

*Intercultural
Prog.*

October 15, 1971

Dr. Thomas C. King, Provost
The University of Utah
Salt Lake City, Utah 84112

Dear Dr. King:

Reference is made to your recent letter inquiring concerning the administrative structure at the University of Idaho responsible for programming for minority groups.

These programs together with our student exchange programs are lumped in a sort of catch basket which we designate "intercultural programs". One faculty member is designated as part-time coordinator for international student exchange programs and he is nominally the Director of Intercultural Programs. Assigned to work with him, however, is a full-time staff person, the Associate Director for Intercultural Programs, and I would suggest that for information concerning how these programs are coordinated in a practical way, this would be the person for you to contact. She is Mrs. Corlann Bush, Associate Director for Intercultural Programs, University of Idaho, Moscow, Idaho 83843.

I am sure Mrs. Bush will be glad to give you what information she can.

Cordially yours,

ERNEST W. HARTUNG
President
