Subject Black Studies Course

Date June 2

According to my calender, the first history lecture would fall on Sept. 30, Tuesday at 10-12 AM. Would you and Fred Winkler plan on that date for your (his?) performance? If you've got any material for the class to read before your lecture, let me have it and I'll see it is reproduced in sufficient numbers for the class.

Look us up this summer, if you're over on the sound. Our address:
