

Dean Neely on Coeds Living Off Campus

Wrong Time for Change

The only opposition Dean of Women Marjorie Neely has to the proposal which would allow Idaho coeds 21 and over to live off campus is the problem of housing space, she said in an interview yesterday.

"I am not opposing apartments for women 21 and over except on the basis of space," she said.

"I didn't feel this was the time to start an innovation because of the housing problem."

Projections of next year's enrollment predict that competition for off campus housing will be stiffer than ever, she explained. "Based on the percentage of increase in enrollment, 90 more married people will have to find housing next year. There will also be 100 more single men who will have to live off campus and approximately 76 Moscow students, who may or may not live on campus."

Mrs. Neely said she felt she would have to voice a dissenting vote on this issue at the last meeting of the sub-committee of the Student-Faculty Committee. Other sub-committee members Margie Felton, Kappa, and Larry Nye, Phi Delta, cast an affirmative vote.

"I don't feel this is the year for a change. We can accommodate these students on campus and it wouldn't be right for them to compete for off campus housing with those who must live of campus."

"My point is that if the senior women moved off campus, the others would not necessarily move back and fill the living space. The others on the committee felt that this might happen and solve the problem."

If the issues did come up some other year and the housing problem were not so great, Mrs. Neely said she would be in favor of it.

"This is the trend and I would approve it."

"I hate to lose the senior leadership and maturity and have unity of the college would be lost if the senior women did move off. More would probably move off the first year because of the novelty of it. Also, living groups would have to make provision for their senior women moving out, she said.

... DEAN NEELY not the right time? always liked a residential college. She indicated that some of the

Asked if she would oppose the measure if it did come to a vote this year, Mrs. Neely replied that because of the housing situation this should be a cooperative decision.

"The president and people involved with housing would all have to come in on the decision. There are too many people involved," she said. "I don't feel I could make this decision alone."

She indicated that the number of students admitted to the University next year will probably have to be cut back because of housing. "It would be a problem to find a niche for all these students if they were turned loose. It's not quite fair if the girls could take housing from married couples."

Her decision is based purely on physical facilities and not moral reasons, the Dean of Women said.

She refrained to comment on off campus housing for coeds 21 and over because she felt that the question had not yet arisen on the Idaho campus. The fact that girls under 21 are allowed to live off campus at other schools is usually based on the school's living facilities, she said.

The whole issue of off campus living for coeds 21 and over will now go to the Student-Faculty Committee for discussion.

NEW HALL—A block of residence halls to eventually house some 1,000 students at the U of I is pointed out to Regents by George Gagon (left), director of physical plant. Assisting him is Kenneth A. Dick, financial vice president of the university. In front of Gagon is a model showing scale of

the complex of dormitories which will take seven to nine years to complete, depending upon student enrollment. The two highest proposed structures, to the north of present Gault-Upham, will rise 10 or 11 floors. The building site was approved by Regents meeting in Moscow Saturday.

First Idaho Skyscraper?

New Dorms To House 1,000

The site and concept of a new housing complex, which will eventually house more than 1,000 students at the U of I was approved during the Board of Regents meeting held Saturday at Moscow.

The multi-unit complex is expected to be started during the

operational in the fall of 1969. The other four clustering low-rise dormitories will be added later during the seven to nine years set for the completion of the development.

"Timing on the completion date for the entire complex will depend on future student enrollment," University President Ernest W. Hartung said.

Classes Dismissed

The University will not meet Friday afternoon (Good Friday) in order to provide time for religious services announced President Ernest W. Hartung Friday.

Young Republicans To Elect Officials

Young Republicans will meet tomorrow night to elect officers and hear GOP candidate Sydney Smith, Coeur d'Alene, who is seeking the nomination for Idaho Lieutenant Governor.

The meeting starts at 7:30 p.m., and will hear nominations for officers following Smith's address, according to Linda Derr, Young Republicans representative.

The group has tentatively set a list of officers which includes Bob Wise, SAE, President; Bob Aldridge, Theta Chi, Executive Vice President; Ben Goddard, off campus, Vice President; Jim Willms, Upham, Treasurer; Rita Kilbert, Alpha Chi, Recording Secretary; and Sue Dunlap, Hays, Corresponding Secretary.

Moscow Students May Remain on U-I Campus

By Vince Coleman
Argonaut Staff Writer

Moscow students will not have to live off campus after all, said Dr. Ernest Hartung, president of the University.

This was one of the decisions made at the Board of Regents

meeting here Friday and Saturday. The Board decided that the 100 beds required to accommodate Moscow next fall could be furnished, and the matter was turned over to the Moscow Chamber of Commerce and campus living groups, Hartung said.

With these additional beds and cooperation of the living groups, there is no reason why Moscow students can't live on campus if they want, he said.

Among the other decisions made was a decision to have Pine Hall remodeled so it will accommodate 43 more students. It is not known yet whether it will be a men's or women's dormitory, Hartung said.

Also, when the fall semester begins, Temporary Classroom Buildings I and II will be memories of the past. These buildings will be torn down to make room for a new classroom building.

Another new feature of the campus will be the completion of the fourth wing of Wallace Residence. With its completion a new hall will be constructed behind Gault and Upham Halls. Construction of this unit will be completed to comply with housing requirements in the future, Hartung said.

