Idaho's per capita income, \$1,807. (39th in the nation) compared to \$2,263 nationally, figures show that Idaho citizens pay \$105.23 taxes per \$1,000 of income. The national average is \$90.29 per \$1,000 of income.

Idaho is tenth in taxes paid per \$1,000. However, only 43 cents separate Idaho from seventh-place Minnesota. People who pay the highest tax per \$1,000 income live in the deep South.

Idaho Ranks 39th in Per-Capita Income

Idaho is 39th in per capita income, and it is logical to assume that increases can't be forever added to the personal income tax. A tax reform program is needed.

Max E. Fletcher, associate professor of economics, suggested how such an undertaking should be taken. Fletcher, a panelist on the Silver Lance's forum on higher education, suggested a "comprehensive study of the state tax structure" to see if the Idaho tax dollar is getting its most efficient use.

Fletcher's suggestion is not new. My father, Charles Herndon, a Democratic aspirant for the gubernatorial nomination last spring, also suggested an impartial tax study. He was not the first, either.

Fletcher was building a case for higher education. But the statistics he quoted from the "Statistical Abstract of the United States," published by the Department of Commerce, can properly be generalized as specific examples for a statewide problem: A burdensome tax system in which efficiency is unknown.

Fletcher compared the percentage of the biennium budget Idaho allots to highways and education with monies neighboring states provide for similar categories.

About 33 per cent of Idaho's \$284.35 million tax revenues goes for education. Lumped together, the states have an average education. Only Nevada (32.4 per cent) of the neighboring states spends less of its budget for education than does Idaho. Montana is close (34.9 per cent). But the percentage figures rise tax revenue of \$288.24 million and spend 36 per cent of it for sharply — Oregon, 39.7; Washington, 40.0; and Utah, 47.9.

On the other hand, Idaho tops the list in the percentage of the budget going for highways. Idaho spends 27 per cent of its revenues for roads. Montana (26.6) is a close second. The others in descending order: Oregon (20.4); Nevada (19.9); Utah (19.0); and Washington (15.5). The national average is 18.2.

I also should point out that the neighboring states receive more tax money than Idaho. Nevada leads the group with \$420.8 million; Oregon, \$342 million; Montana, \$334.2 million; Washington \$332 million and Utah, \$306 million.

Education Gives Bigger Return for the Money

Fletcher argued that "an additional dollar spent on education will bring in more dollars in the long run." He said that of the criteria that industry has in seeking new development areas is access to a quality labor force. He emphasizes that education—all types—is necessary to have a quality labor force.

He suggests that some tax money may be more efficiently spent in education than on highways. He realizes that Idaho is "a geographic monstrosity," and that maybe Idaho's highway money is efficiently used.

He advocates a comprehensive study of the tax system of the state to see where the inefficiencies lie.

Air Squadron Hosts Banquet

Lt. Colonel Anthony M. Engels, chairman of the Dept. of Air Science and Tactics and the University of Idaho, was among the honored guests at the fifth annual banquet of the 9401st Air Reserve Squadron held in Pullman, April 30.

The banquet, which included a reception and social hour, was attended by 60 members of the squadron and their guests.

The 9401st Air Reserve Squadron serves three Eastern Washington and five Northern Idaho counties, and has flights in Pullman and Colfax, Washington; Moscow, Idaho, and in the Lewiston-Clarkston area.

Greeks Get 20 Awards At Banquet

A total of 125 guests attended the second annual Greek awards banquet sponsored by Inter Fraternity Council at the Moscow Elks Temple Tuesday night.

Special feature of the banquet was a talk by H. Walter Steffens, academic vice president, on fraternities and their future.

Five scholarship awards were presented. FarmHouse received top scholarship honors for the fourth consecutive year. The SAEs won the Sib Kleffner award based upon highest grades among fraternity pledges, and the Sigma Chi Foundation award for scholarship improvement went to Sigma Nu.

Panhell Award Given

The Panhellenic scholarship award was presented to the Pi Phi, and the Panhellenic scholarship improvement award went to the DGs.

Winners of campus activities honors included Beta, blood drive; Phi Tau, Homecoming float; Sigma Nu, Lambda Chi Christmas door decoration; Theta Chi, Fresh Week decorations; Sigma Nu, Dad's Day decoration; and FarmHouse for Songfest honors in the mixed division.

Intramural awards went to the Deltas for cross country and tennis; Sigma Nus for touch football; Phi Deltas for swimming; SAE for B basketball; and ATO for track.

Athletes Acknowledged

Two other athletic awards already publicly presented were acknowledged. Galen Rogers, off campus, won the Hec Edmundson trophy given by Kappa Sigma as the "most inspirational football player," and the J.O. (Oz) Thompson award in basketball went to Chuck White, SAE.

Jim Bounds, Beta, was master of ceremonies at the banquet. Arrangements were handled by Bob Mooney, Fiji, general chairman; Jim Scheel, SAE, IFC president; and Guy Wicks, associate dean of students and IFC advisor.

Guest included deans of the various colleges and their wives; heads of local service groups and their wives and fraternity advisors.

ABBOTT STREET

Abbott Street was named after Captain Robert A. Abbott, killed in action on Guadalcanal in 1942.

CLASSIFIEDS DO THE JOB!

Jim Metcalf's Campus Perspective

It's getting so a columnist isn't worth his salt if he hasn't expounded on the loyalty oath. I, however, would like to approach it from a slightly different angle — the mentality of the people who favor this type of legislation and of the legislators who passed it.

Especially the latter is of importance to me and to the state. I am astounded that not one of our distinguished senators in this state either had nerve enough or enough sense to stand up and say, "I'm not going to vote for this asinine and ineffective piece of legislation proposed by some organization that spends more time saying it is loyal, and that others aren't, than it does in working for the good of the state and the country."

This obvious reaction is the

AF Testing For Officers

An Air Force interviewing and examining team will be in the Air Force ROTC Department, located on the main floor of the old Mines Building, Monday, according to Lt. Col. M. Engels, professor of Air Science.

The team will interview and test senior and graduate, male and female students interested in an Air Force Commission through the new Air Force Officer Training School program (OTS).

OTS consists of a 90-day co-educational officer orientation course at Lackland Air Force Base, Texas, after which the individual is commissioned a second lieutenant and attends an Air Force Officer level technical school that he or she selected prior to accepting OTS.

Col. Engels went on to say that the Air Force has a requirement for approximately 5,200 men and women officers from most all educational fields to be commissioned through this program.

Applications may be submitted up to 210 days prior to graduation, making it possible for senior students graduating in February, 1964, to submit their applications with the team next week.

