

U-I, Moo-U Kick Off Palouse Battle Tomorrow

Challenge

A new era in the Battle of the Palouse is about to begin.

In the past—the dead and soon to be forgotten past—the Mighty Vandals have shown their kindness to dumb animals—the WSU fans, not Butch—for as you know he is an Idaho Cougar!

We have been authorized by the Athletic Department to accept a forfeiture from the so-called "football" team at WSU. We believe that when the Vandals have vanquished the Cougars, the latter will be forced to cancel their remaining games unless eleven should survive.

In short, for those of you who possess a limited vocabulary, we will simply state—GET YOUR WALKING SHOES ON GUYS, IT'S NINE MILES!

Iranian Student Likes The States

By DIANNE WENINGER Argonaut Staff Writer

The kindness of the American people and their respect for work are two of the most impressive aspects of the United States, according to an Iranian foreign student at the University.

Manoutchehr Basstounpour, known to his friends as "Boston," has traveled in 21 different countries. He believes that the United States has a duty as leader of the free world, as well as to herself, to solve the problems which bring shame to her, such as segregation.

"Many other nations look to the United States for leadership, support her policies and are embarrassed by her weaknesses," said Basstounpour.

He said that U.S. foreign aid should be limited to technical and educational assistance, as a higher standard of living will do more to defeat Communism in underdeveloped countries than military support.

"The Peace Corps idea is wonderful, but its success depends on how wisely it is used, and how well trained its members are," said Basstounpour.

Likes Our Education "Boston" has found that American education stresses and develops academic strengths and individual aptitudes, rather than concentrating on weakness-

es. Another feature of American education he admires is the well organized administration system.

"The semester plan requires students to work harder during the year instead of having only one set of finals at the end of the year," he said.

Take It For Granted He commented that most American girls, not having been subject to serious economic problems, seem to take it for granted when men spend money on them.

"In England, for instance, if you offer to take a girl out to coffee she is surprised and pleased. In America this is not likely to be so," he said.

"Boston," who gives his age as "less than a hundred," has bachelor's degrees in philosophy, sociology and psychology. He came to the University last February and will receive his bachelor's degree in education at the end of this semester.

"I would like to thank all my professors and the administration who have been so kind, and done everything they could to help me while I have been at the University," he said.

NO SMOKING

In 1913 President Carlyle ordered that anyone found smoking on campus, faculty member or student, would face immediate expulsion.

A ROSE BY ANY OTHER NAME

Honorary Advises KUOI-- If Executive Board Approves

A recommendation that KUOI, the ASUI radio station, be placed under the advisement of the Radio-TV fraternity was approved Wednesday by Communications Board.

The proposal will now go to Executive Board for its approval, then the University President D. R. Theophilus.

Station Manager Buzz McCabe presented the proposal to Communications Board. He said: "Not Filling Potential

"KUOI has not yet begun to fulfill its complete potential as a responsible radio voice to the student body or as a training ground for future broadcasters."

Reasons for KUOI not fulfilling its potential were listed by McCabe as first, lack of continuity of policy and personnel from year to year and second, underestimation of KUOI's potential by non-broadcasting students in the operation.

AERho Assumes Advisorship "We suggest that the newly installed Beta Beta chapter of Alpha Epsilon Rho (broadcasting fraternity) assume advisorship for the management of KUOI."

McCabe noted that this would not relieve Communications Board or the Executive Board from their responsibilities to KUOI, but would give them the assistance of a group with specialized knowledge in the field.

Legal?? Members of Communications Board expressed concern about the legality of turning responsibility for KUOI over to a non-ASUI group, but decided that since Alpha Epsilon Rho will only act in an advisory capacity and supervise the station manager, it would be legal.

Instead of the station manager answering to Communications Board and E-Board for the operation of KUOI, AERho will assume that duty.

refer them to the Communications Board for recommendation to Executive Board.

Financing the operation will remain the same as before, with KUOI receiving \$900 for actual operation. The only change would be delegating the additional \$100 presently allotted for station manager's salary to AERho for use as AERho sees fit.

AD CLOCK BUILT Dr. Martin Fuller Angell, head of the Physics Department, made the plans to install the clock in the Administration Building tower in 1913.

"BOSTON POURS" — Manoutchehr Basstounpour, or "Boston," as he is known by his American friends is shown on the job in the Student Union cafeteria.

Acceptance

In accepting the challenge from our Hayseed neighbors in Moscow, the courageous Cougars must first of all thank you for the information about the mileage on that long road you know so well.

Undoubtedly, your travel-weary student body is entranced by the shock of FINALLY winning a game or two. We realize that your rag-tag footballers have, this season, achieved feats far beyond their dismal potential. This victory bubble, however, is inevitably destined for destruction as you visit.

Our standing committee on the "Idaho Walk" will once again be ready to play host as you stumble your way to Cougarville. Please feel free to ask for transportation—we are aware it has been a long, long nine years. During this period you have covered 81 miles. We are delighted that you insist on making it an even 90.

Roy Felstad, ASWSU President Bud Rothgeb, ASWSU Vice President Fred Zerza, Evergreen Sports Editor

P. S. It would seem wise for you to cancel the optimistic and premature arrangements you so ineptly made on our behalf.

Pompon Girls Kick About 'No Info'

The Idaho Pompon Girls have issued a complaint in the form of a Dear Jason in today's Argonaut concerning lack of communication between the Cheerleaders, the Vandal Rally Committee and the Pompon Girls.

"There is mass disorganization everywhere we turn," said Janie Modie, yell queen.

Not Informed "No one was officially informed until Thursday night before Friday's rally. Band Director Phillip Coffman just happened to read about the rally in the Arg Tuesday and prepared the band. The team and ourselves (Pompon Girls) were not informed until Thursday night."

Miss Modie also issued a complaint about the Vandal rally sponsored by the Moscow Chamber of Commerce Wednesday noon.

"We read about the rally in the Arg Tuesday afternoon, and Tuesday night we were informed there was to be a luncheon as well. Fifteen minutes before the rally, the Moscow Junior High School band consented to play."

Cheerleader Problem She also stated, they had a problem with head cheerleader Mel Cook since the first of the year:

- 1. We didn't find out that he wasn't coming to the first game. 2. He didn't even go to the second game in Boise. 3. After the girls were elected, we heard the morning of the third home game that the cheerleaders were not going to be there. We asked Mel to please take over the microphone and he finally came the second quarter.

Cook said the cheerleaders couldn't go to the first two games, because of the fact there weren't any cheerleaders. Cheerleaders weren't officially selected until Oct. 12.

Cook said that no one in the cheerleading squad knew how to work the microphone.

Rally At 4 — Maybe

Pompon Girls are tentatively planning a Rally tomorrow afternoon, but confirmation had not been obtained late Thursday afternoon from Rally Chairman Dennis Wheeler, off-campus.

Judy Manville, pompon girl, said Football Coach Dee Andros wanted to have a rally at the football field, but that "you just can't get the kids to go up there at 4 Friday afternoon."

"We hope to have it on a street corner," she said. She said the main stumbling-block (as of late Thursday afternoon) was lack of a band and that the rally would be "just zilch" without it.

The desire expressed by some students that a holiday be declared if the football team should win Saturday was discussed with the Regents at their meeting here last weekend, and the decision was that in the interest of maintaining academic standards no holiday would be allowed.

The Regents wanted it known that they have much pride in our football team's accomplishments, and will be rooting with us for victory over Washington State University.

However, it was felt that the holiday granted in 1954 was a matter that concerned 23 years, and it is hoped that there will be no such long victory drought again. It was pointed out that a holiday granted for victory this year would be particularly detrimental to academics in view of the late start of school this fall and the unusually heavy schedule of non-academic activities.

Classes will be held Monday and roll attendance will be taken — with, it is hoped, everybody wearing victory smiles.

D. R. THEOPHILUS President

Less Time, Smokers Seen In Class Races

Living group visitations, a cut-back of smokers and a party living exchange prelude political activity which will culminate with class officer elections next Thursday.

Eligible voters in the freshman sophomore, junior and senior classes will choose from a slate

The wrong person was listed as Campus Union Party's candidate for freshman class vice president in Tuesday's Argonaut.

Dove Finkelnburg, Upham, is the CUP candidate for freshman vice president instead of Mac Coonrod, Kappa Sig, who was erroneously listed Tuesday.

of eight candidates a president, vice-president, secretary and treasurer for each class. Candidates from Campus Un-

ion Party and United Party have spent the past four days visiting living groups in each party introducing each other and outlining their party's platform.

In some instances, the candidates remain to speak to members of the living group following the meal.

A novel experiment in cross-campus politics will begin Sunday when CUP president Arlen Marley, Upham, temporarily takes up quarters in the Delta Tau Delta house as a guest of Barry Nelson, United Party president.

"Arlen and I hit upon the idea when we were talking about the elections," Nelson said. "Arlen told me that he knew we (the fraternities) tell our members how to vote, so I invited him to the Deit House to prove that we do not."

The Golden Fleece

By Jason

Rally Rumbles

The Pompon Girls, Rally Squad and the Cheerleaders seem to be having a slight problem with communication.

Where the basis of the problem lies, we're not sure. Neither is anyone concerned.

Whether it is a personality conflict, lack of communication, or poor organization, it is a definite problem. The Pompon Girls don't know where to turn. They are not informed of rallies, of meetings, or what their official duties and dates are.

Although Denny Wheeler, chairman of the Vandal Rally Committee, has not been available for comment on the situation, we feel that with him lies the crux of the problem.

Wheeler has always been a strong worker on campus. He has organized a large share of campus activities and put in more time backing the University of Idaho than a large share of the students.

But Wheeler has not been an organized Rally Committee Chairman. He does not have a phone and is unavailable for contact. Now we're not urging Wheeler to put in a phone. That's his own personal business.

However, we do feel that he should help the Cheerleaders and the Pompon Girls by being an organized chairman and making sure he has clear lines of communication.

More light might be thrown on the situation by the fact that this year the Public Relations Director David Soper is not connected with the Rally Committee.

At the time we agreed with the setup. There is no reason why the P. R. Director should be associated with the Rally Squad—it's not an appropriate duty.

However, there is a possibility that there needs to be a coordinator, and if Wheeler is not performing his function, then someone needs to perform it for him.

My Column

By MARK BROWN

I've decided to write a column.

It wasn't an easy decision to make. It took a lot of urging from friends — friends like my Mother, my Dad and a couple of frat brothers who all tell me that I'm a good writer.

Since I didn't arrive at the decision until late last night, I won't have the half-column cut that always goes with columns written by persons who get a lot of urging to write columns. From their parents and frat brothers.

A half-column cut is the little picture that is approximately one and one-third inches wide and two inches deep of the person who writes the column and is inset into the type about two paragraphs after the beginning of the column. Let me tell you, it drives the printers crazy trying to set that type that fits around the half-column cut.

Maybe next time I'll have that half-column cut.

Another reason I decided to write a column is that I work under two girls (they are called women in the ASUI handbook I received when I was a senior in high school — Blackfoot High School).

I don't know how many of you have tried working under two girls, but if you have, you know what I mean. They don't let me do very much. You know, that "nasty man" stuff.

Don't get me wrong. I don't mind being managing editor of the Argonaut and not doing much, but I feel a real duty to the male population of this campus to voice a few man (boys as they were called in the Blackfoot High School handbook that I went by before I got the ASUI handbook when I was a senior. In high school) opinions.

Sometimes, I think, we men are a little more objective about things. For instance what man would ever let blue eyes influence his opinion about another man? I ask you?

One thing I used to wonder about before I decided to write a column was what I was going to write about.

I'm still not sure what I'm going to write about, but let me tell you, I'm going to write about it.

For a while, I thought I might write about campus politics. About the wheels like Narry Belson and Marlene Arley, but everyone writes about them.

Then I toyed with the idea of a critical analysis about student government. Stuff like "Can Barb Snark Really Run the Argonaut?" or "Is Grubby Nanc the Shining Light of Activities Council?" or "Will Good Grades Ruin Bill Faces?"

But I figured that might be libelous.

Athletics are out because I spent three years on the Blackfoot High School football team and never played in a game I'm

Dear Jason

Rally Ruckus

Dear Jason:

We want to extend a sincere thanks to you — the very enthusiastic and cooperative Idaho cheering section. The pride of our teams football record is a

part of all of us, and when we support our team, as you have, it is our way of showing that we are 100 per cent behind their every play of the game.

When individual living groups sit together and yell, perhaps, many of you say, "Who do they think they are?" ... we say, "They're great!" And, after the cheerleaders didn't show up at the first two games — at the third game (Homecoming, U. of Pacific) we asked one of the ardent supporters from Gault Hall

of his beautiful furniture disappeared and the troll sulked and murmured and darkened his place and made all the visitors leave and he sealed the entrances. Now it remains so ... except when there are impressive guests around, at which time he entertains and puts up the facade of the good old troll ... which he is not.

The other day I sent my pet billy goat over to fetch me something when there are impressive guests around, at which time he entertains and puts up the facade of the good old troll ... which he is not.

But the real reason I wrote was to tell you about the strange things that are going on up here. As you know the other wing of Wallace Complex is inhabited by girls. Between the men's wing and the women's wing there is what you might call a "zone of demarcation." It is a mysterious, dark, sealed place having all the inviting aura of Wuthering Heights. Its apparent hostility to intrusion has created a few rumors about it.

Rumor has it that it is inhabited by a wicked old troll who was once a very happy troll who delighted in having guests from both sides of the complex to chat, study and mingle. He was an affluent troll and everyone enjoyed mingling and chatting while lounging on his beautiful furniture. Then one day some

so good at sports. Besides, we already have a column on athletics, "Beside the Pegboard." But anyway, I know it will be good because who'd urge a feller to write a column unless they thought it would be good? Besides his parents and a few frat brothers?

Now actually Jason, I don't believe in trolls myself. I am sure the "dark place" can be explained more logically. Perhaps it is an electrified barbed-wire frontier between Stevenson and Ballard. Or it maybe an alligator pond.

Doesn't it kind of give you the chills though? I wouldn't have even mentioned it except that its Halloween and all that.

Esos Masquinony

h.i.s. ups your sartorial standing with this casual, patch-pocket camel blazer. Smarter than a Phi Beta... great for extra curricular projects... \$25. eyes on broad horizons? wear the h.i.s blazer

Bottles' Battle

It seems to be the fad to take your bottle along with you to a game.

The proponents of this practice claim that you enjoy the game much more with a little alcoholic booster.

Could be—but next year, all home games will be closely watched and people who practice this little recreation might find themselves in a heap o' trouble.

But next year is next year, and there is still one game left—the Battle

of the Palouse. So why not drink hearty and make the most of your last little escapade with alcohol at a game?

WARNING — It is against the Washington State Law for persons to consume any form of alcohol in this type of public place. Not only that — but it is strongly enforced. Word is out that the authorities are going to be extra watchful this Saturday. . . . 'Nuff said? —K. S.

