Mr. W. Anthony Park
Attorney General
Statehouse
Boise, Idaho 83720

Dear Tony:

Let me offer my special thanks to you for your assistance in dealing with some of the questions raised by our Black students this past spring. David Blackwell of your office has performed a real service to us in coming to campus, meeting with students, faculty members and administrators, and taking a careful look at the entire situation. He has made some well considered observations which will be very useful to us. I think he has done an outstanding job on this whole matter.

Very truly yours,

THOMAS E. RICHARDSON
Vice-President for Student
and Administrative Services
