

# Bunker Hill & Sullivan Mining & Concentrating Company.

MINES AND WORKS AT WARDNER, IDAHO.

POSTOFFICE ADDRESS. KELLOGG, IDAHO,

Sept. 24th, 1899.

F. W. Bradley, Esq., President,  
Bunker Hill & Sullivan Mining & Concentrating Co.,  
Crocker Building, San Francisco, California.

Dear Sir,-

I have another letter from Mr. Rueger recommending Fred. C. Bulkley, a mining engineer from Denver who is at present engaged on the Pennsylvania suit in Butte, on the side of the Boston & Montana Co. Rueger says he is "not personally acquainted with him, but that his work speaks for itself, and he will certainly find further employment in mining litigation in Butte." I know Bulkley has a good reputation, and I am going to try to secure him for our case. I am also writing to James W. Neill, one of the other parties suggested by Rueger.

Yours truly,

*Fred. Burbidge*