Tips On Travel

Do you want a tip on how to gain a little FREE education and enjoy yourself at the same time?

Do YOU know a few of the foreign exchange students that are going to school here?

Through them, we have a wonderful opportunity to get to know about other areas of the world. And this is close at home—our opportunity—just for the effort.

Each year, Americans spend millions of dollars to go abroad. Their reasons are numerous, and many of these are worthwhile. Some go to see the sights; some, to study; some go to get acquainted—and some go just to "have been." We'd be the last ones to criticize going abroad. Often these pages carry stories about various students who are going abroad, or various fellowships and opportunities for you to do the same. BUT

In these troubled times when so much is written about lack of understanding among the world's peoples, it seems as if we are not taking advantage

of the opportunities at hand if we don't get to know a few of the foreign students on campus.

Take a few minutes, and buy one of them a cup of coffee after a class. Ask some questions. Most of the exchange students that we have met have been more than willing to tell you about home or their impressions of the United States.

What's more, they will appreciate your interest.

Those of us on the Argonaut staff have found this true while we are getting information for our series of articles on foreign students.

You may have read about some of the leaders of the newly emerged nations throughout the world who, educated in the United States, have returned home with bitter impressions about us.

We have the chance here to broaden ourselves and at the same time make these people feel more at home in this country. Let's all use this chance.—F.F.

Debaters Go To Tourney

Four University debate teams are participating in the junior division of the Columbia Valley Debate Tournament at Centralia Junior College, Wash., today and tomorrow.

Members of the teams include Stephen Meyer, off campus.

But, to the band and band director, Mr. Coffman, and to you the students — thanks for your co-operation and tremendous support. To the coaches and team this weekend — we're looking forward to another Vandal display of excellent football action.

Here's hoping the WSU students will get blisters from a 9-mile walk!

The Idaho Pompon Girls

and Collen Ward, Kappa; Sheryl Berrett, Hays, and Hazel Perks, Hays; Jay Childs, Shoup, and Linda Bithell, Pi Phi; Larry Craig, Delta Chi, and Jon Trail, Upsilon.

The topic that will be debated is "Resolved, that the Federal Government should guarantee an opportunity for higher education to all qualified high school graduates."

In addition to debate there will be competition in oratory, extemporaneous speaking and interpretative reading.

"T" TANK BUILT
The "T" tank was built in 1916. It is perched on a 72-foot tower with 50,000 gallons capacity.

THE BELL TELEPHONE COMPANIES SALUTE: CHUCK SCHNORENBERG

Chuck Schnorenberg (B.S., 1957) is plant manager for Pacific Northwest Bell at the communications center in Roseburg, Oregon. He is responsible for the economical and efficient operation of all communications in the area.

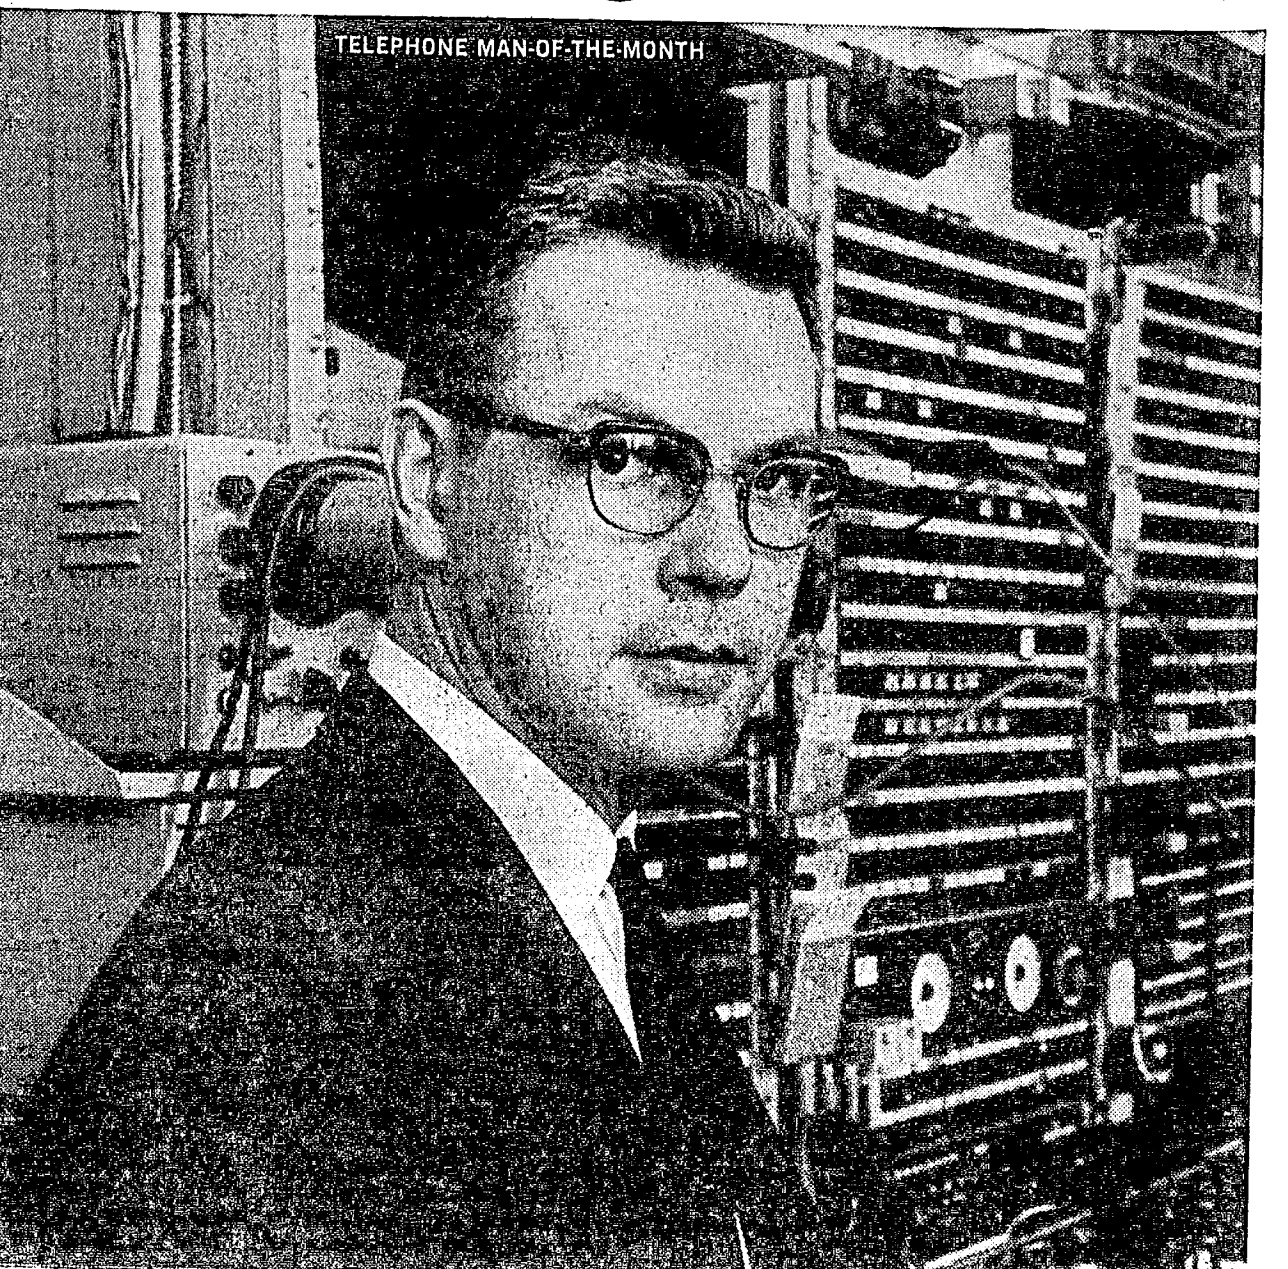

This is quite an assignment for a man less than 3 years with the company. But Chuck's career has been based on increased knowledge of the company and its operations, which has been followed logically with the increased responsibility and authority he has proven he can handle.

As a supplies foreman and in subsequent positions in the accounting, engineering and plant departments, he has never reached the limit of his managerial capacities. No doubt he has a long way to go and grow with the company.

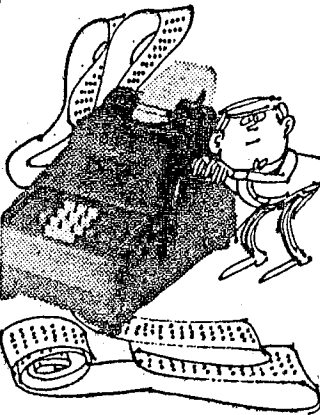

Chuck Schnorenberg, like many young engineers, is impatient to make things happen for his company and himself. There are few places where such restlessness is more welcomed or rewarded than in the fast-growing telephone business.

BELL TELEPHONE COMPANIES

Acctg. Majors Calculated Where To Start?

FIRST MATE? — One of these five girls will be chosen Navy Color Girl during the Navy Ball Friday night in the SUB Ballroom. Left to right: Janet Orr, Pi Phi; Marcia Cronrath, Pine; Karen Longteig, Kappa; Penny Thornock, Alpha Chi; Caryn Snyder, Alpha Phi.

House News Halloween Busy Time For Houses

Halloween came to the Idaho campus in form of exchanges and firesides at the various living groups this week. Other houses turned to the more serious business of initiation.

ALPHA PHI
Alpha Phis held a tea in honor of Mrs. Helen Leavitt, district governor of Alpha Phi and Mrs. Jane Ackley, new housemother from Boise, Oct. 27 from 2 to 4 p.m.

DELTA GAMMA
Initiation was held by Delta Gamma Oct. 27 for Margaret Gamble, Donna Severn, Diane Suebert and Linda Teter.

Nancy Praff was chosen "DG of the Month."

The annual Halloween exchange was held between the DGs and Betas. A pledge exchange was recently held with the Lambda Chi house.

KAPPA ALPHA THETA
Thetas have been busy this week entertaining Castle Casanova candidates as the contest gets into full swing.

Theta little sisters woke Thursday morning to find that Halloween "Ghosts" had been everywhere and had left many goodies. Members were entertained Thursday evening when the pledges gave a surprise Halloween fireside.

ALPHA GAMMA DELTA
Alpha Gamma held initiation Oct. 27 for Mourine Goslin and Karen Sterner.

A fireside was held for Alpha Gam pledges by members Oct. 28 to announce the pledge dance Nov. 9 which will have a klondike gold rush theme.

Pledges were honored at a recent fireside for winning first place in the homecoming skit competition.

ASME, ASAE MEET

The American Society of Mechanical Engineers and the Society of Automotive Engineers will hold a joint meeting Nov. 6.

The meeting will be in the Kullspell Room of the Student Union at 7 p.m. A short film entitled "Oil Exploration in the Deep" will be shown.

LOOK THEM OVER, JOE — That's what the SAEs have been doing to decide who their new Violet Queen will be. The Queen will be crowned Saturday night at the Violet Ball from the following candidates: Betty J. Caldwell, Hays; Judi Schedler, Theta; Zoe Ann Gipton, Pi Phi; Cheryl Rousey, Alpha Chi; Tonya McMurtrey, Gamma Phi.

Talent Tryouts, Serenades Keep Duchess Gals Busy

Talent tryouts in the IK Duchess contest preliminaries will be held Sunday at 2:30 p.m. in the Dipper.

This contest, open to the public, will feature Joan Littleton, Alpha Chi; Cheryl Stocker, Hays; Penny Keller, French; Carole Ives, Alpha Gam; Jean Baly, Theta; Kalle Jergenson, Kappa; Lou Benoit, DG; Gwen Tolmie, Gamma Phi; Dianna Scott, Alpha Phi; Mary Lou Levi, Tri Delta; Judy Manville, Pi Phi; Ann Nimmo, Houston; and Barbara Suter, Campbell.

Five finalists will be chosen by IK vote for the talent show. The finalists will be tapped Monday evening during dinner at the living groups.

DANCE CLASSES

The Physical Education Department began offering a country dance class in 1946.

Rings N' Things

PINNINGS

STAHL-HORN

After reading a poem, Mrs. Morrow passed a candle surrounded by artificial flowers, consisting of daisies, lilies of the valley, roses and carnations. It was blown out by Linda Stahl, DG, to announce her pinning to Dick Horn, Delta Sig.

STOCKWELL-WALL

Susan Stockwell, Theta, just couldn't wait for a fireside to announce her pinning to John Wall, Phi Delt, so she simply told everyone the minute she got home.

ENGAGEMENTS

HAMILTON-JURVELIN

At Wednesday dress dinner, Connie Gough dressed as Baby New Year and blowing a horn announced the engagement of Jill Hamilton, Campbell, to Dick Jurvelin, ATO. A Jan. 1, 1967 wedding is planned.

Bus. Ad. Majors: Eager To Climb?

(first step: see pg. 5)

Church News

Apathetic Idaho

A Halloween party, speakers and a panel discussion will be held by the various church groups this weekend.

WESTMINSTER FOUNDATION
A panel discussion on "Student Apathy," will be presented at the Sunday evening meeting of Westminster.

Members of the panel include Jim Rathbun, graduate in education; Jim Scheel, member of the Executive Board and Inter-Fraternity Council president; Bill Longteig, member of E-Board and a law student; and Kip Peterson, associate editor of the Argonaut. Supper will be served at cost at 5:30 p.m. in the Campus Christian Center.

LUTHERAN STUDENT ASSOCIATION

Dr. Stan Thomas, director of the Idaho Institute of Christian Education, will speak about "The Gospel on Campus," at the Sunday meeting of LSA. The meeting will be at 5 p.m. at the Campus Christian Center.

WESLEY FOUNDATION

An open Halloween party will

be held downstairs in the Campus Christian Center tonight.

Rides will leave the Campus Christian Center at 5:15 p.m. on Sunday to meet with members of Wesley in Pullman. Theme of the meeting is "Grace, Man's Need—God's Action."

Ladd Stars In SUB Flick

"All the Young Men," starring Alan Ladd, Sidney Poitier, James Darren and Mort Sahl, will be playing at the Student Union Building Friday and Sunday in the Borah Theater.

Two shows are scheduled for Friday evening beginning at 7 and 9. One show will be offered Sunday at 8 p.m.

Based on the theme of a small group of fighting men taking a desperate stand in a strategic farm house to win time for oncoming forces, the Korean drama depicts Poitier as a man whose esteem as a leader and human being increases within the group.

Navy Picks 5 Finalists

Finalists for Navy Ball Color Girl were announced Tuesday night during dinner in their living groups.

Receiving ribbons to designate them as finalists were Janet Orr, Pi Phi; Marcia Cronrath, Pine; Karen Longteig, Kappa; Penny Thornock, Alpha Chi, and Caryn Snyder, Alpha Phi.

One of the five coeds will be crowned Color Girl at the Navy Ball Friday from 9 to 12 p.m. in the Student Union Ballroom. She will succeed Louise Bollman, French who reigned as Color Girl this past year.