The team will be in the Air Force ROTC Department from 9 a.m. to 6 p.m.

one that was entirely lacking. What kind of men are our legislators that they can conceive that loyalty can be forced. I've always classed that feeling in the same group as my feelings toward God and love. It's something that has to come from within. Wonder what would happen if God asked me to sign a statement that I believed in him or my fiancée asked me to sign a statement saying I loved her?

The loyalty oath approaches these same ridiculous limits. At the same time it thusly points out the much bigger problem existing. That we have a legislature composed of men who are willing to pass such laws as this that have the approval of no one but the American Legion and the super-patriots that write letters to the editor of this paper like Neil P. Letcher.

Almost unanimously the newspapers of the state have protested the law. The Idaho Daily Statesman in Boise stands as a conservative-ridiculous exception. That men can actually believe that a state needed a law like this is indicative of something that has dark forebodings for the state. That they can actually even consider letting their names go on the record in favor of this and not be laughed out of town is a sad situation.

Where are the H. L. Menckens to cut through the pseudo-super-patriots with their pompous verbiage and their "holier than thou" attitude? Are there no individualists left unafraid to say this is stupid and just because it sounds good is not reason enough to pass it into law?

The legislature made a lot of mistakes this past year. Some of them were the result of politicking and pork-barrel deals. Some of them were because of lack of information and most of them were because of prejudice or lack of thought. There is a possibility that we can exist with these other mistakes.

The loyalty oath was probably the most asinine mistake and will probably be the hardest to live with. Chagrin and humiliation and lack of self-pride aren't very good bed-partners.

Perhaps we should question the loyalty of the legislators who would play this dirty trick on their constituents. At least we question their ability to put loyalty into perspective.

It's A Hopeful Beginning

Associated Women Students and the Office of Student Affairs took a commendably realistic approach to women's social restrictions this week when they endorsed legal allowance for a practice that has been illegally indulged in for many years.

The mockery of a restriction, concerning the attempted barring of coeds from men's off-campus apartments, now has been lifted for a very few by the granting of permission for engaged coeds to visit in their fiancés' apartments.

The AWS Board of Reference also voted Wednesday to give 11 p.m. week-night hours to junior women with a 2.7 grade point average — a ruling commendable for the emphasis it provides for study. Freshman sorority pledges must study sufficiently to avoid the penalty of longer study hours for poor marks. The bonus of later hours when they become juniors now will provide the same sort of incentive for sophomore women.

The allowing of engaged coeds to visit their fiancés' apartments is something of a compromise between many women's long-time wish to allow anyone to live off campus and a desire by the dean of women to retain the status quo. The compromise might be regarded as a "foot in the door" for the possible permission, someday, for any woman to visit and live wherever she pleases.

There still are means of restricting

the off-campus visits. Parents of engaged coeds must send their permission to the dean of women before the coeds are allowed in the apartments; and the ruling about rare exceptions to the regulation barring women from off-campus living has been a bit clarified so that the dean of women now can make exceptions for reasons of finance, health or age.

For years women have been visiting, illegally, the apartments of fiancés, friends and mere acquaintances for parties, study sessions or other reasons. The Administration hasn't enforced the rule (for the number of offenders is far higher than the number who are caught), if for no other reason than the almost impossible difficulty of enforcing it. And despite the new ruling to make the visits legal for a small percentage of coeds, the frequent, illegal visits will undoubtedly continue. Many coeds feel the Administration has no right to determine how they are to conduct themselves during their free time, at an age when they should be allowed to make their own decisions about moral conduct.

But now, at least, the Office of Student Affairs is beginning to realize those restrictions it can't enforce and shouldn't impose. We can hope that these small allowances in women's rules are indicative of a trend toward a proper liberalization that should have been begun long ago. — N. M.

Engineers Win Prizes On Papers

A paper presented by William H. Martin, off-campus, senior mechanical engineering student, won second prize at a Society of Automotive Engineers meeting Wednesday in Spokane.

Fourth prize was won by another Idaho student, Lyle G. Dickerson, off-campus. Competing were engineering students from Washington State University and Idaho.

The awards were announced by J. R. Avery, faculty advisor for the Idaho society.

Twenty-four junior and senior students and six faculty members of the Department of Mechanical Engineering attended the Spokane meeting which included a tour through the liquid oxygen production plant at Fairchild Air Force Base, and a dinner at the Caravan Inn during which the awards were presented.

Martin's paper was on "The Application of Strain Gauges in the Testing of Materials," and Dickerson spoke on "Theory and Design of a New Oil-Bath Air Cleaner."

Physics Award Given To Olson

Michael Olson, Campus Club, has been selected top student in introductory physics courses at the University this year. He was awarded a copy of the Handbook of Chemistry and Physics by the Chemical Rubber Publishing Co.

Carl West, off campus, placed second in the academic tournament conducted by the local chapter of Sigma, Pi Sigma, national physics honor society.

Olson, an electrical engineering major, participated in chemistry research last summer under a National Science Foundation grant.

Special Rates 'Til Wednesday

Special rates of four lines for \$1, shoes included, will be in effect at the SUB bowling alley Monday, Tuesday and Wednesday.

After Wednesday's bowling, the alleys will remain closed until next fall, Jim Bowlby, manager, said.

WANT ADS GET RESULTS!

CPA Exams Taken By 32

Thirty-two people are taking Certified Public Accountant examinations in the Student Union Building.

This examination, which covers ethics, accounting problems, commercial law, accounting theory and auditing, began on Wednesday and will end today.

A board of examiners, headed by Phillip Presnell, Lewiston, is administering the test. The examinations will be corrected by the American Institute of Certified Public Accountants in New York. The results will be known in three months.

"The tests are open to anyone over 21 years of age with two years of college," said Willard J. Wilde, professor of accounting. "Usually those who participate are college graduates."

Twenty-seven of those taking the tests here are graduates of the University of Idaho. After passing the examination one to five years of experience are required before a CPA license is issued.

House News

Mothers Form Club; Houses Hold Elections

House elections in two living groups and the formation of a Mother's Club in a third were features this week as activities slow down pending closed week.

During a tea Saturday morning FARMHOUSE mothers formed a Mother's Club. Present for the formation were Mrs. Duane Le-Tourneau, Mrs. Richard Ross, Mrs. Hazel Erickson, Mrs. C. E. Lampman, Mrs. Bonnie Johnson, Mrs. Robert Haynes and Mrs. Clara Doherty, all of Moscow; Mrs. Alfred Howard, Pottlatch; Mrs. Richard Simmons, Jerome; Mrs. Ruth Olson, Buhl; Mrs. Georgianne Ney and Mrs. Edith Walters, Aberdeen; Mrs. Frank Wells and Mrs. Ruth Johnston, Twin Falls; and Mrs. Alva Eakin, Weiser.

