Gentlemen:

Your letter dated January 19, 1973, just reached me. It is impossible for me to answer your questions properly. We have no formal Black Studies Program here and our BSU is very small, without an office, and without the kind of facilities which you speak of for housing students. I will be meeting with some members of the BSU tomorrow, including Mr. Bernard Hamilton, who handles recruiting of minority group students here at the University and I will give him your letter. If any additional response is warranted, he will no doubt make it. I am very sorry for the lateness of this reply.

Very Sincerely Yours,

S.B. Rolland