Mack To Speak To IEEE Monday

Dr. John E. Mack of Bell Laboratories will speak on "Computer Technology in Telephone Switching" at the student branch of the Institute of Electrical and Electronic Engineers meeting Monday, 7 p.m. in Engineering 104.

Opportunity:

Opportunity is built into a career at IBM—opportunity for training, education, financial rewards, and other benefits. But especially opportunity to face the unique challenge of today's—and tomorrow's—information handling problems.

Ask your college placement officer for our brochures. Check with him for an appointment with the IBM representative who will be interviewing on campus. IBM is an Equal Opportunity Employer.

If you cannot attend the interview, write: Manager of College Relations, IBM Corp., 590 Madison Ave., New York 22, N. Y.

"Halfway between campus and town"
On West Sixth

- Now that I'm a senior I have to start thinking about my future. Will you marry me?
Will you be able to give me all the things I crave—like pizza pie and chow mein?
- I've lined up a terrific job. There's a choice of training programs, good starting salary, challenging work, and the chance to move up. That's Equitable.
I agree—but what's the company's name?
- Equitable—it's Equitable.
It certainly is. It's also fair, square, and just. But I would still like to know the name of the company.
- We're not communicating. I keep telling you it's Equitable—and you keep asking what's the name.
I keep agreeing your job sounds good. But you stubbornly refuse to tell me who you're going to work for.
- Can it be you never listen to my words? Is it possible that what I thought was a real relationship was but a romantic fantasy?
Is it conceivable that what I took to be a solid foundation was just a house of cards? That what I thought was a bright flame was merely an emotional flicker?
- I'd hate to lose you, but at least I'll still have my job with Equitable—The Equitable Life Assurance Society of the United States.
Oh, The Equitable. Why didn't you say so? We'll have a June wedding.

For information about career opportunities at Equitable, see your Placement Officer, or write to William E. Blevins, Employment Manager. The **EQUITABLE** Life Assurance Society of the United States, Home Office: 1285 Avenue of the Americas, New York 19, N. Y. ©1963

DAVIDS'
DEPARTMENT STORE — MOSCOW

BOOST TO VICTORY — Vandalman Mike Mayne boosts Janie Modie, yell queen, to the near top of the ladder of Vandal victory. Watching the top-rung victory sign go up are Don Matthews and Jerry Campbell.

Soprano Will Perform For C. Concert

Nan Merriman, American mezzo-soprano, who will appear at the Community Concert, 8 p.m. Monday at the Memorial Gym has spanned three continents. After the concert Sigma Alpha Iota, women's music fraternity, will sponsor a coffee hour for Miss Merriman in the Student Union Galena Room. Miss Merriman is an honorary member of the group. The coffee hour is open to the public.

Last season Miss Merriman's hemisphere-hopping took her from the Atlantic to the Pacific and from the Mediterranean to the North Sea. She sang with the symphony orchestra in Norway, with the Copenhagen Symphony in Denmark and with the London Symphony in England.

Her summer included further appearances with the Holland Festival where she sang Brahms Alto Rhapsody and Beethoven's Symphony. Interspersed with these engagements were dates throughout North America and Canada.

Miss Merriman's career was launched when, after winning a \$1,000 National Federation of Music Clubs award, she made a fifteen-minute broadcast on "a completely unimportant" program.

Arthur Toscanini, who was looking for a mezzo for an all-Verdi program, happened to hear the broadcast, traced her through the studio, gave her an audition and signed her up for the first 12 appearances she was to sing with him before the maestro retired from his NBC Symphony.

Other maestros with whom the mezzo has appeared include Leopold Stokowski, Leonard Bernstein, Herbert von Karajan, Bruno Walter, Arthur Rodzinski, Pierre Monteux, Alexander Hiltner, Fritz Mahler, Victor Alessandri, Milton Katims and Walter Hendl.

Engineers Hold Lab Party To Show Displays Tonight

A lab party, centered around scientific and engineering displays, will be held at 7:30 tonight at Kirtley Engineering Laboratory No. 2.

This party, sponsored by the Institute of Electrical and Electronics Engineers, will present such displays as a working model of the famous "Sidewinder" missile from the U.S. Naval Station, China Lake, Calif.

The Bell Telephone Company will show the history and development of the telephone from some of the earliest devices to the present Teletar communications satellite.

Boeing Aircraft is sending several scale models of space vehicles, including the Bomarc, Minuteman missile, Dyna-Soar space glider and the Saturn booster.

Idaho's Engineering Experiment Station will display several phases of its current research projects on snow measurement, utilized radio isotopes and an extensive telemetry network.

International Business Machines will present a new concept in adding machines, a voice-operated adding machine. This is an experimental device that

HERE'S MORE ABOUT — Class Races

Marley will probably live in the Del House until Wednesday, Nelson said.

In other respects of the campaign, changes have been made in the systems of smokers sponsored by the two parties.

No smoker will be held for senior class candidates.

Possibly, none will be held for junior class candidates, although Nelson and Marley differed when queried by the Argonaut as to such a plan.

The cut-back in smokers, where candidates debate issues and platforms in various living groups, is due to the shortened campaign period and lack of attendance last year. Usual length of the campaign is two to three weeks, but has been cut to one and one half this year.

Smokers for the underclass candidates will be held as usual, but sophomores will be limited to one. Freshman candidates will attend a smoker in a Greek and Independent living group Tuesday and Wednesday night. Sophomore smoker will be held Wednesday night in the Student Union Building.

In statements to the Argonaut Thursday afternoon, both party presidents asserted that they "stand firmly behind the party's candidates, and each predicted that a majority of offices would go to his party."

Halloween Finds Troll Elsewhere

The Halloween troll not only visited the never-never land between Ballard and Stevenson Halls last night, but also managed to rear his ugly head in many other campus corners.

HERE'S MORE ABOUT — Pompon

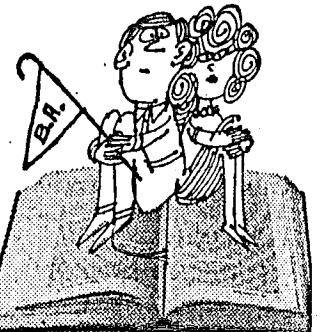

ASUI President Bill Frater said that the fact was there would be no cheerleaders if there weren't any female cheerleaders, because no men tried out.

"We're Sorry" "We're sorry if we've inconvenienced the Pompon Girls, and hope that our controversy can be solved in an adult fashion," Cook said.

"The whole controversy is ridiculous in itself, because it will cause dissension among the rally section. Pompon Girls, Cheerleaders and the Rally Committee are supposed to act as one. This controversy makes them all look like separate entities."

Denny Wheeler, chairman of the Vandal Rally Committee, was unavailable for comment on the issue.

Soroptimists Offer Fellowship

The Soroptimist Club of Los Angeles is offering its twelfth \$1500 fellowship to graduate women students for 1964-65.

These fellowships are available to both American and foreign women with at least a bachelor's degree or equivalent. The deadline for application is Feb. 15, 1964.

PHI BETA KAPPA
The University received a charter for a chapter of Phi Beta Kappa in 1925.

Placement Interviews Are Listed For Coming Week

Placement interviews are being announced by the University Placement Service. Students interested in being interviewed should sign for a time in the Placement Office.

Throughout the year students will be informed of placement interviews by the office. The groups interviewing next week include the following:

Nov. 4: Northwest Bell Telephone System, Placement Office

and Engineering Building; International Voluntary Services, Placement Office; and Pacific Gas and Electric Company, Engineering Building.