Bids were put through at this time so that the final wing of the Wallace Residence center would be completed by the fall semester, he said.

Enniful served in the Ministry of Foreign Affairs in Ghana's capital city of Accra before turning to journalism as a career. He trained for this with Reuters News Agency and the West German News Agency. He has covered international congresses in Casablanca and Tunis, in Belgrade, and reported on early upheavals in the Congo. He accompanied the Ghana Trade delegation to Japan, Egypt and Lebanon.

During his tour of America Enniful has witnessed the demonstrations that accompanied James Meredith's entrance into the University of Mississippi, and the 1964 political conventions. Enniful makes occasional broadcasts over the Voice of America, the Canadian Broadcasting Corporation, and the B.C.

Bill Hall Will Speak To ICEP

Bill Hall, editorial page editor of the Lewiston Morning Tribune, will speak to the Idaho Center for Education in Politics at 7:30 p.m. tomorrow in the SUB. All students are invited. The ICEP business meeting will be held at 7 p.m. to discuss holding a state mock political convention. An alternative primary will be considered, according to Lon Woodbury, off campus, president of the non-partisan political discussion and study group.

ART SHOW—A collection of student works from the University of Utah is now on display in the Student Union Building. It represents a sampling of works from areas of painting, drawing and graphics. The display will remain until April 15.

'Art is Experience'

Balazs Art On Exhibit

Two art exhibits are being shown this week and next in the Vandal Lounge of the Student Union Building.

South of the Vandal Lounge is an exhibit of the work of Harold Balazs, a specialist in architectural commissions.

Included in the exhibit are small sculptures, drawings, and photographs of architectural commissions of Balazs.

Balazs, who graduated in 1951 from Washington State, early in his career worked mostly on craft items sold through gift shops.

Now he works mostly on architecture commissions. Balazs works in a variety of materials, favoring concrete wood, and metal.

Balazs has done work on the Lincoln Junior High School and the Presbyterian Church, both Pullman, as well as on several schools and churches in Spokane. "I am very weary of notions that 'art is experience' and 'art is self-expression,' feeling that when anything isolates itself to this extent it dies," he said. "I rather prefer and enjoy the 'collaboration' approach to things."

On the wall of the Vandal Lounge is an exhibition of student works from the University of Utah.

On Calendar

- TUESDAY
- Just-Us - 8 p.m.
 - MUN - 7 p.m.
 - Jr. Class - 6:30 p.m.

New Student Days To Interview Wed.

Do you have imaginative ideas on publicity? If so the New Student Days Committee needs you! Interviews for new members will be held Wednesday at 7 p.m. in the Sawtooth Room at the Student Union Building.

New Student Days Committee is in charge of programs and events which will help incoming students to orient themselves on the Idaho Campus. In the past the New Student Days Committee has sponsored such events as the President's Convocation, Foreign Students' Dinner, New Student Dance, and Frosh-Faculty Forum.

For further information contact Dick Slaughter, off campus, at TU-23445 after 5 p.m.

Blood Drive Plans

The U of I Blood Drive is scheduled April 26-28. Any students wishing to donate blood who are yet 21 must have a permission slip signed by one of their parents. The slips will be distributed to each living group this week so that each student can have it signed during the spring vacation. Permission slips will also be available in the ASUI office.

After Vacation

A.C. Schedules Interviews

Interviews for Committee chairmen will begin the Tuesday following Spring Vacation. All interviews will be held in the SUB in the room listed. Students who have filled out an IBM card may just come to the interviews.

Those students who have not filled out an IBM card may still interview but should fill out a committee application in the Student Union Office and bring it to the interview. For more information about the committees or interviews contact Maun Rudisill in the Student Union Office or Art Crane, Graham.

President Hartung Cites Arg April Fools Article

Dear Jason:
I hardly think the story which appeared on page eight of the April 1 Argonaut concerning my basement chemistry laboratory was really news-worthy. In fact, in terms of what other presidents of colleges and universities have accomplished, I wonder if your reporter even took the trouble to write the article, let alone get a pictorial illustration for it.

Take my own Alma Mater, Dartmouth, for example. Let me quote you the historical narrative of Eleazer Wheelock, Dartmouth's first President, as it appears in a rather well-known Dartmouth song:

Eleazer Wheelock was a very pious man.
He went into the wilderness to teach the In-Id-an.
With a Gradus Ad Parnasum, a Bible and a drum,
And five hundred gallons of New England Rum.

The Big Chief who met him was the Sachem of the Wah-hoo-Wahs.
If he was not a big chief, there was never one you saw who was.
He had tobacco by the cord, ten squaws and more to come,
But he never yet had tasted of New England Rum.

Eleazer and the Big Chief harangued and gesticulated. They found Dartmouth College, and the Big Chief matriculated.
Eleazer was the faculty, and the whole curriculum Was five hundred gallons of New England Rum!

Women Should Live Off Campus - Student Says

Dear Jason:
Why is it a girl can marry without parental consent at 18, but cannot live where she chooses while attending college at 21 or 22? College is supposedly a training period to prepare youth for adult life. People do not live in sexually-segregated housing in real life, so why would they be forced to do so while attending college? Female housing rules developed from a puritan fear that rampant promiscuity would be the result of un-supervised housing for girls. This idea is both ridiculous and out of date.

In many European universities female students have no housing rules and moral decay has not set in among them. They seem to be able to handle themselves very well.