TWO HOUSES ELECT THIS SPRING

Newly elected KAPPA SIG officers are Larry Williamson, president; Frank Ohm, vice president; LeRoy Odum, vice trainer; John Grief, treasurer; and Randy Benson, scribe.

PHI DELT officers are Steve Merrill, president; John Wall, vice president; Dave Bell, secretary; Joe Holst, treasurer; Mel Cook, warden; Ken Johnson, historian; Larry Burke, alumni secretary; Doran Parkins, chaplain; Dinnen Cleary, song leader; Bill Carpenter, librarian; Jim Dinsmore, house manager; Larry Nye, rush chairman; Parkins, social chairman; Bell, pledge trainer; John Wales, scholarship chairman; and IFC representative and Greek Caucus, Nye.

STEREO CAPER; PLEDGES ACTIVE

FARMHOUSE and the PI PHIs recently moved to the woods outside Moscow for their Campus Chest exchange, "Stereo Caper." The exchangees played baseball and ate barbecued steak to stereo music, and listened to the Brown Mountain Three.

ALPHA GAM pledges announced Wednesday's turnout day at a fireside Monday. On Wednesday, members and pledges exchanged titles and duties. Initiates' big sisters also gave them their just-arrived pins.

Other pledge activities includes the FARMHOUSE pledge sneak to Spokane recently. A baseball game and tour of Spokane marked the day.

STAR AND CRESCENT DANCE SLATED

FARMHOUSE will hold its annual Star and Crescent Formal tomorrow night in the new SUB ballroom. The Moonlighters will play for the dance.

Jonathon Wells, WILLIS SWEET, recently pledged FARMHOUSE.

Tuesday dinner exchanges of five persons are being carried on with FARMHOUSE chapters here and at WSU.

Paula Spence Elected Head Of New Spurs

Paula Spence, Gamma Phi, has been elected president of Spurs. Christine Hunt, Forney, was elected vice president and Phyllis Nedrow, Tri Delta, was elected secretary.

Spurs, sophomore womens service honorary, elected officers at their first meeting last Wednesday.

Other officers elected were Jana Smith, Kappa, treasurer; Linda Werner, Alpha Gam, editor; Suzanne Henson, Kappa, historian; Barbara Suter, McConnell, song leader; Pat Alexander, Theta, usher chairman; Barbara Hardy, Pi Phi, and Betty Bower, Tri Delta, hospitality committee.

The Spurs tapped thirty new members May 11th. Following the tapping a pledging ceremony was held at the Theta house. Breakfast followed the pledging.

Tapped for Spurs were Pat Alexander and Jean Boly, Theta; Lou Benoit and Nancy Pfaff, DG; Mary Bjustrum and Linda Werner, Alpha Gam; Betsy Wicks and Judy Bond, Hays.

Betty Ann Bowers and Phyllis Nedrow, Tri Delta; Jean Cline and Paula Spence, Gamma Phi; Barbara Doll, Suzanne Henson, Jana A. Smith and Zena Griffith, Kappa.

Melanie Fruechtenicht and Barbara Hardy, Pi Phi; Donna Gibson and Martha Turner, Alpha Phi; Judy Heidel and Marilyn Parker, French; Kathy Hicks and Carol Samson, Alpha Chi;

Christianne Hunt and Betty Jennings, Forney; Marilyn Ramsey and Barbara Suter, McConnell; and Janice Roth and Carolyn Ravenscroft, Ethel Steel.

Graduate Recital And Concert Dates Changed

The dates for the "May Pops" concert by the University Symphonic Band and John Baker's graduate recital have been changed.

The "May Pops" concert has been changed from May 19 to May 23. Baker's recital will be held May 19. The recital will be in the Recital Hall of the Music Building.

Baker, bass trombonist, will be featured as soloist in "Concerto in D" by DeBoismortier, "Concerto in B Flat" by Mozart and "Sonata for Trombone and Piano" by Hindemith, at the recital.

Two sonatas of tower music, "Two Sonatas for Brass Quintet" by Pazel and "Morgen Musik" by Hindemith, will also be presented on the recital program with "Trio for Trumpet, Horn and Trombone" by Poulenc.

Tower music, originated in Germany in the 17th century and was played from towers at specific intervals during the day. "Morgen Musik" by Hindemith is a 20th century composition of this style of music.

Assisting Baker will be William Billingsley, assistant professor of music, trumpet; Judy Sinclair, Forney, on piano and Lynn Schwindel, Richard B. Jones, and Robert Newell, of campus, brass accompaniment. The "May Pops" concert by the University Symphonic Band, under the direction of Warren Bellis, assistant professor of music, will be featuring light music designed for listening. The concert will be in honor of the graduating seniors.

The "Witches Waltz" from "Hansel and Gretel", music from the Broadway show "Carnival", and "Musica Simpatica", a rhapsody on Mexican folk music, will be among the numbers presented at the concert.

Seniors Given Three Tickets

Each graduate may obtain a maximum of three graduation tickets upon verbal request, but graduates are asked to obtain only as many as they require, Dean David D. Kendrick, College of Business, chairman of the Commencement committee said.

Those who need more for immediate members of the family should get them from other graduating seniors he said. He added that an announcement will be made shortly as to where extras may be obtained in emergency situations and when the tickets may be obtained.

Rings N' Things

ENGAGEMENTS

MINSHEW-SPENCER

Andrea Anderson announced the engagement of her roommate, Linda Sue Minshe, Hays, to Ron Spencer, Phi Delt, by claiming a blue and white carnation nose-gay at Mother's Day dinner. A late August wedding is planned.

PINNINGS

HICKS-PIPAL

A blue candle with pink carnations was passed during Big-and-Little Sister night at the Alpha Chi house Monday when Donnetta Halverson announced the pinning of her little sister, Kathy Hicks, to Owen Pipal, Beta.

Vandalettes To March In Kellogg

Vandalettes, University of Idaho women's marching group, will participate in the twelfth annual Elks Roundup Parade Saturday in Kellogg.

More than 30 girls will do precision street marching in the parade which has the theme "First One Hundred Years in Idaho."

The girls will wear black uniforms with a white felt University of Idaho emblem. They will carry a banner with Vandalettes on it.

According to Ed Holland and Ron Santi, parade chairmen, the Vandalettes will march behind the Kellogg High School band.

This will be the group's last performance this year. Next year they will march at football games and parades.

STEP 'N SMILE — Shown during a Vandalettes practice recently are four members of the drill team. The Vandalettes will travel to Kellogg tomorrow for a parade.

5 C's Hold Picnic Sunday

A 5 C's picnic, one man art show and sale, reunion and a square dance have been planned for this weekend.

DSF, BRESEE, WESLEY, ROGER WILLIAMS, LSA, and WESTMINSTER

The 5C's will meet in the Arboretum at 4 p.m. on Sunday for a picnic. Various groups will plan the food, recreation, entertainment and devotions. Charge for the picnic is thirty-five cents.