Nov. 5: Connecticut Mutual Life Insurance Company, Placement Office; Northwest Bell Telephone System, Placement Office and Engineering Building; U.S. Army Audit Agency, Placement Office; U.S. Navy Area Audit Office, Placement Office; Arthur Young & Company, Placement Office; International Voluntary Services, Placement Office; and U.S. Army Electronics Research and Development Activity, Engineering Building.

Nov. 6: Department of Health, Education and Welfare, and Food and Drug Administration, Placement Office; Forest Service, Engineering Building; and Rayonier, Inc., Engineering Building.

Nov. 7: Aluminum Company of America, Engineering Building; Department of Health, Education and Welfare and Food and Drug Administration, Placement Office; Soil Conservation Service, Engineering Building; The Upjohn Company, Placement Office; U.S. Geological Survey, Surface Water Branch, Engineering Building.

Nov. 8: Los Angeles County Civil Service Commission, Placement Office; Federal Aviation Agency, Engineering Building.

COEDS KNIT
University women helped the Red Cross during World War II by knitting and sewing small articles.

NOVEMBER 5th

Connecticut Mutual Life
 INSURANCE COMPANY • HARTFORD

Pardon me if I sound as if the executive position I've landed deals with the whole future of the world.

It does.

Certainly, there's no organization today conducting more vital business than the business of the United States Air Force. And very few organizations that give a college graduate greater opportunities for responsibility and growth.

As an Air Force officer, you'll be a leader on the Aerospace Team—with good pay, a 30-day paid vacation each year, educational opportunities.

How can you get started? For many, the best way is through Air Force ROTC. But if you missed out on AFROTC, or if there's no unit on your campus, you can still apply for Air Force Officer Training School. This three-month course leads to a commission as a second lieutenant in the United States Air Force.

For more information about Air Force OTS, see your local Air Force representative.

Both Political Parties Publish Class Officers' Platforms

United Party

FRESHMAN

We, the freshman class officer candidates of United Party, submit to the freshman class the following platform:

Section I. We thoroughly agree with and will uphold the duties of our offices as they are outlined in the Student Handbook of 1963-1964.

Section II. We do advocate that there be a stronger extended board to cooperate with class officers in handling any problems which should arise in the freshman class during the year. The minutes of each extended board meeting should be published and sent to each living group so our class may be well informed as to its activities and problems.

Section III. We would organize two freshman recruiting programs, one during Christmas vacation, the other at Spring vacation. We would suggest that there be a continual communication with high schools all through the year.

Section IV. We feel that the "Frosh Week" activities as presently outlined are sufficient. Our efforts will be devoted to strengthening these activities.

Section V. We would like to initiate exchanges between the freshman class officers of the University of Idaho and the freshman officers of other schools for the purpose of discussing mutual problems and forming better relationships between the schools.

SOPHOMORE

We, the United candidates for sophomore class officers, propose four specific activities for the sophomore class.

1. To continue Holly Week, but with the stipulation that it be under the responsibility of the sophomore vice president, instead of an appointed chairman.
2. To take over the responsibility of Campus Chest, which previously has had an appointed chairman.
3. To have an Idaho and Washington State University mixer in the spring and encourage that it become an annual affair.
4. To have a sophomore class picnic to further class unity and

co-operation among its members. In addition to these specific activities, we sincerely believe that it is our privilege and duty to work for a closer relationship of the sophomore class members. This will be achieved through sophomore class extended board and with the help of all individuals who do have an interest in the sophomore class.

JUNIOR

We, the candidates of United Party for junior class officer, hereby propose the following program:

Realizing the need for better co-operation between junior class officers and the class itself, we base this program on three goals:

1. Service.
2. Governmental.
3. Social.

Service — We propose to work in conjunction with Activities Council to alleviate the problem of one class or unit being overloaded with projects, subsequently creating greater efficiency within the ASUI structure.

Governmental — We propose to foster better communications among the junior class officers, the class extended board and the junior class as a whole.

Social — (a) We propose to work in conjunction with the Senior Class to have a successful Junior-Senior Prom. (b) We propose to work in conjunction with the senior officers in the co-sponsorship of a Hootenanny. Proceeds from this project will be given to a worthwhile organization to be determined by the respective extended board members.

SENIOR

We, the United Party candidates for senior class officers, acknowledge our responsibility to promote scholarship, service and social relations for our class. We will particularly strive to accomplish this through the following:

1. To initiate a scholarship fund based on need, for a member of the graduating class who will begin graduate studies at the University of Idaho the following year.
2. To work with the administration in setting up graduation exercises agreeable with the majority of the people involved.

Campus Union Party

CLASS OFFICERS 1963

We of the Campus Union Party reaffirm the ideals which have gained for us the position of leadership which our party now holds on this campus.

This political platform, by its very nature, cannot include references to specific programs which the party intends to achieve. The best that it can do is to promise that qualified people with ideas and initiative will be nominated and supported by Campus Union Party. We do, however, feel that several considerations ought to be included as a guide to our candidates for class officer and for the benefit of the members of the University of Idaho student body:

1. Campus Union Party fully supports the principle of class officers. We firmly believe that class officers are an integral part of campus life itself.

We qualify this support, however, by stating that class officers must participate actively in campus affairs, build a program which is useful to the student body, and must achieve the goals which they have set for themselves.

Class officers who have no ideals and achieve nothing are defeating the purpose of our party.

2. Campus Union Party believes in backing fully qualified people for class office. This qualification should come not entirely from personal background, living-group affiliation, or participation in activities, but also from the qualification of being able to do the job well once the person is in office.
3. Campus Union Party believes that class officers are an important factor in promoting

good communications between ASUI structure and the student body. Through a responsible extended board, we hope to continue building enthusiasm and participation in student government.

4. As a matter of course, we encourage the development of good relations between our class officers and the administrative officers of the University. Without the University's support, student politics is to no avail.

With the idea in mind that the purpose of student politics on this campus is two fold — both to develop the character of the people nominated by the party and to make them aware of how politics operates in the larger sense, and to provide the students with good government — we feel that Campus Union Party fulfills an important task on this campus.

Campus Union Party promises in the name of good government that it will maintain the ideals which it has stated here. In the interest of the University of Idaho student body, we present this platform and hope that it will be a model for future generations of students.

CUP FRESHMAN PLATFORM

We, the freshman class candidates of Campus Union Party, realize fully that the positions we seek are to be the foundations of the class of '67. We face the responsibility of organizing our class with the realization that our main purpose at the University is academic and that all freshmen must form a sound academic foundation. With this realization in mind we propose to improve traditional freshman activities rather than propose new and untried programs. We support the following:

1. A more unified class based on personal communications.
2. A revamped student recruitment program with emphasis on personal contact with quality high school students.
3. A traditional Frosh Week with a multi-band dance and a hootenanny with Frosh talent to replace the treasure hunt.

CUP SOPHOMORE PLATFORM

The activities of the sophomore class have been greatly expanded this year. To carry them out with a degree of success paralleling that of last

year's Sophomore Class will indeed be difficult. Sophomores will sponsor not only the traditional Holly Week and the recently initiated WSU-Idaho exchange, but the Blood Drive and Campus Chest as well. Under these circumstances the proposal of any additional functions would not be plausible at this time.

We, therefore, resolve ourselves to carry out to the best of our abilities the following four major activities:

1. Holly Week
 2. WSU-Idaho Exchange
 3. Blood Drive
 4. Campus Chest
- Needless to say an activities program as large as this will require more sophomore class participation than ever before. The candidates from Campus Union Party for this class of '66 want this opportunity to serve the Student Body of the U of I. As qualifications we have not only desire and sincerity, but experience as well.