If a supposedly well educated American girl of 18-23 does not have a basic knowledge of men and sex, it is a fault of our society and should be brought into the open, not covered up under a facade of "rules to protect the innocent."

I don't feel this is a real problem anymore though. Today most college-age girls do have adequate sexual knowledge and I feel that all female students should be allowed to live where they desire.

I don't mean to give the impression that I am against living groups, for I am not. Living groups have many excellent qualities, but I do believe a student should have the freedom to choose where he lives, regardless of age or sex.

Duane Rimel
Off-Campus

News From WSU

President Ernest W. Hartung will be guest speaker at the third annual banquet of the Washington State University Honors Program to be held April 17.

The Police Science Department at WSU will have a special 25th anniversary celebration during the all-campus open house on April 15 and 16. The 1941 class began with 17 students and by 1944 had grown to 22. In 1944 the department first offered a master's degree in police science.

Mothers Weekend at WSU this spring, April 29 through May 1, will feature the theme, "Raindrops on Roses."

City, U Officials Set Meet On Housing

City and university representatives will meet Thursday afternoon to discuss further developments of a proposed ordinance to establish minimum health and safety standards for Moscow housing, according to Denny Dobbin, off campus, student committee member.

Dobbin said city officials Leon Sordorff, Fire Chief; Harold Thorsen, Police Chief; Wayne Haiskari, city sanitarian; Frank

Elkins, representative of the Chamber of Commerce, student representatives, and possibly George Bell, University Law Professor would attend the meeting, scheduled at 1 p.m. at the fire station.

Dobbin said the committee had been considering minimum safety precautions which may be written into an ordinance. They include:

1. A fire escape on two story or more establishments.
2. Regular inspection of heating and wiring to be checked by a qualified electrician.
3. Possible requirement of fire extinguishers.

Dobbin said he had also proposed an idea of mutual contract between student and landlord in the case of student rental of housing. In this contract the student would guarantee minimum damage to the property, and the land lord would be responsible for giving adequate facilities, such as the minimum safety facilities, he said.

Moscow Fire Chief Sordorff said no plans would be drawn up at the coming meeting, but definitions would be made more clear with the help of legal authority.

"We need definitions as to what buildings are public and private before we can provide ordinances pertaining to public housing," he said.

He added that this is why officials would ask for the assistance of the university law faculty.

Lee Davis, off campus, member of the housing committee, said that at a recent meeting points of proof of condemnation had been discussed. In order for a public building to be condemned, there must be a limited time allowed for improvement, and if not done it would be cleared, he said.

Davis added that possibility of an off campus disapproval board had been heard. He said this could possibly be enforced by the University more readily than an approval board, as such.

Dobbin later disagreed, saying that a disapproval board would probably be bad for public relations. "I don't know how effective this would be in creating good feeling," he said.

MORE RESPONSIBILITY—Army Sgt. Plumer P. Lowe, AROTC is congratulated on his promotion to Staff Sgt. E-6, last week by Col. James Rimlinger.

Idaho Faculty Has Celebrity

By CAROLYN MOORE
Argonaut Contributor

Student tastes are the primary factor in selection of the SUB art exhibits, according to Maun Rudisill, SUB activities director, in a recent interview.

"Our primary purpose is to give students an opportunity to see different kinds of art, and different media in art," said Miss Rudisill.

Attendance At SUB Films Has Been High

Throughout this year the SUB films shown in the Borah Theater have met with the more success than any previous year. Maun Rudisill, ASUI program director and advisor to the student Film Committee, said attendance had more than doubled over last year's attendance.

Most Popular

In regard to attendance, the most popular films viewed this year have been "The Virgin Spring," "La Dolce Vita," "Under the Yum Yum Tree," "Dr. Strangelove," and "The L-Shaped Room." With the arrival of spring, movie popularity has slackened.

Through the efforts of Ed Marohn, chairman of Film Publicity, Ken Hall, chairman of the Film Committee and the Film Committee members, several changes regarding SUB films have proved successful.

Changes in the film program this year include: advertising in the Argonaut, publication of a movie calendar, distribution of the film listings during registration, and the addition of Saturday night for film viewing.

Because of the SUB films' popularity this year, films are being viewed in the SUB ballroom on Sunday evenings, while Friday night remains the most popular time for movies.

Film Committee

Selection of films for your viewing pleasure is accomplished by the Film Committee. This committee conducts surveys, orders films, keeps attendance reports, and maintains financial records. All profits made by the films are to be invested in a new screen and lenses for next year.

An ASUI student committee is responsible for writing and acquiring the exhibits, insuring them, displaying them, and returning them to the artist. The committee chairman is Kathleen Harrison, KKG, Members include Tecla Guerra, ESH; Alan Jeppesen, LDS; Doug Hall, BOH; Kathryn Field, AGD; Joh Swayne, UH; Ron Paarmann, PDT; and Margaret Gamble, DG. Miss Rudisill is committee advisor.

Each Responsible

"Each student is responsible for a specific exhibit. He writes the artist and makes the arrangements," said Miss Rudisill.

The exhibits come to the University from artists who lend them, from some large industrial firms, from art guilds or from traveling exhibits. A small budget prevents renting of exhibits.

"We scheduled 18 shows a year and have the exhibits planned for a year ahead of time. We change the exhibits every two weeks," said Miss Rudisill.

