Here's where I am on the minority position. Jean and I think we can come up with \$4,000 in salary replacement for Corky, plus about \$4,000 in support funds for a new minority office. (We are working on a job description for Corky which would be about half-and-half women's programs and NSEP.)

If we add to the above \$3,000 in "travel savings" and \$3,000 available in Bernard's TA, that brings us to \$14,000. We probably need another 6 to 8 K because we had not budgeted any secretarial help in addition to a position and two grad assists we were contemplating. (Corky's sec. will go with her as she changes assignments.) A half-time, IH secretary might do for a start in the minority area.

Jan

As soon as we are solid,
the selection committee
should be named (RWC?)
and the advertising begun.