CUP JUNIOR PLATFORM

We the junior class candidates of Campus Union Party feel that the following items should be the basis for this and

future junior class activities.

1. Promotion of a memorable Junior-Senior Prom.
2. Continuation of the Christmas vacation ride home program and support of an Extended Board approved project.
3. Formulation of the ASUI budget in coordination with the ASUI Activities Council.

In the accomplishment of these activities, we pledge the use of personal members through extended board recommendations.

Through utilization of the ASUI Exec Board's "Open Door" policy, we lastly propose to use the junior class extended board to improve the communication of ideas between the ASUI and the members of the class of '65.

CUP SENIOR PLATFORM

We, the CUP candidates for senior class officers, accept the responsibilities our offices demand, and recommend the following measures:

1. Junior-Senior Prom: Negotiate to bring a big-name band or group to our campus.
2. Graduation: Work out some means for giving recognition of seniors graduating cum laude,

magna cum laude, and summa cum laude from the University of Idaho.

3. Initiate into our senior class policy the presentation of a gift to the University at the closing of the year from the class of 1964. Our suggested project being the granting of a scholarship or scholarships to needy and deserving high school seniors from an Idaho school.
4. Work with the Educational Improvement Committee to select outstanding faculty members.

Forestry Award Given To Student

The heritage of one of America's pioneers lives on at the University of Idaho through a scholarship just awarded to a College of Forestry student.

Jerry A. Davis, off campus, has won the Daniel Boone Hunters League award of \$150 to continue his studies in conservation. Forestry students throughout the nation were eligible for the award.

Students Attend RHC Convention

Five University students attended the Northwest District Residence Halls Convention Oct. 24-26 at the University of Wyoming in Laramie.

Representing Idaho were Tory Nelson, national president of the Association of College

and University Residence Halls; Kay Ranta, secretary of NACURH; Jay Sherman, local RHC president; Linda Kinney, Associated Women Students president; Bob Cameron, McConnell Hall president; and Tom Soderling, local RHC vice-president.

The students met to share ideas about their living groups with those of other campuses, according to Nelson.

The Idaho delegation brought back three programs which they hope to initiate at the University. They are establishment of a local chapter of the national honorary of residence hall students, a selective organization; participation in the national exchange program of Student Assistance; and a local workshop for hall officers.

University President D. R. Theophilus will deliver the major address at the national convention of the NACURH April 24-26 at the University of Denver.

Nelson was president and vice-president of the Northwest District RHC in 1962-63.

Vandals Favored In 'Battle Of The Palouse' Saturday

Vandals Shoot For First WSU Win Since 1954; Andros Aims Higher

One of the West's oldest inter-collegiate athletic fracas resumes this Saturday when the red-hot Idaho Vandals invade Pullman, the home of the Washington State Cougars.

The Vandals, boasting a 4-2 record on the season, will be shooting for their first win over the Washington State crew since Skip Stahley's charges turned the trick in 1954. In '54 the Vandals won four games and Coach Dee Andros hopes to better that high water mark this season. Idaho has not won over four games in any one season since 1938 when the Vandals were 6-3-1. Stahley won four games in '54, '56, '57, and '58. In '57 Idaho was 4-4-1 the last time the Vandals posted a break-even season.

WSU 1-4-1
Part of the optimism in the ranks of the Vandal followers is the fact that WSU lost to San

Jose State in Pullman while the Vandals bounced the Spartans, 28-12 in Moscow last weekend. WSU is currently on a three-game losing streak and has a season mark of 1-4-1 with a 7-3 win over Arizona, a tie with Iowa and losses to Texas Tech, San Jose, Oregon State and Army.

Idaho has dropped Fresno State, Utah, Pacific and San Jose while losing to Missouri and Oregon.

Vandals Running Team
The Vandals are still a running team with only a little better than 27 per cent of their plays, passes. The air attack is one of strong bombs as over one-third of all of Idaho yardage has been made passing and

seven of 21 touchdowns have been through the air.

Rich Naccarato is still the team's leading rusher with 274 yards and a 4.4 average, but Bill Scott has moved into second with 181 yards and a 10.6 average. Idaho's two fullbacks are tied for third with 154 yards each. Galen Rogers has a 3.5 average, and Dale Meyer has a 7.0 mark.

Little Mike Monahan has the top completion mark after playing most of Saturday's game for the injured Gary Mires. Monahan has a 60.7 per cent completion mark. He has also gained 38 yards rushing. Mires suffered a slight concussion at the beginning of the San Jose game and Monahan ran the team for the four scoring drives.

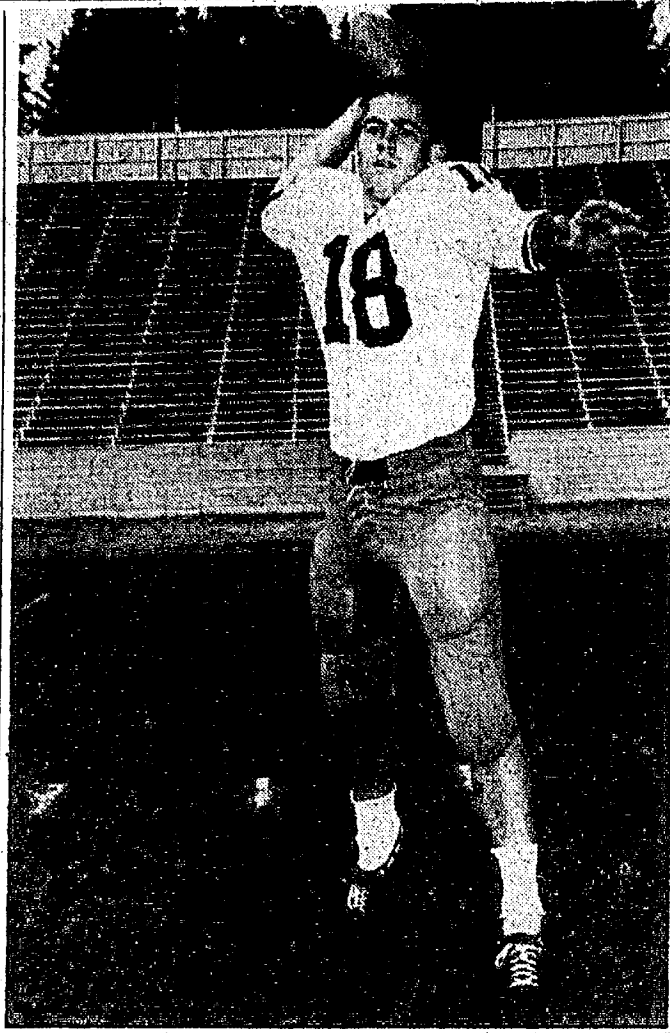

Passes Aid Vandals To Win Games

With 27 percent of their offense accounting for better than a third of their yards and one-third of their touchdowns the Idaho Vandals have shown their opponents how the forward pass makes a running team operate.

Coach Dee Andros' charges have 'out-scored' the opposition 155 to 100 this season running up a 4-2 record to date and they have done it with a balanced attack. The Vandals have thrown 78 times and run 294 but seven of 21 touchdowns have come through the air and 517 of 1842 yards was made passing.

Idaho's current 4-1 record is the best to date since the 1938 team went 4-1-1 and rolled on to a 6-3-1 season, the last winning season in Idaho history. Skip Stahley had four seasons in which he won four games, but only in 1957 did he have a break-even season with a 4-4-1 mark. In '54 (his first year) he was 4-5 with a victory over Washington State. He had the same mark in '56 and '58.

