POSTOFFICE ADDRESS.

KELLOGG, IDAHO,

Aug. 26th, 1899.

Dear Sir,-

Mr. Bradley wrote you the other day in regard to a letter received by him from Charles Sweeney about September 1897, in reference to a bond, or option, which had been given by Sweeney to K. J. Hanley, on the property of the Chemung Mining Co., and asking you to look for the letter and forward it to him if found. He has requested me to write you again confirming his letter, and to say that he desires that a most thorough search be made for this letter, as it is of great importance in the litigation now pending between Hanley and Sweeney. If you find the letter, you had better send it in my care.

Yours truly,

Fred. Burbidge
