Basic Questions for interviewees, Coordinator of Minority Student Programs

1. In some greater detail than shows up on your vita, describe the nature of your experience with University or College level minority students. ✓
2. A major concern at the University of Idaho is to improve the success ratio of minority students through academic counselling. Do you have any ideas, especially with regard to the problems of minority students with whom you have had little or no experience?
3. How would you relate your teaching experience to your role as coordinator (and counsellor)?
4. Do you have any specific concept of recruitment and of its relationship to the academic success of the student?
5. Do you foresee any serious problems in the concept and implementation of the role of a minority group coordinator as distinct from say a Director of Black, or NA, or Chicano campus programs?
