Volume 73, No. 9

Sen. Church gives acclaim to presidents

Senator Frank Church said University of Idaho President Dr. Ernest Hartung and College of Southern Idaho President, Dr. James Taylor, were among the best college presidents in this country.

In noting that Moscow Wednesday honored Dr. Hartung and Twin Falls Thursday honored Dr. Taylor in ceremonies in the two cities, Church said, "Leadership is one of the great resources and Idaho has had the good sense to choose some of the best men in America to lead our colleges and universities."

"Dr. Taylor has done a truly remarkable job of putting the College of Southern Idaho on the map in just four years. Dr. Hartung has upgraded the University of Idaho in every way, as the Idaho State football team can attest," Church said. "I believe we could match the ability of these men against those of any other similar state in the country," he continued.

Church also praised Dr. Bud Davis at Idaho State University; Dr. John Clarke at Ricks; Dr. John Barnes, Boise State; Dr. Warren Knox of the College of Idaho; Dr. Gerald Duggers, at Lewis-Clark Normal School; Dr. John E. Riley at Northwest Nazarene; Don Nielson at Magic Valley Christian College and Barry Schuler of North Idaho Junior College.

CUP platform to meet

CUP Platform will meet at 7 p.m. tonight. All candidates are welcome.

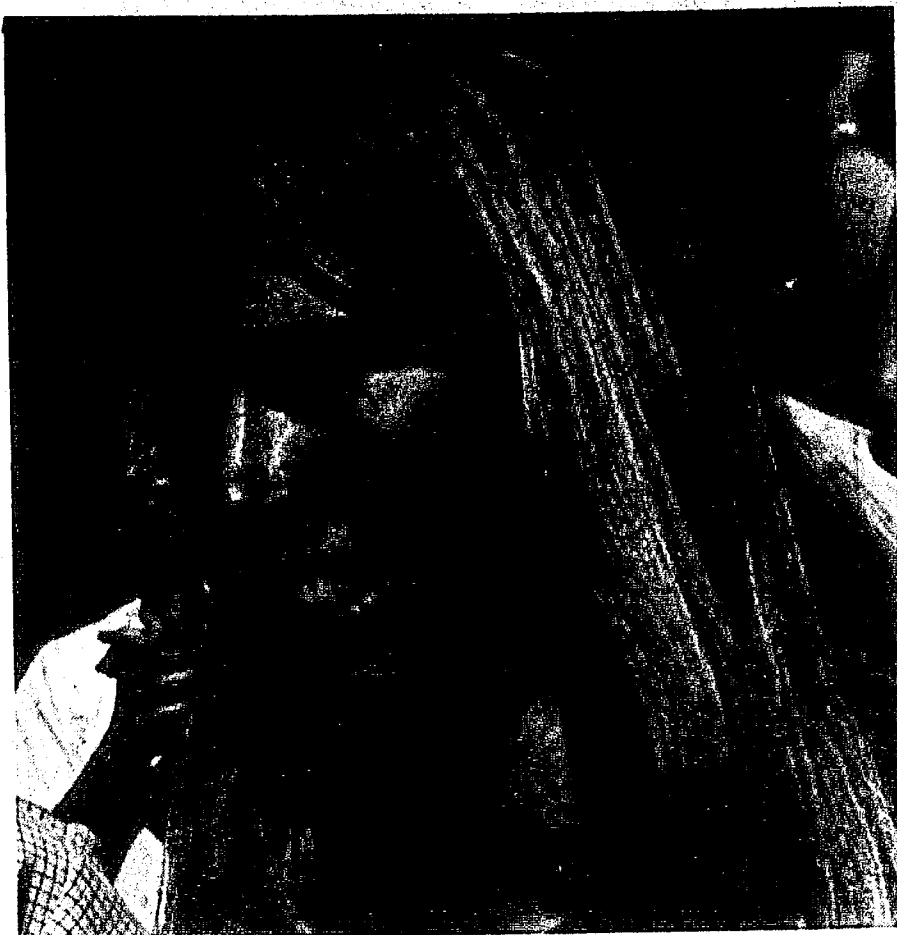

Utah symphony tickets on sale

Tickets for the Utah Symphony concert at the University of Idaho, October 15, are now on sale at outlets in Moscow and Pullman.

Concert tickets are being sold in Moscow at Haddock and Laughlin's, Carter's Drug and the Student Union Building. In Pullman, they are available at the Compton Union Building and the Corner Drug Store.

In addition, more than 200 music students, from the Vandaleers, University Symphony and University Band, are selling tickets to the student body.