Student works are occasionally shown, and the Student Art Show entries next month will be exhibited.

In reference to local artists Miss Rudisill mentioned that the committee tries to get the artist whose work is exhibited to come to the University for a discussion on art and a coffee hour.

Another Plan

Another of the committees plans is to build a permanent collection of art for the University. According to Miss Rudisill, the committee buys a piece of art each year and hopes to acquire sculpture as well.

The art exhibits began in 1958-59 with Charmaine Fitzgerald, the SUB activities director. She acquired the first exhibits and had board stands built to show them. These were replaced by the SUB wall where exhibits are presently shown.

KUID Needs News

On The Air . . . KUID-FM, university radio station is looking for special interest news about campus and departmental activities, according to Jim Kuehn, off campus, KUID news director.

Now expanding its news service to people of the community and the surrounding area, the station is looking for spot announcements on any scheduled events or activities.

Persons to contact are Kuehn, at 6340, Mohammad Ashrafi, at No. 4895; or the KUID staff at the station number, 6340 or 6413.

Rings N' Things

PINNING CUNNINGHAM—ALDRIDGE

The pinning of Bob Aldridge Theta Chi, to Kim Cunningham, Pine Hall, was announced at a Theta Chi dress dinner by Ben and Val Goddard, and also by a candlelight ceremony at Pine Hall.

As a pink candle surrounded by pink roses in a lavender vase was passed, Carol Olson, Louise Rossi, Jeanette Hasenohrl, and Lynne Olsen; read poems and Susan Reed sang "Eternal Life."

TGIF Provides Talent For Dinner

"TGIF PRESENTS" provided four other performances for the student entertainment Sunday night for the Blue Bucket Pancake Supper which was held from 5 to 7 p.m.

Those participating in the program were: Vocal soloist, Dorothy Neuer, Carter Hall, accompanied by Tom Schorzman; Hawaiian dances by Linda Hamelrath, Alpha Phi; vocal soloist, Julie Anderson, DG accompanied by Lois Grieve, Shoup; and Scott Reed's Jazz Trio which played between the solo performances. The numbers were introduced by Paul Chappell, Beta.

Lois Grieve, head of the TGIF PRESENTS Committee estimates

Summer Study For '66

The Institute of International Education announces that a limited number of scholarships for 1966 summer study are being offered to qualified Americans by two Austrian and four British universities. All programs are administered by the IIE.

The St. Wolfgang program is open to candidates who have completed two or more years of college. Courses available to students will include law, political science and liberal arts courses, and German language courses, at the University of Vienna.

The Salzburg summer schools sponsored by the Austro-American Society, and will provide students with an opportunity to learn the German language.

Every mother wants to raise her family in a safe and friendly atmosphere

When the little hummingbird set up housekeeping in a Standard Oil refinery, she paid us a high compliment.

She didn't know that our Company had invested millions to remove smoke and vapors from the refinery atmosphere, but she found it highly compatible—and she's an expert judge of air. The refinery's human neighbors also benefit.

Clearing smoke and smog from the atmosphere of whole cities will be a more complex problem, but Standard Oil works for this, too—through research, joint efforts with public authorities, the loan of top scientists to pollution control projects in your community's interest.

Whether it's protecting natural resources, scenic areas and wild life . . . guarding water resources against pollution . . . or preventing contamination of the air in our busy cities . . . Standard Oil is dedicated to conservation—an important part of our responsibility to you.

P.S. The baby hummingbirds, born at our El Segundo, California, refinery, were as pretty as their mother.

BICYCLE TO BOISE—The Idaho Delta Sigs will pedal this bicycle to Boise April 8-12. Members of the team are left to right, front row: Jerry Agenbroad, John Kauffman, Mike Malcom, Ken Agenbroad, Ailyn Weerman, Bill Wilson, and Ward Kelly. Second Row: Ole Bergset, Ron Cognar, Dale Mowrer, and Bob Fry. Back Row: Larry Kaschmitter, Stroud Kunkle, Pat Eck, and Pat Long. Not shown are Denis DeFrancisco, and John Murdock.

Delta Sigs Bicycle To Boise Supporting Easter Seal Drive

Eighteen Delta Sigs will bicycle to Boise to support the Idaho Easter Seal drive during spring vacation.

The first team, riding a tandem bicycle will leave Moscow at 1 p.m. Friday. The trip will end at approximately 2 p.m. on the steps of the Capitol where the group will meet Governor Robert Smylie, in Boise.

CYCLERS
Making the trip will be Bill Wilson, and Ailyn Weerman, co-chairmen of the trip, Ole Bergset, Ron Cognar, Larry Conrad, Dennis DeFrancisco, Pat Eck, and Bob Fry.

Others are Ken Agenbroad, Jerry Agenbroad, John Kauffman, Larry Kaschmitter, Ward Kelly, Stroud Kunkle, Pat Long, Mike Malcom, Dale Mowrer, John Murdock.

The riders will leave Moscow April 8 and bicycle through Lewiston, Spaulding, and Lapwai, stopping in Sweetwater for the night.

LEAVE
Saturday April 9 the group will leave Sweetwater at 5:30 a.m. to ride through Culdesac, Winchester, Craigmont, Ferdi-

nand, Cottonwood, and Fenn, stopping in Grangeville for lunch. Leaving Grangeville the group will ride through Whitebird and Lucille to Riggins.

