council - Possibility of U. of I. joining

OFFICE OF THE PRESIDENT

UNIVERSITY OF IDAHO

Bob:

Could you please look over this proposal and let me know your opinion of it when you have time?

I was at the meeting in Cheney in March when this was hashed out, and I let ~~them know~~ the other participants know that the possibility of the U. of I.'s joining such a consortium depended on administrative, faculty, regents etc. approval.

I am also asking Paul Kalls to look this over and give his opinion, since ~~the~~ most of the programs will be in the summer, at now seems.