LUTHERAN DINER'S SOCIETY

The Lutheran Diner's Society will meet today at noon in the gray room on the Campus Christian Center to hear the tape on the "Earl Lecture, Part II" by Dr. Paul Tillich.

There will be a Lutheran student coffee hour on Thursday at 4 p.m. in the CCC.

L.D.S. INSTITUTE

A Ward reunion will be held at 5 p.m. this evening in Gormley Park.

Caldwell To Talk Of Goldfish Bowl

Dr. Harry Caldwell will be guest speaker at the Cosmopolitan Club Friday, 8 p.m., in Conference Room B in the Student Union Building.

Caldwell, associate professor of geography at the University, will speak on "The American Goldfish Bowl."

New International Committee members will also attend to discuss the purpose and functions of this committee and to see how these two groups can work together to establish better relations between the students, said Cliff Schoff, Cosmopolitan Club president.

Election of officers for the coming year will be held at the meeting.

Honeymoon Fashion Show Highlights Pansy Breakfast

A "Bon Voyage Honeymoon" fashion show will highlight the Tri Delta Pansy Breakfast Sunday morning at 9 at the chapter house.

Tri Delta Pansy Bride Sue Greenleaf will step through the pansy ring on the arm of the groom, Bill Frates, ASUI president. Attendants will be Carol Werry, bridesmaid, Buzz McCabe, Phi Delt, best man, and Bill Longeteig, Beta, usher.

Bride's Trousseau

Tri Deltas modeling the bride's trousseau supplied by David's Department Store include Carol Sellers, a salmon negligee; Sharon Stroschein, blue going-away suit; Sandy Marker, two-piece swim suit; Peggy McGill, peach sports outfit; Lynn Earp, capris; Jean Ann Schodde, black one-piece swim suit; Sandi Snyder, sun dress; Judy Groves, cocktail

Committee Picks Caldwell Member

Dr. Harry R. Caldwell, associate professor of geography, has been appointed to a national committee of the Association of American Geographers.

This committee establishes a lecture series, develops a lecture program and selects lecturers for this program. These lecturers speak on current research information in the field of geography.

The first meeting will be held during the national conference of the Association of American Geographers Sept. 1-4 at Denver, Colo.

The Loyalty Oath

Students Feel Oath Curbs Basic Rights

A recent poll of 23 University students showed almost unanimous objection to the loyalty oath bill recently signed by Idaho Governor Robert E. Smylie.

Of 23 students, picked at random, 21 voiced outright objection to the oath. The remaining two saw no objection but also saw little purpose to the new act.

When signing the loyalty oath, full-time and part-time state employees swear that for the five previous years they have belonged to no organization that advocates the overthrow of the U.S. or State governments.

Opinions of the interviewed students closely paralleled the opinion of Idaho chapters of the American Association of University Professors which repeatedly have voiced criticism to the new bill.

Earlier, Dr. R. A. Postweiler, president of the local AAUP chapter, had made public the organization's objection to the new oath.

One student said "an oath of allegiance to, or for the defense of, our country would be fine, but we are losing our individual liberties and basic rights when we are forced to sign an oath such as this."

Sixteen of the students said that they thought many of the state employees would sign the oath to avoid future trouble even though they don't actually believe the oath is useful or ethical.

One student gave an example of a hypothetical state employee who has been working for the state for many years, and has settled down to a fairly routine life as a part of his community.

A male junior said that "the oath is so poorly written I cannot blame those who do not sign it. I do feel, unfortunately, that the general public will judge and convict these people by inference when they do refuse to sign."

Eleven of the students said the bill would not serve its purpose in pointing out state employees who are, or have been members of a subversive organization, or who are Communists.

The chapters of the AAUP in Idaho are attempting to test the constitutionality of the bill.

Two visiting professors of mathematics will speak to University students today, and Monday.

Dr. Ann Morel, professor of mathematics at the University of Washington, Seattle, will speak to freshmen and sophomores at 11 a.m. today in room 104 of the Agricultural Science building.

Dr. Fritz Oberhettinger, professor of mathematics at Oregon State University, Corvallis, will present two lectures Monday on "Self Reciprocal Integral Transform Kernels."

Background and experience are desired but interest is the important factor. Anyone interested should schedule appointments with Dave Soper, Public Relations Director.

Two members of the Communications Department faculty will be initiated into Sigma Delta Chi, professional men's journalistic society, by the University's undergraduate chapter Tuesday.

Those tapped are Gordon Law, acting head of the department, and Walter K. Bunge, associate professor of journalism. They will be initiated in Conference Room E of the Student Union Building at 5 p.m. Tuesday.

Girls Find Intern Jobs

Twelve University of Idaho bacteriology majors have been accepted for hospital internship in medical technology, Dr. V.A. Cherrington, head of bacteriology, announced today.

Scheduled to start their internship during the summer at Spokane's St. Luke's hospital are Judith Currin, French; Carol Kovaneh, French; Nancy Mah, Ethel Stael; Barbara Bainbridge, Alpha Phi, will intern at the Memorial hospital, Long Beach, California.

Going to Huntington Memorial Hospital in Pasadena, Calif., for training are Dorothy Baldridge, Alpha Phi, and Rowena Elkum, Kappa. Ann Ingebritsen and Roberta Peterson, both off campus, will intern at the Los Angeles County Hospital.

Joanne Heller, Gamma Phi and Delores Llewellyn, off campus, will train at Mercy Hospital in San Diego. Going to the Children's hospital at San Francisco for training is Martha Buell, Alpha Chi. Sally Powers, off campus, will do her internship at the UCLA Medical center, Los Angeles.

Justice speaks to law students. The Honorable E. B. Smith, Justice of the Supreme Court of Idaho, spoke to the student body of the College of Law on the "Economics of Law Practice" recently.

Justice Smith, a graduate of the University of Idaho, has been a member of the Supreme Court for the past six years and served last year as chief justice of the court.

L. Link places in ad contest. A junior in business administration at the University of Idaho.

Group elects Sue Solomon. Sue Solomon, Theta, has been elected president of the Student Idaho Education Association.

PR Assistant Is Sought, Says Soper. Freshman and sophomores are eligible for the position of Associate Public Relations Director of the Associated Students of the University of Idaho.

SDX Taps Two Profs. Two members of the Communications Department faculty will be initiated into Sigma Delta Chi.

Advice Well Taken

Fulbright Scholar Harris To Study In German School

At an early age, Brian LaMont Harris, off campus, was told by his father, "You have a brain and it is meant to be used."

It was advice well taken. Harris has been selected as a Fulbright Scholar to study at the University of Marburg, Germany, next fall.