Easter Sunday the Delta Sigs will leave Riggins at noon to bicycle through Pollock, New Meadows, Meadows, to McCall. On April 11 the Delta Sigs are scheduled to go through Lake Fork, Donnelly, Cascade, Alpha, Smith's Ferry, Banks, Gardena, and Horeshoe Bend to Emmett.

The final days ride will take them through Star, Middleton, Caldwell, Nampa, Meridian to Boise.

SCRANTON
The Delta Sigs have received a copy of a letter sent from Gov. William Scranton to Gov. Smylie supporting the trip and especially the four Pennsylvanians, Eck, Mowrer, Kunkle, and Kaufman, who are going on the trip.

The bicycle has been donated for the trip by Reed's Hardware in Lewiston.

The bike trip is a repeat of one made by the Delta Sigs three years ago. April 5, 1963, 14 Delta Sigs left Moscow and ar-

rived in Boise April 9.

"We do not expect to take collections on our tour but are mainly concerned with publicizing the state Easter Seal campaign. It is in this manner that we feel we can do our best to further the drive for the sale of the Seals," Bill Wilson said.

Automobiles carrying signs telling about Easter Seals will drive in front and in back of the bike.

Recreation Comm. Elects Officers

New officers were elected at the third meeting of the newly formed Student Recreation Society. They include Dick Phillips, president, Jim Pope vice president, and Viki Marconi, secretary-treasurer.

Future activities and the organization policy were discussed, and committee was appointed to draw up a constitution.

Recreation minors are eligible for membership. Anyone interested please contact Viki Marconi, Campbell.

Prom, Concert Were Held This Weekend

Highlighting the Junior-Senior Prom last Saturday was the Glenn Yarbrough concert held

Awards, Honors End High School Journ. Conf.

"It's bigger than I thought it was."

Despite some of the comments heard about the University and the average high school student seemed to enjoy his visit to the Idaho campus and meeting with members of the working press. For the high school journalism conference.

Some of these included Robert E. Bailey, editor of the "Buhl Herald," who opened the conference with a keynote address on "How You Can Serve."

Other addresses and discussion groups helped the young journalists on problems in yearbook production, ways to brighten a sports page, and hints toward better mimeograph production of school papers.

The last scheduled event of the conference was the awards luncheon. At this luncheon the winners of the competition for best school paper, and the winners of the various writing contests were announced.

In Class I, printed newspapers from schools of any size; Borah High School, Boise took first place. The editor of the Borah High School, "The Senator," Kerrie Quinn was named by the Idaho press women as Outstanding High School Girl Editor in the State.

In Class II, duplicated newspapers from high schools of more than 250 enrollment; Wood River High School, of Hailey was judged the best of its class.

Class III, duplicated newspaper from high schools with less than 250 enrollment, Academy of the Immaculate Heart of Mary, Coeur d'Alene, won first place.

In the Theta Sigma Phi national journalism honorary for women, essay contest, Diane George of St. Gertrude's Academy in Cottonwood won first place. The subject of the essay contest was "Journalism for the Development of the Feminine Mystique."

There was an approximate total of about 480 students and advisors from 40 Idaho high schools, attending the conference.

in the Memorial gymnasium at 8 p.m.

The statement, "Moscow, the gateway to Troy," provided a welcome reception from the audience for comedian Don Sherman, who appeared with Yarbrough. The Starvon Street Jazz Quartet provided the accompaniment for Yarbrough's "folk flavor."

"Honey Wind Blows," was the theme of the Junior-Senior prom held immediately after the Yarbrough concert. It lasted until 1 p.m.

Decorations for the dance were created by using lighting techniques. The programs were "honey" colored with a black silhouetted tree. The music was provided by the Moonlighters.

Yarbrough who was scheduled to sing during the intermission, was unable to perform because of plane schedules.

U-I Student Sets Speech

Paul Thrasher, physics graduate student of the University of Idaho, will speak on Brehme diagrams tonight at 8 p.m., room 112 in the Physical science building; said Don A. Marshall, Chrisman.

Thrasher feels that anyone who can use sines and cosines will be able to understand such relativistic phenomena as space contraction, time dilation and relativistic mass, Marshall said.

This American Institute of Physics meeting is designed especially for students who would like to understand something about relativity without having to take several courses in math, said Marshall.

The meeting is open to everyone and may be of help to students in classes such as physics 51 and 2 and calculus, according to Marshall.

Marshall also said the program should be of interest to students who have studied relativity from a mathematical point of view.

Mortar Board Asks

Anyone who wishes to give awards or honors during the May Fete ceremony should contact Carolyn Stephens, Kappa, said Penny Craig, Mortar Board.

AUTOGRAPH SEEKERS—Folk and pop singer Glenn Yarbrough signs autographs on anything available for signature seeking Idaho students. The former Limelighter performed on campus Saturday evening before the Junior-Senior Prom.

