Dear Sir,-

I have your letter of 21st inst. regarding maps for use in the above case. As I have wired you this morning, on July 24th I sent you two maps each of Nos. 2, 5 and 6 of Judge Lindley's list, and was under the impression that one copy of each of them had long since been handed to the Judge. At a later date I sent you two copies of No. 1, and yesterday I sent you two maps, which together make No. 3. I also sent yesterday to Judge Lindley direct copies of No. 3 and the lithographed map of the Coeur d'Alenes for No. 7. These maps complete the list with the exception of No. 4, the stope contours. These contours have been made but have not yet been enlarged. They will be ready in a few days and copies will be sent to Judge Lindley. As I stated in my letter of yesterday, the work on the model is under way and it will be completed in ample time for the trial. If any of the maps above referred to ^{failed to} reach you, I will send other copies upon notification, as I have all of the tracings in this office.

Yours truly,

Fred. Burbidge