As an added convenience, representatives from the music organizations will set up ticket booths at various locations in downtown Moscow. These booths will be manned during the Homecoming Weekend and the days prior to the concert. Price of the concert tickets is \$2.50 for adults and \$1 for students.

Sally Armstrong, Pi Phi, was announced 1968 Homecoming Queen at Boise Saturday at the Idaho-University of Pacific game. The Queen and her court

will be honored this week at a luncheon dinner in Coeur d'Alene and at a luncheon given by the Moscow Chamber of Commerce.

Ibsen's own life story is reflected in his play

By Michael Clay

Should Henrik Ibsen, the pioneer in realistic drama and most controversial playwright of the last century, drop into Ad. Auditorium October 24, 25, or 26 at 8 p.m. he would be delighted to find that his famous play, Hedda Gabler, was being presented by the ASUI Drama Department.

Ibsen's professional career as well as his private life is a mixture of the success and failure reflected in his plays. He had begun his career as a dramatic poet but soon moved and stayed with the realistic pattern. He became a "photographer of contemporary social, psychological, and moral reality" and changed the entire course of modern drama, according to Norwegian biographer Otto Reinert. Ibsen led the way from a reflection of Victorian ideals to a portrayal of life as it is.

In Hedda Gabler we see his genius in bringing real life situations and characters alive. In the autumn of 1889 the then famous playwright and his wife visited a small village near Brenner Pass in the Austrian Tyrol as do the Tesmens in Hedda.

Here the plot differs, but the character analysis of an eighteen year old girl that the aging Ibsen met and loved lives on in Hedda Gabler. The character's remark, "to

steal another woman's husband," is probably the same thought that ran through Emilie Bardach's mind in those short meetings between them . . . for the relation did not end with the return of Ibsen to his home. " . . . How vivid your lovely, serene appearance remains in my memory!" he wrote to her. But with a valiant insight found in few men, he broke off the relation in the spring. "Believe me — it is better thus," were the last words Ibsen sent formally. Her burning memory, however, lived on in his mind for nine long years. In a small note as passionate as his earlier letters, Ibsen reflects that "The summer . . . was the happiest, the most beautiful in my whole life." He died in 1906 with her name upon his lips.

Office petitions available

All candidates running for class offices that are not nominated by a recognized Campus Political Party can get their petitions at the SUB Information Desk. All petitions must be turned into the Information Desk by 9 a.m. Monday, October 14. Class elections will be held October 22.

Queen Sally Armstrong announced at Boise game; court honored this week

Reigning over this year's Homecoming activities is Sally Armstrong, Pi Phi who was announced as the 1968 Homecoming Queen at the Vandal game in Boise last weekend.

A junior French major at the University, Sally plans a career in teaching. Her past campus activities include Little Sighs, Frosh Week Committee and the College Bowl Committee. Last Christmas

she was crowned Holly Queen. Much of her free time is spent reading, playing the guitar and skiing.

Blond, hazel-eyed Sally was selected from five finalists named from 17 con-

testants. Other finalists included Karen Clements, A Phi; Marsha Bohman, DG; Susan Tyler, Theta and Ann Shelley, Kappa. Sally will be honored during halftime of next week's Homecoming game at Moscow when the Vandals meet the University of Montana Grizzlies.

The queen and her court will be honored Tuesday evening at an alumni dinner in Coeur d'Alene and Wednesday at a luncheon given by the Moscow Chamber of Commerce. They will also ride in the Homecoming parade Saturday morning. Co-marshalls for the parade are Jim Lyle, Alumni Secretary and Dr. Walter Stefens, Academic Vice-president.

Besides the regular Homecoming festivities of the game, parade and dance, the "Harper's Bizarre" will appear in concert Homecoming night.

"Slow Down You're Moving Too Fast — You've Gotta Make the Morning Last" was the message that the "Harper's Bizarre" brought to the nation in their first hit recording "59th Street Bridge Song."

Known as a group that is bringing back good music and a soft sound, the "Harper's Bizarre" will perform at 8 p.m. in the University's Memorial Gymnasium October 12.

Composed of Ted Templeman, Dick Scopettone, Dick Yount and John Petersen, the group has had other successful recordings. In addition to the "59th Street Bridge Song," their hit recordings of "Battle of New Orleans," "Chattanooga Choo Choo" and "Anything Goes" have all made the charts.

Tickets for the performance are on sale at the SUB, WSU and Haddock and Laughlin's in Moscow.