Science Foundation Gives Stipends

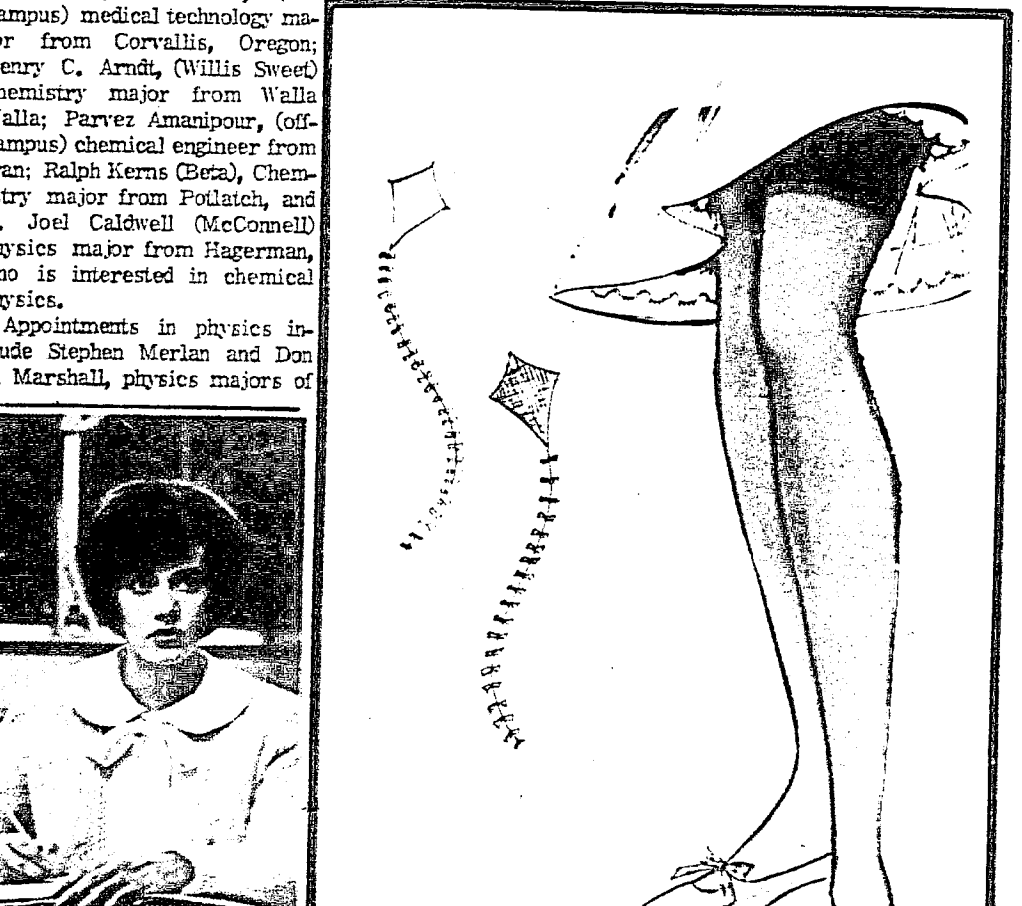

Dr. Malcolm M. Renfrew, head of physical sciences, announced the students who will hold National Science Foundation stipends this summer in the undergraduate research programs in chemistry and physics at the University of Idaho.

The students will work on active research projects with selected professors and participate in seminars which treat recent scientific developments.

The National Science Foundation has granted the University \$9800 for the chemistry program and \$7840 for the physics program. This is the sixth year these programs have been in Idaho.

Appointments in chemistry include Judy Flakerud, (off-campus) medical technology major from Corvallis, Oregon; Henry C. Arndt, (Willis Sweet) chemistry major from Walla Walla; Parvez Amamipour, (off-campus) chemical engineer from Iran; Ralph Kerns (Beta), Chemistry major from Podlatch, and R. Joel Caldwell (McConnell) physics major from Hagerman, who is interested in chemical physics.

Appointments in physics include Stephen Merlan and Don A. Marshall, physics majors of

Alpha Chi's Take Home SAE Olympic Trophy

Pie-eating, leap frog, 4-legged races, tennis ball push? These are some of the activities of the yearly SAE Olympics held Saturday morning.

First and second places were close, but a total of 29 points was the winning score for the Alpha Chi's. Second was last year's winner, Alpha Phi, with 28 points. Forney was third with 18.

"I've seen five of our female Olympic games, and this one was the best," said Bill Bailey, SAE, chairman.

The leap frog race included five girls on each team. Four heats were held and the winners were: 1, Alpha Chi; 2, Alpha Gam; 3, Forney; 4, Shoup.

Winners of the 25-yard crawl were: 1, Alpha Chi; 2, Gamma Phi; 3, Tri Delt; 4, DG.

The football punt, which is judged on how far each girl kicks the football ended with 1, Ethel Steel; 2, Theta; 3, Shoup; 4, Pine.

Two girls from each group participated in the wheelbarrow race. Winners were: 1, Alpha Phi; 2, Alpha Chi; 3, Kappa; 4, Tri Delt.

The title for the best and most original flag went to the Alpha Phi's for the second year in a row. The flag was made out of purple and gold material—the SAE colors.

The tricky 4-legged race was won by 1, Alpha Phi; 2, Theta; 3, Houston; 4, Alpha Chi. Three girls take part in this race. The girl in the middle ties one of her legs to the leg of each of the girls at her side. Then, away they go.

The pie-eating contest is one of the favorites and the funnest. Banana cream is a lure to contestants. Winners were 1, Alpha Chi; 2, Forney; 3, Tri Delt; 4, Pi Phi.