He receives his B.A. degree from the University of Idaho this June with an accumulated grade point average of 3.64 out of a possible 4.0.

Young Harris listened to his father, Leon L. Harris, a supervisor of reactor maintenance and fueling for Westinghouse Electric Co. at the Arco Naval Reactor Testing Center.

He came to the University with a strong interest in mathematics, but at the end of one semester he discovered an ability and a willingness to work at philosophy.

"I am not too concerned with things of which I feel an immediate end result. In fact, I am in horror of practicality."

Harris is an aesthete, highly interested in the arts. Other than in the classroom, this motivation is expressed in writing one-act plays. One, "Self-Evident Truth," was first published in the student-edited "I" magazine.

Another play entitled "By definition," has been accepted in a national competition. Two one-act plays have been performed by the University Drama Department.

"By seeing them performed, I have learned a lot about stage processes," said Harris. He credits the Modern French Theatre as an influence in his writing.

New Methods Cut Irrigation

University experiments in apple and prune orchards have shown that an irrigation schedule based on trunk-growth rates can cut the number of irrigations needed.

Experiments show that intervals between irrigations may be extended to 4-6 weeks with no reduction in fruit yields. This means the number of irrigations for the year would be reduced to one-half the number frequently used.

Although the work was done in apple and prune orchards, other limited experiments also indicate the same may be true in irrigating peach trees.

Two University of Idaho Agricultural Bulletins about these new methods of irrigation are available from the mailing room at either the Boise Extension Office, 317 1/2 N. Eighth St., Boise, or the College of Agriculture, University of Idaho, Moscow, as well as from county extension agents.

Govt. Award Won By Alum

Robert L. Brady, 1961 University graduate in business administration from Burley, has been awarded the Meritorious Service Emblem of the U. S. General Accounting Office, it was learned here today.

HERE'S MORE ABOUT - Review

by Capt. H. E. Davey, Jr. professor of naval science. Roland O. Eyers, Lt. Col., USAF Reserves, will present the Air Force Association award to Cadet Lt. Col. James Wecker, Delta Sig.

Philip Peterson, Major, USAFR, and dean of the College of Law, will present the Reserve Officers Association awards to Cadet 1st Lt. William Hodgson, Beta; Midshipman 1-C Robert A. Peterson, off campus; and Cadet Lt. Col. Stan Falls, Fiji.

More Awards Listed. R. E. Fahrenwald will present the Moscow Naval Reserve award to Midshipman 1-C Jim Judd, off campus. The Boeing award will be presented by Hugh A. Knapp to Cadet A-1C Mike Olson, Campus Club.

Jack Wren will present the American Legion Dudley Loomis Post awards to Cadet Lt. Col. Dalene Bailey, Sigma Chi; Midshipman 1-C William Hobdy, off campus; and Cadet Maj. Terence Egan, off campus.

Mrs. C. L. Woodward will present the Daughters of the American Revolution award to Midshipman 1-C Peterson. The O'Connell awards will be presented by Mrs. J. J. O'Connell to Midshipman 2-C Hurlbert, Midshipman 3-C

U-I Entomologist Pinpoints Maggot

Is it a radish or a cabbage maggot? This point is cleared up by Roland Portman, extension entomologist. He says that radish maggots are really cabbage maggots attacking the radish plant.

These maggots will also attack various plants such as cauliflower, Kohlrabi and Brussel sprouts. "In early spring small flies emerge and fly to one of these plants and lay eggs in cracks and crevices of the soil. When hatched from the egg, the larva digs its way into the soil and enters the root of the plant," stated Portman.

"If the plant is not well established, the maggot can kill it."

SALT REQUIREMENT. One ounce of sea water will supply about one-fifth of the daily salt requirement for a human being.

Sack, and Midshipman 4-C James Nelson, Upham. Capt. Davey will present U.S. Naval Institute awards to Midshipmen 1-C Oksanen and Judd. Maj. R. E. Campbell, USMC, will present the Marine Corps Association award to Midshipman 1-C George T. Schmidt, Delta.

Lt. Col. Engels will present the General Dynamics award to Cadet A-1C Carl Johannessen, Campus Club, and Midshipman 1-C Wiley De Carli, Phi Tau.

51 Sophomores Selected For Advanced Army ROTC

The Army ROTC Department has announced the acceptance of 51 sophomores into next fall's advanced course program.

Cadets accepted are William I. Anderson, Sigma Chi; Grant Baugh, Shoup; Richard Beebe, Upham; George Benoit, Gault; Thomas R. Black, TKE; Benny G. Blick, Sigma Chi; Richard N. Bourassa, off-campus; David Mark Brown, Beta; Leroy R. Brown, off campus; John Conley, Upham; John C. Dahl, off campus; and Steven M. Darel, SAE.

Gary L. Densow, ATO; Francis J. Esser, Upham; Fredrick G. Fancher, Delt; James A. Faucher, Sigma Chi; James R. Fields, FarmHouse; Frederick E. Freeman, Chris Gibbs; and Grayson Gibbs, Sigma Chi; William L. Hawes, Beta; Jerry A. Howard, FarmHouse; and Jack R. Hutteball, Willis Sweet.

Gary D. Janousek, Lindley; John R. Jennings, Delta Sig; Paul A. Lawrence, Beta; Dennis I. Kriegel, Theta Chi; Richard P. Lange, Fiji; Vernon R. Leyde, Sigma Nu; Dennis L. Lindahl, Willis Sweet; Kerry L. Manus, Gault; Douglas E. Miller, Kappa Sig; Francis J. Miller, Chrisman; Gary L. Morgan, off campus; Gregory L. Munther, Gault; Richard D. Naccarato, off campus; and Frederick R. Oyer, Gault.

Ward G. Parks, Upham; John E. Patrick, Delt; James N. Peterson, Willis Sweet; William R. Ringer, Sigma Chi; Robert W. Robideaux, ATO; David K. Royer, and Roger N. Snodgrass, Sigma Chi; John R. Teague, Theta

Chi; Allen R. Thompson, Lindley; and Karl A. Urban, Upham.

Thomas L. Walls, Campus Club; Michael P. Whiles, Fiji; Patrick H. Wicks, ATO; and Rex P. Williamson, Willis Sweet.

