Dear Sir.

Enclosed find copy of a bond on the Cheyenne to Jm. Porter, which the parties have agreed to execute - if there is no hitch they will do so. This ties it up beyond the period of our Wasp, Hornet, King advertisement. if they dont adverse us we will drop it - if they do adverse us we can buy the ground for \$3000. if we think it worth while to do so. I find that the Virginia (Swinnerton's claim) is older than the Cheyenne, but if any adverse comes on that I think Swinnerton will be sure to speak to me about it before filing. & I can then bond his interest in the claim for \$500 or so, or perhaps buy all the interests and head off the adverse.

Yours truly
Fred. Burbidge