A strong nose is all the equipment needed for the 20-yard tennis ball push. Winners were: 1, Alpha Phi; 2, Kappa; 3, Gamma Phi; 4, Alpha Chi.

A two-girl team that tosses a water-filled balloon between them from a distance of 10 ft. with increases of 5 ft. for every successful throw is the balloon winner. Winners were: 1, Forney; 2, Shoup; 3, Pi Phi; 4, multiple tie; therefore, no fourth place.

Ten girls from each living group competed in the tug-o-war. The process of elimination moved everyone out but 1, Forney; 2, Hays; 3, Alpha Chi; 4, Ethel Steel.

New Officers, Initiation Vacation Fill Calendar

Sigma Chi held initiation March 14. Those initiated were Barry child who would most benefit from the honor. Accompanying him were the five finalists for this year's Dream Girl. The trip is to become an annual event.

Gamma Phi Beta held their annual "Band-Aid Brunch" after the SAE Olympics, Saturday. The girls invited friends from other living groups to attend, and Bob Bushnell, SAE, provided entertainment.

The women of Pine Hall elected, Trevie Maffit, president, for the coming year. Others elected are Carolyn Trebilcock, assistant president; Elaine Brown, corresponding secretary; Gail Muirbrook, recording secretary, and Cheryl Campbell, treasurer.

The new officers were installed during a candlelight ceremony, and outgoing president, Kim Cunningham, was presented with a gift.

Members of Pi Kappa Alpha travelled to Lewiston, Saturday to take the children from the Lewiston Children's Home roller skating and afterward give them a party at the Home. The trip was taken in conjunction with the national fraternity's community service day, observed by all Pi Kap chapters in the nation.

At the party, Lodi Stemmler, present Dream Girl, crowned the fraternity's first, "Garnet Princess," Sherry Nead, six, Lewiston. Miss Nead was chosen

Soils Prof. Retires

Dr. G. Orin Baker, a member of the University of Idaho faculty since 1935 will retire from his position as professor of soils on July 1. Dr. Baker has served the University as associate professor and professor of agronomy and has acted as head of the agronomy department.

After receiving the bachelor of science degree in 1923 from Washington State University, he earned the masters' degree from the same school in 1924. He was principal and vocational agriculture teacher at Elma, Washington, from 1924-29.

Upon receiving a Chilean Nitrate fellowship, Dr. Baker returned to WSU for two years, where he accepted a four-year instructorship in 1931.

Dr. Baker passed his preliminary examination for the Ph.D. in soils in 1935, the year he came to the University of Idaho.

Since he came to the university, Dr. Baker has kept an individual, running record of each of the students in the agronomy department, including their homes, their ranks, and their grade point averages.

Since 1964, he has kept this record only for those students in soils. Dr. Baker has also kept track of the number of students who have been in his beginning soils class, a figure reaching 3,569.

Dr. Baker's main research at the university has centered around soil fertility and the use of fertilizers.

Although he will be officially retired, he will keep up with his research next fall on micronutrients.

He is also a member of professional societies Alpha Gamma Rho, Sigma Xi, Alpha Zeta, for which he was faculty advisor twice; Sigma and Phi Delta Kappa.

Humanities Names Head Tolleson Takes Position

Dr. Floyd C. Tolleson, Jr., 51, associate professor and acting head of the department of humanities, will be moved up to department head, it has been announced by President Ernest W. Hartung.

The Regents, meeting in Boise the weekend of March 3-5, approved Dr. Tolleson's advancement effective July 1. The position was vacated last summer with the resignation of Dr. William B. Hunter.

Receiving his B.A., M.A., and Ph.D. degrees from the University of Washington, Dr. Tolleson joined the University of Idaho faculty in 1955. He has since risen from assistant professor of English to

his new position. Other Board action included the appointments of the following persons to the University faculty and staff:

Mrs. Dorothy G. Barnes, Moscow, well-known instructor of music and former member of the music staffs at Idaho and Washington State University, will teach music again this fall. She replaces Charles W. Walton, who will be on leave of absence. Mrs. Barnes received her B.S. and M.M. degrees at the University.

Mrs. Janet Groff Greever, Moscow, has been named a visiting assistant professor of social sciences, and will teach history through the end of the academic year.

Mrs. Greever, who holds her Ph.D. degree in history from Idaho, will be a part-time replacement for Dr. Siegfried B. Rolland, while he directs the NDEA summer history institute project. Mrs. Greever formerly taught as an assistant professor of history at W.S.U.

Dr. Robert P. Lottman, 32, who has been serving as an assistant professor at Ohio State University, was named as associate professor of civil engineering effective September 1, 1966. He will replace Associate Professor James M. Bell, who resigned the position a year ago.

Professor Lottman received his M.S.C.E. from Purdue University, and his Ph.D. degree from Ohio State University. He has five years of teaching experience and three years of practical experience in industry.

Also named to the chemical engineering staff, was Jacob B. Romero, who will become an associate professor in the College of Engineering effective September 1.

He will replace Professor G. C. VanDeusen, who resigned at the end of the 1965 academic year. Romero received his M.S. and Ph.D. degrees at the University of Washington and has since been doing engineering research work in private industry.