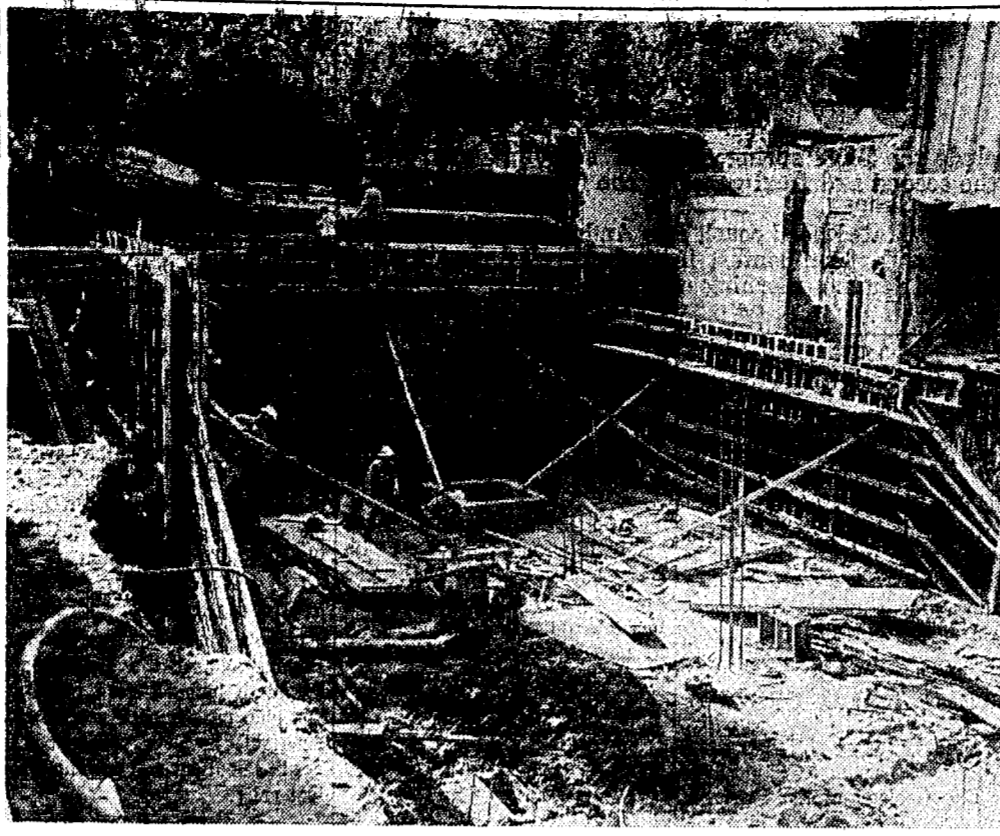

Jack DeBaun Receives Chem Award

Jack DeBaun, a senior chemistry major from Lewiston, has been awarded the Merck and Co. prize as the chemistry student with the highest academic average.

DeBaun, 21, has a 3.86 grade average out of a possible 4.0. The prize is the Merck Index of Chemicals and Drugs, a reference work for chemists, pharmacists and medical personnel.

The Idaho student recently received honorable mention as one of the nation's top chemistry students in a list compiled by Chemical and Engineering News magazine.

He holds memberships in Phi Beta Kappa, Phi Kappa Phi and Phi Eta Sigma, all national academic honor societies. Holder of a National Science Foundation undergraduate research grant, DeBaun served as president of the American Chemical Society student affiliate. He worked on various service committees at Upham hall and served as a volunteer tutor in freshman chemistry.

DIGGING'S — This hole beside the Student Union Building will become the basement of the new Bookstore, which is being reconstructed on its old site where the former building, originally the first Blue Bucket Inn, was torn down this semester.

Book Store Finish Set Dec. 1, 1963

Tentative date for completion of the new bookstore is Dec. 1, 1963, according to George Gagon, University engineer.

Additional time after this date will be necessary to complete the internal fixtures and displays in the building, he said.

The building will be one story with a glass front, trimmed in brick and aluminum. The ground floor will have supplies and sweat shirts.

The basement floor will contain text books and 4,000 paperback books. This floor alone will be the same size as the old book store, according to Chester Kerr, manager of the University book store.

U of I Scientists Study Milk

The increased use of farm bulk tanks on Idaho's dairy farms has created new problems in milk quality, and magnified old ones.

A phenomenon known as the "bacteriostatic" effect occurring within bulk tanks apparently affects bacteria action in cheese making and in certain milk quality tests. University of Idaho dairy scientists, under the leadership of John L. Barnhart, will investigate the bacteriostatic phenomenon.

Barnhart said existing quality tests for market milk were developed when milk was placed in a 10-gallon can immediately upon milking and slowly cooled and delivered to the milk plant daily.

In the modern dairy farm, second, third and fourth milkings are added to the milk in the same farm bulk tank, and the milk plant truck picks up the milk every other or every third day.

UN Course Applications Deadline Now

Today and tomorrow are the last dates to fill out and return applications for a seminar and advanced course on United Nations work at Drew University, Madison, N.J., R. E. Hosack, social science chairman, said yesterday.

Students who will be upper classmen next semester are eligible to apply.

Application blanks are available in the social science office, Administration 112. Students who wish to apply still have time to do so, Hosack said. Two students have applied so far, he added.

Offered are fellowships for either fall or spring semester 1963-64. The course consists of a general seminar in United Nations work and, for students who have taken courses in international organizations, an advanced course on international organization.

Work in the course will be mainly by visits to the United Nations headquarters in New York, Hosack said. Both the seminar and advanced course will constitute a full semester load. Students taking only the general seminar may fill in with other Drew University courses, he said.

Activities Council Gets Vandal Rally Committee

Acting on a recommendation by ASUI Public Relations Director Dave Soper to remove Vandal Rally Committee from the duties of his office, Executive Board placed the committee in Activities Council Tuesday night and decreed it is to be the responsibility of the ASUI vice president.

The board, however, also voted to reject Soper's recommendation, which stated that if the board felt the committee "should be retained in the Office of Public Relations because of its public relations value, then we should like to suggest that the international student committee, the student-faculty committee, and many other committees having strong public relations orientation be included under this office."

Soper's report, first presented a week ago last Tuesday, recommended that the committee be placed under Activities Council because "although the Rally Committee has public relations significance, it is basically a student rally and pep organization... with a secondary role of PR."

Exec Board Member Marlene Finney reported that Barbara Clark, publicity area director for Activities Council, felt that the rally committee should be "a separate entity," apart from the council. Soper, however, noted that the council had voted unanimously to take the committee.

Carvel Whiting, ASUI vice president and Activities Council chairman, commented that "when you make an autonomous body, it loses control and direction." He recommended that the committee not become an actual area directorship of the council, but that instead it be placed under his office. He then moved that Soper's report be rejected, and the motion was carried.

Whiting then moved for his recommendation and it was passed 6 to 2.

The board also voted to accept a recommendation of Communications Board for five students to head the ASUI's communications media next year. Those passed were Karen Smith and Karen (Kip) Peterson, co-editors of the Argonaut; Virginia Cope and Julie Strickling, co-editors of the Gem, and Allen (Buzz) McCabe, station manager of KUOI. It was reported that a sixth Communications Board recommendee, Larry McBride as Argonaut managing editor, had resigned.