Theologue to present Prof. Donald Wells

By S. K. Tripathi and Mark Purdy

The THEOLOGUE committee is presenting Prof. Donald A. Wells speaking on "Individual Conscience and Authority," at the SUB tomorrow at 8 p.m. The program is open to all interested persons and a discussion will follow afterwards.

Prof. Wells is Chairman of the Philosophy Dept. at WSU where he has been teaching since 1948. Wells is the author of "God, Man and the Thinker," and "The War Myth." Last year he was one of the speakers who participated in the Vietnam Symposium for the Borah Foundation. Prof. Wells has also been a popular speaker on many platform debates and radio and television programs.

The THEOLOGUE committee is presenting this event as the first of a series of events related to issues concerning religion and contemporary society. The question of "individual conscience" and "authority" is becoming increasingly impor-

tant in today's world of conflicts. Dr. Wells has tried to give a voice to many of those people who feel concerned about their values vs. society's values.

John Donne has said, "No man is an island," and the significance of his remark becomes strikingly apparent today as people from different cross-sections of religion and culture come in contact with each other. As a result of this interaction the individual often feels a need to modify his own way of thinking, and in doing so he comes in conflict with established traditions, and it is in those moments that the individual must choose between the establishment and its traditional values and his own conscience.

The THEOLOGUE group feels very fortunate to have a man of Dr. Wells reputation to discuss the vital issue of conscience and authority. The group urges all interested persons of the University community to attend the program and discussion.

Pass-fail option clarified at faculty council meet

Faculty Council, at its October 3 meeting, made further clarification of the Pass-Fail Option. It was decided that in hardship cases where students were misadvised with respect to the pass-fail option, academic deans are authorized to approve changes in the grade status of courses in which students are already enrolled. Such changes may be made this first semester only and must be completed and turned in to the Registrar's Office by Friday, November 1.

In connection with the above motion it was understood that a student who regis-

tered in a course under the pass-fail option, and it was later determined that he must earn a regular grade in the class, may change the course to regular-grade status by withdrawing his application to take the course under pass-fail.

Similarly, a student who was denied permission to register in a course under the pass-fail option, and it was later determined that he should have been permitted to do so, may change the course to pass-fail status by completing the appropriate form in his dean's office.

Foreign service exam scheduled

A circular letter has been received from William B. Kelly, director of the College Relations Program of the Department of State, which says that the next written foreign service officer examination has been "tentatively scheduled for December 6, 1969" but that because the date is tentative no application forms are yet available.

Kelly also announced that there will be an examination for appointment to USIA for applicants with special interest in careers in overseas informational and cultural fields which will be held May 3, 1969.

Registration, absentee ballot applications available

The Idaho Center for Education in Politics and the Argonaut are cooperating on a public service project to encourage students to vote in the state and national election November 5, according to Frank Bogardis, ICEP Chairman, and Chris Smith, Argonaut Editor.

The Argonaut today is printing the legally prepared forms for a person to register by mail in his home county and application forms to obtain an absentee ballot.

Under Idaho law in order to vote in an election a person must be 21 years of age and have resided in the state for at least 6 months preceding the election and in the county at least 30 days. According to Idaho statutes, residence

in neither the state nor the county for the purpose of attending the University alters a person's residence.

If a person is from outside of Idaho and does not meet the Idaho residency requirements, he should contact the state election official in his home state and secure the necessary information in order to register by mail and vote by absentee ballot.

If a person is from Idaho and meets all qualifications of age and residency and has registered in his home county and precinct, he need only fill out the application for ballot form.

If a person meets the Idaho qualifications to vote, but has not registered in his home county, he must fill out both forms. The Oath of Electors form must be stamped by a notary public. There is no charge for the notary service.

After filling out the applications a person should turn them in to a representative of ICEP at the SUB Information Desk before Friday, October 11. ICEP will then sort the forms according to counties and mail them to the appropriate county recorders. Information about the method of voting on the absentee ballots will be available at the desk.

Form E-28-A: APPLICATION FOR ABSENT VOTER BALLOT: GENERAL ELECTION

CARTON PRINTERS, CALDWELL, IDAHO 83015

This application must accompany the absent voter's ballot when transmitted to the Judges of Election. After the General Election the Judges of Election should return it to the Clerk of the Board of County Commissioners in Transmittal Envelope No. 2.

Application for Ballot to be Voted at the General Election Tuesday, November 5, A.D. 1968

THE DARKER SIDE

Funny, I never heard that Ray McDonald lived in the TKE house. That's a new one on me and I know Ray pretty well. Somebody better check their files. Such a big fuss over a "playmate." The only catch is that one fraternity thought of bringing her first. One fraternity on the Idaho campus knocking another is worse than the "hot calling the kettle black."

