Dear Sir,-

I have yours of 26th inst. I spoke to Beale about the funds of the Miners' Union, but he did not think we could do anything with it. He is in the east at the present time and will not be back for about 3 weeks. When he does return, I will take the matter up again, and write you more fully in regard to it.

I will write to Beale to return the book of personal injury cases, to which you refer.

Yours truly,

*Fred. Burbidge*
