

To Dr. Steffens

UNIVERSITY OF IDAHO

From William S. Greever

Inter-Office Memorandum

Subject Course in Negro History

Date Oct. 15, 1968

Several faculty members have reported to me that a petition is being circulated through the student body for the establishment of a course in Negro History at the University of Idaho. I do not know whether or not the report is accurate. At any rate, the attitude of the History Staff is that they will not comment until such petition is presented officially to proper authority. At that time our opinion will no doubt be asked, we will have a History Staff meeting and will report our opinion.

Wm. S. Greever