CAN YOU DIG IT?

U. of Pacific gained a total of 19 yards rushing? . . . A Negro performed the first successful open-heart surgery. . . A Negro researcher helped save thousands of lives during World War II. Dr. Charles Richard Drew set up and ran the pioneer blood plasma bank in the Presbyterian Hospital in New York City. He was director of the first great experiment in the gross production of human plasma. Yet, under an American Red Cross ruling in World War II, Dr. Drew's blood; ironically enough, would have been segregated from the blood of white donors.

by Joe Tasby

Like men we'll face the murderous, cowardly pack, Pressed to the wall, dying, but fighting back!

DID YOU KNOW?

The Vandals will be televised for Homecoming—live and in living color. . . some people have no respect for age unless it's bottled. . . It's usually a girl's geography that determines her history. . . once in the morning doesn't get it. . . Idaho coeds wouldn't stay out late if fellows didn't make them. . . Joe Allen, number one "soul brother," has three pistols and a sawed-off shotgun, and he digs Wallace. Better watch it Allen. . . give some girls an inch and they've got a new bathing suit. . . why are we (blacks) treated so bad. . . takes a lot of woman to face Standards Board and stand up for her cause to an ancient governing body with age-ole rules. Hang in there, Denise. . . Every morning "I say a little prayer for you," Jerril, the sunshine in my life. . . better ease 'til next week, people. Later. . .

To The Editor

Arg editorial content is hit

Dear Jason, I know better than wasting my time writing this, but sometimes you just can't help yourself. Such is the case with me after reading your editorial column in the October 4 issue of The Idaho Argonaut. While it has long been the Argonaut's endeavor to be a newspaper, and while at outward appearance it may represent such, it still holds that age old image of a rather worthless waste of paper, bent on filling its pages with columns of name calling, backstabbing rumor, and opinion. What Mr. Bacharach's intentions were when he wrote his article with respect to the TKE's and Miss Baker I know not and care less. Yet it serves as a prime example of the Argonaut's image and why it remains where it is in most people's minds, and where it is likely to remain until such a time as the editor and his staff can find it within themselves to find something of value to write about.

In closing I would like to rephrase the last paragraph of the particular article in question: Any person willing to take an issue as ridiculous as that long worn out phrase with respect to Tau Kappa Epsilon and its intentions in asking Playboy's Playmate of 1967 to crown their queen, as subject matter for an editorial is not only lacking in his intellectual faculties, but should consider spelling his wit several years henceforth to an audience who gives a damn.

Sincerely yours, John Bond SAE

Editor's note: I must admire Mr. Bond's attempt to say something and even agree with one point. He can't help himself. s.a.b.

Sleepless Monday mornings fault of Idaho's ROTC

Dear Jason, One lies here on a Monday morning, deafened by the vehement screams of "Goo Goo" or "Kili" uttered in unison by Idaho's finest — the R.O.T.C. boys — or, as some have been prone to evoke, "the War Corps," and wonders if sleep could really be counted under the general heading "Pursuit of Happiness."

Sincerely yours, Steve Stoll Upham

Writer defends Argonaut

Dear Jason: The Argonaut is the students' voice, not the administration's. It doesn't represent the "ivy covered-halls-of-learning," (the most covered one around here is the heating plant) but the people who study in them.

If all religious functions on campus

find their place in the Argonaut, so should all other activities.

I think "Playboy" fans outnumber Bible readers, and their interests should be represented just as well. I am all for the Argonaut, which is showing for once that its policy isn't dictated by any pressure group. As to the comment about "having enough sex on campus" so that "there's no need to import more", I think this gentleman better have his moral standards re-examined and his eyes too.

Arg writes 'picky'

Dear Jason: The Argonaut in its editorial of October 4 by Sam Bacharach accused the Tekes of being lewd, ignorant, vindictive, moralistic, and sacrilegious. According to Sam, we should be a sorority rather than a fraternity and our house looks like a church. Well, I can say only one thing: picky, picky, picky.

Don Neglay TKE

Should AWS regulate hours?

Dear Jason, On what grounds is it necessary for the AWS to have a regulation governing women's hours while women live on campus? I feel that such action is extending the role assumed by the AWS into a position above parental authority. If women students (18 or over) were living at home with their parents, the parents could not legally demand or enforce hours for their daughters. In my opinion, most college women are capable of deciding for themselves a reasonable hour to check-in at the dorms. Concerning those women students who are not capable of such a decision, should the majority be restricted due to the fault of the minority?