This season's current leaders include Rich Naccarato rushing with 274 yards, closely pursued by Bill Scott with 181 yards (most of it in two games), receiving — Vern Leyde with nine catches for 122 yards and Mike Monahan and Gary Mires each with 17 pass completions. Scott is the team's top scorer with 32 points, highest total since Howard Willis scored 36 in 1957.

BACK OF THE WEEK — Mike Monahan, junior quarterback from Walla Walla, Wash., was chosen for the honor at Tuesday night's Booster Club meeting.

Monahan Is Big Factor In Vandal Win Saturday

By CHUCK WALTON
Argonaut Sports Writer

Certainly one of the major causes of Idaho's fine win over San Jose State last Saturday was the pressure quarterbacking of junior Mike Monahan.

Picked as the Vandal Booster back of the week and voted Inland Empire Athlete of the Week by the Spokane sports writers and sportscasters, Monahan came in early in the game to replace Gary Mires.

Working well with both units, he finished off the drive started by Mires and engineered three more scoring marches.

Washington Product
Monahan began his football career at Walla Walla where he was chosen as an all-state quarterback in high school. He took a year's vacation from the quarterback spot when he played

flanker back for Whitman during his first year of college.

Last year he led the Columbia Basin Junior College Hawks to an 8-0-1 record during regular season play before suffering their only defeat in the Junior Rose Bowl. That record included a 42-7 trouncing of some of the players that block for him this year, the Idaho Frosh.

This year he has quarterbacked the second unit in such a fashion that coach Dee Andros does not figure the team is very greatly weakened when he substituted for the first squad, and in the last game he showed he can run also the first string well.

Monahan is majoring in physical education in preparation for what he hopes will be a coaching position, preferably on the junior college level in California.

Jim Faucher's behind the scoreboard

Some people read tea leaves, some people gaze into a crystal ball, some people look at the stars, others do it by brooding over a brew; no matter how you do it, predicting the outcome of the game Saturday will be pretty tough. If Idaho spirit is any indication of the outcome of the game, Idaho should win hands down.

"Cage the Cougars," that's what the little yellow pieces of paper read that you might have seen on campus. If you happen to read it backwards, it could go something like "Cougars, the cage!" The Kittens might as well just stay in their cages Saturday, because not only the University of Idaho will be at the game, but the town of Moscow, I think that many thanks should go out to the Moscow Chamber of Commerce for showing such enthusiasm for the Vandals. The show that they put on by winding through the streets of Moscow can be a lesson for those students who think that being so "over zealous" can be childish.

Rogers Field in Pullman should be packed for the game. Remarks such as, "Maybe I'll park at the Moscow-Pullman airport," are being voiced by some students. This may not be a bad idea, but don't walk into Pullman on the highway, someone might get the wrong idea.

For some of you people planning to attend the game, it might not be a bad idea to see if you can rent the Mt. Wilson Observatory telescope for the game. To put it bluntly, we really got took when it came to tickets for the game. The tickets were sold for \$2.50 for students, they should have put on the restriction: "For students with very good eyesight." Why do they have us scattered all over the place? Maybe they think that if we aren't all together, the cheering for Idaho will be cut down? Maybe they think that with the cost of the tickets, less Vandal fans will attend the game? Maybe they think that with fewer Vandal fans at the game, there will be less chance of a "scrimmage with no referees" after the game.

Taking a more serious look at the situation, I think that a few words of wisdom should be given at this point. Not only the Scoreboard, but also other departments, at much greater heights than yours truly, would like to see some moderation used, and in relation to what—that should be self-evident. The ol' speech about being the representative of the University of Idaho has been heard time and time again. It's still the truth.

Dr. D. R. Theophilus, president of this University, announced the other day that there will be no holiday Monday if the Vandals should win Saturday. This was not a mandate handed down by him. The Board of Regents and the President discussed this issue, and, taking into consideration many facts concerning the academic situation at hand, decided not to have a holiday. Some people (students) do not agree with this idea. The moans and groans combined could have shaken the tower. The decision has been handed down, and that's it.

P. S. For those of you who haven't figured out your schedule for Saturday, think about this one: 9 a.m.—out of bed, eat breakfast; 10 a.m.—get into car and drive to Pullman; 11:45 a.m.—finally park car; 1:30 p.m.—finally find seat and watch game; 4:30 p.m.—game over, Vandals win—celebration!!!

Willis Sweet Tops League 1; Lindley Takes Second Place

A Willis Sweet victory coupled with a Chrisman Hall loss gave Willis Sweet the championship of League One of intramural football by the narrowest of margins.

Willis Sweet finished the league play with a 7-1 record after downing Lindley 6-2, while Chrisman finished with a 6-1-1 record after losing to Upham 7-6. A Lindley victory would have given them the title, because they finished in third with a 6-2 record.

Two Ties
Ties for the titles of Leagues Two and Four were to have been played last night to pick the opponents for the Phi Deltas and Willis Sweet in the Greek and Independent title games.

Chrisman 2 and Gault 2 tied in League Two with 7-1 marks. The Chrisman squad defeated Gault 2 by one penetration in their regular season encounter.

In League Four the Deltas beat the Betas again in a protest game 10-6 to create a tie between the Betas and the Kappa Sigs, both with 7-1 records. The Betas beat the Kappa Sigs in the first game of the season 12-6.

Trot Tomorrow
Tomorrow will see the running of the annual Turkey Trot, intramural cross country. The field is not limited and an average of 300 run in the event every year. The course is a little over a mile long with the starting line on the first hole of the golf course and the finish line in front of the Administration Building.

The scoring will be as in cross country meets with the top four

finishers of each living group comprising a team score. The team with the lowest score will win the race.

Entries In
Entries for intramural swimming have been turned in, and preparation is underway to begin the races as near to the final football playoffs as possible.

Varsity Swim Team To Meet

Those interested in participating on the varsity swim team should meet this afternoon at 4 at the swimming pool, according to Swim Coach Clarke Mitchell.

This year due to the fact that Idaho is a member of the Big Sky Conference, frosh will be eligible to participate on the varsity team and in the Big Sky Athletic Conference.

Coach Mitchell made it absolutely clear that attending today's meeting will in no way affect the eligibility for students to participate in intramurals. They will in no way be obligated.

The squad meeting is being called to determine who will be interested in swimming. "We have a couple of promising frosh already who have indicated that they will swim on the team," according to Mitchell.

Besides Idaho, Washington State University, Idaho State University, Montana State University and Montana State College will be participating in the conference.

Track Men Go To AAU Meet

Idaho track men travel to Spokane Saturday to participate in the Inland Empire AAU championships.

According to Track Coach Doug MacFarlane, the 4.1 mile will be featured and "the longer distances are a little bit better for Henden and some of the men. They don't have the great speed but their ability is better."

RATIO IN 1946
The ratio of men to women was 3.27 in 1946.

Does a man really take unfair advantage of women when he uses Mennen Skin Bracer?

All depends on why he uses it. Most men simply think Menthol-Iced Skin Bracer is the best after-shave lotion around. Because it cools rather than burns. Because it helps heal shaving nicks and scrapes. Because it helps prevent blemishes. So who can blame them if Bracer's crisp, long-lasting aroma just happens to affect women so remarkably? Of course, some men may use Mennen Skin Bracer because of this effect. How intelligent!

Pendleton... top of its class!

Perfect for the campus and the man who's at home there. Pendletons are dyed, spun, woven and tailored of 100% virgin wool — the living fiber with a vitality that takes to the active life.