Policies Outlined
In other business, the board passed a report by President Bill Frates outlining policies for bringing "big-name" entertainment to the campus. The report stated that it would be understood that no more than two special events would be scheduled.

Physical Education and Recreation, at Missoula, Mont., Miss Coffee was made president-elect. The district includes Idaho, Montana, Washington and Oregon.

While attending the national association meeting in Minneapolis, in her new district capacity she was elected secretary of the professional preparation section.

Army Gives 22 Awards

The Idaho Army ROTC Cadet Corps held its annual review May 9. Under the command of Cadet Col. Clarence Chapman, FarmHouse, 700 uniformed cadets passed in review before University Vice President H. Walter Steffens and Col. G. W. James, professor of military science.

Awards were presented to Cadet 2d Lt. John E. Schaufelberger, Willis Sweet, drill team award; Cadet Sgt. John W. Conley, Upham, professor of military science Pershing Rifles award; Cadet SFC Jack R. Hutteball, Willis Sweet, professor of military science outstanding marksman award; Cadet Daniel Hormachea, Fiji, and Cadet Hutteball, professor of military science school of the soldier award for outstanding freshman and sophomore.

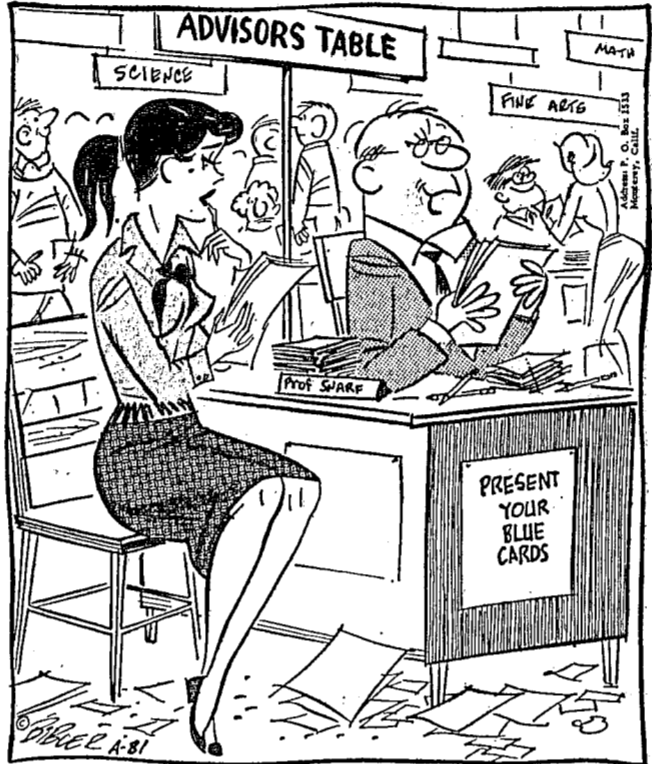

Others recognized included Cadet Steven Young, Theta Chi, outstanding freshman marksman award; Cadet Maj. Lane H. Groves, Kappa Sig, Armor Association award; and Cadet Maj. Larry A. Jeffries, Fiji; Cadet Maj. Allen D. Strong, Shoup and Cadet Capt. Richard L. Kloppenburg, Phi Delt, all received Aviators' Wings.

Cadet Major Keith A. Huettig, Delta Sig, received the professor of military science outstanding flight award.

The cadet corps coed sponsors were presented with engraved silver trays. Patsy McCullough, Gamma Phi, was named Honorary Colonel, and received her red blazer, an engraved silver tray and a monogrammed jewelry box.

Other sponsors honored included Bonnie Lee Smith, Kathy Wood and Lorna Kipling, DG's; Ann Weber, Arvilla Nelson and Suzanne Henson, Kappas; Christianne Cook, Alpha Phi; Joanna Blood, Ethel Steel; Margot Irwin, Gamma Phi; and Dolores Cook, Pi Phi.

LITTLE MAN ON CAMPUS

Kellogg Invites U-I Vandalettes

The Vandalettes, a women's drill team, will perform in the 12th annual Elks Roundup Parade in Kellogg Saturday. Approximately 35 Vandalettes will appear in the community wide affair.

The Roundup Parade is described by Ron Santl and Ed Holland, parade committee chairmen, as the "only major event held in Kellogg each year." The theme of the parade is "First 100 years in Idaho."

The Vandalettes will return Saturday evening after the parade.

Camp Planned On Conservation

The 4th annual University Conservation camp for boys at Alpine 4-H Summer camp on Palisades lake has been set for June 3-8.

The program includes instruction in phases of conservation such as fish, game, forestry, watersheds, timber and soils. Counseling and instruction on career opportunities will also be given.

Vernon Burlison, Idaho extension forester, Moscow, will be one of the instructors.

Boys who have completed the freshman year of high school are eligible to apply for attendance.

Blacks Set For Test In 'Bowl' Finale

Helt Wins Horseshoes Title; Golf Tomorrow

Vern Helt wrapped up the individual championship of intramural horseshoes as he defeated Ben Marra by scores of 21-20 and 21-15.

Helt of Gault Hall had beaten Jerry Hult, SAE, and Marra, Phi Delta, had downed Doug Bishop of Chrisman in the semifinals before pairing off in the big match.

Nears Completion

Intramural softball will wind up regularly scheduled play next Monday and Tuesday, with many important games to be played in those two decisive days.

Action this week was heavy as the weatherman was smiling for a change.

In League One the ATOs stayed in contention with a 16-1 win over

the FarmHouse, while the SAEs were tightening the league with a 1-0 squeaker over the Phi Deltas.

In later action the Sigma Chis downed the Phi Deltas 6-4, the Delta Chis won over Theta Chi 14-4, the SAEs won another close one from the ATOs 1-0 and FarmHouse took a 2-0 win from the Tekes.

In League Two the Betas were 19-3 victors over Sigma Nu and the Delta Sigs were winners 16-7 over Lambda Chi. The Deltas won 10-2 over the Phi Taus, and the Kappa Sigs beat the Fijis 10-3.

In League Three Gault beat Upham 13-2, and TMA won over Campus Club 12-3. Willis Sweet defeated Chrisman by an 8-3 margin.

Action in League Four found Chrisman 2 winning from Willis Sweet 2 9-7, Lindley 2 downing Shoup 2 17-2, and Gault 2 beating Upham 2 22-7.

The Idaho Vandals will conclude the 1963 spring football season tomorrow at 9:30 a.m. with the playing of the second and final game of the "Picnic Bowl" series at Neale Stadium.

"This is kind of a Vandal day," stated head coach Dee Andros. The Idaho baseball team will be playing a Northern Division contest in the afternoon, and Andros said that the grid test was scheduled for the morning so that Vandal supporters could see both events.