Sincerely, Dee Barnes Houston Hall

Alpha Kappa Psi to meet

Alpha Kappa Psi, professional business fraternity, will hold a meeting tomorrow at 7:30 p.m. in the SUB. Guest speaker at the meeting will be Jeff Lamy, who will speak about the Chamber of Commerce. Everyone interested is invited.

Extension information system designed for computer reports

EMIS, what it is and what it will do was spelled out for Idaho Extension Service men and women during the final day of the Extension Service's annual conference. EMIS stands for Extension Management Information System. According to James L. Graves, district Extension agent supervisor, EMIS is a new planning and reporting system for the Cooperative Extension Service based on a modern computerized system. EMIS is designed to provide information to assist in making management decisions and to provide more reliable information for decision making. The system will be useful to all levels of the Extension service, providing information not formerly available, he said.

Raymond Scott, assistant administrator for the Federal Extension Service, talked about EMIS as it pertains to the Federal level. C. O. Youngstrom, associate director, Idaho Extension Service, covered the reactions by state Extension service directors and the support they are giving the system.

Don Shirley Quartet delights large audience Idaho on campus

The Don Shirley Quartet delighted a large, enthusiastic audience at Memorial Gym Wednesday night in the first of this season's Community Concert series. The quartet, consisting of a piano, two cellos, and a string bass, presented a lively program of what Dr. Shirley termed "American Music" — music produced and or enjoyed by Americans. Among the selections played were "Blowing in the Wind," "My Funny Valentine," "Secret Love," suites from "Porgy and Bess" and "New Faces of 1952," "Adagio in F sharp" by Correlli, "Novelette in F" by Robert Schuman and several pieces based on various folk and gospel tunes. The performance lasted over two hours and the audience in general seemed well pleased.

Dr. Shirley is a musician. (His piano coach is Horowitz.) Dr. Shirley offered a justification and explanation of his program during a brief chat with the audience and later at a reception held in the SUB. He contends that hypocritical musical highbrows attempt to push off European music such as Brahms, Beethoven, etc., as the ultimate in music, thus implying the other forms of music are inferior. Also these same people use a highly technical and baffling vocabulary to describe music and try to create the impression that anybody who doesn't understand this vocabulary is unable to appreciate or understand music.

The overall effect of the concert was quite entertaining and enjoyable in a light whipped creamish sort of way. Those people who were expecting a more standard classical program as well as those expecting some of Shirley's inventive hard-core jazz stylings were disappointed. The selections were decidedly designed to appeal to the man in the street — Arthur Godfrey type person of which there was a super abundance in attendance.

This is not to put Dr. Shirley down, however. What he did, he did very well. For example, "My Funny Valentine" was more tastefully and musically done than many heavy works have been by other artists in other Community Concert programs. The arrangement was mostly soft delicate piano over a muted tremolo in the strings. It was also very subtle as when the bridge of the piece was accompanied by the first part of the tune in the lower register of the piano. Without doubt

Vandals Even Record At 2-2

MARQUESS GRABS HIM—Vandal Wayne Marquess (16) put the grabs on an unidentified University of Pacific runner at Boise Saturday. Bob Juba (24) is the other Vandal in the picture. Idaho won the game 31-14.

The Vandals raised their season record to 2-2 with a 31-14 win over the University of the Pacific Tigers Saturday. The game, played at Bronco Stadium in Boise, saw the Vandals switch from their usual air attack to a ground game to break a 14-14 tie early in the third quarter. The final score came on an Olson to Hendren pass with 16 seconds left to play.

The Vandals set numerous records during the game. Steve Olson completed 31 passes for both a single game individual and team record.

Olson also holds the season record for yards passed, with 1,112 yards. He is a sophomore and this was only his fourth game.

The team record of 98 passes completed for 1,241 yards is also a new high.

Jerry Hendren brought his season record of yards receiving to 666 for another high. He now has five touchdowns to tie the previous season record. Hendren's career record is 93 passes caught for 1,192 yards this raises the record he already holds.

The Vandal defense held Pacific to a net of 19 yards on the ground, a Vandal low.

A high point in the game came in the third quarter when Jim Wilund recovered a blocked Vandal punt and returned it 47 yards to the Tiger 31. Ron Davis was back to punt for Idaho when Tiger Vic Ornelas knocked blocker Wilund into the football. Ornelas and Wilund both hit the ball and it bounced free. Wilund recovered and took off downfield to the Tigers' 31 where he was caught from behind.