The ENGAGE-ABLES go for Keepsake

Each Keepsake setting is a masterpiece of design, reflecting the full brilliance and beauty of the center diamond... a perfect gem of flawless clarity, fine color and meticulous modern cut. Musseau Attack Reported Moderate Will Continue Spring Ball-Advisory Capacity

The Idaho Vandals will open spring practice on April 18 with head coach Steve Musseau serving in an "advisory" capacity, his physician reported today.

The Idaho grid boss suffered a "moderate" heart attack last Friday night and will be out of action "about five weeks," his doctor said. Director of Athletics Paul Ostyn said today that spring drills would continue on schedule. Spring practice will be handled by the staff with no one coach designated to handle the top job. "Each coach has his own specific duties," Ostyn said, "and we will continue with our regular program."

Rest is Prescribed
Musseau is confined to a Moscow hospital and will be for several more days. His doctor has prescribed several weeks of rest following his release. The staff includes Walt Anderson, offensive line coach, John Smith, defensive line coach and Herb Adams, offensive backfield coach. A fourth coach has been selected to handle the defensive backfield. An announcement will be made when he is released from his current coaching contract and is approved by the Idaho Board of Regents.

Ostyn said that the staff had set three goals for the 20-day spring practice session:
1. Observe the unproven candidates and determine which ones can help the Vandals next fall;
2. Determine which players will fit into which positions in Idaho's two-platoon system next season;
3. Teach some offensive and defensive techniques both to re-

turning team members and new candidates.
Intrasquad games are billed for Moscow each Saturday morning beginning April 23, with the exception of May 14 when the Vandals will play an intrasquad exhibition in Coeur d'Alene.

INTRAMURALS
It was announced today by Intramural Director, Clem Parberry, that there would be a meeting of all intramural managers at 7:00 p.m. on Wednesday, April 6 in Room 109 of Memorial Gym.
The following topics will be discussed:
1) Hand out track entry sheets.
2) Set date for entries to be returned.
3) Draw for softball leagues (Independent managers should be prepared to inform the Intramural Department whether they will have one or two teams participating.)
4) Discuss horseshoes.
5) Discuss Co-Rec softball.
6) Discuss skiing.
Parberry urged that all living groups be represented.

Recruiting Program Is Well Underway According To Goddard
By DICK SHERMAN
ASSISTANT SPORTS EDITOR
Basketball season has come to an end but recruiting talent for next year's squad has just begun.
Coach Jim Goddard has been constantly on the road during the past few weeks scouting across the United States for possible prospects for next year. He has traveled to state high school basketball tournaments in Idaho, Washington, and Oregon.
Also he has toured California interviewing some prospects from the California junior colleges during which time he visited various high schools.
He went to Hutchinson, Kan., for the National Junior College championships and has recruited in Virginia and Washington, D.C. On the return trip he stopped in New York.
Said Goddard, "We try to get the best in Idaho; that is our main point of concentration and then we recruit largely over the entire Northwest."
When asked about recruits back East, Goddard commented, "We usually approach them last after we have covered the Northwest completely since they are so far from home and might not have so much enthusiasm to attend school in the West."
I also had the chance to ask coach Goddard about the team potentialities next year and he said that basically the team would be the same, but that he wasn't planning on having too much of a running game since they would have better height next year and wouldn't have to depend on the press so much.
"Our main concern for next year is height, said Goddard, because we will need someone to take the pressure off Schlottbauer under the boards. We have some good boys off of the Frosh

squad that should help us but they will have to prove themselves." Goddard said that they have had good luck in getting Frosh to help the team, averaging about 2-3 boys a year that make the varsity as sophomores. He also said that the Frosh recruiting program is doing real well and that they hope to have a good Frosh team next year.
As of right now, there is nothing definite as far as names go but there are many prospects in consideration in the Northwest as well as down in California. Already two boys have been recruited in New York and there are two more possibilities. Win or lose, the Vandals will be going for height on next year's ballclub.

Sweitzer Basin Has Special Rate For U-I Students
SANDPOINT, Idaho — Schweitzer ski area has announced two special Spring Ski Week price reductions for University of Idaho students next week. Both are effective Monday through Friday, April 11-15, according to Manager Sam Wormington.
Single day skiers can have use of all lifts any of the five days for only \$3.50 by showing their ID cards.
A five day package includes 20 hours of instruction for advanced, intermediate or beginner groups, use of all lifts; movies so you can see yourself ski; plus lunch and refreshments each day, for only \$35, including Idaho state sales taxes.
Many local lodging facilities also offer special spring vacation rates for skiers.

Brown, McDonald Set Records At UW Meet

Despite three record-setting performances last weekend against the University of Washington, Idaho's track team will still be looking for its first win this Saturday against the University of Portland and Lewis and Clark College in Portland.
Coach Doug MacFarlane uncovered a sensational 6-8 1/2 high jumper in Steve Brown, a mid-year enrollee from New York City. Brown, who enrolled at Idaho to play basketball, tried on his first pair of track shoes two weeks ago. Today he holds the Idaho record in the high jump.
Cinderella Story
"If that isn't a cinderella story, I don't know what is," Vandal track mentor Doug MacFarlane exclaimed last Saturday in Seattle after watching his newest recruit post the new mark. Brown's 6-8 1/2 jump bettered, by half an inch, the old meet record set by Husky track ace Phil Shinnick last year.
However, Brown's record effort, coupled with record grabbing performances by perennial star, Ray McDonald, weren't enough to turn back the powerful University of Washington track crew as they thundered to a