Far West Golf Starts Today; Frosh Face NIJC Saturday

The Idaho varsity golf squad left early yesterday morning for Corvallis, Ore., and the Far West Championships, which are being held today and tomorrow.

Making the trip was a six man squad plus one alternate. The six regulars are Bill Goss, Terry Gustavel, Ros Rognstad, Tom Sampson, Bill Ballantyne, and Rick Jensen. The alternate is John Bowen.

Participating in the tourney are Oregon, Oregon State, Portland U., Seattle U., Idaho, and possibly Gonzaga.

The match is based on medal play over 36 holes, and the best 4 scores of the 6 entries will count toward the team score. Golf coach Dick Snyder remarked that Idaho has beaten most of their opponents in medal play and that every man on the squad is capable of good golf.

Frosh Travel

The frosh squad, victorious in its first two outings, travels to Coeur d'Alene Saturday to take on North Idaho Junior College in a dual match. Making the trip will be Doug Harper, Dave Driscoll, Dick Trail, Chuck Walton,

Reid To Present Paper In N. M.

"The Geology of the Sawtooth Range" will be covered in a scientific paper to be presented in Albuquerque, N. M., by Professor Rolland R. Reid, head of the Department of Geology and Geography.

Professor Reid will deliver the report at the May 18 meeting of the Rocky Mountain section of the Geological Society of America.

The paper covers work done in the summer of 1961 for the Idaho Bureau of Mines and Geology. Finds of the study are to be published shortly by the bureau.

AWARD SWEATERS ARRIVE

Award sweaters for basketball, track, skiing and swimming have arrived and are now at the Athletic Department.

Babes Face NIJC After Wednesday Loss To WSU

The Vandal frosh, 5-3 victims to Washington State Wednesday, will try to get back on the winning trail today when they travel to Lewiston tomorrow for a doubleheader against Lewis-Clark Normal School.

The Vandal Babes will face the Hawks at 1:30 p.m. in the opener. Gary Peters will hurl in that game. Frank Reberger will get the starting call in the nightcap.

Against the Couababes, a two-run rally in the ninth inning sent Babes to defeat. The frosh club held an early lead but was not

able to hold it up.

Idaho Scored First

The Vandal Babes scored twice in the first inning. Mike Everett and Ed Haskins singled, and another single by Jerry Waide sent both runners across the plate.

With the score 3-3 in the ninth, the Couababes scored twice without benefit of a hit to wrap up the game. A walk and several errors did the damage.

Mike Lamb started on the hill for the Babes and lasted until the ninth, when he was relieved by Peters. Lamb was the loser.

Vandals Meet Loop-Leading OSU Today And Tomorrow

Idaho's Vandals will try to keep a one-game Northern Division win streak alive today and tomorrow when they meet league-leading Oregon State in a pair of weekend battles.

Idaho will meet the Beavers today at 3 p.m. on MacLean Field. The Vandals and OSU will clash Saturday at the same time.

The games come on the heels of a 3-2 win over Oregon Tuesday that broke a seven game ND losing streak for the Vandals. Coach Wayne Anderson's team stands 3-7 in conference play and 14-10 for the season.

Idaho's Dave Sewright held a shutout against the Ducks until the ninth inning before the Oregon club pushed across two runs. Sewright, however, managed to get the final out and end the Web-foot rally.

Must Get Hits

"We are going to have to hold their hitters down and then jump on the Beavers pitchers. We have to get hits to win," said Anderson.

Glenn will start on the mound for today's contest. Sewright is expected to start on the hill tomorrow.

The Vandal players voted today on the recipient of the Terry Boesel Award. The Award is in honor of Terry Boesel, a former Vandal.

Debaters Tap, Will Hold Picnic

Delta Sigma Rho, national forensic honorary, tapped eight students for membership May 9.

Tapped were Nancy Grubb, Phi Phi; Jon Trail, Upham; Dick Weholt, off campus; Steve Meyer, Kappa Sig; Arlen Marley, Upham; Karen Fenton, off campus; Jim Johnston, FarmHouse; and Rick Beebe, Upham.

Wednesday evening a Delta Sigma Rho picnic will be held at Robinson Lake for all the people who have debated this year.

Far West Play Will Conclude Year For Idaho Net Squad

Idaho's tennis team will close out its season today and tomorrow when it vies in the Far West Championships at Corvallis.

The meet began this morning and continues this afternoon. Another session Saturday will conclude the two-day affair.

Coach Bill Logan and the Vandals left yesterday for Corvallis. The netmen will return to Moscow sometime Sunday.

UW Favored

According to Logan, the University of Washington will be cast in the favorite's role. The powerful Huskies have three of the top

amateurs in the Northwest on their squad.

Others in the FWC meet include Oregon, Oregon State, Washington State and Idaho. The Vandals are yet to defeat any of these teams thus far this season. They have been defeated both home and away.

Total points will determine the winning team. Points will be given for each match a team member wins, the points going toward the squad total. There will be a singles tournament, as well as doubles play.

Idaho finished last in the Far West play last year.

Vandals Set For FWC Test

Idaho's tracksters will wind up their regular season tomorrow when they journey over to Pullman to participate in the War West Championships. The test starts at 2 p.m. at Rogers Field on the Washington State campus. Preliminaries will start at 1:30 p.m.

Oregon and Oregon State will be cast in the favorites. For the Vandals, it will be a matter of trying to pick up points.

"Oregon and Oregon State will battle it out for the championship," predicted Idaho coach Doug Basham. Oregon lost distance man Keith Foreman because of an injury, and this is expected to enhance Oregon State's chances.

Idaho's best chances to score lie in Paul Henden in the three-mile; Nick Carnefix in the 440; Bob Johnson in the 220; Bob Ruby in the hop-step-and-jump; Larry Johnson in the shot put; Gus Johnson in the high jump; Nils Jensen in the 880; Bernie O'Connell in the mile and the Vandals' 440 relay team.

Bob Johnson set a new school record of :21.5 in the 220 last week against WSU. According to Basham, the time was the second best in the Northwest to date in this event.

The Idaho mentor feels that Henden stands an excellent chance of breaking the Idaho varsity record in the three-mile. Dick

Douglas set the present mark of 14:17.4 last season.

Basham said that Pete Luttrupp, Dick Broneman and Jerry Howard all stand a chance of breaking the school record in the intermediate hurdles. He said that if the weather holds up, a number of WFC marks could go by the boards.

Basham said that Washington pole vault great Bryan Sternberg will be at the meet. A member of the 16 foot club, Sternberg held the world's record in the event until two weeks ago.

"If the weather is good, it's entirely possible that Sternberg could set a world's record," said Basham.