The Vandals took the opening kickoff only to be forced to punt. They recovered control quickly when the Tigers fumbled on their first play and Art Chubb recovered for the Vandals on the Tiger 49. In five plays the Vandals drove to the five. With first and goal Olson overshot a pass to Rob Young. The Tigers held the

line and the Vandals lost control on downs. Idaho's first score came with 9:54 left in the first quarter on a 14 yard pass from Olson to Hendren. The pass ended a five play, 60 yard Vandal drive. The drive began when Wayne Marquess returned a Pacific punt two yards to the Idaho 40. Olson passed 10 yards to Davis to put the Vandals on the 50. Hendren made a leaping catch to put the ball on the Pacific 38. Then Mike Dempsey pulled in a knee-height 12-yard pass, putting the Vandals on the Pacific 26.

The Vandals switched tactics with a draw play from Olson to Rob Young. Young went 11 yards to the Pacific 15. From there Olson passed to Hendren for the TD. Bennett's kick was good for the extra point.

Pacific struck back rapidly, returning the kickoff to their own 49 and scoring in seven plays. The touchdown came on a 37-yard pass from Ackley to Morrison. Schroeder added the extra point to tie the game 7-7 with 3+23 left in the first quarter.

Brock Jackley recovered a Tiger fumble on the Pacific 10-yard line with 9:50 left in the second quarter. Olson rolled right to the Tiger two on the next play. Young was stopped for no gain on the next. Then Olson went between his right guard and tackle to score. Bennett added the extra point.

The first half ended with Idaho ahead 14-7. Pacific responded in the third quarter with a touchdown on an 85-yard pass

from Ackley to Morrison. Morrison, who runs the hundred in 9.5, got behind Vandal defenders, Ken Dotson and Bob Juba, to catch the pass on the Vandal 30 and carry it in. Schroeder kicked the point after touchdown.

At this point the Vandals dropped their air attack to gain 80 yards in 20 carries, Coach McNease explained this tactic. "They were dropping everyone off the line of scrimmage, and we had to turn to our ground game to loosen them up."

Frosh football season opens

By Roger Ritter

The Idaho Frosh football team will open their four game season this week when they meet the Idaho State Frosh team in Lewiston on Friday in the annual Shrine game. The game is scheduled for 7:30 p.m. at Bengal field.

The Vandalbabes, who are coached by the complete Idaho staff, will be handled by Steve Ulrich, Dick Litzinger, Pat Davidson and Bill Kluth, all graduate assistants and former Idaho gridiron stars.

An impressive starting lineup with plenty of height and weight to go with fine speed has been tentatively announced by the staff. The lineup goes as follows: SE—Bob Miller, 6'2" 185 or Jack Goddard,

6'3" 175; LT—Paul Fromm 6'6" 235; LG—Andy Kupp 6'4" 225; C—Daryl Hanauer 6'3" 240; RG—Bill Cady 6'2" 260; RT—Dick Beaver 6'4" 240; TE—Jim Boyles 6'4" 185; QB—John Hathaway 6' 190 or Pete Glindeman 6'4" 195; RB—Frank Doctor 6'1" 204; RB—Don Mahi 6' 195; FL—Terry Moreland 5'10" 165.

The defensive lineup is expected to look something like this: DE—Tom Fitzsimmons 6'4" 215; DT—John Sommers 6'3" 220; NG—Stephen Barker 5' 10" 185; DT—William Bain 6'1" 190; CB—Steve Anman 6'3" 215; LB—Ron Linehan 6'1" 200; LB—William Bain 6'1" 190; CB—Steve Anderson 6'2" 203; CB—Stephen Holdren 6' 189; S—Jack Goforth 6'1" 188; S—Pat Sprute 6'2" 187.

Playtex invents the first-day tampon™

(We took the inside out to show you how different it is.)

Outside: it's softer and silky (not cardboardy). Inside: it's so extra absorbent . . . it even protects on your first day. Your worst day!

In every lab test against the old cardboardy kind . . . the Playtex tampon was always more absorbent. Actually 45% more absorbent on the average than the leading regular tampon.

Because it's different. Actually adjusts to you. It flowers out. Fluffs out. Designed to protect every inside inch of you. So the chance of a mishap is almost zero!

Try it fast. Why live in the past?

