Have you and

Charles Ramsey

worked

this one out?

which I felt that somebody else should evaluate, and so I told him that he would have to do something else to solve his other problems.

1. No.

2. He came in to see me about other budget problems -- his need for more XQ C.O. funds for furniture, typewriter, etc. I told him to compile a list of his needs in this area, take off the \$500 CO he was allowed and to give me a paper on this. At that time he mentioned his IH & other needs which seemed to involve the number of assistants he had to hire to do his job