BUY A MUM FOR MOM—Mortar Boarders Amie Paroz and Cathy Connors display mums which are one sale this week for Homecoming. The girls, who have been singing at living groups around campus, will be delivering the mums Saturday morning to living groups. (Bower photo)

Idaho teachers help at conference

More than 120 elementary, high school and university counselors are expected to attend the sixth annual Idaho Personnel and Guidance Association convention to be held at the University of Idaho, October 9-11, it was announced by Dr. O.E. Kjos, associate professor of psychology and program chairman for the convention. Theme of the three-day convention will be "Decision Making—A Developmental Process." The conference will include addresses by Northwest guidance leaders and group discussions on the various aspects of decision making. Some of the speakers scheduled and their topics include Kenneth B. Ashcraft, program officer, U.S. Office of Education, Denver, "Counselors or Paleolithic South-

sayers;" Dr. Harvey Low, assistant professor of education, Washington State University, "Conflict and Primacy-Needed-Some Answers," and Lee E. Knack, director of labor relations, Morrison-Knudsen Co., Boise, "What's for Sale?" Discussion leaders will include: Dr. Victor Montgomery, head of the University's psychology department, Dr. Deward E. Walker, chairman of sociology-anthropology, and Dr. Claude D. Cunningham, guidance and evaluation consultant, California Test Bureau.

Pianist George Shearing to appear on KUID TV

Pianist George Shearing, accompanied by a quartet will be featured Wednesday at 7:30 p.m. on KUID-TV Channel 12. Mr. Shearing will play some of the music that has made him famous and discuss with jazz authority Mike Rapchak how his classical piano background has influenced his jazz piano playing. Instrumentals on this sixth program in the "NET Jazz" series are "Lullaby of Birdland," "I'll Be Around," "As Bach Was Saying," "Country Gardens," "Morse Code," "Baker's Dozen" and "Going Out of My Head." Shearing will be accompanied on NET Jazz by Bob Whitlock on bass, Charles Shoemaker on vibes, Bill Goodwin on the drums and Dave Koonse with the guitar. "NET Jazz—George Shearing" is a National Educational Television presentation on KUID-TV, produced at WTTW, Chicago.

Students welcome at mental health sessions

University students may attend all workshops and sessions of the Idaho Mental Health Association meeting in the Student Union Building today it was announced by Dr. Rex Collier, professor of psychology and president of the Latah County mental health chapter. According to Dr. Collier, "There should

be many speakers which will be of interest to students. These include Dr. Hans Huesey, director of the Department of Psychiatry, University of Vermont; Dr. Myrick Pullen, director of the Idaho Division of Mental Health; Dr. Donald Keneflick, associate director of the National Association for Mental Health, and Dr. Albert Menard, dean of the university's College of Law."

Field trip slated to Wash. reactor

A.C.S. and A.I.P. are sponsoring a field trip Friday, October 25, to the reactor facilities near Richland, Wash. Departure time will be at 7 a.m. from the Physical Science Building, and the group will return to Moscow by 5:30 p.m. that evening. The only expense will be that the gasoline will be pro-rated between the people attending and all persons should bring a sack lunch.

All interested persons should sign up at the chemistry office in the Physical Science Building by October 12. It is important to have the names in as soon as possible since only a limited number of 45 can attend and the names will have to go through security clearance. For further information call Bill Wilson (Delta Sigma Phi) or Mike Day (Phi Gamma Delta).

Graduate earns silver wings

Second Lieutenant Samuel R. Stivison, 23, Boise, has earned the silver wings of an Army helicopter pilot at Hunter Army Airfield, Ga.

He is a 1962 graduate of Boise High School and received his commission through the Reserve Officers' Training Corps program at the University of Idaho where he received his B.S. degree in 1967.

Lt. Stivison entered the Army in September, 1967, and received basic training at Ft. Benning, Ga.

At 9 a.m. Dr. Keneflick will speak on "A Mental Health Association in Action." His talk will be followed by workshops and a panel discussion on "Talent Available — Volunteers in a Mental Health Program."

At the noon luncheon, Dean Albert Menard will present a speech on "Emergency Psychiatric Care — The Law and Patient RIGHTS."

Dr. Pullen will conclude the meeting with a talk on "The Development and Maintenance of Rural Community Mental Health Clinics" at 3:30 p.m.

Theme of the entire conference is "Building Mental Health with Limited Resources."

The Campus Young Republicans will meet Thursday night at 8:00 in the SUB.

Automotive engineers will host joint meeting

A joint meeting of the Society of Automotive Engineering will be held at the U. of I. October 14. The Idaho student branch will host student branches from WSU, Gonzaga and the Spokane section of S.A.E.

The meeting will begin at 6:30 p.m. with a short tour of the new Buchanan Laboratory Building. This will be followed by a dinner-meeting at the SUB followed by a guest speaker.

The guest speaker for the meeting at 8 p.m. will be Thomas Dow of Good Year Tire and Rubber Co., Akron, Ohio. Dow's topic will be "High Speed Tire Performance." Also racing films of the 1968 Indianapolis 500 will be shown.

Sigma Alpha Iota attends afternoon tea

The members of Sigma Alpha Iota, a women's professional music fraternity, attended an afternoon tea at the home of Eleanor Mader of Pullman, president of the SAI Alums. The garden tea was held Sunday and was in honor of Mrs. Dorothy Whitney, National Executive Secretary for Sigma Alpha Iota, who is visiting from Des Moines, Iowa.

A musicale was presented by some of the members of SAI. The program was as follows: Susan Norell, flute; Grave from a Sonata by Handel, accompanied by Karen Bauer; Peggy Sharp, soprano; "Se tu Ami,

So spiri," by Pergolesi, and "We could grow together my darling;" Kathy Kingsbury, cello; Prayer from "Jewish Life" by Block, accompanied by Paula Cruikshank; Margaret Van Orman, piano; Nocturne in C minor, No 84, by Chopin and Patsy McDowell, violin; Allegro from Sonata by Tartini, accompanied by Margaret Van Orman.

There will be a meeting for all people interested in an ASUI Rifle Team Tuesday, October 8 at 7 p.m. in the SUB. The room will be posted at the Information Booth.

WSU offers help for speech, hearing, and language problems

Persons with speech, language and hearing problems are invited to seek help at the Washington State University Speech and Hearing Clinic, according to Dr. Robert Vogelsang, director.

Vogelsang said a variety of disorders are treated, including stuttering, problems due to brain injury or neuro-muscular disability, lipsping, harshness and defective articulation.

He said application may be made anytime, but as soon after registration as

possible. WSU students may enroll free of charge. A nominal initial fee is assessed the general public, he said.

The clinic is located in room 5 of Bryan Hall. The telephone number is ED 5-4424.

HARVARD BUSINESS SCHOOL VISITOR

Assistant Dean Richard L. Nohl, Director of Admissions of the Harvard Graduate School of Business Administration, will visit the University of Idaho on Wednesday, October 9 to talk to students interested in business as a career of excitement and creative opportunity.

Requirements for admission to the two-year course, leading to a degree of Master in Business Administration (MBA), include a college degree in any field of concentration, a standing in at least the top third of the class, and a record of progressive achievement in campus activities, business, the military, or elsewhere.

The MBA program at the Harvard Business School is based on the experience-oriented case method, pioneered at the Harvard Business School to develop the practical, analytical, and decision-making capacities that are the key to managerial effectiveness.

For outstanding students in each first-year class (roughly 750) there are over 70 fellowships available. Approximately 40 per cent of the Harvard Business School student body also makes use of the Deferred Payment or Loan Program which enables all students admitted to the Harvard MBA Program to attend even though their sources of funds are inadequate.

Seniors or others wishing to talk to Mr. Nohl should contact the Central Placement Service for an appointment.

TO VISIT DETACHMENTS—Capt. Gordon Luca and 1st Lt. Homer Lichtenwatter, are scheduled to visit over 120 Air Force ROTC detachments in 40 states this year. These two Air Force Briefing Team will be on the University campus Thursday night at 7 at the SUB.

Air Force briefing team will visit campus Thursday

At the request of the Air Force ROTC unit, the Air Force Logistics Command Briefing Team will visit the Idaho campus Thursday evening at 7 p.m. The briefing, to be held in the SUB, is designed to educate and motivate persons toward a career in logistics.

The team, consisting of Captain Gordon R. Luca and 1st Lt. Homer O. Lichtenwatter, is scheduled to visit more than 120 AFROTC detachments in 40 states during the 1968-69 school year.

Captain Luca, originally from St. Louis, Mo., is an AFROTC graduate of the University of Missouri with a Bachelor of

Arts degree in Speech and Dramatic Art. Lt. Lichtenwatter graduated from the Air Force Academy with a Bachelor of Science degree in Management Engineering. He is a native of Short Hills, N.J.

The 40-minute presentation covers: the mission of AFLC with its logistics functions, world-wide responsibilities; the command composition; and the role AFLC is supporting in Southeast Asia. The briefing will be accomplished using a Huntley-Brinkley technique interspersed with film clips and slides, and will be followed by a short question and answer session.

The briefing will be open to the public.
